Henderson Is Golf Winner

E. K. Henderson won the championship flight of the inter-city golf tournament by stroking to a 1-up win over Willy Smith in the finals.

Henderson won over Everett Plowman and Gayland Poe to gain the final round. Smith defeated Kelsey House and Bruce Pipkin to gain his spot in the finals.

Joe Sparks and House will play for championship consolation honors.

Boss Pritchard defeated Don Doyle 2 and 1 for the first flight championship.

Corky Harkrider was the winner of the second flight and Joe Stephen and Tom Harris are to play for third flight honors.

Emmitt Powell and Roy Hollis will play for consolation honors in the first flight. Grady Pipkin plays V. Morris for consolation in the second flight, and Noble Harkrider won the third flight consolation play.

A Scotch foursome will be held at the club Sunday starting at 2 p.m., Jimmy Harkrider has announced.

Those interested in playing are asked to please be on time so that matches may begin promptly at 2 p.m.

Harkrider said that the club wished to express its appreciation to Jack Chamberlain for his efforts in furnishing the men's room at the clubhouse.

Chamberlain donated all the furniture for the room, which is well furnished.

J. T. Hammit, pro from Breckenridge, will be at the club from 9 a.m. to 6 p.m. Wednesday to give instructions to those desiring them.

Which should be changeable enough for anybody.

Football is still a major topic of conversation, and it will be for the next several weeks.

The Mavericks were hampered somewhat by wet grounds Monday, but they are expected to get in a lot of defensive drilling this week in preparation for their home opener against Ballinger Friday night.

Ballinger is another Cat team, and it is hoped their claws will not be as sharp as the Coleman Bluecats.

There is no sound indication that they will not, however, as they defeated Seymour, 7-0, in their first outing last week.

Coach Wendell Seibert is expected to drill his team especially long and hard on pass defense, their weak spot last week. The boys were too easily faked out of their defense territories in last week's game. Experience will bring improvement.

While Eastland was losing its first game, other teams of the district were displaying their power.

Ranger tied a highly regarded Hobbs, N. M. team, and Cisco swamped Nocona. They are the teams considered likely to win the district.

Hamilton won from Goldthwaite, and Dublin swamped Hico.

Albany and Winters, non district opponents on the Maverick schedule, won their opening games. Albany downed Electra, and in an upset, Winters ran past a supposedly strong Snyder team, 18-6.

So it looks as if the Mavericks have some rough sledding ahead. With improvement through experience however, they should be playing some very close contests.

The Eastland youngsters learned a lot about the game last Friday night, and the coaches learned a lot about the players.

They will be working hard this week, correcting the weak spots which showed up against Coleman, and Maverick fans should see an interesting contest Friday night.

HD Clubs Plan To Entertain Federated Group

The Home Demonstration Clubs of Eastland County will entertain the Federated clubs of Eastland county, Saturday at 2 p. m. in the Eastland Club House.

Mrs. Eloise Trigg Johnson is to be the speaker. Mrs. Johnson is a family life educational specialist and was the first Home Demonstration agent Eastland county ever had.

Every club who is a member of the Federated Clubs is urged to attend. A display of aluminum trays made by clubwomen will be held at the meeting.

NOTED CISCO LEADER DIES; RITES TODAY

Henry Sterling Drumwright, resident of Eastland County, died at his home in Cisco Monday a short time after being stricken by a heart attack. A prominent merchant and civic leader in Cisco, Drumwright had been in ill health since Aug. 9, relatives said.

Funeral services will be held at 4 o'clock this afternoon at the First Methodist Church in Cisco, with Rev. Leslie Seymour, Methodist superintendent of the Cisco District, officiating, assisted by Rev. L. L. Lightfoot, pastor. Burial will be in Oakwood Cemetery under the direction of Thomas Funeral Home in Cisco.

Drumwright owner of the largest store in Cisco, was born in Mart, Texas, and came to Cisco in 1919 to work for the H. Garner Dry Goods Store. In 1940 Garner sold out to Drumwright. He was past president of the Cisco Chamber of Commerce and the Merchants credit Association, and also served on the school board and the city commission.

He is survived by his widow; a son, Sterling Drumwright of Cisco; a sister, Mrs. E. Y. Blount of Houston; and a grandson.

Fall Football Reserve Seat Deadline Set

Deadline for reserving last year's seats in the reserved section of Maverick Stadium is Wednesday at 5 p. m., Ross Rucker has announced.

The deadline is necessary so that people not having seats last year will be able to purchase them Thursday and Friday.

Those who have not reserved their last year seats or any who desire a change are asked to call 211 or 322 before 5 p. m., Wednesday or come by 501 Exchange Building.

Season tickets are \$4.50, including tax, and are now available at the School Business office.

Eastland Teams Bowl At Ranger

A bowling league involving Eastland teams starts tonight at the Ranger Bowl.

Teams scheduled to bowl tonight are Willy-Willy's against Lamb Motor and Kilgore against the Ranger Bowl team.

Eastland will bowl every Tuesday night at 8 p. m.

There is room for two more teams. Anyone interested in entering a team is requested to contact M. W. Standish at the Ranger Bowl.

Do Si Do Meets

The Do Si Do Club will meet Thursday at the American Legion Hall at 8 p. m.

YOU NAME IT

By Everett Taylor

THE ON AGAIN—OFF AGAIN weather of the past couple of days is the type for which Texas is famed.

After a spell of cool weather, the temperature took an upward turn Saturday afternoon, then came a shower during the night to cool things off again.

Sunday was about the hottest day we had this month, and then Sunday night came some rain (measured .65 inches) and clouds bringing cool temperature during the morning, only to have the sun come back with clear skies during the afternoon to make the mercury soar.

Which should be changeable enough for anybody.

Football is still a major topic of conversation, and it will be for the next several weeks.

Nazarene Revival To Begin Sunday

The Church of the Nazarene has announced a revival meeting which is to begin Sunday morning, September 17, and will continue until Oct. 1.

Rev. L. V. Reazin, Nazarene minister at Breckenridge, assisted by his wife, will be the musicians and the singers for the meeting.

The local pastor, William C. Emberton, upon request of the church, will act as the evangelist for the occasion. The services will begin each evening at 7:30 and will feature an unusually good amount of congregational singing and special music.

The church extends an invitation to attend these services to the public.

School Budget Hearing Is Set

The Board of Trustees of the Eastland Independent School District will meet in a recessed meeting Monday, September 18, 1950, from 4 to 5 p. m. at the business office, 501 Exchange Building.

The purpose of the meeting is to hold a hearing on the school budget for 1950-51. Any and all interested parties are invited to appear before the board at that time.

Texas Demo Liberals May Lose Control Of Party Powers

By O. B. Lloyd, Jr., United Press Staff Correspondent

MINERAL WELLS, Tex., Sept. 12 (UP)—Texas Democrats met here today for their biennial state convention with Liberal leaders facing probable loss of their control.

Gov. Allan Shivers set the pre-convention temper with statements that he wanted neither the radical left nor the Dixiecrat-tinged right to run the party.

Houston Attorney Leroy Jeffers, the convention keynoter, was ready to spell out further Shivers' middle-of-the-road policy for the convention delegates.

The first blow to Liberal control fell last night when members of the state executive committee closed day-long preliminaries by voting, 45-14, to seat Conservative delegations from four contesting counties.

The executive committee overrode Liberal leaders' pleas that the Conservative delegations were dominated by ex-Dixiecrats and thus opened the way to an almost certain fight on the convention floor.

Thousands of party big-wigs swarmed into this North Texas health resort, jamming hotels and tourist courts. More than 2,000 of the Democrats were delegates to the convention. Hundreds of others were hopeful of gaining seating space, already at a premium.

Hearings from mid-morning into early evening by seven-member credentials committee preceded last night's executive committee vote on seating contested delegations from Brazoria, Dallas, Harris and Tarrant counties. More than 300 convention votes were at stake, with 165 votes being held by the Harris county delegation alone.

The credentials committee followed a precedent established at the 1948 State Democratic Convention when a similar group recommended that all certified delegations be seated.

However, in that year, convention delegates overrode the committee, threw out the Conservatives and opened the way to two years of Liberal control. That could happen again today, but in this convention, most observers doubted that history would repeat itself.

1st Cavalry Gains Mile In Rush Above Taegu

SCORES INJURED IN TROOP TRAIN ACCIDENT Near Newcomerstown, Ohio a troop train carrying 600 Pennsylvania National Guardsmen and a Pennsylvania Railroad passenger train collided, injuring a score of persons and killing at least 21. The troop train was enroute from Philadelphia to Camp Atterbury, Indiana, and most of the victims were members of the 109th Infantry who were going into Federal service. (NEA Telephoto).

'Too Many Baths' Shaw Says After Leg Surgery

LUTON, England, Sept. 12 (UP)—George Bernard Shaw, 94, sat up in bed today and complained indignantly that he has been given too many baths since his fractured thigh was operated on last night.

Shaw showed no signs of his ordeal. He joked with members of the Luton and Dunstable hospital staff, and said his only complaint was the sight of nurses with wash basins.

"Mr. Shaw demanded I give him a certificate that he has had a bath," nurse Elizabeth Gallagher said. "He said we give him too many."

The famous playwright's apparently rapid recovery had the entire hospital staff in high spirits. Bulletins throughout the day said he was "fairly comfortable," then "resting comfortably." By late afternoon, a bulletin was issued saying, "his condition continues to be satisfactory."

Shaw's greatest enjoyment, nurses said, appeared to be in listening to radio broadcasts about his condition.

"He passed a comfortable night and his condition is satisfactory," his doctors said in a bulletin issued near midday after they visited the Irish playwright and philosopher.

Shaw showed amazing recuperative powers after undergoing an operation to mend a thigh bone broken in a fall in his garden Sunday.

Although doctors had warned that an operation on a man of Shaw's age must be regarded as serious, he did not seem to concur in their weighty concern.

ROTC Advanced Course Offered Vet Student

COLLEGE STATION, (Spl)—Selected veteran students will be afforded an opportunity to take a one-year curtailed advanced ROTC course and attend ROTC summer training camp during the summer of 1951, Col. H. L. Boatner, commandant of the School of Military Science, Texas A. & M. College, announced today.

"Upon completion of the course," Colonel Boatner said, "they will be tendered a commission in the officer's reserve corps."

Colonel Boatner, who received the communication from Headquarters Fourth Army, Fort Sam Houston, said "this is advanced information only. Details have not been established by higher headquarters as to the basis for selection of veterans and courses to be given."

ALLIED BOMBERS & FIGHTERS DAMAGE 21 RED TANKS TODAY

By Charles Moore United Press Staff Correspondent

TOKYO, Sept. 12 (UP)— Allied bombers and fighters ranged through North and South Korea, today, bombing a Communist arsenal in the North and running their 40-hour bag of tanks destroyed or damaged to 21 in the south.

Jet and propeller driven fighters and light bombers swooped down along the fighting fronts in 186 close-support sorties by 3 p. m. today. But cloudy weather over the battlefronts indicated the war planes would not be able to approach the record 683 sorties flown yesterday.

In fighter missions today, top priority went to the northern sector, where the planes blasted and burned Communist troops and equipment in 73 missions.

Second priority went to the 1st cavalry sector, where 50 missions were flown. And 63 sorties were devoted to the 2nd division and 25th division sector.

One hundred and forty nine additional sorties were flown elsewhere.

The bombers and fighters went out as MacArthur announced in his summary of air operations for Monday that ground-based allied warplanes flew a record 683 individual flights.

At the same time, an Air Force spokesman said the Air Force expected to put more than 700 individual flights into the air soon in a single day from land bases.

Monday's sorties were the highest in the Korean war, except for one occasion when carrier-based Navy planes joined in widespread battlefront and behind-the-lines operations to run up more than 700 sorties in a single day.

Hurricane Heads For Sea Leaving Six Dead Behind

BOSTON, Sept. 12 (UP)—An Atlantic hurricane missed Nantucket Island off the New England coast by 85 miles today and headed northeastward to sea, leaving at least six dead and more than \$500,000 damage in the wake of its 100-mile-an-hour winds.

The disturbance, traveling at about 15 miles an hour, endangered the Atlantic shipping lanes but was expected to pass harmlessly south of Nova Scotia barring any sudden shift in its path.

The fierce winds at the hurricane center skirted the land, but gusts up to 76 miles an hour lashed exposed Nantucket while 50-mile-an-hour gales battered coastal sections of the mainland.

The death toll rose to six early today when an east Boston man was struck and killed by an automobile on a windy, rain swept street. Three other persons perished earlier in a Maryland highway accident and two persons drowned in Virginia floods.

As the hurricane fringe struck the New England coast, it raised abnormally high tides accompanied by a drumming rain and high winds that tore many pleasure and fishing boats from their moorings and drove them aground.

Charges Filed On Archer Kennedy

Archer Kennedy, Cisco, has been charged with assault with intent to murder in an incident in which Ollie Johnson received serious wounds, Sheriff J. B. Williams said yesterday.

Kennedy is being held on \$2,000 bail.

"Worst Over" In Korea; Says U.S. General

By Ernest Hoberrecht United Press Staff Correspondent

TOKYO, Sept. 12 (UP)—The U. S. First Cavalry went over to the offensive above Taegu today and gained nearly a mile in their first rush.

From his Eighth Army Headquarters, Lt. Gen. Walton H. Walker announced "the worst is over" in Korea. "The enemy still has the initiative and is capable of hitting us anywhere on our 120-mile perimeter," Walker said, "but I am sure we can stop him."

Like a boxer who hangs on grimly waiting his chance for one good punch, the Yank Cavalrymen took everything the enemy had to offer for 10 days. Today they let him have it.

They plunged forward 1,500 yards along the "bowling alley" highway toward Tabu, 12 miles north of Taegu, against savage enemy resistance.

Sweeping in ahead of them in at least four sorties were fighter bombers which dropped flaming gasoline jelly bombs and raked a vital hill with rockets and bullets.

Tonight, the Yanks held the dominating hill eight and one-half miles north of Taegu.

But the 30,000-man Communist army massed before them on the blazing battle arc was not giving up easily. Late this afternoon they began shelling Childok, five miles north of Taegu, and the town was blazing.

McMullen Tells Rotarians Of Ag Teaching

Mr. G. McMullen, agriculture instructor in the Eastland Veterans training program, addressed members of the Rotary Club at their regular meeting at the Connelley Hotel Monday.

McMullen gave the Rotarians some pointers on grading an agriculture teacher.

To be a successful instructor, the teacher should help his student improve his financial status, increase responsibility, increase his interest in agriculture and develop his interest and ability in making sound decisions among other reasons according to McMullen.

Other things the teacher should accomplish according to McMullen is to promote better relationship, increase respect of student farming, increase his appreciation of good farming, increase his desire for technical knowledge and increase self respect.

If the ag teacher hasn't developed some of all of these factors in his students, he has been a failure, McMullen stated.

McMullen was introduced by Arthur Murrell.

In the local veterans school, McMullen said, demonstrations are held in addition to class lectures.

Vice-President Jack Frost presided at the meeting. He appointed Jim Horton, Dr. J. H. Caton and Earl Bender to a committee to make nominations for a new president to replace David McKee who has reported for active duty with the Navy.

Gas Discovery Completed Here

A new gas discovery has been completed in Eastland County at the Deep Rock Oil Corp. No. 1 Eva Davis, four miles southeast of Ranger.

The well was drilled to the Mississippi at 8,660 feet. That section was dry. Top of the Mississippi was picked at 3,655 feet.

Location of the discovery is 6,000 feet from the north and 8,650 feet from the east lines of Spires-Dooley Survey.

Anchorage, Alaska, has grown in population from 4,000 in 1940 to more than 14,000 in 1949.

Grid Acceptance Cards Due Sept. 15

AUSTIN, Tex., Sept. 12 (UP)—Texas high school officials were reminded today that football acceptance cards must be filed with the Texas Interscholastic League by Sept. 15 for any school taking part in TIF football games.
Dr. Rhea Williams, TIF director of athletics, said the acceptances show the school's intention to compete in a league conference and abide by football regulations.

Some 5,000 natives of the Ryuky islands now worship at 25 Christian churches of various denominations.

RED DRIVE PERILS POHANG AIRSTRIP—Communist spearhead swerved to within six miles of Korea's east coast, threatening to cut off Pohang airstrip (plane symbol) and encircle the entire South Korean 3rd Division. Between Kyongju and Yongchon (1), enemy force was thrown back across road; while Reds southeast of Yongchon were apparently trapped. Another Communist column attempted to by-pass Kyongju and drive (broken arrow) towards Pusan. Yank's push north of Taegu (2) was stopped by enemy counter-thrust. On Naktong front, Reds massed for attack south of Changnyong (3). To the south two suicide attacks on Masan front (4) were thrown back. (NEA Newsmag).

Port Arthur Rites Set For Newsman

BEAUMONT, Tex., Sept. 12 (UP)—Funeral services will be held at 4 p. m. today for Hugh Baker a Port Arthur News Staff writer and United Press Beaumont correspondent who died Sunday night from a heart ailment. The 36-year-old newsmen had been in ill health for the past two years and entered the hospital five days before his death. Baker came to Beaumont from Houston where he had worked as

a Houston Press reporter. He joined the staff of the Beaumont Journal in 1938. Baker joined the news staff in 1945 shortly after returning from service with the Navy. Funeral services will be conducted at the Carroll-Wallace Funeral Chapel. Where there are trees on or abutting lawns special attention to feeding the grass is necessary, says Scotts Lawn Research. Tree roots steal nourishment from the grass.

GO TO CHURCH SUNDAY

World Capitals Stirred By Rumor Russia Plans World War III Soon

By Harry Ferguson
United Press Foreign News Editor

Most of the world capitals are excited these days over a report that Russia plans to start World War III some time between now and Oct. 1.

The rumor came out in the open the other day when Gov. Thomas E. Dewey of New York said "well informed people" had told him the shooting would start this month. He added that personally he did not believe it, but he said there was no doubt that war with the Soviet Union is coming eventually. The same rumor that Dewey mentioned is racing through Europe. The story goes this way: Russia is working feverishly to harvest her crops. She recently collected all the combines and other farm machinery available and sent it into the Ukraine—the bread basket of the U. S. S. R.—to speed up the harvesting. Now the machinery has been shifted to the northern sections of Russia and in a few more days the crops will be stored. Then the hatches will be battened down and Russia will be ready for war.

Dewey isn't the only person who doesn't believe it. There is hardly anybody in official life in the United States who thinks Russia will be ready to take the big gamble of World War III this month, or for that matter, this year. Those officials are divided on whether

World War III is inevitable. The official American line, as expounded by President Truman and Secretary of State Dean Acheson, is that such a war can be avoided. But privately lots of diplomats think we are going to have to fight Russia some time, and some of them lean to the theory that we might as well do it now and get it over with.

There is a reasonable chance that the rumor started in Moscow. It is a variation of the technique of the war of nerves which Adolf Hitler perfected and which he used to the great advantage of Nazi Germany. His method was to make inflammatory speeches and threatening gestures at one or more nations. After he did that two or three times and nothing happened, people whom he had frightened, began to relax. Then he hit them hard and without warning, such as the morning he invaded Poland.

Russia might figure she would have much to gain by setting the

nerves of the world on edge with a rumor that she was about to attack. She might figure that instead of reinforcing our troops in Korea, we would divert them to Europe. Or that members of the United Nations which have pledged troops to the Korean fighting

would delay in fulfilling their commitments. Or that the foreign ministers of Britain, France and America—meeting in New York today—might be panicked into some sort of action they would regret.

Those who think World War III is several years away—1954 is the most popular guess—say there are two reasons why Russia doesn't want a big-league war now: 1. She either hasn't perfected a workable atomic bomb or she hasn't stockpiled enough of them to challenge the U.S.

2. There is no point in sending Russian troops into action so long as she can get other people to harass the democracies. People such as the North Koreans today and maybe the Chinese Communists on some unspecified tomorrow.

ABSOLUTE PROOF HADACOL HELPS FOLKS SUFFERING STOMACH DISTURBANCES

when due to lack of Vitamins B₁, B₂, Iron and Niacin in the system!

Mrs. John W. Geary, attractive and charming woman of 840 Ursuline St., New Orleans, Louisiana: "I'd been sick quite some time and the doctors told me it was a nervous stomach. I couldn't eat regularly and lots of times I was unable to hold the food on my stomach. Then I heard about HADACOL. After the first few bottles I could tell a definite improvement. Now my stomach doesn't trouble me at all. I eat anything I want, and my nerves are fine." (Give HADACOL a chance to help you.)

Mr. John Cox is a retired gentleman who lives at 1224 Gonder Street, Springfield, Ohio: "I had nervous indigestion and suffered terribly from stomach bloating and gas. After taking HADACOL, I have no more stomach distress and sleep well." (Note: HADACOL gives such wonderful results because it actually relieves the REAL cause of indigestion, gas pains, after-eating belching, heartburn, constipation due to such deficiencies. And continued use helps keep such stomach distress from coming back!)

Mrs. Hilton Shuff, a loving mother of Rt. 1, Box 42, Ville Platte, Louisiana: "My son Mark Wendell has been sick for some time. A lot of the time he couldn't hold anything on his stomach. He was very weak and pale. Then I started giving him HADACOL, and he improved in just a short time. He's gained weight and has more energy than a dozen wild Indians." (HADACOL is great for puny, nervous kiddies with easily upset stomachs due to lack of important Vitamins B₁, B₂, Iron and Niacin.)

Mrs. Alma Kincaid, 2125 E. Adelaide, St. Louis, Missouri: "I've been taking HADACOL for over a year. Before taking it, I had stomach distress for some time. Nothing seemed to help me. Then I took my husband's advice and took HADACOL. A good friend of his told him of the wonderful results he had from HADACOL. Now that I'm taking HADACOL I eat anything. I recommend HADACOL to all my friends." (A big improvement is often noticed within a few days.)

WHY CONTINUE TO DOUBT These are just a few of thousands upon thousands of letters that constantly pour in telling of the wonderful results the great new HADACOL is giving. It's only a very foolish person who would continue to "doubt" HADACOL's effectiveness and continue to suffer in view of such overwhelming evidence.

Relieves the Cause of Stomach Distress Due to Such Deficiencies

So if you are suffering from stomach disturbances (gas pains, indigestion, heartburn), if the food you eat disagrees with you because your system is lacking Vitamins B₁, B₂, Iron and Niacin—don't delay—start taking HADACOL today. HADACOL is not

a quick-acting antacid which gives symptomatic relief—instead, HADACOL actually relieves the REAL CAUSE of such stomach misery due to such deficiencies. And continued use helps prevent such painful distress from coming back.

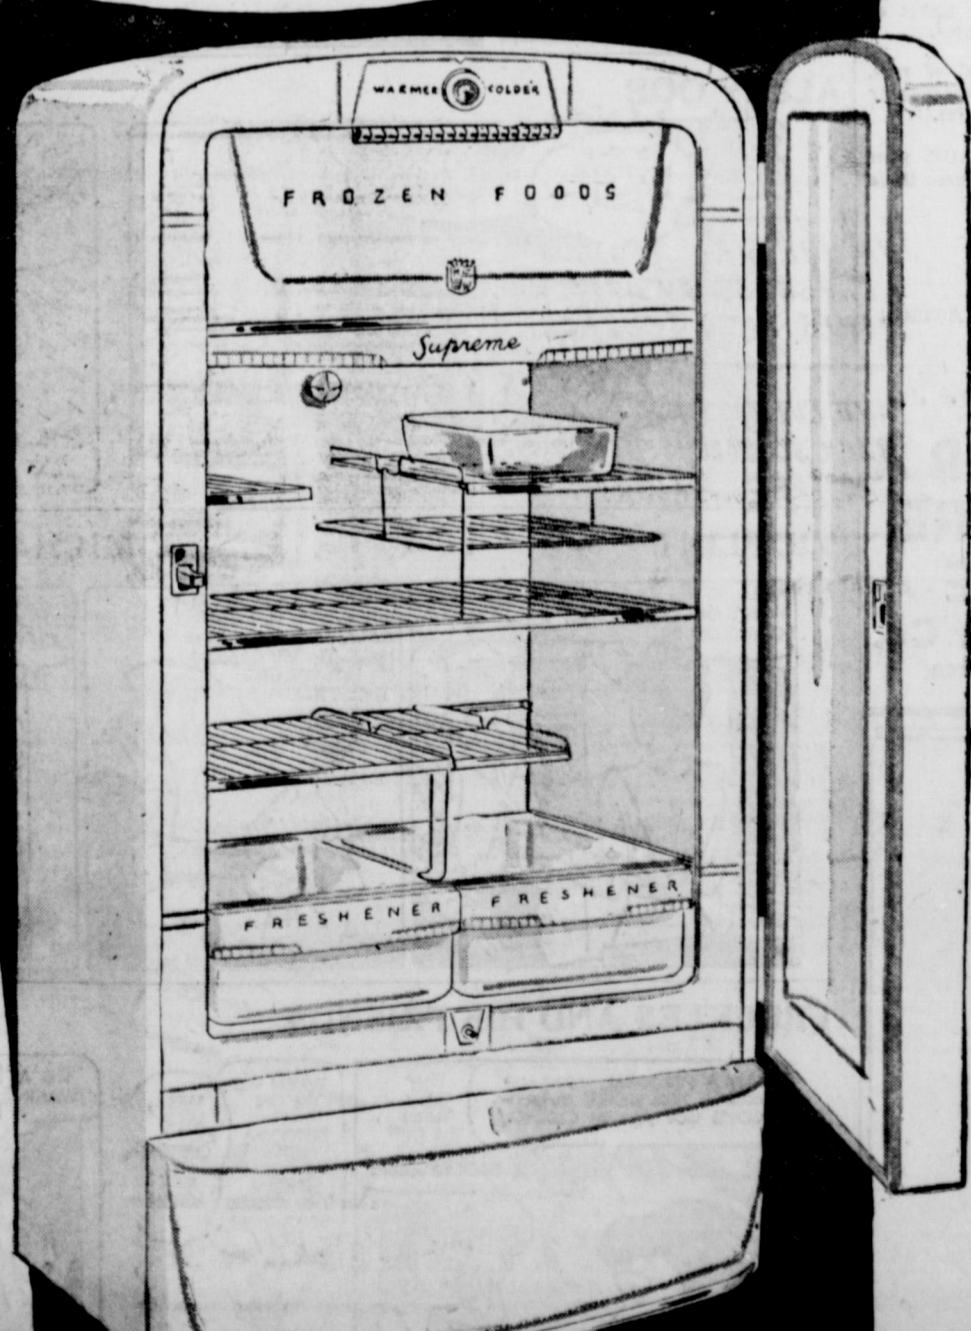

Hundreds of Doctors Recommend It

Hundreds upon hundreds of doctors recommend HADACOL. It not only supplies weak deficient systems with extra quantities of important Vitamins B₁, B₂, Iron and Niacin but also beneficial amounts of precious Calcium, Phosphorus and Manganese—elements so vital to help maintain glorious health and guard against such deficiency ailments. And so inexpensive. Costs only a small amount a day. Trial-size bottle, \$1.25. Large family or hospital size, \$3.50. ©1950, The LeLaine Corporation

Mrs. Deffebach Speaks At First Fall Meet Of WSCS Here Monday

Members of the Women's Society of Christian Service heard Mrs. Vernon Deffebach of Ranger, conference officer, speak on "We Seek Them Together" at their first meeting of the fall, Monday at the church at a noon covered dish luncheon.

A short business session followed the program during which two special life-time memberships in the WSCS was awarded to Kay Crossley of Houston, little granddaughter of Mr. and Mrs. Frank Crowell and to Kathy McCorney, young daughter of Mr. and Mrs. N. P. McCorney.

Mrs. Deffebach was introduced by Mrs. Hassell, president. Mrs. J. Morris Bailey gave the invocation.

Following the meal the hymn, "Give of Your Best to the Master" with Mrs. Charles Harris at the piano, opened the program. Mrs. R. C. Ferguson gave the devotional using as her topic the parable of the "Supper" and "Good Intentions," preceding the main speaker.

Sorority To Meet Tonight At Avera Home

Members of the Zeta Pi Chapter of the Beta Sigma Phi Sorority will meet at 7:30 this evening in the home of Mrs. Oscar Avera, 1005 South Daugherty Street, for the first meeting of the fall season.

All members were urged to be present.

In these days when new tires are both scarce and high in price, why not save money by having your smooth tires retreaded?
Our modern design, materials and machinery turn out a finished product you can have full confidence in and be proud of.
Don't confuse modern retreading work with the old timey "top cap" of the war days. There is all the difference in the world.
Our modern low pressure retreads come down over the side wall of the tire and STAY ON. They give new tire appearance and long wear at about one third the cost of a new tire.
Come In and Let Us Show You.

Buck Antelope Hunt On In Texas

AUSTIN, Tex., Sept. 12 (UP)—Names of 337 Texans, including Gov. Allan Shivers, were drawn yesterday to receive permits for the first buck antelope hunt since 1948 west of the Pecos.

Officials of the Game Fish and Oyster Commission drew the names, sealed in capsules, from a total of 571 applicants.

The commission pointed out that 422 persons actually will be permitted to take part in the hunt, Oct. 2-10, since landowners on whose ranches the hunt will take place were allowed to assign 20 per cent of the total permits.

Gov. Shivers' name was among the last to be drawn. The first lucky hunters were W. O. Pearson of Mission and B. H. Jackson of McAllen, who submitted a joint application.

Officials said the hunt will involve only four counties. The hunt, out of Alpine, Oct. 2-4, will center in Presidio and Brewster counties. The second hunt will be held out of Marfa, Oct. 5-7, in Presidio and Jeff Davis counties. The third will be held Oct. 8-10 out of Van Horn for Culberson county.

Only six antelope may be killed in the final hunt. Hunters killed 629 antelope in 1948, when 702 permits were issued.

Frank Leach, accompanied by Paul Pantermuhl of New Braunfels are the guests of his parents, Mr. and Mrs. W. J. Leach of Gorman, Route 2. Frank is employed in New Braunfels by the New Braunfels Textile Co.

Six Firemen Hurt In Houston

(UP)—Six Houston firemen were injured yesterday, none seriously, while fighting a two-alarm fire that did extensive damage to a food store and a tractor and equipment firm.

Four of the firemen were overcome by smoke, another suffered a cut on the head and the sixth got a sprained shoulder.

Animals Get Together JERSEYVILLE, Ill., (UP)—Paul M. Thatcher observed an unusual friendship between two species of animals on his farm. A groundhog family has a den beneath one of the farm buildings. A cat had kittens there. Thatcher observed baby groundhogs playing with the kittens as though they belonged to the same family.

Grid Machines Step In High Gear In Southwest Conference

By United Press
Southwest Conference coaches shifted their football machines into high gear today in preparation for the wearing grid war which gets under way Sept. 23.

Texas A&M coach Harry Stiteler locked the gates at Aggieland and said all practice sessions henceforth will be secret until the opening with Nevada less than two weeks from now.

In practice yesterday, the Cadets filled the air with passes, and Stiteler said Andy Hillhouse, Clinton Gwin and Charlie Hodge were hauling them down in fine fashion.

Trainer Bill Dayton said Jimmie Flowers, Dick Frey and Charley McDonald were responding well to treatment, and should leave the injured list sometime this week.

At Houston, Coach Jess Neely of Rice Institute said the Owls were "looking good" in secret practice. He said the defending champions concentrated on blocking and timing in yesterday's practice.

Neely ventured a prediction that Rice "would have a pretty good football team this year," although it lacks good reserves in key spots.

The highly-touted University of Texas Longhorns ran through a short dummy scrimmage, with Ben Tompkins quarterbacking the first squad. Coach Blair Cherry, who said the Steers' blocking and tackling was getting better every day, promised the team a harder scrimmage today.

Meanwhile, Texas lost two players. Letterman guard Howard Hurt was called to active duty in the Marines and tackle Ken Jackson was out because of a knee injury.

The Texas Christian Horned Frogs were scheduled to undergo a stiff practice session, following a day in which the squad in general posed for pictures and talked to newsmen on their annual tour.

It was the Southern Methodist University Mustangs' turn to

"look at the birdie" today, as the reporters and photographers reached the Dallas campus. Yesterday, the Ponies practiced defense against variations of T-formation such as might be thrown by razzle-dazzle Georgia Tech, whom SMU meets Sept. 23 in the Cotton Bowl.

Helicopters Used To Carry Wounded

U. S. AIR FORCE BASE, Korea, Sept. 12 (UP)—The U. S. Air Force has added a Buck Rogers touch to the evacuation of wounded G. I.'s from the frontlines to rear area hospitals by using helicopters for the job.

Where ambulances require four or five hours to evacuate a wounded soldier, the helicopters do the job in 20 or 30 minutes.

"We sure are big favorites with frontline soldiers," 1st Lt. Ray Costello, 29, operations officer for the Air Rescue Service, says.

Costello, a native of Redlands, Calif., said ambulances crawling over narrow Korean roads can not always get up to isolated forward positions.

But the helicopters, with pods hitched to both sides of the fuselage, can maneuver into small frontline areas.

Costello's organization, which began operations on July 23, has moved 255 patients in eight weeks, often under enemy fire.

Its members are on call 24 hours a day.

"Several times we went behind enemy lines to pick up pilots who had bailed out or crash-landed," Costello said. "Other times, when the Reds were pushing hard, we rushed blood and medical personnel to the front line and stations. You never know what the next call might bring."

Koreans Join US Divisions

TOKYO, Sept. 12 (UP)—South Korean volunteers are being taken into American divisions in large numbers and are fighting shoulder to shoulder with the Americans, Gen. Douglas MacArthur's headquarters said today.

Headquarters said the move was "unprecedented in the history of the United States armed forces."

The volunteers recruited from the civilian population of Korea, are being paid by their own government.

The geographic center of the District of Columbia is near the corner of Fourth and L Streets, N. W., Washington.

In 1898 the Canadian Nickel mines produced 123,900 tons of copper-nickel ore. Fifty years later this tonnage had risen to over 11,600,000.

Light Up...

...FOR Better LIVING!

Now that students are starting another school term, it is vitally important that they have enough of the right kind of light for easy seeing.

All lamps used by students for home study should have at least a 100-watt bulb—150 watts in many cases—to provide good light to make their home-work easier and to prevent undue eyestrain. Lamp shades, too, are important—they should be wide enough to spread the light evenly and keep glaring, unshaded light from striking the eyes.

See Your favorite Lamp Dealer Today

TRAVEL BY AIR IN KOREA IS A BREEZE, BUT OCEANLAND A BUMP

By H. D. Quigg
United Press Staff Correspondent
WITH U. S. FORCES KOREA,
Sept. 12 (UP)—You can buzz
down the 55 airline miles from
Taegu southwest to Pusan by
plane in about 20 minutes—as
GI's say—"No sweat."

land and you're sure to come down
with a bad case of an anatomical
ailment which the army calls
"jeeps behind" and I can talk
plainer than that.

A jeep journey from war taut
Taegu to the base port of Pusan
takes about seven hours. It's made
along what maps of Korea called
"an all weather twomqsaaalufph-
fguknl all weather is right. Nothing
any weatherman ever dreamed up
could possibly affect that road.
There is a thin layer of topsoil
covering the rock ribbed roadbed.
Cabbage size boulders stud the way
like hobnails in a lumberman's
boots.

A passenger on the back seat of

a jeep bounces until his teeth rattle.
After a few hours you get tired
of imitating a cocktail shaker.
The driver of our jeep was Pfc.
Ronnie Retz, 20, whose mother
lives at Hammond, Ind. Before he
got in the army Ronnie drove a
cab in Gary, Ind., and like most
cab drivers he knew a short cut.
Instead of the 116 miles of normal
highway distance we only had to
travel 93 miles and by taking the
short cut we missed some of the
hobnail boulders. Instead we had
stairs which were worse.

As you drive south the steep
bush covered hills get higher and
soon you are winding through ban-
tan mountains which rise to an
average height of about 2,000 feet.
There is a good deal of military
traffic and on each side of the road
refugees stream.

Refugees become fewer as you
move farther from the front but
there is still plenty of foot traffic.
Women move gracefully carrying
huge bundles on their heads and
men carry their burdens on their
backs with the aid of wooden
frames—an oriental device for
turning a human being into a
packhorse.

Kids stand by the roadside in
hordes in wretched little villages
and have a wonderful time. Naked
little Korean boys with paunch
bellies yell and cheer each jeep
and truck. They salute and pat
their mouths with their hands in a
sign language request for candy.
As you pass them some of the
children give you a two finger
Churchillian V for victory sign.
Where they learned it I have no
idea. They remind me of Filipino
children who would greet us in
each town we liberated in the

New Buying Seen As Credit Control Tightens

By United Press
A new buying splurge, but not
as intensive as the one touched
off after the Korean war broke
out, was foreseen in Texas today
because of stricter credit controls,
effective next Monday.

The Federal Reserve Board an-
nounced new restrictions last Fri-
day night. Generally, they require
down payments of considerably
more than at present and less time
to meet the payments.

Automobiles will require a 33
and one third per cent down pay-
ment with 21 months to pay; cook-
ing stoves, refrigerators, radio or
television sets and other household
items will require a 15 per cent
minimum down payment with 18
months to pay; furniture and floor
coverings, 10 per cent down, 18
months to pay, and residential re-
pairs, alterations or improvements
10 per cent down, 30 months to
pay.

Fort Worth reported car sales
were up, both new and used with
the latter sales nearly twice as
heavy as new. Appliance sales were
up; buying was heavy in radios,
TV sets, washing machines and
furniture suits. One large down-
town department store said there
had been a definite increase in
furniture and appliance business
both Saturday and Monday and

Philippines in 1944 and 1945.
Filipino kids would hold up two
fingers and shout "victory".

This hilly southeast corner of
Korea would remind one of the
Alleghanias if it were not for
dirty villages with their one-story
straw roofed buildings strung
along roads and the native traffic
policemen at each bridge and cor-
ner. The Korean traffic cop in ac-
tion resembles a college cheer lead-
er with a whistle in his mouth.

When a vehicle approaches, the
driver indicates by hand motion
the direction he intends to take.
The cop then toots his whistle,
pivots, gyrates his arms, and final-
ly freezes into a bird-dog point to-
ward the direction the driver
would have taken anyway. They
must practice weeks to perfect
those arm motions.

"we expect it to gain momentum
during the rest of the week."
AUSTIN: Car dealers say more
people interested and "looking"
for new cars. However, in hard-
to-get cars such as Fords and
Chevrolets, dealers said they were
behind on deliveries and were sell-
ing all they could get regardless
of impending new restrictions.
One furniture dealer said there
was a "little upsurge" in business
by people buying in advance, but
added "that's business we'll be los-
ing in the future."

SAN ANTONIO: Credit busi-
ness on automobiles, new and used,
furniture and household appli-
ances routine. One exception a-
mong ten establishments contacted
was a large department store
which reported a 20 per cent
increase or possibly higher in cred-
it sales of household appliances.

DALLAS: It was generally
"business as usual" at department
stores, appliance shops and auto-
mobile dealers. Motor car dealers
generally were hard-pressed in all
makes to fill a backlog of orders.
Sales managers at some automobile
agencies predicted sharp increases
by the week-end. Chevrolet dealers
said they "doubted if they could
get the cars to handle any sharp
increase in buying at the present
time."

Ditch Collapses Crushes Abilenian

ABILENE, Sept. 12 (UP)—The
rain-soaked walls of a 12-foot
deep ditch collapsed yesterday
and fatally crushed Melton Bynum,
25, and Anguiano Melecio, 60.

The two city laborers were
digging the ditch for a new water
line being laid to a housing ad-
dition at Abilene Christian Col-
lege.

The bodies were recovered with-
in 45 minutes by fellow workmen.

New Head Named For A & I School

Kingsville, Sept. 12 (UP)—
Dr. J. C. Jernigan was named
dean of Texas A&I College yester-
day, succeeding Dr. O. R.
Nielson who resigned to become
executive vice-president of Texas

Major Questioned In Government Fraud

RENO, Nev., Sept. 12 (UP)—
Maj. Harold D. Banning was held
in Washoe County jail today in
connection with the alleged "mis-
application" of more than \$250,-
000 in government funds.

The 39-year-old Army officer
was arrested at a guest ranch
35 miles north of Reno last night
by two Sixth Army criminal in-
vestigation division plainclothes-
men.

Banning had only pocket money
on him when he was arrested, but
sheriff's officers quoted him as
saying he had \$100,000 when he
landed in the United States from
Germany.

Banning returned to this coun-
try Aug 25 for 60 days leave,
giving his home address as (4211
Crites St.) Houston, Tex.

The request for his arrest came
from European command head-
quarters. No further details were
given out either in San Francisco,
headquarters for the Sixth Army,

Christian University.
Jernigan came to A&I in 1946
as director of men's activities and
dean of student life. He was
named director last year of stu-
dent personnel.

nor in Washington.
The agents who made the arrest,
James Duffy and Ray Taylor,
also refused to discuss the case.

It Adds So Much to the Joy of Living!
You walk out of the house, and there it stands—waiting for you in the driveway.
You've seen it hundreds of times before—but it's so attractive, there in the sunlight, that you stop instinctively for a second look.
The sun lights up the gleaming chrome and frames the whole gorgeous picture. The soft finish shimmers in the shadows. A pattern of hand-tailored fabric shows through the open window. And there's the beautiful steering wheel—inventing you in.
Yes, it's a lovely day! And the next thing you know, you're out in traffic—and the powerful, soft-throated engine is gliding you along as if by automatic propulsion.
You ride so softly and quietly and easily that judging time and distance is the hardest work you do!
The lights turn red and the lights turn green—the hills and valleys flow under the wheels... and every stretch of highway ahead is a study in enchantment.
Though you take to the highway ten times a day, each trip is a thrill all over again. You thrill to its beauty, the way it rides, the way it behaves, the way it handles—and, being human, you like the admiring glances which other motorists toss your way.
Happiness, as everyone knows, is a state of mind—but it is aided and abetted by your satisfaction with the things about you.
And this we can promise for Cadillac: It will add to your satisfaction every mile you drive. Many say it enriches their lives to an unbelievable degree.
Why not get one for your happiness—today?
