

WHITTLIN'

By DOLPH MOTEN

Too often, public officials above the local level don't get the credit they have coming. If they aren't being criticized, they're being ignored, most of the time.

State Representative Bill Clayton has offered to help with the 2,4-D cotton problem which was reported in last week's issue of The Blade.

We talked with Clayton prior to writing the story and told him what we knew about the situation here. The state representative then called the state agriculture department people in Lubbock and found out they were aware of the goings-on and were working on doing something about it.

Clayton thinks it may possibly take federal action to get the situation remedied. He's willing to help along that line, too, if that's what's required.

Clayton is a cotton farmer himself and he understands 2,4-D damage. He's had some of it and can get sympathetic in a hurry when voters in his district are bothered by it.

By pointing out Clayton's interest in the problem, we don't mean to put him on the spot and make it sound like it's his fault if and when it happens again. He is, however, ready and willing to use his office to help the people when he's called on to do so.

Incidentally, we thought this time last week that we would've had a meeting by now with area farmers and state agriculture department people in regard to the 2,4-D problem. If such a meeting has been conducted, we missed it.

We did get in on a non-scheduled meeting one day last week, though. This one was along the road beside a field of 2,4-D cotton. The neighbors gathered around and talked about the problem.

Like a lot of meetings, nothing was accomplished. But ideas were exchanged and discussed. That's the beginning, we guess, of arriving at a solution.

With the end of July near, Bull Town Days 1972 can't be far away.

Most of the plans for the celebration have been completed, according to General Chairman Tom Bonds. Now it's just a question of executing them.

We're amazed each year at all the work that is done to make the celebration successful... y so many different people. Up to now, the celebration has been a good way to bind the people of the community closer together.

The downtown booths of various organizations which were made a part of the celebration last year will be back again this time. These booths not only serve as fund-raisers, which is good for the sponsoring organization and BTD, but they also provide entertainment for visitors.

They're a good deal. The 4-H Club is planning a wet-sponge throwing booth this year, we learned, when we had the opportunity to loan some sponges.

We countered with the idea that sponges probably wouldn't cost much and could be purchased.

"Yeah, but we can keep expenses down if we can borrow them instead of buy them," the 0-year-old 4-H Club member replied. So, a lesson in practicality has been taught and earned right there.

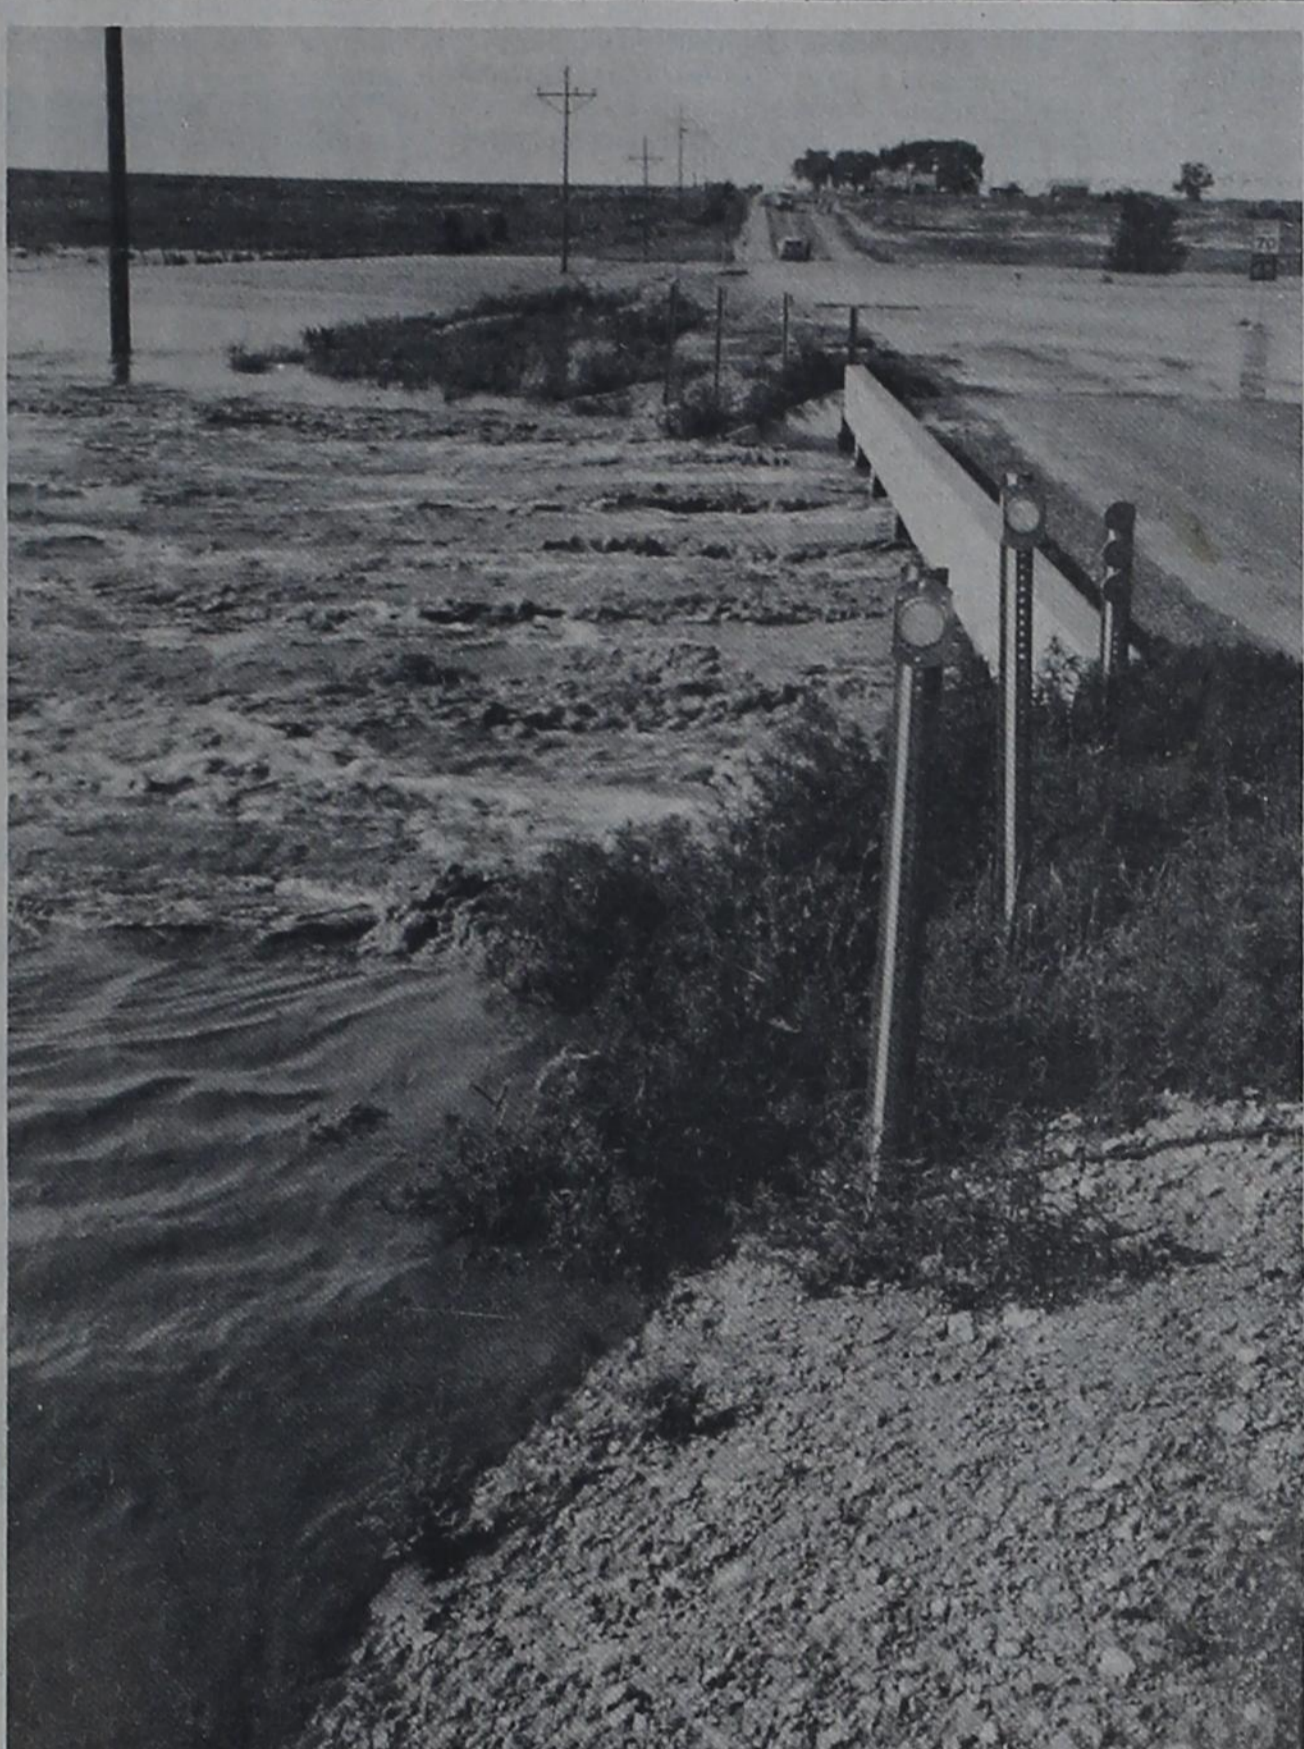

Remember that the next time somebody doesn't have anything good to say about Bull Town Days.

We were disappointed that it was such "big" news a few days ago when John Connally announced that he would support the re-election of Richard Nixon for president.

Who do you reckon that surprised, Connally and Nixon have been thicker than three in a bed throughout the present administration.

Connally has even been a member of Nixon's cabinet, as Secretary of the Treasury, and is the only "Democrat" to be so honored by the President.

Connally has promised to work for the re-election of Nixon. We don't really blame him for that; that's his business. All the Republicans should do the same thing, but let's not say that we're Democrats for Nixon. Let's admit that we're Republicans for Nixon and be proud of it.

DRAW ON RAMPAGE --- Running Water Draw featured just that Friday morning as water rushed across FM Road 1731 just south of Bovina. The water may be seen blocking traffic in the upper right. Traffic was diverted around the Draw for a few hours Friday morning. Rains west of here, as well as in this area, were given credit for making the draw "come down." By Friday afternoon, the water in the Draw had returned to more normal levels.

Phones Out, Draw Gets Up --

Unusual Conditions Created By Weather

Weather last week created unusual circumstances, inconveniences and excitement here.

Lightning during a thunderstorm Thursday during the noon hour struck the steeple of St. Ann's Catholic Church. Possibly the same bolt of lightning knocked out telephone service here.

Rains which accompanied the storm, especially west of here, caused Running Water Draw to get on a rise. The water spilled over FM Road 1731 Friday morning. Traffic had to be directed different ways for a few hours Friday morning.

The knocking out of the new telephone system here was considered a "freak" happening, according to Rad Richardson, Littlefield district manager for General Telephone Co.

The computerized phone system was put into operation here just a few months ago.

Lightning knocked out both the primary and the back-up computers, Richardson said. The system is designed to have protection against lightning, but Richardson surmised that the power was of such low voltage that it was allowed to get through the guarding system, but yet knocked out the two computer units.

Richardson explained that evidently the lightning was "just right" to knock out the computers. "We definitely don't expect our phone system here to be knocked out during each electrical storm," he said.

The phones went out Thursday at 12:50 p.m. and were back in service at 10:30 a.m. Friday. General people, including experts flown in from Chicago to

help get the system back in operation, worked throughout Thursday night.

The rain, which measured in the neighborhood of two inches

the area over, was considered ideal by farmers. Most farmers believe that the moisture will insure still another good grain sorghum crop.

Sunday Afternoon --

Head-On Crash Claims 2 Lives

Two persons were killed and three children injured in a grinding two-car head-on collision about 4:15 p.m. Sunday on U.S. Highway 60 about four miles southwest of Bovina.

Pronounced dead at the scene by Parmer County Justice of the Peace Wilbur Charles of Bovina were Monroe Abner Timmons, 71, of Clovis and Mrs. Helen Leonard Culver, 60, of 3408 Yucca in Fort Worth.

It was the first traffic fatality in the Bovina area since July of last year.

Mrs. Culver's three grandchildren -- Tracy, 11, Billy, 13, and Danny, 12 -- were treated and released from Parmer

County Community Hospital in Friona. They suffered minor bruises and lacerations.

Highway Patrolman Bob Dorris of Friona, investigating officer, said the children's father, Frank Culver, was in Hereford at the time of the accident. He came to Friona for the children late Sunday afternoon.

Dorris said Timmons, driving alone in a 1972 Plymouth Cricket, was westbound, and Mrs. Culver, driving a 1971 Chevrolet Impala, was going northeast when the two cars collided.

Timmons was reportedly attempting to pass another vehicle in a no passing zone when

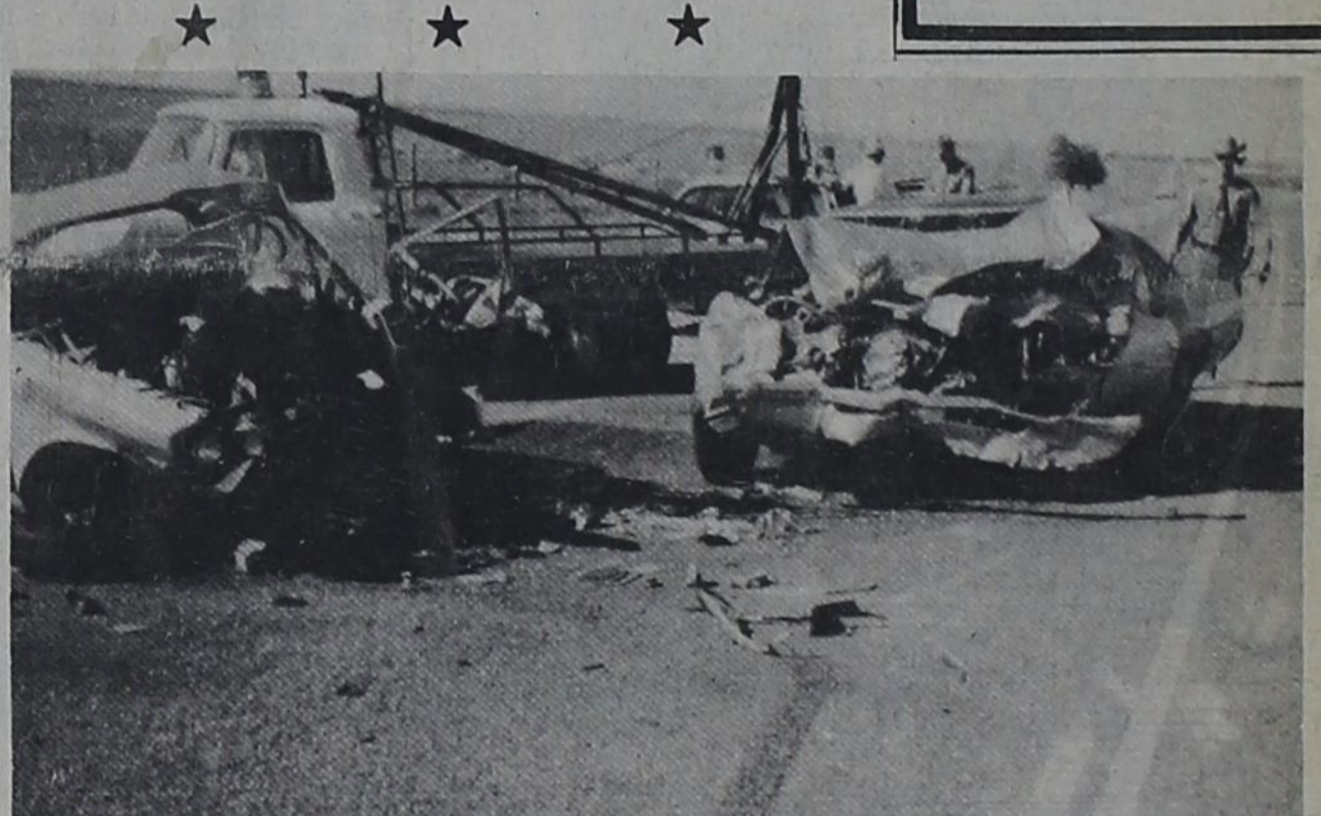

the two cars met at the crest of a hill just west of Parmer County Cattle Co.

Funeral services for Mr. Timmons whose address was listed as Hotel Clovis, were held at Hotel Tuesday.

Services for Mrs. Culver were announced by Claborn Funeral Home in Friona.

ASCS News --

Wheat Program Includes Options

By Prentice L. Mills, Parmer Co. ASCS Office Mgr.

Major provisions of the 1973 wheat program have been announced by the Secretary of Agriculture. They include the set-aside required for participation, an option to voluntarily set-aside additional acreage and the payment rate for the additional acreage set-aside.

To participate in the wheat program, a producer must set-aside an acreage equal to 86 per cent of the farm's domestic wheat allotment. Producers will again be allowed to substitute feed grains or soybeans for wheat to preserve allotment history. Barley will again be included in the 1973 feed grain program.

In addition to the set-aside required for participation, a producer may earn payment for setting aside additional acreage up to 150 per cent of his domestic wheat allotment -- twice the amount of additional acreage in the 1972 program -- at a payment rate of 88 cents per bushel.

The announcement of voluntary wheat set-aside is being made much earlier than last year so the winter wheat producer can plan his wheat operation before investing any money in his 1973 crop.

The loan rate is the same as in 1972 -- \$1.25 per bushel -- national average.

Farmers who elect to participate in the voluntary option may set-aside additional acre-

age up to 150 per cent of their domestic wheat allotment. Payment rate for this additional set aside will be 88 cents per bushel, times the farm's established yield, times the acres set aside. In 1972, the voluntary option was limited to 75 per cent of their domestic allotment with a payment of 94 cents per bushel. Producers who choose this option must agree to limit their total 1973 wheat program acreage planted for harvest. The limit will be their 1972 spring and winter wheat program acreages plus the 1972 voluntary set-aside minus the 1973 voluntary set-aside acreage. Program acreages are those reported and accepted for compliance in 1972.

Substitution provisions of the 1973 wheat program are identical to those in 1972 with corn, grain sorghum, barley, or soybeans allowed for preservation of allotment history. The USDA also announced that the 1973 feed grain program will have a mandatory set aside for barley of not less than 25 per cent of the farm's barley base, with other details of the feed grain program to be announced later.

As in the past two years, a producer will earn certificate payments based on his domestic allotment times the farm's established yield, and producers are not required to plant wheat to earn certificate payments. However, failure to plant at least 90 per cent of the farm's

1973 domestic wheat allotment to either wheat, corn, grain sorghum, barley or soybeans can result in reduction of allotment by as much as 20 per cent. Under the Agricultural Act of 1970, if no wheat or substitute crops are planted for three consecutive years, the entire allotment may be lost. All allotments removed from farms will be relocated to other wheat farms.

Substitution provisions allow acreage devoted to feed grain or soybeans to be considered planted to wheat to prevent loss of history and to qualify for payments. Acreage devoted to wheat or soybeans will be considered planted to feed grains to prevent loss of that base. This enables a producer to plant the combination of wheat, feed grain or soybeans that best fits his operation and preserve his planting history and program benefits.

As in 1972, land offered for set aside must be equally productive and similar to that on which the program crop is to be grown. Producers may graze set aside acres except during the five principal months of the normal growing season, but set aside acreage must be protected against erosion, weeds, insect damage and rodents. In 1973, sweet sorghum again may be planted on the set aside acreage and grazed, except during the five months of the growing season. (Continued on Page 2)

Record 2 Entries In Queen Contest

Plans are nearing completion for the 1972 Bull Town Days Queen Contest. However, only two entries have been received as of early this week, announces Mrs. Sonny Jones, assistant chairman of the queen committee.

Deadline for entering has been set for Saturday, August 5. "We just need more entries now; we have plenty of sponsors lined up if interested girls will just give us a call," said Mrs. Jones.

Other plans call for a queen's clinic to be conducted by Mrs. Wilma Fulgham of Clovis, past State Fair Queen of New Mexico and widely known for her horsemanship skills, at the Bovina Roping Arena Monday, August 7.

The clinic will not be limited

to this year's queen contestants, Mrs. Jones said. All in-

terested girls are invited to enroll. A fee of \$2.50 will be charged

with the clinic slated to begin at 9 a.m., with a lunch break and will conclude sometime that afternoon.

Mrs. C. C. Naegle, chairman of the committee, says the clinic would be of value to any girl, especially those who are not eligible for the contest this year, but plan to enter in the future.

Queen contestants will make an appearance on an Amarillo TV station Saturday, August 12, Mrs. Jones said. They will appear with other Bovinians who will be interviewed on the program.

Two students of Mrs. Fulgham will judge the queen's contest on Thursday afternoon, August (Continued on Page 2)

Leg Crushed --

Car-Cycle Collision Injures Gober Boy

Gary Gober, 16, suffered serious injuries about 1 p.m. Friday when the 1972 Honda motorcycle he was driving was involved in a rear-end collision with a 1972 Oldsmobile driven by Vic Stallings in the 800 block of Dimmitt Road.

Gary is the son of Mr. and Mrs. Scott Gober.

He was rushed by Claborn Ambulance to the Parmer County Community Hospital in Friona where he was given emergency treatment. He was then transferred to High Plains Baptist Hospital in Amarillo.

He suffered compound fractures of the right leg, a broken pelvic bone and hip injuries, according to a member of his family. He underwent surgery soon after arrival at the Amarillo hospital. His condition is reported to be "as good as can be expected."

Gober was westbound on the Dimmitt Road when he struck the rear of Miss Stallings' vehicle when she apparently backed out of her driveway onto the highway. She reportedly told the investigating officer that a pickup, either in the driveway or parked at the curb, blocked her view and she didn't see the motorcycle approaching.

Highway Patrolman Bob Dor-

ris of Friona investigated the accident. Gober's motorcycle was demolished in the accident.

An eyewitness told officers when the vehicles collided the force of impact threw Gober over onto the hood of the car.

CAR-CYCLE CRASH --- Gary Gober, 16, son of Mr. and Mrs. Scott Gober of Bovina, was seriously injured in a collision involving the '72 Honda cycle he was operating and a 1972 Oldsmobile driven by Vic Stallings, also of Bovina, about 1 p.m. Friday. Gober's cycle was demolished in the collision. He was rushed by ambulance to the Parmer County Community Hospital in Friona and later transferred to High Plains Baptist Hospital in Amarillo where he underwent surgery. He was removed from the intensive care unit at the hospital Monday. (Photo by Weldon Moody)

Fireworks Profit Not 'That Good'

Net profit from the Lions Club-sponsored fireworks stand during the Fourth of July holiday season was not as good as reported.

The stand grossed some \$1900 instead of netting that amount as was reported in The Blade. The Lions Club will realize some \$900 profit from the sale of the fireworks.

Dalton Morrison and his daughter, Cindy, operated the stand.

Queen Contest --

(Continued from Page 1)

17, during the initial day of Bull Town Days. Entries in the contest to date are Michelle Bonds and Ginger Fitts. Miss Bonds, 15, is the daughter of Mr. and Mrs. Tom Bonds. She will be a freshman at Bovina High School this year. She is active in sports, particularly swimming, water skiing, golf and basketball. She has been riding for the past four years and owns a horse named Apache. She participates in school activities and in the summer,

rides in play night activities weekly at the roping arena. She is sponsored by Gaines Hardware of Bovina.

Ginger Fitts, 14, is the daughter of Mr. and Mrs. Jim Guest. She moved here with her family in March of 1971 and will be a freshman at Bovina High School this year. She served as manager of the eighth grade girls' basketball team, but her main interest is horses. She has been riding for three years and owns a horse named Comanche. She is being sponsored by Aero-Farm Chemicals.

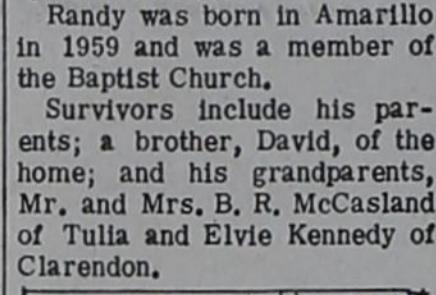

STEEPLE TOPPLES --- Lightning which struck during the noon thunderstorm Thursday apparently hit the steeple of St. Ann's Catholic Church on Third Street causing the upper portion to topple. One bystander said it looked as if "it had been peeled like a banana."

Son Of Former BHS Coach --

Randy Kennedy Killed At Spur

The 13-year-old son of a former basketball coach at Bovina High School was killed in a tractor-shredder accident Tuesday afternoon of last week on the Spur Elementary School yard. Randy Kennedy was dead on arrival at the Crosbyton Clinic Hospital about 1 p.m. of injuries he suffered in the accident. The youth, son of Mr. and Mrs. Malcolm Kennedy, was riding a shredder attached to a tractor that was reportedly driven by Rusty Crawford, son of Marvin Crawford, Spur superintendent of schools. He reportedly fell beneath the machine while it was moving. The Kennedy family moved to Spur in May from Abernathy when the elder Kennedy accepted the position of head coach of Spur High School. He was assistant football and girls basket-

ball coach at Bovina High School from 1960 until May 1964. Services were held Thursday afternoon at First Baptist Church in Spur. Burial was in Spur Cemetery. Randy was born in Amarillo in 1959 and was a member of the Baptist Church. Survivors include his parents; a brother, David, of the home; and his grandparents, Mr. and Mrs. B. R. McCasland of Tulla and Elvie Kennedy of Clarendon.

It takes more than eight minutes for the light of the sun to reach the earth.

Program --
 (Continued from Page 1)
 Producers who wish to qualify for program benefits need to sign up to participate. Sign-up dates will be announced later for the 1973 program. A producer may participate in the wheat program on any or all farms in which he has an interest, as he wishes. ASCS County offices will notify wheat producers of their domestic allotment and the applicable set aside for their farms.

Gets Degree
 CANYON -- Virginia Rhodes of Bovina is among the 380 candidates for degrees at West Texas State University this summer. A member of Alpha Chi National Honor Society, she is seeking the Bachelor of Science degree in elementary education with specialization in English. Summer Convocation will be held at 8 p.m., August 17 in the Amarillo Civic Center Coliseum.

Reflections From The Blade

TEN YEARS AGO
 August 1, 1962
 After a delay of some 60 days, construction started Thursday of last week on street improvements for Bovina. The improvements include paving curbs and gutters for some 40 blocks here. The delay was caused by various technicalities in paper work of the project. Two good rains, one Saturday afternoon and another Sunday night, brought a good supply of much-needed moisture to the area. Both of the rains covered the entire Bovina area bringing an estimated three to four inches of moisture. A final drive for contributions to pay off indebtedness on lighted baseball field here is underway. Some \$600 is still owed on a note for the ballpark at First National Bank of Bovina. The note had been paid down to that amount from its original total of \$1950. Bovina's team No. 1 captured top honors in a team trophy shoot at trap shooting range here Sunday afternoon. The Bovina group bested four other teams of five shooters each with a score of 227 out of a possible 250. Sam Sudderth was high individual for the shoot with a score of 49 of 50. Other team members of first place team were Sonny Roach, Glenden Sudderth, R. L. Hopingardner and Art Mast.

SIX YEARS AGO
 July 27, 1966
 A full three days of activities are being planned for Bovina's third annual Bull Town Days celebration this year. The celebration will be similar this year to those of the past two years. There are, however, some changes in major attractions as well as some additions. One of the additions is a professional wrestling card featuring four of the top wrestlers on the southwest circuit. Another addition for this year's series of events is a banquet for ex-students of Bovina Schools. A summer dry spell was broken here Sunday afternoon by rainfall which measured as much as 1.4 inches west of Bovina at Pleasant Hill and as little as .2 of an inch in Bovina and south. All-Star Little League baseball players from Bovina, Oklahoma Lane and Rhea won consolation and a trophy almost two feet high in an invitational tournament at Elida last weekend. The team was managed by Harold Carpenter and Wayne Spears. Some 75 Farmer County 4-H Club members, boys and girls, left Monday for 4-H camp at Holy Ghost Canyon near Pecos, N.M. More than 60 people were in attendance at a chicken fry Thursday night at the roping arena for members of Bovina Roping Club, their families and guests. The chicken fry climaxed a trail ride in which 28 horsemen participated. Goldsmith's Fireballs have established themselves as the team to beat in Bovina men's slowpitch softball league. They picked up three impressive wins last week and this and are undefeated after the league's first five playing nights. The only other undefeated club in the eight-team league after the first week of play is the Lions Club entry with a 2-0 mark. Not expected to be a contender for the top spot, the Lions eked out two verdicts in the opening week of play.

With the recent emphasis on environmental quality, many seed dealers are caught in the middle because of the need to treat planting seed for control soil insects.

The seed companies often sell seed in several states and find that each state has different requirements and restrictions. For this reason, many companies no longer use chlorinated hydrocarbon insecticides for seed treatment. Instead, some have substituted short residual compounds such as methoxychlor and malathion. But the problem is that these alternate chemicals are not as effective against soil insects such as wireworms. Grain sorghum is a good example of a crop that needs maximum protection against soil insects; although commercially treated seed may not be available.

Producers should check the seed tag to find out what seed treatment has been made. If the seed has not been treated, the producer has several alternatives. He may treat the seed before planting or use a planter box treatment. If either of these methods is used, care should be taken to assure even treatment of all seed. Aldrin, chlordane, dieldrin, heptachlor and lindane are legal in Texas at a rate of two ounces per bushel of grain sorghum seed to be planted. But, these chemicals are currently under review by the Environmental Protection Agency.

If they have a history of white grub problems, producers may want to use a row band, in-furrow or preplant broadcast soil treatment. These same methods can also take care of wireworms and other soil pests. Whatever treatment is used, the producer should read and very carefully follow label instructions. Although the two ounces may seem like a very small amount, this is the maximum legal rate.

15 Children Attend Camp At Dimmitt

Fifteen children from first through third grade classes at First Baptist Church of Bovina attended Day Camp at First Baptist Church at Dimmitt last Thursday. Mrs. Larry Heard and Mrs. Ovid Lawlis accompanied the group.

One of the highlights of the day was hearing a talk by Lila Hundley. She is a former foreign missionary to China and Lebanon and now works with International students at West Texas State University in Canyon.

Attending were Robby Moody, Jo Pat Wright, James Kelley, Stevie Pruitt, Jamie Heard, Jeffrey Steelman, Doyle Garner, Donna Beth Lide, Shelly Lookingbill, Cindy Green, Eleyse Moody, Sharon Steelman, Edie Owen, Mary Rose Englant and LaToya Hutto.

Changing the subject to a different type of damage, the screwworm situation is still big in Texas. From now through the middle of September will be the most critical time for this area. Everyone with livestock should be on the lookout for these pests. If a suspect case is found, send a sample of them to Screwworm Eradication Program, Box 969, Mission, Texas 78572. Send at least ten worms from deep in the wound. If positive identification is made, a plane load of sterile, male flies will be dropped on the place where the worms were found. This will break up the life cycle of the fly and help to get rid of future worm cases. Collection bottles and free mailing boxes are available in my office.

The past few weeks in Parmer County has seen many acres of cotton being damaged by 2,4-D drift. This is nothing new, as it happens every summer, especially on the west side of the county.

However, it seems that much of the spray has drifted on the plants when the wind was highest, causing more cotton to show the effects. The Texas Department of Agriculture can make an estimate of the crop damage if the producer so desires. If a law suit should develop over damages to the cotton, this damage estimate can be used as evidence. Mr. Newt Goodwin in Plainview, (806) 296-6525, works on these matters. If he cannot be reached, Mr. Varner McWilliams in Lubbock, (806) 747-1656, can help out with the problem.

Youth Set Car Wash Thursday

A car wash, originally scheduled last Thursday but postponed because of rain, will run from 9 a.m. until 4 p.m. tomorrow (Thursday) at the parking lot of First Baptist Church, according to Miss Carol Kirkpatrick, summer youth director. The car wash is being sponsored by the youth department of the church.

Funds raised at the event will go toward paying expenses of the young people who will be making the trip to Glorieta Baptist Assembly near Santa Fe August 10-16.

Charges for the wash job will be \$2.50 for cleaning the exterior, plus an additional \$1 for the interior and 50 cents to pick up and deliver.

Those who wish to have their cars picked up may call 238-1632, said Miss Kirkpatrick.

Third base was first called the "hot corner" in 1880!

Girl Born To Taylors At Friona

Mr. and Mrs. Steve Taylor of Friona announce the birth of a daughter at 12:15 p.m. Saturday, July 22, at Parmer County Community Hospital in Friona.

The infant weighed six pounds, eight ounces, and is 18 inches long. She has been named Tammy Arlene.

The Taylors are parents of one other daughter, Melissa Diane. Grandparents are Mrs. Bessie Webb of Bovina and Mr. and Mrs. Ruben Taylor of Friona.

Taylor is employed at Hi-Pro Feeds in Friona.

UMY Sets Car Wash Saturday

United Methodist Youth department of Bovina United Methodist Church will sponsor a car wash all day Saturday, from 8 a.m. until 5 p.m., at the parking lot of the church on Avenue C, according to a spokesman for the group.

Charges for the services will be \$2 for the exterior and 50 cents for cleaning the interior. The youth will pick up and deliver cars to the site of the car wash.

Funds derived from the event will go toward paying expenses on a camping trip the youth will make to Colorado in August.

BTD Dance Tickets Put On Sale Here

Tickets for the annual Bull Town Days teenage dance are now available, announces Mrs. Elton Venable, chairman of the BTD dance committee.

Admission will be \$3 per person or \$5 per couple, says Mrs. Venable.

The dance is scheduled for 9 to 12 p.m. Friday, August 19, the second day of the three-day celebration.

"The Friends," a group from Amarillo, has been signed to play for the '72 event.

Mrs. Simmons Has Surgery In Louisiana

Mrs. Roger (Patricia) Simmons of New Orleans, La., underwent a cornea transplant at a hospital there Friday evening, according to her parents, Mr. and Mrs. French Crook of Bovina.

At last report, she is progressing satisfactorily. Mrs. Simmons will be in the hospital approximately 10 days, says Mrs. Crook.

She may be written to at the Public Health Hospital, Ward 5-E Bed 17C, 210 State St., New Orleans, La. 70118.

Mr. and Mrs. Crook visited there with their daughter last week.

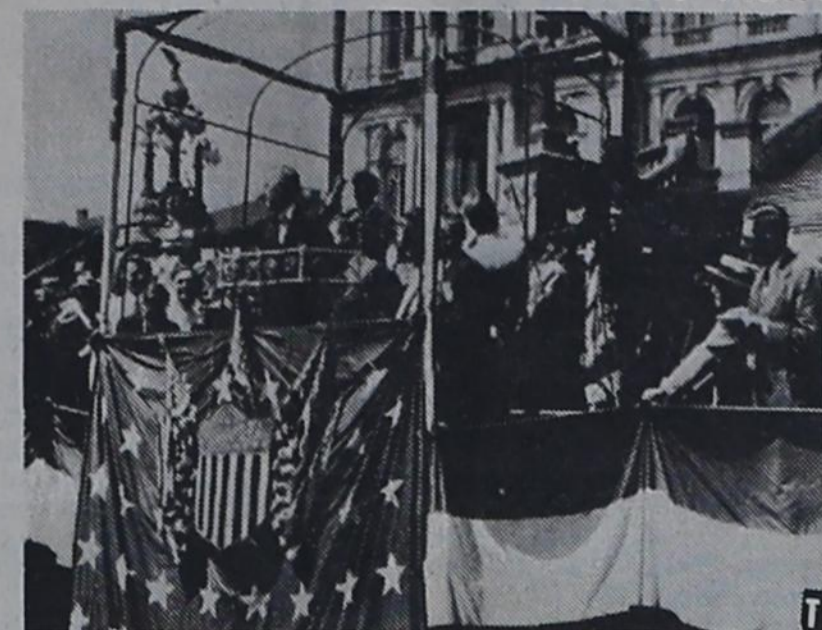

COMPLAINTS ABOUT THE FOOD WILL DISAPPEAR WHEN A PLATTER OF KENTUCKY FRIED CHICKEN IS SET BEFORE YOUR GUESTS. FOR AMERICA LOVES WHAT THE COLOREL COOKS; AND IT'S A CONVENIENT MEAL FOR THE SPUR OF THE MOMENT, OR ANYTIME. HOMEMAKERS CAN SIMPLY PICK IT UP AT THE STORE AND TAKE IT HOME READY TO SERVE AT THEIR OWN NESTS.

HISTORIC CAMPAIGNER AIRS ITS VIEWS

General Electric televised the first remote television broadcast as Governor Alfred E. Smith speaking from the capital steps in Albany, August 22, 1928, accepted the Democratic nomination for President.

When today's presidential candidates throw their hats in the ring, their historic toses are witnessed by millions of people.

Thanks to television, all of us are able to see and hear important news as it is made. Few of us, however are aware of just how long TV

has been airing political views.

It may come as some surprise to you, but TV began covering political events as long ago as 1928!

On August 22nd of that year, General Electric televised the first remote television broadcast as New York's governor, Alfred E. Smith, accepted the Democratic nomination for president on the Capitol steps in Albany. The pictures were transmitted from Schenectady, N. Y., and further relayed by two short wave stations.

In 1932, recognition of TV's political potential was again evidenced when, on October 11th, the Democratic National Committee presented history's first campaign telecast. And then, on April 30, 1939, Franklin Delano Roosevelt became the first President of the United States to make a television appearance.

With two mobile vans

handling the pick-up and transmission, President Roosevelt spoke from the Federal Building on the exposition grounds overlooking the Court of Peace at the opening session of the New York World's Fair.

If there was any lingering skepticism about power politics and television going hand in hand, it was dispelled with finality after the 1960 TV debates between presidential candidates Richard M. Nixon and John F. Kennedy. The outcome of the subsequent election was, in great measure, affected by those historic telecasts.

This year more voters than ever are expected to watch the conventions, thanks to the mass manufacture of the TV set. And today's line of GE TVs from 25" (diagonal) color consoles right through to 5" (diagonal) black-and-white sets, brings together the best of their more than 40 years of experience. It's the

1928 commitment to pioneering, development and engineering expertise, coupled with quality and performance in a range of popular prices that makes it possible for vote casters to "be there" at the array of political happenings.

This year, the old electronic campaigner will offer the most complete political coverage ever, including both Democratic and Republican national conventions. With a technology and expertise based on that first General Electric telecast of 1928, it will not only be airing history in the making, but will be creating some of its own, as well.

Park Chung-hee, President of South Korea:

"We must be aware of the fact that the local tension in the Korean peninsula is constantly mounting."

Reveal Wedding Plans

Mr. and Mrs. T. P. Griffith of Bovina announce the engagement and approaching marriage of their daughter, Barbara, to Billy J. Charles, son of Mr. and Mrs. Harry J. Charles of Bovina. The couple will exchange wedding vows at 7 p.m. Saturday, August 19, in Bovina United Methodist Church. No invitations are being sent locally. Friends and relatives of the couple are invited to attend the ceremony and reception to follow. Miss Griffith is a 1972 graduate of Bovina High School, Charles, a 1965 graduate of Bovina High School, has attended Texas Tech University. He is associated with his father in business here.

Brenda Dyer, Charles Bentley Wed In Afternoon Ceremony

Miss Brenda Joyce Dyer and Charles Lee Bentley exchanged double ring wedding vows at 5 p.m. Friday, July 21, in the home of the bride's parents at 702 Dimmitt Road.

Rev. Larry Heard, pastor of First Baptist Church of Bovina, read the vows before an arrangement of pink mums and white pom poms on a pedestal flanked by seven-branch candelabra trees trimmed in greenery.

Parents of the couple are Mr. and Mrs. Travis Dyer of Bovina and Mr. and Mrs. A. L. Bentley of Friona.

Miss Linda Dyer of Bovina, sister of the bride, played wedding music at the piano, including the traditional bridal march, "More" and "Oh Promise Me." She played the theme from "Love Story" as background music during the ceremony.

Given in marriage by her father, the bride wore a formal length gown of pure silk organza designed with a slightly gathered skirt at the empire waistline. Her short puffed sleeves and Victorian neckline were enhanced with delicate pink ribbon embroidery. Heavily embroidered flowers, enhanced with pale pink ribbon accented the floral design, traced a pattern around the hemline of the gown. Her matching cathedral length veil of pure silk illusion was attached to a Juliet cap of silk organza trimmed with pink ribbon with delicate pink embroidery.

The bride carried a nosegay of pink carnations and greenery centered with cymbidium orchids.

For something old, she wore her maternal great-grandmother's wedding ring; something new, her bridal ensemble; something borrowed, slippers from her sister-in-law, Mrs.

Ronny Dyer; something blue, a garter; and she carried pennies minted in their birth years in her slippers.

Matron of honor was Mrs. Donny Dyer of Farwell, sister-in-law of the bride.

She wore a formal length gown of pink crepe with delicate lace and chiffon ribbon accenting the slightly gathered waistline, short puffed sleeves and scooped neckline. She carried a nosegay of pink carnations and baby's breath.

Mrs. Ronny Dyer of Bovina, sister-in-law of the bride, lighted the candles.

Best man was Clyde Schilling of Friona.

Guests were registered by Mrs. Jerald Reed of Summerfield.

For her daughter's wedding, Mrs. Dyer chose a pale blue two-piece silk shantung ensemble accented with white ruffles at the neckline and sleeves with matching accessories. She wore a white cymbidium orchid corsage.

Mrs. Bentley chose a green knit two-piece ensemble. She wore a cymbidium orchid corsage.

At the reception following the ceremony, the bride's table was covered with a floor length pink dotted swiss cloth over pink and centered with an arrangement of pink carnations and baby's breath interlaced with pink ribbon in a footed crystal compote.

A three-tiered pink wedding cake frosted in white and trimmed with pink roses and wedding bells, pink punch and nuts and mints were served from crystal and silver appointments by Mrs. Dale Stanley of Littlefield, aunt of the bride, Mrs. Ronny Dyer, Mrs. Paul Jones and Mrs. Larry Heard, all of Bovina.

For a wedding trip to Lake

Altus, Okla., the bride wore a red and white checked hot pants ensemble with white blouse trimmed in lace and white accessories. She wore the orchids lifted from her bridal bouquet. The couple will be at home in Friona following the trip. The bride is a 1972 graduate of Bovina High School and is attending La Plata Beauty School at Hereford.

The bridegroom is a 1971 graduate of Friona High School. He is employed at Missouri Beef Packers.

Out of town guests included Mrs. Floyd Dyer and Mr. and Mrs. H. A. Vick, all of Littlefield, grandparents of the bride; Mrs. A. D. Bentley of Friona, grandmother of the bridegroom; Mr. and Mrs. Jerald Reed of Summerfield, Randy and Steve Keek of Iowa Park, Mr. and Mrs. Andy Webber of Edmondson, Mr. and Mrs. Dale Stanley, Mike, Kathie and Kellie of Littlefield, Mr. and Mrs. W. A. Tindal of Spade, Joan Bentley, Susan Bentley, Mrs. Dale Bentley and Betty Bentley, all of Friona, and Mr. and Mrs. A. C. Bentley and Gary, of Hereford.

Miss Griffith To Be Feted

Miss Barbara Griffith, bride-elect of Billy J. Charles, will be honored at a bridal shower Saturday, August 5, from 3 to 5 p.m. in Community Room of First State Bank of Bovina.

Hostesses include Mrs. Thomas Beauchamp, Mrs. Jay Harris, Mrs. Ed Hutto, Mrs. Chuck Stallings, Mrs. Lester Rhinehart, Mrs. Monty Barrett, Mrs. Glen Hromas, Mrs. Wendol Christian, Mrs. Don Murphy, Mrs. A. L. Glasscock, Mrs. Dean Hastings, Mrs. Robert E. Wilson, Mrs. Pat Kunselman, Mrs. Tom Caldwell, Mrs. Carl Rea and Mrs. Chester Rogers.

Garza, Quintana Do Repeat Vows Here Saturday

Miss Christina Garza and Manuel Quintana will exchange wedding vows at 3 p.m. Saturday at St. Ann's Catholic Church of Bovina.

Parents of the couple are Mr. and Mrs. Andres Garza and Mr. and Mrs. Pat Quintana, all of Bovina.

Friends and relatives of the couple are invited to attend the ceremony.

Gale Boyd Feted At Bridal Shower

Gale Boyd, bride-elect of Bill Kelley of Muleshoe, was honored with a bridal shower Saturday afternoon in Community Room of First State Bank of Bovina.

The serving table was covered with a white cutwork cloth over yellow and centered with an arrangement of white daisies and baby's breath in a footed crystal compote.

Banana punch, finger sandwiches, nuts and mints were served from crystal and silver appointments by Mrs. Larry Scott, Misses Patty and Karla Mills presided at the guest register.

Daisy corsages were presented to the honoree and her mother, Mrs. Earl Dean Boyd.

Hostesses were Mrs. Travis Lloyd, Mrs. Lawrence Jamer-

son, Mrs. Charles Hawkins, Mrs. Bobby Englant, Mrs. Roy Allen, Mrs. Tom Paine, Mrs. Ovid Lawlis, Mrs. Scott Mills, Mrs. Henry Spicer, Mr. Floyd Englant, Mrs. M. H. Carson, Mrs. J. B. Barrett, Mr. Pat Kunselman, Mrs. John Dillon and Mrs. Howard Loone.

Community Conversation

Guests of Mr. and Mrs. French Crook this past week were Mrs. French Crook Jr., Mike, Pat and Amy of Houston. They left Sunday evening for Ozona to visit other relatives. Miss Nellis Bea Crook of Amarillo visited in the Crook home Sunday.

Bridal Shower Fetes Miss Brenda Dyer

Miss Brenda Dyer, bride-elect of Charles Bentley of Friona, was feted at a bridal shower Tuesday afternoon of last week in Community Room of First State Bank of Bovina.

The bride-elect's chosen colors of pink and white were carried out in the decor.

The serving table was covered with a white cloth over pink and centered with an arrangement of pink carnations and baby's breath in a footed crystal compote.

Pink punch, tea cookies, mints and nuts were served from crystal appointments. Misses Debbie Gober and Twyla Hutto presided at the serving table and guest register. Approximately 30 guests called during the afternoon.

Corsages of kitchen gadgets trimmed with pink ribbon were presented the honoree, her mother, Mrs. Travis Dyer,

mother of the prospective bridegroom, Mrs. A. L. Bentley of Friona, and grandmothers of the bride, Mrs. H. A. Vick and Mrs. Floyd Dyer, both of Littlefield.

Hostesses were Mrs. Ovid Lawlis, Mrs. Paul Jones, Mrs. J. B. Barrett, Mrs. Monty Barrett, Mrs. Scott Gober, Mrs. Gaylen Rhodes, Mrs. A. L.

Glasscock, Mrs. Lawrence Jamer-son, Mrs. Bobby Englant, Mrs. Chester Rogers, Mrs. Harold Hawkins, Mrs. Dean Hastings, Mrs. Bryant Harris and Miss Kathy King.

"Be on your guard — they may try to give the country back to you!"

A LITTLE FELLOW FOLLOWS ME

A careful man I want to be,
A little fellow follows me;
I do not dare to go astray,
For fear he'll go the selfsame way.

Not once can I escape his eyes,
Whate'er he sees me do, he tries,
And says like me he's going to be --
That little chap who follows me.

He thinks that I am good and fine,
Believes in every way of mine.
He must not see the bad in me --
That little fellow who follows me.

I must remember as I go
Through summer sun and winter snow --
I'm building for the years to be
That little fellow who follows me.

The worst dangers facing the younger generation is the neglect and example set by the older generation. Fathers should avoid spending too much time making money, going through chairs in various lodges, spending too much time in recreational pursuits to the neglect of his children. Both mother and father need to set right examples before their children. Our influence lives on to the third and fourth generation. Souls yet unborn will be influenced by the way we conduct ourselves.

C. A. Clem Services At Tahoka

Services for C. A. Clem of Tahoka, father of Mrs. J. E. Sherrill of Bovina, were held Tuesday afternoon at the Church of Christ in Tahoka.

Mr. Clem, 85, died Sunday night.

Dolce Kelcy of Brownfield officiated at the services. Burial was in Tahoka Cemetery.

Mr. Clem was born in Randolph Co., Ark. He was married to the former Nevada Leathens in 1905 and they moved to Lynn County in 1923. A longtime member of the Church of Christ, he farmed until his retirement in the New Home area and served three terms as local justice of the peace.

Survivors include two other daughters, Mrs. Hazel Connolly of Tahoka, and Mrs. Lea Huntley of Post; four sons, Cecil Clem and Roland Clem, both of Tahoka, Weir Clem of Leveland and Vernon Clem of Plainview; five sisters, 26 grandchildren, 39 great-grandchildren and a great-great-grandchild.

Pallbearers were Stephen Sherrill, Dennis Clem, Mike Clem, Clifton Clem, Jimmie Huntley, Tommy Clem, Jackie Clem and Bobby Clem, all grandsons of Mr. Clem.

4-H Camp is a family affair this year!

4-H members, parents, leaders and families will be going to Camp Scott Able, Cloudcroft, New Mexico, August 1-4.

Camp fees and registration needs to be in by Friday, July 28. For more information call: County Extension Office, 481-3619, Farwell, Texas.

Americans nibble between meals, in front of the TV set, at parties and on the run.

This conspicuous consumption of so-called 'junk' foods costs us more than two million dollars a year, foods and nutrition specialists say.

A constant agenda of round-the-clock activities combined with the popularity of convenience snack foods leaves little time for balanced meals.

Commonly eaten snacks such as candies, chips, cakes and soft drinks are high in calories and low in other nutrients. That's why they're called 'junk' or empty-calorie foods.

Snack Foods may fill you, but provide little nutrition unless you choose your snacks in the same way as you would plan a well-balanced meal -- with common sense.

Between-meal snacks can make a difference in the way you look and feel.

Every bite you eat becomes a part of you. Since you don't always eat all your food in three meals of the day, snacks should be a part of your food plan. By choosing your snacks in relation to foods eaten at mealtime, you get extra health insurance.

Snacks can be nutritious. If meals are low in calcium or protein, you can pick up these needed nutrients by including milk, cheese or ice cream as a snack.

For a cool, refreshing and nutritious snack, why not try milk a la mode--a tall glass of cold milk with a couple of spoons of your favorite ice cream? Or to cut down a bit on calories, try the same snack using skimmed milk and ice milk in your favorite flavor. Sherbet with fruit juice is also good.

Thrifty, calorie-conscious individuals can try their favorite fruit and vegetable juices. They're a lot better for you than a soft drink.

Fresh fruit is an easy and nutritious snack. Fruits in season will be low in cost.

Dry fruit offers another easy, quick snack. Raisins and dried prunes, apricots and peaches are all "eat-from-the-box" favorites. Raw vegetables make another good snack, particularly for the weight-conscious person. Unlike most snacks, they're high in nutritional benefits but low in calories. Try carrot curls, celery sticks, radishes or raw cauliflower.

The best way to have healthy snacks is to plan for them when you do your weekly shopping. When planning, choose those snacks which provide at least one of these nutrients -- protein, riboflavin, vitamin C, vitamin A or calcium.

Things have really been hopping the last few weeks for Parmer County 4-H and will be going full steam for the next month or so.

On June 6 through June 8, Cheryl Gohlke and Billy Roberts of Oklahoma Lane attended Texas 4-H Roundup where they presented their poultry demonstration.

On June 14, Parmer County hosted a Tri-County Seminar in Friona to provide training for 4-Hers who will be participating in the County Dress Revues in Deaf Smith, Castro and Parmer Counties during July. Approximately 140 4-Hers parents and leaders attended.

June 19, the District 4-H specialist, Ed Garnett, provided training to interested parents and leaders in the county on compiling 4-H record books . . . an important part of 4-H work.

The record book is one of the most important ways for a 4-Her to receive recognition for his accomplishments. We had a nice turnout, but we do wish more parents realized the benefits the 4-H work can provide and the importance of record books. The parents meeting was followed, the next few days, with meetings in each club for specialized help on record books for 4-H members and their parents who were able to attend.

Last week we had the County 4-H Horse Show, with Lee Ann Williams of Farwell carrying away most of the honors; also participating were Ross Middleton, Friona; Angela Matthews and Teri Clark, Lazbudie; Patti and Gay Laydon and Brenda Jones of Farwell.

It has come to my attention lately that there are some of our 4-Hers who've been neglected because of a shortage of leaders, especially those who would rather take projects other than the clothing, foods and livestock projects you hear about all the time.

4-H has more projects to offer than most people realize. All that we need is a few leaders who would be willing to devote an hour to an hour and a half of their time once a week for six weeks, which is the way most projects are set up.

Leaders are the backbone of our program. Parmer County can boast some of the best leaders in the district, but they are being sadly overworked because there are only a few. If you would be willing to devote a little time, even if you couldn't take a project group, we could use help in many other ways for shorter periods of time. Please contact the extension office or any 4-H member or leader you know.

Events coming up in July are:

District Horse Show - Amarillo, Texas - July 7, 8.
District Electric Camp - Cloudcroft, N.M., July 17-21.
County Dress Revue - July 25.

District Dress Revue - July 31.
County Camp, Cloudcroft, N.M., August 1-4.
County Bake Show August 26.

SING IT, GRIZZLIES

How do you train 20 bears to sing hillbilly music and do some fancy guitar picking? The Disney "Imagineers" solved the problem and the result is the "Country Bear Jamboree" at Walt Disney World in Florida. The Frontierland attraction in the Pepsi-Cola/Frito-Lay Grizzly Hall revue features the wildest country and western music east of Nashville. The lively cub chorus owes its antics to Disney's "Audio-Animatronics," a combination of lifelike sounds and actions in three-dimensional animated figures.

For Best Returns --

Recommends Grazing System

"We are right in the middle of our summer (warm) season of grazing and need to take a close look at our grazing pattern and use of our warm season grasses," says Herb Evans, Soil Conservation Services office at Friona.

"In contrast to the above, we know that our cool season grasses - mainly fescues and wheat grasses - should be rested during this season.

"Now back to our warm season grasses. We know that it takes grass (leaf surface) to grow grass. If we graze a grass too short it will not have

enough leaf surface to grow vigorously. Years of experience have also shown that cattle grazing short grass are not as healthy as ones grazing taller grass."

Recent experimental work has shown that newly developed "grazing systems" have produced the best economical returns on improved pastures.

For more information on recommended grazing heights of improved grasses and how newly developed "grazing systems" can apply to your operation, contact the Soil Conservation Service at Friona.

ONE OF THE SECRETS TO BEING A SUCCESSFUL GUEST AT A PARTY IS BEING A GOOD LISTENER. TOO MANY PEOPLE BREAK INTO A CONVERSATION JUST TO GET THEIR "TWO CENTS" IN, WHICH IS BOTH DISCOURTEOUS AND ANNOYING.

FOR THE "COOLEST" PARTY YET, OFFER GUESTS ICED TEA AS WELL AS COCKTAILS. A LOT OF PEOPLE DON'T DRINK THE STRONGER BEVERAGES AND WANT SOMETHING MORE ADULT THAN SOPA TO SIP.

Jesko, Traders Still Unbeaten

Jesko and Big Nick's Traders remain the teams to beat at the halfway mark in the five-week long season in the men's slowpitch softball league. Both teams remained unbeaten through Monday night action with Jesko compiling a 4-0 mark and the Traders a 3-0 win-loss slate. For the first time this summer, rain forced the postponement of games Thursday night. Make-up tilts between Birkelbach and Big Nick and Jesko and El Jacalita are scheduled to be played tonight (Wednesday). In the wrap-up of the previous week's games in the last issue of The Blade, it was erroneously reported that Andy's Astros had defeated Northside 6-6 on July 17. Northside 66 defeated the Astros, 13-5, giving them a 2-1 mark rather than a 1-2. The Astros finished last week with a 1-2 record. Tuesday night of last week, the Astros defeated Parmer County Cattle Feeders, 15-9, in the first

tilt with Shepherd's Soldiers edging Birkelbach, 11-10. Sherley Grain edged Northside 66, 8-5, in the opener Friday night with Big Nick taking a 14-4 decision over the Agri-Sprayers Aviators in the night cap. Jesko's continued their winning streak Monday night with a 12-3 win over the Astros with Birkelbach edging El Jacalita Tortillas, 15-11, in the second half of the doubleheader. Schedule for the next four game nights is as follows: Thursday -- Andy's Astros vs El Jacalita Tortillas, Northside 66 vs Big Nick's Traders; Friday--Agri-Sprayers Aviators vs Birkelbach, Sherley Grain vs Jesko; Monday -- Big Nick's Traders vs Parmer County Cattle Feeders, Northside 66 vs Shepherd's Soldiers; Tuesday -- Andy's Astros vs Sherley Grain, El Jacalita Tortillas vs Agri-Sprayers Aviators.

The following standings do not include Tuesday night's games.

TEAM	W	L	PCT.
Jesko	4	0	1.000
Big Nick	3	0	1.000
Shepherd	3	1	.750
Birkelbach	2	2	.500
Northside	2	2	.500
Astros	2	3	.400
Feeders	1	3	.250
Aviators	1	3	.250
El Jacalita	0	4	.000

Lou Gehrig never missed a baseball game for fourteen years!

Ezell, Boaz To Attend 5-Day Clinic

Roger Ezell, athletic director and head football coach at Bovina High School, and Eugene Boaz, newly-hired assistant football coach and head boys' basketball coach, will attend a five-day coaching school at Houston which begins Sunday. The school, sponsored by Texas High School Coaches Association, will feature such speakers as Bob Devaney of Nebraska, Bill Battles of Tennessee, Eddie Crowder of Colorado and Tony Mason of Purdue in the football sessions, and Gerald Myers of Texas Tech University and Guy Lewis of the University of Houston in the basketball classes. Ezell said the classes are arranged so he and Boaz would be able to attend most of the sessions in each sport, plus some in baseball and track. Ezell stated he would receive information while at the school on the new rules concerning football workouts prior to school beginning in August and the changes in the length of the season.

In Tournament --

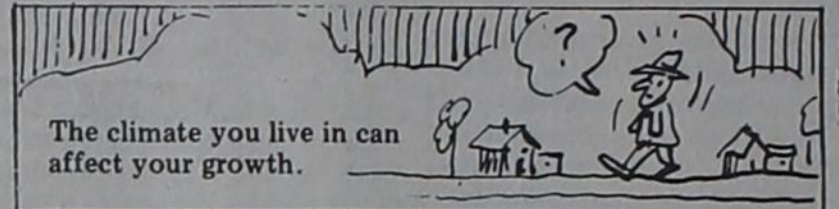

Clovis Defeats City All-Stars

Bovina's Little League All-Star delegation, playing in the district All-Star Tournament at Clovis, was rained out Wednesday night of last week and then washed out of the tournament Monday afternoon when play resumed. With Gary Stone on the mound for the local team, Bovina was downed by a 6-0 count when play had to be halted in the third inning last Wednesday night. The Clovis Evening Lions took

advantage of several miscues in the field to tally the six runs. When play resumed Monday afternoon in the bottom of the third inning, the Bovina crew played on even terms with the Clovis boys, however, the final score was 9-3, Clovis. In presentation ceremonies last week before the game began, each member of the All-Star team was introduced to the crowd and presented a pin by tournament officials.

Members of the team this year were David Murphy, Ruben Salazar, Mark Wheeler, Mike Read, Kelly Mitchell, Roger Lopez, Roy Shelby, Mat Moten, Mike James, Gary Stone, Bruce

Fillpot, Clay David, Ruben Gomez and Wayne Thatcher. Rodney Murphy managed the team with Kenneth Whitecotton serving as coach.

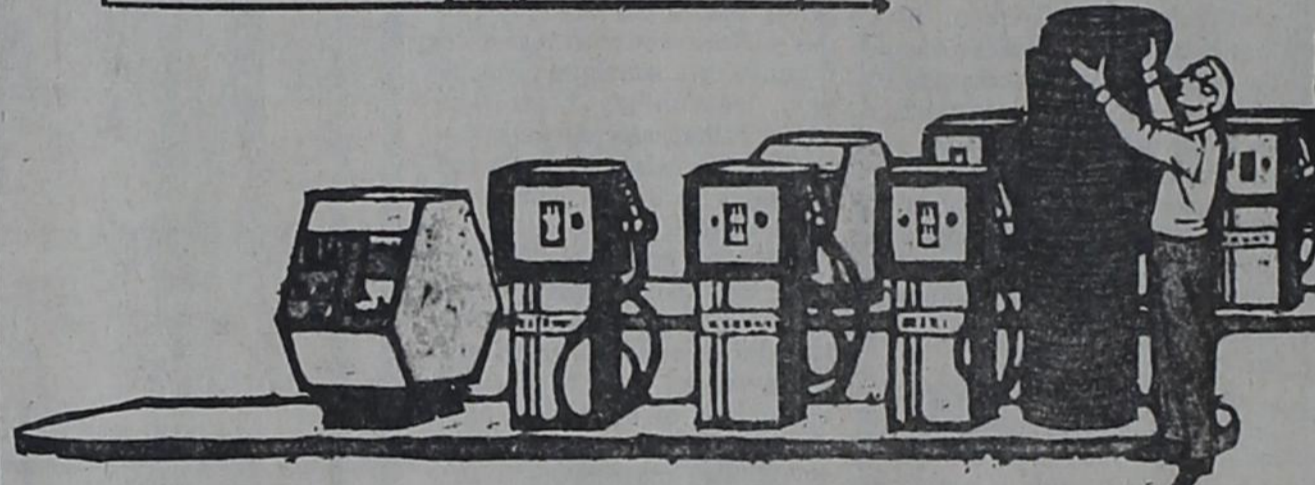

The climate you live in can affect your growth.
