

FOR SCHOOL, COMMUNITY

BY BILL ELLIS

LOCAL VOTERS will be asked to vote next Tuesday on a proposed new constitution for the state of Texas.

A lot of time, money and effort has gone into the effort to devise a new constitution, but speaking as one voter I'm not sure the general public is ready to give a blanket okay to a new charter which many state leaders and organizations oppose, and many others do not even know all that could come out of the proposal.

Many opponents of the all-new charter have surfaced in recent weeks, including Governor Dolph Briscoe, the Texas County Judges and Commissioners Assn., Texas Assn. of School Boards and a group called the "Citizens to Preserve the Texas Constitution."

The Governor warns that annual sessions, as called for in the new document, could lead to a state income tax. He warns against moving the state government toward patterning after the federal government.

State Comptroller Bob Bullock describes the finance article, to which the school leaders are opposed, as "A spook which will haunt us for many years."

Bullock says that re-evaluation of property as called for in the document will cause property tax across the state to increase more than 60 per cent on the tax rolls.

Some taxing officials have the opinion that all of our local tax rates could be determined by a central agency in Austin, should the new document be passed.

The new state charter would also give legislators a more liberal means of raising their own salaries. The legislature has been unsuccessful in recent years to gain a pay raise through constitutional amendment means, and apparently have written in a way of raising their pay without submitting it to the voters.

Personally, we believe the legislators need a pay raise, but we believe that they should get one after getting our vote along with a majority of other Texans.

THERE ARE SOME things in the new charter which we like, but the more we hear about the "fine print" contents of the document, we cannot at this time recommend wholesale passage of the new constitution.

To approve something of this magnitude would require days and possibly weeks of study.

Although most of us have been bombarded with material concerning the constitution, it's hard for the average voter to digest it all.

Most folks are inclined to vote against something that they do not thoroughly understand. This might not be a bad idea on the constitution.

After all, we still manage to get by on the old one. We can still offer amendments when we want a change. We pretty well know where we stand on major issues under the old document, whereas under the new one, we're not so sure.

B.M. NELSON, writing in the Dimmitt paper, gives a sure-fire way to get rid of dandelions, a proven procedure.

Nelson quotes an agronomist as giving this formula: Wait until after a couple of good killing frosts, then give the lawn a good watering. After watering the lawn, wait three to five days and apply a good brand of weed killer according to directions. Your lawn will be free of dandelions next spring and summer and will be the envy of the neighborhood, Nelson vows.

Bicentennial Recognition Program Set Sherman Keynote Speaker

VOTE WEEK....Mrs. Kent Glasscock, center, and Mrs. Rouel Barron watch as Mayor Tom Bonds signs a proclamation declaring the week of November 4 as "Vote Week" in Bovina. Mrs. Glasscock and Mrs. Barron represent the Bovina Young

Homemakers and Bovina Woman's Study Club. The two organizations are sponsoring a drive to urge all registered voters in Bovina and Parmer County to vote in the election Tuesday.

Senator Max Sherman of Amarillo will be keynote speaker at a Bicentennial Recognition Program Tuesday, Nov. 11. The schedule of activities will begin at 3:30 p.m. in front of the main exhibit in Bovina Schools.

A representative of the American Revolutionary Bicentennial Commission in Washington, D.C., will be on hand to present the Bovina bicentennial flag and state and national bicentennial recognition certificates to Mayor Tom Bonds and members of the Bovina city council. The Bovina High School Mustang Band will present a program of patriotic music for the occasion.

Immediately following the ceremony, a reception will be held in the school cafeteria.

Everyone in the community and Parmer County is invited to attend the special occasion.

+++
American Heritage Week, sponsored by the Bovina Schools Library, will be observed by students in Bovina Schools the week of Nov. 3-11.

Held in conjunction with the Bicentennial Recognition Program set Tuesday, Nov. 11, the week will feature an exhibit of relics and other historical work.

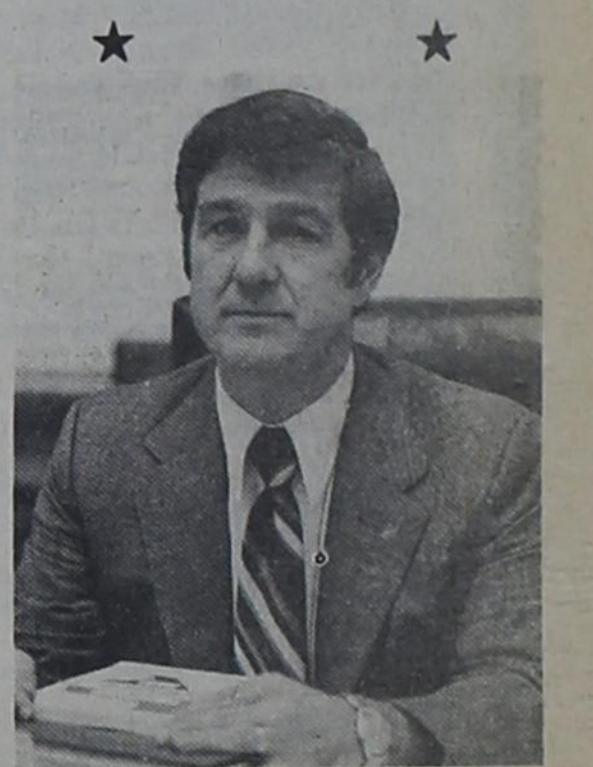

Social studies classes will contribute to the exhibit, which will be open to the public from 1 to 3 p.m. Tuesday, Nov. 11, preceding the community Bicentennial program.

Relics displayed will depict American heritage. Some classes will exhibit panoramas of early Americana. Students wishing to do so may contribute their relics and other entries to the new Bovina Museum.

Preceding the day that students and townspeople view the exhibit, a week will be set aside in Bovina School Library for students to prepare their entries. Each relic will bear a card containing a brief history of the specific object, along with the student's name. The back of the card will relate some reference to the object from print or non-print material found in the library.

The project has several objectives, according to Mrs. Pat Jacobs, librarian, and Mrs. Janie Sudduth, who is assisting her. One is to allow students to participate in the observance of America's Bicentennial and to gain a deeper appreciation of those who settled and developed a free country.

Park Hearing Friday

A meeting concerning the development of a new city park in Bovina has been set at 7:30 a.m. Friday at the Bovina Restaurant and Steakhouse, according to a spokesman for several civic organizations involved in the project. All residents of the community who are interested in the new city park are urged to attend the hearing.

Representatives from the Bovina Chamber of Commerce and Agriculture, Bovina Jaycees and the city council have been working for several months to coordinate plans

to develop the park site donated to the city several years ago. Mark McConathy, Panhandle Regional Planning Commission urban and regional planner, has been working with the group.

The proposed 20-acre park is located in the southwest portion of town, just south of Texas Highway 86.

The project has been broken down into several phases and will take place over several years.

The initial phase, to be completed by the summer of 1976, calls for the installation of water lines, roads to be built, grass, shrubs and trees planted and sheltered picnic tables and playground equipment to be installed.

Officials of the Panhandle Regional Planning Commission are preparing an application to submit to the U.S. Department of Interior

requesting matching federal funds for the project. Approximately \$12,000 will be required to complete the first phase of the project with one-half of that amount in labor and funds donated by the community.

The final phase of the park project calls for a club house and swimming pool to be built with completion of that stage tentatively set for sometime in 1977 or early 1978.

"Bovina is the only community in this area where children do not have the privilege of enjoying this type of summer recreation and we hope a large number of citizens are willing to work toward this goal," a spokesman.

The PRPC offers free technical assistance to member communities seeking planning help. Other cities with park development projects in progress include Gruver, Adrian, Darrrouzett, Farwell and Friona.

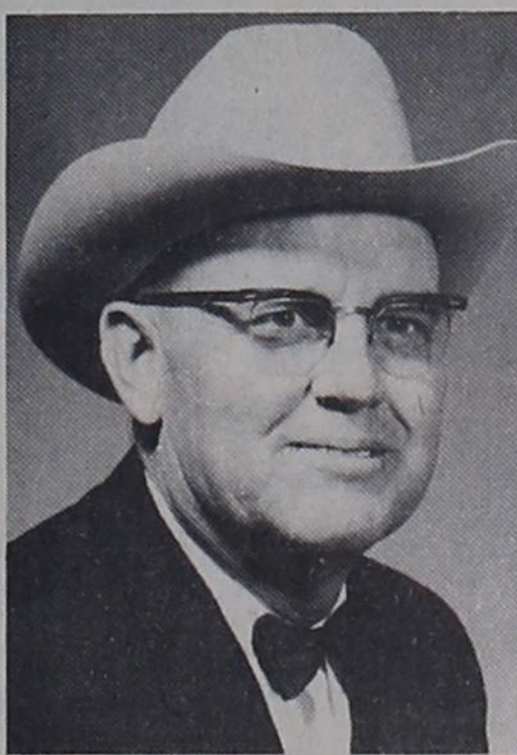

Lovelace Announces Candidacy

Chas Lovelace who is serving as Sheriff of Parmer County, has authorized The Bovina Blade to announce his candidacy to succeed himself, subject to the Democratic Primary next May.

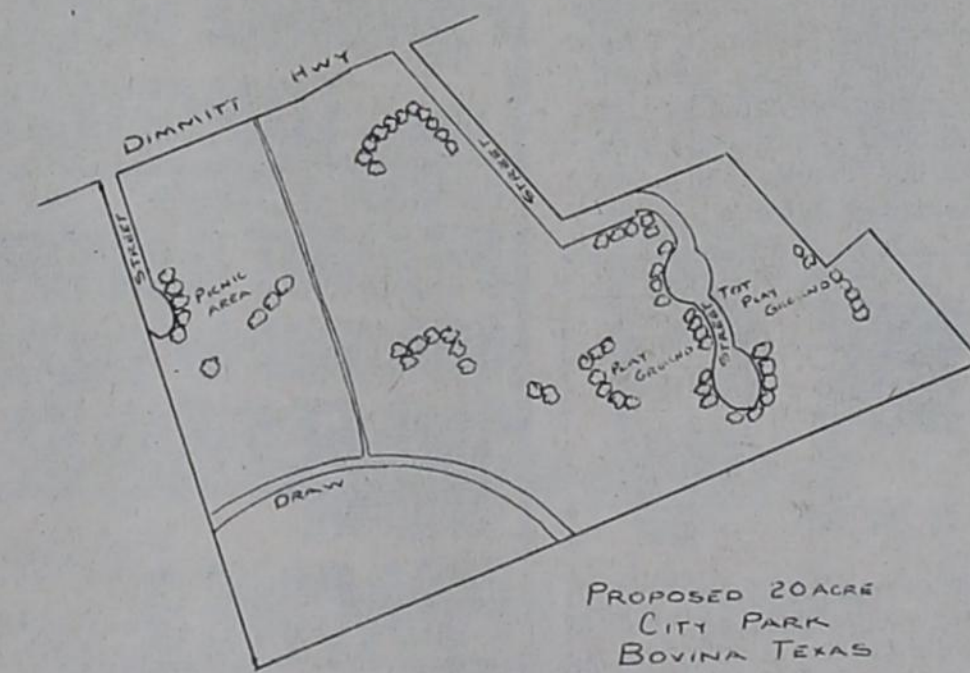

In making public his candidacy for re-election, Sheriff Lovelace issued the following statement:

"In announcing my candidacy for nomination for the office of sheriff, subject to the will of the voters in the Primary in May, I wish to express my sincere thanks and appreciation to the people of Parmer County and the surrounding area for the cooperation given me in the past—and if elected I pledge my continued best efforts and full time devotion to the duties of the office of Sheriff of Parmer County in the future. I surely thank the people of Parmer County for allowing me to serve you."

"I shall appreciate your support."

Voters To Ponder New Constitution

Bovina voters will join those from throughout Texas next Tuesday, November 4, in voting on the proposed new constitution for the state.

Voting locally will be at the American Legion Hall from 8 a.m. to 7 p.m. J.E. Sherrill will serve as election judge. He will be assisted by Mrs. Elton Venable, Mrs. Ben Rejino, Mrs. Royce Moore and probably two others.

For the first time, the ballot to be scanned by voters next Tuesday will

be presented in both English and Spanish, as provided in recent legislation.

The ballot deals entirely with the proposal to replace the 100-year-old state constitution. The new document has been divided into eight sections, and voters will be asked to vote on the eight separate parts. Presumably, if some propositions carry and others do not, those carrying may be incorporated as (Continued on Page 2)

Mrs. Bradshaw Calls First Date Freeze

Mrs. Bill Bradshaw is Bovina's Champion First Freeze Predictor for 1975.

Mrs. Bradshaw hit the exact date when she predicted this past Saturday as the date the mercury would drop below the 32 degree mark.

A \$5 check accompanies the title in the contest which is sponsored by The Blade.

Houston Hoover also predicted Oct. 27 as the first freeze date, however, Mrs. Bradshaw's entry was received Oct. 19 and Hoover's entry was received the next day. In the event more than one person predicts the freeze date, the entry received first is declared the winner.

Some 26 entries were received this year with Oct. 17 the earliest prediction and Nov. 28 the latest date predicted. Entries were from Flossie Rhinehart, Oct. 17; Esther Trimble, Oct. 23; Bill Bradshaw, Oct. 24; Wesley Harris, Oct. 27; Laura Bartlett, Oct. 28; Pat Read and Nancy Rundell, Oct. 30; Charlie Trimble and Rocky Bartlett, Oct. 31;

Delpha Vinson, Nov. 1; Barty Bartlett, Kim Rundell and Mrs. Houston Hoover, Nov. 2; Jay Harris, Nov. 3; Houston Bartlett, Nov. 4; Butch McCain, Nov. 5; Mike Spears, Nov. 6; Furne Harris, Nov. 7; Ben McCain, Nov. 8; Christie McCain, Nov. 9; Rita Nuttall, Nov. 10; A.L. Nuttall, Nov. 11; Cathie Trimble, Nov. 15; and C.E. Trimble, Nov. 28.

Mrs. Bradshaw joins other first freeze predictors who have won in the past—Mrs. Donald Ray Verner, '74; Gary Cox, '73; Mike Spears, '72; Flossie Rhinehart, '71; Dalton Morrison, '70; Rita Mast, '69; Johnie Horn, '68; Cathie Trimble, '67; Mrs. E.L. Cochran, '66; and Charles Smith, '65.

The earliest freeze date recorded since the contest began was Oct. 9 in 1970. The latest freeze was Nov. 27 in 1965, the first year of the contest.

The contest is conducted by The Blade because of the wide-spread interest among residents of this farm-oriented community and the impact the first freeze has on overall agricultural conditions.

FREEZE CHAMPION....Mrs. H.D. (Erma) Bradshaw, right, accepts a \$5 check from Mrs. Jim Russell, Blade bookkeeper, at the Blade office Tuesday morning. The check accompanies the title "Bovina's Champion First Freeze Predictor, 1975." Mrs. Bradshaw predicted

Saturday, Oct. 25, as the date for the first killing freeze. The mercury dropped to below the 32 degree mark that morning. Houston Hoover also predicted Saturday, however, his entry was turned in one day later than Mrs. Bradshaw's.

Vargas Fund Set Up At Bovina Bank

A special fund for David Vargas of Bovina has been established at First State Bank of Bovina. The fund will be used to help defray medical expenses of the youth.

Vargas was critically injured Friday, Oct. 3, when he lost control of the vehicle he was driving and crashed through the home of Mr. and Mrs. Elmer McKay on the Oklahoma Lane road.

Vargas was admitted to Northwest Texas Hospital in Amarillo shortly after the accident where he was listed in extremely critical condition. He suffered head and internal injuries, broken legs, crushed ankles and lost an eye, and has undergone surgery several times.

Worth. While there, the group attended the Dallas Cowboy-Green Bay Packer football game at Texas Stadium.

Mrs. Jones is the outgoing state recording secretary. Mrs. Hawkins is the newly-elected president of the Bovina CowBelles.

Next meeting of the local CowBelles will be at 2 p.m. Tuesday in the home of Mrs. Earl Stevenson in Ridgelea.

Home Decor Program At YH Meeting

A program on "Home Decor" was on the agenda of the Oct. 14 meeting of Bovina Young Homemakers Chapter.

During the business session, members discussed the bicentennial quilt the chapter plans to make and donate to the Bovina Museum. Mrs. Joe Blatchford was appointed chairman of a proposed gun safety program.

The chapter will host a Halloween party for kindergarten classes Friday at Ridgelea Schools. Mrs. Dickie Steelman is in charge of planning the party.

Plans for a Christmas home show in Bovina were discussed by the group.

New Constitution...

amendments to the present constitution.

Little has been heard about the new constitution until recent weeks, when a number of leaders and organizations have come out in opposition to the proposed new slate of laws.

Among those paired against it are Governor Dolph Briscoe and such organizations as the Texas County Judges and Commissioners Assn. The Texas Association of School Boards is against the finance article (proposition five).

State representative Bill Clayton favors the new document, and has

been stumping the state trying to sell it to political leaders.

With library involvement, students may become better acquainted with various printed and media services offered, the extensive material available on American history and to find and use it in research and classwork.

In performing a community service, the students may also become interested in the progress of the Bovina Museum.

Vandals Hit Patrol Car

The City of Bovina's patrol car was vandalized between 8 and 9 p.m. Sunday, according to City Marshal Mike Reilly, who was out of town during that period.

Reilly said the emergency lights on the roof were broken, antennas broken and taken off, two headlights and a spotlight broken

and beer bottles were smashed against the sides and top of the patrol car.

A number of residents in the neighborhood reportedly witnessed two youths in the act of vandalizing the car.

Reilly also reported that three Hi-Pro tractor-trailer rigs were shot at, apparently by a small caliber weapon, about 11:15 p.m. Thursday on Third Street. One vehicle was struck in the cab area and the other two in the trailer section. A similar incident occurred in Amarillo about 90 minutes preceding the Bovina incident. Reilly said suspects were being sought in that incident and the two shootings may have been related.

The marshal also reported that an International farm tractor with cab was found in the vicinity of First Street and Avenue E early Monday morning. The tractor, undamaged but with keys in the ignition, was found in the middle of the street.

Two fires were reported Saturday. A transformer blew out, causing a fire at Sherley Grain Co. A combine, operated by Larry Mitchell, suffered about \$20,000 damage in a fire Saturday morning.

Interseeding is picking up steam around the country with greatest attention being paid to the wheat-soybean combination. Farmers have reported good results in a variety of experiments where in wheat crops to give the beans as much as 20 extra growing days. Early success of this interplanting system has been significant enough to encourage experiments with other crops such as heavier grains like corn or sorghum interseeded with small feed grains. Obviously the interseeding is most advantageous in areas with the most limited growing time. Another consideration receiving attention in non-irrigated areas is soil moisture utilization since interseeding may be a method of using early season moisture more effectively. No formal testing of the interplanting process was planned by the USDA early this fall, but observers indicated if interest continues some testing could begin next spring.

In a shell

by Lou Nuttall

Monday night football fans, in Texas at least, have been offered a reprieve from "The Mouth" (translated: Howard Cosell).

Since this offer comes under the heading, we think, of a humanitarian act or a public service, we have no qualms in publicizing radio station KRLD in Dallas for its good deed.

The radio station is broadcasting the Monday night football games and telling its listeners to turn down the audio on the tube and tune in to KRLD for the play-by-play, thus eliminating being forced to listen to Cosell's caustic comments.

Cosell has just pushed Cowboy fans too hard with his treatment of the favorite pro team in this part of the world.

It's a dirty shame Frank Gifford has to be yoked with The Mouth. Gifford is, in our opinion, one of the better play-by-play announcers in the business. He's smooth, has a beautiful voice and he knows football.

Think that's what galls most football fans, not just Cowpoke fanatics--having someone like Cosell "explain" the game and its players.

If we wanted someone to evaluate a player, for instance Robert Newhouse, Cosell would be the last person we would select if we had a choice--which we don't.

Besides, most football fans don't need anyone to point out weaknesses or strengths as far as the players or teams are concerned. We resent having someone like Cosell "talk down" to us about the game.

It would be much more enjoyable on Monday nights if we could just listen to Gifford's play-by-play. He is rarely given the chance, between Cosell and Karras, to call a complete play.

Norris Anderson, Football News columnist, summed the situation up very well when he said: "Was it coincidence that the new \$55,700,000 Detroit Stadium, featuring 29 overhanging hot air blowers, was opened by Howard Cosell's talk on Oct. 6?"

Speaking of football, the October contest in Texas Monthly magazine asks contestants to submit appropriate nicknames for high school athletic teams from Texas towns. Jim Huggins of the Lockney Beacon intended to submit the following: Aiken "Backs," Phillips "Screw-

drivers," Meadow "Larks," Rule "Brakers," Spade "Coolies," Turkey "Trots," Cisco "Kids," Hart "Attacks," Vega "Hatchbacks," Austin "Healys," Electra "225s," Sherman "Tanks," Marshall "Dillons," Dougherty "Birds," Happy "Hookers," Littlefield "Mouses," and Graham "Crackers."

Jim says any number can play. Just let your imagination run wild on Post (if you don't get past "Toasties" you get a c-minus); Seymour (Shame on you!); Sylvester and Noodle (look on a map between Abilene and Rotan). Jim sez the first country-music fan who does the obvious thing with San Antonio wins a non-expense paid trip to the Bob Wills monument in Turkey.

Congratulations to Mr. and Mrs. Joe Bell. We hear they celebrated their 63rd wedding anniversary last Monday.

Probably going to get plenty of "flack" over the freeze contest again this year. Seems it would be kind of cut-and-dried about the first killing freeze, but it never is. Everyone wants to argue.

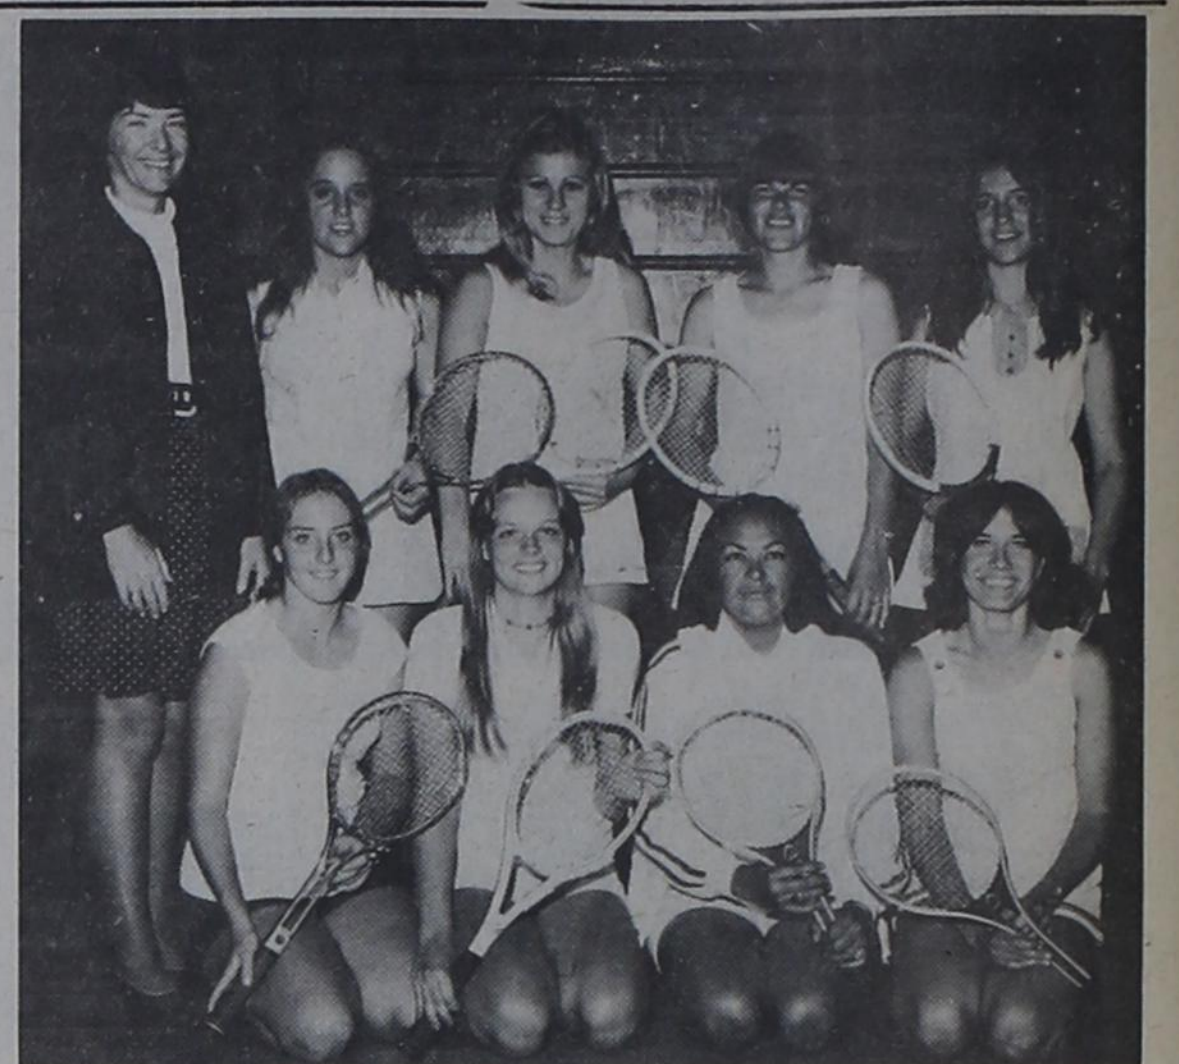

Since The Blade lost its official weatherman when Willie Williams passed away, we decided to appoint a secret judge and abide by that ruling--and we did--and the first freeze has been declared--and the subject is closed--we hope.

A.M. and Mary Jane Wilson seem determined to win either one or both of the grand prizes in this year's football contest.

If they keep up the pace, they could be the only husband and wife team ever to win two grand prizes in a football contest. Would appreciate hearing from anyone that knows of such a combination in any of the other area contests.

A.M. and Mary Jane have either led or shared the lead for seven of the eight weeks thus far. Seems if one of them slips a little, the other takes up the slack to keep the lead in the family. That's going to be a pretty hard combination to beat.

And, another Wilson, DiCuffa that is, is just one point behind the other Wilsons. Haven't kept track of DiCuffa's record this year, but if he can just conquer his hang-up over the Cowboys, he may be tough to beat, too.

OKLAHOMA TEAM....The women's tennis team at Southwestern State University, Weatherford, Okla., has competed in several matches since the beginning of the fall semester. TO BE BESWITCHED

TO ELECTRIC HEAT

Two hundred years ago, the witch hunters would have burned us at the stake for even daring to dream of a clean, practical means of heating our homes like electric heat. Fortunately, things have changed since then and today you can choose a heating system that is not only clean and efficient, but also economical and environmentally sound. You don't even have to look for a witch to give you a great deal like this one. Call the electric company... we'll show you how easy it is to BESWITCHED to real comfort home heating that's as modern tomorrow as it is today.

ASK ABOUT THE HEAT PUMP.
IT'S NOT MAGIC...IT JUST ACTS THAT WAY

You'll think it's magic when you see what the heat pump does, but it's not at all. It probably will seem quite impossible that one unit can provide clean, efficient electric heating and cooling with only one unit-one thermostat setting. The important thing to remember is the heat pump is today's answer to improving your lifestyle--economically and efficiently. Sound like magic? Not at all.

ENERGY EFFICIENCY ALLOWANCE

We at Southwestern are interested in your getting the most for your energy dollar. That's why we're offering an Energy Efficiency insulation allowance to our customers on existing homes who install electric comfort heating. Ask us about it.

Texans:

If you are tired of bigger government and higher taxes, vote NO on the proposed new constitution November 4.

Don't give future Legislatures a blank check.

The Houston Chronicle calls the new constitution "a dangerous document." Governor Dolph Briscoe warns it will "lead us down the road to a state income tax."

Governor Briscoe says: "It is my personal view that the current Constitution under which Texas has grown and prospered for a century is preferable to the proposed new constitution. Accordingly, I believe it is in the best interest of Texas that all eight propositions on the ballot be rejected."

Play it safe. Keep our present Constitution by voting NO on Tuesday, November 4.

LIFE OR DEATH—A NATION'S CHOICE

In Deut. 30:19-20 God says that a nation's life or death is determined by its own choice. It should be obvious from this verse that life or death is determined by a nation's own willingness to ascribe or reject the principles of moral truth and righteousness. True patriotism is not yelling and flag waving, but adhering to principles of right which make a nation great. This explains why history repeats itself. For a nation which adheres to moral righteousness receives the blessings of God. Conversely when that morality is rejected and that nation reaches the point of no return, then its iniquity is full and God treads the winevat of judgment (Hos. 13:9).

Since idolry corrupts a nation, seducers to idolry must be reckoned with. All nations are under a moral obligation to render vengeance upon evil doers. When a nation surrenders to a position which says that the moral quality of any act may only be determined by an existential situation; when it is left to the individual to decide whether incest, murder, adultery, or any other act is right or wrong, then that nation has brought itself to destruction (Isa. 5:20).

History repeats itself or it is God who rules in the affairs of men. As a nation we need to learn that the Most High rules in the kingdom of men. The choice of life or death for the United States is ours. Isa. 1:18-20, "If ye be willing and obedient, ye shall eat the good of the land; but if you refuse and rebel, ye shall be devoured...for the mouth of Jehovah hath spoken it."

At what age am I able to start receiving benefits from the individual Retirement Act? Are the earnings taxable? Will I be able to borrow on this account?
Under IRA you may begin to receive benefits at age 59 1/2. If you become disabled, these funds are available at time of disability. The funds are available to beneficiaries at time of death. As with most savings instruments, there are penalties if the funds are withdrawn prior to these three circumstances. The interest earnings are not taxable... you are earning interest which is tax free, as opposed to money in regular savings accounts. You cannot borrow on the account or use the money as security in obtaining a loan. IRA's purpose is to assure you retirement security with money that is well protected and available only in the appropriate circumstances.

CORNER CATCHER

The only center pivot in the world
that hits the corners.

In a typical quarter section where a regular center pivot is
irrigating 132 acres, you can now do about 150 acres. But
the new Valley Corner System isn't limited to squares.
Irrigate both ends of a rectangle. Irrigate odd shaped pieces
of land too. It's the answer to getting valuable productive
land that's been wasted, back under center pivot irrigation.

For flood irrigators, it's also the answer to automatic water
and labor saving center pivot, without wasting valuable
acres. No monitoring, no labor problems, no night work. But
you have all the advantages of precise irrigation and
fertilizer application through the system, that produces
higher yields than ever before. It's a simple concept, precise
in operation and engineered with quality of all Valley-
built Center Pivots. **VALLEY**

DISTRICT CLASH

Mustangs Win Everything But The Score

Wolverines Take 13-12 Decision

Bovina's Mustangs won the battle of statistics but lost on the scoreboard Friday night with Springlake-Earth's Wolverines coming out on the top end of the 13-12 count. The District 3-A game was played at Springlake-Earth.

Two missed PATs, a couple of fumbles and a short punt combined to spell defeat for the Ponies.

As downheartening as the loss was to the Ponies, their showing against the highly favored Wolverines was encouraging to their fans. Springlake-Earth, considered an outstanding team, was the pre-season favorite to take the district crown.

The Mustangs carried the fight to the host team and led in total offensive yardage, 194 to 163, and in first downs, 13 to nine. For the record, the Wolverines failed to pick up enough yardage for a first down until two minutes deep into the second quarter. At halftime, the Ponies had eight first downs to only two for the Wolverines.

S-E received the opening kickoff and could only net two yards before being forced to punt from their own 28.

The Ponies fared no better on their initial possession; however, on a fourth and nine from the Bovina 48, a roughing the kicker penalty against the Wolverines gave Bovina new life and a first down at the Wolverine 37. The Ponies drove to a first down at the S-E 11 only to lose the first of four fumbles to kill what appeared to be a

certain scoring drive.

Both teams were plagued with fumbly Friday night, each team losing four of four fumbles during the almost-freezing temperatures.

The Wolverines recovered the Mustangs' first fumble at the 15. Quarterback Lee Brown was stopped for no gain on the first play, picked up three on his second attempt and then a five-yard delay of game penalty moved the ball back to the 13. Ray Martinez crashed through the line, forcing the runner to cough up the ball with Gerald Shelby recovering at the 10 for the Ponies.

From that point, Shelby picked up one and Halfback Tommy DeLeon eight with Shelby going over for the touchdown with 3:35 left in the initial quarter. It took the Mustangs 30 seconds to put the six points on the scoreboard after recovering the fumble. Martinez' PAT kick was blocked.

The Mustang defense held the Wolverines to nine yards, forcing a punt. With about one minute remaining in the quarter, the Maroons lost the slippery pigskin at their own 34. However, it was to no avail, as S-E coughed up the ball three plays later with John Caldwell recovering at the Bovina 27.

The Wolverines mounted their

first serious scoring threat of the evening shortly after the second quarter began. Starting at their own 41, the host team drove to the Bovina 26 in eight plays. With S-E facing a fourth and inches situation on the 26, Martinez raked Brown up for a one yard loss with Bovina taking over on downs.

The Ponies drove out to the 38 before a holding penalty and a 14-yard loss brought up a fourth and 33 situation from the nine-yard-line.

The Wolverines were in excellent field position at the Bovina 46, but could only pick up six yards in two running attempts and one attempted pass. Electing to go for the first down rather than punt, Tackle Terry Schilling speared Wolverine Larry Dear for a four yard loss at the Bovina 44.

The Ponies hit paydirt four plays and 51 seconds later. Quarterback Dennis Willard picked up 11 yards and a first down on the option and DeLeon 15 yards and a first down to the S-E 30. From there Willard picked up four to the 26 and then hit End Ken Sorley on a jump pass over the center of the line for a 26-yard scoring pass. On a two-point PAT attempt, DeLeon was stopped short of the goal line, but Bovina led 12-0 with only 2:39 remaining to be played in the first half.

Unfortunately, the third quarter belonged to the Wolverines. The host team, capitalizing on a Pony fumble at the Bovina 22, scored with seven and one-half minutes left in the quarter on a one yard plunge by Dear. Andrew Monreal kicked the extra point to bring the score to 12-7, Bovina.

The Mustang offense just couldn't get untracked, and this time, taking advantage of a 19-yard Bovina punt, Springlake-Earth began their second and final scoring drive of the evening from the Bovina 47 with 4:32 left in the third quarter of play. On a fourth and goal situation from the nine Brown unloaded a TD pass to Jim Furr to stop the clock at 11:32 in the fourth and final quarter. Monreal's kick was off to the right, however, the Wolverines took over the lead, 13-12.

The next eight minutes were frantic, with Tommy Serna recovering a S-E fumble at the Bovina 35, the Mustangs coughing up the football at the S-E 47 and then Dana Harris recovering a S-E fumble at the Wolverine 46.

The Mustangs lost yardage back to the Wolverine 49, but forced a S-E punt with 2:45 left in the game. The Ponies drove to the Wolverine eight in 10 plays and on a fourth and goal at the eight ran out of time. On the last play of the game, Martinez tried a 25-yard field goal from the hash marks on the north side of the field, only to have the ball sail wide of the crossbars by about one foot.

DeLeon led the Maroon rushers with 81 steps in 15 carries. Halfback Clint Cox carried the ball nine times for 17 yards and was on the receiving end of one pass for 15 yards. Martinez had 10 steps in five

carries, Shelby 10 yards in six carries and Willard 25 yards in 12 carries. Sorley was on the receiving end of the 26-yard scoring pass, Caldwell caught one for eight yards and Butch McCain one for 24 yards.

EIGHTH WEEK

Clovis Woman Wins; Wilsons Tie For Lead

Thirteen was the lucky number in the eighth week of the Bovina Business Cotton Bowl Football Contest with only one contestant out of 153 coming up with that many correct predictions from the slate of 14 high school, college and pro games.

Mrs. Janice Carpenter of Clovis, daughter of Mr. and Mrs. Clifford Leake, took first place and \$7.50 for her almost perfect entry. She missed only the Farwell win over Kress, as did the majority of the contestants.

Nine contestants had 12 correct predictions with a husband-wife combination sharing the weekly prize money.

Mrs. Lou Ann Hromas edged her husband, Greg, by two points on the tiebreaker prediction to take second

place and \$5. Mrs. Hromas missed the Farwell win over Kress and the Miami win over Buffalo. She predicted a 14-13 Springlake-Earth win, two points off the actual 13-12 score.

Hromas and Nick Telles will share third place money of \$3. Hromas missed the Farwell win and the Dalhart victory over Boys Ranch and predicted a 16-14 Bovina win, five points off the score. Telles missed the Sanford-Fritch win over Stratford and the Houston win over Detroit and picked Bovina to win, also by a 16-14 score, five points off.

Others with 12 correct predictions include Don Stone, six points off on the tiebreaker; Rickey Brantley, Dana Harris and Steven Stone, 15 off on the tiebreaker; and Mrs. Patsy Sherrill and Mrs. Mary Jane Wilson, 20 off on the tiebreaker score.

Of the remaining contestants, 19 had 11 correct predictions, 34 had 10, 22 had nine, 37 had eight, 15 had seven, nine had six, five had five and four had two correct predictions.

Contestants with 11 correct predictions were Greg Bell, T.W.

Carpenter and Forrest Carpenter of Clovis, Tommy DeLeon, Furne Harris, Paul Jones, Mrs. Phillip Johnson, Mike London, Norma Noyes, Jim Noyes, Kim Rundell, Dorothy Stone, Mrs. Frank Smith, Jay Sherrill, Maria Telles, Joe Pat Wright, Lawrence Widner, B.J. Whitecotton and Sandy Ware.

Games most often missed last week included Hart's win over Vega, Farwell's win over Kress, Floy-dada's win over Tula and Miami's last-minute win over Buffalo.

With five weeks remaining in the 1975 contest and two grand prizes at stake this year, A.M. and Mary Jane Wilson continue to keep a firm grip on the leadership in total points.

Mrs. Wilson held the lead the second and third week of the contest with A.M. taking over for the fourth through the seventh week. Last week (the eighth week) Mrs. Wilson moved into a tie with her husband, each having 83 points.

Not to confuse the issue, another Wilson, Dicuffa that is, is in second place with 82 points, only one out of the lead.

Pet Clinic Set Here Next Week

Dr. B.L. Russell, Clovis veterinarian, will be at the fire station in Bovina Friday, Nov. 7, to administer rabies and distemper shots to dogs and cats belonging to Bovina and area residents.

The annual clinic is sponsored by Bovina Chamber of Commerce and Agriculture.

Members of the chamber will be on hand to assist Dr. Russell, who will be here from 1 to 5 that afternoon.

Cost of the service will be \$2.50 for the rabies shot and \$5 for distemper shots. The distemper shots are optional. Rabies shots and tags are required by the city.

After the shots are administered, pet owners may purchase tags at the city hall here.

AT 7:30

Ponies Host Kress Friday

Bovina's Mustangs, hoping to rebound from the heartbreaking one point loss Friday night to the Springlake-Earth Wolverines, will host the Kress Kangaroos Friday night in their third district 3-A encounter.

Kickoff at Mustang Stadium will be at 7:30 Friday night.

The 'Roos will bring a 2-5 season record and an 0-2 district record into the contest, losing last week to Farwell, 21-14. Bovina now has a 4-3 season and a 1-1 district record. The Mustangs defeated Farwell, the only common opponent of the two teams thus far, by a 29-19 count in the first district contest of the year.

"Kress doesn't have as bad a team as their record might indicate," Head Coach Joe Christian said this week. "They played Petersburg a real tough game in the first half and were behind by only two points (16-14) at halftime and then they beat Hale Center early in the season.

"We are going to have to put the Springlake-Earth game out of our minds and concentrate on Kress," Christian noted. That comment came in view of several "debatable" calls in last Friday night's contest.

Kress runs out of a wishbone offense most of the time, but last week ran a pro set similar to that of S-E, Christian said. "Defensively, they run a 5-2 and run it well," he said.

Eleven returning lettermen, including five offensive and seven defensive starters, return from last year's Kangaroo squad, which had a 4-6 record.

Leading the returning starters are two considered all-state caliber—Martin Aloczer on offense and Kelly Durham on defense.

Aloczer last year rushed 131 times for 859 yards and scored nine touchdowns. Durham, a linebacker, averaged 19 tackles per game.

Guard John Lopez was an all-district defensive tackle in '74

when he was in on 80 tackles in seven games, missing three games because of an injury. Other defensive regulars back include Jon Weathered, Dane Sizemore and Robert Ontiveros.

The Kangaroos will outweigh the Mustangs with Lopez at 193. Ben Casarez at 217 and Gilbert Saldana at 190 in the trenches.

Concerning Friday night's loss to Springlake-Earth, Christian noted: "We thought the kids did real well as far as overall effort. We did have a let down in the third quarter which really hurt us."

Christian said the Wolverines came back in the second half with the Power I formation and it took a while for the Mustang defense to adjust to the difference. Christian said the Mustangs' kicking game wasn't as sharp as it had been the past several games.

"Overall, we think the kids played a heck of a ball game and the loss won't hurt us too much in the district race—if Hart will beat the Wolverines."

Defensively, Terry Schilling was cited by Christian for an excellent game with Quarterback Dennis Willard singled out for offensive honors.

Although the Mustangs suffered no injuries during the game, Guard Dana Harris may be out of this week's game because of a foot injury suffered Thursday of last week. Harris played Friday night and was admitted to the Parmer County Community Hospital in Friona Saturday morning with blood poisoning in his foot.

The Junior Varsity, seventh and eighth grade teams will travel to Kress tomorrow (Thursday) with the seventh grade game beginning at 5 p.m.

In games against S-E, the teams lost all three games here.

Turkey Dinner Sunday

The 15th Annual Turkey Dinner, sponsored by St. Ann's Society of St. Ann's Catholic Church, will be Sunday in Parish Hall of the church.

Serving will begin at 11:30 a.m. and continue until 2 p.m. Admission will be \$2.50 for adults and \$1.50 for children under 12.

Menu for the annual event will be baked turkey and dressing, creamed potatoes, green beans, cabbage slaw, cranberries, French bread, pumpkin or chocolate cake and tea or coffee.

Door prizes will be given and a hand-made double-knit quilt will be raffled at the conclusion of the dinner. A Country Store will also be featured.

The dinner is a popular event in Bovina and a large crowd usually turns out each year. Everyone in the community is invited to attend.

Jim Noyes Director Of '76 Spelling Bee

Jim Noyes, principal of Bovina Junior High School, has been named to direct the activities for the 1976 Parmer County Spelling Bee, to be held in

conjunction with the 28th annual competition, co-sponsored by the Amarillo Globe-News and West Texas State University. April 24 will be the date

for the regional eliminations in Amarillo and the location will be the Stephen F. Austin Junior High School. There will be 46 counties represented.

The area assigned the Amarillo Globe-News and West Texas State University covers 29 counties in the Texas Panhandle, 10 in Oklahoma, four in New Mexico and three in Kansas.

All students in the public and parochial schools are eligible to participate. Any student who will not have reached his (or her) 16th birthday or gone beyond the eighth grade at the end of the current school term, will be eligible to enter any school contest and participate in the county eliminations.

All details of the county's Bees will be available from the director.

County directors have complete control over their contests and may conduct the spell-downs either verbally or orally. The Amarillo regional contest will be oral competition.

Most schools use the booklet prepared by the national sponsors, "Words of the Champions." The 1976 issue may be obtained by writing:

Spelling Bee Director
Amarillo Globe-News
Box 2091
Amarillo, Texas 79166
The price of the book is 25 cents.

The champions from Parmer County in 1975 were:

Senior Division: Michael Boling, a student in the Farwell Junior High School; and Junior Division: Pam Perez, a student in the Friona Junior High School.

An all-expense paid trip to national competition--to be held in Washington, D.C. early in June--will be awarded the regional champion when he is named next April.

Gene Parker, director of placement at West Texas State University, is bee coordinator. Spelling Bee Editor is Mrs. Jeane Bartlett, "Amarillo" Globe-News.

Interested students, teachers and school officials may contact the Amarillo Globe-News for additional information.
