Promotion Seen As For Old Rip Derby

FT. WORTH ENTRY TOP PRIZE WINNER

Eastland's second annual Old Rip Horned Toad Derby was a huge financial success Saturday as 436 horned toads ran in 22 heats after being entered at \$5 per horned toad, but the social success of the affair left something to be desired.

The crowds attending the derby were large, but not as large as had been anticipated.

This week, L. E. McGraw, the only chairman the derby has ever had, but who says now that he is through as chairman, was looking for reasons why the success was not greater.

McGraw said the answer seemed to lie in more entertainment at the derby, more promotion to get the crowd out, and greater participation by more people in promoting events tying in with the derby, such as special bargains at retail stores on Derby Day.

The derby netted some \$700 for the Eastland Chamber of Commerce, which sponsored it, but by earlier resolution, the money can be spent only in promoting next year's derby.

First place winner Saturday in the weepstakes final was "Lonely Hart," a frog entered by Marion Hart of Fort Worth, brother-in-law of A. B. Cornelius of Eastland. It was Cornelius who sold Hart the entry.

Second prize of \$200 went to Buddy Aaron, Eastland High School student who got into the race sort of accidentally. Young Aaron was one of the frog handlers at the race, and when the 22nd heat came up short a number of entries, several of those in the ring put up \$5 bills to enter toads. Aaron's was one of these, and you could have knocked him over with a horned toad when he won \$200.

Aaron's lucky frog was named "Lightning Rod."

Third prize winner was M. L. Keasler, Eastland Gulf distributor whose toad was, naturally, "Gulf Lube." He got \$100.

Edgar Bergen, who had written with his \$5 fee that he wanted Mortimer Snerd to win so Charlie McArthur would have the money to pay his reform school fees, got enough money to enter Charlie in the school when Mortimer won Heat 19. However, Mortimer failed Charlie in the big sweepstakes.

Other heat winners were entered by Bailey Malone of Dallas, Coca-Cola Bottling Co. of Atlanta, Ga., A. W. Dodson of Childress, L. P. Francis of Electra, E. W. Patton of Houston, C. C. Dean of Eastland, Commercial Metals Co. of Dallas, Freyschlag Insurance Co. of Eastland, Service Parts Co. of Abilene, Eastland County Tax Collector, Eastland, Paul Grueger of Dallas, Lions Club of Eastland, Victor Cornelius of Eastland, Eastland Drug Co. of Eastland, Frank Crowell of Eastland, Bill Darden Motors of Sylacauga, Ala., Susan Lamb of Eastland and Vance Blausery of Ranger.

The kids' derby in the afternoon was won by a toad entered by Volley E. Vessells, Jr., who got \$5. A \$3 second prize was won by Tubby Freeze, and Melvin Crabtree got the \$2 third prize.

A throng watched the street square dance put on by the Eastland Girl Scout organization, and there were large crowds at the carnival concessions early in the evening while the derby was getting under way, but the majority of the concessions made less money for sponsoring organizations than they did a year ago, it was said.

Light Rainfall Causes Cooler Temperatures

A slow, soaking rainfall that fell during the night Wednesday and on into Thursday morning was measured at 30 or an inch by Weatherman J. A. Beard.

The light rainfall was spotted over the county, with some areas reporting more rain and some almost none.

Young Doctor Joins Staff Of Clinic. Starts Practice

Dr. and Mrs. John E. White and 10-months old son arrived in Eastland Thursday morning to make their home while Dr. White is connected with the Caton & Cowan Clinic.

Dr. White will take Dr. Cowan's place on the clinic staff. Dr. Cowan will leave about Sept. 1 to become a member of the staff of the Rhode Clinic in Colorado City.

Dr. J. H. Caton said it is contemplated that another young physician will join the staff of the clinic here in the next few months if a suitable man can be found.

Dr. White recently was discharged from service in the Navy on the staff of the San Diego Naval Hospital after two years with the Navy. He graduated from the University of Texas Medical School at Galveston in 1948. He will engage in the general practice of medicine in Eastland.

Dr. White is a native of Kerrville and is the son of Mr. and Mrs. L. B. White of Abilene. Mrs. White is a native of Taylor.

Miss Fairbetter Crowned Derby Queen In Colorful Ceremony At Courthouse

Adele Fairbetter, daughter of Mr. and Mrs. M. H. Fairbetter of Gorman, was crowned queen of the Horned Toad Derby in ceremonies Saturday evening on the Courthouse steps.

County Judge P. L. Crossley was master of ceremonies, and Judge Milburn Long of the Eleventh Court of Civil Appeals of Eastland crowned the queen and presented gifts to her.

Miss Fairbetter was elected queen in a contest sponsored by the Eastland County Home Demonstration Club Council. Runners-up in the contest were Miss Lydia Faye Houston of Eastland, Miss Virginia Weiser of Cisco and Miss Sally Hicks of Sabanno. The latter three served as aides in waiting to the queen and were escorted in the coronation ceremonies by Bobby Womack of Eastland, James Porter of Cisco and Bob Roday of Sabanno.

Wade Russell of Gorman served as king, and later escorted Miss Fairbetter to the Horned Toad Derby.

Other court attendants and their escorts were Barbara Shaeffer and Douglas Johnson of Cisco, Joy Hampton and Bob Brogdon of Gorman, Joy Hallmark and Roy Rawls of Gorman, Emma Lee Wilgan and Don Webb of Eastland, Myrna Faye Caudle and Douglas Justice of Morton Valley, Jo Veta Fleming and Ray Fleming of Pioneer, Georgia Lee Porter and Dwayne Clement of Gorman, Janell Day and Doug King of Eastland, La Velle Watson and Doyle Lee Jobe, and Ernestine Todd and Manning Fairbetter, all of Gorman.

Stanley Stephen of Eastland was trumpeter, and Larry Kirk of Gorman was crown bearer. Flower girls were Judy Parker, Carol Ramsey, Lynda Shell, Tomasine Whitt,

Hooker Is Assistant Coach At E. H. S.

Ed Hooker, former football player at Texas A. & M. College and now attending summer school there, has been named assistant coach and science teacher for Eastland High School, it was announced this week by school authorities.

Coach Wendell Siebert said he was delighted to have Hooker as assistant coach.

\$17 Netted In Gorman Pool Hall Burglary

Sheriff J. B. Williams reported Monday that a recreation hall in Gorman operated by G. W. Poyner was burglarized Sunday night and \$17 in cash taken from the cash register.

Williams said the burglar kicked in a rear door to enter the hall. He has a suspect or two in mind, he said.

City Asks Bids For Lease Of Lake Land

Civic League President Believes Group Would Back Project For Hospital Here

The Eastland Civic League and Garden Club will back wholeheartedly any effort to secure a hospital for Eastland.

Or at least that is the belief of Mrs. James Horton, president of the organization and for long identified with its policies and program.

Mrs. Horton said in an interview this week that the subject was discussed at a meeting of the organization last year, and a willingness to assist such a move was indicated.

She said also that she believes there now is a greater awareness of the need for a hospital here, and that assistance from the league would be entirely in keeping with its objective, "To create a cleaner, more healthful and beautiful Eastland."

Committees for the Civic League and Garden Club already are busy on plans for the year ahead, and

the first meeting of the year will be held the second Wednesday in October. This will be luncheon at the Connelley Hotel, Mrs. Horton said, and Mrs. Frank Costleberry will be general chairman.

A varied program of study on civic and garden subjects is being prepared by the yearbook committee, which is composed of Mrs. Earl Conner, Sr., Mrs. W. P. Leslie, Mrs. Joe Stephen and Mrs. Bill Collings.

A meeting of the flower show committee was held this week, and plans were started for the show, to be held in November with the exact date to be announced later. Mrs. Veon Howard is general chairman for the show.

Mrs. Horton said she has mailed cards to all members urging payment of past and current dues, which may be paid to Mrs. Sam Gamble, treasurer. Peak membership in the organization was about 225.

Standing committees will be the same as last year. Mrs. Horton said, and all chairmen were urged to get their committees organized and functioning. Other officers of the league are Mrs. E. E. Layton, first vice-president, Mrs. D. J. Fiensy, second vice-president, Mrs. Eugene Hickman, secretary, Mrs. E. K. Henderson, corresponding secretary, and Mrs. Gamble, treasurer. Clubhouse directors are Mrs. Conner and Mrs. W. H. Taylor.

Mrs. Horton said she anticipates a very active year, and said that with interest, cooperation and regular attendance, much should be accomplished.

She expressed appreciation to Mrs. Gamble and the group of women who handled the food concession for the league at the Horned Toad Derby Saturday night. The concession netted the league \$41, Mrs. Horton said.

Murphy Family Moves To Abilene

J. D. Murphy and family left Wednesday for Abilene, where they will make their home and where Murphy will be associated with the Texas Coca-Cola Bottling Co.

Murphy, who has been with the company in Eastland for two years, will join the sales department of the firm in Abilene, said Parks Poe, Eastland manager.

BOBBY FRANKLIN AT AIR FORCE BASE

Pvt. Bobby R. Franklin, 22, son of Mr. and Mrs. W. W. Franklin, Morton Valley, has reported to Lackland Air Force Base at San Antonio to begin the AF basic airman indoctrination course, according to word from the base.

Mrs. James Ward is in Dallas this week visiting her sister, Mrs. C. D. Kirkland.

Side Issues

By HENRY G. VERMILLION

I accused Judge Milburn Long, president of the Eastland Lions Club, Tuesday of making so much noise we couldn't hear ourselves talk during the club meeting, and he started to defend himself, until he realized I was kidding him.

The occasion was that the club for the first time in its history, I guess, had a nice new shiny gong and a gavel to bang it with, all officially inscribed with the club insignia. And the judge finally admitted that maybe he was a bit gong happy, what with his bright new plaything to beat around.

Mrs. Jewell Clyatt, formerly of Eastland and now of Phoenix, Arizona, sends along a clipping from one of the Phoenix papers that is of local interest. It reads:

"An appeal for about 10 horned toads, to be sent to Chicago to participate in the second Horned Toad Derby of the Chicago Fair, was issued yesterday by the Phoenix Chamber of Commerce.

"The race, to be conducted on Arizona Day, Aug. 29, will be one of several exhibits set up by the local CofC in co-operation with Miss Lolita Linn, operator of Arizona Chicago, a travel agency.

"A similar derby held two years ago at the Chicago Railway Fair was given considerable publicity by the metropolitan newspapers."

Mrs. Clyatt said in her letter: "Once a Texan always a Texan, but they tell me here I'll have to take out citizenship papers if ever I want to return to Texas. Every year I come back to Texas on a visit, and so far not one person has asked to see my papers. To prove I am true to Texas, I have enclosed a clipping about the goings on in my adopted city and state.

"Now, I have heard quite a bit about how our Texas Boy Scouts shone at the National Scout Jamboree. They had quite an interest in horned toads there. They had such a demand for the toads that they had to send back to Texas for more. Not only did those boys palm off their toads, but they sold cockleburs painted white for porcupine eggs. In fact they did a wonderful job all the way, with three thousand strong. Arizona had a lowly three hundred. And it is rumored that they had quite a clash with our Texas boys. We wouldn't want to let those boys down, so I think you Eastlandites would have a few toads left over from your derby. I am sure you have the best. May the biggest and best toad win.

"Here's hoping they don't kick me out of this state for divulging this information to you, for this is a pretty good state. With all these loyalty checks going on, I might get kicked out of both for poking my nose in.

"P. S. Wonder if the Phoenix Chamber of Commerce ever heard of Old Rip. Be sure and see that they do."

Well, as Mrs. Clyatt says, once a Texan, always a Texan.

It can be revealed now that a few of the horned toads that ran in the derby came from Cisco.

Eastland always has been so proud of Old Rip that it seems a bit out of line to let mere Cisco horned toads race in the event here—but the truth was that the Chamber of Commerce here was getting entries faster than it was horned toads, so Manager H. J. Tanner sent an SOS to Bennie Butler, the Cisco CofC manager, to adopt the Arizona style as shown above.

Butler came through with some horned toads, too.

Incidentally, after the big race was over, Mrs. Marene Johnson took the horned toads that had been run, and scattered them over town to provide ancestors for future Derby racers.

Mrs. Jack Lusk will leave Monday for Cooper, where Mr. Lusk is conducting a newspaper subscription campaign.

Eighth Producer Is Brought In In Briggs Owen Pool

The City of Eastland this week prepared to lease about 20 acres of land around Lake Eastland for oil drilling, as the eighth producer in the Briggs Owen Field about two miles west of the lake was brought in as a producer in the Lake Sand.

A Lake Sand producer near the city lake was drilled about two years ago by the Tex Harvey Oil Company, but was abandoned because production of two or three barrels a day was not enough to justify pumping the well.

However, since then, the hydra-frac process has been developed, and oil men say the Tex Harvey well might make a good producer after being hydra-frac-ed.

At any rate, the city has called for bids on leasing the property, on which the Tex Harvey lease has expired.

The new well in the Briggs Owen area was the Clark No. 3, drilled by Bankline Oil Co., and a spokesman for the company said the well looked as good as any yet drilled in the area.

The Briggs Owen No. 8 was reported drilling at around 1240 feet. This is the fifth Owen well to be drilled. It is located 890 feet from the northeast corner of Section 48, Block 4, H&TC Survey.

It was reported this week that location had been made for a wildcat on the Gordon Woods property about six miles northwest of Eastland. The location was staked by J. S. Lewis of Lampasas and is 330 feet from the east and 990 feet from the south lines of the northeast corner of Section 55, Block 4, H&TC Survey.

Contract depth is 3700 feet with rotary.

New Fire Truck Ordered By City

A \$9500 750-gallon pumper fire truck has been ordered by the City of Eastland, and delivery is expected in about four and a half months. City Manager I. C. Heck said this week.

The truck was ordered from the American La France Co., and will be mounted on a Ford F-7 chassis with a 145 horsepower motor.

Purchase was approved by the City Commission in a meeting Friday night.

Heck said the fire department Seagraves truck has been put in first class condition, and the old La France fire truck owned by the city will be put into top shape by the expert who will come with the new truck. That will give the city three fire trucks in good condition, he pointed out. He said no decision has been made on disposition of the third old truck now in the department.

Also, the city recently has purchased new fire hose to put the fire department into good shape on that item.

Heck said the new truck will be bought on the basis of a third on acceptance, a third in a year and a third in two years.

James Wright Again First In Amateur Show

James Wright of Eastland, singer and guitar player, held on to top place in Pullman's Westinghouse Amateur Revue Tuesday night at the Majestic Theatre.

It was the fourth consecutive Tuesday that Wright had won first place, with judging based on the audience applause. He is still in the running for the grand prize, a Laundromat to be given the winner of the final performance on Aug. 29.

Others who were on the Tuesday night program were the Kendrick quartet, singers, Bob Page of Odessa, singer, and Bill Eddleman of Eastland, comic singer. Page is the son-in-law of Mr. and Mrs. T. E. Castleberry of Eastland.

Mr. and Mrs. Francis Brock of Midland were week end guests of their parents, Mr. and Mrs. Howard Brock and Mr. and Mrs. Pat Murphy.

Wins Degree

Howard W. Young, who grew up in and near Eastland, and who took his degree as Doctor of Optometry at the Southern College of Optometry recently. He passed his state examination in July, and now is at Waco until he decides on a location. He is the son of Mrs. Pearl A. Young of 409 North Ostrom Street, and the brother of Curtis Young, Mrs. J. A. Brown, and Mrs. D. E. Gann, all of Eastland. He is married and has one son.

1st Peanuts, Cotton To Get Cash Prizes

RANGER — Farmers who bring in the first load of peanuts to be marketed in Ranger and the first bale of cotton to be ginned here each will receive \$50, according to W. F. Creager, chairman of the agriculture committee of the Ranger Chamber of Commerce.

Ranger firms are putting up money for the prizes.

The first load of peanuts to be eligible for the prize money must weigh 10,000 pounds or more, grade 70 or better, and have sound and mature kernels containing less than nine percent moisture.

J. H. (Hoover) Pittman of the Flatwood community won the 1949 prize. No prize was given on the cotton.

The Ranger gin this year is being operated by T. D. Lauderdale, a gin man of many years experience.

CISCO JUNIOR COLLEGE

Approved by the State Department of Education and Association of Texas Colleges as a Junior College of First Rating.

Member of the American Association of Junior Colleges and the Texas Association of Colleges.

Courses leading up to JUNIOR STANDING in a four-year college or university:

ENGLISH	—	MATHEMATICS	—	SCIENCE	—	LANGUAGE
HISTORY	—	ECONOMICS	—	SOCIOLOGY	—	JOURNALISM
SHORTHAND	—	ACCOUNTING	—	TYPING	—	BUSINESS LAW
PHYSICAL EDUCATION	—		—	GOVERNMENT	—	
SPEECH	—		—	MUSIC	—	

Courses in Public School Music, Harmony and Voice will be available under Mr. Robert Clinton, head of the Fine Arts Department.

The Junior College offers two years of standard college work under a well-trained faculty. The classes are small enough for individual training and guidance. The advantages of staying at home and attending college are obvious. The tuition is very low, making the cost to the student negligible.

CISCO JUNIOR COLLEGE offers courses designed to meet the needs of those desiring to extend their general cultural education above the High School level; those who plan to pursue their education to degrees in Senior Colleges; those who plan in their higher education to specialize after two years of pre-professional work, and those who expect at the end of two years in college to enter their chosen field in business, vocation, or profession.

YOU'LL BE PLEASED, TOO, WITH THE RECORD'S

OFFICE SUPPLY DEPARTMENT

It sort of amazes us here at The Record that after we have been handling office supplies for over five years, every once in a while some local office supplies buyer will glance over our extensive stock and say, "My, I didn't know you had such a large stock of office supplies."

Of course, we could say, "Why the heck didn't you know?" or some such crude phrase, but once we read a book on salesmanship, and it said not to do things like that.

It said the customer was always right, or something like that, so since we are a firm believer in the printed word (after all, we DO print a newspaper, as well as sell office supplies) we always try to act as if the customer is right. And almost always he or she is, too.

Anyway, to get back a little closer to our subject, we do have a lot of office supplies here at The Record, and they're for sale at prices in line

with what you'd pay for the same items in the big cities.

We have typewriter paper, typewriter ribbons, adding machine paper and ribbons, paper clips, receipt books, accounting and bookkeeping supplies, glue, gum tape, art gum erasers, file folders, box files, filing cards, file indexes, pencils, Esterbrook pens and replacement points, ash trays, Texas Brags books and maps at only 50 cents each (you'll want to send some to friends living in backward areas outside of Texas) and Texas Almanacs that tell you all about the greatest state in the Union, also scratch pads, memorandum books, desk-side files, stenographers' chairs, all kinds of staplers and staples, pencil sharpeners, and several hundred other items.

In fact, we're sort of proud of our stock of office supplies. When you need any, drop by—we'll be glad to see you!

The Abstracter and the Title Attorney . . .

. . . have some common duties although their professions differ widely in both background and training. Since the abstract does not always prove the title, there may remain a legal phase which is the work of an attorney. In a sense, the abstracter is the producer while the attorney is the interpreter of the title. Both are necessary in the interests of the public welfare in keeping titles clear and real estate moving without delay and burdensome costs to its owners.

FIRST OF THE FINE CARS IN VALUE

BIG MOMENT— with a Double Impact

It's a big moment when any new car rolls up to your door and you start out fresh and spanking bright.

Think, then, what it's going to mean when that new car is a ROADMASTER like this one pictured here.

You'll swing wide the door and slide into a car that's truly fine—and looks it.

You'll put foot to treadle and touch off the might of a great, 152-horsepower Fireball straight-eight that's ready to master any road—or anything it meets there.

You'll have the silken magic of Dynaflo Drive to simplify your

driving, ease your way. A handsome flexible steering wheel, automatic windshield washer, soft Foamtex cushions, and many other items that are "extras" elsewhere are standard equipment here.

But even while you enjoy all that, you've a still deeper satisfaction enriching your pleasure.

For here you have not only a fine car, but a sound and frugal investment as well.

You have paid less per pound than any comparable car costs—and automotive men will tell you price per pound is the soundest measure there is of solid, thoroughgoing merit.

You've bought quality—top quality—all the fine things a fine car should provide. But you haven't spent a penny more than a fine car need cost.

And that can mean a lot. For instance—

Drop in on your Buick dealer. Try out a ROADMASTER. Match it, feature by feature and point by point, with any other fine car on the road.

Then get the price.

You may well find that you can get not only a new ROADMASTER for the sum you had in mind—but maybe a new fur coat for your wife as well!

FOUR-WAY FOREFRONT. This rugged front end (1) sets the style note, (2) saves on repair costs—vertical bars are individually replaceable, (3) avoids "locking horns," (4) makes parking and garaging easier.

Tune in HENRY J. TAYLOR, ABC Network, every Monday evening.

WTCC To Have Convention Again

The "old time" conventions of the West Texas Chamber of Commerce will be revived this year, with the first to be held in Mineral Wells Oct. 18 and 19.

H. J. Tanner, manager of the Eastland Chamber of Commerce, was one of a group of members of the West Texas Chamber of Commerce Managers Association who met with officials of the WTCC in Abilene Wednesday to discuss plans for the future. Members of the association during the past year or so have been openly critical of many of the WTCC policies.

However, all was peaceful at the Wednesday meeting, Tanner said. Main purpose of the session was to get ideas from the managers on how to improve the WTCC.

The conventions of the WTCC were discontinued at the start of the war. They once were among the largest conventions held in Texas each year, and were marked by a program of elaborate social occasions as well as by business meetings. One of the highlights of the conventions was the crowning of "Miss West Texas," whose identity remained a secret until the coronation, which was attended by duchesses from almost every town in West Texas.

Tanner said much enthusiasm was shown over revival of the conventions.

Suggestions for revamping the WTCC were discussed at a breakfast Wednesday and then presented to the general meeting by Red Wedgeworth of Pampa, president of the managers' association, Tanner said.

One suggestion was for the creation of a WTCC public relations section.

Tanner said that all suggestions were made constructively and were well received by the WTCC officials.

50 More To Report For Army Physicals

Thirty men from Eastland and Stephens Counties reported to Dallas Tuesday for physical examinations under the draft program, and 50 more will report to Abilene Thursday of next week for the same purpose, Mrs. Jewel Reaves, secretary of the local draft board, said Thursday.

No further calls for men have been received, Mrs. Reaves said. Latest call was for 50 men to report for physicals Sept. 7.

A total of 150 men has been called through the local board so far.

John Kleiner Rites Are Held In Cisco

Funeral services for John Kleiner, Cisco oil operator, were held Wednesday afternoon in the Cisco Presbyterian Church, with burial in Oakwood Cemetery in Cisco, with full Masonic rites at the grave.

Mr. Kleiner, 54, died Monday in an Abilene hospital following an illness of four months.

He and his brother, the late Charles J. Kleiner, developed oil fields in western Eastland County and in Callahan County.

Survivors are his wife, a sister, Mrs. Ethel Atkinson of Wichita Falls, two brothers, R. W. Kleiner of Eastland and M. H. Kleiner of Graham, and two half brothers, Joseph Woodard of Houston and Harvey Woodard of Cisco.

Dutch Youth Talks To 4-H Students

The tractor school held Thursday and Friday of last week for 4-H Club boys and their fathers at the Perkins Implement Co. in Eastland was quite successful, with more than 20 boys attending, said County Agent J. M. Cooper, who helped arrange the school.

Highlight of the sessions was a talk made by John Wellen of The Netherlands, who is in this country to study youth programs and who is secretary of a national youth organization in Holland.

He told of agricultural methods in his country, and expressed appreciation to this country for its assistance through the Marshall plan. He said the assistance has made it possible for his country to recover more quickly from its war damages.

The school was directed by W. L. Ullrich, agriculture engineer for the Texas A. & M. College Extension Service.

Revival Services To End Sunday

Revival services at the Harmony Baptist Church of Morton Valley will end with the Sunday evening service, and maximum crowds are expected at the remaining services, it was said this week. The evangelist is Rev. Bob Randall, assisted by Joe Ed Liles, piano accompanist.

A street service on the square in Eastland, featuring music on the electric vibra-harp, singing and preaching, will be held on the square in Eastland at about 10 p. m. Saturday. A similar service was held last Saturday.

Services at the church are held at 10 a. m. and 8 p. m. daily.

Ranger Youth Hurt In Highway Mishap

Luis Martinez, 17, of Ranger was reported in critical condition Thursday in West Texas Hospital in Ranger after he was injured in an auto crash three miles west of Ranger on Highway 80 Wednesday.

Martinez received head and chest injuries when the car in which he was riding with Richard Flores and Antonio Gomez over-

Rains Halt Work On Retopping Highway

Rains Thursday halted topping work on the Eastland-Breckenridge highway with only a quarter mile of the highway, just outside Eastland, still to be surfaced, reported E. M. Pritchard, resident engineer for the State Highway Department.

Asphalt topping is being placed on the highway for leveling purposes, Pritchard said. Crews have placed the pre-mix surfacing on the highway all the way from Breckenridge to Eastland, with the exception of the small portion near Eastland. The asphalt mixing plant is located just outside Eastland.

Work still is going on on the Ranger-Morton Valley highway, which is being widened and will be retopped. Crews still are busy putting in new and wider culverts, it was reported.

Two sections of Highway 80 between Eastland and Olden also were retopped this week.

turned after hitting a soft shoulder. Flores and Gomez were treated for minor injuries and released.

Captain Sayre Says No Word On Guard

Capt. Frank Sayre, commanding officer of Battery A, 648th Armored Field Artillery of the National Guard, said Thursday he had received no notice as to the future status of the guard unit.

"We just don't know anything yet," Captain Sayre said. He said that the battery, which has headquarters in Cisco, is going ahead with the regular training program with the hope of being as prepared as possible should the battery be called for active duty.

RELATIVES ARE GUESTS OF HARRY WOODS

Mr. and Mrs. Montie Rowe and children, Tanyusha Kay and Montie Edward, have returned to their home in Monahans after a visit with Mr. Rowe's sister, Mrs. Harry E. Wood, and Mr. Wood.

The Woods also had as guests their daughters and husbands, Mr. and Mrs. C. W. Mayfield of Breckenridge, who have just returned from a vacation trip to Colorado and Wyoming, and Mr. and Mrs. Bob Roth, also of Breckenridge, who are just back from a trip to Detroit, Canada, and Ohio.
