German Trucks Bypass Banned Highway Into Berlin

Going Forward With Eastland
By Bob Moore

Our sympathy goes out to the kids and neighbors in Fort Worth, Amarillo and other Texas points who have suffered disaster in the form of floods and tornadoes in recent days. The paths of the elements move in strange fashion, and we can only marvel and hope we escape the fury. One of the Fort Worth employees of W. O. Pendery, contractor for the five new homes being built in Hillcrest here, was notified Tuesday that his home, in west Ft. Worth, was flooded to the rooftop. And he had just installed a new electric refrigerator and cook stove. "Soon as I dry out, I'm going to sell out," he said.

Cleaning up after a flood is a muddy, messy, heart-breaking job. The T. J. Mason family of Fort Worth stand knee deep water as they try to salvage belongings from their flooded homes. Water was up the ceilings in this area. (NEA Photo.)

R. T. Fagan, assistant manager of Higginbotham-Bartlett Lumber Co., has moved into a new three-bedroom home at 305 South Dixie Street. Carl Butler, Olden, was the contractor.

The Senior class of Gorman High school recently made a 1,500 mile trip to Memphis, Tenn., in a chartered West Texas Transportation Co. bus. Mrs. M. F. Allen, class sponsor, has written Johnnie Aaron, Eastland manager, as follows: "We certainly had a delightful trip and Mr. Jordan was responsible for a great deal of our pleasure. We found him to be a most excellent driver, a good sport and able to take the noise. Thanks again for his consideration for all, and to you for a good bus."

Have you ever thought about the "invisible" donors to the Eastland Band Boosters Club? Well, think this over: "Mother, will you bake a cake and a pie for the band? Mother, can you take a car to San Angelo for the band? Mother, can you make two dozen sandwiches for the band? Mother, can you work next Saturday for the band? Mother, can you chaperon the bus for the band? Mother, can you call forty people about our band program? Hurry, Mother, we have to go at practice at 6:30. Don't forget Band Booster Club meeting tonight, mother. Mother, may I have enough money to go to a band clinic this summer?"

All these and numerous other questions are put to mothers each day, and always the answer is "Yes", it is for the band.

To all the donations are not in monetary manner. However, that is the big project at present. If you like band music; if the sound of a band marching down the street thrills you; then you will want to have a part in retaining and promoting our own local band and its worthy causes. Music feeds our souls. As long as our boys and girls are participating in a band, then we have no cause for alarm along the line juvenile delinquency. Eastland has always done her part in promoting any civic and cultural enterprise, and we have no doubt that she will rise to the occasion this time, and allow the director to carry out his proposed plans for a bigger and better band for Eastland.

Folks have been having a time looking at the pictures made by Boss Onis Dick and this scribe of the Ranch Day activities, which are on display in the window of the Telegram office. Two of the cutest young cow pokes, whose pictures didn't turn out well enough to use in the paper, were Tommy Hendricks and Henry Van Geent. Another picture of interest was the one made of the newly-married couple, Joan Brockman and Harold Henderson, who were "snubbed" shortly after the ceremony and placed inside the jail. A number of people have expressed a desire for prints of the pictures, which are available at Lyons Studio.

Among the courtesies being shown the Eastland High School Seniors of 1949 are gifts sent by The Men's Shop to all the boys,

Cleaning Up Is Messy Job

Eastland County fell short by \$689.26 of reaching its quota in the 1949 American Red Cross finance campaign, it was announced today by E. Woody, Eastland, County Finance chairman.

Quota set for the campaign, which started March 1, was \$6,000 with a total of \$5,310.74 being raised as the drive ended today.

Earl Conner Jr., Eastland, was chairman. H. J. Tanner and Ed Freyschlag, both of Eastland, handled special gifts. Chairman also served in various committees in Eastland County.

Officials expressed appreciation to all workers and citizens for their cooperation in helping the county almost reaching its quota. While the quota was not reached, a sizeable sum was donated. Of this amount, \$3,043.05 will be retained by the county, or 57.3 per cent; and \$2,267.69 will go to national headquarters in St. Louis, or 42.7 per cent.

Contributions by communities

Fifth Graders To Make Visit To Junior High

Students and parents of the Fifth grades of the South and West Wards Schools will be invited Friday afternoon to visit at Eastland Junior High School, Principal W. C. Robinson stated.

The Fifth grades, who will be entertaining the Junior High next school term, will meet the teachers and make a tour through the building.

The trip is planned as an intermediary proceeding to make the jump from grade school to Junior High level an easier undertaking.

Chamber Of Commerce Makes Plans For Big Horned Toad Derby Here

A committee of three was named at a regular monthly meeting of the Board of Directors of the Eastland Chamber of Commerce Tuesday night, to plan a big horned toad derby it was announced by H. J. Tanner, manager.

Named to the committee were: L. E. McGraw, Parks Poe and Henry Vermillion.

It was decided at the meeting to not stage the derby on July 4, but have it later in the year—probably in August.

Details for the derby, in which it is hoped to secure the cooperation of Eastland civic clubs, will be worked out by the committee and a report made at the next directors' meeting, Tanner stated.

Other business of the meeting included a general discussion on matters pertaining to the Highway 80 Association.

Troop 6 Plans Dinner Program For Rotarians

Preliminary plans were made to give a dinner program for the Eastland Rotary Club, sponsoring institution of the troop, in the near future, at a regular meeting Tuesday night at the Scout Hut in City Park, Bill Brown, scoutmaster, stated.

A committee of Scouts was appointed to work out details and report at the next meeting, which will be Tuesday night, May 24, at 7:30 o'clock.

Following opening ceremonies, which included roll call, a complete report on the recent District Camporal at Ringling Lake was made by Scout Morris Lee Riggins.

Bob Moore was presented as assistant scoutmaster of the troop by Scoutmaster Brown. Moore made a brief talk in which he recounted some of his scouting experiences and, in particular, as scoutmaster of Troop 66 at Kermit.

Following a game session, directed by Senior Troop Scout Don Anderson, the meeting closed. A Green Bar Patrol session followed in which plans were made for next week's program.

Breeding Ass'n To Meet May 30

The Eastland County Artificial Breeders Association has selected Ranger as their next meeting place, and the meeting will be held Monday night, May 30, at 7:30, in the class room of the Future Farmers of America on Pine Street.

The Agriculture committee of the Chamber of Commerce and R. B. Thomas, Jr., vocational Agriculture teacher, will serve coffee and doughnuts to those attending.

A. Z. Myrick of Cisco, is the president of the organization, and L. R. Higginbotham of Cisco, is the secretary, and they think that every farmer and ranchman in the county, and everyone who has even one milk cow, to attend the meeting.

Interest in the organization has steadily increased since its formation a short time ago, and those in authority state that widespread interest in artificial breeding in this country will materially improve the quality of stock and increase the milk production at a very nominal cost.

Portland Flood Threat Grows

PORTLAND, Ore., May 19 (UP)—The Columbia River surged toward an expected flood crest of 22.9 feet today and authorities said they were preparing disaster relief in case levees broke.

Dikes protecting the city's north eastern edges were reported seeping in four places. Sheriff's deputies and Army engineers maintained a constant patrol to watch for signs of a break.

Sightseers were barred from the threatened area.

Red Cross and Salvation Army officers said they had prepared to furnish disaster relief.

The number of dead from the current high water in the Pacific northwest reached seven today after a small boat capsized, dumping a man into the Willamette River near Portland.

Eastland To Be 'Good Neighbor' To Fort Worth Flood Victims

Eastland has an opportunity to be a good neighbor to Fort Worth, the friendly West Texas city, which is suffering from severe damage by recent floods.

Cecil Holifield, owner of Holifield's Firstone Dealer Store, 111 West Main Street, notified the Telegram this morning he is volunteering the use of his trucks and drivers to carry any relief to Fort Worth flood victims donated by Eastland citizens.

Any person having blankets, clothing, food or other items they would like to share with the Cowtown victims, are urged to Phone 102, or carry the merchandise to the Holifield Store. All bedding and clothing donated should be clean as victims have no laundry facilities.

Let's show Fort Worth, in its hour of need, that Eastland's heart, as well as material aid, goes out to them.

BEGIN ROLLING INTO CITY AGAIN AFTER BEING HALTED BY RUSSIANS

MARY HALKIAS
Local Girl Wins TSCW Award

DENTON, Tex., May 19—Miss Mary Halkias, a student at Texas State College for Women, has been selected for the Danforth Foundation Award as the outstanding freshman Home Economics student at the college.

She was recommended by the college Home Economics faculty on a basis of general ability, scholarship and leadership. Miss Halkias will spend two weeks this summer at the American Youth Foundation Leadership Training Class on the shores of Lake Michigan. Sponsored by the Danforth and Ralston Purina Company of St. Louis, the summer fellowships have been offered annually since 1936.

Miss Halkias is the daughter of Mr. and Mrs. E. J. Halkias, 106 East Sadosa Street. At TSCW she is a member of Alpha Lambda Delta, honorary scholarship society; Omega Rho Alpha, freshman English honorary; the Mary Swartz Rose Club; and the Heart of Texas Club. In high school she was valedictorian, was listed in Who's Who in American High Schools and received the Best Citizen Award during her senior year.

Appeal Bond For Bank Bandit Set

DALLAS, May 19 (UP)—Federal Judge T. Whitfield Davidson today set a \$15,000 appeal bond for Ollie Otto Price pending his appeal from conviction of robbing the First State Bank of Rice, Tex., last August.

Price has been held in the Dallas County Jail since the conviction.

The area around the Diomedea Islands in Bering Strait is referred to as a "land of twos," because it is a dividing line for two countries and two time zones.

Miniature Red Sword Pin Symbol Of Donation To '49 Cancer Drive

A miniature red sword pin is the symbol a person has made a contribution to the 1949 fund-raising campaign of the American Cancer Society, it was announced by Mrs. Marene Johnson-Johnson of Eastland, county commander in charge of women.

A quota of \$1,506 has been set for Eastland County, with the drive getting underway actively Monday, May 16. Neil Day is county chairman.

Personal letters have been mailed to many citizens of the county, outlining the goals and aims of the Texas division of the American Cancer Society and extending an invitation to donate. Contributions may be sent to Guy Parker, vice president of the Eastland National Bank, county treasurer for the drive.

Containers have been placed in various business firms in Eastland County for individual contributions.

Watchwords for the 1949 drive are "Learn the Truth" and "Be on Guard". Officials advise that

SCHOOL ELECTION VOTES CANVASSED

Official results, following a canvassing of returns by the Eastland County School Trustees of an election held April 18, to group four dormant districts with independent school districts of the county, was announced today by Carl Elliott, county superintendent and secretary of the board.

The official count shows that three of the proposed annexation areas carried, while one did not. The returns by districts were as follows:

Rising Star—composed of Cook, Hallmarks and Rising Star—82 votes for and 13 against.

Ranger—composed of Tudor and Cross Roads—161 votes for and 4 votes against.

Carbon—composed of Longbranch, Center Point and Kokomo—158 votes for and 51 votes against.

Cisco—Cottonwood, Sandy, Bluff Branch, Friendship, Romney, Shady Grove, Central, Bedford and Grapevine—306 votes for and 371 votes against.

Convict Escapes Goldthwaite Jail

GOLDTHWAITE, Tex., May 19 (UP)—A Miami, Fla., prisoner tunneled through a rock wall and escaped the Mills County Jail here last night.

Sheriff Wiley Mahan said the prisoner, Boris G. Petroff, 31, apparently stole a truck belonging to the Abernathy Construction Company to make his getaway. It was found abandoned early today in Brownwood.

Petroff had been sentenced to two years imprisonment Monday on a plea of guilty to forgery charges and was being held in the jail pending transfer to the Huntsville State Prison.

Mahan said Petroff probably had worked two nights, using a stove leg, a broom handle and fragments of iron for a "shovel" to make the hole in the stone and mortar cell wall.

He let himself down from the second floor cell on a rope fashioned from blankets and other bedding.

Ticket Scalping May Close Show

NEW YORK, May 19 (UP)—The hit Broadway musical "South Pacific," starring Mary Martin and Ezio Pinza may be forced to close today because of a city inquiry into ticket scalping.

Investigations Commissioner John Murtugh said he will seek to revoke the license of the Majestic Theater where the musical is playing because the boxoffice treasurer, Jack Pearl, has refused to cooperate with the inquiry.

Lee Schubert, president of the Mogoro Corporation which owns the theater, announced that Pearl had been suspended from his job.

Pearl was called yesterday to Murtugh's office to answer charges that prices up to \$60 were being paid for tickets to the show. But he refused to answer any questions except to give his name and address.

The Weather

East Texas—Partly cloudy this afternoon, tonight and Friday. A few scattered thunder showers, mostly in north portion. No important temperature changes. Fresh southeast to south winds on the coast, occasionally strong during the afternoon.

West Texas—Partly cloudy this afternoon, tonight and Friday. A few scattered thunder showers in Panhandle, South Plains and east of the Pecos River. Slightly cooler in Panhandle this afternoon and tonight.

BY WILLIAM IRISH

THE STORY: Durand discovers that Bonny has received a letter addressed to "Miss Mabel Greene." She denies it. He is certain she has burnt the letter and later he finds a charred edge bearing the signature, "Mabel."

XXXV

NOTHING more, then, for five days. No more visits to the post office. No more letters sent, no more letters received. What ever had been said was said, and only the inside of a fireplace knew what that had been.

For five days after that she did not even go out, she took no more walks. She loitered about the rooms, noncommunicative, self-assured. As if waiting for something. As if waiting for an appointed length of time to pass. Five days to pass.

Then on the fifth day, suddenly, without a word, the door of her room opened after long closure and he beheld her coming down the stairs arrayed for excursion. She was carefully dressed, far more carefully, far more exquisitely, than he had seen her for a long time past. She had taken a hot curling iron to her hair; ripples of artifice indented it. Her lips were frankly red, not merely covertly so. Her floral essence was strong to the point of headiness.

"She was going out. She made that plain, over and above his own powers of observation. As if she wanted no mistake about it, no hindrance. "I'm going-out," she said. "I'll be back soon."

He did not ask her where. That was about three in the afternoon. At five she was not back yet. At six. At seven.

It was dark, and he lit the lamps, and they burned their way toward eight. She wasn't back yet.

ON toward nine there was a sound at the door. Not so much an opening of it as a fumbling

incompletion of the matter of opening it.

He went out into the hall at last to see. To see why she did not finish coming in, for he knew already it was she.

She was half in, half out, and stopping there, her back sideward against the frame. Apparently resting.

"Are you ill, Bonny?" he asked gravely, advancing toward her. She laughed. A surreptitious, chuckling little sound, exchanged between herself and some alter ego, that excluded him.

"I knew you were going to ask me that."

He had come close to her now. The floral essence had changed, as if from long exposure; fermented; there was an alcohol base to it now.

"No, I'm not ill," she said defiantly. "Come away from the door. Shall I help you?"

She brushed his offered arm away from her, advanced past him without it. There was a stiffness to her gait.

"I'm not drunk, either," she said sullenly. "He closed the door, first looking out. There was no one out there. "I didn't say you were."

"No, but that's what you're thinking."

He didn't answer. She went on into the sitting room. When he entered it in turn, she was seated in the overstuffed chair, her head back a little, resting.

He stood and watched her for a moment. "You're late," he said at last.

"I know I'm late. You don't have to tell me that. Why don't you ask me where I've been?"

"Would you tell me?" he reorted. "Would you believe me?" she flung back at him.

GOING FORWARD WITH EASTLAND—

HAIR-BREADTH HARRY

UN Ends General Assembly Session

FLUSHING, N. Y. May 19 (UP)—The United Nations General Assembly ended its spring session last night after squelching a Polish attempt to bring up the Gerhart Eisler case for debate.

As the diplomats gratefully began closing their briefcases following the decision to postpone the whole colonies question until fall, Polish Delegate Julius Katz-Suchy burst forth with his demand for full debate of the Eisler case.

Assembly President Herbert Evatt told the Polish delegate it was a physical impossibility to open the Eisler case at this late date.

The Pole sarcastically suggested that he might call for a special session of the assembly on the case of the bespectacled Communist agent, who stowed away on a Polish Liner Batory only to be seized by British authorities in Southampton for possible extradition to the United States.

Finally Evatt put the matter to a vote, disregarding Soviet bloc requests to speak on a point of order.

Czechoslovakia demanded a roll call. Eastern European delegates protested they did not know what they were voting on and either abstained or refused to vote.

Frozen Juice Popular
CHICAGO (UP)—Frozen concentrated orange juice is out-selling all other kinds of frozen foods according to Edward J. White, director of the frozen food industry convention. White said that within the last six months orange juice has displaced frozen peas for the top spot.

Yes, he thought with saddened understanding, I too would travel from a distance of five days away to be with a woman like Bonny. What man wouldn't? If the new love cannot provide for her, she has but to call back the old.

Still Punching

Hoping to be reinstated, Mickey Owen intends to be ready, so punches the heavy bag in Springfield, Mo. The cattle raiser who caught for the Cardinals and Dodgers was suspended for five years for jumping to the Mexican League in 1946. He will be 32 this spring.

Thinks Nothing Wrong With Being Father At 82

BATESVILLE, Miss., May 19 (UP)—An 82-year old grandfather who was too old to work said today he couldn't see anything unusual about his 41-year old wife's presenting him with hefty twin sons.

The proud father, W. T. Thompson, pointed out that he and his wife have three other children, haven't they? The oldest is 24. The youngest is two. The one in the middle is five.

Neighbors apparently didn't see anything unusual about the birth of the new twins either, because they were born at the Thompson home 15 miles from here last Saturday. The news just reached Batesville yesterday.

The boys were not even weighed in at birth, but today they tipped the scales at 5 pounds 8 ounces each.

A midwife delivered the first child at the rural home, and Thompson thought it was all over. But Mrs. Thompson announced that something was wrong. So they sent for Dr. John Martin, who soon found out what the "trouble" was. It was another lusty son.

Grader Oil Co. No. 1 Shelton out from Sipe Springs have apparently missed the Marble Falls and are drilling ahead at 2,680, on what will, in all probability be an "Ellenburger test. When they complete this operation the Skeeter and Curry outfit intend to move to the East 80 of the J. C. Burns track south of the Kirk field and about 5 miles Southeast of Gorman. That is if the weather will ever permit the moving of that heavy equipment. The J. C. Burns east 80 is held by Hemberg out of Dallas. That test will be a Marble Falls as are almost all of the tests sent down in the Kirk field so far.

Belt Dison No. 1 W. G. Pinson still trying to grapple that bit, but with the mud and slush and all the going is rough.

The Jay and Parker Company No. 2 T. N. Watt are still closed in account of the weather, as are the operations on the Sanders for Commercial Production and also the M. E. Daniels for Burk Royalty.

Dividend Earned Easily
CHICAGO (UP)—Bondholders of the Chicago surface lines are ahead \$68,807 because people didn't accept rides already paid for. Chicago transit authority officials believe most of the unredeemed tokens and tickets were lost.

Wrong Answer
OGDEN, Utah, (UP)—A husband here blames a New York radio network quiz show for starting a family feud. He said a network phoned his number and he replied: "You must have the wrong number—we're not interested in those things." He then hung up and reports his wife hasn't spoke to him since.

According to biochemists, water is a food, even though it does not supply energy as do carbohydrates, fats and proteins.

Eastland Methodists Host To Cisco District Officers Training School

Officers Training School was held at the First Methodist Church Wednesday, for the Cisco district of the Methodist Church.

Mrs. E. L. Ried of Cleburne was the principal speaker. Mrs. J. M. Bond played a medley of songs on the organ while the group gathered Wednesday morning.

Mrs. W. D. Stephenson of DeLeon was in charge of Morning Worship. Mrs. N. P. McCarney of Eastland welcomed the group with response being given by Mrs. E. E. McVey of Rising Star.

Noon day meditation was given by Mrs. W. V. Bane of Breckenridge, and luncheon was served from paper sacks, brought by the group, which was spread in the fellowship room at the church.

Mrs. W. A. Clipper of Caddo opened the afternoon session with prayer, and was presented a life membership of the district, with Mrs. J. W. Slaughter of Cisco, making the presentation.

Mrs. Joe Rogers of Caddo, reported on the annual meeting held in Temple in March. Rev. Oren B. Stephens of Cisco gave the closing prayer.

Sixty seven persons attended the officers school, representing the following churches from over the district, Alexander, Breckenridge, Caddo, Carbon, Clarette, Cisco First Church and Cisco Wesley Church, DeLeon, Dublin, Gorman, Pleasant Hill, Ranger, Rising Star and Eastland.

Sons In Service

MORLEY, Mich. (UP)—Joining the armed forces is nothing new in the family of Mr. and Mrs. Ralph Ticombe. Their boy Sidney has joined the Army, making a total of eight sons they now have in the various branches of the ploring pre-Spanish ruins in the remote jungle area known as Mexico's "Lost Paradise."

Music Club Officers Installed At Final Meeting Of Season

New officers were installed and a social hour enjoyed at the last meeting of the season by members of the Music Club Study Wednesday afternoon at the Woman's Club.

Mrs. Marene Johnson installed the following officers: Mrs. Bob Vaught, president, Mrs. W. E. Brasher, vice-president, Mrs. I. C. Inzer, secretary, Mrs. A. F. Taylor, corresponding secretary, Mrs. Prentiss Jones, treasurer.

The group allotted five dollars to the Cancer Drive.

New members were hostesses to the group and presented, Shirley Hightower and Janis Little, who played several musical numbers.

Refreshments were served from the table, laid in lace cloth and decorated with an arrangement of gladiolas, and was presided over by Mrs. T. E. Richardson. The hostess group were:

Mrs. James J. C. Koen, R. L. Carpenter, J. E. French and R. L. Clinton.

Present were Mesdames Brasher, Carpenter, Clinton, J. F. Collins, A. D. Dabney, Jones, Koen, J. M. Perkins, Johnson,

Richardson, A. F. Taylor, and Bob Vaught.

West Ward PTA Holds Its Final Meeting Of Year

Gifts were given each of the teachers and the outgoing officers when members of the West Ward P.T.A. met at the school Tuesday evening for the last meeting of the year.

Mrs. Louie Carbell, president, presided during the business meeting, where reports of the year's activities and programs were reviewed by Mrs. Carbell and Mrs. Koen.

A new window was installed in the cafeteria, shrubs and trees were planted on the school ground and an educational film was shown over the district, sponsored by the group. A delegate was sent to the State Convention, which met in Weatherford in April. A balance of \$32.66 was reported by Mrs. Eldress Gattis, treasurer.

Mrs. Koen was program leader and presented a group of children in musical numbers, they

Mrs. Hoffmann Hostess At Club Breakfast; Garden Pilgrimage Made

Completing the year's work, members of the Civic League and Garden Club met Wednesday morning for a breakfast and garden pilgrimage at the home of Mrs. C. W. Hoffmann.

Mrs. Victor Cornelius and W. W. Linkenhoger were co-hostesses and assisted Mrs. Hoffmann

CARD OF THANKS

We should like to take this opportunity of thanking the many friends, class mates, and acquaintances who were so very nice to us during the loss of our son, Eugene Stiffler. We are indeed grateful for the kindness of our friends and pastor, Rev. W. E. Hallenbeck. Also, Rev. Lloyd Chapman, and those who comforted us in song, Mrs. Durham, Mrs. Crossley and Mr. Homer Smith. The assistance of the Veterans of Foreign Wars, the many nice floral offerings, the abundance of food provided, the neighbors who ministered to our every need, and every kind word and act during this time of sadness.

Mr. and Mrs. Homer Stiffler
Mr. and Mrs. J. Campbell
Mrs. N. F. Burke
Mrs. Tom Young
Mrs. Jim Drake

in receiving the guests.

Coffee and doughnuts, with spiced apples was served from a breakfast table, in the spacious sunroom of the Hoffman home.

Mrs. Frank Hightower, retiring president, poured from the brass service. Other table appointments were of brass and the table, laid in white maderia linen, was centered with seven little green pots holding red geraniums. Yellow candles in brass holders completed the arrangement.

Mrs. Janice Horton installed the new officers, including: Mrs. W. Q. Verner, president; Mrs. E. Layton, vice-president; Mrs. Dave Fiensy, second vice president; Mrs. Eugene Hickman, residing secretary; Mrs. E. H. Henderson, corresponding secretary; Mrs. Sam Gamble, treasurer; and Mrs. Earl Conner, club house board member.

Following the installation program the group toured local gardens and visited the gardens of Judge and Mrs. Clyde Grissom, Mr. and Mrs. Jack Frost, Mrs. Minnie Ewart, Mr. and Mrs. J. W. Ashley and Dr. and Mrs. W. E. Chaney.

About thirty members attended.

DIABETES

TO WHOM IT MAY CONCERN:

I am writing this letter so that others may know what Chiropractic has done for me, and how happy I am to tell others the benefits I have received, hoping they might be led to take adjustments too, and thus be helped as I have been.

The diabetic specialist I went to diagnosed my case as a severe diabetic condition. Like so many diabetics, I had a lot of trouble with my feet, with ulcers, and sores. I had one toe amputated, and it was slow in healing. I was also very nervous, had high blood pressure, and was generally run down.

I was told time and again that there was no cure for diabetics, but then one day a friend told me of the good work that our local chiropractor was doing, so I decided to try chiropractic.

Now, after receiving adjustments since Sept. 17, 1947, I can say I am well repaid, and it isn't guess work either, as I have had negative tests at all times since about March 1, 1948. I was taking 60 units of insulin directly before starting with chiropractic, but I have taken no insulin since March 8, 1948. I still go regularly to my chiropractor to have a check-up with the neurocalometer, which tells whether an adjustment is needed.

I am a busy housewife. We live on a farm, raise lots of chickens, and have a large garden. I am very thankful for this new lease on life; I eat anything I want now, which is surely a relief after being on a very strict diet.

Chiropractic has done wonders for me.

(Signed) Mrs. Clifford Irish
Subscribed and sworn to before me this 3rd day of July, 1948.
(Seal) O. H. POETKER, Notary Public.

The first thing that is usually noticed by diabetic patients is the alleviation of the fatigued and depressed feeling. Most cases, who will cooperate fully, are fully repaid in results obtained.

Nylon Crepe Due On Market Soon

By Barbara Bundschu
United Press Fashion Writer
NEW YORK, May 19 (UP)—They've finally put a twist in nylon.

It took 10 years. And today's successful production of a nylon crepe—the yarn must be twisted to make any crepe—is widely considered the most important step forward for the synthetic yarn since it made its first appearance in the "wonder stockings" of 1939.

The new fabric, developed by Hess Goldsmith and C. Inc., after years of experimentation, will be on the market in a limited quantity of slips and nightgowns sometime next month.

"Crepeylon," the firm's registered trade name, has a feel very much like that of silk crepe de chine. Its lightly pebbled surface is soft and pliable, only slight "cooler" in feel than silk of the same weave.

Two lingerie firms have received the entire first output, and their products, in medium and expensive price ranges, will be in the stores about mid June.

Samuel Feldman, president of one of the firms, Fantasy, said he considered the new fabric the most important thing to hit the lingerie business since multi-filament rayon took the place of cheap silk some 11 years ago.

Full development of nylon fabric has been held up for years by the inability to produce the twist in the yarn which is necessary for all types of dull-surface weaves. Woven nylon on the market to date has been of a plain or taffeta weave. Customers have admired its launderability and wearing quality but have frequently complained of its shiny look and slippery "clammy" feel.

A hosiery manufacturer recently announced that he had put a successful twist into nylon stocking yarn. That development producing a less shiny stocking and possibly a better wearing one, is, however, of less significance to the stocking industry than the introduction of the crepe in the woven fabric field.

A spokesman for the Hess Goldsmith Company said the twisted yarn will lead the way to a new field of heavy crepes and "surfaced" materials which previously were unattainable with nylon. Next on the line after lingerie will be blouses, which should be available in July it was said.

The part of Southampton, England, last year handled 557,000 passengers, of whom 377,897 crossed the English Channel, a gain of 1.4 per cent over the previous year, reports British Railways.

Texan In Dark On Announcement

AUSTIN, Tex., May 19 (UP)—Rep. Jack Wisener of Wells, Tex., said today he was awaiting additional information concerning an announcement that he would be subpoenaed as a witness in the treason trial of "Tokyo Rose."

Wisener, a former Japanese prisoner of war, said he knew of no specific reason why he would be called by the defense as a witness.

It's A Habit
GLOVERSVILLE, N. Y. (UP)—Robert Silvers was brought before Justice of the Peace Edward Wurz, who fined him for speeding. Twenty minutes later Silvers was back in Wurz's court. He paid a second fine for driving too fast.

Two lingerie firms have received the entire first output, and their products, in medium and expensive price ranges, will be in the stores about mid June.

New Mascot For Rice Is Popular

HOUSTON, Tex., May 19 (UP)—Sammy II, brand new mascot at Rice Institute, drew praises from all corners of the campus today.

Although slightly weatherbeaten and ruffed up after an attack from two bluejays, the pint-sized horned owl gave new zest to the Rice mascotship, which for years has been held by an ordinary stuffed owl, pieced together with linoleum.

Sammy II went to the Rice campus today as a gift from the University of Houston, where he was found yesterday fighting off the bluejays.

Dean H. S. Cameron at Rice accepted Sammy "with gratitude and a full understanding of the spirit behind the gesture."

Rice cheer leader Teddy Montz was more lucid about Sammy's future.

"Sammy II is indeed welcome, and has before him the full and regal life befitting his station as mascot of Rice Institute."

UT Decision On Game Awaited

DALLAS, May 19 (UP)—An NCAA committee awaited the NCAA committee today awaited the University of Texas' ac-

ceptance of its bid to represent District 6 in the regional college baseball playoff.

Lloyd Messersmith, selection committee chairman, said that it Texas, southwest conference champions, accepts, the Longhorns will play a representative of District 5, consisting of schools in Missouri, North Dakota, South

Testimony Due in Saucier Trial

WICHITA FALLS, May 19 (UP)—Testimony began today in the murder trial of T. C. Saucier, former Wichita Falls State Hospital attendant.

Saucier and David Beck, 40, were indicted last March after they were charged with slaying

Dakota, Kansas, Nebraska, Oklahoma and Iowa.

Other committee members were J. M. McKale, University of Arizona, and A. E. Jones, Baylor University.

Thomas Houston Gibbons, 37, a Sulphur Springs truck farmer "by stomping, beating and kicking him to death."

The final juror in Saucier's trial was selected last night after 93 men were questioned from a special venire of 250.

Gibbons was pronounced dead less than 20 minutes after he was admitted to the mental hospital as a patient.

Judge Frank Lkard of 30th District Court agreed to separate trials for the attendants, but refused a defense request for Beck to face the court first.

District Attorney Clyde Fillmore said he would summon Beck as a state witness and permit him

to be cross-examined, or dismiss the indictment against him so that he might testify for Saucier.

Saucier and Beck have been held in Wichita County Jail since March 7, when they were charged.

Age Cannot Wither

KENT, O. (UP)—As long as it's healthy and vigorous, a tree will continue manufacturing new cells, says Martin L. Davey, J.F., of the Davey Tree Expert Co. A tree never dies of old age.

Some living trees are estimated to be more than 4,000 years-old and are the oldest living things in the world.

Studebaker buying wave sweeps the nation!

Another all-time record in April!

More people bought new Studebaker cars and trucks in April 1949 than in any previous month in any year.

Studebaker sales in January, February, and March were the biggest for any quarter in Studebaker history.

Twice this year Studebaker has increased production in an attempt to meet this sensational upsurge in demand.

1949 is a Studebaker year!

Studebaker's really rolling!

Social Security Advice Given

"Judging from inquiries received daily by our office, many workers don't know what they are buying with their social security taxes," Ralph T. Fisher, manager of the Abilene Social Security Administration office, said today.

"Some continue to confuse old-age and survivors insurance with old-age assistance," Fisher continued. "Others confuse old-age and survivors insurance with unemployment compensation."

"All workers covered by social security should realize that the penny taken out of each dollar of wages pays the premiums for old-age and survivors' insurance, which is, in effect, a combined life insurance and retirement annuity policy. The plan provides monthly retirement payments to workers and their families. It also provides monthly benefits to families of workers who have died. Eligibility and the amount of benefits hinges on wages the worker has earned in jobs covered by social security."

"Old-age assistance, on the other hand, is paid to old people who are in need. The payments vary with the need of each applicant. Unemployment compensation provides workers with some income when they are out of a job. Their employers, in most states, pay the full cost of that program."

Fisher suggested that anyone who has a question about social security may secure the needed information from his office, Social Security Administration, 308 Post Office Building, Abilene, Texas.

Train Beheads Young Mexican

UVALDE, Tex., May 19 (UP)—A 26-year-old Mexican identified as Trinidad Camacho was beheaded early today by a speeding Southern Pacific passenger train.

His 11-year-old companion, Leo Bravo Jimenez, said they lay down to sleep beside the track and that Camacho, awakened by the approaching train, sat upright and the overhanging section of the train struck his head. Jimenez told officers that he saw Camacho slip into the country illegally from Mexico and planned to walk to San Antonio.

The "spitting cobra" is perhaps more dangerous than other cobras, since they not only bite at close range but some species may "spit" venom from a short distance.

SPACE SAVERS

Hurry fresh vegetables into the refrigerator to keep them colorful and prevent the loss of vitamins. As soon as they come from the market or garden, wash and trim vegetables and allow them to drain. Then store them in handy glass-or-steel enameled refrigerator pans. Designed in a variety of sizes, from large vegetable pans to small ones for storing leftovers, these enameled containers are square or rectangular to save space and have flat covers for convenient stacking.

FRANCO CLAIMS ALLIES SOUGHT BLOW AT GERMANY THRU SPAIN

BY RALPH FORTE
United Press Staff Correspondent
MADRID, Spain, May 19 (UP)—Generalissimo Francisco Franco told the Spanish Cortes (Parliament) last night that the United States and Britain considered opening the second front against Germany through Spain in 1944.

He presented a series of communications which he implied fell into his hands through foreign intelligence agents who worked in Spain during the war.

One of the communications, which he said was dated Moscow, Feb. 7, 1944, carried a rejection of the invasion idea by the Soviet Politburo. The telegram insisted that the Allies invade the continent through Germany's Atlantic defenses, Franco said.

Francisco, speaking for 90 minutes, vigorously protested refusal of the United Nations General Assembly in New York to lift the boycott of his regime, whereby ambassadors are kept out of Madrid.

He suggested the action was unfair because of Spanish friendship and cooperation with the Western Allies and Spain's help to the U. S. and Britain during the war.

The Generalissimo said that Winston Churchill, Britain's wartime prime minister, offered concessions to Spain at the expense of Italy and France if German troops were kept off Spanish soil.

Then, amid cheers, he said: kept is known by the history of our relations in recent years with

"How these promises were Britain."

Francisco said that the Spanish foreign ministry had received from the Duke of Alba its London ambassador, a telegram containing Churchill's promises to Spain. Dated Oct. 2, 1941, it reported:

1. If Britain won the war, Britain would be able to make France satisfy just Spanish claims in the Mediterranean.
2. Italy and France would be reduced in size and Spain would become the leading Mediterranean power.
3. Britain wanted Spain to keep German troops out of its territory.

Prevented From Testifying

Arthur Schutzer, American Labor Party State executive secretary sits in the spectators section after he was prevented from testifying before the Judiciary subcommittee of the Senate considering Communist control bills, when he refused to take an oath that he is not a Communist. (NEA Telephoto.)

Emily Post Writes About 'Motor Manners'

The National Highway Users Conference, and Emily Post, the authority on etiquette, have joined to promote better motor manners on America's streets and highways, to save lives and reduce congestion. The non-profit publication in booklet form of Mrs. Post's new "Motor Manners" was announced at a New York luncheon attended by some 150 industrialists and highway user leaders. Shown there are (left to right) Arthur C. Butler, director of the N.H.U.C.; Mrs. Post; Miss Anne Kent, Mrs. Post's assistant, and N.H.U.C. Chairman Albert Bradlev.

AMARILLO'S STORM DEAD TOLL RAISED TO SIX

AMARILLO, Tex., May 19 (UP)—The sixth victim of Sunday night's Amarillo tornado died at a hospital last night, even while the Panhandle was undergoing new storm jitters.

Mrs. Erma Cora Fungio, 63, of Paris, Tex., was the sixth person to die as a result of the Amarillo tornado. Her husband remained in a hospital in "fair" condition. They were visiting a son, A. L. Fungio, when the tornado struck.

Meanwhile, several tornadoes skipped over the Panhandle last night in another stormy night. Damage was estimated at \$25,000 at Kellerville, 80 miles north-east of Amarillo. There were no heavy rain and hail fell in the area north of Amarillo, and jittery Panhandle residents kept wary eyes turned skyward. At one time, a Groom telephone operator figured she was "the only one left in town." Everyone else, she said, went to the country as a threatening, funnel shaped cloud appeared on the horizon.

Other twisters were spotted riding high over Claude, St. Francis, Lark, Conway and the town of Panhandle.

Wheat, the number one agricultural crop of the Panhandle, appeared to be standing up well under the onslaught of stormy weather of the past week.

Zeke Brown, agricultural editor of the Amarillo Times, surveyed grain fields and said a bumper crop could be expected, barring further heavy hail or rain. Storm losses up to now, he estimated, were no more than 10 per cent of the acreage.

Wisconsin originally was spelled "Ousequin."

Aftermath of Flood

Appalling confusion and devastation meets the eye following the worst flood in the past 27 year history of city of Fort Worth, Texas. Bales of soaked cotton lie scattered across railroad tracks and lie piled in water filled ditches north of the Montgomery Ward Plant. House trailer was washed down from 16 blocks away and deposited on the tracks. (NEA Photo.)

SWEETWATER, May 19 (UP) — Robert Rice, 23, the third victim of a car accident, Monday, died here last night without regaining consciousness. Two other Sweetwater residents, Marjorie Anderson, 24 and Travis Dickey, 24, were killed instantly in the crash.

HOUSTON, Tex., May 19 (UP) — Capt. Robert E. Hart, who steamed up and down the Mississippi River for 60 years, will be buried tomorrow in New Iberia, La.

The well-known skipper died in a hospital here yesterday at the age of 80. A native of New Iberia, he had lived here 22 years, and retired a number of years ago. Funeral services were to be held here late today. Survivors include two sons and two daughters.

HOUSTON, Tex., May 19 (UP) — Felipe Flores, 31, was charged with murder today in connection with a shooting last night that killed one man and injured another seriously.

A man identified as Eleuterio Almaraz, 50, a seaman, was killed by a single shot in the head. Lupe Garza, 47, owner of the

PLANE PILOT INITIATES NEW DALLAS EXPRESSWAY

DALLAS, May 19 (UP)—The new \$20,000,000 Central Boulevard expressway, not yet opened to automobile traffic, was put to emergency use last night by an airplane.

Pilot Clyde Peabody, flying over the city at 3,000 feet, found himself in the embarrassing position of being able to go no further up or forward. "I was out of gas," he exclaimed, "so I slipped her down."

Central Boulevard's gleaming cafe where the shooting took place, was hospitalized with an abdomen wound.

HOUSTON, Tex., May 19 (UP)—The largest budget in the history of the University of Houston, \$3,216,095, was approved yesterday by the school's Board of Regents.

The Board also elevated nine faculty members to the status of full professor, bringing the total number of full professors at the University to 35.

HOUSTON, Tex., May 19 (UP)—Atty. Gen. Price Daniel will speak here Sunday at the annual convention of American Legion Posts in the Eighth Congressional District, it was announced here today.

white concrete looked inviting, and Peabody made a good landing. Police took a trial run down the boulevard to investigate the airplane. They helped Peabody shove it off onto the grass-covered shoulder beside the strip.

This morning, Parker-Huett Air Service, owner of the ship, sent Pilot Dale Webb, 25-year-old Air Force Veteran, to fly out the single-engine plane.

Webb put gasoline in the tank and turned over the propeller. He roared away—still on the grass shoulder. After a 150 foot run, the plane lifted.

"It was like riding in a feather bed," he said after landing at White Rock airport, from where Peabody had taken off yesterday.

Peabody said the gas gauge indicated a full tank when he took off.

"The darned thing must have stuck," he said. Parker-Huett mechanics said Peabody probably was right.

Saluted To Often BOSTON (UP)—Thomas E. Matthews, 23, Lampton, Va., is a former Army private who never liked saluting, but liked to be saluted. He was arrested for the third time in nine months for posing as an Air Force captain.

Inquiry Ordered In Man's Death

DALLAS, May 19 (UP)—Justice of the Peace Price McBride today ordered an inquiry into the death of Horce Shelton, 35, (905 W. 5th.) Austin, Naval reservist, whose body was found on a Dallas parkway last night.

McBride said that Shelton left their home about 10 P. M. after listening to a ball game on a radio. His body was found a few minutes later near a bus

stop. He was dead upon arrival at a hospital. Four boys were seen by several witnesses to leave the bus hurriedly just before Shelton's body was found.

McBride ordered the investigation, he said, to determine if Shelton died from natural causes or had been struck by an automobile. McBride said Shelton had "some scratches on his neck and could have been hit on the head."

He Justice of the Peace ordered x-rays to determine if Shelton's neck has been injured. No autopsy was ordered.

Your only real Security... A Home of Your Own

A Message to the Man with a Family

Nothing else you can buy with your money lasts so long; serves so well, gives so much value year in, year out, as your own home. It is at once the badge of solid citizenship and the mark of a man who is striving to provide security for his family.

Where else can you put your money, the fruits of your labor; how else can you provide so much of comfort, happiness and security for your family and yourself, than in a home of your own?

The house you buy today provides shelter and a good life for your family now and, as you pay for it, month by month, it helps you build a solid financial future for yourself. Of all the things you can buy, only a home retains its real worth—twenty, thirty, forty years from now it will still give you safe, secure shelter. All that this house actually costs you is the down payment, your monthly payments are both rent and savings.

Yes, your real security is a home of your own!

Stocks may depreciate, bonds may be defaulted, even savings accounts may be depleted, but so long as your home stands, it is shelter, it is security, it is stability, for you and your family.

Fortunate, indeed, is the man who owns his own home. It gives purpose to your family life. Come war or inflation, your savings invested in a home always yields their full measure of value in shelter, comfort and satisfaction. Should hard times come some day your savings might be dissipated while your home still stands as a haven. We learn-

ed during the depression of the thirties that it is neither wise, profitable nor necessary to take an honest man's home from him. We learned that there are measures that can be taken to help a man hold his home. This lesson our country will never forget.

In this blessed America of ours, more people own their homes than in any land on earth. They are better homes—far, far better than the people of any other country may aspire to.

And our homes are getting better all the time. Now that material and labor shortages are practically over, you may confidently expect to find this year the greatest home value ever seen in this country.

Like everything else, houses cost more than they did ten years ago. Yet such is the progress of the building industry that more people can afford to own a home today than ever before.

The home building industry of this country is constantly increasing the value of its product and reducing its costs so that the benefits of home ownership may be extended to more families than ever before. In thousands of communities in this country, you can now buy a home for no greater monthly cost than your weekly pay check.

Remember, a home is more, much more, than brick and mortar, nails and lumber. It is your sure investment in your family's happiness and welfare.

In this insecure world a home of your own is the only sure bulwark you can erect against the forces that threaten the security of your family.

News From Olden And Community

OLDEN, May 18 — The Olden High School and Haccalan youth services were held Sunday, May 15th, at 7:30 in the High School Gym. Earl Stephens, Minister of the Church of Christ, preached the sermon. Commencement exercises will be Thursday evening at 8:00 o'clock. Judge

Clyde Grissom will address the class. The High School Graduates are Oliver Jr. Cavet, Gerald Renfro, Walter Colburn, Jr. Jane Munn, Billy Franklin, and Alena Fox. Walter Colburn is valedictorian, and Alena Fox is Salutatorian.

Jimmie Everett, son of Mr. & Mrs. Jim Everett, and Alice Joyce Cushman, daughter of Mr. and Mrs. A. E. Cushman, of Olden, and music pupils of Mrs. A. F. Taylor in Eastland, played in the National Piano auditions in Stephenville at John Tarleton College Saturday of last week. Jimmie Everett was awarded a national certificate and gold pin. Alice Joyce was awarded a state certificate and silver pin. All of Olden are proud of these young musicians.

Sgt. and Mrs. J. E. Montgomery of Fort Worth were here

the last of the week for a few days with her parents, Mr. and Mrs. Dave Vermillion.

Mr. and Mrs. Will Stark and Mrs. Edna Hamilton went to Ft. Worth Saturday, and returned Sunday. The Starks visited her brother, C. T. Cook and family and sister, Mrs. C. L. White and family. Mrs. Hamilton went on to Dallas and visited her sister, Mrs. Fay Lunday and children.

Mr. and Mrs. Jim Everett and sons spent Sunday in Carbon visiting her parents, Mr. and Mrs. J. W. White.

Mrs. John Munn of Vanderbuilt visited in the home of Mr. and Mrs. Hugh Vermillion Monday. She is visiting her brother-in-law and family, Mr. and Mrs. Edd Munn.

Mrs. Johnie Mitchell is in Sudan visiting her uncle, and family.

Mrs. Edna Rose and little daughter, Helen, have returned to their home in Dallas after a visit here with her parents, Mr. and Mrs. Hugh Adams.

Mr. J. A. Elliott is home from a visit with his son, Huster, in Borger.

Mrs. R. D. Hardy and little son, Lon, of Pharr, are here visiting her parents, Mr. and Mrs. Dave Vermillion.

Here's One Hitch-Hikers Can Pass Up

Tommy Tucker, 34, a mental telepathist of Haverhill, Mass., gives Bostonians a thrilling demonstration by driving his station wagon completely blindfolded through the city's crowded streets for 12 minutes. He even stopped for red lights and avoided jaywalking pedestrians. Mrs. Tucker, in back seat, doesn't even look nervous.

Billie Kelley of Odessa spent the week-end with his mother, Mrs. Jessie Kelley.

Mental Patients Roam After Fire Guts Dormitory

KNOXVILLE, Tenn., May 19 (UP) — Eleven of the 152 mental patients who ran screaming from their blazing dormitory here last night were still roaming the county today, authorities said, after a search of the ruins disclosed no burned bodies.

A nose count of patients from the fire-gutted Eastern State Mental Hospital's farm dormitory today showed 11 of the male inmates missing, Supervisor L. O. Campbell said.

"They must be wandering around in the vicinity," Campbell said. "After searching the ruins we feel positively sure that none

of the inmates died in the fire." Dr. E. F. Peterson, administrator of state hospitals who led the search, said that "we found no dead."

Hospital officials emphasized that while the escaped inmates may be panic-stricken they are not considered dangerous.

Police and firemen had rounded up all the other white and blue-overalled inmates by midnight last night, but early today they reported no trace of the 11 missing men.

Known to millions of Russians as Kyrá Petrovskaya of the Moscow Theater, Russian war bride Mrs. Elliot Shirik, of New York, volunteered to broadcast over the Voice of America. She wants to "tell the people of Russia the truth about America." Married in 1946 and in this country about two years, Mrs. Shirik added, "This is paradise." State Department officials are considering her offer.

Flames burst out in the central section of the U-shaped combination office building and dormitory here late last night, throwing the 152 mental patients into panic and confusion.

But attendants were able to release the inmates from the dorm-
