Truman Feels Sting Of McCarthy's Lash

ACCUSES PRESIDENT OF ARROGANCE IN REFUSING ACCESS TO FILES

WASHINGTON, March 23 (UP)—Sen. Joseph R. McCarthy, R. Wis., today accused President Truman of an "arrogant refusal" to grant congress full access to government loyalty files.

He said in a telegram to the chief executive at his Key West, Fla., vacation headquarters that such action was "inexcusable and is endangering the security of this nation."

Mr. Truman has not said whether or not he will bow to Republican demands that the files be made available to a Senate Foreign Relations subcommittee investigation McCarthy's charge that communists have infiltrated the state department.

He alone can decide whether his long-standing directive against revealing loyalty files, FBI records and other confidential government data should be waived in the current inquiry.

McCarthy advised Mr. Truman that he was "exceedingly disturbed" by newspaper reports quoting a White House spokesman as saying "some portions of the files might be made available to clear innocent people."

McCarthy has said that the senate foreign relations subcommittee can prove — or disprove — his charge that communists have infiltrated into the state department only if it examines all pertinent loyalty files.

Mr. Truman has never commented officially on demands for full disclosure of the files involved in the current inquiry. He must give the go-ahead to make all or part of them available.

McCarthy has charged that the state department harbors 57 communists and a larger number of "bad security risks." But he has pinned his case largely on the man whom he identifies as "the top Russian espionage agent in this country."

McCarthy has not named the man publicly but has said he is "connected" with the state department. Secretary of state Dean Acheson said yesterday that he knows nothing about such a person.

Subcommittee chairman Millard E. Tydings, D. Md., is negotiating with the state and justice department for access to the files. He expects to reach some kind of "understanding" by the end of the week.

EMOTIONAL MATURITY NECESSARY TO SURVIVAL

By Paul F. Ellis
United Press Science Editor
NEW YORK, March 22 (UP)—Dr. Edward A. Strecker, Philadelphia's famed psychiatrist, today offered a formula for emotional maturity which he described as more important for survival than either the A-bomb or the H-bomb.

Strecker, head of the Department of Psychiatry at the University of Pennsylvania School of Medicine, said the formula is a combination of "dissatisfaction with the status-quo, which calls forth aggressive constructive effort, and of social concern and effort."

Here are the personality traits he listed as essential in a talk at Cooper Union for emotional maturity:

1. The ability to stick to a job, to work on it, and to struggle through until it is finished, or until one has given all one has in the endeavor.
2. The quality of capacity of giving more than is asked or required in a given situation. Such is reliability.
3. Resistance to carry out a goal in the face of difficulties.
4. The endurance of difficulties unpleasantness, discomfort, frustration, hardship.
5. The ability to size things up, make one's own decisions. This, he said, implies a considerable amount of independence, and that a mature person is not dependent unless ill.
6. Determination, a will to achieve and succeed, a will to live.
7. The capacity to cooperate: to work with others, to work in an organization and under authority.
8. Flexibility, a person who can defer to time, other persons, circumstances.

Strecker said that whether a child reaches emotional security in adulthood depends much on his relationship with his mother.

Going Forward

With Eastland By Bob Moore

The small town boasted a female preacher. One day while working in her study, she heard a timid knock at her door. Answering the summons, she found a bashful young farmer on the step.

"Good afternoon," the parsoness remarked. "Was there something I could do for you?"

"Does the minister live in this house?"

"Yes sir, yes?"

"Well, I calculate on getting married."

"All right, I can marry you." The lady parson was no sight for sore eyes and the young rustic glanced just once at her face, then without. He jammed his hat on his head and hurried down the walk.

"Will you be back," the minister called.

"You ain't got no chance to marry me," he answered back over his shoulder. "I don't want you, I has already got me a gel picked out!"—Jonh Dorsett.

Oldtimers like Ed Freyschlag and W. Q. Verner recall that Tuesday was not the first time Mrs. Lettie Faucett spoke to the Eastland Lions Club. Seems that she spoke to the group many years ago when they use to meet in the Woman's Club building. But her re-appearance was evidently a welcomed one as many fine comments have been made by various Lions regarding her humorous talk.

Here and there: Sam Diamond, of the Majestic Cafe, getting the fishing fever Wednesday noon and recalling with pleasure the excursions after the finny tribe he use to make with Johnny Kitchen, former Maverick coach and now mentor for Austin High School. Neil Day, county tax assessor-collector, to be the "bride in the womanless wedding" to be held at the high school auditorium Monday night.

After two years of being actively connected with the Boy Scout organization, in one capacity or another, this scribe is going to take a rest, if you could call it that. Duties as an editor are a full-time job in itself and don't leave much time or energy for too many other interests. Troop 66 will be in the capable hands of Assistant Scoutmaster J. Ross Rucker until a suitable successor as Scoutmaster can be secured. While a person is "cussed and discussed" in any worthy undertaking, it has indeed been a pleasure to be connected with this fine organization. In severing my connection with Scouting, I'd like to say "good luck, fellows."

It has been indicated that E. E. Wood will be a candidate for re-election as Justice of the Peace, Precinct I, which includes the voting district of Eastland and Olden, with a formal announcement to be made later.

Soanded That Way To Him HOPEWELL, Va. (UP)—Mrs. W. T. Keener said her husband's musical ear convinced her that something must be done about modern music. As she rattled some silverware in a pan in her kitchen her husband yelled out. "How about turning down the radio? That music is too loud."

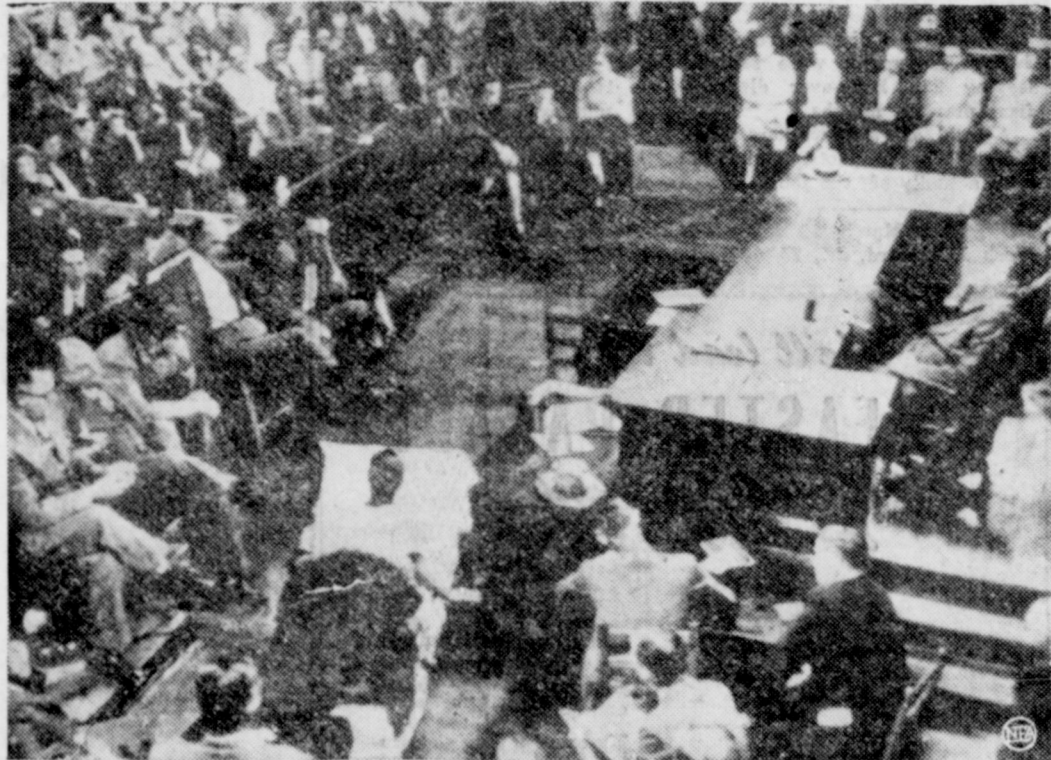

Formal opening of a new Nutrena Feed store, 403 South Seaman Street, by W. D. Spain will be held Friday and Saturday, with a free sack of feed to be given away.

Located in the building formerly occupied by Moser-Nash Motor Company, the Spain Feed Store will feature a complete line of Nutrena feeds. This includes the Nutrena chick feed that was voted in a survey of 14 states as the best, Hog Nuggets, dog food, and other standard products to be found in a typical store of its kind.

A bulletin board will be available for farmers and ranchers to list any item they have to swap, sell or trade. This service will be free.

Spain has been a resident of Eastland for the past eight years. He and his wife live at 712 West Commerce Street. He is widely known throughout the area as a rancher and cattle dealer. Mrs. Spain is well known in Eastland through her active church work through her active work in both church and civic affairs.

CourtRoom Drama

Tom Harris, paralyzed witness in the murder trial of Leon Turner, left with hand to forehead, held at Kosciusko, Mississippi, is wheeled into court on stretcher during a tense moment in the trial. Turner was convicted of murdering Harris' four-year-old daughter, one of three small children killed during a shooting in which Harris was wounded and paralyzed. A life sentence was given. REMARKABLE PROGRESS FOUND IN EHS LIBRARY BY EVALUATION COMMITTEE

(Editor's Note: Fourth in a series of reports by an evaluation committee of Eastland High School, this deals with the library service. Miss Virginia Clarke, Denton, served as chairman. Members were: O. L. Stamey, Gisco, and Mrs. Loyd Browning, Gatesville.)

Eastland High School is to be commended for:

1. The remarkable progress made in the library set-up during the last several months.
2. Its fortunate choice of a librarian.
3. The library-mindedness and library-readiness of its staff and student body.
4. The spacious, well disposed, attractive library quarters.
5. The friendly, purposeful, comfortable, and relaxed atmosphere in the library.
6. The tidiness of the newly-organized and newly-processed book collection.

The stage is set with favorable attitudes, enthusiasm, abilities, and physical quarters for the development of very superior library service and library rating when the following short-comings have been remedied:

1. The collection is very weak in five out of the ten general classes for books, an non-book materials (such as an informa-

tion and picture file and audio-visual materials) are generally lacking.

By Southern Association standards a library serving a high school of this size should have:

- a. A basic book collection of at least 1,000 well-selected, recent and suitable books exclusive of duplicates and textbooks. (Only about one third of the present collection of 1,794 titles can qualify as recent and suitable).
- b. An information and picture file.
- c. Audio-visual materials such as records, film strips, and slides as well as maps, globes and similar instructional data and aids.

Also needed are:

- a. More guidance materials; pamphlets, books, etc. on personal development and vocational opportunities.
- b. More books and magazines for recreational reading.

2. Library materials are paid for almost exclusively by library fees of \$1.50 per year charged the students. Library fees are customary in some private schools but not in public schools. The state furnishes the textbooks. The school should furnish the library books. Even in dire circumstances it seems only fair that the school at least match the contributions of the students in so vital

3. Even with the general high many teachers and students, library materials are not being used to the fullest extent either in the instructional program or for recreational reading. The record is not bad, however, and the deficiency is due, no doubt, to the facts that:

- a. The attractive, convenient library situation is a very recent achievement. Library habits are still in the making.
- b. The collection is inadequate to meet the needs in many fields particularly in social science, history, natural science, how-to-do-it books, guidance materials (including vocational stories) and some types of recreational reading.

Other recommendations of the committee are:

1. That measures be taken to reduce the daylight glare in the library by diffusion screens or ventian blinds.
2. That metal gliders or rubber taps be put on the bottom of chair legs to reduce the noise. Also helpful in reducing the noise would be a quiet floor covering such as battle-ship linoleum and acoustically treated ceiling.

12 Members Of Eastland Band To Attend District Festival

Twelve members of the Eastland High School Maverick Band will attend a festival at Gorman Saturday to select an all-district band, director T. R. Atwood stated.

They are Nancy Freyschlag, G. W. McBee, Don Smith, Guyrene Robinson, Beth Hurt, Jim Willman, Mozelle Pullman, Bob Vaught, Jenelle Patterson, Tommy Paterson, Sarita Seale, and Stanley Stephen.

Fifteen schools in the district will participate in the event, the first of its type to be held in this area. Purpose is to stimulate public interest in music in the various communities represented.

a master as the purchase of books.

By Southern Association standards a school of 500 of fewer pupils should appropriate annually from regular schools funds at least \$1.35 per pupil per year for books, periodicals, other materials, binding, and supplies, including printed catalog cards. Any funds provided for the purchase of expensive audio-visual materials, such as maps, globes, and films, and audio-visual machines shall be outside the library budget as herein set up.

Dogs Must Be Vaccinated To Combat Rabies

In an effort to combat the rabies menace, dogs will be vaccinated at the Eastland City Hall on Wednesday afternoon and Saturday morning of each week, the City Commission stated.

Fee for vaccinating dogs will be \$1.50, which must be done annually. City Sanitary Officer Witt will do the vaccinating.

The City Commission advises that an ordinance requiring vaccination of dogs will be enforced. When a dog is picked up by officers of the city, it will be held at the dog pound for three days, and if not re-claimed within that time, will be disposed of. Before a dog can be re-claimed, it must be vaccinated, and in addition a fee of 25 cents per day must be paid for feeding the animal.

A net will be purchased by the city for officers to use in picking up dogs.

In announcing enforcement of the ordinance, the City Commission said "newspapers are reporting many mad dogs and foxes over the state. Some people have the idea dogs develop rabies only during hot weather. We understand this is not a fact, and that dogs develop rabies all during the year. We must protect our citizens against dogs with rabies, and we solicit the cooperation of each and every one. One dog with rabies will bite many other dogs, and endanger the lives of many people, particularly children. The police officers are instructed to impound every dog which does not show on dog-tag to have been vaccinated within one year."

The Singer Sewing Center will offer for sale sewing machines, vacuum cleaners, electrical appliances, and notions. A sewing center room will be available to teach purchasers how to operate the machines as well as those who do not own a machine. A rent and repair department will be featured.

Designed to serve all of Eastland County, the local Singer Sewing Center will make the 61st store to be opened in the Dallas district.

Charles McHan, formerly assistant manager at Brownwood, is being transferred as manager of the new branch office. Eight local persons, four men and four women, have been engaged as personnel.

'Nibbles, Jr.' Hamster, Is Father of 9

'Nibbles, Jr.', a hamster at the South Ward School, is now a papa.

The small furry animal and his wife because parents of a litter of nine recently.

Mrs. D. E. Frazer, teacher in the Fourth grade at South Ward, bought "Nibbles, Jr." from Mr. and Mrs. Tom Lovelace, who also possess two female hamsters.

Mr. Lovelace reports that "Nibbles, Jr." will soon be a father again, as only 16 days are required in the reproduction span of a hamster.

South Ward students have already learned much about hamsters, which are often used for laboratory experiments, and Mr. Lovelace plans to take some of the hamsters to other Eastland Public Schools for a visit.

Resembling a Spanish peanut and red in color at birth, the animal descend from a long line of Syrian hamsters. Clean and odorless, the hamster will not bite if handled properly, and has food storage pouches in his cheeks in which he could store the chewed up pieces of carrot a foot long, which is much longer than the animal.

Prichard firemen no longer get the hot seat. Fire Chief W. E. Dixon has invented a light asbestos screen which the fire fighters use to protect themselves when they have to turn their backs towards the fire.

Singer Sewing Center To Open Here April 8

A tentative date of Saturday, April 8, has been set for the opening of Singer Sewing Center in the Rust Building, a new branch of the Singer Sewing Company to serve Eastland County, S. L. Bowen of San Angelo, district manager, stated Wednesday.

The Rust Building, located on the southwest corner of the Court house square, had been unoccupied for sometime and is being remodeled for the new business firm.

Charles McHan, formerly assistant manager at Brownwood, is being transferred as manager of the new branch office. Eight local persons, four men and four women, have been engaged as personnel.

The Singer Sewing Center will offer for sale sewing machines, vacuum cleaners, electrical appliances, and notions. A sewing center room will be available to teach purchasers how to operate the machines as well as those who do not own a machine. A rent and repair department will be featured.

Womanless Wedding Set Monday Night

A womanless wedding, with the cast to include local men, will be presented Monday night at 7:45 o'clock in the Eastland High School auditorium, under auspices of the fifth grade of the South Ward School.

Proceeds will be used by the fifth grade to purchase a water fountain to present to the school as a farewell gift before graduating into Junior High School.

Owl Not So Wise

TEXAS NEWS BRIEFS

By United Press

FORT WORTH, March 23 (UP)—Eighteen additional foot patrolmen will be added to the police squad in downtown Fort Worth between now and Oct. 1, Police Chief George Hawkins said.

Employment of the policemen was authorized by the city council yesterday, as part of a campaign to control after-dark crime in the downtown district.

AUSTIN, March 23 (UP)—Texas laborers involved in disputes with management at the end of February dropped to the lowest number since last July, the Texas Employment Commission reported.

Five of six disputes reported during the month were settled, leaving 26 hang-over disputes from previous months. A total of 1,139 workers were affected by disputes, and 153 were actually off the job.

HOUSTON, March 23 (UP)—Wash J. Howard, Jr., 25-year-old

University of Houston student was held without bond today after his indictment for the murder of negro yardman Carter Boyd.

The yardman, father of nine children, was fatally shot in a dispute over a minor traffic accident March 11. Houston citizens have contributed more than \$7,000 for Boyd's widow and nine children.

DALLAS, March 23 (UP)—Dallas recorded its seventh traffic fatality of 1950 today with the death of John Davis, 28, trade school student.

Davis died several hours after his automobile hit a curb and threw him to the pavement yesterday.

LUBBOCK, March 23 (UP)—Walter Rogers, 65, was found guilty last night of the shotgun slaying of his three-months bride, Margaret Rogers, 54.

A 99th District Court jury set Rogers' sentence at life for the Dec. 19 killing. He was charged with murder with malice.

AMARILLO, March 23 (UP)—An Amarillo service station has started a new guessing game in the drought-stricken panhandle. It offers \$50 to the person

guessing closest to the day and hour when the city will receive an inch or more of rain. The station suggested to motorists that one way to bring on the downpour would be to have their automobiles washed and greased.

LAREDO, March 23 (UP)—Lawrence M. Lawson, Commissioner of the U. S. section of the international boundary and water Commission, is inspecting the Falcon damsite on the Rio Grande.

Lawson, of El Paso, discussed plans here yesterday with engineer Richard Ward. The commissioner said he expected to let contracts for the \$47,000,000 dam and hydroelectric plants this year.

Legislator Looks Ahead JACKSON, Miss (UP)—Although there are no television stations in Mississippi, and none contemplated right now, a bill introduced in the state legislature would prohibit television sets in automobiles. Rep. Paul Meathell, explaining his bill, said he was looking forward to the future. "I want drivers in Mississippi to keep their eyes on the road," he said.

Evidence Stays Warm HILLSBORO, Tex. (UP)—Sheriff Charlie Garrison struck while the iron was hot in a theft case. He arrested a man for stealing an iron from an ironing board in a pawn shop. Garrison returned the iron to the owner and it was still warm, he said.

RJC Debs Club Has Initiation

Three new members were initiated into the Debs Club of Ranger Junior College Tuesday night at a meeting in the home of Miss Nancy Phillips in Ranger. The new members taken into the club are June Alexander and Betty Rowe Wilcox of Cisco, and Nancy Harkrider of Eastland. Miss Phillips was also initiated Tuesday night, having missed the initiation ceremony at the beginning of the first semester.

Following the ceremony, members of the Debs Club were entertained with a dinner. During the evening plans were discussed for the forthcoming annual spring formal, along with plans for other school activities to be sponsored by the Debs.

Members present were as follows:

Wanda Bailey, Joyce Cole, Betty Bumpass, Betty Jean Falls, Tommy Ruth Browning, Camilla Gordon, Gloria Graham, Joy Hathcock, Mary Helene Kirkpatrick, Jane Ann Morton, Wanda McClellan, Nancy Phillips, Betty Reuser, Georgette Rogers, Velma Lou Rose, Crystal Smith, Joanne Smith, Verna Wheat, Gay Nell Whitley, June Alexander, Betty Rowe Wilcox, and Nancy Harkrider.

Also present was Mrs. Mamie Ruth Hamrick, the club sponsor.

Flower Show Plans Revealed, Divisions Classified This week

Plans were made this week by the Flower Show committee of the Civic League and Garden Club to stage the annual show at 3 p.m. in the high school gym.

The many phases of the show was discussed and the displays classified and divided, with Mrs. Jack Carothers in charge of the Youth Display, which was an added attraction and such a success last year.

Under the able direction of Mrs. Veon Howard, the different divisions will be handled as follows: Mrs. Joe Collins and Mrs. Leroy Ramer will assist Mrs. Carothers in the Youth's division and Mrs. Jack Frost will be chairman of the Table Setting and will be assisted by Mrs. Cyrus B. Frost, Mrs. W. P. Leslie, and Mrs. Arthur Murrell.

THE POT PLANTS will be arranged by Mrs. T. E. Payne and Mrs. Sam Gamble.

Mrs. Jennie Self Weds Mr. Wallace In Okla. Rites

Mrs. Jennie Self and Mr. James W. Wallace, Jr. of Portales, N. M. were married Tuesday, March 21 in Lawton, Okla.

The Rev. H. T. Wiles, pastor of the First Baptist Church read the ceremony in his study at the church.

Mrs. Wallace chose for her wedding a suntan beige suit with brown accessories. She wore a corsage of red carnations and carried a brown Bible.

The couple were accompanied by Mr. and Mrs. C. C. Street. Mrs. Street is the sister of the bride.

Mr. and Mrs. Wallace will make their home here. He is a retired rancher.

OUT DOOR GARDENS are under the direction of Mrs. Clyde Crissom and Mrs. Jim Horton.

MINATURE GARDENS display will be arranged by Mrs. I. C. Heck, who has not announced the assistants.

THE CUT FLOWERS DIVISION is under the direction of Mrs. Eugene Hickman.

THE NOVELTY DIVISION will be under the direction of Mrs. Wilber Laney.

Mrs. Fred Maxey will be in charge of the refreshment box and will sell BOTTLED DRINKS during the show.

A program of musical numbers is in the making. Mrs. Howard said, and will be completed at the next meeting of the group, which will be near Easter.

Sleep Destroyers — Burglars with an eye to better sleeping robbed the W. H. Woslager home here. After ransacking the home for several articles of clothing and a radio, the slumber-minded thieves stripped the sheets off Woslager's bed and carted them off, too.

EASTLAND MAVERICKS ROUND-UP

Job Well Done
The school would like to say "thanks" to Mrs. Ethel Wolisyn and her second year typing students for typing the final reports of the evaluating committee. Those who did the typing were Cava Williams, Janell Day, Virginia Weight, Glenn Hogan, Christina Arthur and Jeannie Howard.

LIBRARY IMPROVEMENT
We feel that our library has been greatly improved this year. This year we have ordered 87 books and have already received 65 of them. We have enjoyed these very much.

Last week, during the evaluation, the library was rated superior by Miss Virginia Clarke, the

librarian of the North Texas Demonstration School. She was assisted by O. L. Stamey, president of Cisco Junior College, and Mrs. Lloyd Browning, supervisor of 17 schools in Coryell County. This great improvement would not have been possible if it had not been for the untiring efforts of Mrs. Whatley and her student librarians who have spent many hours to give us a better library. We sincerely appreciate this and would like to say again thank you to Mrs. Whatley and to all who have helped in the work.

SENIORS DISPLAY AUTOBIOGRAPHS
The seniors held their annual tea last Thursday and Friday at which time their autobiographies were on display. The evaluators attended the tea Thursday and the senior's mothers Friday. Teachers from all towns surrounding also attended. The tea proved very interesting for all and everyone enjoyed it.

to learn we got a very high rating. Mr. Jones and Mr. Womack both expressed their appreciation for the student's and faculty's cooperation.

A piano truck was given to the school by the seniors of last year and this year. It is very nice and makes the piano easy to move around. Even though it looks like a simple affair it cost \$58 without the cost of express. Thanks to the seniors!

An announcement was made that the annuals would cost only fifty cents more, and would be issued at noon.

ASSEMBLY PROGRAM
For the assembly program Friday, the speech class gave a short skit "To Be or Not To Be Married." Those in the play were George Lane, Gary Wingate, Stanley Stephen, Nancy Freysehng, and Mary Ann Henderson.

The theme of the skit was an innocent man's attempt to keep from marrying a money-minded widow, who wanted his inherited money. He won.

The other things on the program were two piano solos by Bob Vaughn and a talk by Dr. R. A. Collins of Hardin-Simmons, who directed the evaluation program.

UNEXPECTED ARRIVAL
The assembly Monday turned from very calm to highly excitable when Mr. Jones informed E. H. S. students their 49-50 yearbooks had arrived. These beautiful new annuals were expected the latter part of April and everyone was overjoyed at the prospect of receiving them so soon.

The annuals have padded covers of deep red and the staff used a bit parade theme. This year's dedication was to our principal, W. P. Jones. Each year's annual seems better than the last and this year's edition has certainly topped all preceding ones.

During every free moment students are signing each other's annuals. Those people with several pictures became exhausted from writing.

All students certainly commend the work of the annual staff and their sponsor, Miss Morehart, did for a successful year book.

GIRLS ATTEND HOUSE PARTY
Christina Arthur, Monette Scott, Pauline Laham, Barbara Dick, Fern Shafer, Charlotte Van Hoy, Margie Poe, and Guyrene Robinson attended a house party at Hardin-Simmons University last week end. The girls were accompanied by Mrs. Frank Lovett, Mr. and Mrs. Aubrey Shafer took several of the girls down, and Mrs. Waller came after some of the girls.

While the girls were there they were conducted on a tour of the campus by the cowgirls. The girls also attended pajama parties. They came back with wonderful experiences and many new friends. The girls had a very successful time.

The boys got together and built facilities and arranged with Buddy and Edwin Aaron to feed and care for the chickens. Some of the boys go out there at various times to help take care of the chicks, but the Aaron's are responsible most of the time.

HOPE TO SERVE
We wish to express our deepest gratitude and appreciation to Miss Morris and her home economics girls, who have shown these last few days just what they are capable of doing. From March 14 through March 17 this group played host to the evaluators at various times. A very delicious steak dinner was prepared for our guests on the evening of March 14. At various times during the remainder of the week the guests could get tea, coffee, doughnuts, and various other delicacies in the home ec. room. This group, no doubt, did as much if not more than any other group to make the evaluators feel at home.

We wish to say thanks again to Miss Morris and her wonderful group of girls.

DELEGATES MEETING—STEPHENVILLE

Miss Loretta Morris took Marilyn Morgan, Gayle Parrack, Patsy Pogue and Florine Griffin to Stephenville last Saturday to attend the F. H. A. house of delegates meeting. Patsy and Florine

are Carbon F. H. A. members. Area XI officers were elected for 1950-51, and will be installed on April 1 at Stephenville at the area meeting. Gayle was runner-up for corresponding secretary.

While the F. H. A. elected their officer for the next year, the fifty-three homemaking teachers who brought them to the meeting discussed plans for the coming months. A tentative program was made for the Area XI teachers workshop in Stephenville June 20-23. District meetings for teachers were called for May and plans discussed for camps this summer for F. H. A. members.

FBI Puts Sutton In Number One Wanted Position
WASHINGTON, March 23 (UP)—The FBI today put its finger on William F. (the actor) Sutton, suspected leader in the \$63,000 New York bank robbery, as one of its "10 most wanted men."

Sutton, a 48-year-old native of Brooklyn, replaced William Nesbit on the FBI's list.

The 51-year-old Nesbit was smoked out of a cave near St. Paul, Minn., last Saturday by seven young boys with sharp eyes and memories.

Sutton, who has a long criminal record, escaped two years ago from a Pennsylvania State Penitentiary. He is believed by police to have been involved in several holdups since then.

Employees of the New York bank picked him out of a police rogues gallery as the leader of the gang that staged the recent spectacular daylight holdup there.

He is known to the underworld as "Willie the Actor" and "Slick Willie." At times he has gone under the aliases of William Bowles, James Clayton, Richard

Mr. Fox says he expects them to start laying about August 15th.

Mr. Fox, with the boys taking Vocational Agriculture, has started a project that will last for 12 months. They bought 250 Hy-Line pullets from Kaymeier-Sherrill Hatchery at Bryon and 250 "Best Egg" grade of standard White Plymouth Rock pullets from Colonial Poultry farms at Sweetwater.

The boys got together and built facilities and arranged with Buddy and Edwin Aaron to feed and care for the chickens. Some of the boys go out there at various times to help take care of the chicks, but the Aaron's are responsible most of the time.

He is five feet, eight inches tall, weighs 155 pounds and is of medium build. He has blue eyes, a medium dark complexion, and dark brown hair, possibly graying.

The FBI advises that he may have dyed his hair and may be wearing a mustache and glasses in an effort at disguise.

Federal complaints charging him with unlawful flight from Pennsylvania and with armed robbery are on file in Philadelphia and Brooklyn. Anyone knowing his whereabouts should contact the nearest FBI office.

The boys who led police to Nesbit were due in Washington next Monday to receive the personal congratulations of FBI director J. Edgar Hoover.

They discovered Nesbit hiding out in a cave on the banks of the Mississippi. They stuffed snow in the chimney of the cave and he was forged into the open by smoke from the fire.

Nesbit had escaped from the South Dakota State Penitentiary Sept. 4, 1946, while serving a 20-year term for murder.

SOME CALL IT MASS MURDER

... while others describe it as 'death on the loose again'. Whatever it is department of public safety officials estimate that 36,000 persons are expected to lose their lives in the United States in 1950 from traffic accidents with an added loss of two billion dollars in property. More and faster cars on crowded highways spell out trouble for those who drive. We recommend adequate public liability, property damage and collision coverages as a financial protection against these unpredictable disasters. Are you insured?

HALF-CENTURY HIGHLIGHTS

HORSE AND BUGGY TO HELICOPTER is the story of the American Red Cross nurse in the Twentieth Century. Through the years since this vital nursing service was founded in 1910, Red Cross nurses have gone on their errands of mercy by whatever form of transportation presented itself. They have traveled on skis and snowshoes, mounted horses, paddled boats, driven "tin lizzies" through mud and snow and very often walked to visit the sick and injured in isolated or disaster-stricken areas. The "horse and buggy nurse" picture was made shortly before World War I. The "helicopter nurse" shot was taken a few weeks ago, when nurse Myrtle Wilson of St. Louis, Mo., went by Coast Guard 'copter to aid flood victims along the St. Francis River in Arkansas.

Plans To Pleased Russia Studied

LAKE SUCCESS, N. Y., March 23 (UP)—Three separate campaigns to bring Russia back into the United Nations as a step toward ending the cold war were underway today.

UN circles were optimistic because of Secretary of State Dean Acheson's cautious welcome to Secretary-General Trygve Lie's plan for a full-dress Security Council "Peace Session." Such a council meeting, which probably would be held in Paris or London and would be attended by as many foreign ministers and chiefs of state as possible, is provided for in the UN charter which specifies that "periodic" meetings shall be held. None ever has been convened.

The three campaigns aimed at Russia's return were: 1. Lie's suggestion for a periodic council meeting. 2. Support by Brig.-Gen. Carlos P. Romulo, president of the last general assembly, for a special assembly session to discuss the Chinese issue and the atomic

New Leads In Rape-Slay

COLUMBIA, Mo., March 23 (UP)—Columbia police have new leads today in the slaying of baby sitter Janet Man, 14, after clearing suspects of suspicion.

The pair was picked up by Van Buren, Ark., Tuesday, drunk driving charges and held as suspects when police found a newspaper clipping describing the March 19 rape-slaying in one of the men's possession. Police chief Eugene Pond of Columbia, who questioned the men at Van Buren, said he was convinced that neither of the men was in Columbia Saturday night when Janet was slain in a struggle with her attacker.
