

WHITTLIN'

By DOLPH MOTEN

There's still enough growing season remaining for this year's cotton crop that no accurate predictions can be made about how it will turn out.

However, the wet weather of the past two weeks has had cotton farmers looking their crops over and wondering if 1972 will be another "off" year for cotton.

From a climate standpoint, Parmer County is not the most ideal location in the world for cotton production. At the same time, it's a better cotton country than the production in the past few years would indicate.

Farmers tell us that cotton needs warm weather, maybe even hot, and sufficient, not abundant, water. The timing of the water is more important than the amount, our farmer friends have indicated to us over the years.

Trouble is, in late August or early September, we all too often get rainfall, which the cotton doesn't necessarily need. That in itself isn't bad. The added moisture on the already-irrigated crop doesn't help anything and might even create some growth that slows down the maturing process.

But when we get rain this time of the year, the weather also has lower than normal temperatures. This isn't good for the cotton which needs hot weather to adequately complete its maturing process.

The cool temperatures delay the maturity date of the cotton, making it need still more time before the end of the growing season, which is the first freeze. Too much rain and cool weather in August and September and the cotton crop is handicapped even with a normal freeze date. When the freeze date comes a little earlier than normal, the cotton crop is hurt still more.

This year's crop showed much promise in mid-summer and the optimists were thinking this could be THE year for cotton hereabouts. And, as we said in the beginning, it's still too early to tell. A hot, dry September could still make this year a good one for cotton.

It's just that the low temperature of the past two weeks has made farmers worry that 1972 may still not be the ideal one for cotton . . . again.

Some agriculturists don't like to complain about rainfall in this area, except for the lack of it. With the annual normal rainfall some 10 or so inches less than we usually figure we need, we have a tendency to be thankful for whatever natural moisture we receive.

Cotton farmers aren't the only ones who were looking skyward during the recent wet spell hoping for a ray of sunshine to pop through the dark clouds. The vegetable people, too, were financially hurt by the moisture in that the crops couldn't be gathered because of muddy fields. This caused percentage of the vegetable crop to be lost. Prices were good, too.

With those pessimistic notes about area agriculture behind us, we'll remind you that somebody figured out a long time ago that this was "A great next year country!"

The situation this year isn't all that bad from an overall standpoint, but the area would have probably been better off financially without the rain and cool temperatures in late August and early September.

Another Bovina Businesses Football Contest begins this week.

That means it's time for us to come forth with our annual encouragement to the contestants and potential contestants to get in on the contest this week and enter on a regular basis.

It's impossible, it sez here, to win the grand prize, and the prestige that goes with it, without entering each of the 13 weeks of the contest.

So, if you're going to enter each week, you certainly have to enter the first week --- and that's this one.

Of course, you can win the weekly prize money by just entering one time. But if you want to go for all the marbles, the grand prize, you need to have some points tallied beside your name each week.

We'll say again, too, that the contest isn't difficult. Anyone can play. A knowledge of the game of football might or might not be beneficial depending on what kind of week or season it is.

Those people who have won the contest in years past will, if they level with you, admit that some luck is involved.

If you can average getting around 75 per cent of the games right, you can be right in the thick of the fight . . . after the first four or five weeks.

There are 10 games to pick the winners of each week. If you can average getting eight

(Continued on Page 2)

Two Inches Over Weekend --

Already-Soaked Area Gets More Rain Farmers Wish For Sunshine

This is a wetter country. It was already soaked from late August rains last week before another wetspell moved in to the area Thursday and stayed through the weekend.

Total amount of moisture was in the neighborhood of two inches with the majority of that, about an inch and a half, coming Thursday night.

Drizzling weather and low temperatures continued through the weekend. Clearing skies came Monday afternoon as the sunshine burst through the clouds.

The sun was a welcome sight to farmers who have had enough rainfall for this time of the year.

Cotton has had sufficient moisture, farmers believe, and even the grain sorghum, which is now showing promise of producing outstanding yields, needs warm weather and a drying period to aid in its maturity.

The rainfall was damaging to the area vegetable crop which was in the harvesting stage. The wet weather handicapped the picking of the vegetables.

Though the sun came through Monday afternoon, there was no

indication that the wetspell had run its course. Tuesday morning was again cloudy and foggy, though the clearing trend continued Tuesday afternoon.

All of the rain during the current spell fell slowly and soaked into the ground. This has made the moisture penetrate deeper than it would have if a like amount had fallen faster.

On the bright side of the moisture picture, it will be beneficial to this winter's wheat crop. Only a part of the wheat had been planted, however, when the rains began. That wheat which was planted will be given a definite boost by the rain. The moisture will help the wheat which is planted later, too.

Except for the damage done to the vegetable crop, the moisture will be beneficial if September turns out to be hot and dry, most farmers believe.

13th Contest Starts --

Grand Prize Winner To See Cowboy Game

Football season gets underway across the country this week and in Bovina the 13th annual Bovina Businesses Football Contest makes its 1972 debut.

This year, for the first time since the contest began in 1960, the grand prize will be an expense-paid trip for two to see the Dallas Cowboys play rather than the Cotton Bowl classic on New Year's Day.

Winner of the 13-week long contest will be given expense money and two tickets to the Dallas Cowboy-New York Giant game on December 17 in Texas Stadium at Irving.

Sponsored by 10 area businesses, a full page ad will appear in The Blade each week for the next 13 issues. In each of the sponsor's advertisements will be listed a game being played that week. Contestants must choose a winner and write his or her choice on the line corresponding with the advertiser on the entry blank. A tie-breaking score must be predicted for the weekly Bovina Mustang game.

Sponsors for the contest this year include Parmer County Spraying Service, Charles Oil Co., Sherley Grain Co., Birkelbach Machine and Pump, Bovina Wheat Growers, Inc., Bovina Gin Co., Agri-Sprayers, Bonds Oil Co., First State Bank of Bovina and Oklahoma Lane Farm Supply and Gin.

Contest rules are listed on the contest page. Only one entry blank may be submitted by each contestant. Deadline for entering is 5 p.m. Friday. Entry blanks may be brought to The Blade office or postmarked by that time each week.

Weekly cash prizes of \$5, \$3 and \$1 will be awarded the first three winners. Contestants must be 10-years-old or older.

Winner of the 1971 Grand Prize was Ted Graham of Bovina.

Past winners include Donna Criswell, 1970; Larry Wardlaw, 1969; Bill Roberts, 1968; Leroy Lance, 1967; Truck Lusk, 1966; Allen Cumpton, 1965; Jeanne Kerby, 1964; Paul Jones, 1963; Emmett Tabor, 1962; Erith

Hawkins, 1961; and Neil Smith, 1960.

Tabulations of individual entrants will be kept season and at the end of the 13-week contest, a grand prize winner will be named.

For 1972-'73 --

Name Class Officers In School Elections

Class officers, sponsors and Student Council representatives were elected in Bovina High and Junior High Wednesday of last week.

Ronnie Nutall was elected president of the senior class; Mike Ware, vice president; Gall Dixon, secretary; Patty Mills, treasurer; Jane Russell and Jeff McCormick, photographers; and Jose Bazaldua and Kim Langer, representatives. Class sponsors are Mrs. Janie Sudderth and Eugene Boaz.

Officers elected in the junior class were Sonja O'Hair, president; Billy Shelby, vice president; Sonja Wilburn, secretary; Mary Marcom, treasurer; Al Kerby Jr. and Cissie Minter, photographers; and Ralph Ramon and Nancy Hutto, representatives. Mrs. Pat D'Cufo and Bryant Harris were elected class sponsors.

Sophomores elected Fontella

A scoreboard, with all contestants listed in alphabetical order, is on display in The Blade office. Beside each contestant's name is the number of games picked correctly each week and a running tabulation of the total score. Contestants are welcome

to come by The Blade and check on their standings at any time.

Entry slips are kept throughout the contest. Anyone having questions or wishing their entry re-checked is free to request such.

Bank Alarm False

For no apparent reason, the burglar alarm system at First State Bank of Bovina went off Sunday night.

The alarm went into action about 9, according to City Marshal Ronald Mitchell, who investigated.

No evidence of anyone dis-

turbing the system or the bank building could be found. Jerry Wright, a member of the staff, joined in the investigation and said he could find nothing a'miss.

The false alarm was the only mar on an otherwise peaceful Labor Day weekend for law enforcement officials here.

Mitchell said there were no accidents in the area.

Most businesses here were closed Monday, giving the community a holiday appearance.

Normal activity returned Tuesday, following the Labor Day Monday holiday which traditionally marks the end of summer.

Broom Sale Gross Near \$900 Mark

Bovina Lions Club's annual broom sale, which was conducted Friday grossed \$895.05, according to Ed Isaac, president of the civic organization.

The Lions net 26 per cent of the total. The amount earned by the club was \$233.71.

Items sold during the sale are made by people at the Texas Lighthouse for the Blind at Fort Worth.

This year's gross was comparable with that of year's past. "We appreciate the support of the people of the community during the broom sale," Isaac says.

The broom sale has been a popular fund-raising project for the organization for the past several years.

BROOM SALE --- Mrs. Odie White takes advantage of the Lions Club-sponsored Broom Sale Friday to purchase a broom from Lion Howard Marcom. The sale grossed near \$900 for the club. Lighthouse Industries for the Blind of Texas furnished stock for the sale.

With Donation --

Fire Department Buys Air Packs

Dan Koelzer, chief of Bovina Volunteer Fire Department, announced this week that the de-

partment has purchased two Scott Air Packs which are self-contained breathing apparatus.

Watermelon Feed Slated Next Week

The annual watermelon feed, hosted by members of the board of trustees of Bovina Schools, will be at 8 p.m. Tuesday at the football field.

The event honors new teachers in the schools with all patrons of the school district invited.

The occasion will be informal, says Superintendent L. F. Jacobs. No program or prepared speeches have been planned. The informal event is designed to give the people of the community an opportunity to meet the new teachers and at the same time enjoy ice-cold watermelon.

The equipment was purchased with a \$500 donation by Parmer County Cattle Company, managed by C. C. Naegle of Bovina. Koelzer said it was the second consecutive year for the feedlot to donate \$500 to the fire department.

"The Scott Air Packs are worth their weight in gold to us," Koelzer said. "They will enable us to get into the fire area much quicker and more safely and should cut property loss in the process."

Parmer County Cattle Company is located on Highway 60 between Bovina and Farwell and technically not under the protection of Bovina Fire Department.

"We appreciate the help of the firemen and are happy to make the donations to the department," Naegle said.

4 Youths Arrested For Theft

Four juveniles, ages 10 to 13, were apprehended last week in incidents involving bicycle thefts the past several weeks. All four were from Bovina.

Seven bicycles were involved and all have been recovered, according to Parmer County Deputy Sheriff Henry Minter.

The boys were taking the bicycles from yards and garages of residents here and switching parts to avoid recognition by the owners, Minter said.

The four were released to their parents on condition that they repair the bicycles and pay for all damages.

FINAL ACRE CEREMONY -- Herb Evans, left, points to the spot near Parmerton on the map where the last acre in Parmer County was mapped in ceremonies Tuesday afternoon. Evans is district conservationist of the Friona SCS office. Looking on is Ike Quickel and Leon Grissom of Bovina and Edward E. Thomas, state conservationist and principal speaker for the occasion. The final acre mapped was on Quickel's farm. Grissom is the chairman of the directors of Parmer County SCS. Others participating in the ceremony were A. L. Black of Friona, Earl Blakley, field specialist in soils, and Herbert Bruns, soil scientist. Blakley and Bruns did the actual testing and mapping of the soil in the ceremony.

Reflections From The Blade

TEN YEARS AGO Sept. 5, 1972

Burglars got only trouble for their efforts when they robbed Bovina Post Office and Bovina Variety early Sunday morning. Alertness of two Bovina men, Billy Don and Darrel Read, kept the burglars from getting away with five sacks and a pouch of incoming mail and several hundred dollars worth of variety store merchandise.

Parmer County's first 1962 loads of milo were delivered to Bovina Thursday of last week.

The August 30 delivery date was believed to be one of the earliest, if not the earliest, since irrigation came to the area. Bovina Mustangs, with promise of a far-better-than-average team, kickoff the 1962 season Friday night against the Springlake Wolverines.

For the first time in opening day history, enrollment of Bovina Schools soared over the 500 mark Tuesday, the first day of school. Total number of students enrolled Tuesday was 553.

Vicki Strawn will lead Mustang cheering section for 1962 football season as head cheerleader. Other cheerleaders are Judy Strawn, Linda Estes, Mary Ann McKinney and Elaine Fuller. This year's version of Bovina Mustang Quarterback Club now has more than 50 members following an organizational meeting Thursday night in Bovina High School study hall.

Ed Hutto was elected president of the club for the year, Don Sides was elected secretary-treasurer.

SIX YEARS AGO Sept. 7, 1966

As classes got underway at Bovina Public Schools Tuesday morning, an estimated 651 students had enrolled, according to the school principals, L. F. Jacobs and Tom Templeton.

Widespread interest is expected again this year as the seventh annual Bovina Businesses Cotton Bowl Football Contest gets underway with the first week of games listed on page seven of this paper.

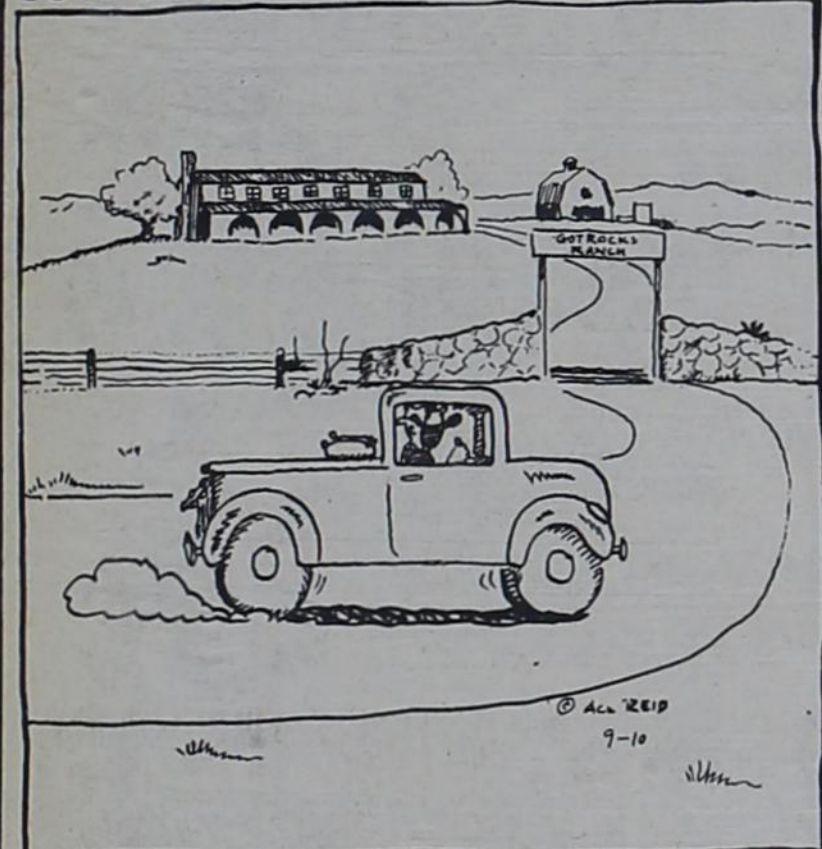

John Wilson has been named water and sewer superintendent for City of Bovina.

The curtain goes up on a new era of Bovina High Football Friday night. The Mustangs, beginning their first season in Class A, will meet the Cooper Pirates here in a non-district contest. This will be the first of 10 consecutive Friday night tilts for Coach Roy Stone's Ponies.

Handbooks will be given all students from the seventh through 12 grades in the Bovina Schools this year so that the students and parents will have available at all times the school policies, scholastic requirements, school calendar and other information.

The Bovina High Lettermen's Club held a barbecue in the First State Bank community room Monday night and elected officers for the year. Lane Gober will serve as president; Randy Jones, vice president; Daryl Kirkpatrick, secretary-treasurer; and Edli Corn, sergeant-at-arms.

Bookmobile

Here Thurs.

The High Plains Bookmobile will be in Bovina tomorrow from noon until 3:30 p.m., according to librarian Lorene Sooter. The traveling library will be parked in front of Bovina Schools.

Other stops that day will be at West Camp from 9:15 to 10:15 a.m., and Lariat from 10:30 until 11:30.

Guadalupanas

Meet Monday

Final plans for the annual Mexican Dinner were made at the meeting Monday night of Guadalupanas Society. Six members, Rev. John Coppinger and Brother John Ponca were present at the meeting in Parish Hall of St. Ann's Catholic Church.

Following the opening prayer by Mrs. Zeferino Villarreal, the group agreed to begin cleaning the school every two weeks with the first cleaning date set Tuesday.

Mrs. Villarreal and Mrs. Anita Alonzo were appointed to clean the rectory during September. Hostesses for the next meeting will be Mrs. Emiliana Martinez and Mrs. S. A. Brito. Mrs. Daniel Rodriguez gave the closing prayer.

Does freezing sterilize food?

Freezing does not kill bacteria in food. It only stops their multiplication. After thawing the bacteria will resume multiplying. That's why it's important to freeze only high quality food with a minimum of bacteria. After thawing, foods should be cooked promptly.

What foods are most susceptible to bacteria growth?

Non-acid vegetables and mixtures that contain sauces and gravies, such as cooked meats and poultry favor the growth of bacteria causing disease. When preparing such foods for the food freezer, it's a good idea to prepare the foods quickly and handle as little as possible as bacteria are spread by handling.

UMY Sets Dime Sale

United Methodist Youth of the Bovina church will have a close-out dime sale Saturday at the parking lot of the church, according to a spokesman for the group.

The sale will begin at 8:30 a.m. and continue until 6 p.m.

Kunselman Re-Enlists

Sp5 Ricky Kunselman, son of Mr. and Mrs. Pat Kunselman of Bovina, re-enlisted for a six year period in the U. S. Army after being discharged on August 1, according to a release from the Clovis recruiting office.

Kunselman, a crew chief on the Chinook helicopter, is at Fort Leonardwood, Missouri, awaiting permanent assignment.

His wife is the former Cindy Crump. The couple have a daughter, Heather.

Randy Chisom In Training At Ft. Ord

FT. ORD, CALIF. AUG. 24-- Army Private Randy E. Chisom, 20, son of Mr. and Mrs. Eddie B. Chisom of Bovina is assigned to Ft. Ord, Calif., where he is training under the modern volunteer army program.
The program combines basic and advanced individual training into an average 16-week program, depending on the AIT the soldier receives after completing basic. Decentralized instruction at the unit level and a reduction of formations and inspections give the soldier more time to train and increased off-duty time. Fewer restrictions on off-duty travel and improved living facilities are other benefits of the program.
Pvt. Chisom began his training with Company C of the 2nd Brigade's 4th Battalion on Aug. 8 and is scheduled to complete the first phase on Oct. 4.

On The Farm In Parmer County

By R. MACK HEALD County Agent

Horseowner should keep their animals off of sorghum-sudan pastures due to a disease called "sorghum cystitis." Freshly cut sorghum-sudan hay will also bring on the condition.

All age horses may be affected but the condition appears to be more serious in younger animals. A number of cases have been reported recently by Dr. William Romane who heads up the large animal clinic at Texas A&M University's College of Veterinary Medicine.

The first signs usually are incoordination of the rear legs. In about half the horses observed this was followed by involuntary discharge or urine. Thus, mares may show hair loss on the inner part of the hind legs due to urine scalding. Geldings may have a loss of hair on the belly. In either case, the urine drip may be continuous and may become intense if the horse moves suddenly. The condition may also cause mares to abort.

Sorghum cystitis occurs most frequently during times of medium to high rainfall, usually from June to November. It occurs mainly when horses feed on fast fresh growth of sorghum-sudan hybrids, sorghum grazer and johnsongrass. Uncured or improperly cured hay from these grasses also causes the illness. However, horses eating well-cured hay from these three forages have not been affected. Also, no cases have been reported after the first frost.

There is no cure for the condition once the horse has it. Several treatments have been used with little success. However, when affected animals are removed from the pasture and fed a balanced ration, they usually improve somewhat.

The urine discharge and incoordination have been observed in some horses for as long as three years.

If ornamental plants around your home are yellowing between the leaf veins, iron deficiency in the soil is the likely problem.

Iron deficiency causes leaves of ornamental plants to become light green, yellow or white between the veins. Iron chlorosis, as the condition is called, also causes the needles or scales of conifers to turn yellow.

The more severe the deficiency, the paler the color. In extreme cases, the plant turns brown and eventually dies.

Even though soil may contain sufficient iron, high PH or excess lime in the soil may prevent the iron from being available to plants.

Where iron is deficient, iron chelates or organic compounds containing a soluble form of iron may be applied to the soil or plants. Ferrous sulfate, also called copperas, is one such organic compound. These supplemental materials are available at most garden supply stores.

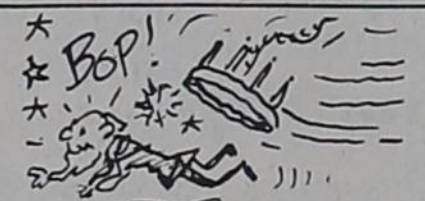

Iron should be applied at the first sign of a deficiency. Iron-containing materials can either be dissolved in water and sprayed onto the foliage. Follow the manufacturer's directions and suggested rate of application. In severe cases, plant recovery will be slow following applications.

Soil conditions which block the availability of iron may also have similar effects on other elements. Soil that delivers less than adequate zinc may promote weak terminal growth. This "witches-broom" type growth may be thin and short. Zinc deficiency shows up often in pecan, peach, plum flowering quince and apple trees as well as in pyracantha.

Plants with zinc deficiency will also have light green to yellow leaves that are small, distorted or puckered. Small dead areas may appear on the leaf margins and fall out to give a jagged appearance.

Zinc sulfate or zinc chelate applied at the manufacturer's recommended rate will correct zinc deficiencies.

Other factors may bring on symptoms in plants similar to those of iron or zinc deficiency. Either over-watering or drought may cause yellowing of foliage of certain plant varieties. Heavy or compacted soils also cause yellowing, as do infestations of mites or leafhoppers. Insect infestations actually give a plant the appearance of iron chlorosis. For these reasons, examine the plant carefully for things that might be causing the discoloration before burning and applying either iron or zinc.

Galleo discovered the law of the pendulum by timing the movements of a swinging chandelier.

Too Much Light Creates Off Flavor In Milk

Experts Claim Packaging Best Answer
"Finish your milk, Johnny." Johnny crinkled his nose a little, and with the resignation of a youngster taking a dose of medicine, he gulped down the last few ounces of milk from his tumbler.

Johnny didn't want to say anything to Mom, but his milk didn't taste just right. It wasn't "spoiled" or "sour". But it had a slight, tallowy, off flavor.

Food and dairy scientists point to "oxidation" as the culprit responsible for Johnny's off-flavored milk. In addition to affecting taste, oxidation can also rob vitamins and nutrition from milk's sensitive make-up. Research has clearly shown that oxidized milk suffers losses in Vitamin B2, Vitamin A, and Vitamin C.

Oxidation is a chemical reaction that occurs when milk is exposed to ultra violet light

such as from sun, or fluorescent light as in a supermarket dairy case. When an oxidized flavor in milk will actually become evident depends on the intensity of the light, how long it is exposed, what type and size container the milk is in, and the temperature of the milk.

Shedding New Light On Old Problem

Oxidation of milk is nothing new. The study of light's effect on milk flavor began as early as 1907. And many of us remember the milkman placing amber colored milk bottles into a dark milk box on the front porch to hide the milk from light. But today 75 percent of all milk is sold through supermarkets, corner grocery stores and convenience stores.

This shift in consumer preference from home delivery to market pick-up combined with modern marketing techniques has resulted in milk being

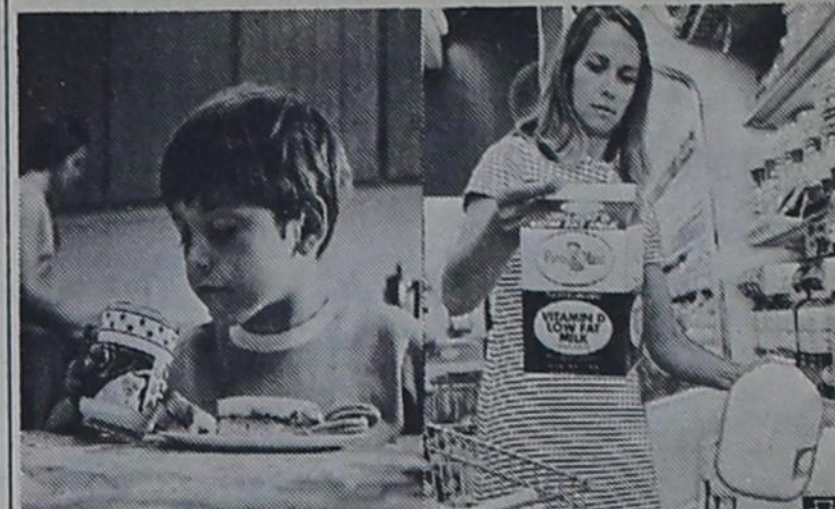

packaged in several different kinds of containers. One result is that today's milk spends up to 18 hours — in some stores more — under dairy case lighting before the consumer picks it up.

So, protecting milk from harmful effects of light is far more crucial now than in the old days of cow-to-customer delivery within a 24-hour period.

Part of the solution, then, to milk oxidation lies in packaging.

Test Bare Out — Carton Best

Recent studies at Pennsylvania State University and other land grant universities revealed that of all milk containers in use today, the paperboard milk carton provides the most protection against light-induced flavor and nutrition loss. The same studies show that milk is most susceptible to light-induced off

TASTE TESTER — Off flavor in milk from oxidation will seldom go undetected by sharp taste buds of children.

★ ★ ★

flavor when it is packaged in clear or only slightly opaque containers.

What can you as a consumer do to avoid off flavor milk? Select milk in containers that afford the most protection against light, such as plastic

coated paperboard cartons. After you buy your milk it is important to keep it cold. Don't leave it in the trunk of your car on a hot summer day while you tend to other errands. At home keep your milk refrigerated.

MR. AND MRS. PAUL BUSH

Vinson-Bush Vows Read In Bovina

Miss Brenda Vinson and Paul Alan Bush exchanged marriage vows at 7:30 p.m. Friday, August 18, in Pentecostal Holiness Church of Bovina.

Parents of the couple are Mr. and Mrs. Rufus Vinson of Bovina and Mr. and Mrs. D. E. Bush of Friona.

Benjamin Parker, pastor, read the vows before an archway of greenery centered with white wedding bells and tied with orchid satin bows. Bouquets of orchid gladioli and pom-pom mums at either side of the archway completed the setting.

Vicki Gilliam was maid of honor. She wore an orchid taffeta formal gown designed with an empire waistline. She carried a lavender mum nosegay tied with purple satin ribbon.

Miss Donna Bentley, niece of the bride, was the train bearer.

Ricky Stanberry of Bovina served as best man.

Presented in marriage by her brother-in-law, Don Bentley, the bride wore a formal wedding gown of white satin design-

ed along princess lines featuring a rounded neckline and long fitted sleeves cuffed with bands of Alencon lace. Matching lace appliques marked the front panel of her gown and banded the neckline.

The bride carried a colonial bouquet of white carnations, purple asters and baby's breath tied with purple satin bows and streamers.

The couple greeted guests at a reception in Fellowship Hall of the church following the ceremony.

Centering the serving table, covered with a white linen cloth, was an arrangement of lavender and white asters. Wedding cake, punch, nuts and mints were served.

The new bride is a 1972 graduate of Farwell High School.

Bush attended Friona Schools. He is employed at Sherley-Anderson Grain Co. in Lariat. The couple are at home in Bovina.

Refreshing California Salad

The recipe for tempting "Golden Bartlett Pear Salad" calls for making only one orange gelatin mold to serve six persons. But the photo shows twin molds — simply a matter of doubling the amount of ingredients and using two molds, or one large mold, if you prefer, to serve 12 persons at a big company dinner.

- GOLDEN BARTLETT PEAR SALAD**
- 1 package (3 oz.) orange gelatin
 - 1 cup boiling water
 - 1 teaspoon slivered orange rind
 - 3/4 cup orange juice
 - 2 fresh California Bartlett pears
 - 1/4 cup sliced celery
 - 2 tablespoons chopped green pepper (optional)
 - Western iceberg lettuce

Dissolve gelatin and salt in boiling water. Stir in orange rind and juice. Chill 1/2 cup gelatin mixture until slightly thickened. Pare, halve and slice pears. Arrange part of slices against sides of 3 or 4-cup mold. Pour thickened gelatin carefully around pear slices. Chill until almost firm. Chill remaining gelatin until it mounds on spoon. Dice remaining pears and fold into gelatin with celery and green pepper. Turn into mold over chilled gelatin and sliced pears. Chill several hours until firm. To serve, dip mold into warm water a few seconds and invert onto lettuce-garnished serving platter. Cut into slices. Makes 6 servings.

Of Interest To THE WOMEN

Bonny Jones, Rick Sorenson Exchange Double Ring Vows

In a candlelight ceremony at 7:30 p.m. Tuesday, August 22, at Bovina United Methodist Church, Miss Bonny Neal Jones became the bride of Rick Sorenson of Roberts, Idaho.

Rev. Howard Marcom, pastor, read the marriage vows before an altar backed with a 14-branch candelabra and two seven-branch candelabra intertwined with greenery. Bouquets of mixed flowers in shades of deep purple and white flanked the altar.

Mr. and Mrs. Byron W. (Sonny) Jones of Bovina are parents of the bride. Parents of the bridegroom are Mr. and Mrs. Dick Sorenson of Roberts, Idaho.

Mrs. Jimmie Clements of Bovina provided traditional wedding selections and special music chosen by the bride at the organ.

Given in marriage by her father, the bride wore a formal length gown of nylon organza styled with a full lace edged chapel butterfly train. The gown was designed with full lace divided sleeves caught to deep lace cuffs and matching lace at the throat and simulated scoop neckline. Her lace edged organza veil was held by a Juliet cap of seed pearls and heavy lace. The bride carried a bouquet of baby white roses, stephanotis, small purple mums and baby's breath in a diamond shape nestled around a lavender orchid.

Carrying out tradition, the bride carried her paternal grandmother's handkerchief and wore her maternal grandmother's lavalliere for something old; something new was her bridal gown; something borrowed, diamond earrings from a friend; something blue, the traditional garter; and she carried a penny in her shoe for luck.

Matron of honor was Mrs. Carmen Davis of Clovis. She wore a formal length gown of deep purple organza styled with an empire waistline. The gown, trimmed in white lace and deep purple velvet ribbon, was designed with a shirred bodice and long full sleeves. She carried a teardrop bouquet of baby white roses, purple mums, stephanotis and baby's breath.

Dianna and Kimberly Naegle of Bovina were candlelighters. They wore street length dresses of deep orchid knit with empire waistlines and long full sleeves with white lace trim. Their corsages were of purple heather with stephanotis and baby's breath.

J. R. Livingston of Bovina was best man. Ushers were Kyle Jones of Bovina and Dan V. Neal of Spokane, Washington, brothers of the bride.

For her daughter's wedding, Mrs. Jones chose a burgundy two-piece knit ensemble with white accessories and a white orchid corsage.

The bride's grandmother, Mrs. Byron Jones Sr. of Clovis, wore a two-piece coral and cream suit with an orchid corsage.

Mr. and Mrs. C. C. Naegle hosted a reception in their home following the ceremony. Floral arrangements in varying shades of the bride's chosen colors decorated the home. A companion arrangement in purple and white in a silver epergne graced the with purple tapers in the silver epergne graces the serving table. The three-tiered wedding cake was topped with

lavender roses and three lacy wedding bells. Cake, mints and punch were served from silver appointments by Mrs. Charles E. Kooz of Olton, Miss Christy Trimble of Bovina and Miss Sudie Oliver of San Lorenzo, N.M. Miss Bonnie Heppard of Boise City, Okla., was in charge of the guest register and Mrs. J. R. Livingston of Bovina was in charge of the gifts.

Other members of the house-party were Mrs. A. M. Wilson, Mrs. Tom Caldwell and Mrs. Paul Jones.

For a wedding trip to Idaho, the bride chose a western outfit in brown, tan, gold and orange coordinating colors. She wore the orchid lifted from her bridal bouquet.

The couple is at home at 910 Wilson, Pocatello, Idaho.

The bride, a 1970 graduate of Goddard High School in Roswell, N.M., attended New Mexico State University at Las Cruces and West Texas State University at Canyon. She plans to attend Idaho State University at Pocatello.

MR. AND MRS. RICK SORENSON

"Lettuce alone" has been termed "honey-moon salad." For your second honeymoon, however, you'll probably want to mix it up with your husband, who, you hope, still thinks of you as a cute tomato. Here is a salad recipe about which he won't be as cool as a cucumber.

- Beany Egg Salad**
- 6 hard-boiled eggs, coarsely chopped.
 - 1 can (1 pound) pork and beans.
 - 1/4 cup chopped green onions, including tops.
 - Pfeiffer Caesar Dressing (to taste).
 - Salt (to taste).
 - 3-4 slices bacon, cooked and crumbled.
 - 1/4 cup minced parsley.
- Drain beans. Add remaining ingredients and toss lightly. Serve on chilled salad greens. Makes 6 servings.

Sorenson is a senior at Idaho State University after serving four years with the United States Air Force.

Out of town guests included Mr. and Mrs. Dick Sorenson and Mary Ann of Roberts, Idaho; Miss Susan Sorenson of Las Vegas, Nev.; Mr. and Mrs. Daniel V. Neal, Dan and Teresa of Spokane, Wash.; Dolores A. Fromme and Betty L. Rodack of West Palm Beach, Fla.; Mr. and Mrs. Charles A. Jones of Albuquerque, N.M.; Miss Heppard of Boise City, Okla.; Miss Oliver of San Lorenzo, N.M.; Mrs. Byron Jones Sr., Mrs. Eva Nuzman, Mr. and Mrs. LeRoy Nuzman, Earl Teel and Lynn Davis of Clovis, N.M.; Mr. and Mrs. Charles E. Kooz of Olton; Mr. and Mrs. Henry A. Winter and Richard of Lockney; and Mr. and Mrs. Vernon Muelker of Roswell, N.M.

The bride's parents hosted a rehearsal dinner at their home Monday evening. Barbequed chicken and trimmings were served to members of the wedding party and family friends.

KICK-OFF COFFEE --- About 25 mothers of Mustang football squad members were guests at a coffee Saturday morning in Community Room of First State Bank. Wives of the coaches, Mrs. Roger Ezell, Mrs. Corky Criswell, Mrs. Darrel Selke and Mrs. Eugene Boaz, hosted the event. Serving at the coffee were, from left, Jan Kassahn, Kim Langer, Debra Sorley, Nancy Hutto, Patty Mills, Rhonda Rhodes and Gail Dixon. The girls are cheerleaders, twirlers and drum majors in Bovina High School. (Photo courtesy of Mrs. Criswell)

Coaches' Wives Host Kick-Off Koffee Here

A Kick-Off Koffee, hosted by wives of the Mustang coaches, was held Saturday morning in Community Room of First State Bank of Bovina.

Mothers of the high school football players were guests at the event.

The serving table was covered with a white satin cloth and centered with an arrangement of white mums centered with a maroon "B", daisies, maroon ribbon and greenery in a crystal compote. Melon ball compote, hot rolls and coffee were served from crystal and silver appointments by the cheerleaders, twirlers and drum majors, Debra Sorley, Nancy Hutto, Rhonda Rhodes, Patty Mills, Gail Dixon, Kim Langer and Jan Kassahn.

Approximately 25 attended the coffee which was hosted by Mrs. Roger Ezell, Mrs. Corky Criswell, Mrs. Darrel Selke and Mrs. Eugene Boaz.

4-H Council Sets Banquet

Members of Parmer County 4-H Clubs and its 4-H County Council will be traveling to the Texas State Fair in Dallas in the near future. The trip was the main topic on the agenda of the council meeting last week at Community Room of First State Bank of Bovina.

The group discussed methods of raising funds for the trip.

The annual 4-H Achievement Banquet was set for October 21 or 28. The Rhea 4-H Club will be in charge of decorations for the event. Various speakers for the banquet were discussed at the meeting.

K. McLaughlin Celebrates 2nd Birthday

Kenneth McLaughlin, son of Mr. and Mrs. Doug McLaughlin of Bovina, was honored on his second birthday Wednesday of last week with a party at the McLaughlin home.

A football theme was carried out in decorations, cake, ice cream, punch, tea and coffee were served.

Guests were Mr. and Mrs. Robert Beavers of Bovina, Kenneth's grandparents; Mrs. Bena Chandler of Earth, his great-grandmother; Mrs. Mildred Shaffner of Plainview, his great-aunt; Mr. and Mrs. Roy Vandlingham, Kerry, Kyle, Rhonda and Terry of Hub; and Mrs. Paula Wimberly, Kenneth Pryor, Bill Moore, Mr. and Mrs. Freddy Garza and Mr. and Mrs. Alfred Beavers, Cameron and Kevin of Bovina.

Community Conversation

Mr. and Mrs. Clifford Leake visited last week with their daughter and family, Mr. and Mrs. Jack Owens of Austin. The two families visited in San Antonio with Mrs. Leake's brother and family, Mr. and Mrs. Alvin Pesch.

Mrs. Pearl Moore accompanied the Leakes to Austin where she visited with her daughter, Mrs. Mozelle Bond.

On the return trip, the Bovinians visited in Stamford with Mrs. Leake's sister and family, Mr. and Mrs. Robert Thane, and a niece, Mrs. Shirley Medford.

Most food authorities recommend using pressure cookers for home canning. I've had considerable success with the boiling water bath, over many years. Who's right?

Fruits, tomatoes and pickled vegetables can be processed safely in a boiling water bath because they contain acid which inhibits the growth of bacteria. The bacterial spores of Clostridium botulinum, however, will not be killed at temperatures produced in a boiling water bath or in an oven, a steamer without pressure or an open kettle. That's why non-acid foods such as corn, green beans, peas, meat and poultry must be processed under pressure.

Bovina Area Churches Welcome You!

Church Chuckles by CARTWRIGHT

© CHAS. CARTWRIGHT 980
"My wife and I have a denominational split between this church and the one down the street. She likes their full choir and cushioned pews, and I like your free coffee and parking facilities."

THE DEITY OF JESUS

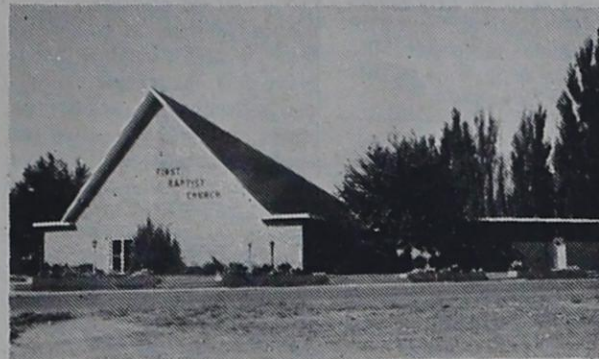

The deity of Jesus Christ is the foundation of Christianity. It is the basis of His incarnation (Isa. 9:6-7; Matt. 1:23; John 10:33). It is the ground of His Saviorhood (Acts 8:35-37; Rom. 10:9-10). It is the foundation of His church (Matt. 16:16-18). If Jesus is not the Son of God; God is a liar. God stated that "This is my beloved Son . . ." (Matt. 3:17; 17:5). If He is not the Son of God, then, Jesus Himself is a liar. He states, "I am the Son of God" - (John 10:36). If He is not the Son of God, the Apostles are liars. (Matt. 16:16; Gal. 2:20). If He is not the Son of God the Bible is untrue (1 John 5:9-11).

Jesus possesses the attributes of God. He is eternal (John 1:1-3; 8:58; John 17:5, 24; Col. 1:17. He is self-existent (John 5:26). He is immutable (Heb. 1:10-12; Heb. 13:8). He is Omnipotent (Rev. 19:6; Matt. 28:18). He is omniscient (Matt. 9:4; John 2:24-25; Jno. 16:30; Jno. 21:17; Jno. 1:47-50). He is Omnipresent (Matt. 28:20; Matt. 18:20; Eph. 1:23).

Jesus possesses the nature of God. He is Holy and perfect like God (Lk. 1:35; Acts 4:27; Rev. 3:7). He is Just. He hates sin and will punish it (Matt. 23:33). He is merciful; anxious to forgive (Matt. 9:2; Lk. 7:48). He is loving; He died for our sins (1 Cor. 15:3; Rom. 5:6-11). He wants to save (Rev. 3:20; 2 Peter 3:9). He will condemn the wicked (Matt. 25:30, 41, 46).

Truly, Jesus was God manifested in the flesh. The above facts prove beyond a shadow of doubt that Jesus was Deity. Someday all knees must bow in worship to Jesus (Rom. 14:10-11; Phil 2:9-11).

MISSIONARIES VISIT HERE --- Missionary and Mrs. Marion Corley, recent visitors in the First Baptist Church of Bovina, show the location of their home on the map in Burarmanga, Colombia, where they are involved in evangelistic work some 400 miles north of the equator. Accompanying the Corleys were their three youngest children, Lee Allen, Angela and Bryan. They have two other children currently living in Dallas. The Corleys were invited to Bovina by a group of young people from the church who attended Foreign Missions Week at the Glorieta Baptist Assembly near Santa Fe.

At Home In Palmer County

By Jana Pronger
County HD Agent

It's back to cool weather and football games with a plaid parade. Giant-sized down to mini-sized plaid variations appear in all fabrics and colorations. They dominate the fashion scene. Other directions include floral, flocking, tweeds and clips. While plaids dominate, an Oriental influence is felt in refined prints often expressed in lacquer bright colors. In addition, primary colors get a big play in fabrics for fall with reds and greens emerging as favorites. On the other hand, the monotone trend makes the whole family of camel, beige and browns important, with gray coming through as a major no-color neutral. The boldness of plaids this fall is mostly softened with fabrics which are lush, plush, brushed, napped, sueded, tufted and fleeced. High on the list of these fabrics are brushed flannel, cotton denim and brushed chino, Corduroy -- which lends itself to so many different treatments -- ranks as an important chapter in the plush touch story. Also, knits, high on the popularity chart, take a new plaid turn. But watch for other entries. Winter seersucker and stretch wovens vie for attention. Also in the search for softness, blends see polyesters combining with worsteds and wools to provide easy-care features and a touch of natural fibers. In addition, polyesters in spun/filament combinations give polyester performance with a special luxury feel formerly not found in 100 per cent polyester. In general, with its special emphasis on plaids for fall, the election year fashion forecast favors an all-American look. The '72 version is defined by straight forward fabrics in styles with something for everyone and easy-care washability for all. And why not join in this new parade of fashion? The parade of home sewing tips marches to Hereford September 12.

Sew Fair, a panorama of exhibits and presentations, will be sponsored by the Texas Agricultural Extension Service in cooperation with home-sewing industries. Located at Hereford Bull Barn, Sew Fair will feature representatives from six major home sewing industries. These representatives will demonstrate a host of sewing topics, from installing a zipper to the latest pressing techniques. They will present continuous 30-minute talks from 9:30 a.m. to 12:30 p.m. and 2 to 5 p.m., open to all and free of charge. Representatives will also be available to answer individual consumers' questions. Six companies will give demonstrations in the morning and these will be repeated in the afternoon. Extension clothing specialists and Deaf Smith County home demonstration agents will assist at the fair to register interested consumers and assist participants.

Full fashion formulas are mix, match and machine wash. Children's fashions will arrive this fall with a classic look in washable no-irons. Durable, washable fabrics in comfortable, practical styles will be the rule of the season for today's fashion-conscious young--even the very young with their rough-and-tumble enthusiasm. General trends for fall, point to a casual look with plaids a major element and fabric textures important--particularly brushed effects for depth and richness. In the girls department the still-popular layered look will emerge in knit dresses, cuffed pants, stretch bodysuits, pleated or flared skirts, tops and sweaters -- including twin sweater sets. Skirts will be mostly knee-length or ankle-length with a generous sprinkling of culotte-style shorts. Pants will feature turned-up cuffs, flares and modified bell bottoms.

At Boys' Ranch --

Mustangs Kickoff '72 Grid Season Friday

Football season, 1972 version, will be launched by the Bovina Mustangs Friday night against the Boys Ranch Rough Riders. The game will be played at Boys Ranch and will begin at 8 p.m.

In the Mustang camp, enthusiasm is running high for the kickoff of the '72 season. The Ponies have a new head coach in Roger Ezell and 11 returning lettermen from last year's 5-4-1 team on the squad.

This will be the third year for the Ponies to face the Rough Riders as the opening game opponent. In 1970, the Bovina squad

scrimmage session with the Friona Chieftains. "They played Friona to a scoreless tie and this is supposed to be Friona's year."

The Rough Riders run out of a wishbone and slot formation on offense and a five and stacked five on defense, the Mustang mentor stated.

Boys Ranch is led by Walter Reese, 5-10, 165-pound senior, at quarterback. Reese was the starting quarterback last year and a better-than-average passer, according to pre-season information.

outscored BR, 32-7, and in 1971 topped their opponents, 27-18.

Although the Rough Riders are in the AA classification, the Mustangs will probably be given the edge in the contest, based on results the past two years. However, Head Coach Roger Ezell is only cautiously optimistic.

"We expect Boys Ranch to be much tougher than last year. They have essentially the same team back and they are big, tall boys with experience this year," Ezell commented. He added that the Mustang coaching staff had scouted the Rough Riders in a

Ezell was both encouraged and apprehensive about his team's effort in a scrimmage session Friday afternoon at Claude. "We looked good on defense," he admitted, "but were ineffective on offense after our first drive or two." Ezell commented that the weather made throwing impossible.

Neither varsity team managed to push across a score in the session, however, the Mustang B squad put together a long drive for one score before the evening ended.

The Claude scrimmage was the second pre-season workout for the Mustangs against outside opposition. They scrim-

maged Lazbuddie the previous week.

Strong points for the Mustang team will be speed and experience in the backfield.

Bryan Fillpot, 143-pound sophomore fullback, will probably be unable to start Friday night, Ezell said. Fillpot suffered minor injuries in a motorcycle accident during the Labor Day holiday.

The injury to Fillpot, who had replaced Larry Wiseman, injured during the summer, has caused Ezell to shuffle his backfield starting assignments for the opening game.

The coach said they still had no word on when Wiseman would be able to start working out with the squad.

Weldon Beardain, 226-pound senior tackle, is listed as a probable starter after being out in both scrimmage sessions with a virus. Ezell said his staff wouldn't know until later this week whether Beardain would be strong enough to play Friday.

Probable offensive starters for the Bovina team:
Center -- Mike Dixon, 157, sophomore;
Guards -- Ronnie Nuttall, 130, senior; Tony Serna, 160, junior;

Tackles -- Danny McKay, 180, junior; Weldon Beardain, 215, senior; or Arty Kunselman, 150, junior.

Tight End -- Alan Cocker-Shelby;
Ends -- Pesch and Elbert Shelby or Cockerham.

BOOSTER CLUB OFFICERS --- Leon Ware, not shown, was elected president of the Mustang Booster Club at the organizational meeting of the club Thursday night of last week. Others elected were, from left, Mrs. Bob Fillpot, secretary; J. W. Harris, vice president; and Mrs. A. L. Kerby, treasurer. Projects for the forthcoming year were planned at the meeting and Mrs. Kerby gave a financial report. Head Coach Roger Ezell introduced the new and returning coaches and gave a brief summary of the Mustangs' prospects for the coming season.

Plans Projects --

Booster Club Names Leon Ware President

A membership drive was launched, projects planned, a financial report given and new officers elected at an organizational meeting of Bovina Mustang Booster Club Thursday night in the school library.

Leon Ware was elected president of the organization. He succeeds Grady Sorley who has served as president for the past year.

Jay Harris was elected vice president. Mrs. Bob Fillpot is the secretary. Mrs. A. L. Kerby was re-elected treasurer of the group.

Those present agreed that completion of the new rubberized track should be primary project of the club this year. Vernon Willard, Tom Caldwell,

Roy Donaldson and Roger Ezell were appointed to head the completion of the track.

Construction of the new rubberized running surface began last spring with preliminary stages of the track complete in May. Two steps remain before completion -- pouring of another

base coat and then the rubberized surface. Mrs. Kerby reported that the organization had paid \$1644 for the rubber mixture, leaving approximately \$350 remaining on the \$2000 pledge the organization made on the cost of the track.

The Booster Club will continue to pay for film and development costs for the football games. This expenditure will be over \$500 for the season.

Members will sponsor a pie and coffee sale in the school cafeteria following home football games as they have in the past.

Membership in the club was set at \$10 per couple. Head Coach Roger Ezell introduced the new and returning coaches and spoke briefly to the club about the Mustangs' prospects for the forthcoming season.

Those interested in joining the organization may contact any of the officers or other members of the Boosters.

California produces about 75 per cent of all wines enjoyed in this country, and Americans know they receive value and full measure. California "fifth" size bottles by law contain 25.6 ounces, but foreign bottles which appear to be "fifths" usually hold only 23 or 24 ounces. This means that it takes about 13 foreign bottles to equal in volume a regular 12-bottle case of California wine.

School Menus

Sept. 11-15

MONDAY -- Meat and vegetable soup, cabbage and pineapple salad, peanut butter, cornbread, butter, applesauce cake, milk.

TUESDAY -- Green enchilada casserole, buttered corn, English peas, hot rolls, butter, banana pudding, milk.

WEDNESDAY -- Sauerkraut and Viennas, parsley potatoes, green limas, hot rolls, butter, cherry pie, milk.

THURSDAY -- Hamburgers, lettuce, tomatoes, pickles, onions, potato chips, brownies, fruit, milk.

FRIDAY -- Tuna pie, green beans, buttered hominy, hot rolls, butter, chocolate pudding with topping, milk.

A horse in Russia was once found guilty of high treason and was executed by a military firing squad.

FOOTBALL CONTEST

You May Win Prizes

Of \$5 - \$3 - \$1

... Plus The
Grand Prize -
An Expense-Paid
Trip For Two To
A Dallas Cowboy
Football Game
Dec. 17.

It's Fun - It's Easy - You May Win!
Enter This Week and Every Week.

All You Have To Do Is Pick The Winners -
There's Nothing To Buy!

Contest Rules

1. There are 10 football games listed in ads on this page.
2. Pick the team you think will win in each game and place the WINNER'S NAME beside same advertiser's name in the contest entry blank at bottom right of this ad.
3. Pick the score of the tie breaker game and place your guess in the appropriate blanks on the entry. The tie breaker game will not count on your won-lost record. It will be used only in case of a tie.
4. Winners will be named by the Monday following the contest deadline each Friday and they will be named by Sunday, if possible. Cash prizes of \$5 for first, \$3 for second, and third prize of \$1 will be awarded.
5. Tabulations of individual entrants will be kept all season and at the end of the season a grand prize winner will be named. Grand prize winner will receive two free tickets to Dallas Cowboys-New York Giants professional football game Dec. 17 and \$80 in expense money.
6. There is nothing to buy. No requirements other than to bring the entry blank, filled out, to The Blade office by 5 p.m. or postmarked by 5 p.m. Friday.
7. Only one entry blank may be submitted per individual. If more than one blank is submitted by an individual, all will be disqualified.
8. Tabulations will be available for public inspection. Members of Blade staff will serve as judges for contest.
9. Contestants must be 10 years old or older.
10. Everyone, except employees of this newspaper and their families, is eligible to enter.
