in a pastry wrap. Here's a new treatment using maky biscuit to create apple roll dumplings.

Spread chopped apple and brown sugar over rolled-out biscuit dough, then roll up like a jelly roll, cut in slices and stand them in a baking dish. Pour over them a spicy and colorful sirup made with those "red hot" cinnamon candies, and then bake. This bakes the sauce and dumplings all together and gives them a candied effect.

Besides that "apple a day," these dumplings contribute a goodly quota of B-vitamins and iron in the enriched biscuit base.

With their apple richness and spicy sauce, apple roll dumplings are sure to be in demand as long as apples are in season and that's most of the year.

By United Press WACO, Tex., Nov. 1 (UP)— Baylor's Bears weren't letting their 40-14 defeat of Texas Chris tian last Saturday slow down their practice style today.

Coach Bob Woodruff said he expected a tough game this week with Texas, so yesterday he devoted one hour of the team's work out to pass defense, while the other hour saw first stringers crimmaging against the B squad.

Defensive halfback Johnny 'urtis won't be able to play ag ainst the Longhorns because of sprained ankle suffered in las week's practice. Woodruff said other injuries should heal in time for the Saturday contest.

DALLAS, Tex., Nov. 1 (UP)-Southern Methodist Coach Matty Bell said today he's just as worried about Saturday's game with Texas A&M as he is about any ther game this season.

of water supply alone. It purposes a series of developments, each involving a group of cities, with reclamation funds. in the state. One to several years would be required for congressional approp-

riations. Daniel says this would be fedral control. He says West Texas cities ought to handle the probem themselves . . . and that hey'll have to pay the bill in the

end either way.

In line with his thinking, the Brazos River Conservation and Reclamation District and Abilene eaders are considering a plan where the cities and the district would build a water supply dam for Abilene and Stamford.

projects on a state basis, with new taxes to pay for them.

Both sides talk about selfliquidating projects. The Army Engineers already are in the business in Texas in big way. They have 16 authorized and seven recommended project

Dallas and the Park cities are to get water from Trinity dams by participating in their cost.

Fort Worth is to share in the use of another Army project, Benbrook, through an arrangement whereby it will use Lakes Worth, Eagle Mountain and Bridgeport for a flood control tie-in with other units of the Trinity development.

Meanwhile, West Texas cities are thirsty or fear they will be if another drouth strikes them. They don't care who builds the dams. Mostly they would even agree to pay the bill . . . although some of the zealots think it should be a matter of Uncle Sam paying
