while that we have been really crowded badly for space, but if said Thursday. your favorite story got sqeezed down or crowded out this week, we're sorry.

It was only a few weeks ago in this column that I commented on my father's 80th birthday.

Now he is gone, and many are sad.

I was pleased that in a funeral tribute to Dad, Dr. E. B. Atwood picked out as the keynot of his character, his independence.

That has always seemed to me one of the most admirable characteristics a man can have, and because your father is not just a man to you, I had never particularly thought of Dad in that re-

About 400 Eastland County 4-H Club boys and girls and their parents and friends gathered in Eastland Saturday for 4-H Rally Day, and it was a big occasion all the way around for the boys and girls and their leaders.

It seems to me that 4-H Club work in the county is going ahead better than it ever has, and this is encouraging indeed.

Good 4-H Club members are busy boys and girls, and working young people make worthwhile

Ranger Junior College Chorus which sang Tuesday for LONG BRANCH CHURCH Olden school children, Eastland High School students and the Eastland Lions, really does a job on "Dry Bones." In fact, Fred Baumgardner really has done a job with the group.

prices are lower ... not higher!

ome see...

new Sewel Gas Refrigerators

a size to fit every family!

Now, a 9 ... a 10 ... and a 111/2 cubic feet model (Royal Tudor shown above) have been added. Each is a BIG refrigerator for BIG families. There are 14 models - 4 to 111/2 cubic feet.

like magic! larger inside smaller outside

Inches have been slimmed off in width and in depth. You can get a BIG Servel for your kitchen. No rearranging, no remodeling will be necessary.

Lower prices, in times like these, deserve an explanation. And here it is: Servel engineers completely redesigned the new Servel Gas Refrigerators . . . creating production savings which are being passed on to you.

Materials and workmanship are as good or better than ever. They have to be good because Servels are Guaranteed 10 Years—twice as long as any motor-driven refrigerator.

Yet . . . new Servels are priced as much as \$32.55 lower than last year's models!

This is the third Servel price reduction in two years. If you can afford any refrigerator, you can buy Servel. By any comparison, new Servels are the better buy-one to take advantage of

immediately. Come in today.

no moving parts to monkey with!

A small gas flame does all the work. There is no motor to wear no machinery to make noise. Servel stays silent, lasts longer. That's why only Servel is Guaranteed 10 Years.

You can't hear it - see it, today!

# With Shower Friday

Mr. and Mrs. Weldon Tankersley, newly-weds, were honored with a gift shower Friday evening in the home of Mrs. John H. Nix of Morton Valley, with Mrs. Clifton D. Beck as co-hostess.

The house was made lovely with arrangements of spring flowers. Mrs. Beck served the guests frosted punch with white cake decorated with pink flowers, and nuts and mints.

Mrs. W. D. Harrison and Mrs. Bill Thompson presided over the bride's book. Greeting guests at the door were Mesdames John H. Nix. Jack Robinson, and Lowell Coggins, who introduced the guests Mrs. Davis and Mrs. Tiner of Breckenridge, mother and sister of the bride, and to Mrs. C. H. Tankersley, mother of the groom.

The bride was Miss Delores Davs of Breckenridge before her wedding April 6.

seems that all of us just urally take a new lease life when Spring arrives. fortunately, out cars cando the same. They must helped to get in tune with ing. Your car will have same Springtime zip and that you have if you'll g it in for a complete ing changeover.

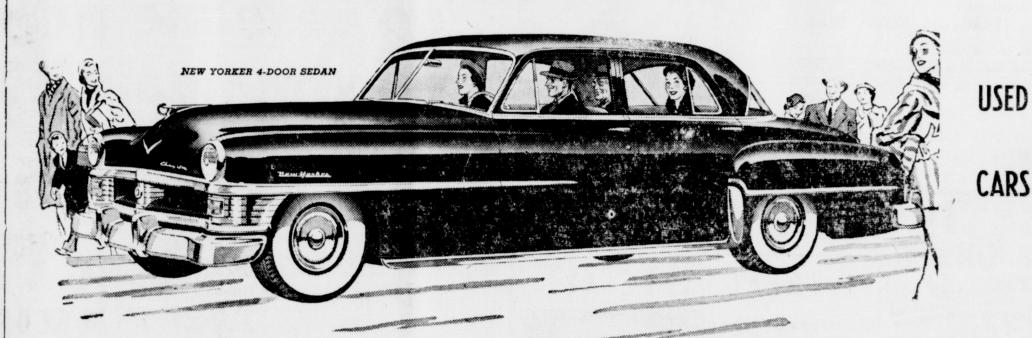

lit Any Car. Tailored Snug, Long Lasting Job.

Mr. Graham show you of our beautiful Spring erns. In plastic and fi-ONE-DAY Service.

ers from \$2.4.95 up

when you drive

You will drive the most basically new car in 27 years!

Here you see the central secret of FirePower's unmatched ability . . . the new Chrysler Hemispherical Combus-tion Chamber, heart of the finest motor car engine built today. In this dome pped, clean-walled area, you see the

day . . . the only way to develop full com-bustion, full compression, full work and value from every drop

FirePower specifications: 180 hp at 4000 rpm; Bore and Stroke, 3-13/16 x 3-5/8; Piston Displace-ment, 331.1 cu. in.; Compression Ratio, 7.5 to 1.

WHETHER you can own one this year or not . . . you owe yourself a turn at the wheel of a new Chrysler for 1951. Here is basic progress so deep and so great you will feel its impact for years to come.

Here is FirePower... Chrysler's revolutionary new powerplant which at one and the same time gives you 180 horsepower . . . and the most efficient use of gasoline ever developed in a motor car. With FirePower, you can outperform any car on the road. Yet with Fire-Power you will have less carbon deposit, longer engine life, less need for care and attention, than with any engine you ever owned. Here, on all new Chryslers, is the comfort marvel of Oriflow, an exclusive new shock absorber with over twice the shock-absorbing power of any other car's.

Here, optional at the cost, is the amazing new secting case of Hydraguide power steering, the new Chrysler "first" that removes four-fifths of the human effort from steering. Here, with over 70 various changes this year-and with deep-down Chrysler goodness clear through-is the most basically new car you ever drove! For the thrill of a lifetime . . . come drive a Chrysler!

CARS

Chrysler Fire Power Finest engine ever built in an automobile

You've read about it - you've heard about it - NOW come and look it over. We are supremely confident that no other car anywhere has an engine comparable with the sensational new FirePower V-8 Engine, and it is certain that this engine heralds a new epoch in design and performance, not only in America, but throughout the world.

It might be interesting and informative to point out that Chrysler engineers and designers devoted five years of research to designing, developing and testing the FirePower Engine.

During this time, the engine was tested for more than a million miles — the most exhaustive and gruelling tests ever given any Chrysler engine.

These many months of testing the FirePower Engine, and comparative tests with other leading V-8 engines prove conclusively that FirePower is the most efficient, and the best constructed, engine built today.

At 4,000 revolutions per minute, it develops a conservative 180 horsepower. It will travel at speeds well above 100 miles per hour —on the stop watch — and will cruise all day at highway speeds of your choice. This car, on the road today, is averaging 20 and 21 miles to the gallon of gasoline.

ECONOMY? Yes. PERFORMANCE? Yes. BEAUTY? Yes. All that you have wanted in a motor car . . .

Mrs. Matt Davis, although able

in the John Tucker home Sunday

The group was made up of

some of the Cheaney Church of

Christ congregation led by Albert

To paraphrase a popular song,

tra la la, Tweedle-ee-dee, it gives

me a thrill, to wake up in the

morning to the cawing of a couple

of crows! You see, our tomcat Lucifer, devoured the mockingbird

that has been surveying the land-

from the top of the barn, and any-

way, we like that catchy little

song that has been popular here

Speaking of song reminds the

writer (Mrs. Bill Tucker) of the

fine singing at the State Singing

Convention in Stephenville Sun-

day. From my place on the sing-

# e Voice of Defense" Reports to Texas

In times like these, when our way of life is threatened, Texans turn to their fastest, most dependable means of communication-and ask-

Is our telephone system prepared to handle its vital role as the 'Voice of Defense' ...

Here's part of the answer. There are twice as many elephones serving Texas as there were before World War II. Thousands of miles of long distance circuits have been added. Over 17,000 more telephone men and women are on the job to see his new emergency through-skilled, experienced cople, tested and proved in many emergencies.

But preparedness means continued growth. We're boking ahead and working ahead to keep elephone service one of Texas' greatest assets its defense efforts.

BY SPECIAL CORRESPONDENT

A gold star pin for outstanding Lubbock, has been a guest in her work done in her 4-H Club during home the past week end. 1950 was awarded to Miss Jeanette Rodgers, daughter of Mr. and Mrs to be home from the hospital, is D. W. Rodgers of Salem, during repirted still seriouly ill. the 4-H Club Achievement Day program in Eastland Saturday.

then at Desdemona, where she is session for Aunt Ellen Tucker. Salem community. a member of the 4-H Club and an eighth grade student. She will be a duchess from the Salem Home Demonstration Club in the forth- Brown, and some of the Alameda coming "Queen for a Day" event. people.

Mr. and Mrs. Will Underwood, Aunt Eva Underwood and the Dave Moorehead family visited near Ranger in the Morris Under-

The Alameda Cemetery certainly s showing improvement under the scape these past few mornings capable hands of a landscape committee made up of Mrs. Stella Blackwell of Ranger, Mrs. J. F. (Kid) Moseley of Olden and Mrs. Bill Parks of Desdemona. Evergreens line the driveways and make a very attractive setting, along with the trees and shrubs which already are trimmed and

A nice panel fence and wide gate have been added and the parking space graded, in readiness for the annual cemetery working and homecoming to be held as usual the first Saturday in May,

Future plans call for a well and pump to facilitate watering and further landscaping.

Mrs. Pauline Blackwell and Jackie, and Mrs. Marie Blackwell and Helen and Charlene of Cheaney visited the parental Herman Nerger family at Alameda Sun-

Mr. and Mrs. Fred Rodgers and children visited Sunday in Carbon with her sister, Mrs. Nick Duggan, and family.

Callers Sunday in the S. E. Lemley home were the Buck Read family of Eastland and Mr. and Mrs. Gilford Gray of Gorman.

Mr. and Mrs. J. W. Case were in Gorman Saturday and visited Mrs. J. M. Watkins, who continues to be gravely ill. Her condition had been unimproved for several

Miss Alene Fonville and Mrs. Bill Tucker of the Salem Home Demonstration Club and Mrs. John Love of the Cheaney club were in Eastland Wednesday at the monthly council meeting.

Mrs. Electra Hattox was hostess to a Stanley party Wednesday. Her sister, Mrs. Odcan Jacob of two familiar faces, those of Mr. and Mrs. Clifford Seaburn of Cisco, formerly of Cheaney. They were calmly munching popcorn and enjoying a ringside seat.

Others who enjoyed the singing included Misses Alene Fonville and Lavada and Mary Swaim, Mr. and Mrs. Dee Rodgers and fam-\*\*\*\*\*\*\*\*\* ily and their guest, Miss Betty Jean Love, Mr. and Mrs. E. E. Mrs. Melva Love was a caller Blackwell and Albert Brown, Mr. and Mrs. Pete Rodgers, Mr. and "Jan" has been a 4-H Club girl afternoon, and a group there had Mrs. Carl Perrin, and Mr. and Mrs. tending school at Alameda and a short church service and song John Ryan and Irvin Ryan of the

# Now Hydraguide Steering does tour-titths

of the work for you!

HINK of the easiest steering car you ever drove . . . then imagine one five times easier to steer! Chrysler's new Hydraguide power steering . . . regular on Crown Imperials and optional at extra cost on all New Yorker and Imperial models . . . gives you exactly that. Here is by far the greatest single change in handling ease-and safety -you ever found in any car. At your touch on the steering wheel, the car mechanically provides four-fifths of the energy to turn the tires on the road. Like so much in these new Chryslers . . . Hydraguide is so basically new, so basically better than anything before, that only when you try it can you ever know what it really does!

finest engineered cars in the world

made . . . without arm-andshoulder fatigue at the end. Around the curves . . . over the hills . . . Hydraguide does fourfifths of the work!

> In tight city traffic . . . on awkward driveways and roads . . . Hydraguide means new safety, new ease, new swiftness of steering

#### The Most Basically New Cars of All!

Beneath the rich new beauty of these Chryslers for 1951 are 73 different improvements and advances. Among them are the most basic new ideas in any cars for many years! Like the revolutionary new FirePower engine, of 180 horsepower, which gives owners of Chrysler Imperial and New Yorker cars the most powerful, most efficient, most all-around economical powerplant in any car today! And like the amazing new Chrysler Oriflow shock absorbers, which give every new Chrysler car riding ease with twice the shock-absorbing power of any other cars at any price. And with all their newness, they're built to stand by you like to car you can buy!
