Clay Says No End Of Airlift In Sight

GROSS UNDERSTATEMENTS

BY MARVIN GROSS

The furor currently being stirred up by the Minimum Standards Bill has its repercussions here in Eastland County where the Eastland-Callahan Medical Society is urging an all out effort to inform publicity of the future value benefit of the bill.

In essence the bill stands for a higher quality practitioner. It urges special examinations in the basic sciences including anatomy, physiology, chemistry, bacteriology, pathology, and hygiene and public health. A six man board of examiners will be appointed by the governor to act as a sort of supervisory board.

None of the board members is required to be a practitioner of the healing arts—no connection with any school of medicine, Osteopathy, Chiropractic or any healing art. They will come from the staffs of leading universities in the state—making for an impartial, qualified board.

As for procedure the board plans to hold regular examinations in the six above fields of science which are basic to all branches of the healing arts. Before any applicant can practice he must pass this examination according to the bill.

Following the passage of the minimum standards test an applicant will go before the board which examines the particular branch of the healing arts which he has chosen to practice. Thus a doctor of medicine must qualify further before a state board of medical examiners and likewise a chiropractor would qualify before a board of chiropractic examiners. Commenting on the bill Dr. M. B. Murdock of Eastland emphasized that contrary to statements otherwise the bill doesn't attempt to exclude any one. He mentioned that it would raise the standards for qualifiers and protect the health of the people from the possibility of ignorance or quackery in the sick room.

Perhaps its too soon after the conclusion of the March of Dimes campaign to attempt to raise public interest in a new fund raising drive. But the Red Cross movement is scheduled to begin shortly and local officials are confident this endeavor will be supported in the same generous manner as national campaigns in the past.

Scout Troop 103 Honors Members

The Lions Club-sponsored scout troop 103 held Court of Honor last night at the Boy Scout Cabin with scoutmaster J. F. Collings and assistant scoutmaster James Reed presenting awards to honor members.

Those who received first class rating were Milton Herring, Wayne Cummings, and Don Christian. Awarded second class was Carol Massingale.

Don Martin and Pearson Grimes Jr. were awarded the Star Rank while merit badges were given to Don Martin, Pearson Grimes, Jr., and Joe Ernst. Harold Warren received a tenderfoot rating.

For the past three months Troop 103 has been leading the Comanche Trail in advancement.

Ranger Girls On Daily Texan Staff

AUSTIN, Texas, Feb. 18 — Two Ranger students at the University of Texas have been elected night society editors of the Daily Texan, student newspaper.

They are Miss Frances Ruth Hagaman, daughter of Mr. and Mrs. L. H. Hagaman of Tiffin Road, and Miss Jane Carolyn Ducker, daughter of Mr. and Mrs. J. W. Ducker of Gholson Hotel.

Both are senior journalism students and pledges of Theta Sigma Phi, honorary journalism organization. Miss Ducker is a member of Gamma Phi Beta social sorority.

FLOODS THREATEN KANSAS

Outsiders Lose To Cisco Quint

In a benefit March of Dimes basketball game last night at the new field house in Cisco the Eastland Outsiders took another one on the chin, 32-11 losing to the Cisco G. I. School.

The local Outsiders had previously dropped a 39-30 tilt to the same club. But last night with a limited squad available the locals fell behind early and never made up the deficit.

But all was not lost as Cisco campaign officials announced that \$38 was added to the March of Dimes fund. County chairman Joe Collins is still awaiting final totals from Cisco and Ranger who had a last minute rush of donations.

HORNETS TOPPLE MAVERICKS FOR 38-23 COURT DECISION

The Olden Hornets led by a whirlwind Sonny Holt outshot and outran the Mavericks last night to roll to a 38-23 win at the Olden Gym.

The Hornets filtered through the Maverick zone defense to pile up their victory margin with short pot shots from within the foul line. And although Holt didn't hit for any phenomenal scoring figure—12 points—he was at every end of the court at one time—stealing passes and grabbing rebounds to lead his mates to the win.

It marked the final game of the year for the Mavericks who can not point to a string of victories but did show a marked improvement over their earlier showings.

Holt popped in two follow-up shots to touch off the scoring parade. And with that 4-0 lead the Hornets were front runners all the way. Larry Falls hit with a long one-hander to make it 4-2—the

HE WON'T BELIEVE IT; 'OLD RIP' NEEDS HELP

Into the Chamber of Commerce office has drifted a letter which has pointed out the danger of the disbelief of one of the most cherished traditions in Eastland County and in the state of Texas.

A gentleman from Post, Texas has been escorting a gentleman from Minnesota on a tour of some of the marvels of this vast state. But events, many events, started to crop up which commenced to destroy the Minnesota resident's illusions about the Lone Star State.

Praising the Texas weather to the heavens, the gentleman from Post was forced to stand idly by while the heavens poured down a steady supply of sleet and snow. These factors "caused him to view Texas with a certain degree of skepticism."

So to really impress the Minnesota traveler the story of "Old Rip" entombed in the Eastland County Courthouse for the past 31 years was related. And it was told how he still showed signs of life when released from his prison of stone.

Last week the travelers paid a visit to the courthouse here to view the wonder. On inspection of the monument and the inscription the man from Minnesota was suitably impressed and his confidence in Texas was almost restored.

But an old native gentleman standing nearby blurted out, "I don't believe it myself."

Thus once more the Minnesota

closest the Mavericks came to knocking the count the entire evening.

At the half Olden owned a 16-8 advantage and boosted it to 29-19 at the three-quarter mark. Against the man-for-man Olden defense Eastland was forced to shoot from the outside but never did find the hoop with regularity.

Larry Falls broke free to chalk up four field goals and eight points to lead the losers closely followed by Ted Howard with seven points.

For Olden, Tommy Edwards and Gerald Renfro trailed Holt for scoring honors. In a preliminary tussle the Olden B. Team took a one-sided decision from the Maverick reserves.

Coach Seibert has announced that he will start track practice Monday here with his sights set on the Border Olympics in Laredo in March.

Attache Plane Crashes; Believe All Aboard Dead

BUENOS AIRES, Feb. 18 (UP)—The American Embassy reported today that a C-47 plane of the U. S. Military attache here crashed today 60 miles west of Salta and eight persons were killed.

No further details of the crash were available except that the plane went down while on a flight from Panama to Buenos Aires. Names of the dead were withheld by the embassy pending notification of next of kin.

It was understood that all aboard the plane were killed. (The Army and Air Force register lists Brig. Gen. Charles H. Caldwell as military attache at Buenos Aires. He was appointed to the post in February, 1946. The Buenos Aires dispatch did not indicate whether Caldwell might have been aboard the plane.)

Chinese Peace Proposals Listed

HONG KONG, Feb. 18 (UP)—The Singtao Daily News published a dispatch from Canton today which reported the gist of seven Nationalist Government peace proposals made to Communist leaders in Peiping by a peace delegation of Nanking professors.

The proposals as reported in the dispatch: 1. An immediate cease fire. 2. Both sides to withdraw 40 miles from their present positions. 3. Both sides will release political prisoners. 4. Both sides will guarantee freedom of speech. 5. Nationalist and Chinese Communist armies will be consolidated into a single "national defense army."

The total strength of the army to be reduced by 40 per cent, and these released men to be used in rehabilitating agriculture, industry and commerce. 6. Formation of a coalition government on a tripartite basis, including six Kuomintang, six Communist and six other party representatives. 7. The Communists to name the time and place of a political consultative conference.

Attend Funeral

Mr. and Mrs. Leon Bourland and Mrs. Guy Sherrill attended the funeral of Mr. Mason Nabors of Fort Worth, Monday. Mr. Nabors is an uncle of Mr. Bourland and of Mrs. Sherrill. He had formerly lived in Eastland and Eastland County for a number of years. He is survived by four daughters and four sons, all of Ft. Worth.

Anti-Morrow Group Appeals To Truman

WACO, Feb. 18 (UP)—Democrats from nine central Texas counties appealed today to the top man for help in getting rid of Wright Morrow as the state's Democratic national committeeman.

Meeting here yesterday, the anti-Morrow group sent President Truman a telegram stating that the Houstonian is "obnoxious to the Democrats of Texas."

They recited the history of Morrow's appointment and the determination of the September state party convention at Fort Worth to remove him in favor of Byron Skelton of Temple.

National party leaders have taken the stand, however, that it is a matter to be handled at a state level.

Morrow has refused to budge. At many state and national party functions, both Morrow, the "crowded committeeman," and Skelton, the "uncrowned committeeman," have shown up.

STATEMENT MADE AS PLANS FOR NEW WEST GERMAN STATE PROGRESS

Grand Jury To Convene Monday

The county grand jury will be convened by Judge George L. Davenport of the 91st district court Monday morning at 9:30 A. M.

Composing the panel from which the jury will be secured are A. J. Blevins, Jr., Pearson Grimes and J. H. Rushing of Eastland; C. B. Pruet, Edwin E. George and T. C. Wylie of Ranger; John S. Hart and M. L. Agnew of Cisco, Doss Alexander of Pioneer, John W. Joyce and Cecil G. Shultz of Rising Star; B. G. Eppler and T. L. Jay of Gorman, L. E. Clark of Desdemona and Edwin Erwin of Nimrod.

According to District Attorney Everett Grisham he will have eight cases to present to the grand jury including one for assault with intent to murder, a burglary charge and six swindling cases. Grisham plans to try criminal cases during the week of March 21 with the week of March 21 probably set for civil cases.

Republicans Lash Export Policies

WASHINGTON, Feb. 18 (UP)—Republicans charged today that President Truman and the Democratic Congress have taken the United States a long way toward a "completely controlled economy."

The charges stemmed from House approval last night of an administration bill to continue export controls until June 30, 1951. The vote was 259 to 102. A similar but not identical measure has passed the Senate.

GOP spokesmen didn't object to extension of the present law, but contended that the measure drawn up by the Democrats goes far beyond mere controls over exports.

Rep. Jesse P. Wolcott, R., Mich., a leading GOP spokesman in the House on economic matters, said the bill was drawn so broadly as to give the administration "power to manage the domestic economy of the U. S."

Churchill Lashes Labor Government

LONDON, Feb. 18 (UP)—Conservative leader Winston Churchill charged today that the Labor Government is living only because of "gifts from free-enterprise, capitalist America, whose economic system they deride and revile."

The wartime prime minister's statement was made coincident to the Labor Party's latest victory in a by-election at Batley, Yorkshire, where Dr. A. Broughton defeated conservative Max Ramsden, a clothing manufacturer, by more than 7,500 votes.

In a letter to Anthony Fell, conservative candidate in next Thursday's by-election in South Hammersmith district, London, Churchill said:

BERLIN, Feb. 18—(UP)—Gen. Lucius D. Clay said today that the Anglo-American airlift could supply Berlin "indefinitely" and that the United States was proceeding as rapidly as possible with the formation of a West German government.

The American Military Governor declared in an interview: "It has become crystal clear that blockades and starvation threats do not form a successful tool for political coercion. There is no question whatsoever now of our ability to sustain Berlin by air indefinitely until we have accomplished our objectives."

Clay said that with the present airlift fleet "we will be able to bring more than 6,000 tons of supplies daily from here on."

Four thousand tons daily is considered the minimum needed to circumvent the Russian blockade and sustain western Berlin.

Clay refused to comment on the possibility of the Russians lifting the blockade in the near future. But he said: 1. Nazism is dead. His recent references to a revival of

Gasoline Plant Plans Announced

DUNCAN, Okla. Feb. 18 (UP)—The Magnolia Petroleum Co.'s natural gas department has awarded a contract for construction of a natural gasoline plant in the Shenley Alechem field in Eastern Stephens county, it was announced here today.

R. D. Hanley, director and manager of the Magnolia department, said the plant will be located on the A. L. Sims lease, a 40-acre tract in the SW SE of 2-12-42, about two miles southwest of Tussy, Oklahoma, in the Southern Oklahoma Field. It is expected to be in operation by Jan. 1, 1950.

Hanley said the initial installation of compressors will be capable of processing 22 million cubic feet of casing-head gas per day. The plant is designed to ultimately process 30 million cubic feet daily.

Churchill Lashes Labor Government

The wartime prime minister's statement was made coincident to the Labor Party's latest victory in a by-election at Batley, Yorkshire, where Dr. A. Broughton defeated conservative Max Ramsden, a clothing manufacturer, by more than 7,500 votes.

In a letter to Anthony Fell, conservative candidate in next Thursday's by-election in South Hammersmith district, London, Churchill said:

BERLIN, Feb. 18 (UP)—A Communist spokesman indicated today that Russian-controlled state would be established in eastern Germany next spring.

Allied sources said they considered the move a Russian counter to establishment of a western state backed by the United States, Britain and France.

Otto Grotewohl, Communist chairman of the constitutional committee of the "German people's council," said via the Russian-licensed news agency ADN that a draft of the constitution for the new Russian state "presumably will be passed by the council this March."

His announcement was regarded here as a broad hint that the eastern zone of Germany would be converted into a Soviet state after the council accepted the constitution.

The council is the executive body of the German People's Congress, a Communist front organization that claims to speak for all of Germany even though it is recognized only in the Soviet zone.

Grotewohl said the eastern constitution would provide the basis for a "unified Germany."

Meantime, Gen. Lucius D. Clay, American military governor, said the final draft of the constitution for the west German state probably would be submitted to the western military governors for approval in the next two or three weeks.

A built-in battery tester developed here as a hearing aid makes possible for the user an accurate checkup on the number of "hearing hours" remaining before new batteries are necessary.

FIRST BAPTIST CHURCH HAS SWEETHEART FETE

The Sweetheart Banquet, a semi-formal affair sponsored by the Training Union of the First Baptist Church, was held in the banquet room of the Church last Friday evening, Feb. 11. It was a beautiful affair given for all the young people in all departments, their leaders, and their friends, and was well attended.

The Valentine theme and idea was carried out in all decorations, in the food served, and in the program.

The speakers' table was centered with a beautiful arrangement of white carnations, while the other tables were decorated with clusters of greenery topped with bunches of little red hearts, and flanked by tall white tapers tied with streamers of red satin ribbon.

In the opposite end of the room, facing the speakers' table, stood a huge red heart edged with white lace ruffling.

JEWEL BANDIT'S LOVE NEST REVEALS \$120,000 IN LOOT

NEW ROCHELLE, N. Y. Feb. 18 (UP)—Gerard Graham Dennis, 29, "the \$1,000,000 jewel bandit," was revealed by police today to have maintained swank love nests on both coasts while robbing the rich friends he met socially.

Detectives in Beverly Hills, Cal., raided one of the apartments last night while Dennis was being brought here from Cleveland, O., where he was arrested earlier this week. He will stand trial here for one of the smallest robberies of

his career, a \$9,000 hold-up in which he allegedly shot his victim in the arm.

In the California hideout, detectives broke down a specially reinforced door and found \$120,000 loot from a recent series of burglaries of wealthy homes. They also found a beautiful, dark haired girl who identified herself as Dennis' mistress.

The girl, Betty V. Ritcie, 24, said she was a former Toronto, Canada, school teacher and that she had lived with Dennis for a year.

Police recalled that almost two years ago they had raided a sim-

ilar apartment of Dennis' in New York City and narrowly missed catching him. At that time they arrested the girl living in that apartment, Eleanor Farrell, and have held her since in \$5,000 bail as material witness.

Beverly Hills Police Chief Clinton H. Anderson, who questioned Miss Ritcie on Dennis' methods, described him as "undoubtedly one of the greatest burglars who ever operated."

The handsome thief, who passed as a wealthy playboy or a minor movie actor, commuted by air from one wealthy suburban area to another to commit his burglaries, detectives said.

In a notebook found in the Beverly Hills apartment Dennis had listed the names of intended victims and notations on their homes and habits. Among them were such notables as Louis B. Mayer, Lady Thelma Furness, Mrs. Henry Kaiser, Jr., Actress June Haver, and Mrs. Philip Wrigley.

Police estimated that the debonair Dennis' loot in recent years topped the \$1,000,000 mark.

The Federal Bureau of Investigation has ordered that he be questioned concerning the largest jewelry store robbery in a decade, the \$481,195 burglary last week-end of the Schwarzchild Jewelry Store in Richmond, Va.

Dennis, a Canadian, was trapped in Cleveland because a friend who had gone with him on fishing trips happened to recognize his photograph in a police brochure. The friend, also a Canadian, helped police lure the wily jewel thief into a trap. When captured he had with him \$35,000 worth of jewels and \$1,435 in cash. He readily admitted a series of robberies in the past three years in Westchester County.

Feeding chickens oysters shells or some other food with plenty of calcium in it will help prevent the laying of soft-shelled eggs.

Strong Man on Job

CHENEY, Wash. (UP)— School officials do not have to worry about Sutton Hall on the Eastern Washington College of Education campus next quarter. They believe it will be the most orderly on the campus. Students elected Herman Pein, Pacific Coast intercollegiate boxing champion, sergeant-at-arms.

The Irish legislature passed a law in 1634 against the "cruel and common practice of plowing by fastening the plow to the tail of an ox or horse."

WICHITA FALLS, Feb. 18
A district court jury last night found Chancey G. Puckett guilty of slaying a "rival" for his wife's affection and sentenced him to five years imprisonment.

The verdict was guilty of murder without malice. Puckett, 26, was charged in the death of Merwin Browneller, 27, Baltimore, at a Wichita Falls tourist cabin last November.

He testified that he went to the cabin seeking his 17-year-old wife and shot Browneller in self-defense. Other witnesses for Puckett testified they had seen

— The murder trial of Elton Tuck was to begin today, after a slow-four-day process to select the jury was completed yesterday afternoon.

The courtroom was deserted throughout most of the pre-trial activities, but an overflow crowd was expected today.

Tuck, 40, member of a well-known Harris County family and former star athlete at Baytown high school, is accused of the death June 27, 1947, of Mrs. Lester Gertrude Crowell, 35-year-old Baytown saleswoman.

The woman was found fatally injured in a Baytown street, and made a death-bed statement that Tuck had forced her from a car, and then had run over her.

Tuck has entered a plea of innocent to the charges.

Surviving are her husband and three sisters.

Carbide Company Defies Strikers

TEXAS CITY, Feb. 18 (UP)
— Tension heightened today in the 27-day strike by 1,400 AFL unionists at the Carbide and Chemicals Corporation plant.

Wage negotiations, two days ago teetering hopefully on the verge of settlement, collapsed, and Carbide announced that it would resume operations—with the strikers if they would return to the job and without them if necessary.

Non-union foremen and technicians were already in the plant, fortified with food and bedding for a long siege, and a labor recruitment campaign was underway.

A noon deadline was fixed for the renewed operation, and the AFL maintenance and operators union responded by putting the first picket line of the strike around the \$50,000,000 plant.

Club Hears Talk On Value Of Art

The Thursday Afternoon Club met at the Woman's Club House Thursday afternoon with Mrs. A. M. Carpenter of Hardin-Simmons University, Abilene, as guest speaker, assisted by Mrs. Dudley of Abilene, a past president of the Sixth District of Federated Wo-

man's Clubs. Mrs. Carpenter gave a most interesting and descriptive talk on Art and the value of art in the home and community. She displayed two dozen etchings and hand paintings, showing the different types of art.

James Milburn Long, Arthur Murrell, and D. L. Houle were hostesses for a tea which was given immediately following the program. Cookies, mints and spiced tea were served from a table cov-

ered with a lovely maters, & lace cloth and centered with an arrangement of yellow jonquils and variegated flowers. Mrs. Ben Hamner, president of the local club, poured from a silver service.

About forty-five members and guests attended. Hyperkeratosis, commonly called X-disease, has been positively identified in Iowa for the first time. It has a 90 to 95 per cent fatality rate among cattle.

Personals

Mrs. W. E. Hallenbeck, Mrs. Tom Tucker, and Mrs. Glen Huddleston visited Mrs. Huddleston's parents, Mr. and Mrs. A. M. Freeman, in Cisco Thursday afternoon. Mr. Freeman who has been ill for sometime, is reported to be in a very critical condition at the present time.

Mrs. Minnie Ewart has just returned from Odessa where she visited her son and family, Harry Ewart.

Mrs. Alma Murray will go to San Antonio tomorrow for a visit with her son, Lee Murray, who is in Ft. Sam Houston.

J. A. Briles who has been visiting with his sister and family, Mrs. D. B. Cox, in Eastland, has returned to Denver, Colorado, where he is employed on the Paramount view farm.

CHRISTIAN SCIENCE SERVICES

"Mind" is the subject of the Lesson-Sermon which will be read in all Churches of Christ, Scientist, on Sunday, February 20.

The Golden Text is: "Great is our Lord, and of great power: his understanding is infinite" (Psalms 147:5).

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "For the Lord giveth wisdom; out of his mouth cometh knowledge and understanding" (Proverbs 2:6).

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "For the Lord giveth wisdom out of his mouth cometh knowledge and understanding" (Proverbs 2:6).

The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "Infinite Mind is the creator, and creation is the infinite image or idea emanating from his mind" (page 265).

In Denver, Colo., according to the American Magazine, the dog-catcher must warn dogs of impending by posting a notice on a tree.

Cold-Proof Oil Devised
LOS ANGELES (UP) — Technologists have announced the discovery of the motorists dream, a motor oil that stays fluid in temperatures as low as 60 degrees below zero. The new oil is said to retain high film strength, heat resistance, cling, penetration and carbon removal yet it is fortified against oxidation, foaming and varnish.
