Here is another article of how a hospital was obtained.

This one was a county project, for Hopkins county, but it might be an idea for a city.

"Hopkins County's \$250,000 Memorial Hospital will be opened formally, Sunday.

"The day has been set aside for public inspection. The project was financed by a county bond issue and a federal grant.

"The hospital has forty-two adult beds and eight bassinets. Its equipment, according to Hudson, is second to none in the state.

"A hospital board of six members, appointed by the commissioner's court, will be the governing body. Two of the members are resident of Sulphur Springs.

"The staff will include eleven medical doctors and four dentists. Robert Patterson, also a former member of the Methodist Hospital in Dallas, is X-ray and surgical technician.

"The movement to erect a hospital was launched nearly four years ago when the bond issue was submitted to a vote in November, 1945, it carried by a 3 to 1 majority."

This, of course, is a much larger hospital than would be practical for Eastland.

And, the idea might not be a suitable one for the local situation, but it is the way a hospital was obtained in one section.

District Clerk Roy Lane and Mrs. Lane have received a letter from their son, Pvt. Roy L. Lane, Jr., who with several local boys volunteered for service in the Air Force, December 27.

Pvt. Lane is stationed at Mitchell AFB, New York. His assignment calls for clerical administrative work, permanent party.

He stated in his letter that he was met at the train on his arrival in New York by an officer of the Air Force.

To his surprise, the officer was a swell guy from Texas. Lane said to tell all his friends hello and that he would be very happy to hear from any of them. His address is Pvt. Roy L. Lane, Jr., AF 18 380 770, Hq. & Hq. Sqd., 1st. Air Force, Mitchell Air Force Base, New York.

There has been a lot of discussion about the proposed UIL rule which would curb gifts from appreciative fans to athletic coaches.

Under the proposal, which was recommended to the executive committee of the League by the advisory council at its November meeting, a coach who accepts a gift valued at over \$100 would subject his school to suspension from the League.

Most coaches are violently in opposition to the proposal.

They reason that if it were within the jurisdiction of the League to protect them during their lean years that such a ruling in the lush years would be justifiable—but this is not the case.

It seems to us this would be a very unfair rule to the coaches. And we believe the proposed rule will be chucked out the window.

### Rev. T. Martin Buried in Carbon

Funeral services for Rev. Tandy Martin, 74, retired Methodist Minister, and long time resident of the Carbon community, were held at the Carbon Methodist church at 2 p.m. Wednesday.

Rev. Martin died Monday night at his home in Carbon.

Rev. Lively Brown, pastor of the Carbon Methodist Church, assisted by Rev. Bascom Morton of Coleman, conducted services. Burial was in the New Carbon cemetery.

Survivors include: his widow; three daughters, Mrs. H. O. Bailey, Gorman; Mrs. Ethel Bailey, Rio Grande Valley; Mrs. Grady Morton, Seymour; and one son, Everett Martin, Carbon.

### New Law Would Label Alcoholic Bottles With 'Danger Signals'

AUSTIN, Tex., Jan. 25 (UP)—The leader of Texas' militant women Drys today challenged the liquor interests to a showdown fight on the floor of the 52nd Legislature.

Mrs. Claude De Vann Watts, state president of the Women's Christian Temperance Union, announced "we are now challenging the liquor interests for a showdown."

"We are confident," she said, "of our strength."

Meantime, at Dallas a spokesman for the United Texas Drys said his organization was "exploring" the possibilities of introducing a constitutional amendment calling for a popular vote on the question of prohibition.

H. M. Jones, assistant to Dr. Walter H. McKenzie, executive secretary of the United Texas Drys, said he would be in Austin next week to look over the situation.

The opening gun in the prohibition fight was fired last week when Rep. Milton Wilkinson of Patroon introduced a measure

halting the sale of beer on Sunday. Beer may now be sold on Sunday from 1 p.m. until midnight.

A second proposal, introduced today, would require liquor, beer and wine to be labeled with a "danger signal" that they may be habit forming. The measure was sponsored by Rep. J. F. Gray of Three Rivers and seven other members of the lower chamber.

The alcoholic beverages would be labeled: "Warning: Do Not Overindulge—Alcohol May Be Habit-Forming."

"Danger: Do Not Drink and Drive—the Life You Take May Be Your Own."

Mrs. Watts said "the question of state-wide prohibition will very definitely come before the Texas Legislature now in session. It will be laid before our lawmakers in the form of thousands of petitions bearing the name of hundreds of thousands of Texans asking that the people of the state be allowed to vote on a constitutional amendment for state-wide prohibition."

"We have excellent reason to believe," she added, "that a state wide vote will drive liquor from Texas."

Mrs. Watts quoted a recent independent poll which she said reported 54 per cent of Texans in favor of prohibition.

No Legislator would hazard a guess on the outcome of a legislative prohibition vote.

However, one veteran House member, asking that he not be named, said:

"We might be surprised on how many would vote dry when the chips were down."

However, he did not predict that the measure would necessarily carry.

### Olden Cagers Whip Scranton

Olden basketball teams swept two games from Scranton in Olden Tuesday night.

The Olden boys breezed to a 52-29 victory but the girls were extended a 19-18 overtime victory in a thrilling contest.

Tommy Edwards led the Olden boys with 18 points, followed closely by Rouch with 17. Essary added 11 for the winners.

Simmons scored 11 of Scranton's tallies with Starr and Wgeately adding eight each.

Olden grabbed a quick lead which it never relinquished. At halftime the score was 22-11.

Louise Canet and Dessie Cagle had 9 points each for Olden's girls. Starr scored eight for Scranton.

Other players for Olden were Sandra Herrell, Margaret Alford, Helen Day, Rita Jones, Esther Alvarado and Joyce Thomas.

The game ended in a deadlock and Olden won in a three minute overtime period.

Olden's boys are tied for the district lead and the Olden girls are in second place behind Desdemona.

### Cake Walk Slated At Olden Monday

A cake walk will be held at the Olden gym at 7 p.m. Monday.

The P.T.A. is sponsoring the program. Everyone is invited to attend.

### Showdown Fight Brews In Austin Between Railroad, Trucking Men

AUSTIN, Tex., Jan. 25 (UP)—A showdown fight brewed in the 52nd Texas Legislature today between the state's railroad and trucking interests.

Rep. L. P. Caston of Leonard introduced a bill calling for the weight limit on trucks to be cut from 48,000 to 38,000 pounds.

"Texas highways," the measure read, "have been showing increasing damage and destruction because of the operation over them of heavily loaded vehicles."

House and Senate sub-committees opened hearings yesterday on five major spending bills which would lop some \$10,000,000 from present spending.

The Legislature budget board, a research and fiscal agency set up by the lawmakers two years ago.

The proposals were expected to meet some resistance, although both House and Senate spokesmen were confident that the money bills would be passed within 60 days.

The bills called for a total appropriation of \$153,490,650 for the biennium beginning Sept. 1. Only the state hospitals and special schools and the judiciary

### EHS Cagers Play Hamilton

Hamilton's basketball teams invade the Eastland gym Friday night to engage Eastland's cagers in district 8-A tilts.

It will be the fourth district games for both boys and girls' teams of Eastland.

The boys will be seeking their first victory in district competition, with the girls after their second straight win in district action.

Hamilton will be the favorite in both games, having very strong teams this season.

Good crowds have watched the Eastland teams in their home appearances this season against Comanche and Ranger.

The action will begin with a "B" team game at 6 p.m. between the Hamilton and Eastland boys "B" squads.

### INDIA DELEGATES REPORT RED CHINA ACCEPTS PROPOSAL FOR CEASE-FIRE

LAKE SUCCESS, N.Y., Jan. 25 (UP)—Communist China reported reliably today to have accepted an Arab-Asian proposal for an immediate seven-power conference on Far Eastern problems with a simultaneous cease-fire in Korea.

Informants in London said the Peking government has sent to the Indian delegation to the United Nations an unconditional acceptance of the proposal which will be under debate by the General Assembly's Political Committee when it meets at 3 p.m. EST.

India's chief delegate, Sir Benegal Rau, was understood to have received a communication from India's ambassador in Peking yesterday and it was believed he may reveal its contents when he speaks to the committee this afternoon.

The proposal by the 12-nation Arab-Asian bloc, led by India, calls for a seven-power conference among the United States, Russia, Britain, France, Communist China, Egypt and India. The conference would be called at a time and place to be fixed by the UN's General Assembly president.

London informants said Peking attached no strings to its acceptance. Previously Communist China insisted on membership in the United Nations and withdrawal of U. S. forces from Formosa as conditions to a Korean cease-fire.

Observers said the United States will oppose the Arab-Asian plan if it is called to a vote prior to an American resolution branding the Chinese Reds aggressors in Korea and calling for steps leading to punishment of Peking.

However, these observers believed the U. S. would attend the seven-power conference if the Arab-Asian plan is accepted by the necessary two-thirds of the membership.

Britain and Canada are expected to make their stands known today on the Chinese Reds question with Britain's Sir Gladwyn Jebb and Canada's Lester B. Pearson both scheduled to speak.

U. S. Ambassador Warren R. Austin in a comparatively mild speech yesterday said this country stood "ready at all times" to join genuine peace talks and "would raise no objections" if some members wanted to send new appeals to Mao Tse-tung's regime.

Austin warned that "you can't shoot your way into the United Nations."

The higher education appropriation would be cut some \$6,000,000 because of an anticipated 20 per cent decrease in enrollment.

Texas Tech at Lubbock would sustain the biggest slash—\$2,920,268.

The budget board recommended that Chancellor James P. Hart of the University of Texas take a \$2,500 salary cut to \$17,500.

Salary of the State Agriculture Commissioner would be boosted from \$6,000 to \$7,200 and the Banking Commissioner would be raised from \$6,600 to \$9,000.

### Mrs. J. Bigby Services Set

Funeral services for Mrs. J. S. Bigby of Rising Star, mother of C. L. Bigby of Eastland, were scheduled to be held at the Baptist Church in Rising Star at 3 p.m. Thursday.

Mrs. Bigby died at 8:15 p.m. Wednesday in Rising Star. Burial will be in Rising Star cemetery.

### Fauth Improving After Surgery

Albert Fauth, who underwent major surgery at a Ranger Hospital about a week ago, is reported to be improving at this time.

Fauth is an employee of the Texas Electric Company. He expressed appreciation for cards sent by his friends.

### Allied Patrols Roam 11 Miles Into C. Korea

TOKYO, FRIDAY, Jan. 26 (UP)—United Nations patrols reentered Hoengsong and roamed as deep as 11 miles into the no-man's land of central Korea Thursday without meeting the will-o'-the-wisp Communist army.

The Communist also disappeared from the air after five days of aerial dogfights. Five hundred Allied planes bombed and strafed unchallenged, hitting rail centers and other targets.

This continued inactivity led to speculation by some United Nations officers that the bulk of the Reds may have pulled back closer to the 38th Parallel. Most field officers believed however that a new Red attack was in the making.

Another Allied tank force surged out of the main defense line south of Wonju Thursday and rolled 10 miles north of Wonju to Hoengsong along the same road traveled yesterday.

Air observers said the area through which the task force passed was dotted with enemy groups of from 40 to 500 men, but none of these forces challenged the tanks. Air sources claimed 179 Reds were killed by air strikes preceding the patrol.

Despite the scarcity of Reds on the front, there were reports that 3,000 Communists were massing in the area 11 miles northwest of Yaju. Another report said between 2,000 and 3,000 guerrillas or infiltrators were sighted marching south through the rugged east-central mountains.

Spurrier invited everyone to visit the station Saturday to get acquainted and to get a chance at the prizes to be given away.

### Local Scouters Attend Pow-Wow

A number of persons from Eastland attended the North District Scouters Pow-Wow at Cisco Monday night.

The Pow-Wow is a get-together for scoutmasters at which they go over the requirements for scouts and review their own duties.

Attending from Eastland were L. E. Huckabay, Bill Brown, W. B. Pickens, Homer Smith, J. P. Collins, Bill Jessop, A. L. Murrell, Dr. James C. Whittington, and J. P. Kilgore.

A total of 31 scout workers from Eastland and Ranger, Cisco, Breckenridge, Brownwood and Goldthwaite attended the meeting.

### Former Eastland Resident Buried

Funeral services for Rev. F. A. Hollis, Kilgore, retired Baptist minister, were set for 2 p.m. Thursday at Lindale.

Rev. Hollis died Tuesday at Tyler. He moved from Eastland last August. He had lived here a number of years.

### MOD Theft Costs \$25

BRIDGETON, N. J., Jan. 25 (UP)—Henry Fithins, 23, and William Johnson, 21, paid \$25 fine each yesterday after police charged them with stealing 25 cents from a March of Dimes box to buy beer.

Bob Gilchrist's No. 1 Ayers, in the Briggs-Owens area about four miles northwest of Eastland, flowed strongly with good pressure on a drill stem test this week, and oilmen predicted that it was another outstanding producer for the Briggs-Owens pool.

The well flowed without hydrafrac treatment.

Location of the well is on the Southwest 80 acres of Section 49 H&TC Survey, 330 feet from the Northwest corner.

Pipe was run and cemented Wednesday and the well is to be opened about Saturday.

It was a case of persistence paying off for Gilchrist who has had his share of hard luck in oil operations in the new area.

Much hard work has been put into oil operations in this area by Gilchrist. Despite failures, Gilchrist struck on and it finally paid off.

Also in the Briggs-Owens field, the No. 4. J. H. Reynolds, which is believed to be the best well yet drilled in the pool, will be opened for a test run Friday.

The Harold M. Kupp No. 2 Otto-Chance is another new location in the Owens pool. Location is 330 feet from the north and east line of the west half of the northeast quarter of Section 8, Block 5, H&TC Survey. Permit calls for 3,500 feet to the test the Lake Sand.

to production about five miles northwest of Eastland. Location is 330 feet from the south and east lines of the southwest quarter of Section 37, Block 4, H&TC Survey. Permit calls for 4,000 feet with rotary.

Benyon and Montin No. 1 Edd Hayes is to be a deep wildcat test two miles north of Cisco on the Lake Road.

A. W. Gregg will drill the well which calls for testing the Mississippi lime formation at about 4,600 feet. Location is in the southwest quarter, 990 feet from the south and 1,125 feet from the east lines, in Section 494, H&TC Survey.

The A. B. Bradley No. 2 Holcomb, about a half mile east of Eastland, was given hydrafrac at about 1:30 p.m. Wednesday and was to be opened Thursday afternoon.

Also in the Briggs-Owens field, the No. 4. J. H. Reynolds, which is believed to be the best well yet drilled in the pool, will be opened for a test run Friday.

### Keesler Well Shows Natural Flow Thursday

After being shut down Wednesday night with fluid at 500 feet from the top, the Keesler No. 1 Jennings, three and a half miles northeast of Ranger, showed fluid at the top this morning. It was flowing through tubing with 300 pounds of pressure on the casing. The well is scheduled to be tested later today.

After swabbing Wednesday afternoon, the well showed 40 barrels per hour. It perforated at 3285-3295 feet.

A new location, two miles north of the Jackson Pool, northeast of Ranger is the Bob Sunshine et al No. 1 McNabb. It is located 300 feet from the west line, 644 feet from the north line on Section 67, Block 4, T&P survey. Permit to drill at 2000 feet and immediate drilling is scheduled.

The Gray No. 1 Newham is setting pipe.

REYKJAVIK, ICELAND, Jan. 25 (UP)—Gen. Dwight D. Eisenhower arrived here by air at 12:30 p.m. today for a visit to this North Atlantic outpost astride the vital shipping lanes between the U. S. and Western Europe.

He was employed in the company's Fort Worth office during the last year. In previous years he has worked at various offices of the company throughout the state.

Laws, his wife and a daughter, Karen Sue, are now living at 212 S. Connellee in Eastland. He moved here January 12 and the office was opened January 15.

"Our aim is to give the public prompt, efficient and courteous title service which they have a right to expect," Laws said.

Abstracts, title insurance, title certificates and other title information will be handled by the office.

### Rushing To Show De Soto For 1951 In Eastland On Saturday

A multitude of sweeping changes have completely transformed the new 1951 De Soto line which will be displayed in Eastland at Rushing Motor Company, Saturday, January 27.

The new line will bring a distinctive and distinguished exterior and interior styling, a new standard of riding comfort and convenience, exceptional safety features and increased power from a larger engine according to J. H. Rushing.

Of particular interest on the new De Sotos is the installation of Oriflow shock absorbers, one of the most pronounced improvements in car riding comfort in automotive history.

Exterior styling changes include a distinctive new grille; a new wide hood; new front fenders; new crest-type front end ornament; new rear fender moldings placed on the fenders; new Custom stone shield; and a belt moulding that completely encircles the car.

Front and rear bumpers and bumper guards are newly styled. The front bumper is larger and heavier and is integrated with the grille styling; the rear bumper is designed so that it follows the contour of the rear fenders.

Advanced interior styling improvements include a new instrument panel of superb beauty. It is finished in a new brown oriental walnut grain.

Improved engine starting and smoother operation during warm-up are assured by a new automatic choke built into the carburetor. The mechanism is also better protected from dust and dirt, providing reliable operation. In addition, the engine is waterproofed throughout for fast starts and continuous operation in the wettest weather.

A new parking brake with three times the holding power has been installed and a new parking brake handle has been conveniently located closer to the steering column. De Soto provides a wide choice of eleven body styles, in a dozen sparkling color choices.

Rushing urged everyone to come by Rushing Motor Co., to see the new De Soto on display Saturday.

US Population Jumps 2 Million Since April New York, N. Y. — The population of the United States has increased by nearly 2,000,000 since the Census was taken last

April, which brings the total—including men overseas—service—to about 153,000,000 as of the end of 1950, according to the statisticians of the Metropolitan Life Insurance Company.

For the full year the natural increase—the excess of births over deaths, including losses in the armed forces overseas—was close to 2,250,000. The rate of natural increase was about one and a half percent, which is substantially higher than the average for the past decade.

The total increase in the 10 years just past was more than 20,000,000—the highest for any 10-year period in the country's history—and for the five-year period since the end of World War II the natural increase itself exceeded 11,000,000.

"The population record of the country in recent years provides an index of the vitality of the American people which is particularly reassuring in the present crisis," the statisticians comment.

School Chief Approves MOD

AUSTIN, Jan. 25—The 1951 Texas March of Dimes got a formal acknowledgement as the annual drive for funds to fight polio swept ahead throughout Texas.

The support came from Dr. J. W. Edgar, State Commissioner of Education.

Speaking for the more than one million and a half public school children and the thousands of teachers, Commissioner Edgar anticipated the backing of all educational forces in the state. In a letter to Ralph Frede of Austin, Central Texas Representative for the National Foundation for Infantile Paralysis, Commissioner Edgar wrote in part:

"We are greatly interested in both the educational program and the fundraising program of the National Foundation for Infantile Paralysis, and, along with the other school people of this state, we are glad to lend

From Washing Diapers To Hollywood Star

NEW YORK, Jan. 24 (UP)—One day you're washing diapers, the next day you're trying to pose to Sam Goldwyn over the prize of your vacuum sweeper. You're about to see a star.

It can be that sudden, Reba Tassel will assure you dreamily. She has the girl with the diapers, so she should know.

She got a tiny walk-on part on a television show three months ago. The producer, Worthington Miner took one look at her and muttered something that sounded like "dynamite."

Last week she was the ingenue star of his television dramatic show, "Studio one." Her two baby girls, aged three and a year and a half, and her husband, an executive of a men's hosiery company, stayed home the fateful night. Next morning the whole family got up at 6:30, as usual. Reba fed everybody and the girl-of-all-work was running the vacuum when the phone started ringing.

"Oh, gee," she recalled with a delighted laugh, "Betsy, the baby, was screaming, the vacuum was going, and this voice was saying that Sam Goldwyn wanted to see me at the Sherry Netherlands. I thought it was one of my relatives being funny."

Then came a call from 20th Century-Fox. That one she believed. She put on her best black coat, left the children with the maid in their four-room apartment in Forest Hills, Long Island, and took the subway into Manhattan.

"First I saw Mr. Goldwyn. He seemed to have a lot of other things in mind," she recalled. "But he said he was taking a kinesiograph of my performance back to the coast to show his producers."

The representative of 20th Century-Fox signed her up for a screen test on the spot. Reba, who is a diminutive 23-year-old with natural dark brown hair, brown eyes and with a healthy, ruddy complexion, got home with a puzzled expression.

"On the street and in the casting offices I keep seeing other girls who look practically like me. I just can't understand it," she told her husband. She had studied at the American Academy of Fine Arts before she was married and moved to Chattanooga, Tenn., with her husband, but had never even had a walk-on part in a play since they moved back here.

"And now, all of a sudden, they talk about my moving to Hollywood," Reba marvelled. "I wake up in the morning and the diapers are still there to be washed. Nobody stops me on the street for my autograph. But the phone keeps ringing with these agents wanting to sign me up." According to the theatrical grapevine, she's about to be a star.

our cooperation and assistance to these programs in any manner that is fitting.

"We wish you success in the March of Dimes program, and I know that you will again this year, as in the past years, have the full cooperation of the pupils, teachers and administrators of the public schools of this state.

The Texas quota for the 1951 MOD is \$2,500,000. Ed. S. Stewart of Abilene, state chairman, said the success of the annual drive "is unusually urgent, because of the record incidence of polio in the last three years."

XXVII THE BRISK MEETING OF BOATWORKS EMPLOYEES WAS HELD OUTSIDE THE MAIN GATE OF THE YARD.

A temporary speakers' platform had been built at one end of a grassy open space just across the cinder road. The workers and townspeople sat there on the ground.

The time was 2 o'clock in the afternoon. Workers on the morning shift had been let out an hour early so they could be there and the swing shift was to be allowed an hour's leeway in reporting.

Kirsten Peterson was there with Margie Lou. The older woman had sensed Margie Lou's bewildered helplessness and had taken her in tow. Eddie and Carl sat companionably near the two girls. Margie Lou wasn't wearing the lucky coin though. The other men of Eddie's squad were scattered throughout the crowd wherever their various families happened to be. Joe College had no affiliations and on Eddie's invitation hung around with him.

"It don't make any difference," Eddie told him when Joe was shy about butting in. "Margie Lou doesn't know I'm here anyhow."

She didn't know about Duke either who nudged her with his nose as a hint that he could do with a little petting. He was only miffed for a minute though when she paid no attention.

On the speakers' platform sat the officials of the boatworks, the mayor, the chief of police, the editor of the Westway News, several representatives of the working crew of the yard and, lastly, Rear Admiral Pearson who made an entrance heralded by the high school band.

Rear Admiral Pearson was feeling a little stuffy from a luncheon with the Chamber of Commerce at the hotel. He resolved, as was his daily custom, never again to eat anything but a sandwich and

Preparation For Civil Defense Is Hard Work

AUSTIN, Jan. 25—It is hoped that we may achieve orderly thinking and make concrete suggestions for use by local and state committees in planning the medical phase of civil defense and disaster relief in the very near future, said Dr. Geo. W. Cox, State Health Officer and State Defense Director.

No community can prepare itself to provide these additional health services that will be essential for civilians subjected to disaster, without a great deal of forethought, prolonged training and development of systematic performances, drills, tests, etc. When the average community prepares itself for disaster, the effort of each citizen and every profession must be fitted into coordinated system.

There is no easy way to pre-

a glass of milk in the middle of the day. The mayor introduced the naval officer, the naval officer presented the pennant to the president of the company and then went into his routine pep-talk to the employees, the theme of which was that the workers on the production front back home were just as much soldiers as the men in actual combat.

"Except," commented Joe College, "that they get a hundred bucks a week instead of twelve-fifty and don't wash their sox in the same water they sleep in."

"I don't know which is the finer man," orated the admiral, his breath whistling through his nose as it always did when he worked up to his climax, "the hero with a rifle in his hand who presses forward to victory over our enemies or the stalwart laborer who sweats his heart out in the factories and the shipyards to furnish the sinews of war."

Rear Admiral Pearson sat down. The high school band took over for three noisy minutes of "Over There."

"The brisk, businesslike president of the Westway Boatworks, rose and made a few practical remarks to his employees:

"There is only one way we can do it. We can't hire any more workers. There aren't any to be had. We can't get any better machinery which will turn out a greater volume of processed material. Therefore, with the workers now employed here, using the machinery already installed, we must move faster and waste less time. That is the only way we can do it."

"He finished. Mild applause. "A very nice speech," declared Eddie.

"But it can't go over very well," Joe pointed out, pretending to listen. "Too much truth in it.

each community should proceed immediately with its own preparations for meeting disaster. Such a plan would not interfere with a national program. Each team can lay the necessary ground work in plans and at the same time, improve its own and others' readiness to meet any problems that may require community participation. Above all, much time and effort can be saved because such planning will be required with or without a universal national pattern.

## Dealers Display New 1951 De Sotos

A multitude of sweeping changes have completely transformed the new 1951 De Soto line, on display at De Soto-Plymouth dealers on Saturday, January 27. The improvements have brought distinctive and distinguished exterior and interior styling, a new standard of riding comfort and convenience, exceptional safety features, and added power from a larger engine.

## UNCLE SUGAR MAY HAVE PRESSED THE PANIC BUTTON TO BUG OUT FROM GOLF BALLS, BUT WE'VE CLOBBERED SOME GOOKS, ARIGATO

BY H. D. QUIGG  
SOMEWHERE IN KOREA, Jan. 24 (UP)—Quigg's handy guide to phrases in use in Korea: (All in current usage—more or less.) A good many of them you have to know in order to make any sense out of conversation between soldiers out here. Some blossomed in this war. Some have made comebacks. (Anyone loudly claiming to have heard any of them first in the Spanish-American war is kindly invited to come out here so I can clobber him over the head with a baseball bat.)

**Hassel**—an argument, disagreement, hard time, fight. E.G., "We got into a hassel about our rations."

**No sweat**—means something was no bother or trouble. You thank someone for doing something for you and he replies, "No sweat."

**Got it**—as in "he's got it made," means a person is well set up, has plenty of whatever he wants, has triumphed.

**I got news for you**: You're wrong, but you have the wrong information. (was used especially among liaison pilots; now has spread.)

**Bug out**—to get the hell out of wherever you are. "Let's bug out of here." Goes well with retreats. Cut a tail—to bug out. Used by outfits whose commanding officers have given orders that the phrase "bug out" will not be used.

**Panic button**—usually somebody "pushed," "pressed," or "hits" it. A joking expression used to cover almost anything. When an outfit moves, wags will remark, "somebody hit the panic button." Some guys in the rear areas even have a well-inlaid panic button on the wall by their desks.

**Prize expression** when the Army bugged out of Seoul: "They moved the panic button to Pusan."

**Mus** (pronounced moose) of mouse (pronounced moose)—girl friend. A term picked up in Japan during the occupation, from the Japanese word "musume" (pronounced moonsomy).

**What's the big picture?**—first thing a soldier asks of a correspondent.

**You're fat or he's fat**—mums well fixed, has plenty. (Especially by Navy carrier pilots.)

**Clobber**—to hit hard, really slaughter. "We clobbered them with artillery." (Never caught on too well in World War II but going great guns in Korea.)

**Them cooks**—the enemy.

**Gook**—a term used loosely by soldiers for Pacific Island natives and orientals generally. Had about died out in Japan before this war started. Had big comeback in Korea. Now, South Korean soldiers call North Korean soldiers gooks.

**Kok** (pronounced rock)—South Korean. "The rcks" are

the South Korean army. From the initials for "Republic of Korea."

**Slime**—Army food.

**Golf balls**—tracers from gunfire of enemy plane. (Used by jet fighter pilots.)

**Round Steak**—Vienna sausage.

**Slogerville**—correspondent's term for fighting front.

**Mama-san, papa-san, boy-san**—native man, woman male servant, Sukoshi—a little, Takuan—much, Dozo—if you please.

**Arigato**—thank you. (All Japanese words picked up in occupation.)

## Somervell County Farmers Fight Grass fires

COLLEGE STATION, Jan. 25.—In Somervell County, Texas, farmers banded together and burned the grass along the highways. Each morning when the wind was moderate, farmers would burn the grass to prevent fires starting when no one was present to control them.

Much can be done toward educating motorists to refrain from throwing lighted matches and cigarettes along highways where grass can be set afire, says Somervell county agricultural agent E. D. Cooper. But it is doubtful if a 100 percent job can be done. An estimate has been made that indicates about ten percent of the drivers are law violators who pay little attention to any law.

They pass cars in no-passing zones; fail to stop at intersections where stop signs are placed; and they pay no attention to 30-mile speed zones. When one of these drivers violates one law, chances are good he'll violate another the next time the opportunity presents itself. Cooper suggests that drivers do a little checking on their own as well as the other fellow's driving habits. He points out that unless 100 percent of the drivers cooperate in keeping down fires, much can be done because ten drivers can strew lighted matches and cigarettes along the highway and ruin the good record set by 90 careful drivers. The best answer to the problem is to fight fire with fire.

Before the program was started in Somervell county, he says,

## Lee Family Surprise Mother With Family Reunion In Olden Home

Mrs. J. W. Lee, who makes her home with her daughter, Mrs. Ora B. Curry at Olden, Texas, had a very pleasant surprise last Saturday night January 20, when she had all of her eight children present for the first time in 25 years. A lovely buffet dinner was served to all present.

W. R. Lee of Little Rock, Ark., had written her and the other children and night with his mother and sister, and would like to see all who could come. Each one without writing the other decided they would make an effort to go see their mother and brother, the result being all were present.

Present besides Mrs. Curry and W. R. were Mr. and Mrs. R. C. Lee, Henderson; Mr. and Mrs. Roy S. Lee, their children, Ollie May, Joyce and Stanley of Dallas; Mr. and Mrs. Ira B. Lee, Dallas; Mr. and Mrs. Roy Oxford, Ft. Worth; Mrs. A. C. Fricke, Cisco; Mr. and

Mrs. R. F. Lee, Breckenridge; Patricia Ann, Barbara Ruth and John Richard Kirschner, nieces and nephews of Mrs. R. E. Lee.

## Personals

Mr. and Mrs. E. C. Boatler of Big Spring were the guests here Monday in the home of Mr. and Mrs. R. L. Carpenter.

C. E. Owen is a patient this

week in a Ranger hospital.

Edwin Meroney, who underwent surgery last week in a Ft. Worth hospital has been transferred to the West Texas Clinic in Ranger.

Mrs. W. P. Weaver of DeLeon is the guest here in the home of her son, H. T. Weaver and family.

## Reserve Recall Soon

FORT WORTH, Tex., Jan. 25 (UP)—Records were being processed today for the recall to active duty, beginning March 1, of all 446th Bomb Group and M-Day Air Force reservists here.

## Just Fire Insurance—

... was about all the local agent featured up to a few years ago, for that was all the public demanded. But not so today. Folks have learned the value of insurance and now demand complete coverage. And the well-established local agent has all the facilities for writing insurance against every known hazard regardless of risk or uncertainty. Because your protection is our business let us suggest again that just fire insurance is not enough.

If it's insurance, we write it.

Where is everyone when we have a basket-ball game? Let's support the players more.

Can the girls breathe properly now, huh, Mr. Stanley?

What has happened to the fourth period English, it is so much quieter, now?

A hand goes to Gene Bowles for passing his General Science final test!

The boys are getting all dated up for Sadie Hawkins Week. Better hurry, girls!

Mable and Rod are back together again!

What do the girls do when it takes them 2 1-2 hours to go get a coke! oh, Sallie, Edith, Pat

STOLEN STONE — Scotland Yard detectives are leaving no stone unturned in search for missing 400-pound Stone of Scone, above, on which English monarchs have been crowned for 600 years. The stone was removed from Scotland to England in 1297 by King Edward I and police have speculated that Scottish Nationalists may have "liberated" the coronation stone from Westminster Abbey in London.

S. and Mary Ann, especially in Cisco.

Say, girls, let's watch what we are talking about when you're in session by yourselves!

Looks like everyone turns up going to the Drive-In on Saturday night! Don't they, Edith, Ithea, Gay, Pat, and Judy?

What is this about Babeth and Joe, M. Could it be a romance?

Joy Lynne and John really seem to be making a case of it.

The all-state kids are really planning for all-state, aren't they, kids?

Let's give the kids a hand who made all-state band.

Take pity on Monette, Bettye G., Shirley and Pat S. for having to live in letters!

Everyone, surely enjoyed the Tea Sunday afternoon—even if the SENIORS were there!

Why is it that Guyrene keeps tearing up her typewriter lately? It couldn't be so a certain someone would repair it, could it?

Seems like all the senior girls at least can get together. They were all together in the show and at the tea Sunday—more fun!

June and Faye, it's too bad you can't take the Juniors along on your trip! Or is it?

Oh, well, it was a pretty ring, Neta Fay.

SENIOR NEWS

The seniors had a class meeting to discuss plans concerning the Pat Stock show. They are all going in a body on the school bus February 3. Everyone is going to take a picnic lunch which will be served at the park. Several Mothers and Teach Johnson will accompany them. Some students are not going to the rodeo, so they plan to spend their time on Midway and looking at the exhibits. Everyone is eager for the time to arrive when they can don their western outfits and have a whooping good time at the Stock Show!

### Five Teams Look Like Cinch To Play in NCAA

NEW YORK, Jan. 25 (UP)—At least five teams were regarded as virtual "Shoo-ins" to gain berths in the NCAA college basketball tournament today despite the fact

that the season is only half over. Columbia, North Carolina State and Indiana apparently can't miss gaining bids to the NCAA eastern regional eliminations, while Arizona and Kansas State are the best bets for the western regionals.

The NCAA eliminations this year will be open to 16 teams. Eight will battle it out in the east and a like number will vie for the western title. The winners will meet for the national championship at Minneapolis, March 27.

In the eastern regionals, four of the eight berths will be awarded to conference champions. Under this set-up, Columbia is a cinch to represent the Ivy League, Indiana should get the Big Ten berth, and North Carolina State again looks like the Southern Conference champion.

The Southeastern Conference title is decided by a tournament, but who is willing to bet against Adolph Rupp's ever-powerful Wildcats?

St. John's, Villanova, Holy Cross and Vanderbilt or Maryland are the likely candidates for

the four remaining eastern berths. In the western regionals, six of the eight berths will fall to conference title-holders. As usual, the best battle is expected to develop in the Missouri Valley Conference between the Oklahoma Aggies, Bradley and St. Louis. However, under the new NCAA rules, all three can qualify for bids.

Arizona is unbeaten in the Border Conference. So is Kansas State in the Big Seven and Texas in the Southwest. Brigham Young and Denver are locked in an exciting battle to represent the Skyline Six, while the Pacific Coast Conference bid will probably be awarded to Washington State of Southern California.

Long Island University, unbeaten in 15 games, is not a member of the NCAA, so will not be eligible for its tournament. But Clair Bee's Blackbirds can't miss being awarded a bid to the National Invitation Tournament in New York.

There are any number of other good-record teams regarded as candidates for the NIT, which also will comprise a 16-team field this

year. These include Duquesne, LaSalle, Canisius, New York University, Toledo, Bowling Green, Dayton, Vanderbilt, Cincinnati, Louisville and Stanford.

City College of New York, which became the first "double champion" last season, may not rate a bid to either tournament. The baleful Beavers have lost five of their first 11 games.

### Baptist Rally In Support Of '51 Hour

Pastors and lay leaders all over the Southern Baptist Convention are determined to put over the 1951 Baptist Hour. Dr. S. F. Lowe, Director of the Radio Commission, says that from all indications this will be the greatest year in the history of Baptist Hour broadcasting.

The first program of the new year was heard over 210 stations in 20 states and three foreign countries on January 7. Other outlets are being added all along. "The Radio Commission is on a very limited budget this year," Dr. Lowe explains, "and the vast majority of these stations are either donating their time outright, or it is being taken care of by local Baptists."
