

DEVELOPMENT OF SUBSTANCE WILL BE HELP TO MOTORIST

By Paul F. Ellis
United Press Science Editor
WILMINGTON, Del., May 10 (UP) — Development of a substance that may permit driving an automobile for 10,000 miles without an oil change was disclosed today.

The substance is a new silica, a sand-like material that can be used to thicken oil in making grease. The development was announced at the dedication of a new \$30,000,000 addition to the Du Pont Company's experimental station.

The substance, known as GS-1998, comes in the form of balls less than a milloneth of an inch in diameter. The scientists pointed out the balls are so tiny that when magnified 25,000 times they still appear scarcely larger than pin points.

The new type silica is expected to have an important part in the production of lubricating oil, especially for automobiles.

Ordinary greases, the scientists said, are made with soap as the thickening agent, and at high temperatures such soaps become thin. The result is worn out bearings and an expensive repair job for the automobile owner.

The Du Pont Scientists reported that oils treated with new silica have been put through strenuous tests, and the oil can now be made to stand up. The tests show, according to the scientists, the oil can withstand the equivalent of a truck traveling at 50 miles an

hour and for 10,000 miles. The new silica also will float in water. The DuPont scientists also reported development of another silica that promises to take the skid out of wax polishes. So if the development is put into practical use, housewives can wax the floors of their homes without the fear that a visitor may slip and break an arm.

The new wax silica is known as Ludox. The Du Pont scientists said it has been used in industrial waxes and will be put into household waxes.

The dedication of the new laboratories here brought some of the nation's top scientists. All told, 19 new buildings, including nine new laboratory buildings, have been erected in the experimental station expansion.

Cook County Starts A Rat Campaign

COLLEGE STATION, May 10 —The Cook County agricultural agent's office has been trying unsuccessfully to get out of the rat poison business since January. Farmers keep demanding warfarin rat bait, which County Agent B. T. Haws started distributing last November. There seems to be no stopping place.

DISALLE MEETS CATTLEMEN—As the Government ordered rollback of wholesale beef prices today, Price Stabilizer Michael V. DiSalle, second from left at table, addressed an informal meeting of cattlemen here. In Washington, Chairman Harold D. Cooley of House Agriculture Committee said cattlemen have "woefully failed to justify" their angry opposition to order which DiSalle claims will slash beef prices by 9 to 10 cents a pound by Oct. 1. (NEA Photo)

Haws says there has been less criticism of this rat poison than of any other with which he has ever dealt. Cooke County farmers have purchased 4,700 pounds of warfarin and are still buying it. Joe Fleitman, dairyman of Muenster, in Cooke County, reports that he has killed many rats with a stick—after they were nearly dead from eating warfarin. Although some of the rats return to their burrows to die, Fleitman says he has found many dead ones out in the open.

After using warfarin for a few days, some farmers thought they were not getting results, but later, reported they were. They could tell from the scent in the barns. And they found that no more holes were being eaten in their feed sacks.

While moving hay stored on his farm, Adam Wolf of Gainesville found a surprisingly large number of dead rats. He also picked up from 10 to 20 dead rats outside the barn on several different occasions. Haws estimates that thousands of dollars have been saved by Cooke County farmers as a result of the rat program.

Mrs. Fiensy Installs New Officers Of Christian Women's Council

New officers were installed in a colorful ceremony directed by Mrs. Dave Fiensy, president, Monday afternoon at the meeting of the members of The Christian Women's Fellowship, in the home of Mrs. F. W. Graham.

Guests were greeted by the hostess and Mrs. E. K. Henderson, program chairman, who had arranged a setting of a tropical background. Each was served iced pineapple juice upon arrival.

Subject of the program was, "A Visit to Luzon". Parts were given by Meses, Eugene Day, H. B. Meek, and J. W. Watson.

Mrs. Fiensy presided over a short business session and opened the meeting with the hymn, "Stepping in the Light" with Mrs. N. L. Smitham at the piano. Mrs. C. A. Peterson gave the devotional and Mrs. T. A. Bendy and Mrs. Millie Brittain gave the prayers.

Mrs. Fiensy used a globe, representing the world, centering a table and surrounded by candles and as she installed each of the new officers she lighted a candle, as she read from the open Bible and instructed officers in the duties of their office.

New officers are Mrs. J. W. Watson, president, Mrs. E. K. Henderson, vice-president, Mrs. Eugene Day second vice-president, Mrs. Homer Meek, secretary, Mrs. Carl Garrett, treasurer, Mrs. C. A. Peterson, World Call chairman. Following the installation a

salad, made of the fruits of tropical countries, was served.

Others present not mentioned above were Meses. R. L. Carpenter, Wilma Beard Bennett, Henry Ferrell, Otto Marshall, N. Johnson, Jim Gilbreath, R. I. Masch, T. L. Cooper, L. E. Huckabay, L. C. McNatt, M. G. Cartwright, Miss Sallie Day, and Rev. Marshall, pastor.

Presbyterian Service Set

Regular services will be held at 11 a.m. Sunday at the First Presbyterian Church with the pastor, Rev. M. P. Elder, in the pulpit. He will use as his subject, "Parting Blessing", based on Luke 24:51.

Regular services will be held henceforth on the second and fourth Sundays at 11 a.m. and additional services will be held at 5 p.m. on the first and third Sundays each month, the pastor said.

CARD OF THANKS

We wish to extend our thanks and express our appreciation to our friends and neighbors for the many acts of kindness, words of sympathy and for the beautiful floral offering at the loss of our loved ones.

Mrs. Annie Stephenson and Family.

EASTLAND MAVERICKS ROUND-UP

FHA Meeting In Fort Worth

The Eastland Future Homemakers of America chapter was well represented at the annual State FHA Convention held May 3, 4, and 5 at Ft. Worth. Attending were Gayle Parrack, Sue Gourey, and sponsor, Miss Loretta Morris. The meetings were held at the Will Rogers Memorial Auditorium.

The State President, Ruthy Gripon, from Lampasas, an dRosalyn Wilson from Coleman, spoke on the White House conference they attended in December.

Rev. W. K. Kerr, pastor, First Methodist church of Kerville, gave

a very inspirational talk on "Youth in Today's Democracy", which was the theme carried out throughout the convention.

The group enjoyed a luncheon of fried chicken in the arena Friday at noon.

The highlight of the program was a symposium, "Families of the World Around." The moderator was Dr. Bernice Moore. The members were as follows: Lydia Bravo, from the Philippines, who is attending Baylor University in Waco took the Future Homemakers on an imaginary trip to the Philippines. There, she explained the customs and home life of her native people.

Mrs. Lieselotte Venable of Germany, and now at Wills Point, told of her home and nursing life during and after the war, in Germany.

Ilse Skipena from Latvia, who is attending North Texas State College, told of family life in her native country.

Heino Ambros, from Sweden,

and Sano Uchido from Japan, both who are attending Texas Christian University told of customs in their native countries.

A chuck wagon supper was held in the arena of the coliseum Friday evening. The program for the evening was given by FHA members. The FHA orchestra from Teague, played during the meal. Jerry Kent Green from Lewisville sang western songs. Other interesting numbers included a toe dance, five baton exhibitions, and the calendar girls.

Saturday morning the group attended the House of Delegates meeting where reports were given.

Ruthy Gripon spoke to the group on her many trips during the past year.

The installation of State Officers for 1951-52 was held. Carolyn Martin, the girl elected by Area Eleven, from Stephenville, was elected Third Vice President.

Gayle Parrack, second Vice-President from Area Eleven, and Miss Morris, advisor, attended the Area and State Officer's Luncheon at the Texas Hotel Saturday at noon.

The Caps and Gowns

The seniors caps and gowns are here. They are blue corded silk with zippers down the front. They are an improvement over the old grey gowns that had been used for so many years. There are thirty-eight members in the graduating class, but some of these constitute the summer graduates. The graduation is to be Tuesday, May 29.

Big Hayride

Witnessed by FHA and FFA... The FHA is inviting the FFA for a hayride and weiner roast on Thursday night, May 17. The weiner roast will be at the

Ringling Lake. After the weiner roast they will go to Morton Valley to skate. Let's have a big crowd.

Choir News

The Eastland High School A Capella Choir will present a concert Tuesday, May 15, at 8:00 p.m. at the Eastland High School Auditorium.

The program for the concert will include "Adornatus Te", "Madame Jeanette", "Cindy", "Beautiful Savior", "Ezekial Saw De Wheel", "O Jesus Grant Me Hope and Comfort", "The Lord Bless You and Keep You", and "Now the Day is Over." There will also be numbers by the girls' sextet and a boys octet. The public is invited to attend.

The Cisco A Capella Choir presented a very good program Wednesday morning at Eastland High School. The choir sang several numbers, and a quartet sang two songs.

Two piano solos were played by Gerald Saldran. Jerry Cochran sang "Lazy Bones", which the audience enjoyed very much. We are looking forward to hearing them again.

USO VETERANS GO TO KOREA TO ENTERTAIN FIGHTING MEN

By Elizabeth Toomey
United Press Staff Correspondent
NEW YORK, May 10 (UP)—The first USO entertainment troupe to head for Korea has more World War II veterans than most combat platoons.

Six of the eight entertainers who will board a plane day after tomorrow for Japan performed for G.I.'s all the way from India to France during the last war.

Jack Powell, well-known solo drummer who heads the first Korean USO unit, counted off nine

USO tours he made, including 3 trips to Europe, one to Hawaii and a memorable stint in London where he witnessed "eleven very interesting air raids."

"It's no glamour tour, I can tell you," Powell said. "You stand in line with the boys for chow and eat what they eat. Maybe you pitch a tent for a dressing room or make a stage out of empty crates. But it's worth it to see the kids cheered up."

This new USO troupe was hand-picked to insure a sturdy bunch of entertainers who wouldn't wilt under Korea's summer heat or get restless before the three-month schedule was completed.

The girl singer, Elaine Lewis, came to this country from England only a year ago, but she calmly recalls trips to Burma, India, China and Japan with the British equivalent of the USO during World War II.

"I was with the first British entertainment group to go to Hiroshima," she commented. "I guess the heat bothered me more than anything on my last Far Eastern

For actors she chooses Audie Murphy, and for actresses she chooses Patricia Neal. Her favorite movie is "Gone With the Wind."

By now you all know that she is Leta Fern Lindsey. Good luck to this swell girl!

Sophomore Spotlight

The sophomore spotlight shines this week on a girl who has blue eyes, brown hair, weighs 111, and is five feet three and one-half inches in height.

She has a long list of favorites. Among them are movie "I'd Climb the Highest Mountain," actor, Glenn Ford, actress, Jane Wyman, song, "If", subject, English, teacher, Mrs. Whately, sport, swimming, color, powder blue, flower, rose, and her favorite boy is Bobby Richardson. Best of everything to a cute girl, Mary Johnson.

Direct Selling Is Important

COLLEGE STATION, May 10 (UP)—Systematic demonstrations by volunteer cooperations under methods taught by field and headquarters personnel of the A&M College Extension Service have firmly established grower-to-consumer marketing of a variety of farm grown food products in many parts of Texas.

It is predominantly a women's program both in selling and buying. Its success has been due to the initiative of women members of farm families in progressively improving the quality and variety of their products as well as making them conveniently available, together with the readiness of urban housewives to buy them.

Truman Wants More Taxes

WASHINGTON, May 10 (UP)—House tax framers worked on corporation taxes today after recommending that Congress raise \$3,000,000,000 more a year for the defense program by boosting individual income tax rates to the highest levels of World War II.

Even this increase, stiff as it is, would not go far as President Truman proposed. Truman asked Congress to hike personal income taxes \$4,000,000,000 a year, or about 25 per cent more than the amount tentatively approved yesterday by the House Ways and Means Committee.

The president wants a total of \$10,000,000,000 more in taxes. In addition to the individual tax increase he recommended, he asked for a \$3,000,000,000 boost in each corporation income and excise taxes.

due in part at least to realization by the latter of the importance of it." She adds that for several clean, fresh farm produce "in relation to the health of her family hundreds of city housewives have paid premium prices directly to producers, for clean fresh eggs.

COTTON TO HER?—Hollywood actress Mary Murphy was named fashion queen of California cotton during National Cotton Week. In appreciation, she donned this white cotton swimsuit. It's made of lace over a flesh-colored cotton strapless sheath, with its own matching lace stole and shoes.

No More Ambulances
ALEXANDRIA, Ind. (UP)—Fans went home disgruntled when motorcycle races were halted here. The reason was there weren't any more ambulances to call in the event of a wreck. The supply was exhausted in three previous spills.

Thugs Set Free On \$3,000 Bond

NEW ORLEANS, May 10 (UP)—Four silent witnesses at Kefauver Crime Committee hearings here were free under \$3,000 bond today after pleading innocent to Contempt of Congress charges.

The fifth, "Dandy" Phil Kastel, partner with Frank Costello in the Ritz Beverly Club Casino here, was granted a continuance at a hearing yesterday because of a recent eye operation.

John J. Fogarty filed a motion to dismiss the charges on grounds that sufficient details of his alleged contempt were not specified.

Federal Judge J. Shelly Wright gave Joseph Poretto and Carlos and Anthony Marcello 10 days in which to file similar motions.

The defendants refused to answer anywhere from 26 to 56 questions put to them by the Crime Committee. Carlos Marcello, described by the committee as "one of the worst criminals in the nation," would not even tell his age.

POLICE ACTION

WASHINGTON, May 10 (UP)—A Department of Defense casualty list issued today reported seven Texans wounded and two missing in action in the Korean area.

Soldiers listed as wounded were Sgt. Roy A. Adams of Beaumont; 2nd Lt. Charles D. Cabaniss, 1013 Ave. E. Garland; Cpl. Steve Ford, Jr., 925 Nicholson St., Houston; Cpl. Edward L. Higgins of Clifton, previously wounded and returned to duty; Pvt. J. W. Ladd, 2029 Curtis Ave., Grand Prairie; and Pfc. Eliseo Prieto, 1112 Tampico St., San Antonio.

A Lubbock sailor, Joe V. Churchill, of 2625 26th St., also was wounded. Missing, both Marines, were Cpl. William S. Blair, Jr., 1902 Ross St., Bryan; and Pfc. Harold E. Ellison, 515 Bailey Ave., San Antonio.

New York Cops Have Shakeup

NEW YORK, May 10 (UP)—Mass suspensions rocked New York City's undermanned police department today in a fast follow-up of indictments accusing cops of collecting "bushel baskets" of bribe money from a \$20,000,000-a-year gambling combine.

Nineteen of 77 active or former members of the force were told to post bail ranging from \$2,500 to \$7,500 by today or go to jail on conspiracy charges involving a \$1,000,000 protection

payoff by gamblers. Two other accused members of Police Commissioner Thomas F. Murphy's force were out of town and charged in absentia. Murphy, who became commissioner after prosecuting Alger Hiss as U. S. Attorney here, ordered the greatest shakeup in his department's history only a few hours after a Brooklyn grand jury indicted 21 men and cited 56 other policemen and other cops as co-conspirators.

He removed 32 active defendants and co-conspirators from duty without pay, including assistant chief inspector John J. Travers, the No. 2 man on the force.

Case Dismissed At Texas School

BROWNSVILLE, May 10 (UP)—Accusations of poll tax violations at Texas Southmost College here were dismissed last night by a Cameron County grand jury.

The Brownsville League of Women Voters had charged that someone at the college advanced money to vocational school students to buy poll taxes.

The grand jury reported the law was violated, but only through ignorance and there was no evidence of intended fraud.

RECIPE OF THE WEEK

STUFFED HEART

Slect 1 beef heart or 2 or 3 calf hearts. Wash and slit the heart, remove gristle and blood vessels. For the stuffing, chop an onion and 1-2 to 3-4 cup of celery and cook in 2 tablespoons of fat, add 2 or 3 cups soft bread crumbs and season to taste with salt and pepper. Thyme goes well with heart—add a pinch to the stuffing.

Fill heart with the stuffing and sew up slit. Brown on all sides in fat, place in a baking dish or casserole; add 1-2 cup water, cover closely and cook until tender in a very moderate oven (about 300 F.). A beef heart will require about 4 hours. A calf of hog heart will cook in about 1-2 hours. Make gravy of the drippings.

Complete Menu
Stuffed Heart, Lyonnaise Potatoes, Asparagus, Carrot-Raisin-Nut Salad, Oatmeal Muffins, Ambrosia.

Timely Tips
Extension foods and nutrition specialists Texas A&M College.

1. Heart is a good source of protein, thiamine, riboflavin, niacin, iron and phosphorous.

2. Serve beef heart to keep menu bill lower.

3. Use heart, as well as other organ meats, to add variety to menus.

4. Cook heart slowly as other meats.

5. Left-over heart may be served cold in salads, sliced or in combination dishes with vegetables.

BROCKTON, Mass. (UP)—Policeman Arthur H. Calvin got the surprise of his life when he received a hand-carved table lamp as a gift from a man he had arrested and helped send to the state prison for a life term.

Wonder Who Is Really Confused?

WASHINGTON, May 10 (UP)—Defense Secretary George C. Marshall said today the administration considered leaving Gen. Douglas MacArthur in charge of Japan but decided it would be "most unwise" because of possible "conflict" with the Korean War command.

Marshall told Senators investigating the dismissal of MacArthur from all his Far Eastern commands that "confusion" would have resulted if the General had been continued as occupation chief while being shorn of his war responsibilities.

So all of MacArthur's jobs were handed over to Lt. Gen. Matthew B. Ridgway.

Testifying for the fourth straight day before the Senate Armed Services-Foreign Relations Committee, Marshall was asked by Sen. H. Alexander Smith, R., N. J., if consideration was given to "the inevitable adverse" effect of MacArthur's discharge upon the Japanese.

Marshall said it was "carefully considered," and he conceded that MacArthur's "prestige with the Japanese people" could "not be duplicated, certainly in a short

time, by any other individual."

But "the feeling was, and decision finally was," Marshall said, "that it would be most unwise to have the possible confusion of conflict between General Ridgway, who was undertaking an extremely difficult job, under the

circumstances, with all of the forces based in Japan, the utilization of Japanese facilities and, I presume, of the Japanese people and at the same time to have another American in authority in the same region, and it was felt that that would result in a divided authority which might open up many confusions."

The petitions asked that San Ignacio and adjoining farmlands not be included in lands condemned by the Federal Government to impound water from the Falcon Dam.

Frisch Warns East May Find Weaker West With Muscles

BY HARRY GRAYSON
NEA Sports Editor

NEW YORK—(NEA)—Frank Frisch was discussing the Giants' 11-game losing streak.

"They're murder," said the Old Fordham Flash. "You get good pitching and no runs. Then your guys start clubbing the ball, and the pitching falls apart. You're playing your best lineup. You don't know what to do. You can't sleep nights."

Someone showed Frisch a newspaper head. "Giants Greet Weak Sisters," it read.

The inference was plain. The Polo Grounders would fatten up on the less formidable half—the Pirates, Cubs, Reds and Cardinals.

"The strength is in the east," said Manager Frisch of the Chicago Nationals.

"The Braves' pitching is going to be something extra special, now that Surkert has joined Spin, Sain and Bickford, and Billy Southworth has the swatting, too.

"The Dodgers are sound at every position, hit home runs anywhere, and play 77 games in a park conducive to their manufacture. The Philadelphia Whiz Kids have another year under their belts. The Giants will bounce back to some extent."

Frisch wanted to make it perfectly clear that he saw no push-over in the hinterlands, however, and started with Pittsburgh, which finished 33½ games out last season.

THE Pirates have added hitting, especially with the move that put Ralph Kiner on first base and George Metkovich in center field. Branch Rickey has imbued them with spirit. They hustle the other side right out of the park.

"The Cardinals have had superlative pitching and still possess Enos Slaughter and Stanley Musial. They'll go as far as their infield will take them.

"The eastern clubs aren't going to take too many liberties with the Reds. Not when they have pitchers like Blackwell, Wehmeier, Rafensberger, Fox and now Rameyell."

The Chicago club got a tough break when Roy Smalley went out breaking a small bone in his ankle.

"We were fortunate to have Jack Cusick," said the fiery Frisch. "Not yet 23, and remindful of Marty Marion, he'll handle any ground balls hit his way and make the double play. The only question is his hitting, but isn't that the problem you usually find at shortstop?"

Young Cusick, out of Weehawken, N. J., was drafted from Beaumont, where he was further developed by Rogers Hornsby.

circumstances, with all of the forces based in Japan, the utilization of Japanese facilities and, I presume, of the Japanese people and at the same time to have another American in authority in the same region, and it was felt that that would result in a divided authority which might open up many confusions."

The petitions asked that San Ignacio and adjoining farmlands not be included in lands condemned by the Federal Government to impound water from the Falcon Dam.

Warren Austin Sounds Off

NEW ORLEANS LA., May 10 (U.P.)—The Chinese Communists "dare not continue indefinitely to drive hundreds of thousands of their countrymen into the slaughter of our superior firepower" in Korea, Ambassador Warren R. Austin, Chief U. S. Delegate to the United Nations, declared today.

Austin, who received an honorary doctorate of laws at the founders day ceremony at Tulane University, did not predict a quick end to the Korean War, but he said:

"Political forces are at work within China, too. I do not suggest we should rely wholly upon such hopes. Nevertheless, I do have some convictions based on experience living among the people of China.

Get Permission From Att. Gen

DALLAS, May 9 (UP)—Texas slot machine owners planning to ship the "bandits" to Nevada before the new anti-slot law takes effect must inform the United States Attorney General's office of that intention, Assistant U. S. District Attorney Calvin Binion warned today.

The federal law which bans interstate shipment of the machines except to Nevada, where gambling is legal, requires ship-

pers to obtain permission from the Attorney General, Binion explained.

Shipment of the gadgets made "hot" by the new Texas legislation to any state other than Nevada will be in violation of the federal regulation, he said.

No reports of illegal removal of machines across state lines have been received by federal prosecutors here, Binion said.

The new law banning possession, exhibition, storage or ownership of slot machines in Texas probably will go into effect in August. It went to Gov. Allan Shivers desk today for his signature.
