Laredo Publisher May Be Issued Subpena To Appear In Austin To Answer Charges Made In Paper

AUSTIN, March 31 (UP)—Aroused city officials have demanded proof of charges made by Laredo publisher William Prescott Allen that Austin crime "is a shame and disgrace to the whole nation."

Mayor Taylor Glass, Mayor pro tem Bill Drake and councilman Stuart McCorkle denounced Allen's statement that the capital city is "corrupt."

Glass said he would demand a grand jury subpoena for Allen when jurors convene Monday. He said "I want them to bring him here and make him tell what he knows."

Webb County district attorney Jimmy Kazen was granted time to make a special announcement at the meeting of 160 district at-

torneys and law enforcement officers meeting here in which he disclosed the charges by Allen as being representative either of his own opinion or those of Webb County.

"Every man is entitled to his own opinion and in attacking Austin and the House Crime Committee, Mr. Allen was expressing his own opinion and not my sentiments or those of the people of Webb County."

He strongly endorsed the conference today and lauded Rep. Fred V. Merdith of Terrell as chairman of the committee and the work that the committee has done thus far.

Meantime, Drake said Allen's charges were "grossly unfair," and McCorkle, who asked yesterday for a "purely local" investigation, said "I doubt that the facts will substantiate the charges."

Allen bought advertising space in the Austin American today to reprint an editorial in which he attacked what he termed widespread crime in Austin.

Cotton and Citrus Combined in Valle

WESLACO, March 31 (UP)—Texsun Citrus Exchange today laid plans for combining the cotton and fruit businesses.

Lorne S. Hamme, general manager, said a cotton compress will be installed at the co-operative's by-products plant and will be in operation by July 1.

Hamme explained the conversion to cotton was made necessary because of freeze damage to fruit and a subsequent citrus shortage. He said that the company will remain in operation, however, when fruit is again plentiful since the cotton and citrus seasons do not overlap.

Lift Up Your Heart

By Rev. C. Nelson

"Revering unto God"

The master had more to say about stewardship of possessions than he did about salvation. The lethery in the spread of the gospel in Christ's program is due to man's refusal to heed the teaching of this truth more than any other.

The beginning of stewardship of possessions is the tithe. The word of God has some very plain things to say about its observance. (1) The word of God says that it is Holy. "The tithe is Holy unto the Lord" and beware of taking a holy tithe into unholy hands and using it for unholy purposes. (2) It is a part of the moral law and not the ceremonial law. This makes it as binding upon me in 1951 as it was upon Abraham as he paid tithes unto Melchisedec. It was a spiritual obligation binding upon the conscience and heart of man before the law was given at Sinai. (3) It is a direct command from God to observe it; by Mosaic law; by admonition of Christ, and by Pauline admonition. (4) It is to be brought into the storehouse of God systematically, proportionately, and unreservedly. (5) It is one of the highest acts of worship. With my substance I worship God; I recognize his ownership. Because of his creation, his redemption, and his providence, I acknowledge my debt to him by rendering of a just account of my stewardship. (6) To withhold the tithe from God constitutes a moral offense against God. To use the tithe for any other purpose is stealing from God, and stealing is a direct violation of the ten commandments. (7) God's word teaches that he will not ignore a person or a people who rob him of the tithe. Beware of the warnings of God on this matter for he will not be mocked.

Preacher Is Charged With Drunk Driving

FORT WORTH, March 31 (UP)—A 26-year-old motorist who identified himself as a preacher from Abilene was charged today with drunken driving.

He was W. J. Horn Guthrie, who was injured Wednesday night when his car smashed into the rear of a truck west of Fort Worth. Guthrie told them a hitchhiker he had picked up forced him to take a drink of whiskey.

Three Are Killed

MCCALLEN, March 31 (UP)—Three McAllen residents were killed last night when their automobile was struck by a Southern Pacific passenger train at a grade crossing between Edinburg and McAllen.

The victims were identified as Mr. and Mrs. Frank Kuhn, both about 50, and Mrs. P. C. House, Sr.

Their deaths brought to 14 the traffic fatalities in the Lower Rio Grande Valley this year.

THE WEATHER

By United Press

EAST TEXAS—Increasing cloudiness and warmer this afternoon. Scattered showers tonight and in the East portion Sunday. Cooler in the Upper Red River Valley tonight. Fresh to locally strong southerly winds on the coast.

WEST TEXAS—Partly cloudy. A few scattered showers this afternoon, and in the Panhandle and South Plains tonight. Cooler, except in the Del Rio-El Paso area tonight. Sunday fair and cool.

Waco Man Killed
WACO, March 31 (UP)—R. Gwynne Lawson, 52-year-old Waco electrician, was fatally injured last night when his car collided with another as he pulled onto state highway 6 en route to a neighborhood grocery.

Three persons, including two from Galveston, were slightly injured. They were Russell Hendrixson, 34, Waco, and Jean Bond, 23, and Helen Brinkley, 21, both of Galveston.

OKLAHOMA MAN NAMED ASSISTANT ATTORNEY GENERAL—Holmes Baldrige, of Oklahoma City, center, has been sworn in as Assistant Attorney General in ceremonies at the Justice Department in Washington. Judge Henry A. Schweinhaut of the U. S. District Court, right, administered the oath. Attorney General J. Howard McGrath, left, was on hand for the ceremony. (NEA Telephoto).

Kilgore's Offer Big City Dairy Service To Eastland, County

Kilgore is now offering a big city dairy service for Eastland and Eastland County through their relationship with the Borden Company, Johnny Kilgore has announced.

Through this relationship, Kilgore's is now offering a full line of nationally advertised dairy products, featuring Borden's homogenized vitamin milk, which is the leader in big city markets of the country.

Kilgore explained that his Eastland factory is no longer bottling milk and has switched entirely to the producing of ice cream, because of the growth of demand for the product.

"We do not have facilities to continue processing both milk and ice cream," he said. "We have stopped bottling milk in order to give space and facilities to the increased ice cream business."

The Eastland county dairying industry has grown rapidly in the last five years and the Kilgore plant was not large enough to satisfactorily handle all products produced.

Through their agreement with Kilgore, the Borden Company is taking all milk from the county at full price.

"By handling strictly Borden's milk and other products, we have opened a new market for county dairy production," Kilgore said.

Kilgore refrigerated trucks take the raw milk to Dallas and return with a load of Borden's products.

"We have added two new employees to handle our increased volume brought on by this new arrangement," Kilgore concluded. "Borden's is paying more money into the county for milk than we have been able to or probably would have been able to."

Negro Woman May Die In Electric Chair

SAN ANTONIO, March 31 (UP)—Emma (Straight-Eight) Oliver, 40-year-old Negro woman, today faced a May 4 execution in the electric chair at Huntsville Prison.

The woman was sentenced by Criminal District Judge W. W. McCrory here yesterday upon receipt of a court of criminal appeals confirmation of the trial court death sentence.

The Negro woman was previously convicted and sentenced to five year terms in the knife slaying of two other persons. The death sentence was given her April 4, 1950, in the knife slaying of Negro Herman Kohn.

Police Post Extra Guards

WASHINGTON, March 31 (UP)—Police posted extra guards around the conference of American Foreign Ministers today to protect the diplomats from Latin demonstrators.

Guards also were reinforced around Latin American embassies and a special police riot squad was alerted.

The precautions were ordered after a group of New Yorkers—all citizens of the Dominican Republic—announced they would picket the conference of Foreign Ministers of the 21 American Republics. They chose the day on which French President Vincent Auriol was scheduled to address the conference (at 12:15 p.m. EST.).

Nazarene Set Sunday Topics

Rev. William C. Emberton will begin a series of sermons Sunday from the book of Hebrews, at the Church of the Nazarene, located at the corner of Main and Connellee St.

"The Sunday morning messages during the month of April will be taken from the book of Hebrews while the evening evangelistic sermons will be based upon the book of Revelations," Rev. Emberton said.

The subject for Sunday morning's service will be: "God Has Spoken," and the message for the evening will be, "Christ at the Door."

"Our morning services begin at 10:50 and the evening preaching hour at 7:45," Rev. Emberton said. "We invite our friends to visit with us at all services."

Lubbock Officers Start Raiding

LUBBOCK, March 31 (UP)—Four private clubs were raided by sheriff's deputies here yesterday and four slot machines were seized at one of the establishments—Club Alcoholics Anonymous.

Also raided by the warrant bearing deputies were Lubbock Country Club, the Elks Club and the Veterans of Foreign Wars Club. No gambling equipment was found at these places.

Episcopal Have Guest Speaker

Rev. Louis A. Haselmayer of Brownwood will be the speaker at the Trinity Episcopal Church, Sunday.

Rev. Haselmayer is the dean of Daniel Baker College in Brownwood.

Morning prayer will be held followed by communion at 11 a.m. Rev. Haselmayer is replacing Rev. William Albert, rector, who is in New York City this week.

Cancer Drive Kickoff Set On April 2

HOUSTON—The 1951 Texas Cancer Crusade, which is launched every April throughout the state by the Texas Division of the American Cancer Society, will be "kicked off" with a half-hour broadcast over the Texas Quality Network, Monday, April 2, George E. B. Peddy of Houston, 1951 Chairman, has announced.

Launched with a brief talk by Governor Allan Shivers, the special broadcast will emanate from the Senate Chamber at the state capitol in Austin. The broadcast will begin at 9:30 p.m., with an introductory song by the University of Texas A Cappella Choir.

Following the talk by Governor Shivers, Mrs. Joseph M. Perkins of Eastland, Vice President for Field Activities of the American Cancer Society will speak; followed by Dr. G. V. Brindley of Temple, Executive Vice President of the Division; and Frank C. Smith of Houston, president.

The special broadcast was arranged by the staff of Radio Station KPRC in Houston and will be handled by Station WOAI in San Antonio. The program is expected to be broadcast by the complete Texas Quality Network: WFFA, Dallas; KPRC, Houston; WOAI, San Antonio; KRGV, Weslaco; KVAL, Brownsville; and KRIS, Corpus Christi.

Final Rites Held For Frank Jones

Graveside rites for Frank Jones, former Eastland resident and editor of the Eastland Telegram for several years, were held at the Eastland cemetery at 2:30 p.m. Friday.

Mac Bartee, minister of the Church of Christ, conducted the service.

Jones died in Mineral Wells, where he had been located since leaving Eastland about two years ago.

Pallbearers were: Joe Stephen, O. H. Dick, H. G. Vermillion, Virgil Love, J. C. Allison, and E. E. Layton.

Galveston Woman Indicted In Dallas

DALLAS, March 31 (UP)—Mrs. Sophia Beneditti, owner of a Galveston nightclub, was indicted by a Dallas County Grand Jury yesterday on charges of perjury during the trial of well-known Dallas hoodlum Leroy Goss.

The indictments accused Mrs. Beneditti of "deliberately and wilfully" giving false testimony during the robbery trial here Jan. 10. Goss was convicted of the \$12,000 jewel robbery at the home of oilman Ray Hubbard April 2, 1950 and sentenced to life imprisonment.

Mrs. Beneditti testified that she saw Goss at her night club the evening of the robbery.

COMMITTEE OF THREE NAMED FOR FUND DRIVE CAMPAIGN

Eastland's hospital drive will continue with April 9 as the kickoff date for a campaign to raise \$100,000, which is the estimated cost of constructing a 15 bed unit in the city.

That was the decision of a representative group of citizens who met at the Eastland High School auditorium Friday night.

The proposed hospital building will be constructed so that more bedrooms can be added as needed.

A committee of three men, composed of C. W. Hoffmann, Jack Frost and Buck Pickens, were recommended by the hospital committee of the Civic League and Garden Club to organize the funds drive, and the group was immediately approved by those attending the meeting. Guy Parker

was recommended and approved as custodian of funds.

Hoffmann, speaking for the committee, said that they would begin work immediately in organizing the drive and that it will start April 9.

The action at the meeting was swift and decisive with no opposition voiced to any of the movements or suggestions made. Complete harmony was in evidence among the group present, with an air of determination prevailing.

Mayor W. W. Linkenboger presided at the meeting which was preceded by a concert by the High School band.

Mrs. John Turner, chairman of the Civic League and Garden Club committee which instituted the drive last fall and made intense investigations into the possibilities of a hospital in Eastland, was called upon to open the meeting by giving a resume of the activities of that group.

In concluding her report, Mrs. Turner said that the group had reached a figure of \$100,000 as the estimated cost of constructing a completely new hospital.

"We feel that nothing less than \$100,000 will meet our needs," Mrs. Turner concluded.

At this point Mayor Linkenboger called upon various members of the audience to express their opinions as to whether or not the drive should be continued.

Hoffmann, the first of the group called upon, stated, "I think it is a sort of a disgrace to the city of Eastland not to have a hospital. And I believe that we can have one, but everyone is going to have to dig in and dig in deep."

Jack Frost added, "We should have and need a hospital. It will take a real sacrifice on the part of everyone, but it can be done."

"If we expect to have a town in Eastland worthwhile to live in, we should make that sacrifice," Jim Beard said.

Dr. J. H. Caton was asked if he believed that a hospital here would be self supporting. He replied that he had never operated a hospital, but from his observation of units in surrounding cities, he firmly believed that it would be self supporting after it got started.

Theo Lamb told the group that he believed that the goal can be met. "I'll help it and work on it if you want me to do it," he added.

Lamb also suggested that the people who are able to contribute but small sums or labor should be given due credit for their work on the project. "Their offerings are as important and necessary as the rest," Lamb said. "Some of them will give more according to their ability than those who offer large sums."

Dr. James Whittington, who arrived at the meeting late because he had been treating one of his patients at a Ranger hospital, said that he thought the idea for financing the project was excellent.

"The method of going about it is wonderful," Dr. Whittington said. "This is a project for the people themselves to do."

"There will be two things which will be necessary to the success of the project," he added. "One, it must be better than those of surrounding cities; and two, it must be properly maintained."

Others called upon to express their opinions at the meeting were L. E. McGraw, W. C. Robinson, Hood King, Guy Parker, H. B. MacMoy, Carl Johnson, Ben Hamner, and Buck Pickens.

All of them voiced opinions along the same line, that the city needs a hospital and that the project can be carried out.

MacMoy suggested an auction of services, at which individuals would offer their services to do certain tasks, such as mowing a lawn, painting or repairing a fence etc., to the highest bidder.

Johnson told of the horse show to be held April 14 under the sponsorship of the Eastland Roping Club, with all proceeds going to the hospital fund.

"Everyone has had an opportunity to express themselves and all seem to be ready to get to work," Mayor Linkenboger said in concluding the meeting. "The funds drive will start April 9, and I feel sure we can meet the task if everyone will help carry it out."

COHEN "MUST BE CRAZY" TEXAS INVESTIGATOR SAYS

AUSTIN, March 31 (UP)—A member of the House Crime Investigating Committee commented today that Mickey Cohen "must be crazy" when advised the West Coast Gambler may be on his way to Texas.

However, Rep. Waggoner Carr of Lubbock, member of the five-man committee which subpoenaed Cohen to appear at a Tuesday meeting, said that "if we hear he's in Texas, the committee probably would get together."

But Carr stressed that he was voting only his opinion and was in no way speaking for the committee.

He smilingly remarked that Co-

hen "must be crazy" to make the trip after being cited for contempt for failure to appear Tuesday.

Committee Chairman Fred V. Meridith of Terrell declined to comment.

Cohen was arrested early today at Imperial, Calif., for speeding and told traffic officers he was on his way to Texas.

Attorney General Price Daniel, presiding at a special meeting of 160 prosecuting attorneys and law enforcement officers, paused when advised by United Press of Cohen's possible trip to Texas and said, "I hope the committee will not call a meeting to suit his conveniences."

Col. Homer Garrison, Jr., director of the Texas Department of Public Safety, was advised of Cohen's latest action as he sat on

FORT WORTH LIVESTOCK

By United Press

FORT WORTH, Tex., March 31 (UP)—Weekly Livestock:

Cattle compared last Friday: all classes strong, some cows and stockers fully 50 higher. Week's tops: slaughter steers and heifers 36, cows 28, bulls 30, stocker steer yearlings 40, stocker cows 20.50. Week's bulks: good and choice slaughter steers and heifers 33-35.50, utility and commercial 28-32. Utility and commercial cows 25-27.50, canners and cutters 18-24.50, utility and commercial bulls 26-29, medium to choice stocker steer yearlings 30-39, older feeder steers 36 down, medium and good stocker cows 26-30.

Calves compared last Friday: strong to 50 higher. Choice slaughter calves 54-56, commercial and good 29-33, cull and utility 22-29, medium and good stocker calves 30-40, some 350 pound weights to 45 and lighter weights higher.

Sheep compared last Friday: milk fed lambs 50 higher, other killing classes mostly steady with spots 50 higher on shorn lambs. Shorn feeder lambs 1.00 lower for woolled feeders stronger. Weeks tops: woolled slaughter 40, milk fed lambs 35, shorn slaughter lambs 34, shorn slaughter yearlings 28, few aged wethers 25, woolled feeder lambs 40, shorn feeder lambs 32.50. Closing bulk: good and choice shorn slaughter lambs 32-34, medium to choice milk fed lambs 30-34, good shorn yearlings No. 3 pelts 27, common and medium shorn slaughter ewes 15-18, woolled feeder lambs 33-38, shorn feeder lambs 30-31.

Hogs compared last Friday: butcher hogs 50 higher, sows and pigs steady. Weeks tops: butcher

the speaker's platform at the meeting.

He said it would not be necessary to alert men of his department because "we've been ready for him all along."

Garrison expressed confidence that his department "would know what he's doing once he arrives in Texas."

If the committee chose to do it, issuance of a new subpoena for Cohen probably could be carried out in a matter of minutes if the proper state officials are available.

A subpoena would be signed by House Speaker Reuben Senteriff, Chief Clerk Clarence Jones and Meridith as chairman of the committee, and executed by House Sergeant-at-Arms Bob Murphy.

Cohen said he is going to El Paso to file an injunction suit against the Texas Legislature's Crime Committee to make it show cause why they cited him for contempt.

The Pudgy Gambler said by telephone at Tucson, Arizona he consulted an El Paso attorney to find out what legal steps are necessary to have the committee subpoenaed to El Paso.

W. H. Fryer, El Paso attorney, said Cohen called him from Tucson, this morning to discuss the proposed suit.

"I haven't been employed, but I did talk to Cohen about it," Fryer said.

"What's good for the goose is good for the gander," Cohen said. "When I played their game they gave me a fast shuffle. Now let's see how they are at my game."

"Those guys want to ask me some questions. That's all right with me. I hope they won't mind me asking them one or two."

Cohen said the contempt citation he received "was the most ridiculous thing that happened in the United States in a long time."

"Any fellow can get a delay on a murder trial," he said. "I can't even get a delay before a group of little Kefauvers' they haven't got anything on me. I got nothing to hide."

HAVE you ever wondered how it would feel to go the limit on power and comfort and quality in an automobile?

Or how it would feel to be lord and master of a car that can take its place with the finest in the "fine-car field"?

Then, sir, this is a call to action.

The first action is yours—the simple action of getting in touch with a Buick dealer and planting yourself behind the wheel of a ROADMASTER.

Then let this great-powered and dazzling performer take over.

There's action in every one of the 152 horsepower in its Fireball engine—more action than most proud owners of this eager beauty will ever use.

There's counter-action in its gentle and sure-gripping brakes, the finest that Buick has ever engineered.

But there's also luxury—the luxury of double-depth Foamtex cushions and custom upholstery—and of ample roadweight

magnificently poised on coil springs which individually cushion every wheel.

There's a spacious feeling of room, above and around you—room that is unsurpassed anywhere in the fine-car field.

And to make every mile effortless and relaxed, there's the very exclusive advantage of Dynaflo Drive—not as an "extra," but as a standard ROADMASTER feature.

So why not drop in and satisfy yourself, as our guest, that here indeed is a fine car that goes the limit—in everything but price!

Check for yourself what others ask—and what others offer—and you'll discover ROADMASTER prices a call to action that a wise man can't ignore.

Equipment, accessories, trim and models are subject to change without notice.

EASTLAND

MAVERICKS ROUND-UP

Homemaking Girls Attend Cooking School
The homemaking girls attended the Texas Electric Cooking School that was held at the Majestic Theater on March 26, and 27 at Eastland.

The demonstration of using electrical equipment was presented by Miss Anna Bines. Frankie McDonald, a second year Homemaking girl, won an avocado salad at the first day of school.

Gail Parsons and Delores Warden, also second year Homemaking girls, won a tomato aspic salad and a ham loaf meal, with broccoli and rice during the second day of the cooking school. The school was very educational and interesting.

We all sure got a surprise when Edith and Dick got married the same night that Dot and Bobby did. Best of luck to you both.

There seems to be more people with Time On Their Hands. I wonder why???

If everyone needs any information just call Teacher Johnson. She could really give you the low down on a lot of her seniors. Those auto chapters are fun to write, but oh so revealing!!!
Studebaker, Chevy, Ford, Plymouth, what difference does the kind of a car make just so it gets you where you are going??

NOTICE

Buster Graham and Gerald Harris have just started photographic work of all kinds. For any work you need done, see one of the boys. They are very good too.

SOPHOMORE SPOTLIGHT

The spotlight this week falls on a 5' 4" girl with green eyes and brown hair. Her favorite color is blue. Her favorites in the show business are: Movie: "Air Cadets," actor: Don Dailey, actress: June Haver. She picks "My Heart Cries for You" as her favorite song and the late Al Jolson as her favorite singer. In school her favorite subject is World History, and her favorite teacher is Mrs. Whatley. Her favorite sport is volleyball. Meatloaf is her favorite food. To get married is her ambition. Running around is her pastime, and collecting statues of horses is her hobby.

Everyone should know by this time that she is Charlene Black. Best of everything to a cute girl!

"What shall I render unto the Lord for all His benefits?" (Psalms 116:12). Every man of earnest and serious mind must ask himself this question as he meditates on the goodness and the Grace of God toward him. We want to do what is right in our every association with God and man. The Government takes as its proper share at least twenty per cent of every man's income. WHAT IF GOD SHOULD REACH DOWN INTO YOUR LIFE AND MINE AND TAKE WHAT REALLY BELONGS TO HIM? How much would be left for us? Have you raised corn? Or did you and God work together in making the corn crop? And just which of you put more time and energy into the process? Have you "struck" oil? Who spent centuries creating the oil and holding it in the underground lake until you came along? Is the oil really all yours? What is God's share? YOU AND GOD ARE PARTNERS IN THE OIL BUSINESS; WHAT IS HIS PORTION?

Jesus Christ is our revelation of the generosity of God who has been the eternal Giver, enriching us with every sort of good thing. From the day of the first creation God has been at work with and for man. Each of us represents in his body and in his soul the everlasting toil of God, who truly wants to make us His children and who desires us to join Him in making an ever better world for His sons and daughters to live in. JESUS IS OUR PATTERN OF WHAT A MAN CAN GIVE TO HELP IN THE PURPOSE OF GOD. HOW MUCH DID JESUS GIVE BACK TO GOD?

Jewish and Christian people have agreed that we ought to give at least a tenth of our income to God and His Church for the carrying on of His redemptive program. A tenth will not necessarily discharge all our debt, but it will show a sense of deep gratitude. Everything is His, even the cattle of a thousand hills and the abundant harvest from the fields. He gives us everything which makes life abundant. Our ideal is to join in the prayer, "Take my life and let it be consecrated, Lord to Thee." Let's be good partners with God. Let us be His co-workers. MAY WE GLADLY GIVE BACK TO HIM AT LEAST A TENTH OF WHAT HE SO FREELY GIVES US."

PLUG 'N TRIGGER

By J. FRED EDER
United Press Outdoors Analyst

The people of the United States still own about 7,000,000,000 acres of public lands. What to do with it, how best to manage or dispose of it, maintain or restore wildlife are questions that keep popping in Congress and throughout the nation.

There is always a small segment of the public anxious to exploit the land or take it over at a fraction of its value. Congress has worked on this problem for many years.

No firm or national policy has been found in the opinion of your reporter. It has been piecemeal legislation from railroad grants, homesteading and grazing districts with many other bites taken out now and then.

An Oklahoma Representative in Congress—Toby Morris has introduced a bill which authorizes a bipartisan commission of nine members, three to be appointed by the President, three by the president of the Senate, and three by the speaker of the House, to provide a modern system of public land laws. This group would promote the proper disposition, conservation, improvement, use and management of these remaining public lands.

Another step toward wildlife conservation is Congressman Thor C. Tollefson's bill designed to make it possible for large industries to stop pollution of public waters.

Many industries have long recognized their responsibility in cleaning up their wastes, and many have done so. Others for one reason or another have lagged behind in the movement. One substantial reason is that it costs money and as it is a capitol ex-

penditure, it can be amortized only under the present terms of the internal revenue tax laws. This period is ten years.

Under terms of Congressman Tollefson's bill, industry would be permitted to accelerate this amortization by cutting the period of five years.

Many excellent catches of black bass have been reported and from all indications fishing should be good this season. Texamo has been producing for the consistent and patient angler T, 6 and 7-pound bass. Deep running lures used in deep water adjacent to shallows have been the finish, with its violent wiggle and crawdad action have been accounting for the larger bass.

Sandlotter Dumont Suggested As Baseball Commissioner

BY HARRY GRAYSON
NEA Sports Editor

MIAMI, Fla.—(NEA)—Pete Lightner, veteran sports editor of The Wichita Eagle, comes up with the best suggestion yet in connection with the vacant office of baseball commissioner.

Lightner nominates Raymond Harry Dumont, president of the National Baseball Congress of America, for the post.

Fred Saigh of the Cardinals and other owners say the office of baseball czar should seek the man.

If organized baseball had anybody thinking for it, the professionals some time back would have sought Ray Dumont, the extraordinary semi-pro organizer.

In the studied opinion of experienced observers, the indefatigable Dumont has done more for baseball than anyone associated with the organized game.

No athletic program in history has shown such phenomenal growth as his National Baseball Congress.

It is now so far-flung that the sandlotters not only have a high commissioner, Hall-of-Famer George Harold Sisler, but also a global commissioner, J. G. Taylor Spink, publisher of organized baseball's record books and a sports weekly.

The semi-pros' Official Baseball Annual now is as thick as the organized leagues' Official Guide, by the way.

SPOKESMAN Saigh and others say that never again will a politician be entrusted with baseball's supreme court. Dumont has never been elected to, campaigned for, or been appointed to a public office.

There is an economic twist to the candidacy of Dumont, too. He has said that the office probably would be divided.

For the \$65,000 paid Happy Chandler, the majors could get a practical baseball man, such as the semi-pro congress head, for \$25,000, and they could still have left a mere \$40,000 with which to hire the dignitary they seem to insist upon.

This arrangement would not only give the big show a proven executive, but also would satisfy the magnates who just have to have a notable to "keep the game clean," throw out the first ball at the World Series and pose with the stars of stage, screen and radio.

Dumont, whose organizational ability and faculty for getting along with people is recognized throughout the baseball world, could police the stuffed shirt, keep him out of trouble and from popping off at the wrong time, save him from the horrible fate of Albert Benjamin Chandler.

CHRISTIAN SCIENCE SERVICE

The basis of unshakable confidence and enduring happiness is the understanding that reality is spiritual, not material. This is the theme of the Lesson-Sermon titled, "Reality", to be read in all Churches of Christ, Scientist, or the first Sunday in April.

The unchangeable nature of God—and there fore of His creation is made clear in the Golden Text for the week, which is from James 1:17, "Every good gift and every perfect gift is from above, and cometh down from the Father of Lights, with whom is no variableness, neither shadow of turning." And that these "gifts" are real and abundant is seen in this Bible citation, "O Lord, how manifold are thy works! in wisdom hast thou made them all: the earth is full of thy riches" (Psalms 104: 24).

The Lesson-Sermon will also include this statement from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy, which brings out the eternality of God's workmanship: "All is in God and His creation, harmonious and eternal. That which He creates is good, and He makes all that is made" (page 472).

IN the 1951 Mobilgas Economy Run, three Studebaker 4-door sedans—Champion, Commander V-8 and Land Cruiser V-8—successfully defended their reputation for stand-out gasoline mileage. The cars competed over a tortuous 840-mile course from Los Angeles, via Death Valley and Las Vegas, to the Grand Canyon, at speeds averaging more than 40

miles per hour. The Studebakers, piloted by experienced drivers under A. A. A. Contest Board rules, made operating history with averages of 28.6, 28 and 27.6 actual miles per gallon. Each Studebaker had overdrive, optional at extra cost—and used regular, not premium, gas! Come in and see cars just like these record-making thrift stars on our showroom floor.

NEW

FORMULA 1028

All through 1950, Purina Research worked to make the 1951 Startena the best ever. It took 1,028 separate feeding tests to discover the growth boost required. That's why we called it "Formula 1028." It makes the 1951 Purina Chick Startena the best Purina has ever made. "Formula 1028" now added to Chick Startena, is Purina's right combination of APF, Vitamin B-12 Supplement, Antibiotic Supplement and Growth Vitamins.

Biggest Chicks Ever At 5 Weeks

Purina Research results show the new 1951 Startena, with "Formula 1028" added, produced the biggest chicks at five weeks ever raised on Startena. That's going some... for Startena has always been famed for fast growth.

Plan now to start your chicks on 1951 Purina Chick Startena with "Formula 1028" added. You can't go wrong with a feed that proved best in 1,028 feeding tests. See us for your Startena now.

Escaped Convict Led Honest Life While In Texas

GALVESTON, March 31 (UP)—An escaped convict who had led a "respectable life" as a businessman here for two years faced return to the Ohio State Penitentiary today because he gave his "old flame" the cold shoulder, police said.

Galveston chief of detectives, John Fox said the woman the convict scorned tipped off Ohio authorities to the man's whereabouts and local officers arrested him yesterday.

Fox identified the escaped convict as 34-year-old Theodore Urban, who "just walked out" of the Ohio pen in August of 1948 where he was a trusty.

He has been living in Galveston under the name of Thomas Edwin Daren, and was assistant to the superintendent of an ice company, Fox said.

The detective chief said Daren had admitted he was Urban, who was serving one to 16 years on conviction of shooting with intent to kill, and from 10 to 25 years on an armed robbery charge.

Urban, Ohio authorities told local officers, had served eight years of the sentence when he es-

caped and came to Galveston. The freshmen not being polite

Oklahoma Pilot Killed In Plane

ALTUS, Okla., March 31 (UP)—A 36-year-old pilot was killed yesterday when two crop-dusting planes collided 150 feet in the air.

David O. Reid, of Altus, a World War II glider pilot, died when his craft plowed into the ground after the collision.

The second pilot, Everett Clark, 38, Erick, Okla., escaped injury when he managed to land his crippled plane.

Reid and Clark had just completed a dusting job in a wheat field and were approaching each other. Both men tried to avoid the collision by pulling their planes into sharp climbs.

thing, Johnny, I've been expecting you."

Urban has asked permission of police authorities to marry his Galveston sweetheart before being returned to Ohio. At present he is being held in the county jail.

Borger Man Found Dead

TEMPLE, March 31 (UP)—Percy L. Koch, 62, of (420 Coule St.) Borger, was found dead in his bed at a Temple rooming house last night.

Authorities believed he had been dead for about 15 hours.

An employee of the Southwestern Public Service Co. in Borger, Koch had been staying in Temple to be with his wife who is in a hospital here.

Justice of the Peace R. W. Watts returned a verdict of death from natural causes.

Two Children Burned

LITTLEFIELD, March 31 (UP)—Two Negro children were burned to death and three persons burned when an explosion starting from a kerosene-fed wood stove fire destroyed a farm house five miles north of the Earth community.

The dead were Dade Hawkins, Jr., 2, and his sister, Louise, 7.

The elder Hawkins was reported in fair condition after carrying two other children through flames to safety. The mother and an infant escaped unscathed.

MORE COTTON ON LESS LAND

Farmers will be called upon to produce cotton to meet world demands, but there may be precious little labor and supplies available to meet the farmers' needs. The obvious answer is more cotton on less land.

One of the ways to accomplish this is by the use of fertilizers. The above picture was made on a farm where no fertilizer was used on the check plot, another plot had 200 pounds of fertilizer applied, and a third had 400 pounds. The picture tells the story of increased yields. Your county agent will help you decide the kind of fertilizer and rate of application needed for your cotton.
