The county vote in the second primary election Saturday was about 1,000 votes lighter than in the first primary in July.

In both run-offs for county offices, the incumbent candidate was defeated.

J. Frank Tucker won over J. B. Williams in the race for sheriff, in a stunning upset. Williams had led the first primary by over 1,000 votes.

In the race for county judge, John Hart unseated P. L. Crossley.

William's total of slightly more than 2,600 votes Saturday was about 300 short of his vote in the first primary. Tucker won the election by slightly more than 80 votes.

Hart had a majority of about 600 votes in the judge's race.

Rotary members got a coach's eye view of Eastland's 1950 football prospects, and a reminder that there is a war going on at Monday's meeting.

Wendell Siebert gave the football preview, and David McKee reminded the members of the war by announcing he was resigning his position as president of the club to take a position with the Navy.

As far as we could learn, David is not going to be president of the Navy, but a Lt. J.G. He is a member of the Naval Reserve, and said he expected to be in active service in about two weeks.

Siebert, meanwhile, painted a not too bright picture of the Maverick prospects for 1950.

To begin with, he pointed to four returning lettermen, none of them offensive starters last fall.

One of these four is recovering from a case of mumps which are keeping him out of training procedure which has been underway about 10 days, and is expected to miss the first few games.

Then Siebert passed around a weight chart of the team which showed the prospects to be very light.

Six seniors, 15 juniors, 7 sophomores and 11 freshmen are on the squad, with weights ranging from 150 to 176, most of them below 150.

Then Siebert went over the schedule which begins with Coleman, Coleman, and is pointed out will have a letterman at every position.

Next came Ballinger with about six of last year's starters back, and then Albany which will probably have a letterman at every position, according to Siebert.

Comanche is the first conference opponent, and is probably the district favorite on paper, having 13 of 16 lettermen returning. Winters, a team Eastland beat last year by one point, has most of its boys back and will be more experienced.

Dublin lost its backs of last year but keeps its line and should be tough, and De Leon has nine starters back.

Hamilton keeps its entire line from last year, and last year's champs Ranger are expected to be in the title scrap again, as is Cisco, the new comer to the loop, having dropped down from class AA competition.

Siebert said that he believed Cisco would play much better ball in class A, and would be the district power within a few years, and possibly would win the crown this fall.

All of which leaves Eastland with little hope for district honors, but the games aren't being played this month at least, not for keeps.

King Offers Free Auto Alignment

King Motor company is offering a free front end inspection service on all makes of cars Thursday and Friday of this week.

King is putting in a front end machine which can be used in the front end alignment of any car.

The machine will be operated for two days by S. K. Bush of Dallas, factory representative who will install the machine and give free service the first two days.

The service for Thursday and Friday only, is free of charge on all makes of cars.

Concedes To White

AUSTIN, Aug. 29 (UP)—White-haired J. E. McDonald today conceded defeat in Saturday's run-off primary election and congratulated the victor, 25-year-old John C. White of Wichita Falls.

Flying Saucer Found Nearby By Local Man

What was apparently a home-made version of a flying saucer was discovered by T. A. Byrd on his farm near Pumpkin Center about six miles south of Eastland last night.

The object was brought in to the sheriff's office this morning and appeared to be an old automobile hub cap with some radio tubes, flashlight bulbs, and a maze of wires attached to the upper side.

On the bottom side, the object was a shiny chrome. The top side was charred from the fire inside the object which led to its discovery.

Byrd said that his two sons, who were in the yard, saw the object apparently come down out of the sky and land in his pasture, at about 9 p.m.

The object was described as a glowing ball of fire.

Byrd said that the boys ran in and told him that his pasture was on fire. He went out and looked, and saw the moon rising and figured that was what had been seen.

But the boys pointed out the fire in another direction. They went to investigate and found a small object in the pasture burning furiously.

Byrd called Sheriff J. B. Williams who threw dirt on the object to put out the fire.

No one is reported to have seen the object flying through the air.

It was believed that someone had made the object from scrap items as a prank.

Byrd said that the boys ran in and told him that his pasture was on fire. He went out and looked, and saw the moon rising and figured that was what had been seen.

But the boys pointed out the fire in another direction. They went to investigate and found a small object in the pasture burning furiously.

TINY TOT THOMAS FISHER BURNED SEVERELY MONDAY

Four-year-old Thomas Clyde Fisher, son of Mr. and Mrs. T. C. Fisher of Ranger, was in critical condition at an Abilene hospital today.

Thomas suffered what is believed to be third degree burns when his father accidentally tossed a bucket of flaming gasoline on him while attempting to prime a stalled car in Abilene.

Thomas is in the Hendrick Memorial hospital, Abilene.

Doctors said the boy still unconscious Monday night, suffered burns about his face, chest and arms, covering 30 per cent of his body. They held hope for his recovery, however.

The boy, clad in a sun suit, had been playing about an Abilene garage, while his father, 33, was using gasoline to prime the engine of a second-hand car. He had purchased the car at an automobile auction there earlier in the day.

An automobile dealer in Ranger, Fisher said that a backfire in the carburetor ignited the bucket of gasoline sitting on the fender, showering him and the car with flames. Fisher was burned on the left arm.

Not knowing that the youngster had waked up behind him, Fisher said he grabbed the bucket to keep it from catching the car, on fire and tossed it behind him where the child stood.

"I didn't know Thomas was standing behind me. First thing I knew he was screaming and I saw his play suit had caught fire."

Fisher snuffed out the flames and grabbed his son in his arms. A companion, Roy Patterson, also of Ranger, and the father, hailed a passing highway patrol car which rushed the three to a hospital.

Fisher said, "Thomas was crazy about taking trips with me."

Sergeant Tells Folks Got Two Red Snipers

HOUSTON, Aug. 29 (UP)—A 23-year-old Sergeant and a Veteran of World War II told his wife in a letter she received today and written from the Korean port of Pusan that, "I got me a couple of snipers a couple of miles back there— one for you and one for mom."

"I just finished eating, and it's the first time I've sat down to eat in a while," Sgt. Robert S. Tindall wrote his anxious wife, Mrs. Edith Tindall. "At the front, you mostly eat on the run."

TINDALL SAID HE HAD JUST got back from Taegu, the place he got the snipers.

"I was glad of that because, damn it, I'm getting tired of running," he said. "All my buddies are getting damn sick of running, too. I wish we could run ahead for awhile."

"—the saddest thing you see here is the open graves," he said. "I saw them on the way back from Taegu. They're all American graves — and there were a lot of them."

TINDALL WROTE THAT THIS "is the queerest war I've ever been in. I've never seen anything like it. It's plain rough—and you never know what to expect," he was with the Air Force in the last war, and was assigned to the Air arm in Korea, but he said he had been in the line most of the time.

Mrs. Tindall said it was the first letter she had from her husband since he went overseas July 16.

Aleman Makes 4th Report

MEXICO CITY, Aug. 29 (UP)—President Miguel Aleman will make his fourth annual report to the nation Friday.

HOUSTON, Aug. 29 — Deputy County Clerk Arthur Sims said today that the total vote in Harris County's Democratic primary Saturday was 54,760.

Out of that number, Democratic nominee Ben Ramsey got 32,969 to 20,214 for his opponent, Pierce P. Brooks in the Lieutenant Governor's race.

KOREDS CLOSE POHANG ROAD ON UN TROOPS

Admiral Says US Can't Hope For Quick End

Struble Favors Keeping Forces In Readiness

By Ernest Hoberecht

United Press Staff Correspondent TOKYO, Aug. 29 (UP)—Vice Admiral Arthur D. Struble, commander of the U. S. 7th fleet, said today he saw no reason to think the Korean war would be over by Christmas.

Any letdown in the United Nations war effort at this time would be a mistake, Struble said in a United Press interview.

While the situation now looks more favorable, he said, "we definitely are not in any position to accept any letdown based on optimism or wishful thinking."

ANY TALK OF VICTORY BY Christmas is "certainly premature," Struble said.

"I'd like to see our men out of the trenches by Christmas, but I cannot see any sound reason for such a conclusion," the Fleet Commander said.

Despite the limitations of the Communist enemy in Korea, Struble said, he has shown great initiative and persistence in his attacks.

STRUBLE'S 7th FLEET IS assigned the task of preventing the invasion of Formosa by the Chinese Communists. So far they have made no effort at an actual invasion, he said.

"We have prepared plans looking toward such an eventuality, and if it occurs we will place those plans into effect to prevent it," Struble said. "I feel that we can prevent the invasion by employing plans now prepared."

ASKED IF ANY UNIDENTIFIED submarines had been seen in the waters around Formosa, Struble said:

"We have had reports of unidentified submarines, but I can not make any exact statements concerning them, their purposes, or specific locations."

Asked whether the ships now being brought out of the mothballs would be returned to them, Struble indicated he hoped they would not.

"In view of our current experience, I trust we will continue to keep more adequate forces properly balanced in an effective state of readiness," he said.

Former Ranger Boy Will Play In Bowl Game.

Bob Smith To Fullback For Lions Wednesday

A former Ranger boy, Bob Smith will be playing fullback for the Detroit Lions in the Cotton Bowl when they meet the Washington Redskins in the Cotton Bowl, Dallas, Wednesday night.

AFTER FINISHING COLLEGE at Iowa, Bob joined the professional Lions.

This will make Bob's fourth Bowl game—the Sugar Bowl, Orange Bowl, and Oil Bowl. He played in the East-West game in 1948 and was captain of the Iowa team when they played the University of California at Los Angeles.

BOB'S PARENTS, MR. AND Mrs. Homer D. Smith, now make their home in Grove, Oklahoma.

Mrs. Lloyd Bruce, a friend of the family, said that Bob still considers Ranger "as his home, though he attended school at Wichita Falls and Tulsa after leaving here.

PRISONER REPORTS COMMIE GENERAL TOLD TO TAKE PORT CITY 6 PM TODAY OR DIE

By Ernest Hoberecht, United Press Staff Correspondent

TOKYO, Wednesday, Aug. 30 (UP)—Communist troops, attacking from both north and west, closed the main road out of Pohang against fiercely battling South Korean and American infantrymen today. The city was reported already two-thirds encircled from its land approaches.

Six Pershing tanks and artillery were supporting the hard-fighting Yanks and their South Korean allies who for three days had fought off steadily mounting Communist assaults.

A North Korean prisoner said the Red general directing the attack had orders to take the city within 48 hours or die. The prisoner said the time limit was a.m. today.

For the third time in three weeks the population of the wrecked port city was evacuated. The refugees lining up for hundreds of yards along the beach.

Americans guarding the almost deserted Pohang airfield refused to allow them to pass by the airstrip, fearing there might be some guerrillas who would infiltrate behind the lines.

Far to the south, at the other end of the 120-mile battle line, the first British troops to arrive in Korea, debarked and moved immediately into a field camp near the front "somewhere in Korea."

The Communist road block at Pohang was only a mile and a half outside the city.

AS THE BATTLE POSITIONS shifted rapidly, the Republican capital division recaptured Kigye, eight miles northwest of Pohang, and pushed on beyond to high ridges north and northwest of the road junction.

Editors Knew Before Truman

WASHINGTON, Aug. 29 (UP)—Incredible as it seems, hundreds of newspaper, radio and magazine editors in this country knew about General Douglas MacArthur's impending controversial statement on Formosa before President Truman did.

On the northern front some 20 miles northeast of Taegu, South Korean troops fell back under Communist pressure to positions around Hwabon-Dong, three miles south of Uihung.

One Republican regiment pulled back four miles southeast of Uihung, but the withdrawal generally was less. A Communist attack on the South Korean 8th Division drove it back about a mile to the area of Inam, 18 miles northwest of Pohang and 20 miles east of Uihung.

THE WEATHER

By United Press Only scattered thunder-shower activity in extreme East Texas and in the Panhandle and upper South Plains was expected to mar pleasant weather for Texas today and tomorrow.

Gales Fan Gulf

Two Hurricanes Pack Up Punch For Delivery On U. S. Coasts

NEW ORLEANS, Aug. 29 (UP)—A tropical hurricane, broad in the beam but rather weak in the middle, splashed the southern coast of Mexico with heavy rains and winds today and sent squalls billowing across the Gulf as far north as New Orleans.

The sluggish storm, squatting almost motionless over a vast expanse of the Gulf of Mexico, was centered about 340 miles west of Havana.

Another hurricane hundreds of miles out in the Atlantic Ocean zipped along at a 17-mile-an-hour clip also on a northwesterly course. The two storms contrasted sharply in size and shape.

The Gulf blow sprawled over a wide area but carried a relatively puny punch of 75 to 85 mile-an-hour winds. The Atlantic tempest was compact and powerful, with winds spinning at 115 miles per hour.

The new storm, the third of the season, was located at 4:30 a. m. EST at latitude 29 north, longitude 60.2 west, or about 350 miles southeast of Bermuda.

The Gulf hurricane formed originally in the Leeward Islands, uncoiled into a series of squalls after hitting one small island and then got its second wind south of Cuba.

"The center is not well defined and has moved very little in the last 12 hours," the New Orleans weather bureau said. "Future movement is uncertain but will probably be in a slow northerly direction for the next 12 hours. Small craft from extreme northwest Florida to Louisiana should remain in port."

Hurricane force winds extend 70 miles to the northeast of the "eye" and gales fanned the Gulf another 80 miles out. The weather bureau said squalls and winds up to 35 miles an hour were expected here today. Heavy rains and strong winds were reported along the Mexican coast, north and south of Tampico yesterday and only large vessels were allowed to leave the harbor.

Fraleay Says

Two Texans Picked For Fearless' All-American First Team; SMU, TU

By Oscar Fraley
United Press Sports Writer

NEW YORK, Aug. 29 (UP)—To listen to the tune-up wailings of the Nation's college football coaches there may be a lurking suspicion that only midgets and coeds are absorbing higher education this year but Fearless Fraley is prepared today to shatter that supposition with his annual pre-season All-America team.

Despite the lachrymose lamentations, it can safely be reported that most major colleges will meet their Jan. 1 bills by again fielding football teams. And the guys lugging the leather, and lunging at the leather luggers, will be just as big, rough, tough and nasty as the average crop.

Tired of running the ends, old Fearless will not smash right through center and say that these look at the moment like the class of the 1950 grid crop:

Table with columns: Pos., Name, School, Age, Ht., Wt., Home. Lists players from various schools like Army, Notre Dame, Texas, etc.

For a second team, and one which would give the first a real run for the money, how's for:

Ends, Bud Sherrod of Tennessee and Cliff Anderson of Indiana; Tackles: Ray Krouse of Maryland and Bob Gain of Kentucky; Guard: Bill Gable of Wisconsin and Johnny Kadlec of Missouri; Center: Ed Rotticci of Santa Clara; Quarterbacks: Bobby Blaik, Army; Halfbacks: Chuck Ortmann, Michigan; and Johnny Papp, Virginia; and Fullback, Jeff Fleischmann, Cornell.

There are plenty of other outstanding players in the nation, but these leads already have proved what they can do.

Foldberg, the Army wingman, was on just about everybody's All-American team last year, and

he's reported better than ever. Wilkinson is being given all the advance raves on the coast, and the only pass-snatcher likely to break in among the big four is William and Mary's Vito Raganzo.

This first team line averages close to six feet, two inches and 219 pounds. Teneff, the Notre Dame wrecker, helps boost this average with his terrific 240 pounds. Wahl makes a fit running mate.

The day of the watch charm guard must be over, for McFadin goes 240 on the scales and Richter a mere 230. Quite a time piece, that one. The center situation is apparently well collared by Carolina's Holdash, with Rotticci in too small a league to get his just

BOYCE HOUSE SAYS

A layman asked a lawyer, "If my cow breaks in your garden and eats \$5 worth of your vegetables am I liable?" "Absolutely," said the barrister.

"Well, in that case," the other said, with a look of triumph, "it was your cow and my garden, so just hand over \$5."

The lawyer did so and his visitor prepared to leave but the lawyer called out, "Just a moment—\$10 for legal advice, please."

HOUSTON, Aug. 29—Clyde La Motte, sports editor of the Houston Post, assumed a new role for a brief time yesterday and was very successful.

As he left Memorial hospital, he spied a man walking away from his automobile carrying a suit of clothes which La Motte had just picked up at the cleaners.

Going into action quickly, La Motte overtook the thief, put some sort of modified full nelson on him, forced the thief back to the automobile and held him until police arrived.

"From now on I'll keep my car locked," La Motte told police. "This sort of thing could really become strenuous."

LION'S SHARE—Tom, Dick and Harry, month-old lion cubs, make a reluctant camera debut in the arms of Lion Trainer Marion Foster at the Atlantic City Steel Pier, N. J., animal quarters. Miss Foster, who works with Samson and Delilah, parents of the cubs, will break the youngsters into her act as soon as they are off their milk diet.

FULL OF ICE—That's valuable stuff you're looking at, brother. The jewels, we mean. It's the famous Rothschild collection, being modeled by Cherry Carson who has just been selected as the "1950 Queen of Jewels" by the 2500 members of the Bowers Jewelers Association, New York.

By United Press

FORT WORTH, Aug. 29 (UP)—Cattle 2600. Active. All classes fully steady. Medium slaughter steers and heifers 23.50-27.50, a few good and choice 28.00-30.00, common 23.00 down. Common to good beef cows 20.00-22.50, canners and cutters 14.00-20.00. Sausage bulls 19.00-24.50, a few load medium and good stocker and feeder steers and yearlings 24.00-28.00, good stocker yearlings to 29.00, stocker cows 20.00-23.00.

Calves 1700. Slaughter calves weak, stockers firm. Good and choice killers 25.50-29.00, common and medium 20.00-25.00, culls 17.00-20.00. Medium to choice stocker calves 25.00-31.00, few lightweight to 35.00.

Hogs 1100. Steady with Mondays average. Good and choice

190-270 lb barrows and gilts 24.50-75, 160-185 lbs 23.00-24.50. Sows 18.00-21.50, only a few head over 21.00. Most feeder pigs 20.00-21.00.

Sheep 1600. All classes about steady. Medium to choice slaughter spring lambs 26.00-28.00, some short springer 26.00. A few yearling wethers 20.00-22.00. Cull to good aged ewes 11.00-14.00, few aged wethers 14.50. Feeder lambs 24.00-25.50, a few feeder yearlings 20.00 down.

British Troops March Ashore Today To Tune Of Bagpipes and Band

A SOUTH KOREAN PORT, Aug. 29 (UP)—First British troops to join United Nations forces in Korea marched ashore today with Scottish bagpipes skirling and ready for battle.

Two British warships that brought the 1,500 infantrymen of two crack battalions from Hong Kong pulled into port shortly after noon.

An American Army band played "God Save the King" and the

British flag was raised as the carrier HMS Unicorn and the Cruiser HMS Ceylon docked.

Kilted bagpipers on the after gunnights of the Ceylon played as Maj. R. A. Gwyn, the first Britisher to land, descended the gangplank of the Unicorn, at 12:55 p. m. (10:55 p. m., EDT Monday). Gwyn is from Helensburgh, Scotland.

Brig. B. A. Coad, commander of the troops, the 1st battalion of the Argyll and Sutherland Highlanders and the 1st battalion of the Middlesex Regiment, greeted his men.

Brig. Coad and other officers flew here several days ago in advance of the troops.

Others in the greeting party were American Ambassador to Korea John J. Muccio, Brig. Gen. Crump Garvin, the port commander, and Col. William Collier, deputy chief of staff to Gen. Walton Walker, representatives of the

United Nations delegation and curious South Koreans. Fifty Korean school girls dressed in their conventional black skirts and white blouses carried flowers and stood under a banner reading "Welcome UN Forces." The banner bore, British, American and South Korean flags.

An American Negro Army band "jazzed up" the St. Louis Blues and other typical American tunes as the troops, dressed in green jungle uniforms and tan berets marched in orderly fashion down the gangplanks of the two ships.

Both battalions served in Italy, France, Germany and the Orient in World War II. They were captured by the Japanese when Hong Kong fell. Lt. Col. G. L. Nielson heads the Argyll and Sutherlanders and Lt. Col. Andrew Man the Middlesexers.

Tibet is three times the size of California.

About 40 per cent of the beef eaten in the United States is from dairy stock.

Your Health

AUSTIN (Special)—City fathers in three Texas cities, by artificially adding fluoride salts to their municipal water supplies, are making the dream of fewer tooth cavities come true.

Corpus Christi and Marshall have fluoridation systems working now. Austin has one in the installation process.

If things go according to plan, children in these towns will be spared easily half the visits they now have to make to their family dentists, because they'll have fewer cavities.

State Health Officer Geo. W. Cox describes the fluoridation process as a "tremendous step forward in the fight against dental disease. It's simple and inexpensive, as well as effective."

"It won't be a cure-all," cautions Dr. Edward Taylor, director of dental health at the State Health Department. "It won't give children complete protection against tooth decay, but it will reduce decay from 23 to 47 per cent."

He said that range of reduction percentage has been established in departmental experiments with artificial fluoridation in Marshall.

The addition of the chemical to drinking water in the ration of 1 to 1.5 parts per million parts of water now has been recommended as a decay control measure by the United States Public Health Service, the American Water Works Association, and the Association of State and Territorial Dental Health Directors.

Recommendations are subject to approval of state and local health departments, which has been granted in the case of the three Texas cities.

Marshall began artificial fluoridation in 1946 in a controlled experiment, and was a leader in the field both nationally and locally.

Miller Reports

Meet The Enemy, The Real Enemy An Hate Indoctrinated Fighter

By Robert C. Miller
United Press Staff Correspondent
TONGYONG, Korea, Aug 29 (UP)—Meet the enemy. Meet the REAL ENEMY.

Lt. Hak Un Lee, 22, hates Americans and he brags about how many he has killed.

Lee was captured near this South Korean command post on the Southern peninsula of Korea today. He was questioned by Dr. Bong Hak Hyun, a pathologist and interpreter from Richmond, Va.

This prisoner is no peasant or illiterate youth handed a gun and forced to fight in the front lines. He is a rabid Communist throughly indoctrinated.

Calmly puffing an American cigarette, he discusses Communist philosophy he learned since he joined the Korean Youth Peoples' association four years ago.

"This fight for unification of Korea is none of your business," he said defiantly. "Why are you butting in?"

When Dr. Bong told him the U. S. was here to defend Korean democracy, Lee laughed bitterly and shook his head in disbelief.

During the interrogation, the prisoner admitted that the North Koreans were the invaders. "They told us the South had at-

tacked us but we didn't believe it," he said. "We were called up June 10th and moved to the border on the 25th for 'maneuvers' but we knew it was to fight."

He said his only regrets were that "we should have waited until we were better prepared—we did not have enough training."

One of the amazing things about this prisoner is that he does not think the North Koreans have a chance.

"I knew it at Songhwan when we first fought the Americans," Lee said. "But it's part of the 'system' and if we stopped we would have been killed. We had to fight."

The 'system' he refers to is world domination by the Reds. "The Russian has friends and have things for Korea, improved our road and gave us a government. And the Americans made the United Nations and they have you."

There are approximately 320 miles of railroad tunnels in North Korea. Their aggregate length is about 320 miles.

Ferguson Says Global War May Break If Chinese Votes To Invade Formosa

Foreign News Editor of Formosa, lying miles off the mainland suddenly has become a factor in the cold war. What is important is that both Communist and non-Communist realize that World War II is breaking out any day on its waters that wash

The ultimate fate of Chiang and his army is such a hot issue that President Truman and Gen. Douglas MacArthur are in open controversy over it. There are almost as many differing opinions about Chiang and Formosa as there are nations, but in general there are these four broad viewpoints:

1. MacArthur's view. It is that Formosa is a vital link in the American chain of defense in the Far East. We should keep the Communists out of it at all costs. Chiang offered to send 30,000 of his troops to fight in Korea, but MacArthur rejected them on the grounds that it was more important for them to stay and defend Formosa.

2. Truman's view. The most important thing right now is to keep the Korean war from spreading. By assigning the 7th Fleet to the protection of Formosa he hoped to delay a Communist invasion of the island. At the same time he asked Chiang not to take offensive action against the Chinese Communists. In effect, he says, let's settle the Korean question first and then decide what to do about Formosa.

3. The Communist view. The Chinese Communists are the legal government of China. Formosa belongs to them and they are going to do the other day, but they didn't say when.

4. Britain's view. This is the viewpoint of most nations which have recognized the Chinese Communist as the legal government. They find themselves in a difficult position. For instance, Britain finds herself aligned against Russia in the United Nations Security Council on the issue of the Korean war. Russia wants to kick the Chinese Nationalists out of the U. N. and admit the Chinese Communists. By all rules of logic Britain should support Russia because London has taken the official position that the Chinese Communists are the legal government and that Chiang has no diplomatic status. Russia knows that and is

TEARFUL REUNION FOR SHIRLEY—Shirley May France met her mother in a tearful reunion at a secret rendezvous in Somers, Mass., just two days after Shirley had left home because of a misunderstanding with her father. The plucky 18-year-old school girl, who failed in two attempts to swim the English Channel, remained determined to stay away from home and at the home of her coach, Harry Boudakian, and his wife. Soldiers Beg Respect Since

By Herman W. Nichols
United Press Staff Correspondent
WASHINGTON, Aug. 29—The man in uniform no longer is looked upon as a bum who do nothing but shoulder a stand upright and say "yes, sir."

Once more he's a fine fellow. Not that he wasn't always! But the President's commission on Religion and Welfare has been checking around and finds the attitude of the public changed. Time was when a GI kicked about by the civilian community where he was.

There has been a change quick one following the turn of events in Korea. After World War II USO clubs were loved to close because of lack of funds. The men in uniform had a bad time. They had to find their own fun in the near town, and pay fancy prices. They were the free Cokes, the pool, ping-pong tables and Saturday night dances.

In some areas, even the churches frowned on attendance by fellows wearing our colors. All through this, some cities through private subscription—going with entertainment for servicemen.

One of these was Philadelphia where Father John Positano took the boys down. He didn't let the boys down. He didn't let the boys keep the good Padre from playing for them.

Sailors coming up the coast used to raise old Ned unless the tub docked in Philadelphia. Well, the situation is turning little more in favor of the boys. In Los Angeles, the LA Army Services organization has \$175,000 from the Welfare federation of the area to entertain the boys. The dough will go toward providing

ACCEPT OUR THANKS

The John Harts—the whole family—are very proud indeed of the fine expression of confidence you gave him in Saturday's runoff election. The majority vote was warmly appreciated.

You can be sure that John Hart will try to conduct the affairs of the County Judge's office in such a manner as to reflect credit upon the scores of friends whose diligence elected him, and upon the entire county.

Again, please accept our humble thanks.
The John Hart Family

going to do everything she can to drive a wedge between the United States and Britain on the issue.
The key man in the midst of all this confusion and controversy is Mao Tse-Tung, leader of the Chinese Communists. If he gives the signal for an invasion of Formosa, World War III probably will be on. If he stays his hand until the Korean war is over, the peril may pass. Whatever he does, probably will be done with the advice and consent of Joseph Stalin.

Don't Be Satisfied With Symptomatic Relief! HADACOL NOW MAKES IT POSSIBLE TO RELIEVE THE CAUSE OF YOUR SICKNESS

Neuritis Pains, Stomach Disturbances, Indigestion, Gas, Constipation, Certain Nervous Disorders and a General Run-down Condition When due to lack of Vitamins B₁, B₂, Iron and Niacin in your system!

Read How These Folks Benefited Who Had Such Deficiencies

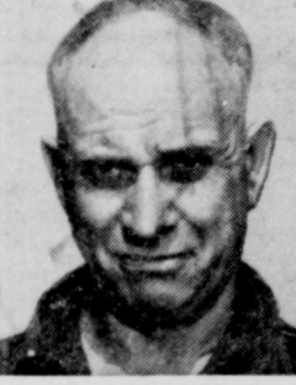

Mr. Anthamatten, 4731 South 32nd West Ave., Tulsa 7, Oklahoma, suffered from stomach distress for quite some time. He had spent much money trying everything possible for relief and was in bad health when he started taking HADACOL. He says, "After taking three bottles of the \$3.50 size, I've gained 27 pounds and now eat anything I desire and positively have no trouble." (HADACOL gives such wonderful results because it actually relieves the REAL CAUSE of stomach distress [gas pains, heartburn, indigestion after eating] due to such deficiencies. And continued use of this great HADACOL helps prevent such distress from returning.)

Mrs. Mabel Kitchen, 1650 Amsterdam, Cincinnati, Ohio, "Before I started taking HADACOL I had aches and pains of neuritis in my shoulders, my back and arms. I could hardly move without having those terrible pains. Then I heard about HADACOL. After the second bottle the pains and aches were about gone. I'm now starting my fourth bottle and am on top of the world. I eat well and, best of all, the aches and pains are completely gone." (Mrs. Kitchen is a very smart woman because she relieves the REAL CAUSE of her neuritis pains due to such deficiencies. HADACOL often brings a wonderful improvement within a few days' time.)

Mrs. J. Scieszinski, 514 Kruger, Ottumwa, Iowa, writes: "My daughter, Marilyn Sue, is 5 years old and for some time lacked pep, had a poor appetite, was generally run-down. Since giving her HADACOL, we have noticed wonderful results... she has a much better appetite, eats everything on the table and doesn't seem tired like she used to. Incidentally, she likes to take HADACOL." (HADACOL is a great 'builder-upper' for sick, nervous, puny kids whose systems lack precious Vitamins B₁, B₂, Iron and Niacin. A big improvement in their well-being is often noticed within a few days' time after taking the great new HADACOL.)

Mr. Henry Angel, RD No. 1, Springfield, Ohio, "I used to suffer great pain from neuritis aches in all parts of my body, especially in my legs, arms and shoulders. I never got any real relief until I tried HADACOL. After taking several bottles, my pain is all gone. And I'm working every day." (Now there's a smart man! Mr. Angel took HADACOL and relieved the REAL CAUSE of his neuritis pains because they were due to such deficiencies. HADACOL is helping thousands upon thousands of grateful men and women troubled this way. Why don't you give HADACOL a chance to help you? Start taking it today!)

IMPORTANT! Why don't you get that wonderful HADACOL feeling everyone is talking about? In this modern age, wise folks are no longer satisfied with symptomatic relief because it only masks the trouble. The new HADACOL helps prevent such distress from returning. Large family or hospital size, \$3.50. © 1950, The LeBlanc Corporation

FREIGHTER IN COLLISION—Her bow crushed in, the freighter Mary Luckenbach is tied to a dock in San Francisco after her early-morning collision with the Navy hospital ship Benevolence four miles off the Golden Gate. At least 18 persons died and 500 were rescued in the mishap. (NEA Telephoto).

POLIO INSURANCE
Medical men agree that 1950 may set a record for new Polio cases. Don't be one of the unfortunate families and have your life-time savings wiped out. \$10.00 a year covers an entire family and pays up to \$5,000.00.
This policy covers these dreaded diseases: Polio, Scarlet Fever, Sinal Meningitis, Leukemia, Diphtheria, E-cephalitis, Small Pox, or Tetanus.

Miss Bennett, Mr. Little Wed In Pastor's Carbon Home, Sat.

Miss Betty Bennett, daughter of Mr. and Mrs. George Bennett of Carbon and Earle Little were united in marriage at 5 p.m. Saturday in the home of the Rev. Lee Fields, pastor of the Baptist Church in Carbon.

Only relatives and close friends of the couple attended. Present were Mr. and Mrs. George Bennett, parents of the bride, Mr. and Mrs. J. L. Little, parents of the groom, Mr. and Mrs. Anson Little of Lamesa.

Mr. Little's parents are Mr. and Mrs. J. L. Little of Route one.

Both Mr. and Mrs. Little are employed here with the Texas Electric Service Company and are making their home in Eastland.

The bride wore a rose beige satin dress with maple brown accessories. Her shoulder corsage was an orchid.

Pre-nuptial Shower Honored Saturday's Bride

Miss Betty White was maid of honor and was dressed in a gray gaberdine suit. Her accessories were of navy and her corsage was of pink carnations. Bob Franklin served as best man.

Miss Betty Bennett was the honoree Thursday evening, preceding her marriage on Saturday to Mr. Earl Little, at a miscellaneous shower in the home of Mr. and Mrs. Wayne White of the Staff community, with their daughter, Miss Betty White as hostess.

Guests were received and entertained on the lawn. About 50 friends called and sent gifts which were displayed on one long table, laid with a white linen cloth. Refreshments of frosted punch and cake was served.

Dim Your Lights—Save A Life

STILL ROLLING ALONG—Making good his promise to skate on his 82nd birthday, noted health culturist and publisher Bernard MacFadden takes a spin on the Dansville, N. Y., rink. Three-and-one-half-year-old Audrea Purdy is his pretty companion.

Dabney of Fort Worth are the guests here in the home of their grandparents, Mr. and Mrs. Allen D. Dabney.

C. S. Lucas returned late Sunday from Fort Worth where he had been with Mrs. Lucas, who underwent major surgery in Harris Memorial hospital last week. Mrs. Lucas is in room 569 and is slowly improving. Helen Lucas and Mr. Lucas' sister are in Ft. Worth with Mrs. Lucas.

Mr. and Mrs. Ed Layton have been in Gilliland and Lamesa where they have been helping Mr. and Mrs. Charles Layton, newlyweds, get settled in their home in Lamesa.

Mr. and Mrs. John F. White of Odessa are visiting here in the home of their parents, Mr. and Mrs. W. H. White.

Mrs. Earl Stephens and her mother, who was visiting here, have been called to Dallas because of the illness of Mrs. Stephens' sister, Mrs. Carl Wilson, who is in the Methodist Hospital there. While in Dallas Mrs. Stephens will reside at 1110 Galloway St., the home of her sister.

Prisoner Says—

(Continued From Page 1) BUT IT WAS THE FIGHTING around Pohang that stole the show. The estimated 25,000 North Korean troops pressing hard against the near defenses of Pohang attacked in the early morning hours Tuesday.

The Republican defenders held firm just north of the city, and blocked an attempt to drive down through a coastal pass.

But the 3rd Division's left flank just west of Pohang gave way under the determined assault, and Communist shock troops rushed into the city within 300 yards of its heart.

The commander hastily mobilized all the South Korean police and troops in reach. They tore into the Communists, and American warplanes raked the enemy spearhead. The invaders broke un-

TEXAS NEWS BRIEFS

By United Press

HUNTSVILLE, Aug. 29—An estimated 350 persons, including 75 children, registered yesterday for the third annual Texas conference of Methodist Churches School of Missions.

The school, held at country campus, a unit of Sam Houston State College, will end Sept. 1.

HOUSTON, Aug. 29—The Sheriff's office announced today the arrests of an 18-year-old woman and two men who are wanted by Waco officers for helping two teenage girls escape from the state home for girls.

The three freely admitted to der the pressure and were shoved back some 2,000 yards about dawn.

Gunfire was plainly audible in Pohang until midmorning, when it seemed to be receding in the distance and only occasional bursts were heard.

A few miles to the northwest, the South Korean capital division toiled through the battle pocked hills and recaptured Kigye. The road junction had fallen to the Communists in the early part of the current battle for Pohang.

THE STATE OF TEXAS
COUNTY OF EASTLAND
NOTICE
The City Commission of the City of Eastland, Texas, having determined by resolution and order duly adopted at a meeting of said commission at which all members thereof were present, that it is advisable to make an oil, gas and mineral lease or leases on certain lands owned by the City, described as follows:
all those certain tracts or parcels of land, containing 355.84 acres, more or less, a part of Sections 25 and 26, Block No. 4, H. & T. C. Railway Company survey, and being all of the property described in the deed from Homer Brelsford, Administrator of the Estate of H. P. Brelsford, Deceased, to the City of Eastland, dated March 10, 1941, recorded in Volume 363, page 281, Eastland County Deed Records, SAVE AND EXCEPT, that portion of the property described in the deed from the City of Eastland to R. N. Grisham and N. E. Grisham, dated May 22, 1941, recorded in Volume 362, page 350, Eastland County Deed Records, and SAVE AND EXCEPT that portion of the property described in mineral deed from the City of Eastland to Eastland Investment Company and G. L. Brelsford, dated March 31, 1941, covering the Southwest Quarter of Section 13 in said Block 4, and 91.5 acres out of the Northwest Quarter of Section 13, Block 4, H. & T. C. Railway Company Survey and which deed is duly recorded in the Eastland County Deed Records and is here referred to, hereby including all of the property commonly known as the Brelsford Lands in Sections 25, 26, and 13, Block 4, H. & T. C. Railway Company Survey, excepting that portion above specifically referred to;
the City Commission of the City of Eastland will on the 8th day of September, 1950, at 7:30 p.m. at the City Hall in Eastland, Texas receive and consider any and all bids submitted for the leasing of said lands or any portions thereof, and in its discretion shall award the lease or leases to the highest and best bidder submitting a bid therefor, provided that if, in the judgment of said City Commission, the bids submitted do not represent the fair value of such lease or leases, the governing body, in its discretion, may reject same.
SIGNED this 11th day of August, 1950.

Some Of Washington's Federal Agencies Will Be Dispersed

By Edward V. Roberts
United Press Staff Correspondent
WASHINGTON (UP)—Eventual dispersal of at least some of Washington's federal agencies appears to be in the cards as a long-range Atomic defense measure.

But there is no indication that the government will be moved from Washington or that the capital will be spread around the Maryland and Virginia countryside in the early future. New agencies, however, probably will be located with an eye to defense needs.

The government, from President Truman down, has accepted the principal that strategic relocation of essential industries, services, economic activities, and government agencies is desirable.

Two steps have been taken in that direction:
1. The National Security Resources Board is preparing plans for long-range decentralization of major cities over a period of many

years.
2. Government officials are urging architects, city planners, and industrialists to take defense into consideration in all plans for new developments.

The NSRB has not yet placed any formal plans before the President for his approval. However, such plans are being drawn up. They are labeled "top secret".

The main argument voiced against any immediate emergency effort to disperse major cities and industrial areas is that so mammoth a project would bankrupt the nation. The lowest estimate here is \$300,000,000,000—or nearly \$45,000,000,000 more than the National Debt.

In view of the cost barrier, defense planners have decided to settle for a slow but steady dispersal. This ties in with such non-defense programs as slum clearance and urban redevelopment. Officials in close touch with defense planning do not expect

Washington to get any priority over other major cities in the decentralization program. However, many believe the nation's capital would be the logical target for a sneak Atom attack. Such an attack might paralyze the federal government's major operations.

The Potomac River would lead enemy bombers to Washington, much as the Thames led the German Luftwaffe to London. The Atomic Energy Commission has listed three obvious targets in the Washington area:

1. The Pentagon, headquarters of the national military establishment. A large distinctive building lying on the Virginia bank of the Potomac, with two bridges to aid in locating it from the air, it would appear to be one of the world's easiest-to-hit targets.

2. The area around the capital including Senate and House of Representatives buildings and Union Station, Washington's only rail terminal. An Atom bomb hit there might wipe out the nation's legislative machinery—a factor not overlooked by the members. Bills providing for appointment of a new Congress in the event of such a catastrophe have been introduced. The AEC's estimates are based on 1945-model A-bombs. The more powerful 1950 models undoubtedly would enlarge the damage area of each "target."

NEWS FROM GUNSIGHT

The electric lights have been installed and the residents are painting the inside of the building this week and making some benches and tables and getting the building ready for community gatherings.

Mrs. S. Dempsey Broyles entertained with a quilting party Wednesday. Refreshments of ice cream and cake were served to Mmes. W. E. Adams, Johnnie Baggett, Will Dye, Roy Londer, W. A. McIntire, Greer Sawyer, Gracie Booher Shepard and Paul Wagley.

Mr. and Mrs. W. M. Creecy and daughters of Elberta visited here over the week-end.

Spurgio Sprawls is conducting a singing school at the Methodist church.

Mrs. Annie Dye Holbert of Colorado City is visiting friends here this week.

The Home Demonstration Club will meet at the Community House the first Thursday in September. Mrs. A. B. Knight is president of the Gunsight Club and Mrs. Tom Joyce Cunningham is the agent.

Mr. and Mrs. W. A. McIntire, Jr., and children of Breckenridge visited here Sunday.

Mrs. Jesse C. Day of Pampa, visited here Saturday.

EVERY WEDNESDAY IS

A Spectacular New
RCA VICTOR
Table Radio
Giant, 8-inch Speaker with the "Golden Throat"
finest tone system in RCA Victor history.
Only 30.95
Easy Budget Terms
Now we have it... it's the most dramatic table radio in years. Enjoy performance heretofore found only in console instruments.
That's not all... this radio has a phono-jack for easy attachment of record-playing equipment (like the new RCA Victor "45" automatic record changer).
The cabinet? ... its unique styling will make it the center of attraction in your home.
More? Of course! This is the season's budget special! Ask for the RCA Victor 9X561 (maroon plastic or 9X562 ivory-finished plastic) ... today ... while we still have some in stock. AC-DC.
