## YOU NAME IT

By Everett Taylor

Dr. Jim Whittington presented to members of the Rotary Club one of the best ideas for raising the money for a hospital which we have heard, Monday.

Whittington explained that the idea is not original with him but one which has been discussed by several other citizens and which he has picked up.

Here is the gist of the thing. Whittington said that \$30,000 is immediately available. This sum would be put up and would be designated as the money to equip a hospital when it is completed and would not be touched until the building is finished.

Then a city wide drive for individual contributions would be made with a goal of 15,000.

A special assessment would be made on each water meter in the city of \$1 per month, which would net approximately \$45,000 over a period of three years.

With this \$60,000 a building would be constructed and the \$30,000 would then be spent for equipment for the hospital.

Whittington explained that an investigation by several persons shows that a building such as the one proposed in the recent drive could be constructed for \$60,000 by getting special prices on the materials.

It was also pointed out that a loan could be secured on the basis of the assessment on water meters, so that a period of three years would not necessarily have to pass before construction on the building began.

Everyone we have spoken to about the idea seems to think that it is the best that has been offered to date. The extra dollar per month on the water bill would be one of the easier ways to pay for the structure, is the idea of most persons.

As one person said, "I spend more than that on gasoline going to the hospital in Ranger."

It looks like an excellent idea from here, and perhaps this is the one which will result in a hospital for the city.

Saturday's showers brought .21 of an inch moisture to the city according to Jimmy Don Huckabay, official weather keeper.

Another .09 of an inch fell Sunday making a total of .30 of an inch in two days.

Despite recent light rains, the rainfall for the season is very light in the county. The week Sunday afternoon and Monday morning failed to produce a great amount of moisture although they looked very promising.

Eastland's first annual invitational golf tournament is due to start Saturday, with qualifying this week through Friday. A large field is expected to participate in the event.

The greens at the course are shaping up well and apparently will be in excellent condition for the tournament.

Gayland Poe is tourney chairman.

**Band Boosters Meet**

A meeting of the Band Boosters Club will be held at the band hall at 7:30 p.m. Wednesday.

Important business will be discussed and all members are urged to be present.

**THE WEATHER**

By United Press  
EAST TEXAS—Partly cloudy this afternoon, tonight and Wednesday, a few showers Wednesday. Warmer Wednesday. Moderate northeast to east winds on the coast, becoming moderate to occasionally fresh in the southeast portion Wednesday.

WEST TEXAS—Clear to partly cloudy this afternoon, tonight and Wednesday. Warmer this afternoon and tonight.

For Good Used Cars (Trade-ins on the New Olds) Osborne Motor Company, Eastland

## Patrolman Urges People To Become Safety Conscious

"People must become safety minded before we can cut down on the number of deaths from highway accidents in the county and state," Highway Patrolman Terry Barrett told members of the Eastland Rotary Club at their regular Monday meeting at the Connellee Hotel.

"The way we are killing people on our highways is a disgrace," he said. "Sometimes the causes may be because of engineering but a large percentage of accidents are caused by the man behind the steering wheel."

"Our number one factor in highway accidents is speed," Barrett stated. "The speed allowed by law is not necessarily 60 miles per hour, but is defined as a speed reasonable or prudent."

"The individual himself must decide in many cases what speed is reasonable or prudent under the circumstances," he added. "You have the responsibility as citizens to think, practice and talk safety. When people get to the point that they are safety minded, accidents will cut down."

Barrett pointed out that highway patrolmen have three functions: (1) to investigate accidents; (2) enforcement of the laws; and (3) prosecution of law violators.

"We do not levy fines for highway violations because it helps our salary," Barrett pointed out. "All fine money we collect goes to the county."

"A man drunk in an automobile and driving while drunk is just as dangerous as a man loose with a gun," Barrett stated. "An automobile in the hands of a drunk can do much more damage than a gun."

"In Eastland county, it is very hard to get a conviction on drunk driving," Barrett continued. "This situation could be changed. Some civic club should carry on a campaign and build interest among citizens concerning safety and more convictions would result."

Barrett pointed to cases tried in the county courts this year, stating that out of three good cases presented by Sheriff J. F. Tucker on illegal possession of liquor for

sale in the county only one conviction resulted. That one was a case which the accused was apprehended with 14 cases of liquor. Trial by court resulted in the minimum fine of \$100 and costs, after the offender had pled guilty. There were no convictions in the other cases.

"If you don't know it," Barrett said, "We just lost one of the best highway patrolmen in the state. Oscar Avera quit the patrol not because of more money or a more attractive job, but because he was thoroughly discouraged and disheartened by the type of prosecution and convictions he was getting on cases he filed in the courts of Eastland County."

The general funds drive for the 1951 Salvation Army began in Eastland Monday, C. G. Stinchcomb, chairman, has announced.

Workers in the drive include Mrs. Marene Johnson Johnson, Lowell Snyder, Billy Rhodes, Geo. Fox, Stanley Webb, W. T. Young, James Wright, and Tim Spurrier. Mrs. Stella Jarrett has been appointed to head the drive in Olden.

The following companies and offices will conduct their own campaigns among employees: Texas Electric Service Co., office and area plant; Hollywood Corset Co., Bell Telephone Co., Kilgore's Creamery, V.F.W., American Legion, Court House, Horton Ceramics, Pipkin Grocery Co., Post Office, City Hall, Vocational School, Victor Corneliuss Printing Co., King Motor Co., Bank Exchange Building and the Public Schools.

Judge J. S. Hart, Guy Parker, Carl Johnson, H. J. Tanner, Miss Elise Glenn and Mrs. Marene Johnson Johnson are members of the Eastland committee of the group.

Speaking of the Salvation Army, Mrs. Johnson related a letter written in 1918 by her brother who was at that time serving with the 90th Division in Germany.

He spoke of the good work of the Salvation Army in making a boy feel at home away from home. His request in the letter was that one should never refuse the Salvation Army's request for funds. He spoke of the group giving soldiers on the front lines hot chocolate and donuts.

A large portion of the money raised in the drive will go to a fund to be used in Eastland county in helping the needy.

23 DIE IN B-36 CRASH—Rescue workers probe the wreckage of an Air Force B-36 bomber for bodies and personal belongings of 23 airmen who died when the giant plane crashed and exploded during a landing at Albuquerque, N.M. The small plane at the right was one of several damaged when the B-36 struck the Kirtland Air Force base runway and bounced into the flight line. (NEA Telephoto).

## Experiments Due With High Analysis Fertilizer On Grain Sorghums In County This Year

Several experiments with high analysis commercial fertilizer on grain sorghums are to be tried on five different sandy land farms in Eastland County this year according to word from the County Agents office in Eastland.

Per acre yields of grain sorghums on sandy filed in the county are usually low, many years not over 400 to 500 pounds per acre. The high analysis, pelleted fertilizer will be used at various amounts under the grain planting

time to see if the yields cannot be materially increased economically.

The Mathieson Chemical Corporation, Houston is cooperating in the demonstrations by furnishing free to the cooperating farmers several hundred pound of both 10-30-10 and 16-20-0 analysis fertilizer. The farmers themselves are to furnish some 4-12-4 analysis fertilizer, the type, ordinarily used under grain sorghums, cotton and peanuts in that county. The 10-30-10 fertilizer has 50 pounds of plant food per 1000 pound sack.

Grain sorghums to be used include Hegari and Plainsman maize popular varieties in the county.

Farmers cooperating in the undertaking include Bill Caraway, L. R. Higginbotham and John Henderson of the Kokomo Community, A. E. Guy of Carbon and Jim Sparks of Desdemona. Their soils are of the Nimrod or Windthorst series it was said.

R. V. Pinson representative of the Houston concern has been in the county several times lately to confer with J. M. Cooper, County Agricultural Agent and the farmers on the experiments.

Results of the tests will be made available after the grain sorghums are harvested and weighed this fall, Cooper said.

**Record-Breaking Oil Demand Seen**

DENVER, May 8 (UP)—The Independent Petroleum Association of America forecast a record-breaking oil demand of 7,955,000 barrels daily for the first quarter of 1952 as industry leaders met to discuss the production demands a worsened international situation might impose.

The petroleum demand for the first three months of next year, the IPAA's economics committee reported, would average slightly more than a halfmillion barrels daily above the average expected demand for the current year.

The committee emphasized yesterday its estimate was based on continuation of business activity at current levels, no new international crisis and normal weather conditions.

**Testimony Expected To Start Off Today**

EDINBURG, May 8 (UP)—Testimony is expected to begin today in a suit brought by Hidalgo County seeking to recover some \$25,000 from Former County Clerk Dodge Hogan.

## Cotton Crop Is Slightly Larger

WASHINGTON, May 8 (UP)—The Agriculture Department estimated today that the 1950 cotton crop was 10,012,000 bales.

That is slightly more than the 9,864,000 bales forecast by the department last December. Production in 1949 totaled 16,128,000 bales.

Production estimates are based on Bureau of the Census final ginnings, with allowances made for interstate movement of seed cotton.

Last year's cotton crop, severely hit by drought and the worst boll weevil infestation in recent years, was barely sufficient to meet the nation's annual domestic needs.

As a result of increased consumer demand for cotton goods and stepped-up defense needs, the Agriculture Department has asked farmers to produce a 16,000,000-bale crop this year.

**MacArthur Says He Disagrees With Truman**

NEW YORK, May 8 (UP)—Gen. Douglas MacArthur disagrees with President Truman's belief that an extension of the Korean War might invite Atomic attacks on U. S. cities.

Through his personal advisor, Maj. Gen. Courtney Whitney, MacArthur said last night that Soviet nations were more concerned about the vulnerability of their own cities to atomic attack.

"General MacArthur has outlined his views on the most effective means to bring the Korean conflict to an end, save countless American lives and avoid a global war," Whitney said after Truman spoke.

"But the ultimate responsibility of decision, of course, rests with the President," he added.

"I hope that sight is not lost, however, of the fact the general so clearly pointed out and which some seem to find difficulty in recognizing that the decisions of the Soviet on war or peace in the final analysis will depend upon the potentiality of destruction to Soviet rather than American cities."

**Mary Astor Is In Hospital**

VAN NUYS, Calif., May 8 (UP)—Screen star Mary Astor was treated at Valley Emergency Hospital today for an "overdose of barbiturate," a common sleeping compound.

The actress was rushed to the hospital in a police ambulance which was sent to her home after a priest, Father William J. Smith, called police and said Miss Astor had "taken poison."

## UN FORCES ROLL NORTHWARD AGAINST LIMITED OPPOSITION

TOKYO, May 8 (UP)—United Nations forces rolled north against little or no enemy opposition today in twin counter-offensives at either end of the 100-mile Korean front.

They drove within 12 miles of the 38th Parallel above Seoul in the west and nine miles or more beyond it on the east coast, reclaiming much of the territory lost in the Red offensive two weeks ago.

UN tank-infantry patrols stabilizing deep into Central Korea between the two offensive columns also found few enemy troops.

However, there were ominous reports that the Reds have ended their withdrawal and were preparing to strike south within 48 hours in the second round of their

spring offensive. Air spotters reported Communist build-ups north and northwest of Inje, five miles north of the 38 Parallel on the east-central front and north of Chunchon, 8 miles below the parallel on the central front.

A front dispatch said South Korean troops were fighting an estimated Communist battalion in the mountains east of Inje this afternoon.

More than 3,000 enemy vehicles were sighted from the air last night for the second straight night rushing Communist reinforcements and supplies toward the front.

UN forces with strong U. S. tank, artillery and aerial support drove 18 miles northwest of Seoul today on the second day of a limited new counter-offensive designed to end the Communist threat to the former capital.

The 5th Air Force reported that four F-51 Mustangs killed 15 Communists and destroyed 3 enemy field guns in a close support mission east of Munsan, a vital road and rail hub 21 miles north west of Seoul.

**McKinney High Band To Give Concert Here**

The McKinney High School Concert Band will be presented in a free concert Tuesday at 8 p.m. at the high school auditorium under the auspices of the Eastland High School Band.

They will play a varied program of music adapted for band, and the public is cordially invited to attend.

The McKinney band is classed as AA and won a first division in concert playing at Region this year. Johnny Williams is director of the band, and has been with them for the past seven or eight years.

Williams is a longtime friend and former member of the same band as T. R. Atwood, the Eastland band director. He studied music at North Texas State after graduating from Comanche High School.

The McKinney band is on a tour which includes Cisco and Eastland. They will play an assembly program in Cisco Tuesday afternoon, and then come to Eastland to play the night concert. Half the band members will spend the night in Cisco and the other half in Eastland, as the guests of various members of the Eastland band.

Band Director Atwood has invited music students from the surrounding high schools to come up for the night concert here, and it is expected that many band members will attend.

Johnnie Williams, director of the band, who is a long-time friend of T. R. Atwood, the Eastland band director, has written that his program will include a harp solo with band accompaniment entitled "La Rougette"; a cornet trio entitled "Three Jacks," a clarinet solo with band accompaniment entitled "Interlude"; and also band selection including: "First Swedish Rhapsody," "Au Pays Lorrain," "Lady of Spain," and "Air Waves March" besides several others.

**Truman Has A Birthday Today**

WASHINGTON, May 8 (UP)—President Truman was 67 years old today, "still seeking peace but buffeted by the sword."

Buffeted by Korean war decisions, international crisis, and domestic discord, the president nevertheless was still confident he would see an end to war and strife.

The White House said Truman planned no special observance of his birthday and would have his usual heavy schedule of callers during office hours.

Much to his displeasure the president is more restricted in his daily life since the assassination attempt last Nov. 1.

Once the president used to stroll freely in the early morning hours for his pre-breakfast walk in downtown Washington. He was accompanied by only two or three secret service agents. Now he doesn't walk—he rides.

## OPEN HOUSE AT RENNER

RENNER, May 8 (UP)—Annual Open House and Barbecue of the Texas Research Foundation will be held at the foundation's plant here May 16, C. L. Lundell, director, announced today.

A tour of the foundation property at Renner, immediately north of Dallas, will precede the barbecue.

Dr. William A. Albrecht, scientist of the University of Missouri will be principal speaker, discussing the relationship of good soil to human, animal and plant vigor.

Winners of the hobbitlike agriculture awards for outstanding contributions to Texas Agriculture in 1948-50 will be announced.

In addition to supporters of the foundation, Lundell has invited the Dallas Chamber of Commerce, the citizens council of Dallas, and East and North Texas Bankers to attend.

**Shivers Isn't Discouraging The Petitions**

AUSTIN, May 8 (UP)—Gov. Allan Shivers wasn't exactly in the 1952 U. S. Senatorial race today. But on the other hand, he wasn't exactly out.

The governor revealed yesterday he had received "about a half dozen" petitions urging him to oppose Sen. Tom Connally next year.

The governor only smiled when asked about his intentions. But he admitted that the petitioners were receiving an acknowledgment.

"I'm not discouraging them," he explained.

**Warner Baxter Dies In Sleep**

BEVERLY HILLS, CALIF., May 8 (UP)—Debonair Warner Baxter, who charmed moviegoers for 28 years in both silent and talking pictures, died in his sleep last night at his home.

The 58-year-old former matinee idol succumbed to bronchial pneumonia after a long illness. His wife of 33 years, Winifred, and his friend and business agent, Phillip Schiefer, were with him when he died.

Baxter, second actor to win an "oscar," was admitted to St. John's Hospital last month for a cranial operation. He had been suffering for several years from an ailment that made it difficult for him to eat and caused malnutrition.

### Senate Passes Legislation To Recruit Mexicans

WASHINGTON, May 8 (UP)—The Senate has passed legislation to recruit Mexican farm labor for seasonal employment on U. S. farms which are short-handed.

The measure puts into effect an agreement between Mexico and this country allowing temporary immigration to relieve the labor shortage.

The bill establishes reception centers near the Rio Grande to

process Mexicans to American farms. This government has agreed to pay the employee's traveling expenses to the reception centers, but farmers have to pay the fare from the centers to the farms.

The government also is committed to pay medical and funeral expenses of workers who become ill or die while under American jurisdiction.

### Businessmen Are Warned

DALLAS, May 8 (UP)—Businessmen were warned today to be vigilant over the American free enterprise system because of what a speaker termed the "bankruptcy" and "incompetency" of the national leadership.

The warning came in a speech

by Edgar E. Rand of St. Louis, president of International Shoe Company, before a meeting of the Southwestern Shoe Travelers Association here.

Rand said the U. S. is in a "state of limbo" which is neither peace or war, but "I doubt that my fellow Missourian is still calling Korea a police action."

He said the country is tense with "an underlying feeling of uneasiness" which "stems from a national realization of lack of leadership among those who have taken the responsibility of conducting our affairs."

Uncertainty in business and economics is the result, Rand said, of "the petty graft, the shoddy characters who flit in and out" of the Washington scene.

Neither the unions, all of which belong to the AFL, nor the company would comment on the number of men away from their jobs or on the issues involved.

It was understood, however, that at least half of the company's 1,200 employees were involved after apparent breakdown of a month and a half of negotiations on a new contract.

### POLICE ACTION

SAN FRANCISCO, May 8 (UP)—Bodies of nine Texans killed in Korea have been returned to the United States aboard the Lynn Victory, according to the Department of Defense.

Next of kin have been notified of the arrival and the bodies are being sent with escort to the point designated by the relatives.

Aboard the ship were the bodies of Pvt. William R. Horrihan, Jr., of Amarillo; Cpl. James I. Mandrean, Jr., of Beaumont; and Sgt. Robert W. Smith of Houston, all Marines; and Pvt. Billy E. Hough of Crowley, Pfc. Howard V. Kleopfer of El Paso, Pfc. Cristobal Lopez of El Paso, Cpl. William H. Miles of Fort Worth, Lt. Col. Samuel E. Spitzer of El Paso and Pfc. James W. Wyeche of Mabank, all Army men.

### Old Soldier Sends Back His Famous Plane

NEW YORK, May 8 (UP)—Gen. Douglas MacArthur's chief aide, announced today the general had directed that his military plane, the constellation Bataan, be returned to the Defense Department.

Maj. Gen. Courtney Whitney, the aide, said the plane would be flown from New York International Airport to Washington late today.

Whitney, answering questions of reporters at the Waldorf Astoria Hotel, said MacArthur regarded his testimony before the combined Foreign Relations and Military Affairs Committees as "his final official act."

Asked whether that statement precluded a MacArthur appearance before a House committee in Washington, Whitney said the general felt that the text of his Senate hearing "is before Congress in such detail that other committees will have the record before them."

### Pickets Are Set Up Today

LUFKIN, May 8 (UP)—Pickets were set up in front of the Lufkin Foundry and Machine Co. plant here today as an undetermined number of men from five craft unions launched a strike against the firm, major industry in this East Texas city.

Neither the unions, all of which belong to the AFL, nor the company would comment on the number of men away from their jobs or on the issues involved.

It was understood, however, that at least half of the company's 1,200 employees were involved after apparent breakdown of a month and a half of negotiations on a new contract.

JUST SWELL!—Three-year-old Michael Carmack was the sweetheart of Detroit policemen when he was brought to the police station after being found lost on a street corner. The policewomen and matrons petted him and fed him candy bars. They wondered at his strange method of chewing. Then he walked his mother, who explained: "Michael has the mumps."

# "EASTLAND TELEGRAM ADVERTISING PAYS! IT SELLS HADACOL IN EASTLAND and EASTLAND COUNTY"

—Sen. Dudley J. LeBlanc

Sen. Dudley J. LeBlanc

Senator LeBlanc goes on to say: "Without the help of the Eastland Telegram advertising, I could never have achieved and kept up the volume of sales I have in Eastland and Eastland County. With it's help, HADACOL sales have been booming and zooming. I certainly do want to thank the Publisher of the Eastland Telegram of Eastland."

## HADACOL KNOWS HOW TO ADVERTISE!

HADACOL, the famous dietary supplement, has, in a very short time, through the advertising genius of Senator LeBlanc, jumped from scratch into a twenty million dollar business in 1950, and will probably sell seventy five million this year. Newspaper advertising, especially in the 'grass roots' sections of the country, has been the backbone of the HADACOL campaign. The Senator has learned that Weekly readers READ their Weeklies, and BUY what they read about! From two column readers to full pages, HADACOL has sold thousands of cases through the powerful, resultful advertising columns of the Weeklies of America!

Almost everyone in this section of the County reads the Eastland Telegram. County correspondents cover news from all over the trade area, which assures a wide reader interest. By advertising through pages of the Telegram, an advertiser is assured that the name of his product is before the people. This paper is helping to sell Hadacol. Therefore we can sell feed, farm implements, building material, paint, clothing, shoes, or a bale of hay. If you haven't advertised in this paper then you aren't doing all you can to sell your product. Try us and see.

Mr. ADVERTISER! Profit by HADACOL'S experience. We sell HADACOL for Senator LeBlanc—WE'LL SELL FOR YOU TOO!

REMEMBER—HADACOL HAS PROVED  
**Eastland Telegram Advertising Pays!**

*Everything's O.K. It's a BOY!*

What price good news? So often it's the price of a telephone call . . . and that means just a few pennies to spread the glad tidings.

Worth more? Of course. Many telephone calls are practically priceless in their value to you.

And yet the average cost, including tax, of each local telephone call—the big, important calls and the usual everyday variety—is about 2½¢.

Can you think of a better bargain?

**EVERY HELLO IS A GOOD BUY!**

**A GROWING BARGAIN**  
Telephone service has gone up far less than most things you buy—far less than the average family income.

## Miss Hawkins Is Guest Speaker At Delta Kappa Gamma Founder's Day Tea In Eastland Woman's Club

Miss Endora Hawkins of Abilene read poems from the works of Alfred Noyes, John Masfield, Shakespeare, Burns, Sir Walter Scott and others preceding the showing of films on the background of the Scotland and English literature, for members of the Eastland-Calahan Delta Kappa Gamma chapter, Delta Kappa Gamma Sorority and their guests at the Founders Day tea held Saturday afternoon at the Woman's Club in Eastland.

Mrs. Ruth Poe Herring, Mrs. Jay Whatley and Misses Verna Johnson, Nettie Thornton and Louise Snoddy, Eastland members were hostesses.

Olga Fay Ford assisted by Mrs.

Bernice Carter conducted a candle lighting ceremony in honor of the Founders of the Sorority.

Mrs. Minnie L. Hill, president, presided at a business meeting preceding the tea.

Misses Thornton and Snoddy alternated in greeting the guests and at the register.

Frosted fruit punch and cookies were served from a table laid with a red damask cloth and decorated with an arrangement of red roses in a low copper bowl, flanked on either side with copper candlesticks holding red tapers. The red and gold sorority colors were also carried out in other decorations.

Mrs. Herring furnished background music through out the tea hour.

Present were Mrs. N. A. Brown, Mrs. Guy Boyd, Mrs. Raymond McCauley, Mrs. W. R. Winston, Loyce Fry, Mrs. Ina Stamey, Leila Latch, Josephine Clements, Mrs. H. P. Wright, Mrs. James Moore, Pearl Donoway, Mrs. Lois

**KING FAROUK WEDS**—King Farouk and his 17-year-old bride, Narriman Sadek, sit on a couch for photographer shortly after they were married in Cairo. According to custom, the bride did not attend the ceremony and arrived only after it was all over. (NEA Radiophoto).

Whitaker, Mrs. Berta Hazelwood, Nellie Yunk, Mrs. Minnie L. Hill, Doris Joe Pyle, Ella Andres, Mrs. W. Z. Latch, Marine Winston.

Mrs. Bernice Carter, Olga Fay Ford all of Cisco; Eudora Hawkins, Abilene; Mrs. M. H. Haganman of Ranger; Mary Lou Suddath of Temple; Aida Nurdyke, Mrs. Jewel Snazy, Ione McIntyre of Clyde; Mrs. Annie Mae McNeel, Mrs. Veda L. De Busk Cross Plains; Mrs. M. F. Allen, Mrs. O. R. Buchanan, Gorman; Mmes. Guy Patterson, E. K. Henderson, V. W. Massingill, Ida B. Foster, T. L. Amis, L. C. Inzer, J. C. Johnson, Pauline Lee, Miss Jessie L. Legion, Mmes. M. H. Hart, Don D. Parker, R. D. Estes, Jr., E. H. Culbertson, Clyde Horner, Joe Halbert, Cecil Collins, Lewis Crossley, H. L. Hassell, Joseph M. Perkins and the hostess group all of Eastland.

### Personals

Mr. and Mrs. J. B. Brannon of Breckenridge were here Monday on business and visited with Mrs. Brannon's parents, Mr. and Mrs. D. B. Cox.

Mr. and Mrs. Dale Kirk and sons of Wichita Falls, visited here in the home of Mrs. Kirk's parents, Mr. and Mrs. George Laney and in Gorman with Mr. Kirk's parents last week.

Charles Collins visited over last weekend in Austin with his brother, Johnnie, Jr., who is a student in Texas University. He also attended the Varsity carnival.

Mrs. Joe Boles, who has been a patient in Scott and White hospital, where she underwent surgery has returned to her home, 1506 West Valley, and is reported to be improving. Mr. Boles was in Temple with his wife for the operation and accompanied her home. Mrs. Boles was formerly employed at Leslie's Grocery, and is a member of the Eastern Star and the Rebekah Lodge.

Mrs. Joseph M. Perkins went to Fort Worth late Sunday where she will stay with her small grand daughters, Emily and Susan Beyette this week, while their mother is visiting in Gleasondale, Mass. Mrs. Beyette accompanied her grand mother, Mrs. A. H. Gleason to her home last week. Mrs. Gleason had spent the winter here with her daughter, Mrs. Perkins.

## Olden Pupils Enjoy Outing Hosted By Teacher, Parents

Students of the 5th and 6th grades of the Olden schools were entertained by their teacher, Mrs. J. T. Weaver with a picnic supper Friday evening at the Eastland City Park followed by a private skating party in the Morton Valley Gym.

Those present were Sue Day, Jerry Ruth Duncan, Joy Dunlap, Wilma Edwards, Joyce Ray Fox, Tommie Sharp, Patsy Steddum, Jean Weaver, Dixie Butler, Virginia Caraway, Ruby Hobbs, Mary Ann Reese, Betty Weaver, Carol June Hilliard, Steve Fox, Jack Hilliard, Eddie Munn, Ray Rogers, Gary Woods, John Bockman, Danny Boyd, Don Cox, Charles Hutto, Joe Dale Langdon, Ray Lowrimore, J. W. McKelvin and Albert Snyder.

Parents attending were Mr. and Mrs. Turney McKelvin, Mr. and

Mrs. Marvin Hutto, Mr. and Mrs. Ross Lowrimore, Sr., Mrs. W. P. Edwards, Mr. and Mrs. Travis Hilliard, Mr. and Mrs. L. J. Woods, and Mrs. Weaver and Mr. Weaver.

### Mrs. Jones Is Improving

Mrs. Ora B. Jones has been critically ill at her home here suffering with ptomaine poisoning. Her brother, Dr. Duffer of Brownwood has visited with her and her daughter, Mrs. Gwendolyn Clatt of College Station is here caring for her.

### Personals

Mr. and Mrs. J. T. Gregory and Layne, Mr. and Mrs. J. L. Pittman and daughter, Lana, were in Fort Worth Sunday visiting the Forrest Park Zoo.

Mrs. Patsy Cleaveland and little daughter, Patty of Dallas, are the guests here in the home of her parents, Mr. and Mrs. S. A. Green.

Mrs. Lee Campbell has returned to her home from a Ranger hospital where she went to have a new cast placed on her right arm, which she broke in a fall at her home several weeks ago. Mrs. Campbell's arm was found to be healing nicely.

## Dick Harris Honored At Denton College

Dick Harris, senior at North Texas State College in Denton was chosen with 15 other students to become a member of the Blue Key National Honorary recognition fraternity. Members are selected on a basis of individual personality, achievement in individual fields of study and extra curricular activities.

He is the son of Mr. and Mrs. Charles Harris.

## Red Soldier Almost Brings Down Plane

SOMEWHERE IN KOREA, May 8 (UP)—An enraged Red foot soldier nearly brought down an American fighter plane by hurling a rock.

1st Lt. Ellison E. Carroll of Tulsa, Okla., said he was strafing enemy troops for the third time when one Communist tossed a rock into the mouth of his F-51 Mustang's cooling system.

Carroll reached his home base just as the temperature gauge climbed into the red danger area. If the temperature had gone any higher, he would have been forced to bail out or crash-land.

### GO TO CHURCH SUNDAY

## Vaccination of Dogs Ends Rabies Peril

AKRON, O. (UP) — Summit County has proved that rabies can be wiped out and has the figures to back up what Akron residents already know.

By vaccination, the county health commissioner, Dr. E. R. Shaffer, has brought down the rabid dog count from its epidemic 218 in 1945 to zero in 1949 and 1950.

After the epidemic six years ago, when three humans died of the disease, the four boards of health in the county adopted compulsory dog vaccination regulations. The regulations required all dogs six months old or older to be vaccinated and re-vaccinated each year thereafter.

The county has recorded only two rabid dogs in four years, both of them "tramp" dogs with no owners.

# UNIVERSITY PROFESSORS SAY THEY WILL NOT SIGN OATH

OKLAHOMA CITY, May 8 (UP)—A group of university professors announced today that they would refuse to sign Oklahoma's new anti-Communist oath and planned to take their fight to court.

It was believed the educators from Oklahoma A&M and the University of Oklahoma would seek an injunction until the constitutionality of the oath can be settled in court.

The deadline for signing the oath was only two days away and only about 5,000 of the state's 20,000 employees had signed oaths.

The law, passed by the current session of the state legislature, subjects those employees who refuse to sign to be discharged.

The plan for the court test came after State Attorney General Mac Q. Williamson ruled that the two most controversial sections of the oath were unconstitutional.

These included a section requiring employees to declare their willingness to bear arms in defense of the United States and a section requiring state workers to swear they had never been members of Communist-front organizations listed as subversive by the U. S. Attorney General.

George L. Cross, president of O. U., protested against the measure when it was passed, said he now was "satisfied" with Wil-

liamson's rulings. He withdrew his objections.

## Former Slave Celebrates 113th Birthday

CROCKETT, May 8 (UP)—Former slave Maria Hopkins celebrated her 113th birthday here yesterday, much as she used to spend many evenings with her family on a Georgia plantation.

Around her she gathered her four surviving "children"—all in their 80's—and with remarkable clarity recounted stories of her own childhood in Georgia and of her life "under the overseer" on the plantation.

She also had vivid recollections of many events that happened in East Texas before the turn of the century.

She raised a family of 13 boys and three girls. She now lives with a son and daughter-in-law in Crockett.

Jeff Davis, editor of the Crockett Democrat, said Maria Hopkins' age went undiscovered until last year when a census taker questioned her. The census taker set her age at either "113 or 114."

"As far as we can determine, she's the oldest living person in Texas," Davis said.

He added that no one has come forth to dispute the claim.

Books and magazines sent from Japan by the U. S. Army to fighting men in Korea passed the million mark in January.

Ninety enlisted men of the U. S. Army 24th Infantry Division have won battlefield commissions in the rank of second lieutenant.

## American Efforts To Persuade UN To Send More Men Is Hopeless

WASHINGTON, May 8 (UP)—American efforts to persuade United Nations allies to send more men to the Korean war apparently have been given up as hopeless.

The war will continue with the United States and the Republic of Korea supplying more than 90 percent of the armed forces opposing North Korea and Communist China.

Refusal of some United Nations members substantially to increase their troop contributions and refusal of others to send any at all was revealed yesterday by Defense Secretary George C. Marshall.

American efforts to obtain United Nations reinforcements began

after Red China snatched UN forces back in last November's offensive. Up to that time General Douglas MacArthur had expected to release one United States division to Western Europe.

But MacArthur had to call for help. Response was neither instant nor large. As late as February Assistant Secretary of State Dean Rusk told a house appropriations subcommittee that diplomatic talks were proceeding in various capitals to reinforce MacArthur.

Rush estimated South Korean, United States, and other UN elements then under arms numbered approximately 535,000 men. Of these, about 35,000 were from 15 nations other than South Korea and the United States.

United States replacements since are estimated to have increased the number of American to 285,000. The South Koreans have about 200,000 men under arms, of whom 100,000 or so are assigned to security police duties.

## Bus Company Saves By Using Propane

DENVER, Col. (UP)—The Korean war and rising prices has caused the Denver-Boulder bus company to convert its vehicles from gasoline to propane burners.

The buses are the first in Colorado to use propane, a by-product of natural gas production. The company's president, I. B. James said use of propane "should

**BIG MAN IN HIS OUTFIT**—Pvt. Frank Owings of Philadelphia might be the Army's new secret weapon, except that he's too big to keep secret. The Army, at Fort Myer, Va., can't even find a uniform to fit him—size 52—so he's been drilling in civilian clothes for the past couple of months.

cut our operating costs 1 1/4 cents a mile and save \$450 a month."

The only outward sign of conversion on the buses are "snorkel" breathing pipes curving upward, like a second exhaust pipe. It costs \$325 to convert a bus from gasoline to propane.

## Dallas Hood To Plead Innocent

DALLAS, May 8 (UP)—Dallas underworld character Jack Todd said he would enter a not guilty plea when his trial for carrying explosives aboard an airliner opened in federal court here today.

Todd, identified by police as one of the original members of the famed Dallas "Band of 40 Thieves," was arrested Jan. 19 as he boarded an American airliner plane at Love Field carrying

a stick of nitroglycerin jelly in his overcoat pocket.

He was indicted by a federal grand jury last week. The offense is punishable by a maximum of one year in jail and a \$1,000 fine.

How you can make America Strong —1

# WORK SAVE VOTE PRAY

Perhaps you feel you should "do something" to help our country in its crisis. Most of us do. But not all of us can take places in the Armed Forces.

Not all of us can build tanks or airplanes or guns or bullets. Many of us... particularly in the present national emergency... must stay at our own jobs, do the same things we've done for months, for years. How, then, can we help? How can we "do something"? The answer is simple:

First, we must work. We must work harder. We must work better. We must produce more. Second, we must save. We must save money. We must save materials. Third, we must vote. We must vote for statesman-like leaders. We must vote for men who have courage. Fourth, we must pray. We must pray to God for guidance. We must pray to God for peace. We must pray to God in gratitude for all He has done for us and for our country. That is our job. Yours and ours. If we do it well... we'll help make America strong.

Yours is the power to make us strong spiritually, morally, politically and economically. Write today for a reprint of the article, "The Four Pillars of Freedom—Work, Save, Vote and Pray." Mail your request to: J. B. Shores, Public Relations Department, Texas and Pacific Railway, Dallas, Texas. No charge, of course!

\* This is one of a series of advertisements paid for by the Texas and Pacific Railway Company and sponsored in the public interest. Reprints of these advertisements are available from the Texas and Pacific Railway Company, Dallas, Texas.

AT PENNEY'S

A Brentwood, of course... and a honey, in vat-dyed 80 square percale in handsome ombre stripe. Several color combinations in sizes 12 to 20.

Not a bit of the house-dress look to this new Brentwood! Crisp waffle pique in rose, aqua or powder blue, with white trimming. Sizes 12-20.

Court last week:

Thelma A. Tate v. W. K. Tate, divorce. V. L. Shamburger, Sr. v. W. M. Wills, et al, receivership. Charles E. Cashion v. Marie Cashion, divorce. Nancy Moore v. John Moore, divorce. Doyle Gilmore v. Freda Gilmore, divorce.

ORDERS AND JUDGMENTS

The following orders and judgment were rendered for the 91st District Court last week:  
O. W. Jones v. Arnold B. Boswell, order. Juanita Mae Little v. Sherman Franklin Little, order setting hearing. Floyd Webb v. Mrs. Ida Webb, et al, order of dismissal.

**Whose Ally**

LONDON, May 8 (UP)—Britain has banned shipment to Communist China of all goods "which assist China's military operations," but has not imposed a total embargo on trade, the government announced today.

The announcement was made in Commons by Sir Hartley Shawcross, president of the Board of Trade. Shawcross denied General Douglas MacArthur's charges that British goods were of substantial assistance to Red China's armed forces.

MOPPING UP — Every time young John Marshall falls into the water he sets a world record. The Yale Australian's 18-10.8 for 1500 meters will not be recognized, however, having been made over the "short course" in the National AAU meet in Ohio State's 25-yard pool. (NEA)

**Highway Patrol Look For Car**

RIO GRANDE CITY, May 8 (UP)—State Highway Patrolmen searched today for a hit-and-run driver who killed 75-year-old Emiliano Cabrera during the week end. Cabrera was hit by a late model car on a highway in front of his home west of here.

Another Valley traffic fatality over the weekend was that of

**BULLETIN**

WASHINGTON, May 8 (UP)—Defense Secretary George C. Marshall disclosed today that Gen. Douglas MacArthur was under strict orders to keep troop and naval units away from Soviet Siberia and portions of Northern Korea adjacent to it.

Leandro Perez, Jr., 3, who was killed when his father back a truck over him in the family driveway.

**Cat, Age 25, Continues Producing Kittens**

PARKERSBURG, W. Va. (UP)—Tab, a cat which has set a local record for longevity as well as fertility, appears ready to bear another litter at the age of 25.

Mrs. Mattie Bowman said she has counted Tab's litters only for the past seven years, but during that time the amazing feline produced 76 offspring.
