AMERICAN TROOPS SLAUGHTERED

YOU NAME IT

By Everett Taylor

Ed Steel, assistant county agent, reports that about 38 Eastland county citizens attended the meeting at Comanche Saturday to discuss the organization of a telephone cooperative in this section. The group decided to give the co-op the green light, and organize the co-op on the basis of three counties, Eastland, Comanche and Stephens.

Each county will hold a central meeting and have meetings in the communities to spread the information to the people who live on the farms.

Steel said that plans haven't been completed on the county meetings as yet.

Steel and County Agent J. M. Coope, were preparing to plant peanuts for the exhibition Eastland county is going to have at the State Fair at Dallas again this year.

They were planting the nuts in churns Monday afternoon. They figured that this would be much simpler than the plan last year when they had to transplant the vines to take them to Dallas.

Cooper said that this would give the plants 67 days to grow before the first day of the fair.

While we were in his office, Cooper proved himself an authority on history by, more or less, by stumping us with a question.

The question: "What did Paul Revere say when he finished his ride?" The answer, according to historian Cooper: "Woah!"

Speaking of Paul Revere's country, the Eastland scouts who attended the Boy Scout Jamboree in Valley Forge recently, returned home Monday.

Don Anderson reported that they had one swell time, and saw a lot of interesting sights.

Others who made the tip were Pearson Grimes, Donald Huckaby, Joe Muirhead and Dub King.

The big softball game between King Ford and Lamb Motor last Friday night was called off because of the rain and threatening weather.

The two teams are leading the City Softball League, with no one apparently strong enough to beat them, except each other. It is expected to be quite a battle when the teams get to play.

Rains around Eastland, by the way, have proved to be rather light. They have not been heavy enough here to hinder or help much in the way of crops. They do serve to drive off the extreme heat however, which makes it quite a relief to think about it returning.

King, Lamb Clash For League Lead

King Ford and Lamb Motor clash tonight to decide the City Softball League leader, in the loop game of the year.

Both teams are undefeated in loop play. Each has won three games without a loss.

The game was originally scheduled to be played last Friday night but was postponed because of rain and threatening weather.

The winner of tonight's game will be given the inside track on winning the league. None of the other teams of the loop at this point appear capable of defeating the leaders.

Cloudy skies this morning gave the threat another postponement. Other teams in the league are Olden, Carbon and Kilgore.

Clintons Move To Cisco On Friday

Mr. and Mrs. Robert Clinton are planning to move to Cisco Friday where Clinton will work full time at the Cisco Junior College.

The Clintons have sold their home here and purchased a home in Cisco. Clinton stated that he would be in Eastland next year to teach some private students.

TROOPS MOVE FORWARD WHILE WOUNDED REMOVED

American wounded in the battle in South Korea are evacuated by jeeps and litters from the front lines. They pass a column of troops being moved to the front. One man, at left by jeep, is going into battle well shaved as he soaps his face. (NEA Telephoto by F. D. Hoffman staff photographer).

Fourth Air Force Calls Up 5,000 Reservists

SAN FRANCISCO, July 11 (UP)—American troops prepared to sail aboard an Orient-bound liner today and Fourth Air Force headquarters disclosed that nearly 5,000 reserve airmen are being called to active service.

The troops were scheduled to sail at 6 p. m. aboard the American President Liner Gen. W. W. Gordon, commanded by the military sea transport service in a surprise move yesterday.

The ship will carry some 1,350 officers and men from Camp Stoneman, Calif., to the Korean war theater.

The Gen. Gordon originally was scheduled to leave on a regular civilian run to the Orient via Hawaii yesterday, however, MSTs authorities said the vessel has been rerouted direct to Japan, cutting out Honolulu as a port of call.

A Fourth Air Force spokesman, disclosing that reservists were being called up, said at least 700 officers and 4,000 enlisted men

would be needed immediately to bring the unit up to its normal operating strength.

The airmen were recalled on a volunteer basis. Reservists were urged to apply direct to Hamilton Air Base, or at any Air Force recruiting station.

In another development, advance units of the Naval task force "Yoke" arrived at Pearl Harbor

Season Rodeo Tickets Still For Sale Today

Ranger (Special).

Season box tickets for the Ranger Jaycee rodeo are still on sale at the Oil City pharmacy.

Reserve box seats for one night are not on sale yet. Nick Crawford Jaycee chairman in charge of the box seat ticket sale, said that last year's season box holders would have option on the season boxes. He urged them to get their tickets soon.

Seventy reserve tickets were sold in one block to the Palo Pinto sheriff's posse this morning. The posse re-affirmed that it would ride in the parade, July 19.

The four day celebration—July 19 through 22—will feature calf and pig scrambles, speciality acts, a parade and other activities in addition to the rodeo.

Tickets are selling at \$2.40; \$1.80; \$1.20 and 60 cents.

Coffee Shop To Be Closed On Sunday

The Connellee Hotel Coffee Shop will be closed on Sunday instead of Saturday, beginning next Sunday, July 16, the coffee shop manager has announced.

The change is being made so that employees of the shop may attend the church of their choice on Sunday.

Recruiting Officer, Draft Not Connected

Several persons have called Sgt. Charles Brannon, Eastland recruiting officer, concerning the draft which is about to be resumed.

Sgt. Brannon has asked that the Telegram announce that he has no connection with the draft. Local problems are handled by the draft board, and the recruiting officer has no voice in the matter.

and other units were expected within the next five days.

The backbone of the force, the huge Essex-class carrier Philippine Sea, sailed into the harbor escorted by the Destroyer Knox and Hollister ahead of schedule.

A Navy spokesman said, "we may need her sooner than we had anticipated."

Further movements of the task force will be secret, officers said, and no announcement will be made when and if the fleet sails for the Far East.

At Alameda, Calif., the 27,000-ton carrier Boxer was loaded with P-51 Mustang fighters, but Capt. Cameron Briggs, due to assume command, refused comment on his orders.

Nazarene Bible School Plans Set

Final plans are completed for the Nazarene Bible school which is to be conducted at the Church of the Nazarene July 31 to August 11.

An interesting and instructive course is being offered to those who attend.

Alpha Elder is the Superintendent of the school and will be assisted by well prepared Christian teachers.

"We are urging parents to see that their children are enrolled in this school. Indications are the school this year will be the best ever conducted in this local church. Registration day will be Saturday, July 29 from 8:30 to 10:00." Rev. William C. Emberton, pastor, stated.

3 County Phone Co-op Is Planned

Plans to organize a three county telephone co-op involving Eastland, Comanche and Stephens counties were made at a meeting at the county courthouse in Comanche recently.

Each county will hold a central meeting at a dry to have meetings in the communities to get the information to the farm population.

Eastland county has made no meeting plans as yet, Ed Steele, assistant county agent, said.

About 38 Eastland county citizens attended the Comanche meeting according to Steele.

Workers Complete Repairs

JASPER, Ind., July 11 (UP)—Workers completed repairs today on a section of the "little inch" pipeline ripped by an explosion.

Ko-Red Tanks Destroy All But Two US Tanks

Mrs. Zoe Kinney Funeral Services Are Held Friday

Funeral services for Mrs. Zoe Kinney were held in Big Spring at 2 p. m., Friday July 7, in the Eberley Chapel with Rev. Gage Lloyd, Presbyterian minister officiating.

Interment was in the Masonic Cemetery by the grave of her late husband, William Kinney.

Mrs. Kinney died at 9 p. m., July 4, at the home of her daughter, Mrs. V. C. Perryman in Dallas. Both her daughters were present at the time of her death.

Mrs. Kinney had been in ill health for the past year and was confined to her bed since January. She is a former resident of Eastland and Big Spring.

Survivors include two sisters: Mrs. Floe B. Vaughn, of Los Angeles, Calif.; and Mrs. J. F. Bloomington, of San Antonio; two daughters: Mrs. C. L. James of Olden, and Mrs. Perryman of Dallas; six grandchildren and one great grandchild.

EHS Band Enters Festival Contest

The Eastland High School band will enter the marching and playing contest held at the Indian Trail Festival in Gorman Thursday July 13.

The Cowboy Band of Hardin-Simmons University will hold sectional rehearsal for all bands entering the contest at Gorman at 9:30 a. m.

There will be a massed concert by all participating bands at 11:00 a. m., along with the Cowboy band. A free lunch will be served to the bandsmen and the bands parade at 4:00 p. m.

A concert will be played by each band after the parade at the Frank A. Gray Memorial Park. Prizes will be offered to the band placing in first, second and third division.

The Eastland bandsmen are working out at 7:00 a. m. and 7:00 p. m. The work out given to the group at this time will serve to ready the band for the Ranger rodeo appearance which will be July 19.

Mrs. Mary Rust Rites Wednesday

Funeral services for Mrs. Mary Rust, 73, will be held at 3 p. m. Wednesday in the Methodist Church in Anson.

Mrs. Rust was the wife of J. M. Rust. She died Monday in Anson.

Mr. and Mrs. Rust formerly lived in Eastland and Ranger. Mrs. Rust was formerly Miss Mary Rice of Ranger, daughter of the late J. M. Rice, pioneer of that city.

Judge R. L. Rust of Eastland will attend the funeral.

Guy Quinn, Sr., Ill

Guy Quinn, Sr., is in the West Texas Hospital at Ranger where he was rushed after suffering a heart attack at 6:30 p. m. Saturday.

Reports Tuesday morning indicated that Quinn was slightly improved.

MacArthur Headquarters Say That Latest Commie Drive Points To Two Prong Drive To Get Taejon

TOKYO, Wednesday, July 12 (UP)—American front line troops reeled backward under a "slaughterhouse" Communist offensive on the Korean front above Taejon today.

Massed Communist divisions and armor were trying to envelop Taejon and drive the Americans from their advanced headquarters there.

Gen. Douglas MacArthur's midnight communique reported the Communists were only about 20 miles from Taejon. There was fighting both Northwest and Northeast of Taejon and the communique said it "points to an eventual two-pronged drive on Taejon. An American flier just back from Taejon said the roar of the big guns at the front could be heard in the city."

By Robert C. Miller United Press Staff Correspondent

WITH THE U. S. ARMY AT THE FRONT, Korea July 11 (UP)

The U. S. Army is retreating again under murderous Communist fire. It's a ghastly sight.

Only a few hours ago, American soldiers were jubilant over the success of U. S. tanks in their first action in the Korean war. They drove the Communists back some 10 miles into Chonui, 28 miles northwest of Taejon, last night.

But at dawn today the Reds' counter-attack in a fog and already have knocked out all but two of the vaunted but outgunned American tanks. An American infantry battalion, cut off and raked by the enemy, has withdrawn.

For what little ground they have given up, the Americans have charged an exorbitant price in Communist blood. But they have paid plenty of their own.

The Communists slipped through the American lines before our forces knew what it was all about. When the fog lifted, Communist tanks and infantry already were in among the American positions.

Lt. John H. Childers, San Jose, Calif., told what it was like.

"They split my company before we could get into the fight," he said. "It was a slaughterhouse."

"They mounted machine-guns on the hills above us and swept us clean. Then they threw 20-millimeter bursts around us. Below us, tanks opened up."

"Nine men dropped around me, and I brought out three of them with me."

Childers led the battalion remnants of his company out through a corridor or enemy sniper and machinegun fire. There were only 30 men left out of the 148 who came from Japan two weeks ago.

Medical companies estimated that less than 20 per cent of the wounded are being evacuated. The remainder have been abandoned on the battlefield. American officers have reported that the North Koreans are killing the U. S. wounded.

"Maybe it's better that the North Koreans are shooting them," an embittered doctor said. "It stops their suffering."

The North Koreans are throwing everything in the book at the Americans.

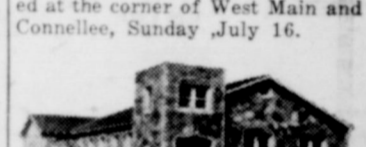

Their T-34 tanks with 88-millimeter guns outshoot and outpower ours. Their infantry troops, well dressed in green fatigues with a red star over the left breast, carry Russian rifles. Many have excellent sharpshooter sights.

William C. Emberton

Local Nazarene Pastor Marks 3rd Year Here

Rev. William C. Emberton will observe his third year as pastor of the Church of the Nazarene, located at the corner of West Main and Connellee, Sunday July 16.

Nazarene Church

Rev. Emberton assumed the pastorate in July of 1947, coming here from the church at Crystal City, Texas, where he served nearly four years. His family consist of his wife and two daughters, Neida, 3 and Sharon, 2.

Nazarene Parsonage

During this term of service the church has showed considerable improvements, having just recently completed a modern parsonage located at 105 N. Connellee.

"We have enjoyed serving in Eastland and plan to serve the church indefinitely as pastor. We have especially appreciated the kindness and good will of our many friends in the city," Emberton said.

"One would have to search far and wide to find a better place to serve than Eastland," Emberton continued. "Our progress and stay has been helped and enjoyed by the good cooperation and Christian love of our membership."

Morris, Doyle Win Scotch Foursome

Elaine Morris and Don Doyle teamed to win the Scotch foursome at the Eastland Country Club Sunday with a medal score of 50.

Mrs. Morris is a daughter of Mr. and Mrs. P. J. Crossley, visiting here from Seattle, Washington.

Twenty persons participated in the foursome and scores were very close. All matches were very equal and it was impossible to tell who would win until the last ball was in the cup.

All who participated in the event stated that they enjoyed it very much, and officials said that several requests had been made to have another Scotch foursome in the near future.

Officials believed that about 50 players would participate in the next match.

Poes Attend Convention

Mr. and Mrs. J. C. Poe of the Poe Floral Shop are in Houston this week attending the State Florist Convention.

Mr. and Mrs. Poe Left yesterday for the convention.

ber revolver in his pocket.

TEXARKANA, July 11 (UP)—The illness of Mrs. Rebecca Jones, 27, of DeKalb, was diagnosed here yesterday as polio. It was the tenth case of the disease reported this year in the DeKalb area.

COLLEGE STATION, July 11 (UP)—The 21st annual fireman's training school went into its second day today with 620 firemen and instructors taking part.

The school, conducted by Texas A&M's industrial extension service, will end Friday. Participants study the latest fire fighting methods, including the use of dry chemicals and detergent-added water.

DALLAS, July 11 (UP)—The body of a prisoner was discovered hanging in his jail cell yesterday an hour after he had been arrested and booked for investigation of robbery.

Police said identification on his person was made out in the name of John W. Proffer, 31. The papers indicated he had been in Dallas three weeks and had previously lived in Houston and Illinois.

Officers arrested the man on a downtown street where he had been observed loitering. They said they found a loaded .32-cal-

HARLINGEN, July 11 (UP)—Texas Secretary of State John Ben Shepperd told directors of the Rio Grande Valley Chamber of Commerce last night that the region needs tourist development. Shepperd said only 3.9 per cent of out-of-state cars visiting Texas ever touch the semi-tropical valley. The valley has one of Texas' greatest attractions, said Shepperd, as he suggested that the chamber publicize its scenic attractions.

AUSTIN, July 11 (UP)—Gov. Allan Shivers has designated the period from July 23-29 as "farm safety week" in Texas.

In a memorandum issued yesterday, the Governor pointed out that "the sorrow and suffering and economic burden of unnecessary death and injury from farm accidents is one of the primary social and economic problems of our nation."

"Accidents," he said, "account for one out of every three deaths among children from 5 to 14 years of age—children we need as future leaders in our state."

HOUSTON, July 11 (UP)—An 80-year-old retired minister was no-billed by a Harris county grand jury yesterday on a murder charge, although he admitted in a signed statement he shot his son-in-law. Hiram McCaslin said he shot Aubrey W. Hawkins, 48, to death because of a family dispute over property. Hawkins was fatally injured when he entered McCaslin's home June 28.

LA PORTE, July 11 (UP)—A

\$250,000 aircraft control project, the first in the Gulf coast area, will be formally started at groundbreaking ceremonies here Wednesday.

The center at Municipal airport will be completed within a year. It will be a nerve-center for all aircraft control and warning in the area.

Members of the Texas Air National Guard from La Porte, Houston and Pasadena will man the center.

HOUSTON, July 11 (UP)—Funeral services were to be held today for William H. Hogue, prominent civic leader and well-known throughout the state for his leadership in Episcopal affairs.

HOUSTON, July 11 (UP)—The Texas State Florists association opened its 37th annual convention here today with some 1300 delegates attending.

South Koreans Deal Out Terrible Punishment To Suspected Commies

By Rutherford Poats
United Press Staff Correspondent
SOMEWHERE IN KOREA, July 11 (UP)—The South Koreans deal out quick punishment to suspected Communist guerrillas behind their lines. They break their backs, then execute them.

United Nations military observer R. J. Rankin of Australia and I discovered this when we came upon two open trucks parked in front of a grove overlooking a river.

At first glance, the passengers might have been mistaken for picnickers. But not for long.

Some 40 persons were crouched on all fours in the back of one of the trucks. A Korean policeman crashed the butt of his American rifle into the back of one after another of the kneeling men.

Their backs broke with a sickening crunch which could be heard 100 yards away.

Rankin hunted up an English-speaking policeman and asked an explanation.

"Guerrillas," said the policeman with a gesture at their backs.

"We hang bang in woods." He indicated that the prisoners would be taken to nearby woods and executed. But it seemed unlikely that many would live long enough for the formal execution.

The policeman said the prisoners had not been caught in ac-

tion with the North Korean army, but had been picked up by police around the South Korean lines as suspected guerrillas.

He said armed Communist in American clothes who are caught helping the North Koreans were shot on the spot.

It seemed probable the Communists were applying at least as vigorous measures against collaborators with the South Koreans.

As we drove away, policemen climbed out of the leading truck

Childress' To Visit Son In Cuba, N. M.

Mr. and Mrs. Dan Childress plan to leave Wednesday for Cuba, N. M., where they will return their grandson to his home and visit with their son D. L. Childress and family.

Mr. and Mrs. Childress moved last week from their ranch home, that they recently sold, to their home at 413 South Dixie Street.

They attended a family reunion of the Childress family held July 4th in Magic Park at Carthage. About 100 relatives attended the annual reunion Mr. Childress said. He and Mrs. Childress were accompanied by their grandson. They also visited in Fort Worth with Mr. Childress' brother enroute home.

Mrs. Henderson Gives Program At Council Meet

Mrs. E. K. Henderson talked on, "Meaning of The Word Christian," Monday at the meeting of the Woman's Council of the First Christian Church, in the Church Annex.

Mrs. Leroy Ramer, president, presided and Mrs. R. L. Carpenter gave the prayer.

During a social hour following the program iced watermelon was served to Mmes. L. C. McNatt, E. E. Wood, Dave Fiensy, R. L. Carpenter, Carl Garrett, J. W. Watson, Henderson, Eugene Day, N. L. Smitham, C. A. Peterson, T. A. Bendy, and L. F. Ramer.

Baptist TEL Class To Meet Thursday

Members of the T.E.L. Class of the First Baptist Church will meet Thursday in the home of Mrs. H. F. Vermillion, 607 South Mulberry Street, for their regular monthly covered dish luncheon and business, social meeting. All members were invited to attend.

There's no place quite like the homes these sparrows selected, in the shields of a traffic light on a busy Denver, Colo., intersection. Mrs. Caution, downstairs, is a little concerned about the Stops upstairs. She's heard they're a bunch of Reds.

North Koreans Not Supermen But Have Heavier And Better Weapons

By Peter Kalisher
United Press Staff Correspondent
TOKYO, July 11 (UP)—The North Koreans are not supermen but so far they have been equipped with better and heavier weapons than the green American troops facing them.

And there have been many more Communists than Americans. This is why Americans are being shoved around.

I've witnessed the Communist offensive from only 150 yards. The bold, tenacious tactics of the enemy are backed by tanks, guns and artillery which the Yanks simply do not have in the field.

One of the Reds' nastiest weapons is a Russian 40-ton tank, mounting a rapid-firing 76 or 88-millimeter gun. One of these tanks last week smashed an American 150-millimeter artillery emplacement like a marshmallow.

The Reds bring up anywhere from 10 to 30 tanks to the front under cover of darkness. Then they punch straight through along a main road—preferably in rain or cloudy weather when the American airforce is blind.

Twice these tactics have overrun American positions before the GI's knew what was happening. Then it was too late for the Airforce to strike and the lines were too confused for safe strafing.

Reports that Russians are manning tanks have been unconfirmed. One American sergeant who

Clifford Rust and Mr. R. L. Rust have returned from a two week vacation to the Rocky Mountains.

Elmo and Mary White of Comanche have been visiting their sister, Mrs. Udell Morris.

County Agent J. M. Cooper spent last week in East Texas visiting with his parents, Mr. Cooper's mother has been very ill, but is reported to be improving.

bazooked a tank said two Koreans jumped out of the crippled vehicle.

American military advisers who trained the South Korean army woefully underestimated both the equipment and training of the enemy. They discounted tanks as an offensive weapon because narrow roads and marshy paddy fields do not make traditionally good tank terrain.

Maybe they don't in the book, but the North Koreans are writing their own.

The North Koreans have good fighting infantry, built around a core of shock battalions whose members reportedly consist of

Korean or Chinese veterans of the Chinese Civil War. At any rate, the Reds are veterans of five years of border warfare against the South Koreans plus an unknown length of service in China.

But the American troops for the most part are green and they show it. Many are getting their first taste of fire.

In one assault on an American held hill, two GI's broke from position.

"There are just too many of them," they shouted. "We shoot 'em down and they just keep coming without bothering to duck".

Next Best Thing to a New Road!

YOU must understand, of course, that nothing in the world can take the place of a beautiful ribbon of improved highway—

—stretching so enticingly out into the open country, and all but beseeching you to come for a ride!

But under the happiest auspices, you will have to do much of your driving, for years to come, down roads and highways that leave something to be desired—

—and how lucky you'll be if you ride them out in a 1950 Cadillac!

In recent years, Cadillac has carried out a tremendous program of research and improvement to achieve a finer "rough-road" ride. The development work has covered steering, springs, shock absorbers, frame, wheels, tires, shackles—and all the engineering problems involved.

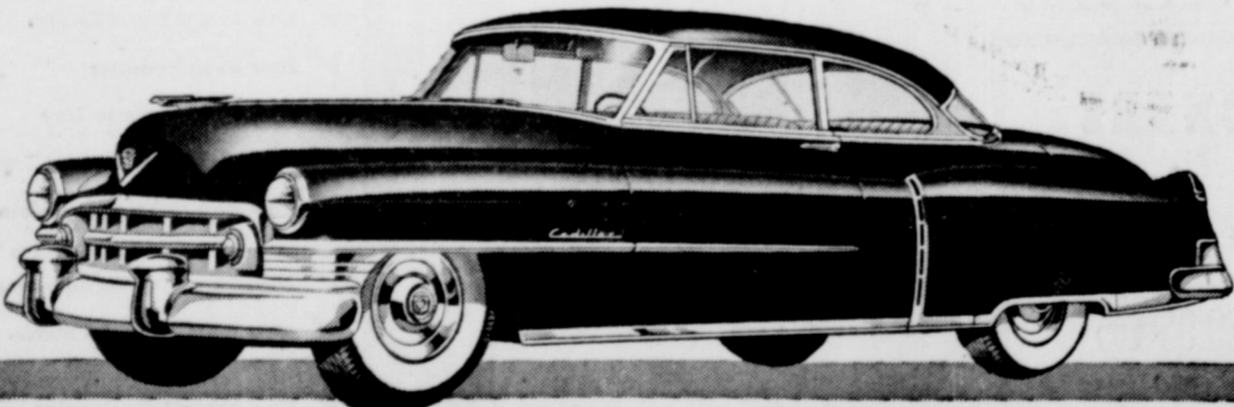

In the 1950 Cadillacs, this great program has come to full fruition—and the results are simply a revelation.

First, you get wonderful *balance*. The car "stays put"—and you have a reassuring feeling of stability, even when the going's uncommonly rough.

And your ride is amazingly *level*. You "float" over the bumps and the depressions, ever so gently. Only a road so bad that it deserves condemning can make itself obvious to either the driver or passengers.

And, of course, the remarkable *quietness*, of both body and chassis, shows up most dramatically on the roughest roads. For quality tells its finest story when the pressure is greatest.

Why not come in and get acquainted with this wonderful car? We'd be happy to see you any time.

Shroud Of Secrecy Descends Over Texas Bases As Prepare For War

By United Press
A shroud of secrecy began to descend over Texas' sprawling military bases today, but commanding officers were quick to admit their installations were getting ready to meet any emergency.

An air of expectancy hung over San Antonio, headquarters for the fourth army and one of the military capitals of the world. Lt. Gen. Leroy Lutes, fourth army commander, revealed one combat unit in the area was alerted for immediate transfer to

the Far East and possible duty at the Korean battlefield.

Some 44,000 army and Air Force personnel are stationed around San Antonio, about 27,000 of them at Lackland Air Force and others at Fort Sam Houston and other posts.

Spokesmen at Fort Worth's Carswell Air Force base, home of the eighth Air Force and the atom-bombing B-36 superbomber, said weapons were being issued to all airmen, a move taken at Barksdale AFB at Shreveport, La., last week.

However, Carswell spokesmen said no step-up in training activities was planned.

No official comment was forthcoming from Fort Hood in Central Texas, home of the second armored division. The organization was recently called the only "combat ready" armored outfit in the

nation. Many activities at Fort Bliss near El Paso were already on the secret list. Men are trained at the base in the use of guided missiles and new-type artillery.

A spokesman for the 97th bomb wing of the Eighth Air Force at El Paso said the wing is fully trained and could strike at any section of the world.

Although Texas is primarily a training ground for air and ground warfare, 4,000 men are being schooled in two advanced training units at the Corpus Christi naval air station. Chief planes used are the Privateer and the Mariner—both large patrol bombers.

Civilians entered the picture yesterday when a group of businessmen who had planned to use camp Wolters near Mineral Wells as an industrial center offered the 36,000 acre installation to the government. The base was the nation's largest infantry replacement center during World War II.

Air Force bases in Texas include Goodfellow, San Angelo; Perrin, Sherman; Hensley, Dallas; Ellington, Houston, and Bergstrom, Austin.

No Immediate Increase Seen For Number Of Texas Draft Boards

AUSTIN, Tex., July 8.—Texas draft boards, 137 in number, will not be increased at the present time, Brig. Gen. Paul L. Wakefield, state director of Selective Service, said today.

General Wakefield said that a message which he received from Selective Service national headquarters Friday night did not authorize any increase in the number of local boards.

State Selective Service headquarters has a plan on file at national headquarters to increase the number of local boards in Texas to 438, but no increase will be made until national headquarters gives the authorization.

General Wakefield said that the present 137 local boards will continue to have jurisdiction over their present areas.

The message from national headquarters received Friday night has authorized Texas State headquarters to increase the clerical personnel in local boards, General Wakefield said. He pointed out that details of this increase would not be worked out until "some time next week." He said he hoped some details could be made available Monday or Tuesday.

"This increase in the case of many of our local boards will take the form of having the present clerks work longer hours," General Wakefield said.

The director said that more than 425,000 men between the ages of 18 and 25, inclusive, registered in August and September 1948, and that approximately 135,000 men have registered since that time as they have reached the age of 18.

"These men are registered properly under this law, and they do not have to re-register," General Wakefield said.

General Wakefield pointed out that all men, with a very few exceptions, who fit the following requirements, are legally required to register:

Any man born in 1922 after August 30th of that year. Any man born in 1923, 1924, 1925,

1926, 1927, 1928, 1929, 1930 and 1931. Any man who has reached the age of 18 born in 1932. Males are required to register on their 18th birthdays or within five days thereafter.

"It makes no difference if a man has ever been in the armed forces," General Wakefield said, "no matter when he was in, if he was born during the times stated, he must register under the draft law."

General Wakefield, for the information of the public, released the following selective service qualifications and their meanings:

I-A; Available for military service.

I-A-O; Conscientious objector available for non-combatant service only.

I-C; Member of the armed forces of the United States or the Public Health Service and certain registrants separated from these services.

I-D; Member of the reserve component, National Guard, or student taking military training.

II-A; Deferred because of civilian employment (except agriculture).

III-A; Deferred because of dependents.

IV-A; A registrant who completed enough active duty service in World War II to be exempt from service under the terms set forth in the draft law; any registrant who is the sole surviving son of a family whose sons or daughters died in service during World War II.

IV-B; Officially deferred by law.

IV-C; Aliens.

IV-D; Minister of religion or divinity student.

IV-E; Conscientious objector opposed to both combatant and non-combatant military service.

IV-F; Physically, mentally or morally unfit.

V-A; Registrant over the age of liability for military service (Any registrant who has reached his 26th birthday. Such a registrant is not liable for service under the Selective Service law.)

Your Health

An individual tragedy for the family involved, but wholesale public panic simply is not justified. He doesn't want to encourage complacency either, the state officer said, adding:

"Every clear thinking effort must be made to keep every home, every community, every vacation camp consistently clean and sanitary. Briefly, elimination of fly and insect breeding places, personal cleanliness, and getting milk, water and food from safe, approved sources will aid in preventing a number of communicable diseases."

National statistics, Dr. Cox asserted, show good reason for optimism in most cases of polio. According to the figures from 40

MAJESTIC
AN INTERSTATE THEATRE
COOLED BY REFRIGERATION
Tuesday & Wednesday
Laraine Day in
WITHOUT HONOR

to 60 per cent of all victims recover completely and can do anything they choose.

"It all goes to show that polio is actually a minor cause of illness, and an even less significant cause of death, when compared to certain other communicable diseases," the health officer concluded.
