Sights Set On Narcotics And Organized Prostitution

WASHINGTON, April 25 (UP)—Senate Crime investigators, with their inquiry extended until Sept. 1, set their sights today on illicit narcotics and organized prostitution as priority targets.

But the new inquiry was not expected to provide the headlines and television thrills produced during the 11-month inquiry to date.

The shift in emphasis—from the dramatic public exposures of gambling and political corruption to a quieter look at illegal narcotics and traffic and white slavery—was hinted yesterday as the Senate voted without dissent to extend the life of the crime committee for four months. It voted \$100,000 to finance the new inquiry.

The extension was finally ordered at the "insistence of the Senate's Democratic policy committee.

Chairman Estes Kefauver, D., Tenn., agreed to continue on the committee, but to turn over his chairmanship to Sen. Herbert R. O'Connor, D., Md.

O'Connor refused to speculate on the future course of the committee's investigation. But he has repeatedly cited the narcotics problem, with prostitution, as subjects which should have further study. His views jibed with those of committee member Sen. Alexander Wiley, R., Wis.

The extension of the present crime committee was a victory for Wiley and his GOP colleague Sen. Charles W. Tobey, N. H.—although they had proposed continuation until Jan. 15.

Democratic committee members had proposed creation of a Senate - House Watchdog Committee and a Federal Crime Commission to carry on the campaign against organized crime.

Kefauver told the Senate that the committee should concentrate on pressing for enactment of its legislative recommendations on assisting federal, state and local agencies with their law enforcement problems during the extension period.

Kefauver conceded, however, that a few situations may arise which will require further public hearings.

IS O'DWYER DOING USA A SERVICE?

PHILADELPHIA, April 25 (UP)—Former Mayor William O'Dwyer should "search his conscience as to whether he thinks he is doing his country a service" by remaining United States Ambassador to Mexico, Sen. Estes Kefauver said today.

"To me, the position of Mr. O'Dwyer was particularly lamentable—a melancholy essay on political morality," The chairman of the Senate Crime Investigating Committee said in the final of a four-article series in the Saturday Evening Post.

Train Kills Girl Musicians

STANBERRY, Mo., April 25 (UP)—A Wabash Line Railroad Engine smashed into the side of an auto, killing four young girl musicians from Chicago and critically injuring two other persons, shortly before midnight last night.

The Highway Patrol said the group was on a musical tour for the University of Kansas Extension Service.

The dead were identified as Norma Lee Klug, Rita Mae Serafin, Charlotte Schuchman and Alice Mae Sonners, all in their early 20's.

Mary Lee Scrubin and Arlo Tatum, the car's driver and only man in the group, were thrown from the auto and critically injured. They were taken to Mercy Hospital at St. Joseph, Mo., 35 miles away.

The patrolmen said Engineer O. L. Garver, Moberly, Mo., told them that Tatum apparently saw he couldn't avoid a crash and turned the car down the tracks ahead of the train just before it was struck.

WILD MAN GIVES UP

CUBA, N. M., April 25 (UP)—A "mad" gunman who wounded one man in a holdup and another while trying to invade a convent surrendered today to a physician here.

State Police said that Homer Lee Gossett, 34, Kansas City, Mo., walked into the home of a local physician before dawn today and gave himself up. He handed the doctor a .32 caliber automatic pistol he was carrying.

Gossett was returned to the County Jail at Bernalillo, N. M., by a deputy sheriff whom the doctor summoned. Names of the doctor and the deputy sheriff were not learned immediately.

State Police Chief Joe Roach had sworn out a warrant for Gossett, an escaped convict from Alabama, charging him with shooting George Mullenix of San Bernardino, Calif., at Albuquerque, N. M., on Sunday and George L. Barker, 76, Rochester, N. Y., yesterday.

Military Mission To Formosa Enroute

WASHINGTON, April 25 (UP)—The U. S. Military mission of up to 600 men which eventually will be sent to Formosa is intended only to train Chinese Nationalists to defend the island against a possible Red Chinese attack, a Defense Department spokesman said today.

A group of 48 officers and 68 men, now en route to Generalissimo Chiang Kai-Shek's island bastion. It is only the first contingent planned to be sent to Formosa. It is under the command of Maj. Gen. William C. Chase.

"Police Action"

WASHINGTON, April 25 (UP)—The Defense Department today identified 102 more casualties in the Korean "Police Action".

The 28th casualty list included 13 dead, 74 wounded, 12 injured and three missing.

What Are "We" Doing In Korea?

PUSAN, Korea, April 28 (UP)—South Korean Troops executed 187 residents of a South Korean village Feb. 12 in reprisal for Communist Guerrilla attacks the government disclosed today.

The incident occurred during an Anti-Guerrilla Campaign in Kochang County, some 80 miles northwest of Pusan.

The announcement said the commander of the 3rd Battalion of the 9th Regiment of the South Korean 11th Division ordered the entire population of Sinwon-Myon to assemble at a school.

From the 600 villagers who responded, the commander weeded out those above 60 and below 14, and the women and families of Army police.

The rest, totalling 187, were court-martialed in the school and condemned to death on charges of aiding guerrillas, the announcement said.

The battalion information officer "brought the Communists to Pusan hill about 500 meters back of the school and there executed them individually and buried them," it said.

Wouldn't Brag On Himself

DALLAS, April 25 (UP)—Mayor-elect J. B. Adoue, Jr., last night refused to join in a resolution commending Dallas city employees, telling out-going city council members he did not want to be "hamstrung by a resolution" in case the new council "decides to make some changes."

The banker who succeeds Wallace Savage as Mayor May 1 cast the only negative vote as the resolution carried 7 to 1.

Adoue's stand set off a short-tempered debate which followed his comment that "we have new men coming in and that might make it embarrassing for them. You are just bragging on yourselves."

"That's all right, isn't it?" cracked retiring Councilman Harold A. O'Brien.

"You oughtn't to pass a resolution commending all personnel when there could be changes," Adoue said.

Adoue did not indicate what changes in city departments he has considered.

Britain Will Stick to Plan

LONDON, April 25 (UP)—Britain will stick to its rearmament program despite the resignation of three government ministers opposed to it, Foreign Secretary Herbert Morrison said today.

Morrison told an American Chamber of Commerce luncheon that the need to rearm was endorsed "by everybody in both our countries except a very few who only believe what they want to believe."

The Americans and British have had disagreements especially on Far East Policies but the differences have not disturbed the "fundamental unity of purpose there," Morrison said.

Civil Defense Bill Enacted

AUSTIN, April 25 (UP)—A State Civil Defense bill based on recommendations made at a conference of city and county officials here yesterday will be drafted very soon, Gov. Allan Shivers' office said following the meeting.

The announcement said the bill would authorize state and local organization for civil defense and prescribe uniform signals, credentials, insignia and operational plans.

Great-Grandmother At 53 HAMMOND, Ind., (UP)—Mrs. Walter Batog lays claim to the title of "youngest great-grandmother" in Indiana at 53. She became a grandmother at 29 when her daughter, Mrs. Gilbert Swing, gave birth to a daughter. Now the granddaughter, Mrs. Arthur Ledwinka, has a daughter.

ORANGE THUG GETS LIFE

ORANGE, April 25 (UP)—Vernon Lee Joiner, 22-year-old Orange man was under a 99-year sentence today after his conviction on a charge of murdering Wallace Cormier, 39-year-old cab driver.

Joiner pleaded guilty to the killing when testimony began yesterday, but the eight state witnesses testified. No defense witnesses were called, however.

The defense asked for mercy while the state demanded the electric chair. The jury deliberated one hour before returning the verdict and fixing the penalty at 99 years. A death sentence has never been imposed in Orange County Court history.

Cormier's shotgun riddled body was found March 21 on a lonely country road near his cab. Arrested later, Joiner admitted the killing.

Haile Tractor In New Location

The Haile Tractor Company has moved its location from 316 West Main St. to 511 West Main.

Haile also announced that Jack Lusk is now working as his mechanic and shop foreman. Lusk is a native of Eastland has many years of mechanical experience.

The Haile Tractor company handles Ferguson tractors and implements and also used tractors and equipment of all makes.

One of the items featured by the company is a new mechanized insect control machine. The machine is used in place of poison. Haile explained that an 80 mile blast of wind is blown over the stalks which blows the insects off as well as poisoned squares.

He invited everyone to come by the company's new offices at 511 West Main for a visit.

Oil Men Meet In Santa Fe

SANTA FE, N. M., April 25 (UP)—The effect of a war-time economy on the nation's oil industry is expected to dominate discussion at the three-day spring meeting of the Interstate Oil Compact Commission, opening here tomorrow.

"The oil men will probably find out what materials will be available in the next six months," a spokesman for the commission said. And they likely will be told what is expected to should the country get into a full-scale war.

The picture will be brought into sharp focus Friday afternoon when Bruce K. Brown, Deputy Administrator of the Petroleum Administration for Defense, leads a panel discussion on the nation's oil and the defense program.

Will Attempt To Name Field After MacArthur

AUSTIN, April 25 (UP)—Rep. Edward T. Dicker of Dallas, who brought in an oil well on a Falls County spread recently, said if further tests develop a field he will ask the Railroad Commission for permission to name it for General Douglas MacArthur.

Some Eligible Persons Losing Benefit By Not Filing Claims

Some persons in the Abilene area have already lost one month's benefit by not filing their claims before the end of March, according to Ralph T. Fisher, manager of the Abilene social security office.

Fisher explained that many persons became eligible for monthly old-age and survivors insurance benefits when the new social security law went into effect on Sept. 1, 1950.

Since the law permits retroactive payments for only six months prior to the month in which a claim for benefits is filed, an eligible individual who did not file his claim before the end of March has already lost his payment for September. However, the loss can be held to one month by filing application this month, since a claim

VAN FLEET ISSUES KOREA'S FIRST ORDER OF THE DAY

By Frank Tremaine
United Press Staff Correspondent
TOKYO, Thursday, April 26 (UP)—Lt. Gen. James A. Van Fleet hurled his United Nations army into a counter-attack against the Chinese Communist breakthrough in Central Korea Wednesday. He issued an order of the day predicting victory.

United Nations troops sealed off the breakthrough while armored reinforcements began hacking at its flanks in a pinch-off operation reminiscent of the battle of the Bulge in World War II.

One thin line of UN infantry holding a fir-clad ridge near Chunchon stopped the Red advance 11 to 12 miles south of the 38th parallel.

But the Reds extended their three-day-old counter offensive with a new two-pronged drive on the western flank north of Seoul.

United Nations troops there broke off contact and fell back to new defensive positions, linking up in a straight line with hard-fighting doughboys on the central front.

The U. S. Army-operated Chosun Hotel in Seoul closed only 7 days after its reopening and an officer hinted the South Korean capital might again be abandoned to the Reds.

"We are prepared to give up a lot more ground if we have to," the officer said.

The withdrawal left a vacuum between the lines above Seoul through which the Chinese Communist masses must pass to reach the new Allied line.

Officers said this vacuum would be a killing ground for UN planes and artillery. Big guns all across the flaming front were roaring around the clock, pumping 2,000 shells an hour into the Reds on the western front alone.

The Reds were hiding from Allied planes by day and resuming their fanatical attacks after darkness. Their casualties soared toward 25,000 for the first three days.

Van Fleet assured his troops, in the first order of the day ever issued by a United Nations commander in Korea, that they were superior to the enemy in everything except numbers.

He also reminded them of the virtue of their cause—"this renewed battle is for the preservation of life, liberty and the right to pursue happiness of all free men."

J. Chamberlain Jr. In Fleet Service

"Keep 'em Flying" is a World War II slogan which has a very practical meaning for John H. Chamberlain, Jr., aviation electronics technician, first class, son of Mr. and Mrs. Jack Chamberlain of Eastland, and husband of the former Miss Mary Elizabeth Mendietta of 2341 West 30th St., Los Angeles, Calif.

Chamberlain is a member of Fleet Aircraft Service Squadron 7, based at the U. S. Naval Air Station, San Diego, Calif.

Service squadrons maintain the Navy's aircraft at peak proficiency. They are capable of all types of aircraft repair short of a major overhaul.

MACARTHUR HAS NO WORRY ABOUT 'SMEAR CAMPAIGN'

By H. D. QUIGG
United Press Staff Correspondent
NEW YORK, April 24 (UP)—
Gen. Douglas MacArthur's pro-
posal adviser said today the en-
dorsement of the general's views
by the joint chiefs of staff "is
complete in the official record."

Answering questions put to him
by the Press, Maj. Gen. Courtney
Whitney, former military secre-
tary to MacArthur and now his
personal advisor, said the endorse-
ment he had in mind appeared in
one message.

"Did it contain overall ap-
proval?" he was asked.
Whitney said that was his in-
terpretation of the message.

He disclosed that Lt. Gen. Mat-
thew Ridgway, shortly after tak-
ing command of the 8th Army in
Korea, had sent a "very strong"
personal message to the Pentagon

through MacArthur advocating use
of Chinese troops on Formosa
"to strengthen our position."

Whitney said all the senior U.
S. officer in the Far East com-
mand "that I know of—and cer-
tainly the air and naval heads—
as far as I know are in accord
with that view."

Whitney said MacArthur "do-
es not take seriously" news stories
from Washington about "smear
campaign" being started against
him by the administration.

"They can search his record un-
til hell freezes over without being
able to pull out the slightest re-
ference which will not be to his
fullest credit," Whitney said.

He said the General stood firm
on his assertion that he would
have no part in politics. He said
the general had told him that
in answering any questions about
that, the questioner should be re-
ferred to the biblical chapter about
"doubting Thomas." He declined
to elaborate.

The architectural firm which re-
stored Colonial Williamsburg, Va.,
is now engaged in restoring Amer-
ica's first successful blast fur-
nace at Saugus, Mass.

COAST GUARD SKIPPER ILL

CORPUS CHRISTI, April 25 (UP)—The Coast Guard Cutter Triton rushed toward port today with her skipper seriously ill.

Cmdr. John Barron was stricken and made delicious by a tooth in-

fection. Two amphibian planes sped to the ship's side yesterday, hoping to take him aboard for emergency flight to the mainland, but rough seas prevented their landing.

Barron was stricken while his craft was searching the Gulf about 300 miles southeast of here for bodies of victims or survivors of last Friday's collision of two Standard Oil tankers which killed 39 crewmen.

STOCK-TAKE SCANTIES? HORRORS, NEVER!

RABAUL, New Britain (UP)—In one masculine heart in this once-famed target of allied bombardiers, a gallant tradition still lives of the age when women lived on pedestals and their secrets were inviolate.

A dispatch to the Pacific Islands Monthly reported that during stock-taking at a Rabaul store the manager was puzzled because a new employe worked up to around, but not in, a certain section.

The manager inquired, "Sir," the newcomer replied, standing stiffly at attention, "there are some things we will no, stock-take."

It was the brassieres and scanties section.

Both measures will be referred to committee for study and possible consolidation before a final vote. Final approval must come from the public.

MACARTHUR OPENS DOORS AFTER DAYS OF PRIVACY

By H. D. QUIGG
United Press Staff Correspondent
NEW YORK, April 25 (UP)—Gen. Douglas MacArthur enjoyed a few more hours of privacy today before starting another whirlwind tour that begins with a Star-Spangled Parade through Chicago's loop tomorrow.

The General and his party will fly to Chicago tomorrow, motor to Milwaukee Friday and fly back to New York for another parade Saturday. Then MacArthur and his wife, Jean, will observe their 14th wedding anniversary Monday with a four-hour visit to Murfreesboro, Ten. her home town.

MacArthur, who has isolated himself from the public since late last Friday, opened the doors of his luxurious Waldorf-Hotel Suite to visitors twice yesterday.

He held a 30-minute conversation with Sen. Robert O. Taft, R. O., a caustic critic of Administration Foreign Policy, and also chatted with Henry Luce, Publisher of Time, Life and Fortune Magazines.

Maj. Gen. Courtney Whitney, MacArthur's personal adviser and only contact with the press, declined to discuss the nature of the five-star General's talks with Taft and Luce.

However, Taft told newsmen he "found myself in the same hotel with him and I decided to pay a courtesy call."

"I met him at luncheon in Washington and even though it was for only a few minutes, I felt I owed him a courtesy call," Taft said.

Taft, who, like MacArthur, favors bombing the Red Chinese "Sanctuary" in Manchuria later made an off-the-record speech to 370 delegates to the American Newspaper Publisher's Association's 66th Annual Convention in New York.

Whitney described Luce who

has published in his magazines memories of Winston Churchill, the Duke of Windsor, Gen. Omar N. Bradley and others, as "an old friend" of MacArthur.

While Taft was giving his off-the-cuff address to visiting editors from all parts of the nation, Gen. Mark Clark, Chief of U. S. Army Ground Forces, was praising MacArthur last night as a "Great American."

Clark told the economic club of New York that MacArthur "did a great job." He said the first troops that MacArthur ordered to Korea were insufficiently equipped because of lack of funds.

Nuevo Laredo To Get Track

LAREDO, April 25 (UP)—A horse race track, third for the republic of Mexico, has been authorized for construction in Nuevo Laredo, Mexico, its sponsors said today.

Nuevo Laredo Mayor Juan De Dios Hinojosa and members of the race track sponsoring board will go to Mexico City Tuesday and the mayor may personally receive the track concession from Adolfo Ruiz Cortines, Minister of the Interior.

Col. Cipriano Villanueva Garza, board chairman, predicted an enormous increase in tourist traffic as a result of the track construction and said it will mean a huge

increase in border city revenues. Tamaulipas Governor Horacio Taran telephoned from Mexico City to tell the sponsors the permit was ready.

Mayor Hinojosa says the party, while in the capital, also will confer with President Aleman to urge construction of the International Middle Dam on the Rio Grande a short distance upstream from the two Laredos.

A Twentieth Century Fund survey shows that the traditional college courses of theology, law, and medicine have steadily lost in popularity courses in education, commerce, and engineering.
