The three incumbents were re-elected for two-year terms. Other commission members are Mayor W. W. Linkenhog and Herman Rushing.

Annual Minstrels To Be Next Week

Bigger and better than ever, the annual Eastland Quarterback Club Minstrels will go on the stage of the Eastland High School auditorium Thursday and Friday nights of next week.

Cast members say the show this year tops any in the past in the humor, music and book.

Mrs. Marene Johnson, the veteran writer-director of the show, has outdone herself, they said.

Tickets for the minstrels were placed on sale this week at local drug stores, said Everett Plowman, chairman of ticket sales.

Proceeds, as in former years, will go to club projects to improve school athletics in Eastland.

Teachers To Hear State Education Head

Members of the Eastland County Teacher Association at their annual banquet to be held Monday, April 16 in Eastland, will hear Dr. J. W. Edgar, Texas commissioner of Education, as the principal speaker.

Dr. Edgar now holds the biggest educational job in the Texas public school system. He administers the former duties of the state superintendent of education, an some besides.

The banquet will be in the Fellowship Hall of the First Methodist Church in Eastland, and will begin at 7:15 p. m.

Carbon School Supt. T. E. Robertson is president of the county teachers' group.

Pearson Grimes, Sr., is spending a few weeks in Mineral Wells taking baths. Mrs. Grimes stayed with him last week. Grimes has been suffering from an inflamed nerve in his leg and back.

County School Board Election Scheduled

No opposition has appeared for three members of the Eastland County School Board whose names will go on ballots in Saturday's election for re-election.

The three are Dr. P. M. Kuykendall of Ranger, member at large from the county, W. P. Roach of Rising Star, Precinct 3, and Mrs. J. R. Burnett of Cisco, Precinct 4.

Good Type Animals To Be Seen At Dairy Show April 14

An all-time best entry list of dairy cattle from Eastland County can be expected at the annual Eastland County Dairy Show in Eastland Wednesday, April 18, the show sponsors said this week.

In the show this year will be more dairy animals from fancy blood line dairy bulls than the county ever could boast of before it was pointed out.

This is because of the double-barrelled program of the Eastland County Dairy Association, the show's sponsor.

On one hand, the association, of which A. Z. Myrick of Cisco is the perennial president, has promoted the county's artificial breeding association, and that has produced hundreds of dairy calves in the county that were sired by the best blood line bulls in the Southwest.

The association also helped promote the youth dairy heifer donation program. The full-blooded heifers given to 17 4-H and FFA club boys of the county now have matured, and many have calves through the artificial breeding program. Both the original give-away heifers and their calves are to be on display in the show.

Officers For Lions Club Nominated

Wendell Siebert was nominated for president of the Eastland Lions Club in a report turned in by the committee at the club meeting Tuesday.

Other officers nominated were M. D. Fox, first vice-president; Bruce Pipkin, second vice-president; Bob Perkins, third vice-president; Ross Rucker, secretary; Oscar Avera, treasurer; Billy Rhodes, assistant treasurer; Lowell Snyder, Lion tamer; and N. P. McCarty and Homer Smith, directors.

County Agent J. M. Cooper told the group of a trip he and other agricultural workers had made to the Fort Worth stockyards the day before with a group of Eastland County 4-H and FFA club boys.

Cleaners To Observe Second Anniversary

Ideal Cleaners Saturday will observe its second anniversary in Eastland.

Owner Fred Adcock pointed out that he and Mrs. Adcock have added over \$2,000 worth of new equipment to their plant since they came here two years ago.

The added equipment was needed to take care of the expanded volume of business, he said.

Recently, the firm began giving S&H Green Stamps as part of its services.

Since they came to Eastland from De Leon, the Adcocks have bought a home in Eastland, and Adcock said they intend to continue the business policies that have been successful here.

Whittington Elected To Lead Rotarians

Dr. J. C. Whittington Monday was elected president of the Eastland Rotary Club, with Walter Payne and Eugene Hickman re-elected secretary and treasurer, respectively.

Cyrus B. Frost, Jr., was named vice-president, and Jack Muirhead, Sam Gamble and George Lane were named directors.

Hubert Westfall is retiring president of the club.

On the club program, Ross Rucker, Eastland school business manager, said that the federal government will take over control of education in the nation unless the citizens stop such a move.

Side Issues

By HENRY G. VERMILLION

Now the time has come for unity in Eastland.

The people already are united in wanting a hospital. No one has disputed the fact that a hospital is needed here.

There have been debates and disputes over what kind of a hospital is needed, how big it should be, how much it should cost, where it should be located, how it should be planned.

All those things now are of the past. The issue has been resolved. The question now is not whether you want a hospital in Eastland, or what kind of a hospital you want, or how big it should be.

The sole question left is, "How much money will you give toward building the only hospital that now is proposed in Eastland?"

It's exactly that simple. You give toward THIS hospital, or none at all.

Chairman C. W. Hoffmann of the hospital committee said that in his opinion, Eastland will get a hospital out of the present effort, or never will get one.

"It's our last chance," he said. "This probably is true. For a long time the hospital pot has been simmering in Eastland, and finally it has reached a boil. If this doesn't do it, there may not be enough heat left for another try."

J. A. Beard's late wife was ill a long while, and during her final illness, at a cost of several thousand dollars, he set up a virtual hospital in his home in Eastland.

However, he says, it is not for cases like this that Eastland needs a hospital so badly.

"A lot of our people here just cannot afford to send their people away to other towns to hospitals," he said. "That's why we need a hospital so badly."

Beard, one of Eastland's senior citizens, also advanced the thought that no town is complete without a hospital, any more than it is without schools, or churches, or a newspaper, or a bank, or any of a number of other institutions.

"Without a hospital, you don't have a town," he said. "And these days, without a hospital it looks as if you don't have any doctors."

And so it goes, almost everyone I meet talking hospital, and the town more engrossed in the subject than any town I have lived in ever has been wrapped up in any civic project.

Hoffmann thinks the money can be raised, if everyone will chip in and do what he can. That story will be told beginning next week.

Horse Show Plans Shaping Up Well

All plans were shaping up this week for an outstanding event when the Eastland Roping Club sponsors its benefit horse show and roping and cutting horse contests Saturday, April 14.

The events will be held at the Sig Faircloth Auction Barn and at the club's roping arena nearby.

All proceeds from the show will go to the Eastland hospital fund.

Wild Bill Elliott of movie fame has promised to be on hand, and will exhibit his outstanding cutting horse.

There will be Palominos and quarter horses in the show in the sales barn.

Members of the Civic League and Garden Club, who are selling tickets at \$1.20 each including tax, reported this week that sales are brisk.

The organization will sell food and soft drinks on the grounds the day of the show, with all proceeds to go to the hospital fund.

Hoffmann, Frost And Pickens Head Drive For Money

Eastland's all-out \$100,000 hospital fund-raising drive will begin Monday, with a good show of confidence that the money will be raised.

Drive Chairman C. W. Hoffmann and Committeemen Jack Frost and Buck Pickens were well aware this week of the tremendous task they faced.

They spent most of the day Sunday facing up to the problem, had another session Wednesday and are to meet again Friday.

Hoffmann said Thursday that the time has been spent choosing committees of various kinds, and combing lists of townspeople who have or might have substantial amounts of money to contribute toward the hospital.

Members of the three-man group were not deluding themselves. They knew that a comparatively small percentage of the population of the town was going to have to give most of the money if the \$100,000 is to be raised.

But they also were aware that hundreds of smaller donations were going to be needed.

Hoffmann pointed out at a meeting Friday night of last week at which the fund drive was decided on, that to raise \$100,000 in Eastland, each man, woman and child will have to be represented by \$25 given.

Many cannot give money to that extent, he said, so it means that some are going to have to give a great deal more.

At the meeting in the Eastland High School auditorium, Mrs. John Turner, chairman of the Civic League and Garden Club hospital committee, told of the committee's decision to recommend a one-month drive for \$100,000.

"Nothing less than \$100,000 will meet our need," she concluded after outlining the progress of the effort.

Then Mayor W. W. Linkenhog, who presided, called on various persons in the audience to give their views.

After about seven had spoken briefly, he called for a show of hands on whether the approximately 175 persons present favored the plan to raise \$100,000.

When no one dissented, the three-man committee was named, at the suggestion of Mrs. James Horton, president of the Civic League. Mrs. Horton suggested the names of the three men who were chosen.

Here are some of the things said by some of those at the meeting:

Hoffmann: "It's sort of a disgrace not to have a hospital in a town the size of Eastland."

Frost: "Each of us will have to make a real sacrifice if we are to raise this amount, and we must do it."

J. A. Beard: "I'm in favor of a hospital and I'm ready to go."

Guy Parker: "Of course I'm in favor of a hospital. \$100,000 is a lot of money."

Theo Lamb: "I don't think it will be so hard, when we went out on this project of raising money to give dairy calves to club boys and raised \$5,000 in a few hours."

Others who spoke included L. E. McGraw, Dr. J. H. Caton, who said he believed such a hospital soon would be self-supporting, Pickens, (Continued On Page Eight)

Judge E. E. Wood Somewhat Weaker

Justice of the Peace E. E. Wood, who suffered a heart attack recently, was somewhat weaker Thursday, members of the family said.

His condition was considered more grave because of his age. The veteran Eastland peace justice is 80 years old.

Judge Wood has been the central character in many of the true stories in Boyce House's books on Texas, and through a strange quirk will be in Ranger, gravely ill, on Boyce House day in Ranger Friday.

STATE OFFICIALS ARE ON PROGRAM OF THURSDAY CLUB

Two state officials for home-making education presented a program concerning the Future Homemakers of America at the meeting of the Thursday Afternoon Club Thursday.

Miss Ruth Huey, state superintendent of homemaking education, and her assistant, Miss Josephine Pazzral, both of Austin, outlined the aims of their work, and told many interesting details of their contacts with young people.

Miss Pazzral presented a group of Eastland County FHA girls, who outlined the 10 aims of their club.

Mrs. I. C. Inzer as program leader for the afternoon presented the speakers, and later turned the afternoon's activities over to the hostesses, Mesdames Grady Pipkin, Robert Perkins and W. P. Leslie.

The hostesses poured tea and served canapes and cake squares from the beautifully appointed tea table. A single large white candle in a crystal, pansy-filled bowl, and which was flanked by white swans and pansies, made an impressive center arrangement to blend with the silver service and white lace cloth covering the table.

Twenty-two members attended the meeting.

Mr. and Mrs. Arlie Elrod and daughter, Marilyn Kay, of Belton visited in the home of Mrs. Elrod's parents, Mr. and Mrs. C. I. James, in Olden over the week end. The Elrod family will visit other relatives and friends in the county during their two-weeks vacation.

Mr. and Mrs. Robert Vaughan and daughters, Eileen, Mary Angeline and Vernay, spent the week end with Mrs. Vaughn's parents, Mr. and Mrs. H. H. Haynes of Big Spring.

"EASY DOES IT"

GROUND ALLSPICE and chopped parsley mixed with ground lamb give a tangy taste to this bland meat. If desired, the patties may be marinated in lemon juice or salad oil for one-half an hour before cooking.

Heat your leftover sliced beef in diluted or thinned tomato sauce to which a bit of curry has been added. This is attractive over mounded, mashed potatoes or rice.

Crisp, cooked bacon slivers added to your French dressing give a novel flavor to vegetable or citrus fruit salads. You may also add a bit of condensed tomato soup to it if you like the richness.

An unforgettable filling for popovers or hot biscuits is creamed ham and a garnish of green asparagus tips. Both may be leftovers from Sunday dinner.

Add flavor to meat by placing strips of bacon at the bottom of the pan. You'll also find it helps prevent it from sticking.

RECIPE OF THE WEEK

Grapefruit Slaw

(Serves 6)

- 2 grapefruit, sectioned
3 cups shredded red or white cabbage
1/2 cup mayonnaise
1 teaspoon salt
1/2 teaspoon celery seed

Cut peel off grapefruit, deep enough to remove white membrane. Then cut slice from top and bottom. Cut along sides of each dividing membrane from outside to middle of core. Remove, section by section, and set on salad greens. Combine remaining ingredients and pile in center of fruit.

Quick and easy salad fare that's guaranteed to make a hit includes fresh pears teamed with cheese-stuffed dates on a bed of salad greens. Use a French or soured cream dressing.

For whole egg or butter cakes that are to be eaten shortly after they're baked, you'll find an easy icing can be made by beating egg whites with raspberry or currant jelly.

Rich sandwich filling that's nourishing too, includes chopped ripe olives and chopped walnuts with enough mayonnaise to moisten. White or whole wheat are good choices for the bread.

BEFORE PEELING APPLES

which are to be cooked, pour boiling water over them. The skins will come off quickly and easily.

Get all the sand out of spinach by using warm water for washing it. Adding some salt to this first rinsing water, too, will help get the sand and dirt out more readily.

Use a coarse grater for peeling carrots. This gets the peel off easily and quickly and helps save the vitamins and minerals buried right under the skin.

The odor of turnips while cooking can be greatly lessened if you add a teaspoonful of sugar to the water in which they're boiled.

Strings can be removed from green beans if you pour boiling water over them for about five minutes after washing.

Add the juice of a lemon or a few teaspoonfuls of vinegar to vegetables which have become wilted, and let them stand in cold water before cooking.

RECIPE OF THE WEEK

Apricot Bread Pudding

(Serves 8)

- 4 slices dry bread
2 teaspoon butter
1 1/2 cups cooked apricot halves
3 eggs, beaten
1 cup milk
1/2 cup juice from apricots
1/4 cup sugar
1/2 teaspoon lemon extract

Trim crusts from bread. Spread 1/2 teaspoon butter on each slice of bread and cut in quarters. Alternate layers of bread and apricots in greased 1 1/2-quart casserole with apricots as the last layer. Combine all remaining ingredients; pour over bread and apricots. Bake in a moderate (350° F.) oven for 30 minutes. Serve with plain or whipped cream.

To peel sweet potatoes without any waste, grease the skins before baking with lard. When baked, the skins slip off.

Peel fresh pineapple without difficulty by slicing it into rings first. Then take each ring and run a paring knife to remove the peel.

Fried potatoes will brown easily and have that highly desired golden finish if you dust them very lightly with flour just before frying. An ideal way to do this is to shake flour from a shaker with large holes in it.

C Of C Banquet To Be April 23

The Eastland Chamber of Commerce annual banquet, which has been postponed two or three times, "positively" will be held in the Connellee Hotel Roof Garden in Eastland the night of Monday, April 23, it was announced this week by Manager H. J. Tanner.

Causes of the delays have been the conflicting activities of the scheduled principal speaker at the banquet, French Robertson of Abilene.

Robertson was obtained as a speaker because he is president of the West Central Texas Oil and Gas Association. Theme of the affair will be "The Oil Man."

But after the original banquet date was set, Robertson was announced as administrator of the Office of Civilian Defense, and has had to set up the new office in Dallas. He is commuting by plane between Dallas and Abilene.

Robertson also is a member of the Texas Prison Board, and it was he recently who found time between his other duties to propose that young prisoners in the Texas penal institutions be given an opportunity to enlist in the Armed forces.

Anyway, the banquet has been set for April 23, and Robertson assured Tanner that he would drop whatever else he was doing that day and come to Eastland.

D. L. Bryant Services Are Held Wednesday

Funeral services were held in the Hamner Funeral Chapel in Eastland Wednesday for Daniel L. Bryant, 56, Olden World War I veteran who died Monday at his home in Olden.

Mac Bartee officiated at the services. Burial was in Eastland.

Mr. Bryant was a barber in Olden for many years. Survivors include his wife, three sons, Miller M. Bryant of Kermit, Buster Bryant of Whitesboro and Lonnie Bryant of Fort Worth, four sisters, two brothers and five grandchildren.

Mr. and Mrs. Kenneth Butler, Suzanne and Sherry accompanied Mrs. Ted Butler of Breckenridge to McKinney and Dallas for the week end. While in Dallas, they visited at Buckner's Orphans Home.

Mrs. Al Mayfield of Tennessee, the former Miss Thelma Harris of Eastland, is visiting friends here.

"I REMEMBER" BY THE OLD TIMERS

From Mrs. Bert Rizer, Barberton, Ohio: I remember how the pupils in the county school which I attended visited other schools to attend a "literary." We would ride in a bob sled with straw on the floor and kept warm with lap robes. The school house was lighted by kerosene lamps in brackets on the walls with reflectors behind them. The program consisted of dialogues, recitations, and it usually ended with a "speldown" between the two schools.

From James Black, Ada, Okla.: I remember 60 years ago when father would take me and get my leather boots long about last of November. How sore my feet would be, and not just that, they had to last until April or May. Never got any socks, but boy, was I proud! Could go out to Grass Run and skate. Don't know how many times would break through. Never got a cold, never sick. Dr. Walters gave father quinine powder once awhile.

From Mrs. Henry Adamson, Ishpeming, Mich.: I remember not so long ago in 1900, cream was five cents a pint. No one was fined for speeding. Nobody was ashamed to walk. Vitamin gauges were unknown. Only small boys wore short pants. Nobody was told, "The line is busy." Nobody cared for the price of gasoline. Farmers came to town for their mail. No one had to look for parking place.

From Mrs. Ed Beach, Sparta, Wis.: I remember when Barnum and Bailey's circus headquarters were in Baraboo, Wis. They had taken the big elephants to the portage in the Wisconsin river for a bath. What a time trying to get them out! They just made the big parade which was soon to start.

From C. E. Pleas, Chipley, Fla.: I remember when shoe soles were nailed on with wooden pegs and all merchants kept a rasp on their counters to cut the tips of the pegs off on the inside soles before delivering them.

Blevins Withdraws From School Voting

Names of Parks Poe and Henry Van Geem will be the only ones on the ballot when voters of the Eastland Independent School District vote for two trustees in the election Saturday, School Business Manager J. Ross Rucker said Thursday.

A. J. Blevins, Jr., earlier had filed for one of the places, but said this week that he had withdrawn as a candidate because of the press of personal business affairs.

Blevins said he announced for the place only because he had been persuaded he must if the ballot was to show two candidates. Rucker said Blevins withdrew in time to keep his name off the ballot.

Voting will be in the basement of the Courthouse from 8 a. m. to 7 p. m.

County Goes Over In Red Cross Drive

Eastland County apparently had met its 1951 fund drive quota of \$6,000 this week, Mrs. John Love, drive chairman, said.

Mrs. Love said that Earl Woody, county treasurer, reported that \$4454.69 had been turned in to him, and reports coming in raised the total to \$5,893.12.

A few workers still had not turned in reports, Mrs. Love said. Eastland finally went over the top in its drive for \$1500, with a figure of \$1568.84, and perhaps a bit more to come.

City Fund Chairman Cyrus B. Frost, Jr., said he was very happy to report that the quota had been exceeded.

Cisco earlier had gone over its \$1500 quota, and reached a total of \$1809.63. Ranger still was trailing among the "big three" towns of the county, with \$919.78 reported Tuesday and more to come.

Rising Star sent in a check for \$507.90, and Gorman reported \$500 raised.

In the rural campaign, most of the reports were in and complete. Totals, raised by home demon-

stration clubs, included: Desdemona (Howard Club) \$114, North Star, \$16.50, Carbon \$27.50, Cheaney and Staff \$76.55, Colony \$10, Flatwood \$26.55, Lake Cisco \$16.50, Morton Valley \$41.50, Nimrod \$21.10, Reich \$9.85, Sabanno \$5.45, Salem and Alameda \$22.50, Olden \$25.87, Crocker \$11, Pleasant Hill \$9.75 and New Hope \$9.

To Have Boyce House Day Friday Honor Author Of Book On Boom Days

Friday will celebrate "Boyce House Day" as Eastland's most famous ex-editor honors his latest book, "Roar-Boomer." The book, House tells of the "Biggest Boom," and also of the people who made the boom, and of other colorful stories in the history of the county, including Price Crawley, present mayor, and Bran Garnier, a play-theatre owner. The book even skips over to Eastland, telling of Victor Cornelius, a prominent citizen, and of the Junior Chamber of Commerce, with Lions and Rotary joining in, at which many people named in his new book will be in attendance. Naylor of San Antonio, author of the book, will be a guest, and State Land Commissioner Bascom Giles is expected.

At 7 p. m., a program will be presented at the Arcadia Theatre in which House will tell the stories from the new book. Distinguished guests will be present at the meeting. The program will give a dance at the Ranger Country Club at 8 p. m. to end the festivities. House formerly was editor of a newspaper in Eastland, and it was he who started the Old Rip story by circling the globe after he heard Justice of the Peace E. E. Wood tell of how his son put the horned toad in the cornerstone of the old Eastland Courthouse nearly 30 years before. Dr. H. F. Readers, Did you miss last week's column? We spent the week end in Memphis, Tex., with relatives, with a side trip to the southern tip of the Palo Verde Canyon, taking pictures. We returned our trip home Monday night to the Granite Mountains area, Okla., and the Lake Texoma recreational and irrigation project. It rained all the way home and we had a very fine visit and a flat tire until we reached the streets of Ranger.

The Alton Underwood children were here this week, as do Beverly and Judy Morehead.

Mrs. Belle Blackwell is able to be home again and is with Mr. and Mrs. John Blackwell for a time. Mr. and Mrs. J. B. Blackwell and children visited them Sunday.

Mrs. Bill Sparger, who has been ailing for a long time, is in considerably worse condition recently. Her daughter, Mrs. Zelle Perrin, and granddaughter, Mrs. Leona Young of Sweetwater, are at her bedside.

Mr. and Mrs. Herman Neger attended church at Cheaney and visited Sunday with their daughter, Mrs. Marie Blackwell, who is recovering from mumps. Her husband, Jack Blackwell, said he'd certainly had a family of swelled heads!

Mr. and Mrs. Bernard Yancey and son of Meridian spent Easter Sunday visiting their families, Mr. and Mrs. Dav. Weekes and Mr. and Mrs. Lee Yancey. Jean Love and Margaret Joiner were Sunday dinner guests in the Bill Tucker home.

Mr. and Mrs. Will Underwood, and Mr. and Mrs. Dave Morehead and family were Sunday guests in the Morris Underwood home in Ranger.

his sister and her husband, Mr. and Mrs. Ira Woods of Big Spring, and Mr. and Mrs. Bob Blackwell.

What should have been news last week was the visit in our

home Friday night of Cpl. Earnest W. Mahaffey of Eastland, home on 30-day leave from William Beaumont General Hospital at El Paso, following six months of combat action in Korea.

Corporal Mahaffey was once a student in the Alameda School, but completed his schooling in California while in training. He enlisted in October, 1949, and was stationed on the island of Guam for nearly a year, going into action in Korea in November of 1950 at Wonson.

His story of the U. N. retreat back to Hamhung would wring anyone's heartstrings. A rifle bullet through the elbow, shattering the bones, sent Corporal Mahaffey home for treatment. He personally received the Purple Heart, Combat Infantryman's Badge and a citation for his bravery.

It was near Seoul that he and his machine gun were put out of action. In his own words, "So long as American blood has been shed, I guess we should finish the job."

But the tired look in the young soldier's eyes makes us know that the ordeal he has been through has taken its toll.

Miss Eloise Lowrance of Eastland was a visitor in our home with Corporal Mahaffey.

This is her first trip back to England. Her husband and Glenn Hart drove her and the three children to New York. They will be gone three months.

Mr. and Mrs. Richard Tucker and her parents, Mr. and Mrs. William Melton, visited near Corpus Christi with a sister, Mrs. Le Roy Rogers, and Mr. Rogers and family, last week.

Dale Carnegie

Author of "HOW TO WIN FRIENDS and INFLUENCE PEOPLE"

Don't Expend Energy on Useless Worry

JAMES W. POLSIN, Saginaw, Mich., was 17 years old he was left with a family of eight to support. Two years previously the big crash of '29 had hit the country.

At that time pictures were frequently shown of the starving people in the Ukraine. What more natural than that he should visualize those for whom he was responsible soon presenting the appearance of those emaciated Ukrainians?

Those pictures and his own situation worried him so that he couldn't relax. Nor could he sleep at night until exhaustion forced him to sleep. Then, naturally, it was a restless

He was working in a meat market. Business poor at this time and customers few, so he left to himself much of the time. Added to other worry, he worried about what he would do if he lost his job. Jobs were few and far between in those days and in order to get something to eat, people were selling apples on the street to others who already had apples. So he stayed where he was for 10 years—years of a living hell, he says.

Carnegie

Eventually he became ill with spastic colitis, and the doctor said the first thing he had to do was to rid himself of the source of his trouble—worry. If he didn't he could not hope to get any better. Since nothing remains static, he knew if he didn't get better he would get worse. He knew too that as long as he remained so much to himself, his worry would continue. So he gave up his job and got one with a crew repairing a railroad track. He had to help tear up the tracks, replace the ties and then relay the tracks. The ties had to be imbedded in crushed rock. Hard, physical labor, so hard that when he went to bed at night he was so tired physically that he became as motionless as one of those rocks on the pile—and he slept.

Busy all day, he didn't have a chance even to think, much less worry.

Now he looks back with regret to those 10 years in the meat market when he spent his energy on useless worry.

\$100,000 Hospital . . .

(Continued from Page One)

Dr. Jim Whittington, Carl Johnson, who reminded the group of the benefit horse show to be held April 14 to aid the hospital fund, H. L. King, Henry Pullman, Horace Horton, Ben Hamner, Mrs. Theo Lamb, who called for volunteers to help sell 2,000 tickets to the horse show at \$1 each, I. C. Heck, who reminded those present that donations to the hospital fund would be deductible items on this year's income tax return, H. B. MacMoy, who proposed an auction of services to bring in cash for the drive, Earl Bender, H. G. Vermillion, W. C. Robinson and others.

There was no friction of any kind apparent, and most of those present seemed of a mind to buckle down and get the job of raising the money done and over with. At one point in the session, Jack Frost asked that any suggestions for raising money for the fund be presented to the committee.

SIDE ISSUES . . .

formerly of Eastland, sends in a clipping from a San Antonio newspaper telling of the efforts of a Californian to get C. I. Swan, surveyor of Bexar County, to survey the Californian's lot in Rising Star.

The story quoted Swan as saying, "That's quite a distance from San Antonio. The story went on to say, a bit on the exaggerated side, that Rising Star is almost as far from San Antonio as from California, and that Swan sent the letter to an Eastland County surveyor.

All of which, Mrs. Peck says, makes it a small world.

Walked in to Bob Vaughan's Western Auto Store the other day, and there on the floor, still giving a spasmodic gasp occasionally, was a three and a half pound bass, along with a much smaller friend. "I have to prove that the fishing tackle I sell will do the job," Bob said modestly.

Seems he and Norris Wilson had just returned from wetting some lines at Ringling Lake, and the evidence was there on the floor.

What a man won't do to get some free advertising!

It may be an ill wind that blows no one any good, and my belief is we've been having a lot of ill winds lately.

Rain would be the best medicine, but where's the physician to order it out?

Bob Nelson, former Leon Plant superintendent in Eastland and now superintendent of Texas Electric Service Company's power plant at Colorado City, has been ill in a Colorado City hospital, but is improved, friends said this week.

Mrs. Milton A. Gaines, who has been under treatment in Graham Hospital in Cisco, first for influenza and then for a heart condition, has shown some improvement, her husband said this week.

Mrs. Bill White, daughter of Mr. and Mrs. Frank Crowell, was ill this week in Ranger General Hospital.

Successful Parenthood
 BY **MRS. CATHERINE CONRAD EDWARDS**
 Associate Editor, Parents' Magazine

ENROLLMENTS for next summer's camps are made in March, so now is the time to add up the contributions camp life can make to your children's happiness and development. If camp meant nothing more than a break in the child's regular pre-occupations, it would be worthwhile. The television set, the radio, the local movie house, all excellent sources of entertainment in themselves — but how good it is for a child to get away from them for awhile and go where he must help make his own amusement!

Perhaps friendship heads the list of camp benefits, though many might put health first, feeling that friendship doesn't need a special atmosphere in which to blossom. But there is a difference to a child between the school or neighborhood pal he has known most of his life, and the exciting new friend, perhaps one from a strange city, he makes in the short space of a summer camp session. It gives him confidence in his ability to get along with strangers, and even if the summer friendship doesn't last beyond the first few letters of a promised "life-long" correspondence, these quick, eager enthusiasms, based usually on admiration for a special skill, are often remembered more sharply and with greater pleasure than the accustomed companionship of school mates. The child remembers Dick because he was so good at taking care of the horses, and nurses the ambition all the next winter to excel as an animal trainer — or come another summer, another boy may introduce him to the delights of butterfly hunting, another may get him started reading the books you've almost given up on, and the boxing prowess of still another lad may set your son to exercising with a vim you didn't know he possessed.

Then there are the long campfire talks with councillors and director that open the door to man-to-man confidences and make it easier for boys to talk later with their own fathers. There is the boyhood idealism, of which the world is in such crying need, which finds easier expression in the half-dark of the long summer evenings. The sympathetic adults who listen to your boy's shyly expressed yearnings to be useful and respected "when I grow up" are trained to guide these impulses into constructive channels. Sometimes a single talk can be a lifelong beacon.

Then there is the wonderful busyness of camp life! Something to do whenever you want to be doing (and time to be quiet if you are the reflective type.) There are the consuming projects that make a child put his whole self into finishing a float for the camp parade or practicing an act for the circus. No boredom, no what-shall-I-do-now blues—instead, feeling helpful, cooperative, important, with none of the pressures of school but much of its learning. To this happy state the right camp will lead your child. Add sunshine and good country air —and the increased appreciation of home and parents which being away from them often brings about —and you have a worthwhile summer a child will never forget.

Walters Base Needs Building Workmen
 A number of Eastland County building tradesmen already have followed a path made familiar in World War II and obtained positions helping rebuild Walters Air Force Base at Mineral Wells. But more such men are needed at the base, according to information received by The Record Thursday. Positions to be filled cover a wide field, it was said, but consist mostly of vacancies for carpenters, painters, plumbers, electricians and related building tradesmen. The new Air Force base, which was an Army camp during World War II, has been announced as the training center for all Air Force Engineering units in the United States.
