## YOU NAME IT

By Everett Taylor

One of the county's big events will take place Wednesday when the Eastland County Dairy show will be held.

With the interest in the dairy business on the increase in the county, the event becomes more important each year.

The show will be held at Fireman's Field, the softball park.

An important phase of the show will be the displaying of the dairy animals which were presented to various club boys over the county by businessmen over the county.

Offspring of the animals will also be shown. George I. Lane said that those who saw last year's show should make it a point to also attend this year's affair to see the progress that has been made during the year.

Also, he suggested that everyone go by the show. "The cattle might want to see the people," he said.

Eastland high school athletes are beginning to think of football this week, although the season is far away.

Reason for the trend in thought is spring practice which will be occupying the thoughts of several aspirants for a few weeks.

Three big gaps will have to be filled from last year's starting team. Bob Womack, Gerald Davis and Doug King are the missing starters. Seven starters, however, will be much better than the problem which faced Coach Wendell Siebert and Ed Hooker last fall when only about four lettermen or so were on hand.

Some of the athletes have picked up a few pounds over last fall's weights, and may gain a few more needed pounds before next fall.

The members of the Maverick sprint relay team are still working on track, however, and will enter the competition at the regional meet in Brownwood, Saturday.

Dick Evatt, Derrell Black, Edwin Aaron and Larry Miller are members of the team.

Evatt also is qualified to participate in the sprints because of his winning effort at the district meet in the 220 yard dash.

Bob Womack was the other member of the Eastland team to qualify for the regional, having won third in both the shot put and discus events.

The 440-yard relay team, members named above, set a new district record in that event with the time of 46.5, clipping one full second off the 47.5 mark which was the time set by another Eastland relay group.

We understand that a satisfactory sum of money was raised for the hospital fund at the benefit horse show put on Saturday and Saturday night, although we have had no definite report.

The show itself was also very successful, with some of the top horses and horsemen of the nation participating.

A large crowd was on hand Saturday night for the cutting horse and roping contests.

## Student Killed By Live Wire

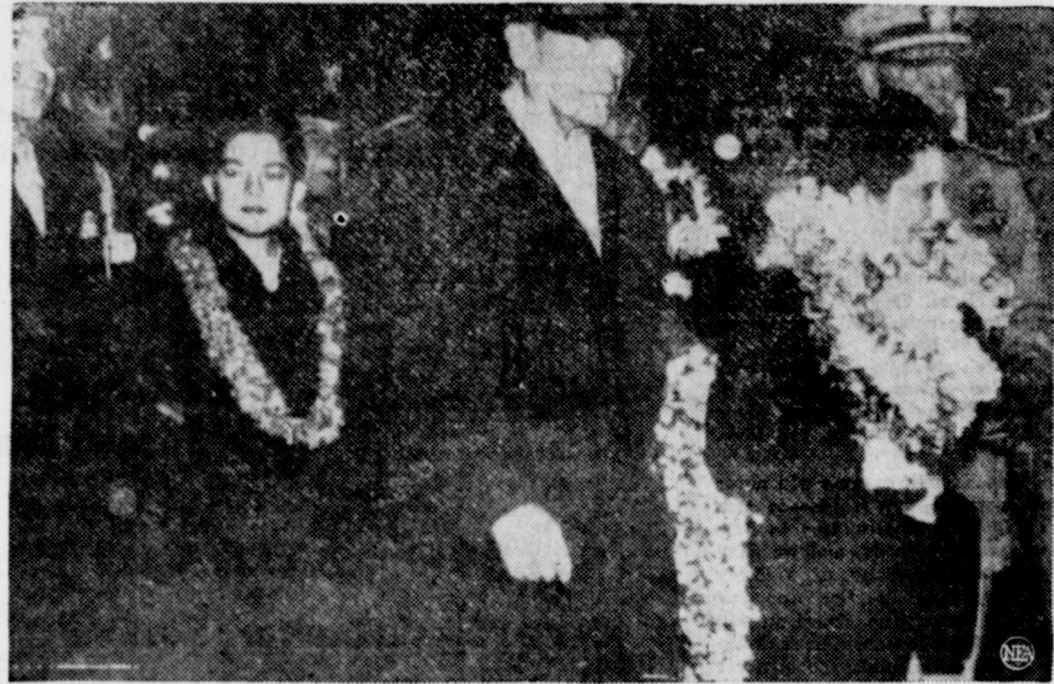

DONNA, April 17 (UP)—A "hot" wire fence accidentally electrocuted a 16-year-old Donna high school student yesterday when she threw out a pan of water.

Yvonne Cheever was knocked to the ground as she tossed the water over the fence. And although her volunteer fireman father, Leslie Cheever, administered artificial respiration until a resuscitator arrived, she was pronounced dead two hours later by a doctor.

The fence carried a heavy charge of electricity from touching the tin roof of a nearby warehouse where an electric wire had shorted.

Miss Cheever was a junior in high school and a tennis star.

**MacARTHUR ARRIVES IN HONOLULU**—Members of Gen. MacArthur's party are greeted by Adm. Arthur Radford shortly after their arrival at Honolulu, Hawaii, on first leg of the General's trip to the United States. L-R: Lt. Col. Anthony Story, pilot of Bataan; Arthur MacArthur; Col. Sid L. Huff; Gen. Douglas MacArthur; Col. C. C. Canada; Mrs. MacArthur and Adm. Arthur Radford. (NEA Radiophoto).

## Eastland Scouts Attend Camporal At Breckenridge's Lake Daniel

About 125 Boy Scouts and their leaders set up camp on the shores of Lake Daniel Breckenridge, Saturday.

They assembled for the annual spring Camporal of the North District of the Comanche Trail Council of the Boy Scouts of America. Scouts started arriving at the camp during the afternoon and prepared their camp-sites for the night.

A Council Fire was held at 8:00 Saturday. Bill Jessop, veteran Scoutmaster from Eastland, was in charge of the Council Ring activities.

Awards were made to Scouts of Troop 101, Cisco and to members of Troop 18, Breckenridge. These awards were mostly merit badge awards which the boys had earned in the last few months of work in their Troop.

Each patrol of Scouts had prepared a stunt to be presented at the Council fire. Some songs were led by Brantly Hudson, field executive of the Boy Scouts. Bill Jessop told the assembled group the Indian story "Wolfertine". Some 25 visitors were present at the Council Ring.

Sunday morning services were conducted by Ernest Maxwell and Rev. Shipp of Breckenridge. After the morning services the boys participated in a Scout Adventure Trail which consisted of eight stations set up on a trail.

The Scouts had to pass certain tests at each station. The stations were:

1. Flag Folding, in charge of Bill Brown, Eastland;
2. First Aid, in charge of Charley Graham, Cisco;
3. Compass Course, in charge of Bill Jessop, Eastland;
4. String Burning, in charge of John Watley and Frank Strawn; Judging, John Arthur, Breckenridge;
5. Signaling, Alvin Anderson, Breckenridge and Herman Hassell, Eastland;
6. Knot-tying, Jody Baker, Breckenridge and Neal Van Geem, Eastland;
7. Duck-on-a-

## Air Officers Believe Russians Are Flying Planes In Korean War

WASHINGTON, April 17 (UP)—Air officers here are becoming more convinced daily that American pilots are battling Russians in the skies over northwest Korea.

Since the first Russian-made jets crossed the Manchurian frontier last November, the nationality of their pilots has been a mystery. Nothing definite has been announced officially. But for reasons they consider good, although not publishable, airmen believe at least some of the MIG-15 jets are flown by Russians.

Figures made available today by the Air Force indicate that the Soviet-built aircraft have made a fairly impressive showing during the 5 1/2 month period they have been attacking Ameri-

can planes. The Far East Air Force claims to have destroyed or damaged 147 MIG-15s in combat.

Eleven U. S. planes have been shot down by Soviet fighters, according to FEAF figures. Some high-ranking officers here, however, believe FEAF has been lagging in its loss and damage announcements. Pressure has been applied to speed up the disclosures. As far as can be determined now, FEAF has lost one F-86 Sabre, one F-84 Thunderjet, two B-29s and perhaps seven F-80 Shooting Stars to the MIG'S.

While air sources remain positive that American airmen have demonstrated superiority over enemy pilots, they are less prone to scoff at the Red fliers than previously.

Each patrol of Scouts had prepared a stunt to be presented at the Council fire. Some songs were led by Brantly Hudson, field executive of the Boy Scouts. Bill Jessop told the assembled group the Indian story "Wolfertine". Some 25 visitors were present at the Council Ring.

Sunday morning services were conducted by Ernest Maxwell and Rev. Shipp of Breckenridge. After the morning services the boys participated in a Scout Adventure Trail which consisted of eight stations set up on a trail.

The Scouts had to pass certain tests at each station. The stations were:

7. Duck-on-a-

## Mrs. Joe Laurent Funeral Services Conducted Mon.

Funeral services for Mrs. Joe Laurent, 67, were held at 9:30 a. m. Monday at the St. Francis Catholic Church.

Requiem mass was conducted by Rev. A. Merkel of Ranger.

Mrs. Laurent died at 8:40 p. m. Saturday, April 14, after a week's illness with pneumonia and complications.

She had lived in Eastland since 1918, coming here from Houston that year. Mr. Laurent died August 4, 1946.

Serving as chaplain for the American Legion Auxiliary at the time of her death, Mrs. Laurent was also president of the St. Francis Altar Society.

Survivors include a daughter, Anita Laurent of Eastland; two sons, Edward of Forest, Mississippi, and Frank of Dallas; one grandson, Larry Joe, Dallas; two sisters, Miss Maggie Reine and Mrs. Lillian Fuller of New Orleans.

Funeral services were held at the St. Francis Catholic Church, 1520 Eastland, at 9:30 a. m. Monday.

W. G. Burns, city fire marshal of Dallas, will make the keynote address at a luncheon at the Connelley Hotel May 3, at 12:15 p. m., to workers of the fire prevention inspection to be held in the city that date.

Those in attendance will be inspectors, boy scouts, volunteer firemen, helpers and interested citizens.

Luncheon reservations can be secured at the Chamber of Commerce or at the Freyschlag Insurance Agency.

## Bondsmen Must Register If Bill Passes

AUSTIN, April 17 (UP)—A bill that would require persons engaged in the business of making criminal bonds to be licensed by the state was in the hopper of the House of Representatives today.

The proposal was introduced late yesterday by Rep. Horace Houston of Dallas.

Houston's proposal would prohibit licensing of persons previously convicted of a felony or a misdemeanor involving moral turpitude. The bill would also make a bondsman liable for suspension of his license if he failed to pay any bond forfeiture within 30 days after a final judgment.

THE WEATHER  
By United Press  
East Texas — Partly cloudy, a little warmer in the north and central portions this afternoon and tonight. Mostly cloudy and warmer tomorrow. Moderate northeast to east winds on the coast, becoming fresh southeast tomorrow.

## Soil Analysis Advised For Farm Owners

Damon Jones, a farm owner near Pioneer through the FHA, is now attending school and learning his lessons well, George Lane, supervisor of the FHA in the county, said this week.

Jones sent a sample of his field soil to the soils testing laboratory at Texas A&M College. Comment upon the sample was very favorable, except for the shortage or absence of organic matter.

The need on the soils or land where grain sorghum is to be grown is a fertilizer high in nitrogen and phosphates, Lane said. No potash should be used since there is an abundance already present in the soil of the farm he explained.

The analysis further revealed Lane stated, that 300 pounds of 4-12-4 should be used on that farm to raise peanuts.

Lane added that it is good to also get an analysis made on pasture land as well as farm land. Super phosphates make grasses grow more foliage and make it more palatable, he explained.

"Good farmers should know their farm's good qualities as well as its poor ones," Lane said. "The cost of getting soils analyzed is not any more than the actual cost of maintaining the laboratory. For \$1 and postage costs the service can be obtained."

"With these analysis," Lane concluded, "The farmer can plant and fertilize wisely and possibly harvest much more abundantly."

## Federal Jobs Now Available

Federal office jobs are now easier to get at many centers throughout Texas. Paul H. Figg, director, Fourteenth U. S. Civil Service Region, announced today.

He listed the following office positions as those in which vacancies exist now and occur most frequently: Typist, stenographer, clerk, tabulating equipment operator, including card punch operator.

Examination processes have been speeded up and those who obtain eligible ratings are given more rapid consideration, Figg said. He pointed out that as the rearmament program is accelerated there will be an increasing demand for this type of employee.

Persons interested in any of the office positions listed should obtain a copy of the examination announcement together with application forms from any first or second class post office and submit them to the Fourteenth U. S. Civil Service Region, 210 South Harwood, Dallas, Texas.

## Democrats Will Give Cooperation

WASHINGTON, April 17 (UP)—Senate Democrats promised cooperation with Republicans today in the MacArthur-caused investigation of Administration Far Eastern Policies.

But as Gen. Douglas MacArthur flew home to a hero's welcome, Republicans became cautious about tying the party too closely to the General's viewpoint before "getting the facts." Democrats thought the public debate on the issues would benefit the Administration.

Although the deposed Far Eastern Commander will address a joint meeting of the Congress at 12:30 p. m. EST Thursday all the facts are not expected to come out until the tumult and shouting dies an Congressional Committees get down to questioning MacArthur and other witnesses.

## Look For New Secretary

GONZALES, April 17 (UP)—The Gonzales Warm Springs Foundation looked today for a new executive secretary to succeed Jack Blackwell.

Blackwell, who had held the post since October, 1947, resigned to open a public relations business of his own.

## HOUSE HAS FULL JOB

AUSTIN, April 17 (UP)—A House of Representatives investigation of charges one of its members sought money to defeat an anti-slug machine bill was scheduled to begin this afternoon.

But the Chairman of the Investigation Panel, Rep. Harold M. La Font of Plainview, indicated his committee's first full-dress meeting would lack the luster of the initial hearing last month of a companion House Committee investigating crime.

La Font said his group would consider information contained in some reports and probably would hear no witnesses at the first hearing.

A similar investigation of the "pay-off" charges is underway by the Senate General Investigating Committee.

The charges were first aired by a Houston Newspaper (The Press). It claimed a member of the House sought money from certain Houston club operators to defeat the one-armed bandit bill.

The Slot Machine Legislation, sponsored by Rep. Jimmy Adams of Mexia, has been given final passage by the House and sent to the Senate.

## Three Men Held On Burglary

ARCHER CITY, April 17 (UP)—Three men were held today on multiple charges of burglary as the result of a sensational theft of nitroglycerine, dynamite and explosive caps from a safety vault here March 2.

Latest to be taken into custody was Porter P. McConnell, 51, a former foreman at a large steel company plant.

Sheriff Claude Morrison said three counts of burglary each were filed against McConnell, Walter Brown, 65, and Robert Packard, 35, all of Wichita Falls. Brown and Packard were arrested more than a week ago.

Packard admitted participating in the crime when picked up. He also implicated Brown, who was arrested a short time later.

## Elected New President

LAREDO, April 17 (UP)—Delegates to the South Texas 185th District Conference of Rotary International elected Dr. J. Van Chandler of Kingsville as District Governor yesterday.

He will succeed Leon Graham of Mercedes on July 1 for a one-year term.

The three-day meeting, with 500 delegates and their wives present, end today.

## Rotarians Told

## Public Apathy Is Educational System's Greatest Enemy Today

"Public apathy is the greatest enemy of our educational system today," William Stanley, principal of Eastland High School, warned members of the Eastland Rotary Club at their regular meeting, Monday, at the Connelley Hotel.

"We should keep local control of our school," he opined. "But we can not do that without local interest."

Stanley explained that the trend in education today is toward Austin.

"Because that is where the money comes from," he said. "If we want federal aid and accept it, then we can expect federal control of what we may teach."

"When that comes to pass, I will no longer teach," Stanley stated. Stanley added that he believes that the school children should be taught to think for themselves and not accept the opinions of others.

"The rise and fall of the Roman empire should be studied not as the rise and fall of the Roman empire, but in the light of how it applies to the student himself," Stanley said.

"People must take interest in what their children are being taught," Stanley concluded. "If

## No Contact Reported With Enemy Along Entire 150-Mile Line

By FRANK TREMAINE  
United Press Staff Correspondent  
TOKYO, April 17 (UP)—Red resistance melted mysteriously across the entire 150-mile Korean front today for the first time since Allied troops surged across the 38th Parallel last month.

From every sector came monotonously repeated reports: "No contact with enemy." But Allied Forces were not teased into launching any headlong drive North.

United Nations troops inched forward slowly but relentlessly, consolidating each new position against the possibility of lightning Red counter-attacks.

It appeared, however, that the Communists had no immediate intentions of accepting the challenge of the new 8th Army Commander Lt. Gen. James A. Van Fleet to start their long-heralded spring offensive.

Van Fleet said in Korea yesterday he would welcome a Red offensive as "our best opportunity to kill a maximum number of them."

Even the withering enemy fire at the approaches of the huge Hwachon Reservoir Dam in Central Korea disappeared.

Heavily-censored front dispatches indicated the Communists may have abandoned the Mammoth Concrete Dam at the Western End of the 14-mile long artificial lake. If so, it would mean the end of the long and bitter enemy defense of the Reservoir Line—and the danger of flooding out UN troops below it.

## Missionary To Speak At Local Church Of Christ

Otis Gatewood, missionary of the Church of Christ in Germany, will speak at the Church of Christ building in Eastland at 7:30 p. m. today.

Gatewood has been in Germany for three years, establishing churches in four major cities. He has had thirty workers join him in the work there, most of them from Texas.

During the course of his work in Germany, Gatewood has distributed more than 300,000 dollars worth of food, clothing and medicine to the German people.

Over 30,000 Germans have been helped in this manner. Bible classes are conducted every day and night except Saturday, with more than 2,000 present.

They are now in the midst of completing a church building which will seat 800 people, with class rooms to accommodate 500 persons. The building is located directly across the street from Frankfurt University. Plans to establish a Christian College in Germany are also being discussed.

Gatewood has spoken in major cities over America since his return to this country last year.

"The local Church of Christ is indeed proud that he has included the city of Eastland on his tour of the country," Mac Barte, minister, said.

## Concessions At Horse Show Net \$527 Saturday

The food booth and concessions at the horse show Saturday night showed a net profit of \$527.82, according to a report today.

The food booth, operated by women of the Civic League and Garden Club with Mrs. T. E. Castleberry as general chairman, had a net profit of \$492.34, including several donations.

Profit from the drinks and ice cream concession was \$35.48. The Beta Sigma Phi operated that concession.

No report was available on the receipts from tickets to the roping and cutting horse contest Saturday night.

Members of the committee of the Civic League and Garden Club who operated the food booth at the benefit horse show Saturday have expressed their appreciation to those who helped in any way to make the booth a success.

Committee members are Mmes. Frank Castleberry, Johnnie Aaron, Howard, Fred Maxey, W. W. Linkenber and E. E. Layton.

tonously repeated reports: "No contact with enemy." But Allied Forces were not teased into launching any headlong drive North.

United Nations troops inched forward slowly but relentlessly, consolidating each new position against the possibility of lightning Red counter-attacks.

It appeared, however, that the Communists had no immediate intentions of accepting the challenge of the new 8th Army Commander Lt. Gen. James A. Van Fleet to start their long-heralded spring offensive.

Van Fleet said in Korea yesterday he would welcome a Red offensive as "our best opportunity to kill a maximum number of them."

Even the withering enemy fire at the approaches of the huge Hwachon Reservoir Dam in Central Korea disappeared.

Heavily-censored front dispatches indicated the Communists may have abandoned the Mammoth Concrete Dam at the Western End of the 14-mile long artificial lake. If so, it would mean the end of the long and bitter enemy defense of the Reservoir Line—and the danger of flooding out UN troops below it.

The dam had proved a major headache for weeks to Allied strategists. In one briefing last month, it now can be disclosed, one front-line general suggested the Allies themselves blow up the dam by aerial bombing rather than run the risk of being inundated during the march into the north.

The general withdrew his suggestion after civilian affairs authorities said that it would have devastating effects on South Korean morale. The authorities pointed out the dam provides water for desperately needed rice cultivation in the valley below.

There was no indication whether the Reds scrambled North from the dam to escape the UN harassing fire or because they lacked the means to blow up the huge structure.

B-29 Superfortresses blasted enemy air bases in North Korea today for the fourth day in a row. Ten of the B29's hit the South Airfield at Pyongyang, the Communist capital, with more than 90 tons of explosives.

**Congressman Says Ridgway Agrees With General MacArthur**

WASHINGTON, April 17 (UP)—Rep. O. K. Armstrong, R. Mo., just back from a trip to the Far East, quoted Lt. Gen. Matthew B. Ridgway today as agreeing "substantially" with the views for which Gen. Douglas MacArthur was fired.

Armstrong told newsmen Ridgway told him "categorically" United Nations Forces can't win in Korea under the handicap of being unable to carry the war across the Yalu River to his Red bases in Manchuria.

Armstrong said he will introduce in the House tomorrow a resolution to declare war on Communist China and North Korea. Sen. Harry P. Cain, R. Wash., already has announced he will introduce such a resolution in the Senate.

Armstrong said not only Ridgway but "practically every high ranking officer" in Japan and Korea agree with MacArthur that "you can't win a war fighting

**Draft Decision To Be Announced**

WASHINGTON, April 16 (UP)—The Defense Department may announce today its decision on whether to slash the proposed 60,000-man draft call for May.

Best bet was that a reduction would be ordered.

The Army has almost reached its authorized strength of 1,500,000 men, casualties in Korea have been down recently and enlistments have been up.

The Army, however, does not like to cut a previously announced draft call for fear it will cut voluntary enlistments.

The Army cut the April draft call from 80,000 to 40,000. Spokesmen said voluntary enlistments in January and February were 46,000—more than double the 20,000 expected.

A spokesman said latest reports showed no decrease in enlistments since then.

Meanwhile, draft director Lewis B. Hershey said inductions of college students under the forthcoming aptitude tests may have to be delayed until some time after July.

Hershey said the delay is likely because many students who hope to score high enough on the examinations to win deferment will not be taking the tests until late in June. The tests then will have to be rated and sent to the local draft boards.

If such students are faced with induction orders in July, he said, "we might have to extend" their deferment but not for too long.

**Don't Quote GIs Writers Told**

TOKYO, April 17 (UP)—War correspondents were warned today they would subject members of the Armed Forces to court martial if they quoted them in dispatches about the policy dispute which led to the firing of Gen. Douglas MacArthur.

A memorandum to correspondents signed by Lt. Col. Buel A. Williamson, Sr., public information officer of general headquarters, cited articles of war 88 and 89.

The memo said the articles "express the restraints imposed upon the fundamental constitutional right of freedom of speech inci-

dent to membership in the armed forces." The memorandum said "recent news copy" contained "opinions of military personnel on the recent directive issued by the President" which violated the articles.

# They Are Your Highways . . . To Save Them Is Your Problem

There is an old Proverb . . . One Picture Speaks Louder Than a Thousand Words.

These recent pictures of various Texas truck-damaged highways tell a tragic story.

They show conclusively what is happening to Texas highways under the relentless pounding of heavy and overloaded trucks.

These are your highways.

You provided the money to build them.

You are paying at the rate of \$115,000,000 annually to maintain and repair them, according to the 1950 report of Texas Highway Department.

You must furnish the money through taxes to rebuild them. Texas Highway Department officials say this will cost one and one-quarter billions of dollars.

You have granted the big truckers the Privilege of using them for personal gain - not the Right to abuse and destroy them.

It is in the interest of every Texas taxpayer, including the truckers and the railroads, to prevent the destruction of Texas highways and to safeguard the lives of the people who use them.

Now before the Texas Legislature is a bill, sponsored by the big truckers, to raise the truck load limit from its present 48,000 pounds to 58,420 pounds, an increase of more than 20%.

Raising the truck load limit means increasing damage to the highways . . . increasing the hazard to human life . . . increasing congestion on the highways . . . increasing the inconvenience to automobile travel . . . and increasing the burden carried by Texas taxpayers—all of this for the sole benefit of the big truckers.

With its present truck load limit, Texas has the finest system of highways in the United States.

To keep it that way it is important that you write your State Senator and Representatives in Austin at once telling them that you oppose the Big Truckers' bill to increase the Texas truck load limit.

## Dr. J. W. Edgar, Banquet Speaker For County Teacher's Association

About two hundred teachers of Eastland County heard Dr. J. W. Edgar, State Commissioner of Education, address members of the Eastland County Teacher's Association at their annual banquet held Monday evening in the fellowship room of the First Methodist Church in Eastland.

Truman Robinson, president of the association and superintendent of the Carbon Schools, was toastmaster and introduced the speaker.

## Music Study Club Meet Wednesday

Mrs. A. H. Johnson will be the chairman of a program on the "Origin of American Music Clubs" Wednesday afternoon at the 3:30 meeting of the Music Study Club at the Women's Club, Mrs. W. E. Brashier, president said.

Others on the program are Meses. Grady Pipkin, J. M. Perkins, and James Young.

Mrs. Joe Collins and children, Juanava and Karan Jo accompanied by Mrs. P. H. Couch and daughter, Wanda Couch visited last week-end in Sweetwater with Mr. and Mrs. Olen Baldock.

## Las Leales Club Meets At 7:30 Tonight

Members of Las Leales Club are meeting at 7:30 tonight at the Women's Club for a program postponed from Monday evening because of the banquet of the Eastland County Teacher's Association.

## Garden Pilgrimage Postponed

The Garden Pilgrimage of the Civic League and Garden Club scheduled for April 28th has been postponed indefinitely, Mrs. R. E. Sikes, chairman said.

Members of the club are working soliciting hospital funds and since gardens are retarded by the continued cold weather the committee decided to postpone it Mrs. Sikes said.

Mr. and Mrs. H. W. King of Denver, Colorado, are the guests here of Mrs. King's mother, Mrs. C. A. Petterson.

Mr. who told of the progress of education under the Gilmer-Akin bill and of the future plans of the educational group.

A musical program was presented by Robert Crawford, soloist, and Robert R. Gans, pianist and band director of Ranger High School, which was well received by the group.

G. B. Rush of Ranger gave the invocation.

Following the banquet the group held a business meeting during which resolutions were passed concerning pending school legislation.

## WSCS Continue Mission Study Monday Afternoon At Church

Members of the Women's Society of Christian Service of the Methodist Church met Monday for a continuation of the Bible Study, "Near East Panorama," under the direction of Mrs. N. P. McCarney. Mrs. McCarney presented Mrs. Cecil Collings who gave the third section of the study, which was on Mohammedism.

Mrs. H. L. Hassell, president, presided and opened the meeting with the hymn, "Lead On O King

Eternal". Mrs. J. Morris Bailey gave the opening prayer. Mrs. Ida B. Foster gave the devotional and the meeting was closed with prayer repeated in unison.

Present were Meses. Charles Harris, W. H. Mullings, T. L. Fager, Foster, Collings, O. O. Mickel, Ina Bean, McCarney, Hassell, Bailey, J. L. Cottingham, Ora B. Jones, W. B. Harris and George I. Lane.

## LOOK WHO'S NEW

Dr. and Mrs. James Whittington are the parents of a daughter, born April 14th in a Dallas Hospital. She has been named Adrian Anne and has an older brother, Dick Whittington.

Grandmothers of the children are Mrs. Samuel Butler of Eastland and Mrs. R. H. Crockett of San Antonio.

Mr. and Mrs. Jim Tom Warden of Lubbock are the parents of a daughter, born April 12, in a Lubbock hospital. She has been named Billie Grace. Her mother is the former Miss Lois Ruth Hawkins, daughter of Mr. and Mrs. Howard Hawkins of Moreton.

Paternal grandparents are Mr. and Mrs. T. E. Warden, 1207 S. Seaman. Mrs. Warden is in Lubbock with her son and family.

## Condition Improved

Bobby Waller, 5, son of Mr. and Mrs. J. L. Waller of Eastland is in the Ranger General Hospital with pneumonia. His condition is reported much improved. He was carried to the hospital Monday morning.

## Personals

Mr. and Mrs. Paul D. Ferguson and daughter Paula and Miss Marie Blanks of Abilene were the week end guests here in the home of Mrs. Millie Brittain.

Guests last week in the home of Mr. and Mrs. Grady Pipkin were Mrs. Pipkin's sister, Mrs. J. W. Courtney and Mr. Courtney of Irving and for the week-end their son James Pipkin, Mrs. Pipkin and children of Midland and also their grandson, John Raymond Pipkin of San Angelo.

Mr. and Mrs. H. P. Pentecost spent the week-end in Fort Worth, where they visited with their daughter, Mrs. Curtis Montgomery and family.

George Brogdon Jr. of Fort Worth, who is a patient in a Gorman hospital after having suffered a heart attack is reported to be still quite ill by his mother, Mrs. Lucy Brogdon, who is at his bedside.

Mrs. J. H. Parker accompanied her brother, Bassett, Hirst a and Mrs. Hirst to Big Spring, Sunday where they visited with their brother, J. O. Hirst, who continues to be seriously ill in the Veterans' hospital.

## HOLLYWOOD STAR DISAPPEARS ON EVE OF ARMY INDUCTION

HOLLYWOOD, April 17 (UP)—Accordian player Dick Contino's friends said today they were "completely mystified" by his disappearance on the eve of his army induction.

Contino, 21, disappeared Friday but no official action was started against him for failing to appear for induction.

"I don't know what to think about it," said Contino's press agent, William Pierce. "I thought I would hear something today—that something would break. But there wasn't a thing."

Contino was reported missing when he failed to answer roll call at preinduction barracks at Fort Ord, Monterey, Calif.

Also unreported were Contino's mother and father, who accompanied him to Fort Ord. They left the camp shortly after their son was reported missing, presumably en route to their Glendale, Calif., home.

Army officers said they could take no action until they heard from Contino's Burbank, Calif., draft board because the accordionist had not been sworn into service.

In 1948 he entered the Horace Heidt talent contest and won the

\$5,000 first prize after 13 weeks competition. He then toured with Heidt's band.

Contino later broke with Heidt and went on tour by himself.

Bobby-soxers took the dark-haired youth to heart and started fan clubs across the country.

"He now has about five hundred fan clubs," said Pierce. "There's even two grandmother clubs in Texas."

## Woman Shoots Self In Abilene

ABILENE, April 17 (UP)—Mrs. L. F. Grubbs, 60, shot and killed herself yesterday a few minutes after she had urged her husband, an Abilene physician, to eat supper at a restaurant alone because she wasn't hungry.

Dr. Grubbs said when he returned he found his wife's body in the garage at their home. A .20-gauge shotgun was beside her body.

Justice of the Peace W. T. St. John returned a suicide verdict.

The word perfume is derived from the Latin per fumum, which means "through smoke."

## RUSSIA SAYS PRODUCTION IS WAY UP

MOSCOW, April 17 (UP)—Russia announced today that production has soared 73 per cent above the 1940 level with completion of the first five-year plan since World War II.

A 30-page government report said the fourth five-year plan since the system was started in 1928 had been fulfilled in four years and three months. However, no actual production figures were given.

The report said war-ravaged industries had been completely rehabilitated. Production in coal and oil fields ruined under German occupation has exceeded the pre-war level, the report said.

Output in steel, metals, electrical energy and other basic industries surpassed the planned targets, according to the report. It said 44 per cent of the total oil output now comes from Eastern regions, including Siberia, compared with only 12 per cent from that area in 1940.

## Excitement Is Mounting Over Mac's Return

SAN FRANCISCO, April 17 (UP)—Excitement mounted by the hour today as everyone from the Governor to the man-in-the-street made plans to give Gen. Douglas MacArthur one of the greatest hero's welcomes in history when he arrives tonight from Hawaii.

His four-engine Constellation Bataan, was expected to touch down at International Airport about 8 p.m. PST (11 p.m. EST), setting off a wild demonstration in this robust seaport from which the general sailed without fanfare 14 years ago with his bride of 10 days.

So tremendous was the popular enthusiasm that civil and military police reinforced original plans to control the crowds. "We'll sure have our hands full," one police official said.

A crowd of 100,000 was expected to line the 16-mile route from the airport to the St. Francis Hotel where the General and his party will stay. Searchlights will criss cross the night sky and

all of San Francisco's buildings will be brightly lighted for the occasion.

Gov. Earl Warren, Mayor Elmer E. Robinson and Lt. Gen. Albert C. Wedemeyer, who rushed here yesterday from Washington, will greet the 71-year-old five-star General on his arrival at the airport.

Two 108-MM Howitzers moved to the airport from the Presidio will boom out a 17-gun salute to

greet MacArthur's first return to the mainland in 14 years.

An estimated 5,000,000 Californians will see the events over television, with 11 Cities stations in Los Angeles, San Francisco and San Diego pooling their resources for all-out coverage. Films of the ceremonies will be rushed East by jet plane to give East

Coast television viewers a foretaste of things to come.

**CORPUS MAN GETS JAIL**

CORPUS CHRISTI, April 17 (UP)—A former Corpus Christi insurance salesman today faced 5 years in prison for the "fit of passion" stabbing of his estranged wife.

James R. Nichols, 25, pleaded guilty yesterday to the pocket-knife slaying of Mrs. Mary Dora Nichols, 24, in a San Benito alley last Dec. 9. He was sentenced to five years on being found guilty of murder without malice.

Nichols admitted he cut his wife's throat with a knife in a "fit of passion" after watching her kiss another man as she got out of an automobile near the home of her parents. The original charge of murder with malice was reduced to murder without malice at the request of prosecuting attorney F. T. Graham.

Mr. and Mrs. G. L. O'Neal and daughter, Rockie of Corpus Christi, are the guests here in the home of Mr. and Mrs. Jack O'Neal.

**Police Break Up Formation With Tear Gas**

DANVILLE, VA., April 17 (UP)—State Police broke up a mass formation of pickets with tear gas at a strike-bound textile mill early today and one man was slightly wounded by a shot fired by one of the strikers.

Several hundred CIO Textile workers formed a line at the main gate of the Dan River Mill in nearby school field and blocked non-strikers on the midnight shift who were trying to get to work along U. S. Highway 29, police said.

Officers said they fired several tear gas bombs when a group of strikers began bouncing a car belonging to one non-striker. Someone in the crowd pulled out a gun and fired five times, police said. James Widener, a striker, was nicked in the cheek but was not seriously hurt. He was taken to police headquarters for questioning.

Police said the striker who fired the shots was not identified. Officers did not return the fire with anything except tear gas.

Members of the Textile Workers Union have been on strike against Dan River and many other cotton-rayon mills in the south since April 1. The incident at the big schoolfield plant was the first major violence reported although trouble had apparently been brewing here for several days.

**U.S. GETS TIGHT ON WETBACKS**

WASHINGTON, April 17 (UP)—A high incidence of communicable diseases and the possibility of Communist infiltration were cited yesterday by Assistant Secretary of Labor Robert T. Creasey as reasons for tightening the United States' restrictions against "wetbacks."

Speaking at a luncheon meeting of the women's national democratic club, Creasey said many of the wetbacks have Syphilis and tuberculosis and other leprosy.

In one Texas County which he did not identify, he said the death

Dan River, one of the nation's largest textile mills, usually sets the pattern for the south in contract negotiations. The union wants a 12 1-2 cent per hour wage increase to make the pay of southern workers equal to that received by northern textile mill employes.

Some 40,000 workers joined the strike in Virginia, North and South Carolina, Alabama, Louisiana and Georgia.

rate for Mexican-Americans was many times that of Anglo-Americans in such diseases as diphtheria, whooping cough, typhoid, meningitis, malaria and dysentery.

"For sanitary purposes they have the wide open ranges," he said. "They have running water—it's in the irrigation ditches on the farm."

He said numerous wetbacks were found with Communist literature. The opium and marijuana traffic among wetbacks "must be substantial," he added.

Part of the blame, he said, lies with American employes who aid the Mexicans to cross the border illegally so they can have a supply of cheap farm labor. Many of the aliens, he said, got no more

than \$2.50 for a 10-hour day and many got less.

Mr. and Mrs. Jack Chamberlain are home after having had an extended stay in Hollywood, Calif., where they visited with their sons, Jack Chamberlain, Jr., and Don Chamberlain.

**Fiesta Time In San Antonio**

SAN ANTONIO, April 17 (UP)—Streets of the Alamo City were jammed today by an estimated 50,000 visitors here for opening day events of the Fiesta San Jacinto.

The western-garbed crowd prepared to make the annual pilgrimage late this afternoon to the Alamo, where Attorney General Price Daniel was to lead the tribute to Texas heroes.

Tonight the fiesta crowd will follow Gov. Allan Shivers, Gen. Walter Krueger, and Texas Cavaliers President Archie Brown in a parade down San Antonio River in the Annual River Pageant.

Department store president James H. Calvert, who as King Antonio XIX, rules the city during Fiesta Week, will arrive in royal garb during the pageant.

Nine special events are set for tomorrow, including a western parade at 3:30 p.m. On Wednesday, the San Antonio of 1951 will be depicted in a play at Lavalita

Mexican Village during the famed "Little Fiesta," complete with Mexican markets, dancers, and strolling troubadours.

The city will close for mass turnout Friday at the annual "Battle of Flowers" parade. The parade is expected to draw 400,000 spectators. Theme for the floats is "America then, now and forever."

The Fiesta ends Saturday with the illuminated night parade, "Fiesta Flambeau," followed by street dancing in the business district.

Police went on 12-hour shifts to handle crowds and traffic in the flag-decorated city, priming for what they expect to be the best attended of all the fiestas.

Mr. and Mrs. Keith Englehart of Dumas, are visiting here with Mrs. Englehart's parents, Mr. and Mrs. J. B. O'Neal, while their son Jimmy is a patient in Ranger General Hospital.

**The "Voice of Defense" Reports to Texas**

In times like these, when our way of life is threatened, Texans turn to their fastest, most dependable means of communication—and ask—

Is our telephone system prepared to handle its vital role as the 'Voice of Defense'...

Here's part of the answer. There are twice as many telephones serving Texas as there were before World War II. Thousands of miles of long distance circuits have been added. Over 17,000 more telephone men and women are on the job to see this new emergency through—skilled, experienced people, tested and proved in many emergencies.

But preparedness means continued growth. We're looking ahead and working ahead to keep telephone service one of Texas' greatest assets in its defense efforts.
