The World Is Her Oyster

At 5 months, Juanita Evans is believed to be the youngest traveler ever to fly around the world. Her father, Kenneth Evans, is a ceramics engineer in Calcutta, India. With her parents, Juanita paused halfway in her globe-girdling expedition to visit relatives in Cleveland, O. Clutching her suitcase, she examines her route—Calcutta, Bangkok, Manila, Guam, Wake Island, Midway, Honolulu, Los Angeles and thence to Cleveland. The family will return to India via Europe.

FREE OFFER for Deafened Persons

For people who are troubled by hard-of-hearing this may be the means for starting a new, full life —with all the enjoyment of sermons, music, friendly companionship. It is a fascinating brochure, called "Full-tone Hearing" and is now available without charge. Deafened persons acclaim it as a practical guide with advice and encouragement of great value. If you would like a free copy, send your name and address on a penny postcard and ask for "Full-tone Hearing". Write BELTONE, Dept 18, 1450 W. 19th St., Chicago 8, Ill. Also show this important news to a friend who may be hard-of-hearing.

State To Press Case of Hoover

NEW ORLEANS, March 5—(UP)—The state will press murder charges against Louis Eugene Hoover, 25, even though he cannot verify details of the crime revealed under influence of a "truth serum," police said today. "I don't need a confession," said Police Superintendent Joseph Scheuring. "I have enough circumstantial evidence." Scheuring read to Hoover late yesterday material the Kentuckian gave him after being injected with sodium pentathol. He said Hoover just shook his head

in bewilderment when the killing of millionaire James A. Mahoney of Bristol, Va., was described. The statement will not be introduced as a confession, the police chief said. Legal authorities have expressed doubt that it could be considered as such in court. Hoover reportedly told detectives and doctors that he rabbit-punched and throttled Mahoney in the latter's hotel room early on Feb. 22, after the latter made an insulting remark about the younger man's wife.

Hatcheries are big business in Illinois, the nation's leading chick-producing state. About 450 commercial hatcheries produce a total of 100,000,000 baby chicks each year.

Taxes Go Out the Window

They have "direct taxation" in Tokyo. Here tax collectors seize a chest of drawers from a delinquent taxpayer. Japan's finance ministry, angered by a tax delinquency of over 40,000,000,000 yen, has authorized the confiscation of furniture and clothing of non-paying citizens. They'll be sold at public auction by the tax office.

Release Efforts Proved Fruitless

WASHINGTON, March 5—(UP)—American efforts to secure the release of Robert Goodale, a Houston, Texas, student tourist, who was arrested by Czech police Jan. 5, have so far proved fruitless, officials said today.

U. S. Ambassador Joseph E. Jacobs discussed the case with Czech foreign office officials last Wednesday, but no action resulted, they said.

Goodale was arrested at Karlsruhe on charges of engaging in an illegal money transaction. Officials said the Czechs since have charged him with customs violations.

Jacobs is now in Germany to discuss with American military authorities both Goodale's case and that of two American soldiers arrested by Czech authorities Dec. 10, a week after they went AWOL from their unit in Germany.

Texan Found In Unconscious State

NEW YORK, March 5 (UP)—John N. Conrad, 63, writer, of 12 Sunset Drive Fort Worth, Texas, was found unconscious today in a room of the Henry Hudson Hotel.

He was taken to Bellevue Hospital, where it was said he was in a serious condition as a result of an overdose of sleeping tablets.

Conrad, who had been registered at the hotel since Jan. 17, was found lying on a bed at 3:30 A. M. by a room clerk. A friend, Ralph Ball (of 11 E. 78th St.) called the clerk after becoming suspicious at Conrad's tone of voice during a telephone conversation, police said.

Police said three notes were

Two Arrested In Secrets Theft

NEW YORK, March 5 (UP)—Judith Coplon, 27, a pretty Justice Department worker, and Valentine Gubitchev, a Russian employe at the United Nations, were brought before a federal judge today for arraignment on charges of stealing U. S. Government information.

The two were caught here last night with secret government information in their possession by Federal Bureau of Investigation Agents who had trailed Miss Coplon to New York from Washington.

Miss Coplon and the Russian were brought into the courtroom at 11 A. M., by F. B. I. Agents and were placed at separate tables in front of the bench.

When the case against Miss Coplon was called Judge Simon Rifkind asked her:

"Did you expect to have counsel here?"

She looked around the room and replied:

"My counsel does not seem to be here."

Judge Rifkind then sent her back to her seat in the courtroom and called the case of Gubitchev.

As the Russian stood up, he asked:

"Are you represented by counsel?"

Gubitchev replied: "Yes sir, but

I don't see him in court. I expect him later." The Judge told the U. S. Attorney's office to try to locate the defense attorneys at once.

Blood plasma transfusion following surgery helped save this 8-year-old girl's life. Goal of the Red Cross is to provide blood and blood derivatives for medical use.

"Send The Red Cross"

That was the desperate cry of a man calling for help when there was more of Texas City in the air than on the ground.

That same cry rose above the Florida hurricane winds of last year, above the roar of the forest fires that charred dozens of communities in Maine the year before, above the thunder of raging, swollen rivers throughout the country year after year.

For 67 years you have answered that cry for help through your Red Cross. By appointment to the people the Red Cross has served as your representative, trans-

lating into action your desire to help men women and children made helpless by disaster.

Last year, through your Red Cross, in 303 disaster relief operations you brought emergency care and rehabilitation aid to over 300,000 people at a total cost of 12,171,022.

Once a year you renew your appointment of your representative, the Red Cross, by giving the funds to carry out the never ending job of disaster operations.

Now is the time you can help before it happens by giving through your Red Cross.

TCU Names New Board Members

FORT WORTH, March 5 (UP)—Four new trustees have been elected by the board of directors of Texas Christian University. They also approved a new, increased faculty salary scale as a new goal in the university salary advancement program.

New trustees are W. M. Sherley, (CQ) rancher and farmer of Anna and Lazbuddie; Carlos Ashley, rancher, attorney and state senator from Austin; A. D. Weatherly, rancher and oil man from Amarillo; and Robert G. Carr, San Angelo.

Returned to the board after an absence was Steve Cooke, Fort Worth. Re-elected were Mrs. L. C. Britte, Marfa; George Kuykendall, Lubbock; D. G. McFadin and Ralph B. Shank, both of Dallas; and C. A. Wheller and Stanley Thompson, both of Fort Worth.

An appropriation was voted to enable the administration to start work toward effecting the new salary scale on one of the several levels — that of "distinguishing professors," whose scale ranges

from \$1,000 to \$2,000 annually above that of other professors. The program was previously adopted to assure TCU of a limited number of the nation's outstanding authorities in the various fields, the board explained.

Honorary degrees, to be conferred at spring commencement May 29, were voted for three men: Rev. Travis White, pastor First Christian Church, Lubbock, doctor of divinity; Dr. Robert Jones, pastor First Presbyterian Church, Fort Worth, doctor of laws; President L. H. Hubbard, Texas State College for Women, Denton, doctor of laws.

Permanent tenure was voted for nine faculty members and promotions in rank announced for seven others.

Fire Trucks Exempt
SAVANNAH, Ga. (UP)—It's your tough luck if you tangle with a fire engine, city court ruled in voiding Bell Johnson's suit for damages. Johnson was struck by a flying wheel from a truck. But fire trucks perform a governmental function," the court said.

MINDSZENTY ACCOMPLICES GUILTY, DRAW SENTENCES

BUDAPEST, March 5. (UP)—Thirteen alleged accomplices of Joseph Cardinal Mindszenty were found guilty of black marketing and other currency offenses today and were sentenced to prison terms ranging from one to eight years.

Two Jesuit monks and a priest were among the defendants in the mass trial before a worker's

court which stemmed from the recent trial and conviction of the Roman Catholic primate of Hungary and his co-defendants.

The heaviest sentence went to Gabor Horvath, secretary to Prince Paul Eszterhazy, once one of the wealthiest men in Hungary. Eszterhazy was tried along with Cardinal Mindszenty, and was sentenced to 15 years imprisonment for "aiding" by black market deals an alleged anti-state organization headed by the Cardinal.

Although Eszterhazy during his own trial sought to take full responsibility and exonerate his secretary, the court declared Horvath guilty and gave him eight years in jail and deprived him of his civil rights for five years.

The Rev. Imre Boka, a priest and the Cardinal's accountant, was given four years, deprived of civil rights for five years, and fined 1,000 forints.

The Rev. Jozsef Vid, economic director of the Jesuit order, and another Jesuit monk, Janos Prasad, each got three years in prison and five years loss of civil rights.

Five defendants were ordered to pay fines of 25,000 and 50,000 forints (about \$2,200 and \$4,400), in addition to their jail sentences and loss of civil rights.

In 1948, only seven per cent of the total population of the United States was working in the field of agriculture. In 1948, the figure was 22 per cent.

Atwater Kent Inventor Dies

(UP)—Atwater Kent, who became famous in life for his inventions, wealth and big parties, will remain famous after death through the philanthropies of his Atwater Kent foundation, its officials said today.

Kent died yesterday of cancer at the age of 75.

Much of his fortune was left to the foundation so it could go on sponsoring young singers, musicians, artists and engineers.

Kent became wealthy and famous as the inventor of a revolutionary auto ignition system in 1905 and as a manufacturer of the first vacuum tube radios in the late 1920s.

He retired in 1936 "to give my money away" and gained even more fame for his fabulous parties, the \$22,000 he spent annually on auditions for young singers, and their countless sums he gave to 125 charities.
