MURDER CHARGES FILED AGAINST HITCHHIKER

BRADY, Tex., Aug. 26 (UP)—Murder charges were to be filed here today against a 23-year old woman hitchhiker who allegedly shot to death Lewis Patterson, 34, of Brady and robbed him of \$50 and his car.

The woman was arrested, with a 17-year old girl companion, in San Angelo yesterday after registering in a hotel and using hair dye and different clothes to change her appearance.

The younger girl was returned here last night, but the older woman was held in San Angelo for questioning by Amarillo officers in the brutal tourist murder of W. A. (Tex) Thornton, famed oilfield trouble shooter.

Both young women signed confessions, which agreed in most points.

They said they hitched a ride with Patterson, a Brady real estate agent, just outside of town. Some five miles out of town, some papers flew out of the car and the man stopped to pick them up.

The older woman said she then pulled a gun and told Patterson to "hoist 'em". She said they struggled. The gun was fired three or four times, but Patterson was hit only once, in the stomach.

The woman said she took his billfold and dumped the Brady man's body in a ditch beside highway 87. They took the car, but wrecked it about 10 miles from the scene of the shooting, she said.

Long Beach Shipyards To Close

The United States Navy shipyard, above, has been ordered deactivated to practically a custodial basis by Secretary of Defense Lewis Johnson. This order will affect nearly 6000 civilians and deprive Long Beach and environs of a payroll of approximately two million dollars monthly. Terminal Island, where the main Navy base is located, has been reported sinking into the bay for some years. (NEA Telephone)

SUBMARINE SUNK BY EXPLOSION

WASHINGTON, Aug. 26 (UP)—The Navy submarine Cochino sank in Arctic waters early today following an explosion.

Seven men were killed, six of them in rescue operations.

The Navy said the explosion occurred in the battery room of the Cochino.

A civilian technician was among those killed aboard the Cochino.

The other six perished when they were swept from the deck of a sister submarine, the Tusk, during rescue operations in heavy seas.

The Cochino and three other submarines left the submarine base at New London, Conn., July 18 for a Trans-Atlantic training cruise including an informal visit at Londonderry, Ireland.

The normal complement of the Cochino is 85 officers and men. Those reported lost included: James Robert Miller, Eni.; next of kin, Mrs. Lillian Maxine Miller, wife, Liberty, Mo.

The Toro and Corsair were the other two submarines on the cruise.

Educational Film Shown Dairy Owners

An educational film, "How Milk Is Made", was screened at a regular monthly meeting of the Eastland County Dairy Association Thursday night in the Eastland County Courthouse, with 40 persons attending.

A. Z. Myrick of Cisco, president, presided for the business session. He reported fine progress being made in the association sponsored dairy youth program.

It was decided that the annual tour of dairies in the county would be made just before the dairy show next spring.

The association voted to pay expenses for Harry Crow of Carbon, artificial breeding technician to attend a Breeder's Conference at Texas A. & M. College on Sept. 5 and 6.

The next meeting will be held in Cisco at Henry's Feed Store on Sept. 29th. Travis Wheat of Eastland will be program chairman. Bob Stone of Texas Electric Service Company will speak.

STORM HEADED STRAIGHT FOR MIAMI BEACH

By ROBERT VERMILLON
United Press Staff Correspondent
MIAMI, Fla., Aug. 26 (UP)—A mighty hurricane roared toward the rich "Gold Coast" of Florida today, pointed straight at the Miami-Palm Beach area.

At noon the storm was 75 miles east of Miami. The weather bureau said it would hit the 40,000 population resort town of Ft. Lauderdale at 3 P. M. CST.

Ft. Lauderdale and the stretch of coast north beyond Palm Beach to Stuart were warned against "abnormally high" tides rolling in with the hurricane.

Lake Okeechobee, where 1,800 persons drowned when the lake washed over its banks during a 1928 hurricane, was in the path of the storm. Winds over the whole part of the peninsula were stepping up their power to about 35 miles per hour with higher gusts.

Also in its path were the thickly populated resort cities of Miami, Hollywood and Palm Beach.

The hurricane toppled trees and shattered a number of windows in Nassau early today as it swept across the Bahamas and headed toward the United States. Winds of 75 miles an hour were recorded.

It was moving on the Florida coast at 18 to 20 miles per hour.

A "renewed" hurricane termed a "bad actor" by Weather Bureau Chief Grady Norton, the storm was lopsided. Winds on its north and east sides were clocked at 110 to 120 miles while those on the west and south were slightly above hurricane force.

"The hurricane has increased in some intensity overnight, Norton said, "but is still not unusually severe."

The whole Gold Coast, hurricane-wise since the "killer" storm of 1926 which took 100 lives in Miami alone, was buttressed up. In Miami the first fearful families made their way after breakfast to hurricane shelters set up in public buildings.

Householders locked windows, filled tubs with water for drinking and cooking. Business firms sent home their employees. Every movable object was taken indoors or securely tied.

The storm was aimed at the rich fruit belt along the coast and the fertile mucklands around Lake Okeechobee, 60 miles northwest of Miami.

The Miami sky took on a leaden color shortly after dawn. At 8 A. M., a blanket of low, grey clouds moved in from the sea and gusty winds began tugging at the supple palms lining Miami's broad boulevards.

The hurricane, born in the Southern Atlantic hurricane belt 1,500 miles southeast of Miami, slammed across El Salvador Island and into the Bahamas before midnight last night.

Miami, 20 miles south of Ft. Lauderdale, will receive winds of bare hurricane force, about 75 miles per hour, the Weather Bureau said.

The storm was moving west, northwest from its position off Miami. If it continues overlaid on its present course it would strike across the Everglades swamp and race into the Gulf of Mexico between Sarasota and Tampa.

The whole southern half of the Florida peninsula — the resort Gold Coast and the fertile farm-lands south of Lake Okeechobee — was buttressed up tight for the storm.

"The greatest danger is expected from Ft. Lauderdale to Stuart," the advisory said, "where winds will be strongest... with high tides."

Ft. Lauderdale is a yacht and fishing harbor laced with canals. Boats of all sizes, from palatial pleasure yachts to small fishing craft, were being moved inland up the canals away from the ocean front.

75 Attend VFW Social

Approximately 75 persons were in attendance at an informal reunion of overseas veterans sponsored Thursday night by the Eastland Veterans of Foreign Wars Karl & Boyd Tanner Post No. 4136 in their new home located on East U. S. Highway 80, Karl K. White, publicity chairman, stated.

Experiences during the war were "swapped" by the ex-service men during the informal get-together.

The woman said she took his billfold and dumped the Brady man's body in a ditch beside highway 87. They took the car, but wrecked it about 10 miles from the scene of the shooting, she said.

MARAGON EXERCISES RIGHT TO REFUSE TO ANSWER QUESTIONS

By WARREN DUFFEE
United Press Staff Correspondent
WASHINGTON, Aug. 26 (UP)—Faced with senatorial charges of perjury and tax fraud, White House hanger-on John Maragon today invoked his constitutional rights not to answer incriminating questions.

He did so immediately after "five per center" investigators testified that he had an income of at least \$119,608.61, probably more, during a five-year period for which he claimed only \$39,000.

The one-time Greek immigrant boy rose to affluence with the help of White House favors at long last faced Senate inquisitors who accused him of lying about his income in the years when he was getting frequent assists from White House Aide Harry H. Vaughan.

Wearing a gray suit, the red-faced Maragon was called to the witness stand as Sen. Karl E. Mundt, R., S. D. charged he was guilty of perjury and income tax evasion.

Maragon listed his occupation as a publishers representative.

He was asked almost immediately whether he had ever worked for Frankie Costello, New York underworld and gambling king, or William Helis, race track operator. Maragon refused to answer on the grounds his testimony might tend to incriminate him.

As the committee members read questions at him, the only time he said "yes" in the early part of his questioning was when Mundt asked "do you know Ger. Harry Vaughan?"

"Yes," Maragon said, as the audience laughed.

Mundt then asked him if he

Shivers Without Authority To Act In Dispute

AUSTIN, Tex., Aug. 26. (UP)—Gov. Allan Shivers said today he was without authority to require arbitration of a dispute between the Oil Workers International Union and the Lone Star Gas Co., at Dallas.

Fred H. Schmidt, International Representative of the OIO union, had telegraphed the governor that any three men from a panel of 11 which the union suggested would be acceptable as arbitrators. Shivers was included.

Shivers said that he would be "glad to consider taking such steps as both parties may request jointly..." toward settlement of the dispute, which involves renewal of the contract which expired Wednesday at midnight.

He urged that negotiations be continued, without interruption of service.

The Dallas employees of the gas company were seeking improvement of working conditions but asked no wage hike.

'Tithing' To Be Discussed In Rally Here

"Tithing" will be the principal subject to be discussed tonight in a "Grow With Your Church" rally in the First Baptist Church of Eastland, beginning at 7 o'clock, i.e. Rev. L. M. Chapman, pastor, stated.

The rally, with delegates of the Cisco Baptist Association (Eastland, Stephens and Shackelford Counties) attending opened this afternoon at 2 o'clock.

One of the eighty-one regional meetings being held throughout Texas, seven outstanding Baptist leaders are directing. Dr. Roy Johnson of the First Baptist Church, Canyon, is heading the group. Other leaders include: Dr. Vernon Yearby of Midland; H. H. Steppens of Brownwood; Mrs. W. A. Todd of Brownwood; R. V. Mott of Pampa; Ray Stephens of Spearman; and Mrs. Tate May of Hamlin.

"God's Conception of Stewardship" was featured during the afternoon session, along with song and devotional services.

The rally is a church-centered program designed to bring the best plans and methods whereby churches might grow, the Rev. Chapman said.

Child Dies After Eating Prickly Pear Apple

SWEETWATER, Tex., Aug. 26 (UP)—A three-year-old child died yesterday after eating a prickly pear apple and today six of her brothers and sisters and her mother were suffering from the same type poison.

However, doctors this morning expressed hope for recovery of Mrs. Antonio Almaguer and her six children.

The prickly pear apple produces a poison something like mushroom-toad stool poisoning, hospital attendants said. The family lives at Eskota, East of Sweetwater. They were brought to the hospital here.

The daughter who died yesterday after her fever mounted to 109 degrees was Mary Marie Almaguer.

Rossellini Curt About Marriage

ROME, Aug. 26 (UP)—Italian Motion Picture Director Roberto Rossellini categorically denied today making any direct or indirect statement that he would marry Swedish Actress Ingrid Bergman when she divorces her surgeon husband Dr. Peter Lindstrom.

"As I said on Stromboli (island) and while shooting the final scene of Bergman's final film at Farfa (Italy) I have no comment whatsoever to make," Rossellini said. "I neither confirm nor deny it."

18th Annual Prison Rodeo To Open Sunday, October 2

HUNTSVILLE, Aug. 24 (ECHO)—The 18th edition of the "Biggest Prison Show on Earth," the Texas Prison Rodeo, will open in Prison Stadium, Huntsville, on Sunday, October 2, at 2 P. M. It will be held each Sunday during the month and on Wednesday, October 19, French Robertson, rodeo chairman of the prison board announced today.

According to the Abilene board member, plans are already made for the greatest rodeo in the history of the annual event. Livestock and inmate performers will be up to their usual neck-breaking standards of savagery and wildness with many new acts and performers already signed up.

Among the old timers who will again be associated with the Prison Rodeo are Albert Moore, returning for his sixteenth year as manager of the show which he developed into the fastest, wildest rodeo in the world; Roy Dillon, the familiar "voice" who is regarded by many as the best rodeo announcer in the Southwest, will again be on hand to

MC the show; and Mr. A. C. Turner, prison rehabilitation director, whose 1948 publicity program was responsible for setting new highs in ticket sales and revenue, will again direct advertising and publicity.

Each performance of the greater new 1949 Prison Rodeo will include novelty acts, standard rodeo events such as calf roping, bareback and saddle bronc riding, bull riding, etc., and exclusive Prison Rodeo features such as the hilarious chariot race, the huge prison military band, the Goree Cowgirls, wild horse race, the breath taking mad scramble, wild cow milking, and the music of the Prison Stringers. Mr. Albert Moore promises, "a spectacle they'll never forget."

"Prices for the greater 1949 show will remain the same as last year," Mr. Robertson emphasized. "Two dollars for reserved seats and one dollar for "standing room only," tax included. Reservations may be made any time after September first by writing or wiring the prison ticket office in Huntsville."

There will be six performances: October 2, 9, 16, 19, 23, 30.

State Leaders Make Talks At Oil Belt Dealers Meeting

W. A. "Cap" Williamson of San Antonio manager, and Walter J. Alderson of Lubbock, president of the Texas Automotive Dealers Association were featured speakers at a regular monthly meeting of the Oil Belt Dealers Association in Cisco Thursday night.

The speakers outlined the history, growth and activities of the Association, of which L. E. McGraw, Eastland, is a director.

Williamson and Alderson were made honorary members of the Eastland Old Rip Horned Toad Derby, the Eastland Chamber of Commerce, and the Oil Belt Dealers Association.

Jack Cox of Houston spoke briefly on insurance problems.

The association decided to meet again in Cisco for the next monthly meeting, Sept. 29.

Thirty-five persons attended with representatives from Cisco, Ranger, Coleman, Abilene Baird, Moran, Breckenridge, Gorman and Eastland.

Attending from Eastland were: E. H. Jones, McGraw, Bill Hunter, Bob King, Jack Muirhead, John Osborne, Sr., John Osborne, Jr., O. M. Hunt, Judge M. S. Long, A. J. Blevins, Sr., A. J. Blevins, Jr., C. Dean Russ, V. T. Moser, H. L. King and Claude Maynard.

Eastlandites Deep Sea Fish

C. M. McCain, manager of the Eastland County Livestock Credit Association, and wife and Waverly Massengale, employed by Texas Electric Service Company, wife and daughter, Mrs. McCain, returned Wednesday night from a deep sea fishing trip at Freeport.

About 80 Red Snappers, five Kings, and some uncatchable fish were caught by the anglers.

It was McCain's first experience with deep sea fishing. With 300 feet of line out, McCain struck one of the three foot Kings. In the excitement, he forgot to make use of the reel in bringing in the line and started hauling the tackle in with his hands as a roper would with a steer.

Cross-Eye Doctors To Face Charges

FORT WORTH, Tex. (UP)—Five Cadillac, Mich., residents today faced 10 charges of performing cross-eye operations without Texas medical licenses.

The group was accused specifically of performing operations on Mrs. Stella Henderson of Fort Worth and Bob Allred, a six-year old boy, in a hotel room here Aug. 12.

Defendants were Mr. and Mrs. R. L. Morgan, and Mrs. George W. Rakestraw, and Maxine Kimmel, a nurse.

RANGER-MORTON VALLEY ROAD PROJECT APPROVED

Word was received in Ranger this morning that State Highway Commission has authorized a project for the rebuilding of the road from Morton Valley to Ranger.

The commission authorized the expenditure of \$66,880 on the road to be used for widening, grading, structures and surfacing.

The authorization of the project by the commission brings to a close a long chapter of hard work on the part of the Ranger Chamber of Commerce and various county commissioners, and makes possible the realization of one of the Chamber of Commerce's most cherished hopes.

Joe N. Graham, president of the Chamber of Commerce, stated today that he could not recall just how many years ago it was that the project had been promised the Chamber of Commerce. He stated that it was during the time that H. V. Davenport was commissioner of this precinct that the effort was launched and that it has been pushed ever since by the local organization and by various county commissioners, including Ed Castleberry, present precinct commissioner and Judge P. L. Crossley.

R. V. Galloway, secretary of the Chamber of Commerce, who has been tireless in his effort to push the rebuilding of the road, was out of town today and could not be reached for a statement.

Other projects authorized by the commission today were:

Cherokee County — widening on U. S. 79 from College Avenue to the west city limit of Jacksonville, estimated to cost \$30,000.

Ellis County — designation of three farm-to-market roads, \$152,600 with Ellis County financing the entire cost of the road construction.

Hidalgo County — widening, grading, structures and surfacing on state highway 107, form 8 mile east of Edinburg to 4.4 miles east, \$80,000.

Lampasas County — two dustless, two-lane farm-to-market road to be financed on a 75-25 county-state cooperative basis, \$26,200.

Rusk County — farm-to-market road from State Highway 259, 1.8 miles south of Sexton City limits south via New London and west to State 323, 1.5 miles northwest of London, with Rusk County furnishing entire cost of \$26,000.

Reeves County — widening on U. S. 285 from Texas and Pacific Railroad to the north city limits of Pecos, \$48,000.

Nueces County — grading, structures and surfacing on State Highway 9, from Stillman Avenue in the city of Corpus Christi westerly 3.74 miles to an intersection with farm-to-market 891, \$850,000.

LOOPHOLES in the Law

By WILL WILSON
Past President, Texas District and County Attorneys Association

By Will Wilson
District Attorney, Dallas County

(Editor's Note: This is one of a series of short case histories, all taken from court records, showing how legal loopholes often enable criminals to escape punishment in Texas. Will Wilson,

of Dallas is chairman of a special steering committee of the State Bar, which is working for revision of Code and Code of Criminal Procedure of the antiquated Criminal Code in order to eliminate these loopholes.)

Old John had a little money

SONNY BRADLEY AND HIS "BLACKOUTS" — Sonny Bradley, 13-year-old son of Mr. and Mrs. E. S. Bradley of Route 1, Dublin, Texas. Sonny, who is a Sophomore in the Dublin High School has been training these 2-year-old ponies about four months. They weigh about 500 pounds each and are appropriately called the "Blackouts". Sonny and the "Blackouts" have appeared in several shows on the Rodeo circuit this year, some being San Angelo, Fort Worth, Belton, Breckenridge and Coleman. Some features of the act include the Stake Race or Double Figure 8; the three natural gaits of a horse, walk, trot and canter, a reverse stand on the running horses; the jump as pictured above; all while standing without foot on the back of each horse. They will appear in the Dublin Rodeo Aug. 31, Sept. 1, 2, 3.

saved up and was kindly old fellow. When Slicker Pete came along with a hard luck story, Old John lent him a hundred dollars. It would be just for a few days, Slicker Pete said. He promised to pay Old John back at the end of the week. Sure enough, when the week ended, Pete wrote out a check to the old gentleman.

But when Old John went to cash the check, he found that Pete not only did not have a hundred dollars in the bank — he didn't even have an account there. It was a worthless check pure and simple, given willfully and intentionally. But when Slicker Pete was arrested and then prosecuted for passing a worthless check, he was acquitted.

WHY? The laws of Texas require that for a person to be found of passing a "hot check" he must have received something of value AT THE TIME the check was given. Pete had received the "something of value" — that is, the hundred dollars — several days before he gave Old John the check.

The State Bar of Texas is working to close such loopholes in the law so that honest citizens will

not be so easily victimized by crooks. The outworn Criminal Code and Code of Criminal Procedure now used in Texas are sorely in need of revision.

Man Kills Ex-Wife Shoots Himself

HOUSTON, Tex. Aug. 26 (UP)—A 29-year-old doctor's receptionist was killed in the Medical Arts Building here yesterday by her former husband, an unemployed appliance repairman who shot and killed himself a few minutes later, police reported today.

Investigation showed Hosea Leon Groce, 29, argued with his ex-wife Mrs. Edith Schroeder, during the afternoon in the office where she worked. Then, officers said, he followed her to the corridor, shot her twice, then returned to the deserted doctor's office and fired one bullet into his right temple.

An almost empty whiskey bot-

tle was found in the office. Mrs. Schroeder became the wife of Robert E. Schroeder University of Houston student, May 16.

News From GORMAN

GORMAN, Aug. 26, (Spl)—Mr. and Mrs. O. D. Bibby met their only son, Daise Bibby of Poughkeepsie, N. Y., and his family—his wife and two daughters aged 7 and 10 years, and the young son age 2,—in a camp near Kerrville for a three week vacation. The Bibbys have within the last couple of years sold their home so they hit upon the idea of enjoying the grandchildren in a camp cabin which they have had rented for several weeks on the Guadalupe River about 22 miles below Kerrville, and according to Mr. Bibby the fishing, swimming, boating, etc. was simply fine.

The Reverend Taylor Henley has accepted—a call to the Emmanuel Baptist Church of San Angelo, and will leave the local

pastorate September 1st.

The first Baptist Church of Gorman will hold a note burning and building dedication service at the close of its week's revival Sunday, August 28. Last Sunday the last of the money was raised to clear off the few small notes remaining on the educational building. There will be an all day dinner with preaching on the grounds or all day preaching with dinner on the grounds, depending on which one you are most interested in, according to Brother Henley who is really finishing his work with the local church in a satisfactory way, clearing up the debt which would have clouded his joy in taking his new pastorate had it not been handled and cleared away before he left us.

Miller Places In Olympiad At Copenhagen

Bob Miller, son of Mrs. T. S. Whitley of Oswatomie, Kan. and the late W. F. Miller of Eastland, who is competing in the Olympiad at Copenhagen, Denmark, has written his mother that he was second place winner in

the 100 yard dash. The Olympiad is the international "Games" for the deaf and was first held in Paris, France in 1924. Sixteen nations are participating in the meet.

Bob writes that he has a lovely place to stay and is having a marvelous time, but that it is very cold in Copenhagen at this time.

He attended Texas School for the deaf in Austin and graduated from the Kansas State School for the Deaf at Olathe, Kansas and is now a student at junior college at Fort Knox, Kansas. He is employed as a printer on an Oswatomie newspaper, when not in school. He is an all round football and basketball player but prefers track. He won the 100 yard dash in 9.8 seconds to break the Kansas Relays record. He has been deaf and mute since birth.

Experts' Slight Pleases Sherry

AUSTIN, Tex. Aug. 25 (UP)—The Texas Longhorns missed the number one spot this year on most "experts" Southwest Conference ratings, and it makes Coach Blair Sherry very happy.

It takes the pressure off the University of Texas eleven, Sherry pointed out, and besides, those experts have picked the champion only three times in 15 in the last nine that the Longhorns dropped below the top level.

attempts.

This will be the third season in predictions.

The first was in 1942, when Texas A. & M. was picked. The steers won. The other time was when Rice led the ratings in 1947. SMU took the championship, but only by a one-point conquest over the steers.

Cherry said his squad will get its equipment next Wednesday and plunge into a two-a-day practice session Sept. 1.

The Longhorns hope to get in 14 days of practice before facing Texas Tech here in their gridiron competition.

From then on, the 10-game schedule includes Temple, Idaho, Oklahoma, Arkansas, Rice, SMU, Baylor, TCU and Texas A. & M.

U. of T. Adds More Coaches

AUSTIN, Tex., Aug. 26 (UP)—Athletic Director Dana X. Bible has announced the addition of six new assistants to the University of Texas coaching staff.

Four of the new coaches who

will work with the football squad are Jesse Hawthorne, former Longhorn footballer who was an assistant coach at Lamar Junior College in Beaumont; George McCall and Dick Harris, members of last year's Longhorn team who are returning for more school work, and John Edwards, assistant coach at Sundown.

Marshall Hughes, head basketball coach at John Tarleton College, was named freshman basketball coach, and T. J. (Froggie) Lovorn will be on full-time status, coaching in track and cross country running.

Cafe Man Held On Assault Charge

MANCHESTER, Tex., Aug. 26 (UP)—A cafe operator was held on assault charges here today after two striking employees of Consolidated Chemical Industries were beaten in two attacks last night.

The victims, H. O. Starnes, machinist, and O. C. Gomes, laborer, are members of the Oil Workers International Union (OI) which called a strike at the plant Tuesday.

Both police and union officials expressed doubt that the attackers had any connection with the strike at the plant Tuesday.

The two men were walking the night picket line when a man walked over from his car, beat Gomes with a belt and snatched the placard he carried.

The second attackers made by another man upon Starnes, he, too demanded the placard and struck Starnes about the face and head.

A night watchman, attracted by the disturbance, leveled a gun on the attacker and held him until police arrived.

Assault charges were filed against Harry Murphy, 22. Two companions were held for investigation.

Hogan said that Dr. Alton Ochsese, a New Orleans surgeon, disclosed test cartilage on his knee during a routine examination last week.
