"After the meeting with the Civic League and Garden Club in cooperation with Bob Lucas of Ft. Worth, president of the TPEA and Dr. Alexander of Terrell, secretary and treasurer of the TPEA, the Roping Club decided that a horse

show and cutting horse contest would be one way of raising money. The ones that attended will agree that the show was a success."

"We want to thank the exhibitors of the Palomino horses, of the quarter horses and the men that worked their horses in the cutting horse competition and roping contest. Without the cooperation of all this show would not have been as successful as it was."

"We especially want to thank the press, the Eastland Telegram and Chronicle, Mr. Atwood and all band members, the city of Eastland, city police, state highway patrol, sheriff's department, Cecil Holifield for sound equipment, Mrs. Punk Thornton of Cisco for the use of the calves and Mr. and Mrs. C. A. Ditmore of Cisco for their cooperation."

Guy Warden of Eastland is shown being interviewed by Ted Gouldy during "Livestock Market Roundup Time" at 12:15 p.m. on WBAP-570, April 2. He was one of a group of Eastland FFA and 4-H boys from Eastland county who visited the livestock yards on that day. The boys were accompanied by J. M. Cooper, county agent; and Marshall Fox, Eastland vocational agriculture instructor.

Eastland Boy Makes Appearance On Radio On Fort Worth Visit

On a recent visit to Ft. Worth which a group of Eastland County FFA and 4-H Club boys visited the stock yards and visited the broadcast of Ted Gouldy, Guy Warden was interviewed by Gouldy on his show.

Guy is the son of Mr. and Mrs. T. E. Warden of Eastland. He has been a club boy since he was nine years old and has been chosen a number of times for judging beef cattle in the district.

The White Plaza Hotel in Dallas always buys his calves, regardless of price, at the State Fair. Guy has never won a prize at the fair, but has always gotten near the top each year.

He has recently purchased a cub calf from Winston Brothers at Snyder. The calf is a TO grade calf. Winston Brothers have one of the outstanding herds of cattle in the state.

Accordion Player Will Surrender To FBI Agents

HOLLYWOOD, April 18 (UP)—Accordion Player Dick Contino will surrender to Federal Authorities in Los Angeles today on a charge of eluding draft, his attorney announced.

Attorney Gerald L. Kales said he would surrender the handsome 21-year-old youth before U. S. Commissioner Howard V. Calverly.

"I don't know where the boy has been," Kales said. "I was contacted by one of the family and then I got in touch with the U.S. Attorney's Office here."

Contino, who rose from a helper in his father's Fresno, Calif., butcher shop to a \$4,000-a-week stage and radio performer, disappeared the day he was to have been sworn into the army last week.

A warrant for Contino's arrest was issued yesterday by the U. S. Attorney's office in San Francisco and was forwarded to Los Angeles FBI Agents who began a search.

ENEMY FIGHTERS CHALLENGE AMERICANS OVER KOREAN SKY

By Frank Tremaine
United Press Staff Correspondent
TOKYO, April 18 (UP)—Powerful United Nations tank columns thrust deep into Communist North Korea at will today in the wake of a general enemy withdrawal.

Armored task forces lunged toward the enemy bastions of Chorwon and Kumhwa on a 65-mile front, daring the Reds to come out and fight. The Communists refused.

Early front reports did not give the extent of today's penetrations, but one tank-tipped spearhead yesterday stabbed unopposed to Chigiyong, 16 miles north of the 38th Parallel and burned the village to the ground.

Crowell Will Sell Youngstown Kitchen Products

Crowell Lumber Company in Eastland is now dealer for Youngstown Kitchens products.

Youngstown units are standardized and mass produced in a whole range of sizes and styles. They are produced by the world's largest makers of steel kitchens.

Something new and revolutionary in a dish washer is offered in Youngstown Kitchens Automatic dishwasher, according to Frank Crowell. The dish washer features the jet-tower with hydro-brush action, exclusive in Youngstown products.

Sixty-four spinning jets pressure propel 64 whirling streams of hot water against dishes, glasses, silverware and then rinse them twice.

Regardless of the supply of hot water, the Youngstown automatic dishwasher "booster heats" it to ideal washing temperature and leaves the dishes hot enough to flash-dry.

Another Youngstown Kitchens feature now being offered by Crowell is the electric sink which has an automatic dishwasher on the right hand side. The top, lid and tub are finished in acid-resisting porcelain enamel.

Food waste disposer is optional at extra cost on the sink.

Crowell urged everyone to come by the Crowell Lumber Company 722 West Main, and see the Youngstown Kitchens products and ask for a free demonstration on the automatic dishwasher.

RIDGWAY IS ON THE SPOT

The man who has had the least to say about the Truman-MacArthur controversy is the one who has the most at stake.

Lt. Gen. Matthew B. Ridgway is squarely on the spot. If his army continues its advance in Korea, that won't be smash news. It has been on the offensive for a month. But if his army suffers a setback, the natural reaction of many people will be that it wouldn't have happened if Gen. Douglas MacArthur had not been removed from his command.

Ridgway has had nothing to say publicly about the Truman-MacArthur feud or the conduct of the war. He has issued a statement to the Japanese people, telling them that MacArthur's occupation policies will be continued and that he will press for an early peace treaty.

He has briefed Lt. Gen. James A. Van Fleet, a veteran guerrilla fighter against the Communists in Greece, and installed him as commander of the U.S. Eighth Army. Now he has gone to work at MacArthur's desk in Tokyo, fully aware that his reputation and place in history are bound up with the fortunes of war.

Lions Hear RJC Choir Program At Eastland

Members of the Eastland Lions Club heard the Ranger Junior College choir sing several numbers at their regular meeting at the Methodist Church, Tuesday in Eastland.

Fred Baumgardner is director of the choir which earlier made appearance at the Eastland High School.

Chigiyong lies nine miles north of the Main UN line above the Parallel and almost on the Southern edge of the enemy's strategic Chorwon-Kumhwa-Pyongyang triangle, where the Reds have been reported massing tens of thousands of troops for a massive counter-offensive.

But while the Communists ignored the challenge on the ground, they sent more than 25 of their Soviet-built MIG-15 jet fighters against 16 U. S. F-86 Sabrejets over northwest Korea today.

The Sabrejets beat off the attack, damaged one of the enemy aircraft and sent the rest scurrying for safety across the border into Manchuria.

It was the first appearance of Communist planes in force over Korea since American planes shot down or damaged 33 enemy aircraft over the same area last Thursday.

B-29 Superfortresses sparked today's U. S. aerial offensive with an 11-plane raid on the Kang airstrip northeast of Pyongyang, the Communist capital. They dropped more than 100 tons of bombs on hangars, other installations and runways.

Allied sources were mystified by the sudden Communist withdrawal on the central front. Up until early this week, the Reds have been fighting stubbornly to prevent expansion of the Allied bridgehead across the 38th Parallel.

Workers Coming To United States

MONTERREY, MEXICO, April 18 (UP)—Some 10,000 braceros, most of them without funds, milled about the shutdown migrant labor contracting center here today, as officials shifted the blame for its closing.

The center was closed yesterday on orders from officials in Mexico City. Since it opened one week ago, the center had registered 4,000 prospective workers for transfer to the United States.

Officials at the interior ministry in Mexico City last night said the center was not closed permanently, but they did not know when it would reopen.

Symington Will Speak In Dallas

DALLAS, April 18 (UP)—W. Stuart Symington, appointed yesterday by Truman to head the reorganized Reconstruction Finance Corporation, will be in Dallas this week end to speak at the first annual gridiron dinner of the Press Club of Dallas.

More than 100 prominent Dallasians—"Headliner Guests"—have paid \$100 per plate for the dinner at the crystal ballroom of the Hotel Baker to hear Symington's address and see themselves kidded in gridiron skits written and performed by Dallas newspaper and radio people.

THE OLD SOLDIER COMES HOME TO CHEERING MOB OF FRIENDS

By H. D. Quigg
United Press Staff Correspondent
SAN FRANCISCO, April 18 (UP)—The old soldier came home. He came winging under a three-quarter moon across the Golden Gate to a golden reception.

Douglas MacArthur, the "old man" of Bataan, Corregidor, New Guinea, and Leyte, waved a hand that trembled with emotion and San Francisco went wild.

MacArthur, at 71, showed them the bounce and vitality which had amazed GI's on assault beaches and in front line foxholes in two wars.

He had the old, jaunty bearing last night as he inspected an honor guard immediately after his arrival at San Francisco International Airport.

Before a crowd which yelled "attaboy, Mac" and "welcome home," he strode in front of a lacquer-helmeted honor guard to the strains of "America the Beautiful," played by the Sixth Army Band.

Men cheered and those close enough attempted to shake his hand. Some women pressed handkerchiefs to their faces. MacArthur's eyes were moist and glistening in the bluish-white glare of the television spotlights.

But obviously touched by the demonstration at the airport, he kept smiling and waving his right hand.

"It's overwhelming," he said of the reception at the airport and along the route to the Saint Francis Hotel.

The lobby of the hotel was jammed, as had been the streets of downtown San Francisco through which his procession passed. Long after the general had retired, those who had caught a glimpse of him were saying to other persons:

"We saw him! He sure is wonderful!"

The Saint Francis is only three blocks from the Maurice Hotel, where MacArthur and his bride of a week spent a weekend before sailing for the Philippines on May 10, 1937. They sailed through the Golden Gate on the President Coolidge.

MacArthur had not returned to the mainland until he stepped

Legionaires To Discuss Truman, MacArthur Issue

Mass meetings in 800 Texas communities to discuss the firing of General MacArthur by President Truman have been ordered by State Commander Bill Elkins of the American Legion who also called in the department executive committee, the department foreign relations committee and the department defense committee for a meeting in Austin Sunday, April 22.

Bombarded by telephone calls and telegrams from all sections of the state, Commander Elkins declared "this is too momentous a question for the Legion to take snap judgment on."

Some of the Legionaires defended MacArthur and others were equally vocal in defense of President Truman as commander in chief.

"Legionaires are all veterans. We are not dodging or pussy-footing. I believe any half-baked, half-cooked action by me, as commander, would not represent the 100,000 Texas Legionaires. In a few days we can all look at the matter in a proper perspective. That's why I am urging every Texas Post commander to call a mass meeting at once, thrash out the matter, and through their division and district commanders bring their sentiments to Austin. Then we can get together, let our hair down and come to a sensible agreement."

Interested non-Legionaires as well as all Legionaires from across the state are invited to attend the meeting of the State Legion governing body, Elkins said in his statement.

C. G. Stinchcomb, commander of the local post, has called a meeting at 7:30 p.m. Thursday at the Legion Hall on the request of Elkins. All legion members are urged to be present for the meeting.

Mrs. Pauline Harkrider won the flag tourney at Ladies Day at the Eastland Country Club, Tuesday, and was awarded a golf ball. Helen Lucas was runner-up.

Deliveries To Be Stepped Up

HOUSTON, April 18 (UP)—Transcontinental Gas Pipe Line Corporation has stepped up deliveries to approximately 415,000,000 cubic feet a day, President Claude A. Williams told company stockholders at their annual meeting yesterday.

Williams said the company expected to reach maximum capacity of 505,000,000 cubic feet a day the last of May. In addition, he said, 50,000,000 cubic feet of daily capacity to take care of Southern customers is expected to be completed by the end of the year.

Plans for additional capacity beyond 1951 are under consideration, he said, but the complicated because of steel shortage.

Crime Raging In McLennan

WACO, April 18 (UP)—A stinging report of a "flagrant lack" of law enforcement in McLennan County was returned yesterday by a grand jury, along with 20 indictments for gambling.

The indictments named 13 persons. The names were not released pending their arrests.

The jury reported a "widespread violation of vice laws in the county due to flagrant lack of enforcement of law." It promised to renew its investigation Friday.

Foreman John Alexander said District Attorney Gene Maddin promised full and vigorous prosecution of the persons indicted. Seventy-five witnesses were heard by the jurors in the six days.

COMMUNIST TRY TO EXPLOIT AMERICAN POLITICAL FEUD

The Communists are at work trying to exploit the controversy between President Truman and Gen. Douglas MacArthur. Their propaganda campaign—emanating from Moscow, Peking and the North Korean Red Capital of Pyongyang—will grow in intensity as this week wears on.

They have offered a peace plan which they knew in advance would be rejected. It provides for withdrawal of all foreign troops from Korea, withdrawal of American Forces from the Formosa area where the U.S. Seventh Fleet is

protecting Generalissimo Chiang Kai-Shek's island fortress, admission to Communist China to the United Nations and U.S. condemnation of America and South Korea as aggressors.

What it boils down to is that the Communists want the United States to abdicate its military position in Korea and take the blame for everything that has happened since the North Koreans broke across the 38th Parallel last June. When the United States and the United Nations reject this plan, the Communist propaganda will take the line that the Reds tried to make peace but were rebuffed by the "Western Warmongers."

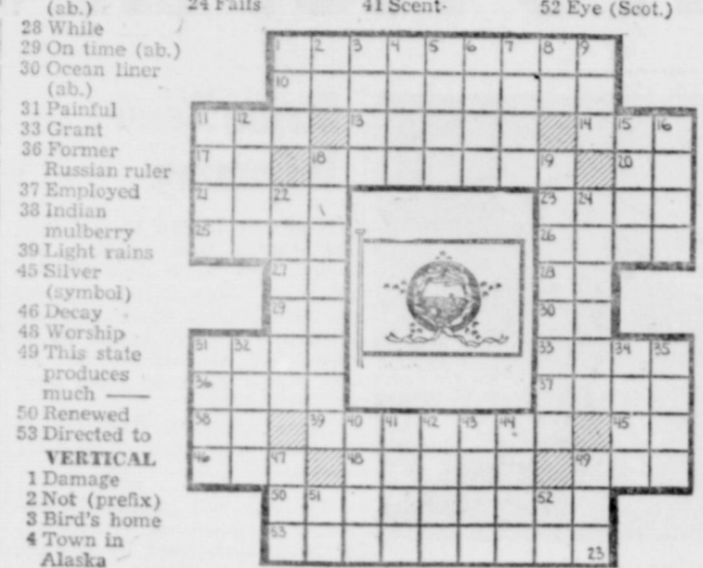

The removal of MacArthur surprised the Communists as much as it did everybody else. Obviously they were puzzled as to how to exploit the crisis. For about three days they said nothing, because their dilemma was that they

couldn't praise MacArthur. He is the man who wants to carry all-out war to them. Nor could they praise Truman because he is the man who ordered the troops in against them.

The No. 1 rule in Red Propaganda is to take a strong position. You must either denounce everything is either black or white; there is no gray zone of compromise. The Communists finally put their propaganda on a military basis. They're removal of MacArthur made certain a Red victory in Korea. Then they were silent until yesterday when they came forward with their peace plan.

As the debate between the Pro-Truman and Pro-MacArthur camps in this country grows during the 10 days, there are bound to be statements made which the Communists will use for their propaganda mill. For instance two Republican members of Congress—Sen. Harry P. Cain of Washington and Rep. O. K. Armstrong of Missouri—plan to introduce resolutions calling for a declaration of war against Red China. Another item in the newspapers that will get full treatment is proposal by a Democrat, Rep. Albert Gore

Widow Given Back Her Job

DALLAS, April 18 (UP)—The young widow whose discharge caused a half-day strike yesterday of Southwestern Bell Telephone workers was reinstated on her accounting department job today after a conference between company manager in Dallas, issued a statement saying "after further consideration of the case, and presentation of additional facts in a meeting this morning between the company and the Union as provided by contract, the company has agreed to reinstate Mrs. Mary Noe in her job without prejudice."

Stewart noted that this way only the second meeting held concerning the grievance filed in the case by the union last Friday.

The "spontaneous" walkout of CWA members yesterday involved more than 1,000 Dallas telephone employees and lasted four hours.

Investigation Is Announced

DALLAS, April 18 (UP)—Alfred L. Seelye, Regional Director of the Office of Price Administration, disclosed today that four investigators from Washington had begun "surveying prices practices" on used cars in Dallas and Houston.

Two investigators will work out of the Dallas OPS Regional Office and two out of the Houston Office.

Seelye said the surveys "are restricted to automobiles and do not include any other commodities." He said the survey was undertaken to "give OPS Headquarters in Washington a general view of the auto pricing situation reflected in these two cities."

Rookie Told He Is Suspended

ST. LOUIS, April 18 (UP)—Rookie Frank Saucier, last of the Major League holdouts, has been suspended by the St. Louis Browns.

Browns President Bill Dwitt telegraphed the 23-year-old slugger at his home in Okmulgee, Okla., that baseball commissioner A. E. Chandler has been informed of the suspension.

"I've been waiting to hear from Saucier since Mar 5," Dewitt said. "He hasn't communicated with me nor has he returned his signed contract. Therefore, I've notified him that he's suspended, effective immediately."

Saucier was named the Minor League player of the year in 1950 and led Texas League hitting with a .343 average while playing with the Browns' San Antonio farm club.

He has said repeatedly that he would stick to the oil business unless the Browns raised their \$5,000-a-year offer.

He May Be Young But He's A Vet

WITH 24th DIVISION, KOREA, April 18 (UP)—Corp. Raymond H. Hudson, of Roswell, N. M., undoubtedly is the youngest GI to be selected for rotation to the states. The distinction has also given him a minority discharge from the army.

Hudson was notified last week that he was one of 65 "Taro Leaf" division doughboys to be rotated. He was preparing to leave on the first leg of his trip when

the Division Personnel Officer summoned him.

Confronted by a letter from his mother, Hudson admitted he was only 15 years old—and that he joined the Army two years and eight months ago when he was only 13.

"I was a little big for my age," he said. "Nobody questioned me when I said I was 18."

He's six-foot-one now, and 185 pounds.

A machine gunner with the 21st Regiment, Hudson landed in Korea with the 24th Division last July and has fought with it through

all its engagements as a front line soldier. He survived all the battles without a scratch and earned the bronze star for valor and the combat Infantryman's badge. He can also wear two unit citations.

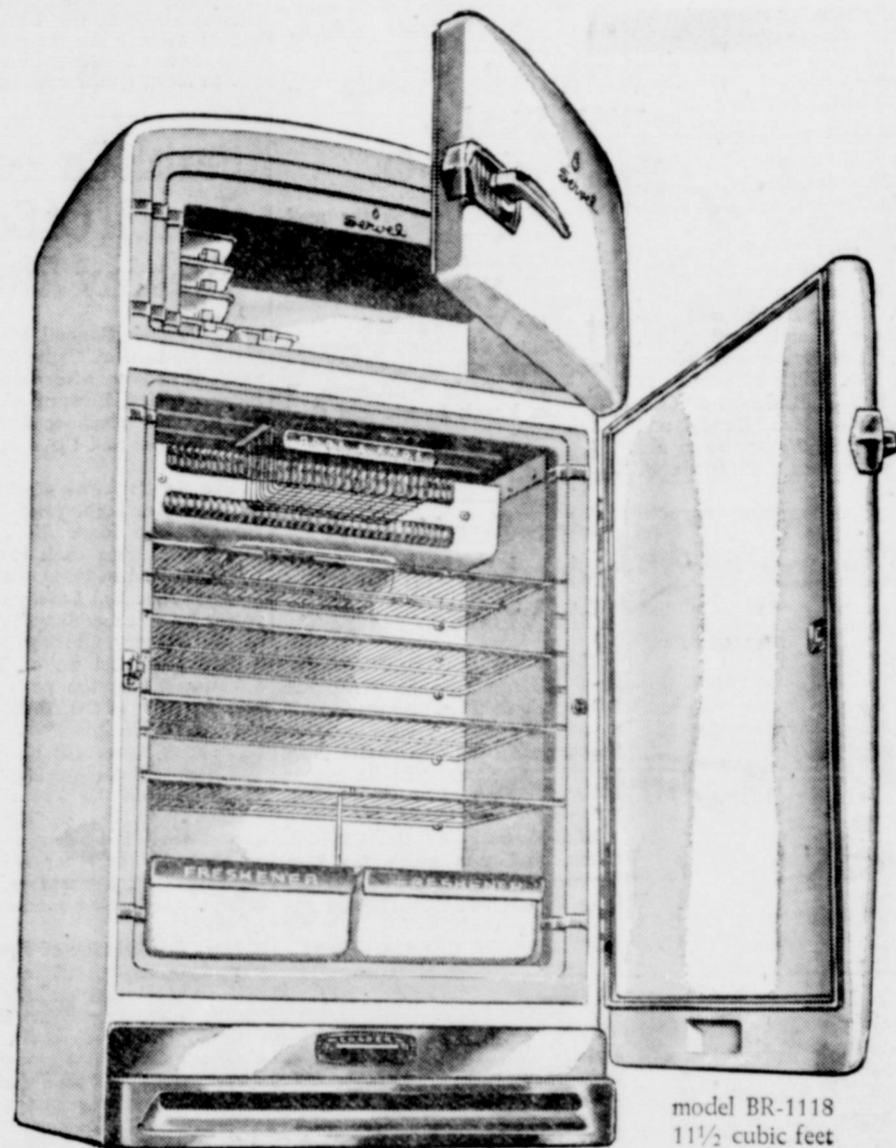

Hudson was disappointed because his secret had been found out.

"If man had just held off a few weeks longer I would have been home anyway," he said. "But I guess it's best this way."

His plans for the future? "I guess I'll go back to school," he said, "until I get drafted."

Halk, the father of eight children, and Mrs. Lillie Ayrhart, mother of three daughters, were married at her home Sunday.

A "Must" In The Food Diet

EASTLAND, April 17 — One whole grain cereal each day is a "must" in the diet, according to Mrs. Ethel Sparks, acting county home demonstration agent of Eastland County. Cereals help build strong bodies, she explains, but a more popular point in their favor is their economy.

Mrs. Sparks adds, however, that cereals are economical only if the homemaker buys wisely. Read the labels, she cautions. All labels must have the brand, name of the product and ingredients, name of manufacturer, and the net contents. Additional information sometimes include the amount of niacin, riboflavin, calcium, and other nutrients included.

If the cereal has been enriched this is usually indicated on the label. Check yourself, Mrs. Sparks says, for the quality and nutritive value of the whole grain cereal as well as the price. The weight of packaged cereals should be noted. The agent points out that cereals that need to be cooked are usually lower priced than prepared cereals, and if they are bought in large size containers even more saving can be realized.

Present were Mmes. Bruce Butler, V. L. Eod, J. M. Mitchell, Nettie Thornton, Earl Stephens, Ben Hamner, Charles T. Lucas, Dall Stetson, Ed Layton, Victor Cornelius, Artie Liles, Don Parker and Misses Lola Laney and Christine Garrard, Mrs. Cornelius, Mrs. Germany and the hostess.

The meal was served buffet style from a table laid with a white linen cloth and decorated with an arrangement of red roses. Mrs. T. L. Amis, class teacher, gave the invocation.

Following the meal, Mrs. Cornelius showed slides of the pictures made while she and members of her family were in Mexico on a vacation trip.

Is Casagrande Another Ruth? Fordham's Coffey Thinks So

BY HARRY GRAYSON
NEA Sports Editor

CLEARWATER, Pa.—(NEA)—Baseball writers each spring con- trived to find "another Ty Cobb" until it got to be a gag. Now comes the original "another Babe Ruth."

The Phillies hear they have him in a red-headed, freckle-faced, blue-eyed Irishman with the Italian name of Tom Casagrande. Robert R. M. Carpenter paid this particular phenomenon \$40,000 for signing, started getting his money back immediately by featuring the Seymour, Conn., lad's picture on the Philadelphia Nationals' seat sale brochure.

"Another brilliant prospect is added to the growing list of young players who are making history as the Whit Kids," it says there. "He is six feet four-inch, 20-year-old Tom Casagrande, currently a junior at Fordham University, whom the Phillies signed over the efforts of nine other clubs."

Chuck Ward, the old shortstop, placed the stamp of approval on Casagrande, which is the reason he got all the dough. It was Ward, the one-time Rutgers coach, who OK'd Robin Roberts.

If Foxy Forager Ward couldn't believe his eyes, he had the studied opinion and highly-regarded word of Jack Coffey, the Fordham athletic director who shortstopped major and minor for 11 years, and who is starting his 30th season as the Rams' baseball coach.

"Tom Casagrande has greater potentialities than any college player I have seen," testifies Professor Coffey.

HE is gently, but firmly, reminded that Eddie Collins and Lou Gehrig came out of Columbia. George Sisler out of Michigan and Frank Frisch out of Fordham, just to name four.

"I am well aware of that, my friend," replies gray-thatched Professor Coffey, "but Casagrande is on the Babe Ruth order. He will hit a ball as far as Gehrig, and Gehrig couldn't pitch like he can."

"I am not sure which is his forte—pitching or first base. He is too slow to play the outfield, unless it would be right field at the Polo Grounds, where all a fellow has to do is learn how to play the ball off the wall."

DECLARE WAR OR GET OUT

WASHINGTON, April 18 (UP)—Democratic leaders pledged a "sky's the limit" Senate investigation of Gen Douglas MacArthur's dismissal today. Republicans were prepared to see that it is done.

Not since the war days were capital officials so tense and taut as they awaited the General's arrival from San Francisco late tonight or before daybreak tomorrow and his review of the Far Eastern situation before Congress at 12:30 p.m. EST tomorrow.

As tempers frayed, Sen. Harry P. Cain's resolutions that Congress either declare war on Communist China or order American troops out of Korea kept the situation steaming.

The Washington Republican's resolutions were met by Democratic hostility and GOP coldness or caution. A United Press poll of eight Democrats and four Republicans on the 27-man House Armed Services Committee showed that all 14 were opposed to a war declaration.

Coincidence Is Cause Of Arrest

HOUSTON, April 18 (UP)—Stephen Sulczewski, a graying 41-year-old one-time Detroit real estate dealer and former member of the Mantramck, Mich., School Board faced return to Michigan today on a charge of embezzling \$20,000 in a real estate transaction two years ago.

Sulczewski was arrested last night by coincidence and because he couldn't change his habits. He had been living here for the past two years under the name of Steve Taylor and was in the real estate and insurance business.

Even though he changed his name, he was still Polish and he liked to talk to Polish people. So he constantly went to Polish Hall. That is where the past caught up with him.

Walter J. Zabinski, a 25-year-old law student was a member of the Hamtramck Police Force when Sulczewski disappeared. Zabinski is now a lieutenant stationed at Ellington Field.

"I am Polish also," he said.

"Every since I came here I have been meaning to go to the Polish Hall," he said. "I got around to it last night. To my surprise, the first man I saw was Sulczewski. I knew him instantly. I went to Police and told them where he could be found."

After his arrest, Sulczewski admitted his identity, but refused to discuss the charges in Michigan. "You know the story," he said. "There's nothing more to say."

GENERAL GRANTS INTERVIEW TO UNITED PRESS WRITER

Frank H. Bartholomew, United Press vice president for the Pacific area, last saw and interviewed General Douglas MacArthur two years ago in Tokyo. Early today he was one of the few persons granted an interview with the General in San Francisco.

By Frank H. Bartholomew
United Press Staff Correspondent

SAN FRANCISCO, April 18 (UP) — General Douglas MacArthur, object of one of the greatest celebrations in San Francisco's hectic history, stood in his St.

Francis suite today, tired but obviously happy with his reception by a crowd estimated by police at a quarter of a million persons. "I never saw anything like this," General MacArthur told me. "It was overwhelming."

Mrs. MacArthur and 13-year-old son, Arthur MacArthur, concurred.

So did some 400 or more newspapermen, radio broadcasters and television experts who bucked and battled with the crowd, which was for the most part happy but at times unruly, particularly around the St. Francis.

General MacArthur ordered that a few friends in the crowded corridor outside his suite be admitted singly shortly after he and his family were settled.

I was fortunate in that I had covered General MacArthur in his Australian headquarters and in the South Pacific during World War II as well as in Tokyo during and after the Japanese surrender.

MacArthur spoke animatedly but off the record. It is obvious

that he is reserving his public utterances for the climactic appearance before the joint session of Congress in Washington, D. C., tomorrow.

He appeared healthy, was in fine spirits and seemed to be looking forward intently to the opportunity to present his views for the first time directly to the American people.

His interest was entirely centered in affairs of international policy and in military matters. It is the opinion of this reporter that the General not only has no intention of entering domestic politics under any circumstances but may soon express himself clearly to that end.

With the last of the few interviews over, General MacArthur ordered a snack of consommé, poached egg, mixed green salad, melba toast—and then presumably retired to await today's festivities.

If they surpass last night's outburst, San Francisco may forget its great earthquake of April 18, 1906.

Flies To Iran

HOUSTON, April 18 (UP)—Dr. John Hardy, Director of one of Shell's Major Agricultural Research Laboratories in the Middle East, has been flown to Iran to aid in the fight against the locust plague now threatening that country. Shell Chemical Corporation Officials here announced today.

IT'S A CRYING SHAME—Sen. Estes Kefauver (D. Tenn.), as chief of the Senate crime investigators, sometimes had difficulty getting witnesses to open their mouths. But he has an entirely different problem with his six-month-old daughter, Gail. The baby voices violent objections to being photographed at home in Washington. The mild-mannered senator ponders whether her constitutional rights are being invaded. (NEA-Acme photo by Staff Photographer Stanley Tretick.)

Vets Will Lose Insurance Right

WASHINGTON, April 18 (UP)—About 10,000,000 (M) World War II Veterans will lose the right to take out new government life insurance policies when President Truman signs the Free GI Insurance Bill.

The measure, passed by Congress last week, is awaiting Truman's signature. He is expected to approve the bill within the next few days.

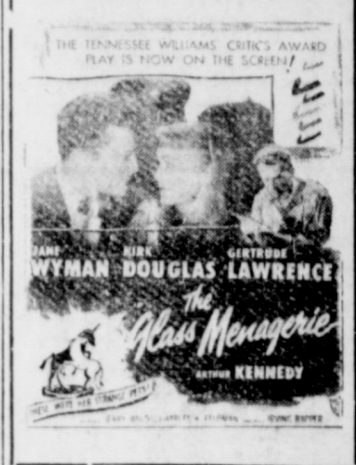

The American Legion today urged Ex-GIs to apply for the insurance quickly.

The most widely publicized features of the bill will provide \$10,000 worth of free insurance for servicemen while they are on active duty, and for 120 days after their lease service.

But the measure also will cut off all future rights to National Service Life Insurance (NSLI) for veterans who let their World War II insurance policies expire. The veterans administration said there are about 10,000,000 (M) former GI's who would be affected by this provision.

Many of these veterans had been counting on taking out insurance at one time or another, a privilege written into the NSLI Act when it was adopted. Under

MAJESTIC
AN INTERSTATE THEATRE
Tuesday & Wednesday

its provisions, World War II veterans were permitted to buy new government insurance at any time after leaving the service provided they could pass the necessary physical examination.

The new measure will end this right.

However, the bill does permit veterans who already have World War II insurance to renew it indefinitely.

LETTER TO THE EDITOR

"An Open Letter"
To Whom It May Concern:
I wish to take this opportunity in behalf of Mrs. Nelson and myself to thank all of our friends for the wonderful kindnesses that they have shown to us. We truly can say that we have never hated to leave any place so badly as we do this section of the state. But we feel that God has opened to us a field of service that we cannot afford to decline.

It would be impossible to name all of the names of the people who have shown us kindnesses. So we will refrain from names for fear that we would miss some. But we will say to each and every one of you, our friends, thank you and may God bless you. Certainly we will expect many of you to call on us at Eldorado. For we would be deeply hurt if you came our way and did not call on us. To my many friends that have been so kind as to express their pleasure in reading our humble articles in the paper we thank you. These will continue for some time and we will appreciate at anytimes any letter of constructive criticism or commendation of encouragement from any of you.

Until we see each of you

again we will take this opportunity to say again thanks. To ask of you your prayers for us, and to wish for you the best in life. Sincerely,
Clifford and Evelyn Nelson
