great the frost damage was to shrubs and young trees of the year is just now coming out in full severity.

shrubs look dead in the winter, and often it takes an examination to determine if they really are winter-killed.

Stuart of Strawn, owner of the plant nursery at Desdemona, said about 40 percent of the pyracantha and other fair-weather bushes at the nursery were killed outright, mostly by the early November freeze that without any prior frost, and plants with sap up and the ground dry.

said many of the unkillable are damaged so that they will be held over a year to grow limbs.

while all this is going on, many of home owners in the west are finding their own shrubs killed and are putting demands for new plants in nurseries that have their own of losses, Stuart said.

Schools To Have Public Programs During Week

Next week has been proclaimed as "Public Schools Week" in Texas by Gov. Allan Shivers and in Eastland by Mayor W. W. Linkenhog, and Eastland School Supt. W. G. Womack invited parents and patrons to visit the schools and get more closely acquainted with the faculty and school program.

Special programs will be given at the school assemblies during the week, with the public invited to attend, Womack said.

Tuesday at 9 a. m., West Ward students will appear in a program in the school auditorium.

The South Ward program will be at 2 p. m. Wednesday in the school auditorium.

Committee Now Works Toward All-New Hospital

Red Cross Drive Well Organized; County Quota \$6000

Eastland County's Red Cross drive quota will be \$6000 again this year, it was revealed this week as events shaped up for one of the best organized campaigns in recent years.

Cyrus Frost, Jr., will serve as fund-raising chairman in Eastland, which will have a drive quota of \$1500, as will Cisco and Ranger.

Other county community chairmen are: Cisco, Mrs. Willard White, Ranger, Miss Marjorie Maddocks, Gorman, Glen Kirk, Rising Star, Frank Robinson, and rural communities, Mrs. M. W. Grieger of Flatwood. Mrs. Grieger's territory comprises the portions of the county not covered by the other chairmen, and has a \$500 quota, compared with \$500 each for Gorman and Rising Star.

Mrs. John Love of Alameda is chairman for the over-all county fund-raising campaign, and Mrs. Joseph M. Perkins of Eastland is county chapter chairman.

First donation of the campaign, well in advance of its opening, was made when 86-year-old Mrs. Eva Underwood of Alameda gave a dollar to Mrs. Love last week.

Mrs. Underwood said no worker solicited her donation last year, and she wanted to be sure the Red Cross got her dollar this year.

She said she would be forever grateful to the organization for its aid in getting her grandson, then in the armed forces, home at the time of the death of her husband.

Local chairmen will determine the time each local fund-raising effort will get underway, it was announced by Mrs. Love.

The national drive will continue through March.

Pea Price To Rise, Farmers Are Told

Price to be paid for dried black-eyed peas next season probably will be seven to ten cents per pound compared with five cents last fall, Eastland County farmers interested in the programs were told at three meetings over the week end.

Appearing at the meetings at Rising Star, Carbon and Gorman was J. E. Swindell, representing the L. R. Barron Company of Athens, the firm that bought the county's first commercial black-eyed pea crop of any size last year after helping promote a planting program.

County Agent J. M. Cooper, who has been helping promote the black-eyed pea program because he thinks it fills an agricultural need in the county, said about 85 farmers attended the three sessions.

Cooper pointed out that black-eyed, cream and other edible peas can be eaten by man or beast, and add fertility to the soil since the plant is a legume.

Thus there can never be total loss if a crop is grown, he said. Last year's crop had a yield of 400 to 800 pounds per acre and taught some farmers a number of things, including the way to combine peas.

Swindell told those at the meetings that the price of stock peas will be somewhat lower than that of edible peas, as it always is.

Caudles Purchase Eastland Snak Bar

Mr. and Mrs. Robert S. Caudle have purchased the Snak Bar, short order cafe on Lamar Street just north of the Exchange Building in Eastland, and this week invited the public to patronize their establishment.

Caudle formerly was employed by Taylor Electric Company, and Mr. Caudle formerly was manager of the Eastland Shoe Store.

They announced the cafe will be open from 12 to 6 p. m. Sundays in addition to regular week day hours.

Mrs. Billy Martin has been ill with flu this week at her home.

GROUP TO RUN RED CROSS DRIVE IN EASTLAND

Above are shown the people who will have charge of the 1951 fund-raising drive of the American Red Cross in Eastland, scheduled to begin soon, with an assigned quota of \$1500. Left to right are Mrs. Juanita Hickman, residential area chairman; Bruce Pipkin, special gifts chairman; Cyrus B. Frost, Jr., chairman; Don Russell, business area chairman; Mrs. Olivia Carothers, clubs chairman, and William Stanley, schools chairman. Not shown is Bill Collings, industry chairman. Castor Bean Crop In County Sought; U. S. Backs Price

County Agent J. M. Cooper, County P.M.A. Administrator Emmett Powell and members of the county P.M.A. committee are to attend a session in Brownwood one day next week to discuss the government's program for growing castor beans in this area.

Under the program, the government will guarantee farmers a price of 10 cents a pound for castor beans, and a processing plant has been assured for Brownwood.

Eastland is one of the counties that has been called on to furnish castor beans for the plant.

Castor oil, while it is the bane of many an adult's childhood memories, is industrially important as a lubricant, in hydraulics, and in chemical applications, all of which have connections with the present defense program.

Cooper said experiments have shown that castor bean plants can be grown anywhere cotton can, and on good cotton land will produce 800 to 1,000 pounds of beans per acre.

While many farmers in Eastland County feel their sandy soil will not grow cotton, some have demonstrated that deep sand will grow cotton well enough, if enough of the right kind of fertilizers are added, Cooper said.

Will Those Suddenly Greening Cover Crops Do Any Good? Time Will Tell

What will happen to winter cover crops that were sprouting bright and green in many Eastland County fields this week was a debatable and debated question.

The fields were planted to the vetch and rye and to clovers last fall, but no moisture came to sprout the seeds until recently. Now the crops are coming up all over the place.

Many farmers are sure the season is much too late for the crops to grow any seed; others feel that a good season from now on may bring a good, or at least fair, seed crop.

County Agent J. M. Cooper said he has seen cover crops planted as late as March—but they didn't seed out.

A major point is that most of the crops were planted with a good deal of expensive fertilizer, and if the commercial fertilizer is to have maximum effect for future crops such as peanuts, it must be "set up" by the nitrogen fixing qualities of the roots of the leguminous cover crops.

The recent moisture, while not great, measuring a total of 1.22

GROUP ATTENDS BANQUET AT CISCO

A group of Eastland people, including H. J. Tanner, Judge Clyde Grissom, John Osborne, Mr. and Mrs. Cyrus Frost, Jr., and Mr. and Mrs. Billy Frost attended the annual banquet of the Cisco Chamber of Commerce Tuesday night.

Also present was Fred Brown of Mineral Wells, former Eastland banker.

City Commission To Consider Statute On Oil Drilling

Passage of a city ordinance for issuing oil drilling permits inside the Eastland City limits will be considered at a called meeting of the Eastland City Commission at 9 a. m. Saturday, City Manager I. C. Heck said Thursday.

Heck said City Attorney Frank Sparks had finished drafting the proposed ordinance.

Several different parties in and near Eastland have been discussing drilling oil tests inside the city limits, but any real action on such projects has been barred in the past by the fact there was no empowering ordinance.

Way for such an ordinance was cleared three or four years ago when the City Commission during Dan Childress' term as mayor repealed an old ordinance which forbade any oil drilling within the city.

But to make such drilling practical, an ordinance was needed to set up a system of permits, and to define what drilling practices could be followed legally in the city.

Recent tests near the city limits such as the Bradley wells on the Holcomb and the Moore well on the Downtown property, both just east of town, have spurred interest in city drilling.

J. U. Johnson, who long has been interested in townsite drilling possibilities in Eastland, had a letter this week from a magnetometer operator saying that prospects for finding oil in the city limits of Eastland were quite good, particularly in one place.

Civic League Already Gets Hospital Funds

Funds for the proposed new Eastland hospital already were being raised this week by members of the hospital committee of the Civic League and Garden Club.

In an advertisement in this issue of the Record, they appeal to the people of Eastland to donate the flaps from boxes of Meadolake Margarine, the flaps to be deposited in boxes in the grocery stores.

For each flap, the club gets five cents for its hospital fund.

One grocer, H. B. MacMoy, told the club women he'd donate five cents of his own for each five-cent flap deposited in his store.

The club raised about \$100 for its hospital fund through the mid-winter carnival it held two weeks ago, Mrs. James Horton, president, said.

R. V. Payne of Breckenridge was a business visitor in Eastland Wednesday.

Plans For Building To Be Brought Over Week End

Members of the hospital committee of the Eastland Civic League and Garden Club have just about given up the idea of using the Caton Clinic as the basis for a hospital for Eastland, a spokesman for the group said Thursday.

Thought now is being concentrated on a brand new hospital, to be built probably on the hospital site a block north of the clinic, and to be constructed at the lowest possible cost, it was learned.

The hospital site is the northern half of the old high school hill, bounded by Daugherty, Plummer and Green Streets. The land was bought several years ago by a group of Eastland men and dedicated as the site for a future public hospital for Eastland.

Members of the hospital committee said the plan to incorporate the Caton Clinic into the hospital setup was given up when it became apparent a large section of the public in Eastland opposed any such plan.

A new hospital, not including the clinic, apparently would assure Eastland of two young doctors, it appeared after the week-end visit of Drs. Walter Patton of Dallas and Mangold of Meridian, both now interning in Houston.

Both seemed pleased by what they saw, and seemed ready to come to Eastland to join Dr. Caton in a partnership practice in July if a hospital is assured here.

This week end, Ted Howard, Texas A. & M. College architectural student and son of Mr. and Mrs. Veon Howard of Eastland, is expected home, accompanied by a senior architectural student at the college and a preliminary set of drawings and plans for an Eastland hospital.

The students are to meet with the hospital committee, and the plans will be viewed and discussed.

Then next week, or some time soon, members of the committee expect to call a mass hospital meeting, possibly in the high school auditorium, to discuss progress to date and perhaps attempt to find out if the people want to go ahead and begin the big drive for funds for the hospital.

Dr. Caton has said a number of times that he does not want his clinic to be used as part of a hospital; that he rather would have two young doctors join him in practice there, with the hospital to be built elsewhere.

With events shaping up as they are now, that could transpire. And committee members, who have been working hard on the project, were more hopeful this week than they had been since the hospital agitation began.

Knights Of Pythias District Session Set

District meeting of the Knights of Pythias will be held in Eastland in the K. P. Hall Tuesday evening, it was announced Thursday.

Lodge representatives are expected to attend from Abilene, Breckenridge, Baird, Stamford, Aspermont, and Gorman.

At 7:30 p. m., the lodge will put on the rank of page. The session will be under direction of the district deputy.

Refreshments will be served. All members of the lodge were urged to attend.

Film On Jesus' Life To Be Shown Here

Appropriate to the pre-Easter season, the new \$2,500,000 Cinecolor film, "The Prince of Peace," will appear at the Lyric Theatre in Eastland Sunday and Monday, March 11 and 12, Aubrey Van Hoy, manager, said this week.

The film's story is that of the life of Jesus, and it was filmed in the Wichita Mountains of Oklahoma with a cast of 3,000.

The picture features a musical score written by Edward J. Kay and rendered by an 80-piece symphony orchestra and the 80-voice Hallelujah Choir.

OLDEN HIGH SCHOOL NEWS

By PAULINE COLTHARP

The high school boys' and girls' 4-H clubs met Wednesday morning, February 21. The girls met in the north room and discussed gardening.

The high school girls are enrolling in a course in Home Nursing. Classes are held once weekly on Tuesday afternoons in the P. T. A. room.

The girls basketball team completed their season with the district tournament at Gorman. The girls lost to Lingleville in their first game. They returned to win over Carbon by a score of 33-12. Friday night they lost to Huckaby. The girls did come a long way with their team. Their success would not have been possible without the excellent coaching done by Mr. Hilliard.

The girls' basketball team is losing only two senior players, Esther Alvarado and Pauline Coltharp. The team has some very good material, which should enable them to have an outstanding team this coming year.

Tennis season is beginning now, that basketball season is over.

Eggs May Bring Farmer High Price

FAYETTEVILLE—Sixty dozen eggs are worth less than fifty dollars today, but they may be worth \$5,000 to a Texas poultry farmer four months from now.

Two cases of prize hatching eggs arrived at the University of Arkansas Experimental Farm here today from Joe Fechtel, owner of Western Hatcheries, Dallas. Eggs from poultry from all parts of the United States will be placed in both incubators tomorrow and—21 days later—thousands of fluffy chicks will be hatched to compete in the National Chicken-of-Tomorrow Contest.

This competition is the Climax of nationwide research during the last six years to develop bigger and better chickens for the dinner table. The pay-off will be June 15, when the breeder whose birds are judged best after a 12-week growing period will receive a \$5,000 award from A&P Food Stores, sponsor of the test in Cooperation with the U. S. Department of Agriculture, national poultry associations and agricultural colleges.

The Lone Star State finalist qualified by placing high in 1949 and 1950 state and regional contests.

Contest chickens are judged, both alive and dressed, for rapid growth, rate of conversion of feed to meat, uniformity of size and quality, yield of edible meat and eye appeal to the consumer.

Fechtel's entry will be of the White Plymouth Rock breed, a type originated in New England and now popular among poultrymen throughout the United States.

MRS. WATSON NEW PRESIDENT OF PIONEER WOMEN

Mrs. R. L. Watson was elected president of the Eastland 50-Year Pioneer Club at a meeting Tuesday in the home of Mrs. Ora B. Jones, 511 South Seaman Street.

Other officers elected were Mesdames Hannah Lindsey, vice-president, Millie Brittain, secretary, and Ida Morris, treasurer, re-elected.

Mrs. Watson had been vice-president. Other former officers are Mrs. Minnie Love, president, and Mrs. W. H. Mullings, secretary.

Mrs. Will Martin was welcomed back to membership after an absence of several years. She read the poem, "Things to Forget."

Members honored Mrs. Brittain and Mrs. Ida Foster by singing "Happy Birthday" as a large birthday cake was placed in the center of the table.

J. A. Beard gave the invocation at luncheon.

A skit on the childhood life of her mother, Mrs. Brittain, was given by Mrs. Eureka Drake Ferguson of Abilene.

Members present included Mesdames Ida Morris, R. O. Durden, E. A. Wesson, E. E. Wood, Maud Braly, I. J. Killough, T. M. Johnston, Watson, Brittain, Lindsey, Mullings, and Misses Beulah Speer and Sally Day.

Visitors present included Mesdames Jess Williams, John Collins, Albert Gleason, and Ferguson, and Messrs. E. E. Wood, W. H. Mullings and Beard.

The club will meet next on March 27 in the home of Mrs. Lindsey, 114 East Conner Street.

WCS Entertained By Mrs. Crowell

Mrs. Frank Crowell entertained members of the WCS in a social meeting at her home Monday afternoon.

A Saint Patrick's Day theme predominated, and the serving table was decorated with two large shamrocks and centered by a floral arrangement of daffodils.

Punch and cake was served by the hostess, assisted by Mesdames George Lane, R. D. Estes, Charles Harris, and Miles Turner.

Those present were Mesdames W. P. Leslie, W. B. Harris, O. O. Mickle, B. O. Harrall, Fred Davenport, T. M. Johnson, R. D. McCrary, J. M. Bailey, W. H. Mullings, Herman Hassell, and Joe Stephens.

Program On Alaska Given For Club Here

A program on Alaska was presented at the meeting of the Alpha Delphian Club in the Woman's Club in Eastland Thursday afternoon.

Mrs. L. M. Chapman, hostess, presented Mrs. George Cross, who read a paper on the history of Alaska and how the frontier territory fits into the defense program of the United States. Mrs. W. B. White prepared the paper.

Mrs. W. R. Cole, president, had charge of the business meeting. Present were Mesdames Leroy Arnold, L. C. Brown, R. L. Carpenter, Chapman, Cole, Cecil Collins, Cross, W. B. Harris, George I. Lane and H. A. Tweed.

GIFT TEA HONOR FOR MISS WILLIAMS

The Woman's Club formed the setting for a gift tea honoring Miss Wanda Williams of Odessa, bride-elect of Bobby Doss Blair, Friday evening.

Hostesses were Mesdames W. L. Van Geem, R. L. Carpenter, Evans Hood, Lee Horn, Neil Hurt, J. H. Rushing, Clyde Walker, Curt Williams, Lon Horn, R. M. Webb, Shero, L. B. Horn, J. R. Webb, and Miss Bobby Shero.

Guests were greeted at the door by Mrs. Carpenter and received by Mrs. Will Van Geem who presented them to a receiving line composed of Mrs. Williams, mother of the honoree, Miss Williams, Mrs. Blair, mother of the prospective groom, Miss Lily Williams of Waco, aunt of the honoree, and Mrs. Susie Horn, grandmother of the bride-elect.

The tea table was laid with a lace cloth over lavender, ornamented by an arrangement of lavender and white stock Crystal appointments were used. Mrs. Neil Hurt poured punch. White angel cake squares, nuts and mints were served by Misses Betty Bumpass, Barbara Martin, and Mrs. Jimmy Mathews.

Gifts were displayed on tables in the center of the club room. Guests were bid farewell by Mrs. Curt Williams.

About 100 guests registered.

AUSTIN—Arno Nowotny, University of Texas dean of student life, and Robert G. Gordon and Joe F. Farrar of his staff, will attend the annual meeting March 28-31 in St. Louis of the National Association of Deans and Advisors of Men.

MRS. SEABERRY HONORED AT TEA

A tea complimenting Mrs. Virgil T. Seaberry, Jr., a recent bride, was held Friday afternoon in the home of Mrs. Virgil T. Seaberry, Sr., 206 West Burkett Street.

Guests were greeted at the door by Mrs. Cyrus Frost, Jr., and introduced to a receiving line composed of the honoree, Mrs. Seaberry, Sr., the hostess, and Mrs. Arthur Faguy-Cote of Fort Worth, mother of the bride.

Arrangements of spring flowers accented by lighted tapers graced the rooms. A row of pink and white azalea plants on the front porch added a spring note.

The refreshment table was centered by a lovely arrangement of spring flowers in a silver container. It was flanked by yellow tapers in silver holders. Two silver tea services and silver appointments completed the table. Yellow napkins were used.

Daintily decorated cookies, pasted mints, salted almonds and tea were served.

Mesdames Clyde Grissom and John Turner assisted in the house party. Assisting in the dining room were Mesdames Jack Frost, Billy Frost, Horace Horton, Jack Carothers, Bruce Pipkin, Stanley Hake and Jim Whittington.

About 150 guests called during the afternoon.

Mrs. Brittain Honored At Circle Meeting

Mrs. Millie Brittain was honored Tuesday as the Marian Gaiques Circle met in the home of Mrs. T. L. Cooper.

Mrs. Brittain was accompanied by her daughter, Mrs. Eureka Drake Ferguson of Abilene, who gave a short review of her mother's life.

The meeting was opened by Mrs. Gaiques and the group sang a hymn, after which Mrs. N. L. Smitham reviewed a chapter from the "Master Story Teller." Mrs. Cooper gave the treasurer's report.

A salad plate and coffee were served to Mesdames Pearl Wingate, Gaiques, Brittain, E. E. Wood, Smitham, R. L. Carpenter, Ferguson, Bernice Tankersley, J. C. Carothers, and the hostess.

In 1869 gypsy moth was accidentally introduced into America by a naturalist carrying on experimental work with insects.

The Liberty Bell was cast in England.

Mrs. Stanley Given Surprise Shower At Chapter Meeting

Members of Zeta Pi chapter of Beta Sigma Phi met Tuesday evening in the home of Mrs. Galand S. Poe, with Mrs. R. B. Pipkin as co-hostess. Following the meeting and program, a surprise pink and white shower was held honoring Mrs. W. H. Stanley. Hostesses were Mesdames Pat Miller, Terry Barrett and H. C. Gage.

The living room of the Poe home was beautifully decorated with an arrangement of spring flowers on a table backed by a large reflector.

The business meeting was presided over by Mrs. J. T. Cooper. Mrs. Oscar Avera reported that the oxygen tank sponsored by the chapter again is ready for use. Members were reminded of the convention to be held in Fort Worth in May.

Mrs. Bob King, introduced by Mrs. Avera, demonstrated the use of stencils in textile painting, and in pottery work. She emphasized the use of a stubby brush, with not too much paint, for best results.

Following the program, Mrs. Stanley was surprised with the gifts, brought out on an improvised bannet. During the social hour that followed, a refreshment plate of cherry pie topped with ice cream and accompanied by coffee was served. Favors were safety pin storks carrying miniature babies atop white marshmallows.

You Are Courting Trouble -

... when you accept the merchant's suggestion that just any kind of merchandise will do. President McKinley once said: "do not prize the word Cheap" and he didn't. It pays to buy dependable products, from those who are dependable, and there is no way of estimating how much time, worry and money are saved by those who shop for and buy only quality products. Waiting may take somewhat longer, but it is well worth it in the long run.

County Officials Get Commissions From Shepperd

AUSTIN—Commissions for all Eastland County and precinct officials were mailed today by the office of Secretary of State John Ben Shepperd to County Judge John S. Hart.

The commissions which bear the signatures of Governor Allan Shivers and Secretary of State Shepperd were issued to persons elected in the general elections. Governor Shivers commissioned those whose names appeared on certificates of election and qualifications prepared by the county judges for the Secretary of State, following the November elections.

State statutes require that the office of Secretary of State send these commissions to each county judge who then presents them to the officials of both the county and precinct. Shepperd's office, which acts as the secretarial arm of the executive branch of state government, keeps official records of all persons elected or appointed to office in the State of Texas.

Those commissioned are as follows:

Carl Elloitt, county superintendent but no city reported a decrease greater than 19 per cent from January, 1950, receipts.

AUSTIN—Dr. W. Frank Blair, University of Texas zoologist, will speak at a Corpus Christi regional meeting of the Texas Academy of Science April 6-7 on his study of Texas "Brush Country" mammals.

Stronger Cotton Fibres Developed

AUSTIN—Cotton fibers are strengthened by 10 per cent or more by a new hydrocyanic acid treatment discovered by a University of Texas scientist.

"The discovery is expected to strengthen all types of cotton products," Dr. Vernon L. Frampton, University research scientist who developed the new fiber treatment, said.

The discovery also lengthens greatly the life of cotton garments laundered in soap.

Dr. Frampton and his associates found the new process while conducting experiments to find a way to stop the degrading effects of fungi, bacteria, and the sun's ultra-violet rays on cotton fibers.

The discovery is just one advance in the University scientists' long range program started in 1947 to develop resistance in cotton fibers to all deterioration.

Their work is part of the extensive program of the Texas Cotton Research Committee, made up of the presidents of the University, Texas A&M College, and Texas Technological College. The Committee's current work is financed by funds provided by the Legislature.

W. H. Watkins of Eastland is visiting his daughter and family, Mr. and Mrs. Barbee Craig of Big Lake, this week.

R. Lester Foster of Fort Worth is visiting his mother, Mrs. Ida B. Foster.

All in a Year's Work

MUCH HAS BEEN DONE IN 1950 TO BUILD A STRONGER, BETTER TELEPHONE SYSTEM IN TEXAS

Telephone Installers Were Busy... connecting 537,650 telephones during the year, an average of one every 57 seconds. Back of this activity was a rapidly growing telephone system. Fifty-three new buildings were completed or started... enough dial and switchboard equipment was installed to serve 146,000 telephones... 131,000 telephone poles were placed... more than 184,000 miles of wire were added to the system.

Growth Is Expensive... Gross construction cost in Texas last year was \$82,623,000. That's an average of \$84.31 for each of the 980,000 people in all walks of life whose help we must have to pay for expansion and improvement of telephone service—the people who have invested their savings in the telephone system.

WE CAN'T STOP GROWING NOW

The need for telephone growth is far from satisfied. It is imperative that we meet fully the service demands for defense, both military and industrial. Now, as never before, improved telephone company earnings are important—for only adequate earnings can attract new investment money needed to expand the telephone system.

News Still Being Written About Battle Of San Jacinto, Despite Years Between

DALLAS—Andrew Forest Muir has some things to say about Texas' Number One hero which should be said with a smile—particularly when ladies of patriotic societies are present.

In an article in the Spring issue of "Southwest Review," published by Southern Methodist University Press, Mr. Muir reveals for the first time certain facts about the Battle of San Jacinto which no doubt will cause arguments almost as heated as the battle.

Muir writes that when news of the Alamo reached Houston's army, it began a headlong retreat, first to the Colorado, then to the Brazos. "At times it seemed that

the terror stricken families (of settlers) and the retreating troops were racing to which would first cross the Sabine. Rumors ran through the army that Houston was to continue the retreat until he crossed into the territory of the United States where he would be safe from Santa Anna."

Houston's army was made up largely of men who had come to Texas for a fight. They wanted a go at the Mexicans, and when the retreat continued, and they were kept in a long bivouac, many of them deserted. There was general dissatisfaction throughout the troops, with much criticism of Houston by both soldiers and officers. Muir states that whether the order to bear toward Harrisburg—where the Mexican Army was expected to go—was given by Sam Houston or Secretary of War Thomas J. Rusk, it was the only command the surly Texans would have obeyed.

Later, when both Mexican and Texan armies had succeeded in bottling themselves up between Buffalo Bayou and a strip of exposed prairie, the Texas men could no longer be restrained and attacked the Mexicans during their siesta hour. Houston claimed that he ordered the attack, but, according to Muir, "more than one participant insisted that Houston ordered the troops to halt as soon as they began the assault." Twenty minutes later the battle was won, and Texans were pursuing fleeing Mexicans through the timber along the Bayou.

Among the spoils of war captured by the Texans was some \$12,000 in cash, which, less an amount assigned to the navy, was supposed to have been divided among the troops. Most of them, however, never saw any of it, and many believed the money was "counted out of existence."

Muir's article is bound to add more fuel to the fires which have long raged around this most controversial event in Texas history. "The Mystery of San Jacinto" is the lead article in the Spring issue of "Southwest Review."

Annual Ranch Tour To Be Planned

Annual tour of ranches of the county will be discussed at a meeting of the Eastland County Livestock Raisers Association in the Eastland Chamber of Commerce office at 7:30 p. m. Friday, according to Judge M. S. Long, president.

Members, officers and directors were urged to be present.

Plans also will be discussed for the county livestock show in Cico March 29, 30 and 31, and sending FFA and 4-H Club boys to Fort Worth following the show, to see their fat animals sell in the stockyards.

Germanys Return To Live In Eastland

Mr. and Mrs. Jack Germany of Houston have returned to Eastland to make their home, they said Thursday.

Germany, who has been employed by a pipeline company in Houston, will sing in the chorus of the Junior Class Stunt to be presented February 23-24 at Texas State College for Women.

The stunt tradition began thirty-six years ago with a circus frolic and became an "all college" event in 1938 with the awarding of a silver loving cup to the class presenting the best twenty minute production.

The four classes write and produce their own skits and each plot is kept secret until opening night. Emphasis in judging is on originality and effective production.

Miss Halkias To Sing In TSCW Program

DENTON—Miss Mary Halkias, daughter of Mr. and Mrs. Ernest J. Halkias, formerly of Eastland, will sing in the chorus of the Junior Class Stunt to be presented February 23-24 at Texas State College for Women.

The stunt tradition began thirty-six years ago with a circus frolic and became an "all college" event in 1938 with the awarding of a silver loving cup to the class presenting the best twenty minute production.
