Bovina, Texas

VOL. X NO. 4

WHITTLIN'

BY DOLPH MOTEN

There's a huge trophy available for the Bull Town Days beard growing contest champion.

Not enough citizens are growing beards for this year's celebration. The trophy should be easy to win because there won't be a great quantity of competition. Of course, the quality of the beards which are being grown might scare off some faint-hearted beard growers.

There's still time, incidentally, to enter the competition. Almost a month remains. Real he-men should be able to grow flashy sets of whiskers between now and the judging date.

That trophy is fancy enough, and big enough, to justify making your wife unhappy for the next 20 days or so.

Besides Bull Town Days need the advertising which could be gained by more beard growers.

A Bovina farmer, who is as particular and as hard to please as any, says Bovina grain elevators offer the best service to farmers that is available "anywhere in the world." And he adds, "I don't exclude any other community in Parmer County when I say that, either."

It's this fellow's opinion that elevators here do a better job and provide more services for their customers than do elevators anywhere else.

Even if that is just one man's opinion, it's nice that he expressed it and is quite a compliment to Bovina grainmen, in our estimation.

In a way, though, it's nothing but right for the best farmers to have the best service.

Speaking of the best: The Youth - Led Revival which is scheduled for this weekend, Thursday, Friday and Saturday, is the best advertised of any we've ever known anything about. The people in charge of advertising and publicity have done an exceptionally outstanding job in many different ways. Judy Strawn is youth leader for advertising and publicity and Mrs. Charles Hawkins is adult leader. A tip of this column's by-line to them and their helpers.

They displayed a great amount of imagination and devotion to duty. That combination will make a success of a lot of things.

As might be expected in sports-minded Bovina, there's much interest in the slow-pitch softball league for men which is now in its second week.

Of course, that wonderful old theory about "We'll-just-play-for-fun -- it won't make any difference-who-wins" was abandoned before the end of the first inning of the first game. But that's probably as it should be. Some people think that if a game's worth playing it's worth winning.

Frankly, we've been amazed at the size of the crowds which have turned out for the tilts. We don't know if the people are coming to see an athletic contest or to see a bunch of old men make fools of themselves. Whatever the reason, the crowds have been good and that's what it takes to make the concession stand make money.

Remember that the primary purpose in organizing the league was to help the concession stand profit so the indebtedness on the ballpark could be paid off faster. Now, it looks as if the league will be a success from that standpoint.

Eat an extra sack of popcorn the next time you go to a game, will ya?

The teams seem to be fairly evenly matched and, as we said, the competition keen and the fun plentiful. Some spectators... and players... even belly-ache at the volunteer umps.

We still are in dire need of historical material, especially pictures, for The Blade's Bull Town Days Issue. Last week's appeal here to readers produced some, but not nearly enough. We'll appreciate all the old pictures can, and will, be re-

(Continued on page 4)

TORILD SKJERVE--

Exchange Student Native Of Norway

Bovina's new exchange student is Torild Skjerve of Norway.

She arrived here Thursday of last week and will live in the home of Mr. and Mrs. A. M. Wilson, Suzanne and Pam.

Miss Skjerve has reddish blonde hair and has little trouble with English if "you will please go (talk) slowly."

Her home is in Notteroy, Norway, which has a population of 12,000.

The Wilsons met Torild at the airport in Amarillo Thursday. She arrived in the United States, at Kennedy Airport, July 16. From there, she went to Philadelphia, she went to Chicago, and then flew to Amarillo to meet her new family.

Her first impression of her new hometown and the Plains: "I have never seen such flat country. And it is hot. But, I like it!"

Torild's father is a purchasing agent for a factory which constructs things of steel. She is an only child.

Her first name is difficult for Americans, and especially Texans, to pronounce. She fully expects to be tagged with a nickname here because of the pronunciation difficulty. Torild is a fairly typical Norwegian name she points out.

The new exchange student, who is the fourth for Bovina, likes swimming and skiing and is interested in learning to play tennis.

American food is different somewhat from the food she has

been used to. She says, however, that she likes American food and expects to have no trouble in adjusting to it.

During her 11 years of school in Norway, she has studied English six years, German two years and French one year.

She points out politely that Texas English differs from the English she studied. Pronunciation of some words is the primary difference, she says, but this is expected to present no problem for her.

She has attended school in Norway for 11 years and has one year remaining in the total of 12. She will receive no credit, "only the experience," for the year she attends Bovina High School as a member of the senior class.

The Plains of Texas are different from her native country in that Norway is cooler, has much more rain, and hills.

Football season will be a new experience for her. Soccer is the type football she is familiar with but she says she's looking forward to the American version of football and other sports.

Torild says she's glad her assignment was to Texas. Norwegians are familiar with Texas through movies which may not always give a correct impression of the present day situation, she says.

The exchange student program here is sponsored by Bovina Methodist Church.

This is the fourth consecutive year for the community to have an exchange student.

Torild Skjerve of Norway... new exchange student here.

Coach Fitts Quits

Milt Fitts, head basketball coach and assistant football coach at Bovina High, announced his resignation (Tuesday)

He has accepted the head basketball coaching position at Springlake High School.

The popular Fitts, who was a star basketball player at West Texas State University prior to his graduation in 1960, has been here one year. Prior to coming to Bovina, he coached at Tahoka.

In addition to coaching boys basketball at Springlake, Fitts will coach freshman football.

Here, he coached both boys and girls basketball. His girls team last year won district and bi-district before falling in the regional tournament.

His boys team had a 1-18 record.

The position change for Fitts will be effective at the end of (Continued on page 4)

LEADERS DECIDE--

6 Large Steers For BTD Barbecue

Schools Faculty Complete

Bovina Schools faculty for 1965-'66 school year is complete, Superintendent Otis Spears announced this week.

The last opening on the teaching staff was filled last week with the signing of Mrs. Kay Ray as junior high English teacher.

A graduate of West Texas State University, Mrs. Ray will be beginning her teaching career.

She is a native of Friona, a graduate of Friona High and her husband is a farmer there. She has a major in English with a minor in speech.

BULL TOWNERS -- C. E. Trimble, left, and Mutt Graham are shown with posters advertising Bovina's Bull Town Days celebration August 19-20-21 and with a few of the many trophies which will be awarded during the festivities. Trimble is in charge of the beard growing contest and Graham is head cook for the barbecue.

Plans Continue For Celebration

Plans were made to buy six 900 pound steers to prepare for the free barbecue during Bovina's second annual Bull Town Days celebration August 19-20-21.

That decision and others, was made at a BTD planning session Monday night in Bovina Restaurant. In attendance were members of Bovina Bowling Club and directors of Bovina Chamber of Commerce and Agriculture.

Four beefs were barbecued for last year's free feed. Committees were appointed to attend to various events during the celebration by Jack McCracken, chamber manager.

"We're two weeks ahead of last year as far as our planning and preparation is con-

cerned," McCracken told those present Monday night.

The beef will be purchased from local feeders, it was decided at the meeting. Named to the beef buying committee were Jesse Walling, Wendol Christian, McCracken and C. E. Trimble. Jim Fuller of Fuller and Son Custom Processing here was present at the meeting and agreed to kill the steers and prepare the meat for barbecuing for 5 1/2 cents per pound of killed weight.

Entries are now being accepted in the queen contest by McCracken. Queen contestants must be 21 or under and single. They will be judged on horsemanship, beauty and personality.

Recent additions to the schedule of events include a picnic lunch at the city park on Friday, the 20th, and possibly a softball game between a Bovina team and an out-of-town aggregation Saturday night, the 21st.

Committees appointed Monday night include:

General Bull Town Days Committee -- McCracken, C. E. Trimble, Rouel Barron, Dolph Moten and Don Stone; Junior Barrel Racing and Pole Bending -- Robert Calaway, Cash Richards and Robert Read;

Queen Contest -- McCracken, Mrs. Bob Estes and Moten;

Beard Growing Contest -- Trimble;

Talent Show -- Earle Hise,

J. I. Gober Dies, Services Saturday

Funeral services were conducted at the Oklahoma Lane Methodist Church Saturday afternoon for J. I. Gober, 77, pioneer Parmer county resident and prominent farmer. He passed away at Clovis Memorial Hospital Friday morning at 3 a.m. The Rev. Jimmy McGuire, pastor of the Abernathy Baptist Church and close family friend officiated at last rites. Interment was in the Bovina Cemetery with Steed Funeral Home directing.

Mr. Gober, who came from Oklahoma to Parmer County in 1925 settled in the Oklahoma Lane community and still made his home on the same farm at time of his death. During his 40 years as a resident of Parmer county he had

served as a member of the Oklahoma Lane School board the Parmer County Draft board and a member of the ration board during World War II. He was always active in community affairs.

Survivors include his wife, Mrs. J. I. Gober, two daughters, Mrs. Frank Carson; Friona; Mrs. Marie Roark, Amarillo, three sons, Webb Gober, Farwell; Scott and Lloyd Gober both of Bovina; one brother, F. S. Gober, Sanger, Tex., and 15 grandchildren and many friends.

Serving as pallbearers were Leon Billingsley, Tom Caldwell, Wendol Christian, Harold Carpenter, Donald Watkins, and Billie Sudderth. Honorary pallbearers were friends and neighbors.

New Business Locates Here

Rowland - Gordon Farm Chemicals is a new Bovina business.

The firm, which distributes all types of farm chemicals and dry fertilizers, has opened temporary headquarters on Lawlis Gin yard on Highway 86.

Rowland - Gordon's home office is in Plainview. The branch here was opened first of the month. Rex Redles, formerly of Plainview is office manager. Duwan Nance is field manager. Redles recently moved here. Nance lives at Farwell.

Weather by Willie

Not much hope in sight as yet.

YOUTH-LED--

Baptist Revival This Weekend

A youth-led revival is scheduled this weekend at First Baptist Church of Bovina. The series of three services will be Friday, Saturday and Sunday. Each service will begin at 8 p.m.

Evangelist will be Rev. James McGinlay, pastor of College Avenue Baptist Church at Lubbock.

Song leader will be Jim Hart of Roswell, N.M.

Rev. McGinlay was born in London, Ontario, Canada, where he spent the first eight years of his life. He has also lived in New Jersey, Pennsylvania, California and Brooklyn, N.Y. He is a graduate of a southern uni-

versity and spent two years in Southwestern Baptist Theological Seminary at Fort Worth. He preached his first sermon at the age of 16 and since that time has preached in 17 states and two foreign countries. In 1950, he played exhibition baseball with the New York Yankees. While in high school, he was a Golden Gloves boxer.

The evangelist is a former pastor of First Baptist Church at Archer City.

Hart, the song leader, is presently music and youth director of Calvary Baptist Church in Roswell. Prior to going to Roswell, he was youth director at Phillips and was employed by Phillips Petroleum Co. He is a former student of Wayland Baptist College at Plainview where he was a member of the Wayland International Choir. He is active in evangelistic work in West Texas and New Mexico.

A list of revival committee chairmen and adult counselors includes Tony Ivy and Mrs. Don Murphy, spiritual preparation; Judy Strawn and Mrs. Charles Hawkins, publicity and advertising; Richard Carson and Rev. Ralph Aday, visitation; Maurene Hammonds and Jack Boggs, music; Donnie Dyer and Mrs. Henry Minter, arrangements; Billy Minter and Mrs. Harold Hawkins, entertainment and fellowship; and

Lynn Looney and Mrs. Jack Boggs, follow through. The public is invited to attend the services.

REV. JAMES MGINLAY

JIM HART

POST OFFICE SITE -- This sign, designating the site of Bovina's new post office, will be erected on the lot for the building at northwest corner of the intersection of Second Street and Avenue B. The new building is expected to be completed next Spring.

School Starts Aug. 30

Bovina Schools will begin the 1965-66 school year Monday, August 30.

Announcement of the opening day of school was made this week by Superintendent Otis Spears.

All students have been pre-registered, Spears points out, and no registration day scheduled prior to the beginning of school. It might be necessary to arrange a registration day for new students, however, the superintendent says.

A faculty meeting, the first of the school year, has been scheduled for Friday, August 27, at 7 a.m.

TRACTOR FIRE! --- This tractor was destroyed by a butane fire on the M.H. Carson farm north of Bovina Tuesday afternoon. Members of Bovina Volunteer Fire Department kept flames from spreading to other machinery and buildings.

Tractor Destroyed By Fire

A tractor was destroyed in a butane fire on the M.H. Carson farm yesterday (Tuesday) afternoon. Gary Carson, who was filling the tractor with butane when the flames erupted, received

slight burns on one arm. Quick work by members of Volunteer Fire Department kept the fire from spreading to other machinery and farm buildings. A grain truck parked near the butane received some damage before the flames were brought under control. Using a protective spray, firemen, assisted by Jerry Wallace, an employee on the farm, moved inside the flames and turned off the valves which were allowing the butane to escape and burn.

Band Clinic--

(Continued from page 1)
 from 4:30 to 7 p.m. and high school students from 6-7:30 p.m.
 The classes have been arranged for the convenience of the parents having children in more than one age group, Harper says.
 Drum major for the Junior High band for the coming year will be Melony Marshall, daughter of Mr. and Mrs. Billy Marshall. Twirlers for the band will be Chris Mast, daughter of Mr. and Mrs. Art Mast, and Nina Spicer, daughter of Mr. and Mrs. Henry Spicer.
 The high school band drum

major is Connie Vaughn, daughter of Mr. and Mrs. Richard Vaughn. Head twirler for the band is Karen Beauchamp, daughter of Mr. and Mrs. Thomas Beauchamp, Suzanne Wilson, daughter of Mr. and Mrs. A.M. Wilson; Carol Jamerson, daughter of Mr. and Mrs. Lawrence Jamerson; and Brenda Pruitt, daughter of Mr. and Mrs. Arthur Pruitt are twirlers.
 The twirlers will begin their sessions August 9.

SENATOR
Ralph Yarborough's

Dear Fellow Texans:
 The United States Senate has passed the Cold War GI Bill. After working long and hard for over six years on behalf of our 5 million forgotten veterans of the cold war, 250,000 of them in Texas, I am proud to report to you that the Senate voted more than 4 to 1 to give these veterans a chance in life.
 Under this Senate bill, any veteran who has served more than 180 days on active duty between January 31, 1955 and July 1, 1967, will be eligible for educational assistance and farm loans. Education benefits will be provided for not more than 36 months at the rate of 1 1/2 days for every 1 day on active duty.
 The bill now goes to the House of Representatives, where it will be referred to the Veterans Affairs Committee, chaired by Texas Congressman Olin Teague. It is hoped that the passage of this worthy bill in the Senate by a strong 69-17 vote will be matched by an equal desire in the House for equal justice for all of our veterans.
 This is a bill for all cold war veterans, not just for the small percentage who have served in so-called areas of hostility. Today, our defense system operates as a team, and every military person is always subject to being ordered at any minute into the areas and perils of armed conflict.
 The opposition sought to cripple this bill by limiting it to Viet Nam, to less than 10% of our veterans. This effort to kill the Cold War GI Bill by limiting it to one small area proved futile, as the Senate strongly voted down all of these crippling amendments. Senate passage of this bill by this landmark vote is also a strong rejection of the Defense Department's unconcern for our veterans once they have been drafted, served from 2 to 3 years and are discharged back into society.
 In this draft system, only 40% of the draft eligibles ever serve in uniform and we must have educational justice for them to match the opportunities for the 60% who do not have to serve.
 A penalty of time placed on these cold war veterans who defend our country should not set them back for a lifetime. This is progress for the veterans of the cold war and progress for the American people.

THIS WEEK--

TEC Closes Office Here

Bovina office of Texas Employment Commission has been closed.

Joe Bradley, TEC office manager at Hereford, who has been in charge of the office here announces that Monday of this week was the last regular day to have the office open.

Bradley or a member of his staff had manned the office on a two-days-a-week basis since the first of the year. He says that the time will now be used to make employer contacts and staff members will continue to work this area.

Similar offices at Friona and Dimmitt have also been closed, Bradley says.

The office here will probably be opened again around the first of the year, the TEC manager says. In the meantime, people in this area will be served through the Hereford office.

The employment commission has used the former office facilities of Panhandle Growers Labor Association, Bovina Chamber of Commerce and Agriculture has paid the utility

since May 15, when the labor association became inactive.

PUBLIC NOTICE

Proposed CONSTITUTIONAL AMENDMENT NUMBER NINE ON THE BALLOT

PROPOSED CONSTITUTIONAL AMENDMENT TO BE VOTED ON AT AN ELECTION TO BE HELD ON NOVEMBER 2, 1965. HOUSE JOINT RESOLUTION NO. 8 proposing an Amendment to Section 24, Article III and Section 17 of Article IV of the Constitution of the State of Texas, to allow an annual salary in an amount to be fixed by the Legislature for the Lieutenant Governor and for the Speaker of the House of Representatives, and increasing the per diem allowance of Members of the Legislature.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:
 Section 1. That Section 24 of Article III of the Constitution of the State of Texas be amended to read as follows:

"Section 24. Representatives shall receive from the Public Treasury an annual salary of not exceeding Four Thousand, Eight Hundred Dollars (\$4,800) per year. Senators shall receive from the Public Treasury an annual salary of not exceeding Two Thousand, Eight Hundred Dollars (\$2,800) per year. The Lieutenant Governor and the Speaker of the House of Representatives shall receive from the Public Treasury an annual salary in an amount to be fixed by the Legislature. All Members of the Legislature, including the Lieutenant Governor and the Speaker of the House of Representatives, also shall receive from the Public Treasury a per diem of not exceeding Twenty Dollars (\$20) per day for the one hundred and forty (140) days of each Regular Session and for thirty (30) days of each Special Session of the Legislature. No Regular Session shall be of longer duration than one hundred and forty (140) days. This Amend-

ment shall be self-enacting and appropriations heretofore made in the General Appropriations Bill for the biennium ending August 31, 1967, for the salaries of the Lieutenant Governor and Speaker of the House of Representatives shall not be invalid because of the anticipatory nature of the legislation.

"In addition to the per diem the Members of each House shall be entitled to mileage in going to and returning from the seat of Government, which mileage shall not exceed Two Dollars and Fifty Cents (\$2.50) for every twenty-five (25) miles, the distance to be computed by the nearest and most direct route of travel, from a table of distances prepared by the Comptroller of each county seat nor hereafter to be established; no Member to be entitled to mileage for any extra Session that may be called within one (1) day after the adjournment of the Regular or Called Session."

Sec. 2. That Section 17 of Article IV of the Constitution of the State of Texas be amended to read as follows:

"Section 17. If, during the vacancy in the office of Governor, the Lieutenant Governor should die, resign, refuse to serve, or be removed from office, or be unable to serve; or if he shall be impeached or absent from the State, the President of the Senate, for the time being, shall, in like manner, administer the Government until he shall be superseded by a Governor or Lieutenant Governor. The Lieutenant Governor shall, while he acts as President of the Senate, receive for his services an annual salary in an amount to be fixed by the Legislature and the same mileage which shall be allowed to the Members of the Senate, and no more; and dur-

ing the time he administers the Government, as Governor, he shall receive in like manner the same compensation which the Governor would have received had he been employed in the duties of his office, and no more. The President, for the time being, of the Senate, shall, during the time he administers the Government, receive in like manner the same compensation, which the Governor would have received had he been employed in the duties of his office."

Sec. 3. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of this State at an election to be held on the first Tuesday following the first Monday in November, 1965, at which election all ballots shall have printed thereon the following:

"FOR the Constitutional Amendment allowing an annual salary in an amount to be fixed by the Legislature for the Lieutenant Governor and for the Speaker of the House of Representatives and allowing a per diem for Members of the Legislature not to exceed Twenty Dollars (\$20) per day for the 140 days of each Regular Session and 30 days of each Special Session."

"AGAINST the Constitutional Amendment allowing an annual salary in an amount to be fixed by the Legislature for the Lieutenant Governor and for the Speaker of the House of Representatives and allowing a per diem for Members of the Legislature not to exceed Twenty Dollars (\$20) per day for the 140 days of each Regular Session and 30 days of each Special Session."

Sec. 4. The Governor of Texas shall issue the necessary proclamation for the election and this Amendment shall be published in the manner and for the length of time as required by the Constitution and laws of this State.

BTD Plans--

(Continued from page 1)

- Doris Wilson and Stone;

- Fiddlers Contest -- Al Kerby;
- Financing --- Christian and Roach.

PUBLIC NOTICE

Proposed CONSTITUTIONAL AMENDMENT NUMBER EIGHT ON THE BALLOT

PROPOSED CONSTITUTIONAL AMENDMENT TO BE VOTED ON AT AN ELECTION TO BE HELD ON NOVEMBER 2, 1965. HOUSE JOINT RESOLUTION NO. 57 proposing an Amendment to Section 1-a of Article V of the Constitution of the State of Texas, by adding to said Section as presently written, the following provisions: requiring automatic retirement of certain District and Appellate Judges at age seventy-five (75) or such earlier age, not under seventy (70), as may be provided by law; creating a State Judicial Qualifications Commission and providing for its composition and the qualifications, methods of selection and terms of office of its members; defining the functions and procedures of said Commission, including the duty to investigate, and hold hearings in respect of disability and misconduct of District and Appellate Judges and to make recommendations to the Supreme Court of Texas as for involuntary retirement or removal of such Judges; empowering the Supreme Court of Texas, in its discretion, to retire such Judges for disability and to remove them for misconduct, upon recommendation of the aforesaid Commission and consideration of the record made before it; defining misconduct for which said Judges may be so removed; providing that the proceedings of said Commission shall be confidential until filed in the Supreme Court with recommendation for retirement or removal; and providing that the removal provisions here by established shall be alternative to and cumulative of those provided elsewhere in the Constitution.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:
 Section 1. That Section 1-a of Article V of the Constitution of the State of Texas be amended so that said Section shall hereafter read as follows:

"Section 1-a. (1) Subject to the further provisions of this Section, the Legislature shall provide for the retirement and compensation of Justices and Judges of the Appellate Courts and District and Criminal District Courts on account of length of service, age and disability, and for their reassignment to active duty where and when needed. The office of every such Justice and Judge shall become vacant when the incumbent reaches the age of seventy-five (75) years or such earlier age, not less than seventy (70) years, as the Legislature may prescribe; but, in the case of an incumbent whose term of office includes the effective date of this Amendment, this provision shall not prevent

him from serving the remainder of said term nor be applicable to him before his period or periods of judicial service shall have reached a total of ten (10) years.

"(2) There is hereby created the State Judicial Qualifications Commission, to consist of nine (9) members, to wit: (i) two (2) Justices of Courts of Civil Appeals; (ii) two (2) District Judges; (iii) two (2) members of the State Bar, who have respectively practiced as such for over ten (10) consecutive years next preceding their selection; (iii) three (3) citizens, at least thirty (30) years of age, not licensed to practice law nor holding any salaried public office or employment; provided that no person shall be or remain a member of the Commission, who does not maintain physical residence within this State, or who resides in, or holds a judgeship within or for the same Supreme Judicial District as another member of the Commission, or who shall have ceased to retain the qualifications above specified for his respective class of membership. Commissioners of classes (i) and (ii) above shall be chosen by the Supreme Court with advice and consent of the Senate, those of class (iii) by the Board of Directors of the State Bar under regulations to be prescribed by the Supreme Court with advice and consent of the Senate.

"(3) The regular term of office of Commissioners shall be six (6) years; but the initial members of each of classes (i), (ii) and (iii) shall respectively be chosen for terms of four (4) and six (6) years, and the initial members of class (iii) for respective terms of two (2), four (4) and six (6) years. Interim vacancies shall be filled in the same manner as vacancies due to expiration of a full term, but only for the unexpired portion of the term in question. Commissioners may succeed themselves in office only if having served less than three (3) consecutive years.

"(4) Commissioners shall receive no compensation for their services as such. The Legislature shall provide for the payment of the necessary expense for the operation of the Commission.

"(5) The Commission may hold its meetings, hearings and other proceedings at such times and places as it shall determine but shall meet at Austin at least once each year. It shall annually select one of its members as Chairman. A quorum shall consist of five (5) members. Proceed-

ings shall be by majority vote of those present, except that recommendations for retirement or removal of Justices or Judges shall be by affirmative vote of at least five (5) members.

"(6) Any Justice or Judge within the scope of this Section 1-a may, subject to the other provisions hereof, be removed from office for willful or persistent conduct, which is clearly inconsistent with the proper performance of his said duties, or casts public discredit upon the judiciary or administration of justice; or any such Justice or Judge may be involuntarily retired for disability seriously interfering with the performance of his duties, which is, or is likely to become, permanent in nature.

"(7) The Commission shall keep itself informed as fully as may be of circumstances relating to misconduct or disability of particular Justices or Judges, receive complaints or reports, formal or informal, from any source in this behalf and make such preliminary investigations as it may determine. Its orders for the attendance or testimony of witnesses or for the production of documents at any hearing or investigation shall be enforceable by contempt proceedings in the District Court.

"(8) The Commission may, after such investigation as it deems necessary, order a hearing to be held before it concerning the removal or retirement of a Justice or Judge, or it may in its discretion request the Supreme Court to appoint an active or retired District Judge or Justice of a Court of Civil Appeals as a Master to hear and take evidence in any such matter, and to report thereon to the Commission. If, after hearing, or after considering the report and report of a Master, the Commission finds good cause therefore, it shall recommend to the Supreme Court the removal or retirement, as the case may be, of the Justice or Judge in question and shall thereupon file with the Clerk of the Supreme Court the entire record before the Commission.

"(9) The Supreme Court shall review the record of the proceedings on the law and facts and in its discretion may, for good cause shown, permit the introduction of additional evidence and shall order removal or retirement, as it finds just and proper, or wholly reject the recommendation. Upon an order for involuntary retirement for disability or an order for removal, the office in question shall become vacant. The rights of an incumbent so retired to retirement benefits shall be the same as if his retirement had been voluntary.

"(10) All papers filed with and proceedings before the Commission or a Master shall be confidential, and the filing of papers with, and the giv-

ing of testimony before, the Commission, Master or the Supreme Court shall be privileged; provided that upon being filed in the Supreme Court the record loses its confidential character.

"(11) The Supreme Court shall by rule provide for the procedure before the Commission, Masters and the Supreme Court. Such rule shall afford to any judge against whom a proceeding is instituted to cause his retirement due process of law for the procedure before the Commission, Masters and the Supreme Court in the same manner that any person whose property rights are in jeopardy in an adjudicatory proceeding is entitled to due process of law, regardless of whether or not the interest of the judge in remaining in active status is considered to be a right or a privilege. Due process shall include the right to notice, counsel, hearing, confrontation of his accusers, and all such other incidents of due process as are ordinarily available in proceedings whether or not misfeasance is charged, upon proof of which a penalty may be imposed.

"(12) No Justice or Judge shall sit as a member of the Commission or Supreme Court in any proceeding involving his own retirement or removal.

"(13) This Section 1-a is alternative to, and cumulative of, the methods of removal of Justices and Judges provided elsewhere in this Constitution.

Sec. 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of the State at an election to be held on the first Monday in November, 1965, at which election all ballots shall have printed thereon the following:

"FOR the Constitutional Amendment providing for the automatic retirement of District and Appellate Judges for old age, creating the State Judicial Qualifications Commission, defining its functions; and empowering the Supreme Court, upon recommendation of said Commission, to remove District and Appellate Judges for misconduct and to retire such judges in cases of disability."

"AGAINST the Constitutional Amendment providing for the automatic retirement of District and Appellate Judges for old age, creating the State Judicial Qualifications Commission, defining its functions; and empowering the Supreme Court, upon recommendation of said Commission, to remove District and Appellate Judges for misconduct and to retire such judges in cases of disability."

Sec. 3. The Governor shall issue the necessary proclamation for the election, and this Amendment shall be published as required by the Constitution and laws of this State.

The forests of the state provide full time employment for 34,000 persons in wood-using plants, according to the Texas Forest Service.

Treatment of wood for outdoors use with a dependable preservation will provide superior service at the lowest cost per year of effective life, reports the Texas Forest Service.

SLOW-PITCH--

'Shots, Bombs Lead League

Two teams are undefeated and three are winless after the first week of play in Bovina Lions Club-sponsored men's slow-pitch softball league.

Hammonds Hotshots and Gilreath's Bombers have established themselves as early favorites in the pennant race. The Hotshots are 3-0 and the Bombers are 2-0.

One of the top two teams will have a marred record, however, after Thursday night when they meet in a showdown for the top spot. They play each other in Thursday night's first game, slated to begin shortly after 7 p. m.

In Thursday night action last week, the Bombers blasted the Sluggers, a late league entry, 19-8. The Lions outlasted the Firemen, 22-19, in a loosely-played game.

Friday night, the Hotshots downed the Jaycees, 13-4, and the Barraza Boys nipped the Roaring Lions, 4-3, in the best-played game of the league so far.

Monday night, Oklahoma Lane 10-run ruled the Firemen, 12-2, and Hammonds turned on the power for a 33-12 decision over

the Sluggers.

The Sluggers are scheduled to meet the Firemen tonight in a make-up game which was postponed from the opening night of the season, July 19. Game time is 8:15.

Schedule for the next four playing dates:

Thursday, July 29 -- Hammonds vs. Gilreath and Lions vs. Oklahoma Lane;

Friday, July 30 -- Barraza vs. Sluggers and Lions vs. Jaycees;

Monday, August 2 -- Hammonds vs. Firemen and Gilreath vs. Barraza;

Tuesday, August 3 -- Jaycees vs. Oklahoma Lane and Barraza vs. Hammonds.

(The following standings do not include Tuesday night's games.)

Team	W	L	Pct.
Hotshots	3	0	1.000
Bombers	2	0	1.000
Okla. Lane	2	1	.666
Lions	1	1	.500
Barraza	1	1	.500
Firemen	0	2	.000
Sluggers	0	2	.000
Jaycees	0	2	.000

AT ELIDA--

LL Team 4th In Tourney

A group of Little League baseball players from here and Oklahoma Lane placed fourth in an eight-team tournament at Elida, N.M., last weekend.

Harold Carpenter, Oklahoma

Lane LL manager, was in charge of the team which won its first game and lost the next two for the fourth place finish.

Wearing Oklahoma Lane uniforms, the locals downed Floyd, N.M., 19-7, in the opener on Thursday. They lost to the eventual champion, Elida, in the second game Friday, 3-13. Then playing for third place Saturday afternoon, they were felled by Texico-Farwell, 4-6.

Assisting Carpenter with managerial duties were Melbourn Jones, Jimmy Clements and Floyd Coates.

Oklahoma Lane players on the squad were Sam Morton, Wayne Johnson, Cecil Bowery, Gary Erwin and Larry Jones. Bovina players included Mike Spears, Buddy Clements, Gary McCormick, Mike McMeans, Roger Shool, Tommy McCormick, Tony Foster and Greg Hromas.

Legion Has Sub Drive

Tom Hartwell, commander of Bovina American Legion, announced this week that the Post is conducting a campaign to obtain sick room equipment which will be for the free temporary use of all residents of the county.

The equipment will be located so as to serve the residents quickly and conveniently in their homes, Hartwell says.

The equipment is being paid for through subscriptions to well-known magazines. No donations will be accepted by the organization or by the salesmen.

"We feel this equipment will be beneficial to residents of our area and we encourage everyone to cooperate in the campaign," Hartwell says.

"You will receive full value for the money you spend for the subscriptions and at the same time aid in obtaining sick room equipment for residents of the community," Hartwell points out.

Priests and witch doctors of many primitive people burned sulphur as a sort of reverse incense to drive away evil spirits.

Of Interest To THE WOMEN

Birthday Party Saturday For Alan Rhodes

Alan Rhodes, seven-year-old son of Mr. and Mrs. Thomas Rhodes, celebrated his birthday with a party in his home Saturday.

The guests spent the afternoon swimming and playing baseball.

The children were served birthday cake decorated with miniature baseball players. Guests present were his

grandparents, Mr. and Mrs. Foy Bailey, Leta, Karen and Kandle Bailey of Clovis, Mrs. Eugene Bandy, Clay and Todd

of Friona, Mrs. Jimmie Cockerham, Alan, Wesley and Steve; Butch McCain, Terri and Dennis Willard.

Shower Honors Miss Roach

Miss Judy Roach, bride-elect of Roger Ezell, was honored with a bridal shower in the home of Mrs. Vernon Estes Wednesday of last week.

The guests were registered by Lisa Charles and were served punch and cookies from a table laid with a white cloth centered with an arrangement of mixed pink and white artificial flowers in a white glass bowl, and crystal appointments by Mrs. Dick Dobbs of Lubbock.

The flower arrangement was a gift to the honoree from the hostesses.

The honoree, Mrs. James Roach, Mrs. Gene Ezell and Mrs. Jack Roach were presented with pink and white carnation corsages.

Guests registering during the afternoon were Mrs. Bill Johnson of Redman, Wash., Linda Estes, Mrs. Lloyd Gober, Mrs.

Dick Dobbs of Lubbock, Lisa Charles of Parsons, Kan., Mrs. Jack Clayton, Mrs. Dolph Moten and Lady Beth, Mrs. Tom Griffith, Mrs. Jack Roach, Mrs. L. M. Grissom and Lola, Mrs. J. R. Caldwell, Mrs. Margaret Caldwell and Rita, Mrs. Darrell Read, Mrs. Billy Marshall, Mrs. M. H. Carson and Joan, Mrs. Joe Wilson, Mrs. Paul Jones, Mrs. Billy Johnson, Mrs. Doris Wilson, Mrs. C. F. Hastings and Mrs. Earl Stevenson.

Hostesses for the shower were Mrs. Earl Richards, Mrs. George Turner, Mrs. R. G. Barron, Mrs. Bedford Caldwell, Mrs. Tom Caldwell, Mrs. Jack Kesler, Mrs. Lester Rhinehart, Mrs. Billie Sudderth, Mrs. O. H. Jones and Mrs. Vernon Estes.

Hostesses for the shower were Mrs. Earl Richards, Mrs. George Turner, Mrs. R. G. Barron, Mrs. Bedford Caldwell, Mrs. Tom Caldwell, Mrs. Jack Kesler, Mrs. Lester Rhinehart, Mrs. Billie Sudderth, Mrs. O. H. Jones and Mrs. Vernon Estes.

Hostesses for the shower were Mrs. Earl Richards, Mrs. George Turner, Mrs. R. G. Barron, Mrs. Bedford Caldwell, Mrs. Tom Caldwell, Mrs. Jack Kesler, Mrs. Lester Rhinehart, Mrs. Billie Sudderth, Mrs. O. H. Jones and Mrs. Vernon Estes.

Hawkins Boys Have Party For Birthdays

Arby and Korby Hawkins, sons of Mr. and Mrs. Erith Hawkins celebrated their birthdays Saturday in the Clovis Park. Arby is six years old and Korby is four.

The group of children spent the morning playing in the park and were served a picnic lunch and birthday cake.

Those attending the party were Mat and Beth Moten, Dana and Kyle Ray Harris, Bruce Fillpot, Del Ray and Blake Sudderth, Kim and Pat Ware and the honorees.

Mothers accompanying the group were Mrs. Tom Ware, Mrs. Dolph Moten and Carol Jamerson.

"The lowest ebb is the turn of the tide."

Shower For Mrs. Barrett Set Monday

A lullaby shower honoring Mrs. Monty Barrett will be held in the Oklahoma Lane Baptist Church Monday, August 2, at 3 p.m.

Hostesses for the shower are Mrs. Harold Carpenter, Mrs. Ray Verner, Mrs. J.B. Sudderth and Mrs. Jack Roach.

Community Conversation

Eve Shamblin of Fort Worth has been in Bovina visiting her aunt and uncle, Mr. and Mrs. Herman Estes.

Mrs. Oleta Hagen of New York City, N.Y. is here visiting with her parents, Mr. and Mrs. O. W. Rhinehart.

Bovinians At Camp Meeting

Several Bovina people attended the Nogal Mesa Ranchmen's Camp meeting last week end in New Mexico. This was the 25th year for the camp meeting.

Most of the Bovina residents left here Thursday and returned Saturday.

Those attending were Mrs. Earl Ware, Mr. and Mrs. L. M. Grissom, and Lola, Mr. and Mrs. Wilbur Charles, Mr. and Mrs. Ike Quicquel, Mr. and Mrs. Buck Ellison, Mr. and Mrs. W. E. Williams, all of Bovina. Mr. and Mrs. Charles Denny Williams of Tulsa, Okla. and Mr. and Mrs. Hubert Ellison of Truth or Consequences, N. M., former residents of Bovina, also attended.

RAIN!

Farmer pleasing rain fell here Tuesday night. Moisture started falling around 8:30 p.m. and continued throughout most of the night.

The rain covered all of the Bovina area and in excess of an inch.

THREE-D

Mix and match your framed pictures to create an interesting wall grouping. Use prints, oils, watercolors, and drawings, suggests the Picture and Frame Institute. A piece of sculpture or pottery will add a three-dimensional look to the wall grouping.

PAT'S TER

By Pat Hawkins

Notice over the weekend a continuous line of campers on pickups and little fold-out trailers behind cars on the highway. They ranged from homemade jobs to the very finest ones with all the convenience of home in one room. Think they would be real nice if you don't happen to be one of the claustrophobia type.

Just from appearance, the bed sure looks close to the ceiling. Believe that as many as there are on the road this year, it may hurt the motel business to some extent.

Speaking of campers, isn't it nice to have as many instant foods as there are on the market today. What with cake mixes and potatoes and so many new canned meats, it doesn't take a truck to go camping if you can find a water hole and have a pan.

Wonder if any one has made a trip of any great distance without using a credit card? Believe that the time will come that businesses will be insulted if you offer them cash for merchandise.

Seems as though the credit business could in some way help the coin shortage.

Speaking of credit, read where a young man was very pleased to be accepted by the college of his choice, and now his dad is trying to float an educational loan at the bank of his choice.

Believe that the "little people" are becoming more clothes conscious all the time. Once was the time that a cup towel made anyone superman or a baker or what have you, but nowadays kids need a complete costume to suit the occasion.

What is there about short pants that can cause so much rebellion? Little boys look so much cooler in them and yet they feel they are a social handicap.

Heard of one little boy this summer that refused to be bat boy in the little league for the simple reason he "couldn't be a bat boy in short pants"!!!

Wasn't the rain a surprise??? Though that we had seen the last of the rain for the year. Wonder how it would be to have a regular rain every other week. Guess the farmer who spends all his time changing the water would have to devote his time to chopping weeds.

Anyone having old pictures of Bovina that could be used in the Bull Town Edition are urged to bring them by The Blade office.

Former Resident Dies At Borger

W.A. Hampton Sr., 62, of Borger, a brother-in-law of W.E. Williams of Bovina, died Sunday afternoon in a Borger hospital.

Funeral services were conducted Tuesday. Burial was in Pampa.

Hampton, a former Bovina resident, was a Lieutenant in the Borger Police Department. He had been with the department the past 15 years. He had lived at Borger since 1945.

Mr. and Mrs. W.E. Williams and Mr. and Mrs. Charles Williams of Tulsa, Okla., who were visiting here attended the funeral.

County Has 12 Accidents During July

The Highway Patrol investigated 12 rural traffic accidents in Parmer County during the month of June, according to Sergeant W.E. Wells, patrol supervisor of this area.

These wrecks accounted for eight injuries and an estimated property damage of \$8,569.00.

The rural traffic accident summary in Parmer County for the first six months of 1965 shows a total of 60 crashes resulting in two persons killed, 29 persons injured, and an estimated property damage of \$33,706.00.

Head Start Project Ends This Week

Project Head Start ends this week at Bovina Schools.

The program, financed by the federal government and designed to prepare incoming first graders from low income families to enter school is now in its eighth and final week.

End of the session will be observed with a program for parents of students Friday morning in the school cafeteria and with a party for the students.

Some 30 students have participated in the program, says Mrs. Charles Corn and Mrs. Vernon Estes are teachers for the program, Gary Cox, grade school principal, is supervisor and bus driver. Mrs. Walter Krieger and Mrs. Helen Wasson handle cafeteria duties.

Several volunteers have also aided in the program, Cox says. All parents of students are invited to a breakfast at the cafeteria at 8 Friday morning.

Students will be dismissed before noon.

By Mary Whitman

If you have children who will be just starting school, you'll want to save those first precious crayon drawings they bring home.

Making decorative boxes is one way to preserve the drawings, provide a relaxing pastime for yourself, and produce gifts for others.

Materials needed are not hard to find. Remove paper wrappers from empty cigar boxes, or purchase plain wooden boxes, available at low prices from local hobby shops or lumber dealers. Add a small tube of glue, and you're ready to start.

Cut out your child's drawing to the exact size of the box top and glue it carefully to the lid," advises Dorothy Joslyn of Whitman Publishing Company, Racine, Wis. "Then cover the picture with a piece of transparent plastic for protection. You may also wish to paint the sides of the box with a semi-gloss enamel, to enhance its looks."

Another approach is to paint the top of the box with two coats of flat white paint. When the lid is dry, your child can draw directly on it with his crayons. He might like to copy a picture from one of his favorite storybooks.

When he's finished, you can apply a protective coating of plastic spray or clear lacquer to keep his handiwork permanent, and the box clean.

Or instead of drawing his own picture, he may prefer to cut out an illustration from one of his less expensive books and glue it to the box. Be sure not to use plastic spray or lacquer if there is printing on the back of the illustration, or the print will show through.

Helping to make gaily decorated boxes of this kind will give your child a sense of real accomplishment. And you'll find that the box has home uses — as a container for candies, stationery or sewing supplies — or can be a welcome gift.

COOLER

A delightfully refreshing beverage for a hot summer day is Lemony Fruit Cooler. It's quickly prepared by dissolving 1 tablespoon corn syrup or confectioner's sugar in 2 tablespoons RealLemon bottled lemon juice. Add 2/3 cup canned or frozen fruit drink and top with a scoop of sherbet.

Whittlin'

(Continued from page 1) turned. We'll come and get 'em too, if you'll call us. Hurry. The deadline is drawing near.

If there are any impossible jobs around here, and there are some, one is keeping an accurate set of minutes for a meeting of Bovina Roping Club.

In the first place, it's a terrific chore to hear and comprehend everything that's going on. And if you could, it could never be written down. It's a chore. And anyone who doesn't think it's hard, or thinks he can do it right, is welcome to try!

Maybe the reason we don't do any better is because we listen to incidental remarks like this one from an ex-amateur bull rider getting into the spirit of Bull Town Days.

He said, "All bullriders have to wear black hats and smoke roll-your-own Duke's cigarettes. . . and then spit on the cigarette after you get through with it and throw it down!"

That's real Western talk, we say.

Reflections From The Blade

THREE YEARS AGO—JULY 25, 1962
Sonny Roach tied for first place in first half of July-August trophy shoot for members of Bovina Gun Club. The shoot was Sunday afternoon at the range northeast of town.
Funeral services for Mrs. Harlett Jane Hughes, 91, former resident of Oklahoma Lane community, were conducted at Bovina Methodist Church Thursday afternoon.
Former site of state highway department headquarters here will be location of a new self service laundry.
Three Bovina women escaped injury when the car in which they were riding overturned east of Hub on Dimmitt highway Saturday morning. Mrs. W. E. Williams and Mrs. Margaret Caldwell and Rita were on their way to a church meeting at Ceta Canyon when the accident occurred.
Jack Seale, mayor of Amarillo and Republican candidate for U. S. Representative from 18th District, spoke to a disappointingly small crowd Monday morning in banquet room of Bovina Restaurant.
Roy Crawford, Bovina High vocational agriculture instructor, is in College Station this week attending a short course on meats.
Miss Mardell Moore and Lt. Robert F. Mullen of Reese Air Force Base of Lubbock exchanged nuptial vows Saturday evening in a candlelight ceremony at Bowman Chapel of First Methodist Church in Lubbock.

SIX YEARS AGO—JULY 29, 1959
Bovina will become a cantaloupe boom town next week for the second year in a row. Smell of cantaloupes will spread over town and trucks and laborers will get thicker and thicker as the harvest progresses.
Mike Beauchamp, six year-old son of Mr. and Mrs. Thomas Beauchamp, is suffering from a nerve disorder in his face. Max Gilreath, son of Mr. and Mrs. Boyd Gilreath, is wearing a cast on his leg this week. Max's right knee was injured when it slipped out of place as the young man was swimming recently.
Bovina volunteer firemen discussed the use of high pressure and at the end of the session, voted to order 10 bunker suits Monday night.
Parents who wish to have pre-school children in kindergarten this fall are ask to register them immediately, Mrs. Margaret Caldwell, instructor for the Kiddieland Kindergarten, reports.
Six Bovina youngsters will leave Sunday afternoon for a two-week band camp at West Texas State College at Canyon. Attending will be Billy Minter, Ronnie Glasscock, Billy Charles, Myrtice Shockley, Linda Estes and Jimmy Redden.
A public hearing on proposed zoning ordinances for Bovina has been set for Friday. The ordinances probably will be adopted after the hearing, which will be in city hall.

Coach Quits--

(Continued from page 1)
August.
Springlake is a Class A school and is expected to go to AA in the next few years.
"We hate to leave Bovina," Fitts said, speaking for himself and his wife, Gerry, "but we felt the opportunity to move up to a larger school shouldn't be passed up. We greatly appreciate the support and cooperation of the people here during the past year."
Superintendent Otis Spears said he was glad to see Fitts make the advancement but hated to lose him from the faculty and coaching staff here.

Johnson Grass Control A Must For Parmer Farmers

Johnson grass is moving into much of the excellent Parmer County cropland, according to County Agent Joe VanZandt. Not only is it moving in, but in several cases, it is literally taking over and we could say "moving the farmer out." It is almost impossible to raise a profitable crop on heavy Johnson grass infested land, stated the county agent.

This field shows how the Johnson grass has not only moved in, but has virtually taken over, in areas where some method of control has not been used. It is almost virtually impossible to raise a profitable crop on land which is heavily infested with Johnson grass.

Johnson grass will keep increasing on cultivated land unless each farmer takes positive action to eradicate it. It will take several years in many cases, but there isn't much choice if one is to have a profitable farming operation in the future, says the county agent who has been visiting some of the heavily infested areas in the county in the past few days.

On fallow land Johnson grass may be eradicated by the judicious use of tillage implements in areas where rainfall is less than 30 inches per year, the summers are hot and dry and the soil freezes to a depth of several inches in winter. Plow the land in late May or early June to expose as many rhizomes as possible. Leave the soil rough. Two to four weeks later harrow the land as deeply as possible, crossing the land both ways, with a spring tooth or long tine harrow, again exposing as many rhizomes as possible. A second plowing in late July or early August followed by harrowing, then a third treatment beginning about the time of the first hard freeze should kill most of the Johnson grass rhizomes.

To increase the kill or when excessive rains or other climatic conditions reduce the effect of plowing, the Johnson grass may be sprayed with one of the methyl arsonates (DSMA, MSMA) when the grass reaches a height of eight to 20 inches. The grass should be actively growing at the time of spraying. (Apply four pounds per acre active methyl arsonate in 40 to 100 gallons of water; using 25-40 lbs. PSI pressure on the sprayer and spray to wet all grass foliage.)

Spraying with a good quality weed oil, or 18-25 per cent

Rickey Kunselman, 16, and Danny Stanberry, 14, both of Bovina are spraying a field, infested with Johnson grass, with one of the new methyl arsonates (MSMA, DSMA) one of the best eradicators known for the grass. Glendon Sudderth, on whose farm the boys were spraying says, he used the same type control in a field of cotton which was heavily infested by Johnson grass with excellent results.

naptha will give the same results. Both of these materials must be sprayed on actively growing grass and good coverage must be obtained for maximum kill. Spraying should be repeated three to five times per year, as the grass reaches the stage of growth noted above.

Following eradication of the original stand, seedling grass must be controlled to prevent reinfestation.

Dalapon, TCA and sodium chlorate are also effective killers of Johnson grass, but control based on these herbicides is more expensive than that described above. In addition TCA and sodium chlorate render the

soil sterile for varying periods and in areas of low rainfall this period may be too long for safe use. TCA is also highly corrosive to most metals and to the skin. Sodium chlorate is a fire hazard.

Johnson grass seed most frequently gets into agricultural lands from non-cropped fence rows, roadsides, and right of way ditches. The seed are carried to the farm land by animals, equipment, birds or many times water. It is essential that any plan of Johnson grass control include these areas of seed sources.

Small patches of Johnson grass in non-cropped areas may be eradicated with three to five sprayings per year with Dalapon, methyl arsonates or herbicidal oils. Precautions for the use of arsonates in areas that are to be grazed should be observed.

Because most farmers do a good job of controlling all grasses in cotton, Johnson grass is seldom a problem. However, the tillage method and methyl arsonate, herbicide, or oil spraying are all quite effective in cotton land grass control. Spot spraying in cotton to kill small patches is widely practiced and quite effective.

Farmers are not advised to plant sorghum or corn on land infested with Johnson grass, since the chemicals which would kill the grass would also kill the crop. However, should the crops be planted on land which is believed to be free of Johnson grass and it appears later, spot spraying with one of the chemicals is recommended as treatment (with the understanding that the materials will kill the grain or forage crops as well as the grass).

Most of the pre-emergence chemicals cleared for use against grass in soybeans is effective against Johnson grass. Control of severe infestations of rhizome Johnson grass in soy-

beans is not practical. However, isolated spots of Johnson grass may be eradicated by spot treatment with Dalapon, TCA or methyl arsonate.

When spraying Johnson grass in any crop the following general rules should be followed to get satisfactory results.

1. Apply the chemical according to directions.
2. The use of a surfactant will aid in obtaining good coverage of the grass.
3. Do not spray Johnson grass unless it is actively growing. Grass that is semi-dormant as result of drought, already having seeded, or other stress is much more difficult to kill than is actively growing grass.
4. Observe precautions as to grazing sprayed areas or using crops from sprayed areas for feed or forage.
5. Use as much volume as practical. Assume that all foliage is wet with herbicide solution.
6. Do not spray crops. Direct the spray on the grass and avoid wetting crop foliage with the spray as much as possible.

A good example of what the new methyl arsonates (DSMA, MSMA) will do in controlling the Johnson grass menace is shown by this fence row in the Oklahoma Lane vicinity, recently sprayed. Fields in the vicinity which had only small patches of Johnson grass have been spot sprayed for control with excellent results.

A good example of what the new methyl arsonates (DSMA, MSMA) will do in controlling the Johnson grass menace is shown by this fence row in the Oklahoma Lane vicinity, recently sprayed. Fields in the vicinity which had only small patches of Johnson grass have been spot sprayed for control with excellent results.

FARM AND HOME

On The Farm In Parmer County

By JOE VANZANDT
County Agent

Now is the time to get your soil tested, (before wheat planting time arrives). The importance of testing your soil can be easily seen.

Recommendations from recent soil test for wheat in the county have varied from 80-0-0 to 100-50-0 for light grazing to 140-60-0 for heavy grazing. It doesn't take much fertilizer saved to pay for a \$2.00 soil test. We just can't look at soil and know what nutrients it contains and what it needs to produce a good crop.

At the present time the best reliable method we have available to determine fertilizer requirements is a soil test. It is hard for the farmer to calculate the amount of soil nutrients that remain in the soil after the previous crop.

For a \$2.00 investment, plus a little time, a farmer can easily cut his fertilizer cost. Plus knowing that he is applying the right kind and amount of fertilizer necessary to produce the yields he is shooting for.

Come by the County Agents office for any soil testing information and supplies you need.

CHECK FOR COTTON INSECTS

We continue to see and hear of scattered infestations of fleahoppers, lygus bugs, bollworms and square borers over the county.

This means everyone should be checking his own cotton fields to see what the insect situation is and how much damage has been done.

We recommend only spraying when damaging numbers of insects are present. This is about 5% on bollworms and 15% to

pressure (20 pounds per square inch). High pressure produces small spray droplets which are easily carried by wind.

Drift can also be minimized by keeping the spray boom as low as possible. This is usually about 20 inches above the top of the weeds. Sprays should be applied when the wind is less than 10 miles per hour and blowing away from sensitive crops.

2,4-D is very toxic to cotton and even when the best precautions are followed damage may result. Also it is not a good idea to spray Wheatland hybrid sorghums as up to 1000 pounds of yield may be lost.

Under the State Herbicide regulations persons spraying their own land or crops must get a permit and pay a fee of ten cents per acre if he applies herbicides on more than 10 acres. Everyone using herbicides must have access to a wind gauge and comply with the wind velocity as outlined in the regulations. Copies of the permit and regulations are available at the County Agents office.

VEGETABLE FIELD DAY

There will be a Vegetable Field Day at the South Plains Research & Extension Center, located just north of Lubbock on Thursday, August 5. All vegetable growers are invited to attend this event and learn about the current findings on vegetable production.

Jan Jamison Wins 4-H Bake Show

Jan Jamison, 14, daughter of Mr. and Mrs. Earl Jamison of Friona was named county winner of the county 4-H Bake Show, held at the community room in Friona State Bank on Friday.

Second high point individual in the show was Kathy Coker, daughter of Mr. and Mrs. Roy Miller of the Lazbuddie Club.

Miss Jamison will exhibit her products (angel food cake and sweet milk biscuits) at the district contest to be held at the Tri-State Fair in Amarillo in September. She will compete with 20 other county winners in district competition for a \$100 bond which goes to the district winner.

To be eligible for the award, members must have been enrolled in the Food and Nutrition project for the current year.

Participating in the Bake Show in addition to those named were Ann Blackstone-Lazbuddie, red ribbon; Patsine Broyles - Lazbuddie - red ribbon; Janis Billingsley, Oklahoma Lane-blue ribbon; and Debra Harding - Farwell, blue ribbon.

Circular masonry towers were built where native stone was too hard to be squared for corner construction.

WHY FUSS WITH WOOD?

NEW Panl-Frame GIVES YOU MORE FOR YOUR MONEY

NO BULKY FRAMES NO TRUSSES
The Panel is the Building

If you're in the market for a low-cost, "do-it-yourself" farm building structure...

You can draw up some plans, go down to the lumber yard, fiddle around with siding, rafters, poles - round up a crew - and then pound, cut, trim, hammer and paint until you're blue in the face. And still wind up with just an ordinary wooden building.

Or you can buy a factory-made Butler Panl-Frame from us. An all-metal building that goes up fast and easy, because all the components are pre-cut and pre-punched to exact dimension. For about the same total cost.

Panl-Frame is a brand new kind of metal building, with only a bare minimum of inside supports. How come? Because the panel is the building - big, strong wall and roof panels that function as both cover and frame. Panl-Frame suits almost any farm need. And you get a firesafe, weathersafe, practically maintenance-free building to boot - one that won't sag or rot.

If you can put a nut on a bolt, you can build a Panl-Frame. You can build it for you, at a low turn-key price. Or we can do it together. Why not come in for some free Panl-Frame building plans now? Low-cost financing available.

American Consumers Will Decide Meat Industry's Future Growth

American consumers -- 193 million today and more tomorrow -- will decide if the beef industry is to grow and prosper, John B. Armstrong of Kingsville predicted here this week.

Armstrong, a livestock producer and an official of the Santa Gertrudis Breeders

International, told participants at the third coordinated Beef Improvement Conference at Texas A&M University that per capita consumption of beef has jumped 47 pounds per person since 1935 -- up to an estimated 100.5 pounds in 1965.

Last year, per capita consumption

of all meat hit a new record of 174 pounds, compared with 142 pounds in 1935, he added.

It has been estimated that about 85 per cent of the retail purchases of food in the United States are made by women. "It's comforting to beef producers to know that on both 'his' and 'her' food list, beef ranks first," Armstrong told the approximately 500 men and women attending the conference.

"There are now 41 per cent

more people in the United States than there were 30 years ago. And we're producing 143 per cent more meat. Supplying that much more meat to 193 million Americans has resulted in an annual production of beef, veal, pork and lamb approaching 33 billion pounds. Beef production alone will reach nearly 19 billion pounds this year, or 4 billion pounds more than total meat production in 1935," he said.

While increased consumption of meat can be attributed in part

to a higher standard of living plus the fact that Americans just plain like meat, it is present high degree of enthusiasm.

A major factor, Armstrong said, has been that more Americans have been learning more about how best to enjoy and utilize meat products -- and why meat is essential to good health. Research and education programs for consumers will become increasingly important in the future, he predicted.

Cricket

At Home In Parmer County

By CRICKET B. TAYLOR
County HD Agent

4-H ACTIVITIES

Now that the Dress Reveal and the County Bake Show are over, 4-H members turn their thoughts to completion of other projects.

The Oklahoma Lane 4-H girls and their leaders are in a workshop on refinishing furniture. They will be working on furniture arrangement this summer too. This is their 2nd year for Home Improvement project and

they hope to be ready for an achievement tour in middle part of September.

Kathryn Gober, high scoring girl in County Dress Reveal, scored 2nd in the District Dress Reveal. She looked very nice in her 2 piece green wool dress and of course we thought should have scored as first place winner, but then we might be prejudiced.

Ann Blackstone, the Junior County winner modeled her garment along with 18 other Junior County winners. She was the most "unruffled," model there. She showed her garment with grace and poise.

The Bake Show winner on Friday was Jan Jamison of Friona. She will compete in the District Bake Show during the Tri-State Fair and from our view point she will give those other participants some stiff competition with her Angel Food Cake and Biscuits.

PROPER LAUNDERING METHODS HELP KNITS HOLD THEIR SHAPE AND SIZE

There is an art to laundering knit clothing, and you can become an expert in no time. Reading the labels carefully before laundering avoids wash day hazards.

When buying cotton knits, be sure they are made by a new process which compresses the fabric and makes it highly resistant to shrinkage. Wash in warm water to reduce shrinkage.

Select a low-to-moderate setting and do not allow the cotton knits to get completely dry, as this causes shrinkage, also. Remove the garments from the dryer, then gently pat and pull into shape.

Acrylic or nylon knits may be dried completely in the dryer with relatively little shrinkage. But don't leave them in a turned-off dryer as they are apt to wrinkle badly.

Because agitation has a tendency to felt wool fibers, the woolen knits should be hand washed by gently squeezing rather than rubbing and wringing. Wash them in lukewarm water or in cold water, using a

special cold-water detergent. Block them for drying, and dry flat.

MEATS FOR THE OUTDOOR GRILL

Outdoor meat cookery need not be limited to the expensive cuts of meat. With the barbecue season at hand, it's time to take inventory and consider all of the meat choices.

High quality chuck, ground beef and round are all good cooked on the grill. The chuck and round are improved by a tenderizer.

This renewal of interest in tender steaks for outdoor cooking comes when the supply of steaks begins to get short. Some beef prices are up slightly because fewer beef animals are being marketed.

This is also the time of year when pork prices usually rise. Add to this the fact that the pig population is down, and the natural result is that pork prices also are on a slight rise.

Indications are that plenty of chicken will continue to be available.

Attend Electric Leadership Camp

Monday morning six Parmer County 4-H members and two Adults left for the District I 4-H Electric Leadership Camp. The camp is held at Camp Scott Able, near Cloudcroft, New Mexico and is sponsored by the Southwestern Public Service Company for the 5 day period, July 26-30.

Parmer County 4-H'ers attending the camp are: Charles Bowery, Farwell; Kathy Coker, Lazbuddie and from Friona, Jan Jamison, Dennis Fallwell, Linda McVey and Jody Fallwell. Mrs. Roy Miller, Lazbuddie 4-H adult leader, and Joe VanZandt, Parmer County Agent accompanied the group.

About 150 4-H'ers from the 22 county Panhandle area are attending the camp. Delegates to the camp must be 14 years of age. Each county has a quota of three boys and three girls plus two adults.

The Parmer County delegation is in charge of the recreation session for Thursday night at the camp and they plan to have a Birthday Party.

RITWAY JANITOR SERVICE

Carpet shampooing. Free estimate. Cleaning is our only business - not a sideline. Phone 763-6361

Latest reports from Washington on the new cotton program proposed in the omnibus farm bill by Congressman Harold Cooley (D-N.C.) and his House Agriculture Committee still indicate the possibility of its reaching the House floor sometime early in August.

And while it is thought that most Congressmen from cotton states will vote against the measure, prevailing opinion holds that the Administration either has or can muster the necessary votes in the House to pass it. Primarily, cotton belt Congressmen oppose the bill as a result of producer opposition to the low loan, direct payments provisions and the virtual certainty it would reduce U.S. cotton production by 30 per cent or more.

A projected analysis of the bill's cotton provisions, contained in Title IV of the omnibus bill (H. R. 9811), has been made by John Selbert, Area Extension Farm Management Specialist.

Aimed at defining probable effect on net income to the owner-operator of a High Plains irrigated cotton farm, the analysis assumes:

1. A loan price of 18 cents per pound (based on "average" High Plains grades and staple length);
 2. Base cotton allotment of 100 acres;
 3. Projected farm yield of 625 pounds lint per acre;
 4. A "market price" of 18 cents per pound;
 5. Specific production costs of \$80 per acre, and
 6. Land retirement costs of \$5 per acre.
- Under these conditions, Sel-

bert's figures show a return above specific expenses of \$32.50 per acre for the farmer who elects to disregard the government program and plant all of his land to cotton, as he is permitted to do under the current writing of the bill. He emphasizes, however, that this is based purely on the assumption that cotton produced outside the program would sell for the loan value. It could sell for less; it could be more, depending on many unpredictable factors.

The other three choices which would be open to a cotton producer show a return above specific expenses of (a) \$86.20 per acre of cotton if the farmer planted 85 per cent of his 100 acre allotment, (b) \$101.46 per acre of cotton if he plants only 75 per cent, and (c) \$121.40 per acre if he plants only his domestic allotment, 65 per cent.

Selbert points out that this projection is based on proposals in the "Cooley Bill" as it was reported from committee, and that any change of its provisions could render the figures obsolete.

To make the complete analysis available to farmers in the area, Selbert has mailed a copy to all County Agents.

From the businessman's view, a recent editorial in the Leland Progress, Leland, Mississippi sums it up this way: "... The plan would have a devastating effect on the entire agricultural community in cotton-producing areas. Especially hard hit would be farm equipment dealers, fuel, seed, fertilizer and farm chemical dealers, cotton gins, oil mills, cotton warehouses etc. Bank deposits would suffer and land values, tied to cotton production in many areas, would decline."

"In spite of all that's been done to prevent it, High Plains farmers this summer appear to be squarely 'behind the eight ball' where farm labor is concerned."

This was the unhappy but

HERBICIDES NOT 100% EFFECTIVE -- With the end of bracer labor in this area farmers are finding it necessary to hire local laborers to rid the row crops of weeds which can not be entirely eliminated by herbicides. Laborers in this field of sugar beets

on the Buddy Pearce farm, northwest of Texico are hoeing the crop for the third time. Under the law governing wages paid those working in the sugar beet field laborers must be paid a minimum wage of \$1.15 per hour.

frank appraisal last week of Ed Dean, Field Service and Labor Relations Representative of Plains Cotton Growers, Inc. He went on to say:

"We are facing our most critical period for irrigation and no satisfactory source of labor is in sight to do the job. In pre-plant irrigations, we have managed to get by in one way or another, often supplementing available farm hands with the wives and small children of the producer. But with the arrival of a hot and so far dry summer the need for sufficient workers to adequately irrigate growing crops is even more critical, with two or three workers required where one could do the job in the Spring."

The shortage follows the expiration December 31 of Public Law 78, the "Bracero Law" under which Mexican Nationals were imported for periods of peak labor needs. Since that time Dean, working with the National Council of Agricultural Employers in Washington, has presented reams of evidence to Secretary of Labor Willard Wirtz to show the need for these supplemental workers. But all to no avail.

The Secretary has the authority to permit the importation of foreign workers under another law, P. L. 414, but he has refused to use that authority except to a limited extent on highly perishable crops in California. Even there, growers claim millions of dollars in crop losses as the result of delays and limitations imposed by Secretary Wirtz.

Dean points out that the situation is complicated in Summer by the abundance of cotton chop-

ping jobs and the fact that domestic workers prefer this work to that of irrigation. This is especially true in sprinkler irrigated sections, and these are the producers who will be most seriously hurt by the labor shortage.

The Secretary of Labor has taken the rigid position that before a farmer will even be considered for foreign workers he must first place orders and actively recruit domestic workers through the Texas Employment Commission, meeting all criteria prescribed by the Secretary. One of the solutions advanced by the Secretary is the use of twenty to thirty member "A-Teams" -- groups of high school athletes to be transported, fed, insured and supervised at farmer expense.

"But for purposes of irrigation," Dean says, "the average farmer in this area needs only two or three workers, not twenty or thirty. In our case the A-Team program proposed by the Secretary is completely impractical and unworkable. Yet Secretary Wirtz refuses to recognize these facts."

A tremendous amount of money, time and effort has been and is being spent by agricultural leaders and organizations across the United States in an effort to sway the Secretary toward a more reasonable and practical attitude. But there is no indication to date that a change is in the offing, Dean summed up by saying:

"Even if a clearance order for foreign workers were issued today it would be several weeks before workers could actually be processed and brought to West Texas. In the meantime,

Plentiful Foods Spotlight Coolness For Hot-Weather

August usually is the key hot-weather month.

So it's especially nice that so many "cool" foods are plentiful during August, says the Texas Agricultural Extension Service.

Leading the list are fresh plums, closely followed by grapes, frozen concentrated orange juice and broiler-fryers.

Think of how refreshing plums and grapes are when served for either appetizer or dessert nibbling. And fresh plum wedges, seedless green grapes, pineapple chunks and mandarin oranges along with miniature marshmallows, coconut and sour cream combine deliciously in Plum-Ambrosia Salad.

With USDA's Consumer and Marketing Service reporting such a plentiful supply of broilers this month, you'll find fried chicken the perfect hot-weather protein dish. For variety, try oven-baked Chicken Leggs Imperial, which features a well-flavored coating of bread crumbs, Romano cheese, chopped parsley, garlic, salt and pepper.

Corn-crisped chicken, also oven-baked, is first dipped in evaporated milk, then in seasoned corn flake crumbs. For added variety, use crushed potato chips as the breading for fried chicken.

Supplies of frozen con-

centrated orange juice may reach as high as 100 million gallons, and lowering prices favor budget costs.

Dedications for financing the wool and lamb producers' self-help promotion program to be made from payments for the 1965 marketing year under the National Wool Act will continue at the same rates as in the past, the U. S. Department of Agriculture has announced. The rates are 1 cent per pound from shorn wool payments and 5 cents per 100 pounds of liveweight from unshorn lamb payments.

Irrigation wells are idle and crops are burning for want of water. The farmer has been forced into a vicious, politically born and politically nursed plight from which he has no visible out. Consequently, there seems to be no way to avoid production losses on the High Plains for lack of irrigators just as there was no way to avoid crop losses in other sections of our country for want of harvest hands."

THE BENEFITS OF CHURCH ATTENDANCE

by Mrs. Buck Ellison

The Lord requests in Hebrews 10:25 that we forsake not the assembly. We are to exhort one another and to invite others to church.

Draw nigh to God and He will draw nigh to you. God is always present where two or three are gathered together in His Name.

We are to worship Him in spirit and in truth. (John 4:24) His Word is truth and the "truth will make you free." Free from sin.

Preaching constantly reminds man of what he is constantly forgetting. It recalls a person from the bypass where he has turned. He is called back to the straight and narrow way. It is so easy to drift and most always in the wrong direction... especially if we do not receive the spiritual food we need to make us strong. What would happen to our physical body if we ate only once a week and sometimes not that often?

So, church attendance is the most important of all meetings. You may attend other gatherings and meetings as you wish, but do attend church.

RURAL ELECTRICITY helps America grow...

Placing power lines where they are needed is fun for a child, but it is a big job for the nation's power industry.

Today, consumer-owned electric systems such as ours serve 54% of the rural population, and the demand doubles every seven years.

Meeting the rising power needs and preparing for tomorrow takes the best efforts of the entire power industry. In our area we are proud to be carrying our share of the load.

DEAF SMITH CO. ELECT. CO-OP.
