# Production Of More Powerful Atom Bombs Revealed

Going Forward With Eastland  
By Bob Moore

Here are ten good reasons why fish don't bite: The air's too cool, or the sun's too bright. The lake's too shallow or the water's too deep. Your tackle's too costly or too darn cheap; if you get a nibble and you want more — You gotta row to the other shore; June's too early and August's too late — So the fish are scarce on your dinner plate; You try on days when it sprinkles with rain. And, again you'll find you've finished in vain — But, in spite of all the why, where and when. You can bet your life you're going again. (Dedicated to O. H. Dick and Joe Dennis, publishers of the Eastland Telegram and Ranger Times, who "tried" their luck with the finny tribe over the weekend.)

Saturday afternoon while standing on a downtown street chatting with a bunch of fellows, four beautiful young ladies in a new Buick station wagon, bearing an out-of-state license, pulled up to the curb and asked for this scribe to come over. Being an eligible 7, bachelor, we were only too glad to do so. The young lady behind the wheel desired to know if I would mind being interviewed for Look and Sports Magazines. She had only three questions to ask and the publications she represented were "hard working businessmen as I appeared to be." Of course, I was only too happy to be quoted in Look. But, by the time the conversation had reached the climax, it developed they were securing subscriptions with only a small service charge for an introductory offer. Since I had already gone out on the limb praising the publications, thinking my remarks were going to be printed as a result of the interview, I was in something of a spot. If I hadn't been a newspaperman, I don't think I could have gotten away without a subscription, but I told them that my job was going around interviewing folks and that we got so many publications on the exchange that I didn't have enough time to read half of them. Without another word, the luscious creatures took off in their Buick. The racket must be working like a charm to be able to sport the automobile and clothes they had. And a racket it was, misrepresenting themselves to be securing interviews and in reality wanting a person to commit themselves about the magazines, so they could sink their teeth in for the kill. Take our advice, and be careful of those street and door-to-door salesladies. Some are reputable and some are not even if they are unusually attractive.

Here's a \$64 question. Who is going to start the ball rolling for Eastland to secure a hospital? An experienced merchandise manager recently said, "There are four simple principles of running a store: (1) Find out what people want. (2) Have it. (3) Find out what people don't want. (4) Don't have any of it." Those four principles have taken on an added importance, now that the buyers' market is back in most lines, and consumers are shopping around for the best deal for the money. And those principles are largely responsible for the development of American retailing to the high state of perfection and service it has reached. For example, the chains worked on them from the very beginning. Most of the chains started as one store, run by a man who made a close study of consumer likes and dislikes. He stocked what people wanted — and he didn't put his money into goods that wouldn't move. The result of this was to give him big volume and fast turnover — and that made possible lower prices. That policy still guides the chain systems.

### Air Shipments To Hawaii Set New Record -

A Hawaiian "airlift," supplying the Honolulu market with fresh fruits and vegetables, set a new record in food cargo with a week's shipments totaling 50,000 pounds, as the crippling Hawaiian dock strike entered its fourth month. Above, a Clipper at the Pan American Airways in San Francisco is loaded before the takeoff. Celery, nectarines, grapes, plums, peaches, butter, eggs and fish comprise a major part of the record air shipments. (NEA Telephoto)

### Chiefs Of Staff Hold Conference

Frankfurt, Germany, Aug. 1 (UP)—The American joint chiefs of staff opened their unprecedented peacetime European defense talks today in the room that served as Gen. Dwight D. Eisenhower's office. Huge curtains were drawn across the maps still showing the highwater mark of the American advance at the Elbe, in territory which later was turned over to the Russians as part of the Soviet occupation zone of Germany. The first conferences were held behind closely-guarded doors with representatives from Luxembourg and Italy. This afternoon the three chiefs—Gen. Omar N. Bradley, Adm. Louis Denfeld and Air Force Gen. Hoyt S. Vandenberg—will be briefed by American Army and Air Force officers on U. S. Defense strength in Europe.

The conferences were held in the sprawling I. G. Farben building. The joint chiefs conferred 75 minutes with the Luxembourg officers, discussing mostly organizational matters. Under the Brussels pact, tiny Luxembourg is committed to supply only one division to aid defense of western Europe.

### Negotiations With Chinese Due

SHANGHAI, China, Aug. 1 (UP)—Disgruntled Chinese formerly employed by the U. S. Navy relaxed their siege of the American consulate today but did not abandon it completely. A handful of Chinese still remained on a sitdown picket line at the entrance to the consulate, although a majority of the 60 employees who seized the building at 7:30 A. M. Friday withdrew last night.

The agreement to withdraw was made on condition that talks to arbitrate the former employees' demand for bonus pay would start in a downtown office at 9 A. M. today. The opening session of the talks was postponed while consulate administrative officer Reuben R. Thomas, who had been held, prisoner in the consulate with two other Americans for 59 hours, prepared documents on the case. A group of 24 Chinese remained in the consulate entrance. A spokesman said they would stay there until the talks started downtown.

The Chinese yielded to Thomas' views at 6:30 o'clock last night. Thomas had refused for three days to negotiate a settlement under Duress. The Chinese were unable to make him change his mind during 24 hours of "psychological treatment" consisting of continuous questioning without food or sleep.

### Wheat Likely Candidate For Party Position

AUSTIN, Aug. 1 (UP)—A veteran Woodville attorney and long-time personal friend of Gov. James V. Allred, is being considered by the state Democratic executive committee to succeed the late Tom Tyson.

The committee's next meeting is not scheduled until Oct. 1. in Lufkin, but J. E. Wheat of Woodville was regarded as top choice for the important party post.

Shivers was asked yesterday while visiting his home near Woodville about reports that Wheat may get the job. The Governor said he was giving considerable thought to the appointment, but emphasized no decision had been reached.

Questioned further concerning the man who presided at his July 16 inaugural in Woodville, Shivers told United Press: "Judge Wheat is a friend of mine, and has been every since I was a little kid. And he's a mighty good Democrat."

State Party Chairman John C. Calhoun, reached at his home in Corsicana, said Gov. Shivers was free to select whoever he considered a proper successor to Tyson. The party secretary died recently.

The governor and party chairman discussed the vacant secretaryship recently. Along with State Vice-Chairman Mrs. Claude B. Hudspeth of San Antonio they plan another meeting "at the governor's convenience to get the word on the appointment. Wheat is a former member of the State Democratic Committee and long active in party work."

### Normal Weather General In Texas

By UNITED PRESS  
Normal weather, with highs in the upper 90's and lows in the middle 70's, prevailed over Texas during the last 24 hours and the Dallas Weather Bureau predicted more of the same for tonight and Tuesday.

A few scattered thundershowers kept temperatures comparatively cool at several points. Wink had .68 inch of rain; Beaumont .65; Amarillo .55; Dalhart .34; Austin .07, and San Antonio .05. The high yesterday was 100 degrees at Laredo and Presidio and the low maximum 83 at Lubbock. Overnight, the minimum was 59 at Amarillo and the high minimum 79 at Laredo and Galveston. Partly cloudy with a few scattered thundershowers were predicted for the next 24 hours.

More than 2,250,000 trees were planted in Nebraska this spring, 3 per cent above last year's plantings.

### 4-H Boys Begin Study Of Grass

Twenty-five Ranger and Gorman 4-H Club boys started their study of grasses and grass identification July 29 in preparation for contests to be held at DeLeon, Mineral Wells and Steele, Jr., Assistant County Agent.

Seventeen Gorman boys met at Gorman with Steele and B. L. Garner, S. C. S. Technician, Rising Star for the all-day field trip to study native grasses.

Eight Ranger Club boys, with J. M. Cooper, County Agent and George Moore, SCS Technician, Mineral Wells toured the Tudor community on the East side of the County on their grass study. The boys collected the samples and studied the characteristics of about 24 grasses. Some of the better grasses were big blue stem, little blue stem, Indian grass, side oats, grama, sand love grass, buffalo grass and curly mesquite.

Gorman Club boys making the tour were Ronald Jackson, John Lilly, Woodrow Browning, Doyt Maupin, Bob Love, Edwin Hattox, Bobby Joe Wright, Don Laminack, Robert Welch Dwaine Watson, Billy Earl Simpson, Royce Dean, Clement, Jimmy Campbell, Lane Campbell, Donald Lee Joiner, David Joiner, and Tommy Moody. Mr. N. B. Laminack made the tour also and carried some boys in his car. Ranger boys were Joe Morris Young, Bennie Robinson, Jerry Singleton, Acker Everett, Odis Foy Ball, Gary Patterson, Robert Maddox, and Jimmy Dell Rogers.

### Man Dies While On Vacation Trip

DES MOINES, Ia., Aug. 1 (UP)—A. C. Stuart, 77, of Texarkana, Tex., died yesterday aboard a train carrying him to Minnesota for a vacation. Stuart was president of the Two States Telephone Company and was being accompanied on the vacation trip by his son-in-law, George B. Butler of Austin.

Hollywood, the movie capital of the world, was named after a race horse.

### The Weather

By United Press  
EAST TEXAS — Partly cloudy this afternoon, tonight and Tuesday with scattered, mostly daytime thundershowers near the upper coast. Not much change in temperatures. Moderate variable winds on the coast.  
WEST TEXAS — Partly cloudy this afternoon, tonight and Tuesday. A few scattered thundershowers tonight. Not much change in temperatures.

### Minister Begg For Calmness At Mason Funeral

ALICE, Tex., Aug. 1 (UP)—Tension eased in this South Texas town after a soft-spoken Presbyterian minister called on angry Townspeople to calm down over the assassination of a crusading newscaster.

Nightriders had pumped shotgun bullets into an Alice nightspot last Friday night about 12 hours after W. H. (Bill) Mason, 51, the newscaster, was shot to death on the city outskirts as he sat in his automobile.

Mason, program director of Alice radio station KBKI, had concentrated his anti-vice campaign on the Rancho Allegro night club and charged that Deputy Sheriff Sam Smithwick was its owner.

Smithwick, who had been taken to the Nueces County jail at Corpus Christi, 50 miles east of here for safekeeping, was returned to the Alice jail yesterday. He will face a preliminary hearing on a charge of murder with malice aforethought Tuesday. Delivering his sermon yesterday over Mason's flag-draped casket, the Rev. Andrew Byers begged the city not to take the law into its own hands.

He did not refer to the slaying. "I make a plea from the depth of my heart for a period of the calmest, calmest thinking we have ever, ever done," Byers said slowly to the perspiring 350 persons who had crowded into the church. "The lord's way was calm thinking," he continued. "It is the long way and the hard way, but it is the way."

As the minister spoke, Mason's widow sobbed, glancing at the flower-banked casket only five feet away. Her son, Burt, 22, who had helped his father prepare the anti-vice radio scripts, comforted her.

(A report that young Mason was attempting to buy radio time in Corpus Christi to carry on his father's crusade could not be confirmed.) The nightclub was empty at the time the nightriders made their midnight visit. It was "closed for business" over the weekend.

### Clinton To Head C J C Fine Arts

Robert Clinton, private music teacher of Eastland, has been elected to head the Fine Arts Department of Cisco Junior College for the 1949-50 school term, it was announced by President O. L. Stamey.

Clinton will continue to make his home in Eastland, conducting private classes and teaching in Eastland High School, with the college position to require only three class periods each week of his time.

He will teach both voice and piano in the junior college and plans to organize an a cappella choir. A native of Putnam, he received his musical training at North Texas State Teachers College in Denton. He studied piano under Scotti and voice under Appleman.

### Eastland Wins Over DeLeon

Eastland defeated De Leon, 6 to 3, in a baseball game played at Firemen's Field Sunday afternoon before a large crowd. Bobby Blair did some outstanding, catching, while Crossley pitched a stellar game for the locals. Next Sunday, Dublin will play Eastland here.

### Bob Church Employed By Ideal Cleaners

Robert E. Church, who has had 30 years experience in the dry cleaning and alteration business, is now employed by Ideal Cleaners, 201 North Seaman Street. The Ideal Cleaners feature a complete service—including cleaning and booking hats. All work is guaranteed.

Rev. Bronell A. Greer

### Missionary To India To Speak Here Wednesday

The Rev. Bronell A. Greer, missionary to India, will speak at the Church of the Nazarene here Wednesday evening at 8 o'clock.

He and Mrs. Greer will relate their experiences during their 5-year tenure of missionary work in India. While in India, he was stationed at Mehkar, Berar, and was in charge of the literature of the Indian District. He has published several booklets in the Marathi language for Indian preachers and has started the "Preacher's Magazine" in Marathi for the native workers.

Prior to his service abroad, the Rev. Greer pastored the Church of the Nazarene at Lexington, Okla., for two years. He completed his college work at Bethany-Pensel College, Bethany, Okla. He and his wife will be stationed in the United States for about a year, during which time he will do deputation work for the Department of Foreign Missions of the Church of the Nazarene, which maintains its international headquarters in Kansas City, Mo.

### Cisco Gets New Band Director

CISCO — Paul B. Forgy of Dublin has been employed as director of the Eastland High School Band for the 1949-1950 school year, it was announced by school officials.

Forgy has held similar positions in San Diego, Victoria, Kenya and Wheatland, Calif. He obtained his Bachelor of Science degree and Music Education Degree from the University of Texas.

He replaces Fred Baumgardner director for the past four years.

### NEW ALL TIME HIGH IN OUTPUT OF WEAPONS HIT

By JOSEPH L. MYLER  
United Press Staff Correspondent

WASHINGTON, Aug. 1. (UP)—The Atomic Energy Commission reported today that production of "new and more effective" bombs and their explosive contents has spurred in the last six months to new all time highs.

It also gave assurance in its sixth semi-annual report to Congress that "enormous tonnages" of low grade uranium ores in this country guarantee sustained production even if higher grade foreign raw material sources should be cut off.

The report made no direct reference to the forthcoming negotiations with Great Britain and Canada on exchange of atomic weapons information and division of the rich Canadian and Belgian uranium production. Nor did it allude to the congressional investigation and "incredible mismanagement" charges lodged against the commission and Chairman David E. Lilienthal by Sen. Bourke B. Hickenlooper, R., Ia.

But it said "actions have been taken to improve and make more certain the supply of (uranium) ore both from abroad and from sources in the United States."

And it asserted, as though in answer to Hickenlooper, that "the last six months have brought changes and advances in all phases of the national atomic energy program" in which American taxpayers have invested \$3,500,000 (B) since 1942.

These advances took place not only in the field of weapons manufacture, the commission's main business, but also in peaceful developments looking toward atomic engines and improvement of man's health and his food supplies.

Radioactive elements produced in atomic piles, the report said, are advancing diagnosis and treatment of disease, particularly cancer, and are helping to produce more fruitful feed corn and other food plants.

The report dealt at length with progress made in biological and medical research carried out or financed by the commission. Highlights included:

1. It may be possible to build up resistance to atomic radiation through injections of feline sex hormones and a protein constituent called cysteine. It has worked with mice.

2. Treatment of radiation sickness among casualties of atomic attack may be made more effective by toluidine blue and protamine, substances found to check bleeding caused by radiation.

3. Radioactive elements have been used effectively in treatment of thyroid cancer and two blood diseases, leukemia and polycythemia vera; to locate brain tumors; to diagnose maladies resulting from lack of hormones, and to relieve pain and distress in two kinds of heart disease, angina pectoris and congestive heart failure.

On bomb production the report said: "Operations in the field of military application of atomic energy have continued to accelerate during the last six months."

"New and more effective atomic weapons which were tested at Eniwetok in 1948 are in production.

"Components of these weapons are being produced on an industrial basis by competent manufacturing concerns or special government facilities throughout the country."

The commission said the past half year produced a "marked advance" in output of uranium-235 and plutonium. These bomb explosives, the report said, are "being produced in greater quantities than ever before" and at a unit cost nearly 30 per cent lower than of 1947.

A commission spokesman said the project still depends for efficient operation on the high grade ores from Canada and Belgian Congo. He voiced hope that nothing would happen in the field of foreign relations to cut off or diminish those supplies.

But, the report said, "examination of virtually every rock formation in this country, and of mine and smelter products, gas oil wells, and other places where uranium might occur," revealed by mid-year "enormous tonnages of very low grade materials."

Janitor Keeps Cool  
BOSTON (UP)—With the temperature at 89, tenants of a Brighton apartment house were flabbergasted when the heat suddenly came on. The janitor explained that it was a mistake—after police had located him cooling off at a beach.

## Going Forward

(Continued From Page 1)

tems, and it guides thousands of successful independent merchandisers as well.

Back of it all, of course lies competition. It is the goal that guarantees good service and fair prices. If one store hasn't got what people want, they'll go down the street or over to the next town and buy it. It one store tries to charge prices which are out of line, trade soon becomes conspicuous by its absence. If a store is unattractive and rundown and the displays have a moth-eaten look, a "For Rent" sign will soon occupy the window.

Good merchants know that the era of shortages, when almost anything could be sold, even if it was shoddy, is over. They're acting accordingly.

Churchill Downs is distinctive among major American race tracks in having put on an annual meeting every year since 1875.

## One Killed, Five Hurt In Wreck

GRANBURY, Aug. 1 (UP)—One person was dead today from a highway crash near here that injured five others.

Harvey Don Roulston, 17, Stephenville, died in a hospital here shortly after the car he was driving overturned on a curve on a farm-to-market road one mile west of Granbury.

Injured were Miss Laverne Dunning, 26, of Lipan (Hood County); Melba Jean Tuggle, 15, Lipan; Wendell Hunter, 20, Stephenville; James Trigg, 17, Abilene; and Harlon Overton, Thropo Springs. Only Miss Dunning, who received a jaw fracture and deep cuts, was seriously hurt.

The group was believed en route to Granbury for a Sunday movie.

North Carolina ranks first in the U. S. in number of lumber and basic products plants.

**NINE YEARS LATER**—Nurses and patients watch men of London's Bomb Disposal unit bring a 2500-pound bomb to the surface after removing the fuse. The bomb, one of thousands dropped by the Germans in '40's blitz, had lain underneath a partly demolished building until it was discovered . . . nine years after being dropped.

## Gen. Howley Asks For Release

BERLIN, Aug. 1 (UP)—Brig. Gen. Frank L. Howley, American commander in Berlin, confirmed today that he has asked the Army department to release him.

If his request is approved, Howley indicated he would return to the United States Sept. 4 to resume his business career. He is a former Philadelphia advertising executive. Reliable sources here believed

Maj. Gen. Maxwell Taylor, European command chief of state, might succeed Howley as director of the office of military government, Berlin sector.

#### Pretzel Bending Made Easy

NEW YORK (UP)—Industrial progress has come to the rescue of pretzel-benders, Westinghouse reports. Tiny three-inch fans blow air on dough after it has been formed into a pretzel shape. This "case hardens" the dough, permitting it to be handled more easily without danger of distorting the traditional pretzel shape.

## Two Arrested In Dope Smuggling Investigation

HOUSTON, Aug. 1. (UP)—Houston police today arrested a blonde dancer and her 22-year-old male companion as investigation continued into a local dope smuggling ring.

Over the weekend, \$2,900 worth of heroin was found in a downtown hotel room occupied by another couple, a 39-year-old man and a 23-year-old woman. Police said the man told them he brought the dope for his own use.

Today's arrests involved an attractive 24-year-old showgirl described by investigators as the same person who recently dropped a note from a car near St. Paul, Va., "warning" officers she had

## Maj. Gen. Moore Retires From Active Duty

(UP)—Maj. Gen. George F. Moore, who defended Manila Bay against superior Japanese forces until ordered to surrender by higher authorities, retired from

active duty today after 40 years of service.

A native of Texas, Moore began his career as a Coast Artillery officer after graduating from Texas A. & M. He assumed command of harbor defenses in Manila and Subic bays in 1941 for his third tour of duty in the Philippines. His battered command was ordered to surrender Corregidor, May 6, 1942.

She told Houston police she had been working at a Galveston club. The convertible in which she and her companion were speeding along a boulevard when they were halted by police was being searched thoroughly for hidden narcotics. The man has been arrested before in connection with dope smuggling. The car was loaded with travel ing bags containing dancing costumes.

After the surrender Moore spent three years and four months in Japanese prison camps. He was later awarded the distinguished Service Cross for heroism at Corregidor.

A hypothetical 10,000-pound-thrust jet engine would deliver more than 20,000 horsepower when traveling at the speed of sound, 760 miles an hour, according to Westinghouse engineers.

## Engineers Give Answer to Problem of Texas Weather

Faced with the ups and downs of Texas weather, engineers have produced a new motor oil that stays thin for easy flowing in cold weather, yet stays full-bodied and tough on hot days. The new product, Humble Esso Extra Motor Oil, has the highest resistance to temperature changes of any motor oil in Texas, or any-

where else, according to Humble Company technicians. The technical name for this quality is high viscosity index; Humble scientists add that high viscosity index is a good guide to high motor oil quality. Humble station salesmen are urging customers to drain dirty, diluted oil and refill with new Esso Extra Motor Oil for extra protection. Adv.

THERE IS NO SANTA CLAUS—YOU PAY THE BILLS—Uncle Sam is spending a lot of money these days—in fact, more than he's taking in. And you're the guy who's paying for it, through taxes. This map gives a breakdown of how much you and other tax-payers kicked into the federal kitty during 1948. The grand total collected for the year, \$42,302,864,000, is equivalent to the total wages of all persons working in factories and mines throughout the country.

## TEXAS News Briefs

DALLAS, Aug. 1 (UP) — Bobby John, 27, was electrocuted at his home yesterday. Police said he was working on a home-made television set with a electric drill which shortcircuited.

DALLAS, Aug. 1 (UP) — Three out-of-town polio cases were admitted to the isolation ward at Parkland Hospital yesterday. One of them was a 47-year-old Rockwall woman. The others were children — a 6-year-old girl from Athens and a 3-months-old boy from Mount Pleasant.

STERLING CITY, Aug. 1 (UP) — Four persons died in a two-car automobile collision here Sunday.

Bobby King and Billy Hudson, both 19, of Sterling City, died enroute to a hospital. Their car collided head-on with one occupied by Mr. and Mrs. Harmon Sheppard, newlyweds. Sheppard, 26, a Sterling City ranchhand, died instantly. His wife of a week, 18, died five hours after the crash in a San Angelo hospital.

DENTON, Aug. 1 (UP) — A Dallas woman, who sank in Lake Dallas yesterday, was revived by ambulance and fire department workers who applied artificial respiration and used oxygen inhalators over her for a half-hour. Mrs. Faye Richardson, 38, was pulled from the bottom of the lake, near the east shore, five minutes after she sank. At a Denton hospital, attendants said

she was in "fair condition," suffering from extreme nervousness and severe shock.

KILGORE, July 31 (UP) — Two persons were killed yesterday when a truck and a passenger car ran together on State Highway 31, four miles west of here. Henry Lee Rushing, 39, driver of the truck, was killed instantly. He was from Flint (Smith County). James Wallace, 18, Tyler, driver of the car, died enroute to a hospital.

PLAINVIEW, Aug. 1 (UP) — Bulbar type polio was listed by West Texas polio center attendants today as cause of death of Paula Weddington, 11, of Borger. The child died Saturday.

NEW ALBANY, Miss., Aug. 1 (UP) — Funeral rites were held here yesterday for James Branyn, Houston (Tex.). Post reporter killed in the July 12 crash of a Dutch airliner near Bombay, India.

HOUSTON, Aug. 1 (UP) — It's been a wet year in Houston, wetter so far than all of last year's rainfall here.

MISS AMERICAN LEGION OF TEXAS, pretty Jerry Gibbons, uses a fan to keep cool while trying on a new coat which will be among the advance winter fashions to be shown at the American Styles meeting in Dallas, August 14-19. While most Texans will be complaining about the heat, some 4,000 buyers from all parts of the Southwest will attend the exhibit to see a forecast of what American women will be wearing next winter.

## Farmers to Find Out

CHAMPAGAIN, Ill. (UP) — One hundred Illinois farmers and their wives will tour eight European countries and Canada this summer to find out how farm folks live in other parts of the world. The tour will be directed by Dr. David Lindstrom, University of Illinois rural sociologist. The group plans to visit the British Isles, Norway, Sweden, Denmark, Germany, Holland, Belgium, France and Canada.

## As Easy As That

BELLEFONTAINE, O. (UP) — Mr. and Mrs. Glenn Cooper gave up fishing without catching anything at nearby Indian lake and started rowing back to the landing where they rented their boat. A 22-inch bass jumped into the boat.

Long's maid of honor, Mrs. J. D. Perry, Mrs. John B. Fair and Mrs. E. E. Traweck presided at the tea table. Others in the house-party were Joy Sheffield, Mrs. J. J. Harker, Gloria Malcom, Dorothy Haynes and Mrs. Calvin McIntosh.

Overlaid with satin damask, the tea table was done in all-white bridal note. A bridal doll dressed in full wedding regalia stood against a background of plaques of glads, asters, daisies and feverfew. Bridal figures were beneath a flower-dotted arch from which a bridal path of satin ribbons was fashioned across a low wedding cake. White tapers in crystal holders were used as lighting for the table and the flower laden buffet.

Guests were registered in the bride's book on a table in the two storied back living room and from there passed into the music room. Many of the callers were visiting the home for the first time since it has been remodeled and redecorated.

Mrs. Long's sister, Fronie Clausel of Albany, and Mrs. W. T. Couble of Snyder were here to attend the tea. Mrs. Robert Dublin of Laredo was another tea visitor, attending the party with her mother, Mrs. Guy Paxton.

Mrs. Clyde Barr of Leesville, S. C., who is a guest here of her mother, Mrs. J. Soule McDaniel, was a caller, accompanying Mae Belle McDaniel, Mrs. S. M. Jay, and Mrs. Raymond McDaniel to the party. Calling with her mother, Mrs. Elmo Jones of Tuscola, was Madie Jones, bride-elect.

Other callers included: Mrs. Maurice Brooks, Mrs. Gray Browne, Mrs. E. S. Cummings, Mrs. A. V. Smith, Mrs. J. R. Black, Jr., Mrs. W. H. McMullen, Mrs. Horace B. Stevens, Mrs. W. H. Williams, Mrs. Kenneth Walter, Mrs. Esco Walter, Birdie Wilson, Mrs. J. C. Shipman, Mrs. Bryan Bradbury, Mrs. W. J. Schultz.

Mrs. T. R. Moreman, Mrs. Hudson Smart, Mrs. A. G. Harker, Mrs. Rupert R. Harkrider, Mrs. C. E. Botkin, Mrs. Davis Scarbrough, Mrs. P. P. Bond, Mrs. Fred Woodridge, Mrs. R. W. Finley, Jr., Mrs. Fred Smith, Vivian Fryar, Mrs. W. E. Smith Mrs. W. C. Bickley, Mrs. W. W. Haynes.

Pampa and the three women motored to Trinidad, Colo., where they spent the week in a cabin among the tall pines. They were joined by Mr. Swafford and Mr. Browning over the week end and the group visited Rockwall and Monument Lake, Colo., and other points of interest on a sight-seeing trip.

Miss LaVerne Cornelius is in Corpus Christi this week, where she has joined a group of college friends for a house party in the home of Miss Suma Lawson.

Robert Williams and George McFerren of Dallas spent the week here with Margot Wadley in the home of his parents, Mr. and Mrs. Gordon Wadley, 1310 South Green Street.

Mr. and Mrs. J. N. Nation of Caddo, Okla., and their son James Nation with Mrs. Nation and daughter, Linda Sue were the week end guests here in the home of Mrs. Nation's parents, Mr. and Mrs. T. S. Davis and with her sister, Miss Winona Davis.

Mrs. Blanche Nicols left Monday accompanying her cousin, Mrs. Mary Jack to her home in Snider, Okla., for a week's visit in her home and with Mrs. Jack's sisters, who also live in and near Snider.

Mr. and Mrs. W. T. Young spent the week end in Abilene and on Sunday helped their son, Bimble Young celebrate his birthday. Other guests at the birthday dinner was the Young's daughter, Mrs. J. A. Hile and family of Abilene.

Mr. and Mrs. Billy Summerlin and daughter, Connie are the guests here in the home of Mrs. Summerlin's parents, Mr. and Mrs. John Summerlin.
