Korea Lull May Lead To Surprise Attack

Ranger Teams Trip Eastland Tuesday Night

Ranger and Eastland basketball teams rounded their way through three games at the Eastland High School gym Tuesday night, with the Ranger teams proving a bit the rougher in each contest.

The Ranger boys won, 42-30, and the Ranger girls won, 20-13. The Ranger "B" team made it a clean sweep by winning the first game of the night.

Eastland's boys were unable to move through the heavy Ranger team and their long shots were not hitting. Ranger gained an early lead and held it all the way.

Ranger opened the game by picking up the Eastland ball handlers all the way down the court, and guarding very closely.

Rodney Stephen and George Harris of the Eastland team were injured to the extent that they had to be taken from the game in the first half and did not return to action.

Doug Williamson played a fine game for Eastland. Eddie Haines was missing badly with his shots during the first half of the game but began hitting late in the contest and emerged with a total of 14 points for high point honors for Eastland.

Doug King, James Freeman, Dick Ewert and Ben Green also saw action for the Mavericks.

The Eastland and Ranger girls battled defensively most of the way, in another rough, hard played contest.

Defense on both sides was outstanding with neither team able to generate a great offensive spark.

Betty Allen gave Eastland an early lead with two free throws. Ranger came back with two field goals to go ahead, and Margaret Langitz tied it up by sinking a goal for Eastland.

Then Ranger went ahead and never headed, although the lead was never more than five points.

Th games did not count in dis-season between the teams, Eastland's boys winning and the girls losing in earlier games.

New Dimes Cans Resemble 'Lungs'

Distribution of 1951 March of Dimes Coin Collectors, under way for the past week, now is nearing completion, Stanley Webb, county chairman, has announced.

A miniature reproduction of a respirator, or iron lung, the 1951 Coin Collector is an improved version of the initial collector of this type first used last year, he explained.

"Our Coin Collector Committee members have done a fine job of spotting the conisters throughout Eastland county," Webb said. "I wish to thank retailers, hotel and restaurant owners, banks, shops, and others for their wholehearted cooperation in displaying these Coin Collectors."

For counter display, the Coin Collector is equipped with an easel bearing the picture of Larry McKenzie, Jr., 1951 March of Dimes Poster Boy, both of whose arms were affected by polio. The 1951 campaign slogan: "Lend Me A Hand," appears on the container, which also may be used without the easel, Webb said, to take up audience collections in theatres and at sporting and other events.

"Every time you drop a dime or quarter, or half dollar in these collectors," Webb said, "you'll be giving a polio patient—and yourself—a real lift."

History Suspends Court Sentence

HOUSTON, Tex., Jan. 17 (UP)—May be history had something to do with it.

When Johnnie Eldridge, 21, pleaded guilty before District Judge Langston G. King to a charge of passing a worthless check, he was asked by the judge where and when he was born.

"I was born in Independence on the Fourth of July," Eldridge replied.

Without comment, Judge King gave him a two-year sentence—suspended.

Polio Poster Boy Will Get Tex. Treatment

AUSTIN, Jan. 17—A farm boy, elevated to celebrity for the 1951 March of Dimes, will get the "Texas Treatment" later this month.

The lad is Larry McKenzie, Jr., age 12, who is the official March of Dimes poster boy as designated by the National Foundation for Infantile Paralysis.

When Larry arrives in Houston January 23, he will be greeted by Texas 4-H club boys led by Floyd Lynch of College Station, state 4-H club leader. The delegation will wear Texas cowboy boots and a Texas hat, both fitted to order.

After young McKenzie has acquired his rigging and has been presented with the gold pin of honorary membership in the Texas 4-H club group, he will be greeted by Houston city officials and will show his outfit over television.

Dan Clinton, Harris County Agriculture Agent, and Mrs. Frances McCulloch, Harris County Home Demonstration agent, will route Larry out to a ranch to observe first hand how the lads with the lariat wear their boots and hats.

Young McKenzie, although comparatively new at a celebrity role, has made some other big towns in connection with the 1951 March of Dimes campaign. He was presented to the National 4-H Congress in Chicago, by Basil O'Connor, president of the National Foundation for Infantile Paralysis. He got an ovation. It was there that Larry fell in love with the Texas delegates and their hats and boots.

Larry, whose home is in Orleans County, New York, was stricken with polio late in August, 1949. A younger brother, Gary, 2, also contracted the disease. But Larry has the serious bulbar type. Practically his entire body was afflicted. Now, through treatment from March of Dimes funds, he has been gradually improving, although his right arm is still about 90 per cent useless.

Young McKenzie's personal 4-H club project is raising Chinchilla and Angora rabbits. His ambition is to become either a physician or a missionary.

Ohio Woman Hurt When Truck Flips Over Near Ranger

A pick-up truck blew a rear tire about 10 miles east of Ranger Tuesday, flipping the car on its back and injuring Mrs. Walter Russell of Marion, Ohio.

Mrs. Russell was taken to a Ranger hospital where her condition was not thought to be serious. Her husband, the truck's other passenger, was not injured. Mr. and Mrs. Russell were driving from Phoenix, Ariz., to their home in Marion.

Grand Jury Recesses

The Grand Jury recessed Tuesday afternoon until 9:30 a. m. Thursday. No bills were returned.

Oil Activity

No. 1 John Hart Seen As An Extension To Briggs-Owen Pool

An extension to the Briggs-Owen field, about three miles west of Eastland, appeared certain this week with a flow of oil from the J. P. Lohan et al No. 1 John Hart in a drill stem test. The well bottomed at 3,396 feet. A drill stem test was run at this depth and gas appeared at the surface in four and a half minutes and oil flowed 70 feet high in the pipe in 49 minutes. Completion is due sometime this week.

Bankline's No. 4 J. H. Reynolds is drilling below 2,000 feet in the Briggs-Owen area. Surface pipe for the No. 4 Carlisle has been set and completion work is due to begin soon on the No. 3 Carlisle which flowed on a drill stem test last Friday.

Southwest of Eastland the Oil Associates, Inc., No. 1 J. R. Bacon is still running tests. Completion in the Ellenburger lime

or the Mississippi lime is being sought in the try. Near Cisco, the Wempler Bros. Drilling Co., No. 1 George P. Fee, was given a second hydraulic treatment Monday. It is an old well which was abandoned after producing for several months from the Mississippi lime. It is making 35 barrels per day and it was believed that another hydraulic treatment would increase production.

Also near Cisco, Hickock's No. 1 Silas Hill, a deep wildcat test, was drilling at about 2850 feet today with cable tools. Trumpler Petroleum Co. will drill a new wildcat five miles west of Rising Star. Production will be sought at 1,600 feet in Section 17, Block 2, ET Survey. Near Nimrod the Fred Manning No. 1 M. E. Lounders is testing after perforating the casing in the Caddo lime.

\$25,000,000 Fire

BALTIMORE, Jan. 17 (UP)—First estimates today indicated that the 10-alarm fire which swept across Hawkins Point pier here yesterday destroying a large troop transport and four smaller vessels may exceed \$25,000,000.

ALLEGED KILLER CAPTURED—William E. Cook, Jr., 22-year-old alleged killer of eight persons, starts to collapse in a Tijuana, Mexico, jail. Cook was caught in a restaurant 600 miles south of Tijuana, ending one of the greatest manhunts in the history of the United States. (NEA Telephoto).

Pretty Texas Girl Still Lies In Twilight World Of 'Living Dead' After Car Accident 2 Years Ago

RANKIN, Tex., Jan. 17 (UP)—Two years ago today, Joan Edwards, perk, pretty and as gay as only 23 can be, entered the world of the "living dead."

For 730 days, since Jan. 17, 1949, when she suffered irreparable damage to the mid-brain in an automobile collision, she has lain in a "twilight" world.

Unable to speak, her legs and arms drawn stiff by the same paralysis that numbed her brain, she has continued to draw breath. Her mother, Mrs. M. J. Edwards, said today there was no improvement in her condition. The blonde, mere wisp of a girl is not unaware of her mother's daily bedside vigil, if a physician's daily visit, of the world's hopes and prayers for her.

A surgeon who examined Joan last year gave no encouragement that the young woman would emerge from her terrifying world of half-light.

But Mrs. Edwards, drained long ago of tears, said she will "never give up hope." That is what she and Joan's father, postmaster in this small West Texas town, have built their own world around.

Joan was lifted from the wreckage of the grinding two-automobile collision near Midland, unconscious and apparently near death. The days wore on, and still no sign of awakening.

It was then that the Edwards took Joan to a famous brain surgeon in Dallas. After an exploratory operation, he told them their daughter might continue to live for years, but never conscious of the world around her.

Later, Joan was given an intense series of "spinal adjustments" by a West Texas chiropractor. They failed to bring her back through the invisible barrier behind which she is captive.

Joan's weight has dwindled from 110 pounds to a mere "70 or so." No one knows for sure, because she cannot be weighed. She lives mainly on liquids and baby food, fed through a tube.

The long days have brought many and varied suggestion about "cures" Mrs. Edwards said. Some have been tried, all have failed.

Joan's sickness has also brought from throughout the nation, expressions of sympathy and understanding to the Edwards—cards, flowers and even funds collected at "Joan Edwards Recovery" rallies.

These, along with an indomitable courage, have carried Mrs. Edwards through the days and nights at the side of her semi-conscious daughter. She said, "I always hope—"

Police Nab Shoplifter In Ranger Tuesday

Ranger law officers nabbed Charlie Skinner, professional shoplifter, "with the goods" on him Tuesday afternoon. Besides the swiped items found in his possession, Skinner had stacked away shirts, hose and hardware at a hiding place at the depot.

The shoplifter has a long record of similar misdemeanors. He was tailed by local police and caught with the stolen goods. He has no home, police reported.

Under sheriff's custody is J. W. Eagin, of New Orleans, who claimed Monday night that five or six men were "after him." He was in a local hotel Monday asking that the police be called to protect him against the persons he said were "out to get him."

Local Lions Host Stock Show Group

Eastland Lions were hosts at noon Tuesday to a group of about 35 business and professional men from Ft. Worth representing the Southwest Exposition and Fat Stock Show which will be held January 26 through February 4.

Most of the group were members of the Southside and Eastside Lions Clubs of Ft. Worth with Harold Webb and Charles Howard acting as trip officials.

Accompanying the group were the Rythmettes, composed of Polly Nixon (Bass), Bertie Keisel (Guitar), and Billye Gale (Fiddle), who furnished music during the lunch hour.

Bobby Bragan, manager of the Ft. Worth Cats, baseball club, made a short talk during the meeting.

The group, traveling by chartered bus, visited downtown Eastland before going to the Lions meeting. Charles G. Cotten of the Ft. Worth Chamber of Commerce, planned the trip. Special representative for the Stock Show was Jim Jarrott.

The Ft. Worth Exposition is offering \$146,000 in premiums, largest in the 55 year history of the show.

The world's largest indoor rodeo will be presented in Will Rogers Memorial Coliseum with top competitors of the rodeo world competing for championship honors and rich rewards. Horse show events, featuring cutting horses, Quarter horses, Palomina horses and gaited horses, will be interspersed with rodeo contests.

Other towns visited by the group on their trip Tuesday were Mineral Wells, Palo Pinto, Strawn, Ranger, Cisco, Albany, Breckenridge and Weatherford.

Vandenberg, accompanied by U. S. Army Chief of Staff J. Lawton Collins, left Tokyo by air at 10:10 p.m. (7:10 a.m. CST) after a three-day tour of the Korean front and conferences with American commanders.

Even with radar screens every 10 miles along the coast and borders and the country literally covered with fighter planes, any potential enemy still could get some planes over the target, Vandenberg said.

But, he added, this did not mean the United States could be crippled by any such attack.

Vandenberg made the comment at a press conference before leaving tonight for Washington with Gen. Collins.

He said there is no target in North Korea worth "wasting" an atomic bomb on. However, he said, there are cities in China where the A-bomb would be valuable if a decision were made to use it.

This is true of any country except undeveloped ones like Korea, he said. But he emphasized that the U. S. has no intention of using atomic weapons now.

Tommy Edwards led the Olden boys to victory with 14 points. The game ended the regular time at 22-22. An extra period was played with Olden emerging one point ahead. Kent score nine points for Gorman.

Louise Canet counted 14 points for the Olden girls in their victory. Hallmark made seven points for the losers.

Each Olden team has been defeated by Desdemona, but has won games from Gorman and Carbon in district play.

Olden Cagers Win 2 From Gorman

Olden basketball teams swept two games from Gorman in Gorman Tuesday night.

The Olden boys defeated Gorman, 24-23, in an overtime tilt to throw the district race into a three way tie between Olden, Gorman and Desdemona.

Olden's girls had an easy time earning a 26-16 victory, to go into second place in district standings behind Desdemona.

Tommy Edwards led the Olden boys to victory with 14 points. The game ended the regular time at 22-22. An extra period was played with Olden emerging one point ahead. Kent score nine points for Gorman.

Louise Canet counted 14 points for the Olden girls in their victory. Hallmark made seven points for the losers.

MYSTERIOUS 3-DAY QUIET WORRIES ALLIED OFFICERS

By Earnest Hoherecht

TOKYO, Thursday, Jan. 18 (UP)—Chinese and Korean Communist troops began massing forces in the Suwon area of western Korea Wednesday. But there still was no heavy ground fighting to break a three-day lull and some United Nations officers feared the enemy was preparing a surprise blow.

U. S. 5th Air Force fighters and bombers roared out to blast at least 11 targets in areas where United Nations patrols two days ago roamed back and forth without opposition.

At least three Red forces numbering from 300 to 500 men were reported moving in on Suwon from the northeast and other groups were sighted heading for Suwon from the east and west.

Suwon, 17 miles south of Seoul, was reoccupied by two American tank columns Tuesday in a surprise raid that caught a Chinese Communist regiment with its guard down.

The Americans killed an estimated 500 Reds in cleaning out the city and then moved back to a ridge line south of town for the night. An 8th Army communique said Suwon remained an almost deserted town early Wednesday, with only one Red patrol sighted moving among its ruins in the dawn hours.

Reports from the central and eastern front said other Red forces were on the move in the rugged Sobak mountain ranges even though they failed to follow up immediately a United Nations withdrawal from the Wonju area.

Military sources said the mysterious lull of the past three days along the 130-mile Korean front was "very similar to that in late November when the enemy launched his Chongchon River offensive."

The Chinese Communist assault along the Chongchon River didn't stop until it drove UN forces out of Seoul, nearly 200 miles south.

Allied air armadas joined ground patrols in keeping up pressure against the enemy. B-29 Superfortresses dropped 176 tons of bombs in Kaesong, key road junction 35 miles northwest of Seoul, and Chongju, another important transport center 50 miles south of the Manchurian border.

One plane with United Nations markings bombed and strafed by mistake Americans in Osan, 26 miles south of Seoul, last night. Four bombs were dropped and one American was injured.

Production Try On Well Is Due

A try for production was due today in the A. B. Bradley No. 2 Holcomb about a half mile east of the Eastland city limit.

The well was given the hydraulic treatment early in the week and was to be opened today for a production try.

It is an offset to the No. 1 Holcomb which is now pumping from the Lake Sand.

AF Suspends Recruiting

WASHINGTON, Jan. 17 (UP)—The Air Force suspended recruiting temporarily today because of overloaded basic training facilities.

BUICK ANNOUNCES '51 MODELS; ON DISPLAY AT MUIRHEAD'S SATURDAY

Buick today introduced its 1951 line of cars, highlighted by an improved Special with new body and new engine.

The new line contains three series of cars, ranging from the low-priced Special up through the Super to the luxury models in the Roadmaster. They will go on display at the Muirhead Motor Company in Eastland, Saturday.

Important advances in styling features coupled with major chassis and body improvements combine to make the 1951 Buick the greatest value in its history," Jack Muirhead, owner of Muirhead Motor Co., said.

There are eight models in the Special series, six in the Super and four in the Roadmaster.

The 1951 Special is completely new throughout. It has a new body and chassis and is powered with the F-263 Fireball engine introduced in the Super last year. This engine develops 128 brake horsepower with Dynaflo and 120 with Synchro-Mesh transmission.

The rear fenders are integral with the rear quarter panel, eliminating the fender line caused by the welts. The Special, which comes in both standard and deluxe trim, is mounted on a 121 1/2 wheelbase and has an overall length of 204.8 inches.

The most significant change in appearance in the entire line is the new bumper-grille combination which proved so popular in the 1950 Buick.

Other new features include a new hood ornament and emblem, new fender ornaments, and sweep-spear molding, which enhances the beauty of the long-flowing fenders. The sweep-spear molding, first introduced on the Roadmaster, is available on all series.

There are 18 body types in the 1951 line. Most of them are of the tour-back design which gained such wide-spread popularity last year. One jetback in the Super series is offered this year.

Muirhead said that everyone is invited to come by his showroom and see the new Buick, Saturday.

"ROCKET AHEAD" With Oldsmobile, Eastland Osborne Motor Company, Eastland

COLLINS AND RIDGEWAY VISIT KOREAN FRONT — General J. Lawton Collins, left, U. S. Army Chief of Staff visits front in Korea with 8th Army commander Lt. General Matthew B. Ridgeway. (NEA Radio-Telephoto.)

New Buick Special Is Nation's Newest Car

STYLE-LEADER and pace-maker of the 1951 Buick line is this four-door six-passenger Special, or Series 40, sedan. Representative of the entire Special Series which is completely new this year from stem to stern, this car has a new chassis, a new body, new front end, new sweep-back molding, new trim, and new fender and hood ornaments. Its re-styled fender lines flow backward through the doors in a graceful curve which is paralleled and accentuated by the brilliant sweep-back which runs the length of the car. The unique Buick front end, entirely re-designed for 1951, is more distinctive than ever. For the first time, Buick's powerful F-233 engine is offered in the Special Series, delivering 128 horsepower with Dynaflo Drive, and 120 horsepower with Synchro-Mesh transmission. Wheelbase of this model is 121 1/2 inches.

Aggies Falter In SWC After Losing 51-44

BY ERNEST CONINE
United Press Sports Writer
The University of Texas Longhorns strengthened their bid for the Southwest Conference basketball title today, thanks to the helping hand lent by Southern Methodist's 51 to 44 win over Texas A&M.

SMU handed the Aggies their first defeat in four conference starts last night at Dallas, thus leaving the pace-setting Longhorns a full game ahead of the pack. At Houston, Baylor clattered out of the loop cellar on the strength of a decisive, 69-55, victory over the lowly Rice Owls. No more games are scheduled until Saturday night when Arkansas entertains Baylor at Fayetteville, and Rice takes on SMU at Houston.

The sea-sawed back and fourth through much of the SMU-A&M game but the Aggies boasted a narrow, 26-24 advantage at the halfway mark. However, the Ponies called their shots in the closing minutes of the game to rack up the victory, their third in five starts. SMU is still in shooting distance of the loop tilt, if Texas should falter. Center Walt Davis of A&M pumped 14 points through the hoop before fouling out in the first half to win individual scoring honors. SMU forward Jack Brown netted 10 points. Rice tracked Baylor's bounce-back, but never came closer than three points as the Bruins chalked up their first conference win of the season.

13 Lucky Guys by FRANK R. ADAMS

THE STORY: Sergeant Eddie is one of 13 men killed in battle who find the message in their hometown. Eddie can be seen only by his dog Duke and by Margie Lou, the girl he fell in love with after he was dead. But when he calls on Margie Lou, he finds Max Lenger, a local wolf, ready to take her out again just her will.

XXIII
MARGIE LOU cried out as Max started currying her off and Eddie decided to take a hand. Unable to interfere himself, he delegated the job to Duke. "Get him, fella! Get him!"
Duke was only too glad. He bounded out of the bushes and, before Max knew what was happening, bit his new found enemy very satisfactorily on the leg. Some of the trousers came off in his mouth.
Max, suddenly losing interest in his love-life, dropped Margie Lou and turned to meet Duke's second onslaught, but there wasn't any. "Steady, Duke!" Eddie held the dog in place. To Margie Lou, he said: "Are you hurt?"
"No, Eddie, but I'm glad you're here. You and your dog. Why, he looks like Duke."
"He is Duke."
"Duke is your dog, Eddie?"
"Yes."
Max was approaching Duke warily with the intention of kicking the stuffing out of him but all at once something about the conversation got on struck him as peculiar. "My name ain't Eddie."
"Of course it isn't. I'm talking to Sgt. Eddie Engstrom."
"How're you doing it, by long distance telephone?"
"He's right beside me, aren't you, Eddie?"
"And always will be, Margie Lou."
Max looked vainly for Margie Lou's friend. "What is this," he demanded angrily, "a gag?"
"Make him go away, Eddie. I don't like him."

THE night which had previously seemed darkly sinister suddenly became friendly and beautiful.
"We can sit on the steps for a while," suggested Margie Lou shyly, "that is, if you'd like to, Eddie."
"I sure would," said Eddie.
"We can watch the moon," she continued. "It's kind of pretty."
"So are you, Margie Lou, prettier than any girl I've ever seen."
"I'm not pretty, Eddie, not really, but I guess a girl likes to hear things like that from a man like you even if they aren't so."
They sat down on the rickety stairs, Eddie one step below Margie Lou who left her right hand carelessly out by itself where he could hold it if he wanted to.
"Eddie," she said shyly, "I'm wearing your lucky coin around my neck."
"I know," he said and then explained hastily: "It's sort of a bond between us. When you wear it there, touching you, we understand each other better."
"I'll always wear it, Eddie, if

you're sure you want me to."
"I'm sure," he said, reverently. "When you go back, will you write to me, Eddie?"
He waited a moment in the lazy moonlight before he answered, "I'm not much of a hand to write letters, Margie Lou."
"I'll write to you anyway. What's your address?"
"I don't know yet. It'll be a new one someplace. And I'm not sure I'll be allowed to get letters where I'll be."
MARGIE LOU was rebuffed for a moment but something, maybe the lucky coin, made her see at least clearly enough not to let a misunderstanding mar the fleeting pleasure which had come to her heart. She laughed softly. "Sounds like you expected to be in the guardhouse. If I keep your lucky coin I ought to take with you so you won't forget me."
"I won't ever forget you, Margie Lou. I'll never need anything to remind me."
"I guess you say that to every girl."
"No. I never said it to anybody before."
"You're a funny boy-friend, Eddie. You don't care to have a keepsake and you don't want me to write to you. I'd think you didn't like me only I'm almost positive you do." She stopped, wondering if she had said the wrong thing. Eddie didn't reach for her hand as he certainly should have done and he made no move to kiss her which she felt he must know would be all right with her.
The only thing that told her anything was the expression in his eyes. A man couldn't look at a girl like that unless he cared—quite a lot. Apparently Eddie was terribly shy. That, Margie Lou thought, will pass and then it will be all the sweeter to have him hold me close. She could wait. Enough to know, as she did know for some reason, that they loved each other really and for keeps. It didn't matter when the words were spoken or if they were ever spoken at all.
(To Be Continued)

BOYCE HOUSE SAYS
A minister making his first voyage a storm which was really terrible had developed. He asked the captain, "Is there a danger?"
The captain took him by the arm and led him to the deck where the sailors were at work, then asked, "Do you hear those sailors swearing? If the ship was really in danger, they would not be cursing; they might even be on their knees, praying."
Next day, a more severe storm arose. The preacher hurried to the deck, listened a moment and then said, "Thank goodness, the sailors are still swearing."

STOCK IT! FEATURE IT! ADVERTISE IT!

Center Walt Davis of A&M pumped 14 points through the hoop before fouling out in the first half to win individual scoring honors. SMU forward Jack Brown netted 10 points. Rice tracked Baylor's bounce-back, but never came closer than three points as the Bruins chalked up their first conference win of the season.

Baylor led, 37-31 at the intermission.
The Bears rode to victory on the strength of a phenomenal shooting performance, hitting 26 out of 49 field goal attempts and missing only four out of 21 charity shots.
Rice, paced by forward J. D. White and his 19-point performance, also had a good night at the basket. The winless Owls oiled the hoop in 20 of 50 shots from the field, and 16 of 22 free throws.
Forward Norman Mullins topped Baylor scorers with 18 points.

TV Divorce
HOLLYWOOD, Jan. 17 (UP)—Whenever actress Kay Scott, 23, played the piano, her husband turned on the television set, she testified yesterday in winning a divorce from auto dealer John Nerney.

Iowa farms produced an estimated 6,713,000 pigs in the fall of 1950, an all-time record for the big pork-producing state.

World War I Vet Praises Hadacol

HADACOL Supplies Vitamins B1, B2, Niacin and Iron Which His System Lacked.

This little space is to be read by those folks who are always wishing they'd feel better. Now, this business of wishing for "this" and wishing for "that" is all right. It sort of makes a person look to the future.

But it is a mighty sorry state of affairs when folks keep wishing and wishing they would feel better. That just doesn't get the job done. Take Leo D. Fisher, 901 Charles Street, St. Joseph, Missouri, for example. He just didn't wish he would feel better—he did something about it. He took HADACOL, and says he feels just fine for Mr. Fisher found that taking HADACOL helped his system overcome deficiencies of Vitamins B1, B2, Niacin and Iron, which HADACOL contains.

Here is Mr. Fisher's own statement: "I am a veteran of World War I. I have had stomach distress and was nervous and could not sleep. I had no appetite and could not eat any fried foods. I started taking HADACOL. I have taken 8 small bottles and now I am on my second large bottle. I eat anything. I feel fine and sleep good, thanks to HADACOL. I have recommended HADACOL to many people and they are taking it. I am a booster, for I cannot do without it." (C) 1950, The LeBlanc Corp.

Now They Have A Standin For TV Performers

BY ELIZABETH TOOMY
NEW YORK, Jan. 17 (U.P.)

—A two-minute television commercial, Snooky Lanson says regretfully, is getting to be a career.

The sandy-haired singer even has a standin for some of his commercial rehearsals, in which he is required to take a single puff of a cigaret, says a few words about the product, and sometimes sings a jingle.

"Those two minutes on the screen mean about 15 hours of rehearsal," said Snooky, who also stars as the singer on the weekly "Hit Parade." He appears in the same sponsor's commercial on two other television shows.

"We use the same commercials for all three shows, but since each show has its own camera crew and its own director, you gotta rehearse separately for each one," the Tennessee-born singer drawled.

He took off his coat, since the

commercial rehearsal he was attending at the moment was in a "hot" studio. That means, in T-V language, a brightly lighted studio.

Snooky and the roomful of other people necessary to the commercial don't exactly donate their time, he admitted. His income is in the four-figure weekly bracket. The three pretty girls and three young men who dance and sing in the commercial get from \$100 to \$200 for each two-minute appearance on the screen.

"I guess a fella really could make a career out of nothin' but commercials these days," the singer admitted. "I get fan letters from people who never saw me on anything but the two-minute pitch."

A director, producer, two production assistants, a choreographer and several musicians gathered around to begin the rehearsal.

One of the production assistants in charge of handling two packs of cigarets to everybody before each performance, and also lighting the cigaret that Lanson puffs during the commercial. "Strangers walk up to you on

the street and ask for a cigaret when they've seen you on a cigaret commercial, just to see if you smoke the right brand," Snooky explained. "The company sort of guarantees it."

Before he stepped in front of the camera a worried look crossed his face.

"I've never coughed yet, but cab drivers are always askin' me what would happen if I did," he said. "Maybe the company fines you . . . I never asked."

The skin of the gar is so hard that before the steel plow was invented, the skin was often used to cover plowshares.

YOU ARE INVITED

To hear Frank Sparks Discuss the "Responsibilities, Obligations, and Duties of a Citizen." Thursday night 7:30 p.m. at American Legion Hall. This program sponsored by American Legion Dulin-Daniel Post No. 70.

Bill of Responsibilities

PREPARED BY THE AMERICAN CITIZENSHIP COMMITTEE.
STATE BAR OF TEXAS

We who advocate democracy as the best form of government for an enlightened and progressive people, enjoying as we do the blessings of liberty under the Constitution of the United States, do set forth this Bill of Responsibilities as a guide to all citizens for the preservation of individual freedom and democratic government.

- I. It shall be the duty of every citizen to render undivided allegiance to the Constitution of the United States, to work for its betterment and perpetuation, to respect the sovereignty of the people's government, and to defend the nation against all its enemies whomsoever.
- II. It shall be the duty of every citizen to be familiar with the Constitution of the United States and to be informed as to what rights and liberties are his, and to use these rights in such manner as is consistent with his own welfare and the welfare of his fellow citizens.
- III. It shall be the duty of every citizen to defend with his life the rights and liberties granted to him and to his fellow citizens by the Constitution, to obey the laws of the land and aid in their enforcement, and to oppose vigorously any persons whose intention is to transgress the law or oppress the rights of others.
- IV. It shall be the duty of every citizen to make honest, wise and courageous use of the free and secret ballot at every election; to exercise freedom of thought, speech, and worship; to protect the freedom of the press; to safeguard the right of trial by jury and to render willing jury service when called upon; and to perform all other acts conducive to the perpetuation of the rights set forth in the Constitution.
- V. It shall be the duty of every citizen to protect and sustain the unwritten liberties and rights vested in him by custom and usage and to perpetuate the ideals of the equality and dignity of the individual, upon which the Constitution is founded.
- VI. It shall be the duty of every citizen to be active in the political party of his choice, and to be vigilant of the public officers, to render all possible aid to them, and to serve in public office by appointment or election when qualified and when called upon to do so. It shall be his duty to strive for the selection of public officers of ability and upright character; and when holding public office, to serve in such manner as will subordinate private or minority interests to those of the people at large.
- VII. It shall be the duty of every citizen to achieve the highest practicable level of education, and to work for the advancement of education by supporting and improving the public schools and by fostering the desire for education among his fellow citizens.
- VIII. It shall be the duty of every citizen to instruct his children in the principles of freedom and to spread the ideals of democratic government at home and abroad.
- IX. It shall be the duty of every citizen to defend the right to buy and sell, to own land and other property, to engage in commerce, and to work and earn a living wage, as a fundamental guarantee of the freedom and welfare of the nation.
- X. It shall be the duty of every citizen to preserve an attitude of self-reliance, and to use all legitimate means to achieve financial independence and security; to practice thrift and economy in his own affairs and to require the same of local, state and federal government.

Beethoven Junior Music Club Honors Marilyn Morgan, Departing Member

Members of the Beethoven Junior Music Club honored Marilyn Morgan at their meeting Monday evening in the home of Mr. and Mrs. Robert Vaughan, with their daughter, Eileen, as hostess.

Sallie Cooper, president, presided and Eileen Vaughan was elected secretary, to fill the place of Marilyn Morgan, who resigned to move with her parents, Mr. and Mrs. T. L. Morgan, to Littlefield.

Announcement was made of the Musical Festival of the Sixth District of Texas Federated Music Clubs to be held here March 17th.

The group also set their meeting night to be the first Monday night of each month and meeting time to be 7:30. The next meeting was slated to be February 7th in the home of Sallie Cooper.

The program for the evening was opened with the singing of Stephen F. Foster's folk songs, with Jana Weaver at the piano.

Mary Vaughan, member of the Scale Runner's Club played, "Rustic Chapel" and Jana Weaver told of the life and death of Walter Damrosch.

Lavando Jordan played, "The Horse Race" and Herby Weaver talked on the "Amateur Artist". Webb Jordan played, "Taps" by Ingleman.

The program was concluded with a musical quiz led by Mrs. A. F. Taylor, counselor.

Herby Weaver presented a gift to Miss Morgan in behalf of the members. Refreshments were served during the social hour.

Present were Margie Lane, Lavanda Jordan, Mary Vaughan, Sallie Cooper, Jana Weaver, Webb Jordan, Herby Weaver, Marilyn Morgan, the honoree and Eileen Vaughan, hostess, and Mrs. Taylor, counselor, and Mr. and Mrs. Robert Vaughan.

Annual Library Tea, Open House Slated For 3 O'clock Sunday

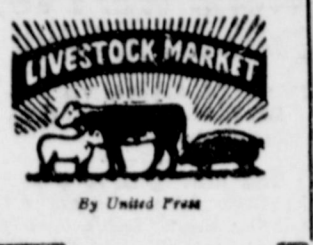

Members of the Thursday afternoon Club will hold open house Sunday afternoon from 3 until 5 o'clock at the public library, located in the Woman's Club.

The public library is the project of the Thursday Afternoon Club and the tea held last year to show the improvements made has been voted to be an annual affair by the club members.

Other projects of the club are the essay and poster contests now in progress in the local schools.

The public was cordially invited to attend the tea Sunday afternoon. Hostess for the occasion will be the president, Mrs. W. F. Davenport and her staff of officers and the library committee,

composed of Mmes. Arthur Murrell, W. B. Pickens, James Horton and Dixie Williamson.

Lone Star delivers comfort, cleanliness and convenience to 17,871 new stores

If you go shopping today, the comfort of the store you trade at will likely be provided by Lone Star Natural Gas Service. The store will be cleaner and the merchandise will be fresher because natural gas is so clean.

It is impossible to imagine a modern and successful store without natural gas service. In the last five years 17,871 new stores have been opened in cities we serve. That's one of the reasons for our building program in which we have invested over 80 million dollars. Though virtually all materials and labor for building natural gas pipe lines, compressor stations and other facilities have gone up in price, our commercial rate has not been increased. The truth is, Lone Star commercial rate for stores is lower today than 10 years ago.

Lone Star is keeping abreast of the growth of every community it serves. At the same time we are keeping the price of natural gas service down.

Built in Texas... and helping build Texas

Ford is the only Automobile Manufacturer Building Cars and Trucks in Texas

ALL THE FORDS made are not built in Detroit. There are plenty of them built right here in Texas—last year over 128 million dollars worth of cars, trucks, parts and products were made at Ford's Dallas Assembly Plant. What's more, 1,722 Texans put them together or followed through with their commitment to dealers in the Dallas, Houston, Oklahoma City and New Orleans Sales Districts.

The folks who work in Ford's Dallas Assembly Plant and District Sales Offices earn over \$7,000,000 every year. They spend it mostly in Texas. Texas benefits from Ford in other ways, too. For example: during 1950 Ford bought over \$1,000,000's worth of material and supplies from Texas merchants and manufacturers and paid over \$7,500,000 for incoming and outgoing transportation. Then, too, there is a total of over \$148,000 paid by Ford in local and State taxes.

Yes, Texas is building a lot of cars and trucks for Ford... and in the process Ford is helping to build Texas, too!

WHEN YOU BUY FOR THE FUTURE—BUY FORD

There's a Ford in Your Future!
