Square Dance, Bands, Parade At Ranch Day

Plans for Ranch Day in Eastland for 1951 are rapidly being completed as the event, to be held Saturday, approaches.

Always a large event, the day, to be held in conjunction with Armed Forces Day, is expected to be bigger than ever this year.

Bands from cities in the surrounding territory are expected to participate in the event, along with the Eastland High School unit under the direction of T. R. Atwood, DeLeon and Gorman Bandmasters have already indicated that their organizations will be here Saturday. Others are expected to join them and have been extended invitations.

At 3 p.m. Saturday, an Armed Forces parade will be participated in by the bands along with National Guard Units from Cisco and Ranger. The new Eastland Fire truck will lead the parade.

A little earlier, about 2:02 p.m. a squadron of Air Force B-45 jet bombers is expected to make an appearance over the city in connection with Armed Forces Day.

Everyone is asked to appear in cowboy regalia for the day. A jail is to be set up in front of the Lyric Theatre for the day, and Curtis Koen will act as sheriff. His deputies had not been announced late this week. Fines paid to get out of the jail all go to the Band. A ducking stool is also to be placed on the west side of the square. This device incurred much merriment in other years and also brought in a good deal of money for the band funds.

The ladies of the Band Boosters will operate a food booth at the southwest corner of the square beginning at 11 a.m.

Beginning at 9 p.m. Saturday there will be a large square dance on the south side of the square. The charge will be \$1.00 a couple.

A number of square dancers from Gordon, Abilene, Brownwood, Breckenridge and other places are expected to attend. The music will be furnished this year by large 12-inch square dance records played through a loud speaker, but the callers will be local. Aubrey Van Hoy, Luttrell and Curley Maynard are expected to act as callers, and it is thought that several out-of-town callers

will also be present. Proceeds from the event will go to the support of the Eastland High School band which is yearly one of the outstanding organizations of the area and state.

All citizens are urged to support the Band Boosters' Club in the making of Ranch Day in Eastland for 1951 as successful as those in the past.

Rotary Ladies Night Will Be Held On Friday

The annual Rotary Club ladies night will be observed beginning at 7 p.m. Friday at the Roof Garden of the Connellee Hotel.

A dinner will be served, followed by an evening of entertainment.

Charlotte Van Hoy, club sweetheart, will be in charge of the entertainment portion of the program. A group of Eastland High School students will present the program.

All members of the club and their wives are urged to attend the affair. Those who have stated that they will be present are especially urged to be on hand since a place will be prepared for them.

California Thugs Will Have Trial

BROWNWOOD, May 17 (UP)—Hillbilly Musician Marvin Johnson will go to trial before District Judge A. O. Newman June 11 on charges of murdering Rookie Dallas Policeman Johnny Sides.

A venire of 200 men has been ordered for possible jury duty.

The case was moved to Brownwood this week on change of venue. Johnson is one of four men charged with killing Sides in a gunfight at Dallas Jan. 24.

"Uncle Robert" Johnson, alleged leader of the quartet, is under death sentence for the murder. J. W. Johnson, 23, and Bill Pomeroy, 18, are also charged in the case and have been moved to Brownwood pending their trial here.

Time To Spray Pecan Trees For Number One Enemy Agent Advises

It is almost time to spray pecan for their number one enemy—the nut casebearer, according to reports from the County Agricultural Agent's office.

The casebearer according to him has four stages of development; egg; larvae or worm; pupa and moth or miller stage. Only the worms or larvae of the casebearer feed on the nuts. A single spray of the right materials applied at the right time will do the job unless washed off by rain it was said.

After the worms enter the nuts to feed no spray will control them. A sprayer with from 400 to 600 pounds of pressure is best for spraying the nuts. Enough pressure is necessary to force back the leaves on the tip ends of the branches and cover the small cluster of nutlets with the spray material.

Pecan owners now, through research of state and Federal experiment stations, now have their choice of four materials to use in spraying for the nut casebearer.

One mixture that is more popular and is now commonly used is three pounds of 50 per cent wettable DDT powder, 6 to eight

pounds of wettable sulphur to 100 gallons of water.

The old mixture that was used for years and is still applicable is six pounds of arsenate of lead to 100 gallons of water. Because the arsenical used is a deadly poison and extreme safety precautions must be exercised in its use it is not as popular as it was once.

One pint of blackleaf 40 to two quarts of summer oil emulsion and 100 gallons of water is another one and still another one is three pounds of blackleaf 155, one pint of summer oil emulsion to 100 gallons of water.

Bulletins on sprays for pecan insects is available at the County Agent's office.

Card or letters asking for one of the spray bulletins for those who have sprayers will receive prompt attention.

For those who do not have sprayers a custom sprayer is available at a reasonable cost. He can be reached at Phone no. 743-J3 in Eastland.

The sprays given above are only for the pecan nut casebearer and for no other insect or disease.

The pecan weevil does damage to pecans but the nuts are perhaps two-thirds grown before he attacks them, usually in late August or early September.

WILL SING IN EASTLAND—The Ranger Junior College A Capella Choir which will sing in Eastland at the Connellee Hotel Roof Garden Friday night at Ladies Night at the Eastland Rotary are picture above.

SQUADS NAMED FOR REDS, WHITE GRID CLASH FRI. NITE

Squads have been assigned for the battle of the Reds and Whites which will climax spring football drills for Eastland High School.

Coach Wendell Siebert will have charge of the White squad and Ed Hooker will direct the Reds in the tilt which is set at 8 p.m. Friday.

Derrel Black is captain of the Red team and Larry Miller is captain of the whites. The squads were divided as evenly as possible for the tilt, and reserves will be sparse.

Squads are set as follows: Red team, Ends Eddie Haines, J. O. Muirhead Don Christian and Richard Lane; tackles Derrel Black, Bob Burdick and Bobby Warren; guards, Hill Gaeta, Herman Hassell and Bobby Cooper; and center Snag Hanson; backs, Rodney Stegner, Vern Meroney, Morris Lee Riggan, Fred Williams, Sammy Jones and Doug Williamson.

The White squad will consist of ends John Burleson, James Freeman, Neil Van Geem and Clyde Moore; tackles Don Roff, Don Webb and Neil Edwards; guards Larry Miller, Alan Vermillion and Robert Johnson; and center Norman Watson; backs, Doug King, Dick Evtatt, Jamie Jessop, Lonnie Young and Jimmy Mitchell.

Lettermen on the Red team are Haines, Black, Gaeta, Stephen and Riggan. Meroney of the Reds played some varsity ball last fall.

White's lettermen include Burleson, Freeman, Miller, Watson, King and Evtatt. Vermillion and Roff had some varsity experience. Burleson, Freeman and King are seniors and will not be with the squad next fall.

Sixteen players are on the White squad with the Red team boasting 17 members.

A scrimmage session was held between the two teams Wednesday in preparation for the big game. During the afternoon, Rodney Stegner, sparkplug of the Reds, received a cut lip.

The two teams appear to be pretty well balanced and a high scoring tilt is forecast for the Friday game.

Jamie Jessop probably will do the quarterbacking for the Whites with Stephen leading the Reds. The famous Dutch Meyer spread formation offense is expected to be employed by both teams.

Donnie wings, triple wings and lots of flying passes should lead to a lot of touchdowns during the evening. Coaches Siebert is planning to build his offense around the wing formations, with spread variations next fall. Some T formation offense will be employed along with the wings, however, according to present plans.

Workouts Thursday were expected to be light as the game approaches. Spirit between the two squads is high and a pep rally is likely at the High School Friday morning. A hard fought game should develop.

Col. C. T. Edwinton, Commanding Officer of the 42nd Air Division, said the unit will be returned one squadron at a time, with the first starting in June. The 27th Fighter - Escort Wing went overseas with its F-84 Jets last November.

Mr. A. R. Tyner, Jr., National Field Representative for the American Legion, will speak at the Legion Hall to members of the Eastland post of the Legion, at 7:30 p.m. today.

All Legionnaires are urged to be present. Refreshments will be served.

Will Learn The Cause

WASHINGTON, May 17 (UP)—Army and Air Force Medical Corps inspectors investigated breakfast food of two nearby military posts today to determine what cause 365 men to be stricken with food poisoning.

In simultaneous but unconnected food poisoning yesterday, 300 men, mostly recruits, reported sick at Fort Meade, Md., Army Reception Center, and 65 enlisted men at the Arlington, Va., Air Force Mess Hall. More than 100 men were reported hospitalized as a result of the poisoning but none was reported in serious condition.

First reports at Fort Meade pinned the blame for the illness on ground beef and potato hash, but some of those made ill reports had not eaten the hash. At the Arlington Mess Hall, medical officers believed the cause of the illness was tainted canned ham.

Investigating officers said their timing was good. They walked in while Druggist Bill Martin was alone and just as he finished putting the day's receipts in a cloth bank sack.

One of the men pulled a pistol and forced Martin to fill a sack with narcotics and then forced him to hand over the day's receipts. They fled in an automobile which had been parked outside the drug store.

Cattlemen Deny Show Cancelled Over Disalle

WASHINGTON, May 17 (UP)—Cattlemen denied today that their beef carcass demonstration was called off because they feared Disalle would buy up and steal the show.

Plans for both a public exhibit and a public beef-cutting demonstration tomorrow were cancelled after Disalle offered to send a meat cutter to the show to prove his price control order is workable.

The shift in cattlemen's strategy came as other meat industry spokesmen went before the Senate Banking Committee (8 a.m. CST) to oppose extension of existing price control legislation. And the House Agriculture Committee called Secretary of Agriculture Charles F. Brannan for questioning (8 a.m. CST) on production effects of scheduled beef price rollbacks.

Strikes Break Out Up North

PHILADELPHIA, PA., May 17 (UP)—A strike by 750 Western Union Operators at Philadelphia and Cincinnati, O., shut off virtually all telegraphic service today in parts of Pennsylvania, New Jersey, Delaware and Ohio.

Operators remained on the job in main offices throughout the rest of the country, but there were reports that the walkout might spread to Detroit and perhaps other large cities before the day is over.

Thousands of messages piled up in the offices at both cities where supervisors were swamped trying to keep a trickle of traffic flowing.

The Philadelphia Local (No. 22) of the Commercial Telegraphers Union, AFL, described the work stoppage as a "spontaneous demonstration", in protest against the use of supervisory personnel in the traffic department.

Union spokesmen here and at Cincinnati charged supervisors were being taught how to handle the machines in case the telegraphers strike July 1 for a 25 cents-an-hour wage increase.

Company officials denied supervisors were being trained to break a strike but were being schooled to take over in case of fire, flood, or a similar "act of God."

Bailey Attends Camp Conference

Rev. J. Morris Bailey, pastor of the First Methodist church, Eastland, will attend a camp Training Conference at Glen Lake Methodist camp, Glen Rose, Friday and Saturday.

Rev. Bailey is director of the Cisco, Cleburne, Weatherford district intermediate camp which will be held July 9-14.

The purpose of the training conference is to trail all adult workers who will participate in any of the 16 camps this summer.

Allied Lines Failed To Collapse Although Allies Were Forced Back

By Earnest Hoherecht United Press Staff Correspondent TOKYO, Friday, May 18 (UP)

A force of 96,000 Communists attacked United Nations Forces all across the 120-mile Korean War Front today, but failed to collapse the Allied line.

A dispatch from the East Central Front said a large force of southbound Reds had crossed the Pukhan and Soyang Rivers in a gradual buildup of round two of their spring offensive. They swarmed over mountains and through valleys, the dispatch said. The rest of the dispatch was censored.

Allied troops fell back on the Eastern and East - Central Fronts.

A U. S. 8th Army communique said these were line straightening operations, although it was conceded the enemy had knocked a big hole in South Korean lines in the Inje area (near the East Coast).

Chinese and North Koreans were falling by the thousands under Allied artillery, firing at the rate of one round every two to three minutes, and bombs and machine gun bullets fired from warplanes. A late report from the East Central Front said estimated enemy casualties credited to artillery fire in the last two days was 7,150.

A nearly full moon illuminated the battle field Thursday night and 12 B-29 bombers dropped 90 tons of high explosive bombs on enemy communications and air field targets. The much publicized Red Air Force had not made its threatened appearance. The Reds were relying on small arms, mortars and Russian-type 76 millimeter light artillery.

There also were reports that in their East Central Front attacks they were using recoilless rifles and 155 millimeter howitzers, possibly captured from the Allies in earlier offensives.

McKee Bids Low For Project

AUSTIN, May 17 (UP)—Robert E. McKee, Inc., of El Paso was the apparent low bidder at \$393,000 today for a Paisano Drive Viaduct Improvement Project at the Border City.

The Texas Highway Department received the McKee bid yesterday. The El Paso project calls for grading, structures, concrete and hot mix asphalt pavement and drainage structures for .7 mile, running from the main street viaduct in El Paso South and East to Santa Fe street.

Highway Department officials pointed out that the project would require more than 25 tons of steel, but expressed optimism that approval could be gained from the National Production Authority.

Friena Students Get A Holiday

FRIONA, May 17 (UP)—Friena students had an indefinite holiday today as the result of a fire which razed their 20-year-old school building yesterday.

The blaze, believed started by lightning, destroyed about two-thirds of the structure. Firemen from Hereford and Friena fought the blaze for three hours before it was brought under control with the help of a rain squall.

Honorary Degree Will Be Conferred

DENTON, May 17 (UP)—Honorary degrees will be conferred for the first time by North Texas State College at Spring Commencement Exercises June 3.

Two honorary degrees will be presented to D. A. Huley of Dallas and Secretary of State John Ben Shepperd.

Huley is President of the Lone Star Gas Co., and recently was named President of the U. S. Chamber of Commerce.

THE WEATHER

East Texas—Considerable cloudiness, with scattered thundershowers in the West and North Central Portion this afternoon, tonight and Friday. No important temperature changes. Moderate to fresh Southeast winds on the coast.

West Texas—Partly cloudy this afternoon, tonight and Friday except scattered showers and thundershowers in the Panhandle, South Plains and east of the Pecos valley. No important temperature changes.

Mickey Cohen Is Pleased

HOLLYWOOD, May 17 (UP)—Gambler Mickey Cohen said today he was "pleased, indeed" with the estimated \$55,000 brought in so far from the auction of his household goods.

The pudgy little gambler earlier said he hoped to make "15 or 20 thousand" on the sale—a sum he described "not near enough to cover fees, for his income tax evasion trial.

All his household and office furnishings and his prize gun collection went on the block Monday night to raise money for his defense. When auctioneer Marvin Narcan dropped the hammer for the final time last night two-thirds of the household furnishings were gone.

Sunday will be preview day for the prospective buyer and curious to appraise the gun collection and the office furnishings. They will go on sale Monday night, along with the remaining pieces of Mickey's luxurious furnishings.

The auctioneer estimated that Cohen's total belongings, including the gun collection and office furnishings, would approximate "100 to 125 thousand" dollars.

He thought the remaining articles would bring another \$20,000 dollars or more, especially if they have anymore buyers like a Cleveland man who bought \$8,000 worth of furnishings last night.

If You Need An ELECTRICIAN Call Basham's Electric

Juarez Business Hurt By The Bill

JUAREZ, MEX., May 16 (UP)—Juarez businessmen threatened today to take retaliatory measures, if the Texas Legislature passes a bill in effect prohibiting tourists from importing Mexican liquor into the United States without paying duty.

The measure, an amendment to the Liquor Control Act, was introduced at Austin, by Rep. S. J. Isaacks of El Paso, just across the river from Juarez. It received approval of the House Liquor Regulation Committee about two weeks ago and now awaits lower chamber action.

The Juarez Chamber of Commerce wired Gov. Oscar Soto Maynes to protest to Gov. Allan Shivers of Texas against the proposed legislation.

And businessmen said today the chamber of commerce here had scheduled a meeting to study proposed limitations on Juarez residents buying in El Paso.

At the present time, Juarez residents are allowed by the Mexican government to make almost unlimited small purchases of merchandise in El Paso and import it without payment of duty.

If we can curtail buying in El Paso by our residents here, maybe the Texas Legislature will shelve the liquor control amendment," one businessman said.

TEXAS AND OKLAHOMA COUNTIES WANT RAINMAKING CONTRACT

GUYMON, OKLA., May 17 (UP)—Farmers in the one-time dust bowl area in the Oklahoma and Texas Panhandles today were the hopeful owners of a rainmaking contract.

Representatives of two, high plains organizations met here last night—while rain spattered down outside to end a long drought—and signed a contract with the water Resources Development Corp., headed by Dr. Irving Krick and headquarters in Denver.

The contract will extend until May 15, 1952. It covers four counties in Oklahoma and five in Texas, a total of 12,100,000 acres.

The Texas counties were represented by the Texas Panhandle Weather Improvement Corp., and the Oklahomans by the Panhandle Improvement Association of Oklahoma. The contract covers 4,200,000 Oklahoma acres and 7,900,000 Texas acres.

The total fee payable to Dr. Krick's organization will be \$63,568, of which 50 per cent was paid last night when the contracts were signed. Texans who signed the contract were R. C. Buckles and Fred Finch.

The contract calls for cloud seeding by ground generators using silver iodide between now and October 1. If rainfall has not been sufficient by then the seeding will be continued.

Either of the state organizations can request increased rainmaking activity for specific areas where drought threatens, but the Krick Organization reserved the right to limit rainmaking if floods or other damaging effects might result in adjacent areas.

Assistants to Dr. Krick said gentle rain received in the Guymon area late Monday probably were caused by ground generators located 80 miles southwest of here on an experimental basis.

Heavy rains received here Monday morning were not seeded, the aides said.

Krick's rainmaking technique will get the supreme test in the Panhandle project. Drought is a regular phenomenon in the area.

The wheat crop in most of the area covered by the contract has been ruined by a winter-long dry spell. The rain received in the past three days has revived hopes for grain sorghum crops which can be used for livestock feed and which also serve as ground cover to prevent wind erosion-dust storms.

The rainmakers have set a goal of 30 inches of rainfall for the contract year, as compared with the average rainfall of 18 inches.

Texas counties covered in the contract are Dallam, Hartley, Sherman, Hansford and Lipscomb. Oklahoma counties are Beaver, Texas, Cimarron and Harper.

Snowballs Due In July OGDENBURG, N. Y. (UP)—Youngsters near Morrisette Park will be throwing snowballs in July unless there are some very warm days before then. The reason is a huge snow and ice mound made by the city's highway department when removing snow from the business district. Now the city shovellers are trying to level the glacier-like "mountain," but believe it will take months to accomplish.

Mrs. E. H. Culbertson Installed As President Of West Ward P-TA

New officers were installed Tuesday afternoon at the meeting of the West Ward Parent-Teacher's Association, at the West Ward School.

Mrs. Louie Corbell was the installing officer and officers installed were: Mrs. E. H. Culbertson, president; Mrs. I. C. Inzer, first vice president; Mrs. Joe Halbert, second vice president; Mrs. T. D. Wheat, third vice president; Mrs. M. D. Fox, secretary; Mrs. Clyde Horner, treasurer; Mrs. R. D. Estes Jr., Historian; Mrs. Raymond McCord, Parliamentarian; Mrs. Eldon Anderson, Hospitality; Mrs. J. M. Smith Publications; Mrs. W. C. Emberton, Goodwill; Mrs. J. W. Roberson, Health; Mrs. Andy Taylor, Year

Book; Mrs. B. Howard Green, publicity;

Corsages were presented to Mrs. Corbell, installing officer, Mrs. Estes, retiring president, and to Mrs. Culbertson, new president. Mrs. Estes was also presented with a gift for having served the group as president for the past two years.

The afternoon's program consisted of a Panel discussion of the years' accomplishments, with Mrs. Estes presiding. Mrs. Jack Lee, historian gave accomplishments of the group since organization.

Mrs. P. L. Crossley's third grade was awarded the attendance prize.

Mothers of the fourth grade pupils were hostesses for refreshments served in the cafeteria. The table was laid with a green cloth, and decorated with spring flowers. Crystal appointments were used and Mrs. Guy Patterson, teacher, presided and ladeled the frosted punch.

Mrs. M. D. Fox extended an invitation to the group to attend a tea from 3 til 5 p.m. Saturday honoring the Teachers of West Ward in the home of Mrs. E. H. Culbertson.

About fifty members attended.

Eastland Co-Ed Honored At Denton College

Shirley Frazer, student of North Texas State College at Denton is one of the seven NTSC co-eds among the eight contestants for the title of Miss Denton, to be named Thursday night by the Denton Junior Chamber of Commerce.

Miss Frazer is the daughter of Mr. and Mrs. D. E. Frazer, 811 West Valley Street.

The winner will be entered in the Miss Texas competition from which Texas' candidate for Miss America will be chosen.

IRONY OF WAR—Laboring under the double burden of a head-load of belongings and piggy-back baby, the Korean woman refugee might grimace bitterly if she could understand the slogan painted on the crippled B-29 bomber. She slogged past it in her flight southward from the Communist foe. (Photo by NEA-Acme Staff Photographer Bert Ashworth.)

Mary Jo Collie To Marry Austin Man June 2nd

Invitations have been received by friends here to the wedding of Mary Jo Collie, daughter of Mr. and Mrs. B. M. Collie of Austin, formerly of Eastland, to William Augustus Wroe, of Austin.

The wedding will be at 8 p.m. Saturday, June 2nd at St. David Episcopal Church in Austin.

Miss Collie is the niece of Turner Collie and Mrs. Tom Haley.

Mrs. Arthur Murrell Entertains With Bridge Luncheon

Mrs. Arthur Murrell entertained Wednesday with luncheon followed by an afternoon of bridge at her home, 401 Oaklawn.

High score prizes were awarded to Mrs. Eugene Hickman and Mrs. E. Roy Townsend. Mrs. W. M. Brown, Jr., was winner of the Bingo prize.

Twelve guests were present.

Mrs. Millie Brittan and daughter, Mrs. Paul D. Ferguson of Abilene spent Wednesday in Mineral Wells.

LOOK WHO'S NEW

Mr. and Mrs. H. O. Lee of Seminole are the parents of a son born Sunday May 13th in Ranger General hospital. He has been named Starr K. and weighed nine pounds and six ounces.

Grandparents are Mr. and Mrs. W. N. Fox, 812 New Street, with whom the mother and baby are visiting. Mr. and Mrs. Lee have two other sons, Deannie and Ronnie.

The paternal grandfather is O. W. Lee of De Leon.

Young People Go To De Leon Program

The Rev. and Mrs. W. E. Halenbeck accompanied a group of young people of the Church of God, youth Fellowship to De Leon Tuesday evening, where they attended a concert given by the famous, "Ranger's Quartet", "Blackwood Quartet" and the "Harmonettes".

The group reported that a wonderful and inspiring message in song and entertainment was enjoyed by them.

West Ward P-TA To Honor West Ward Teachers

All patrons of the West Ward School were, extended an invitation to attend a tea from 3 til 5 p.m. Saturday in the home of Mrs. E. H. Culbertson, new P-TA president, 802 West Moss Street, honoring the teachers of the West Ward School.

Senator and Mrs. A. B. Crawford of Granbury and Mr. and Mrs. Johnny Luton of Graham spent Tuesday here with Dr. and Mrs. E. Roy Townsend and accompanied them to Cisco to attend the funeral of Les Jenkins.

Methodist WSCS Spend Afternoon Church Visiting

Members of the Women's Society of Christian Service of the First Methodist church met Monday afternoon at the church for an afternoon of Church visits.

Twelve members made about 36 calls, during the afternoon.

Billy Allen Kinney To Marry Decatur Girl June 3rd.

Eastland friends have received invitations to the wedding of Mary Raglin Reece, daughter of Mr. and Mrs. Mont Bert Raglin of Decatur to Billy Allen Kinney, son of Mr. and Mrs. F. M. Kinney of Decatur, formerly of Eastland.

The wedding will be June 3, in the First Methodist church in Decatur.

Mr. and Mrs. Kenney formerly owned the Corner Drug here and Billy Allen was reared here and is a graduate of Eastland high school.

Personals

Kidney Slow-Down May Bring Restless Nights

When kidney function slows down, many folk complain of restless nights, headaches, dizziness and loss of pep and energy. Don't suffer restless nights with close sleepers if reduced kidney function is getting you down—due to such common causes as stress and strain, overwork, or exposure to cold. Minor bladder irritations due to cold or wrong diet may cause getting up nights or frequent passages.

Don't neglect your kidneys if these conditions bother you. Try Doan's Pills—mild diuretic. Used successfully by millions for over 50 years. It's amazing how many times Doan's give happy relief from those discomforts—help the increased kidney tubes and filters flush out waste. Get Doan's Pills today!

★ THE SCOREBOARD ★ 'Anything New' Says Cliff— After Pitching His No-Hitter

BY HARRY GRAYSON
NEA Sports Editor

NEW YORK—(NEA)—Clifford Day Chambers makes the Cubs even more famous for making bad deals.

Jim Gallagher swapped Cliff Chambers and his battery mate, Clyde McCullough, to the Pirates for Pitcher Calvin McLish and Frank Gustine, following the season of 1948.

Gustine, the third baseman the Chicago side sought, definitely was at the end of the pike.

Chambers, six feet three and 208 pounds of him, is an unpretentious bloke from Portland, Ore.

Shortly after Chambers fashioned the season's first major league no-hit, no-run game at Braves' Field, the Pittsburgh club's first no-hitter in 44 years, Ralph Kiner walked into the left-hander's hotel room. Chambers was on the telephone, calling his wife in Pittsburgh.

"And d'yuh know the first thing he said?" asks the home run king. "Hi, honey, anything new?"

"How about that? A fellow pitches a no-hit, no-run game and asks his wife if there's anything new."

Chambers' finest pitch remains his fast ball. It virtually explodes. No less an authority than Stanley Musial calls it the best in the big show. At Sportsman's Park last year, Stan the Man went one for 13 against Chambers.

Chambers now has one of the sharpest curves in the league, but it almost cost him his hard one.

"THIS spring I started messing around with a 'fast and slow curve, trying to strike a happy medium," he explains. "I was searching for a change of pace, to go with the swift one. I spent so much time at it that my arm not only stiffened up, causing me to get off to a slow start, but it also roughed up my fast ball."

"I began to lose control of it. Now I'm throwing it right again, with lots of wrist action, whipping it and getting it off the end of the fingers with a snap. That's what makes for a live ball, which is something a pitcher has to have to survive."

"Last year I threw the curve too stiff-armed. I'm hiding it better now, throwing it right off the fast-ball motion."

"The secret of pitching is throwing with the minimum of effort and getting the maximum of power."

"It takes time and work."

Youthful and useless Paul Pettit got \$100,000 and a lot of other things for signing.

The Cubs picked Cliff Chambers off the Washington State campus for \$2500, but that was before the big bonus business.

Fay Mazingo Not Released

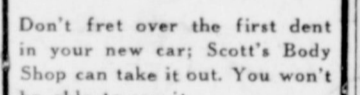

AUSTIN, May 17 (UP)—The Court of Criminal Appeals dismissed the appeal today of Loretta Fay Mazingo, seeking release from the State Training School for Girls at Gainsville.

The appeals court said the case was treated as a civil suit in the District Court of Cooke County and pointed out that "the appeal should be directed to the proper court of civil appeals."

The girl was adjudged a juvenile delinquent and committed to the Gainsville school. She was a companion of Sandra Peterson, who was convicted of the hitchhike slaying of a Brady businessman.

Goodby Slot Machines And Marble Tables

AUSTIN, May 17 (UP)—Slot machines and pay-off marble tables today had slightly more than three months' grace in Texas.

Gov. Allan Shivers yesterday signed into law a bill outlawing both the one-armed bandits and marble boards, effective 90 days after adjournment of the 52nd Legislature.

After the new law's effective date, it will be illegal, even, to get rid of the machines by sending them out of state. The measure makes it a felony offense, punishable by a two-to-four-year penitentiary sentence, to possess, manufacture, sell or transport a slot machine or pay-off marble table.

Rep. Jimmy Adams of Mexia wrote the bill and Sen. George O. Nokes, Jr., of Corsicana was its senate sponsor.

Other measures signed yesterday.

Muirhead Motor Co., Eastland "Dollar For Dollar" You Can't Beat A Pontiac

day by the governor included: A bill requiring persons renting boats on Texas rivers and lakes to equip them with at least one life preserver for each person aboard; by Rep. Deno Tufares of Wichita Falls, effective immediately.

A measure placing administration of the state school for the Deaf under the Texas Central Education Agency, by Sen. Wayne Wagonseller of Stoneburg, effective immediately.

And bills abolishing three non-functioning state agencies: The board of visitors to attend annual examinations at the University of Texas; The Texas Historical Board; and an agency set up in 1931 to sell lands found to be part of Texas to Oklahoma claimants of land along the 100th Meridian.

Other measures signed yesterday.

Unsung, Unheralded Heroes Honored At Austin Banquet

Last Tuesday night glory and praise was showered on a group of public servants who, heretofore have been generally unsung and unheralded for their deeds.

Several hundred prominent Texas citizens gathered at the Driskill Hotel in Austin to attend and witness the Texas Department of Public Safety Awards and appreciation Banquet sponsored by the Texas Safety Association.

Musical background for the dinner was furnished by Patrolman Harold Krieter. Following dinner, various members of the Department of Public Safety entertained with their renditions of popular and western music.

lection Committee was a most difficult one. He also stated that although the awards will be presented to just a few men, he wanted to make it clear that the winners are, in a sense, receiving the watches and cash awards on behalf of every other police officer in the field. The people behind the scenes, who do so much to make the Department as efficient as it is, were also complimented.

To recognize these people, all members of the Department present were asked to rise.

Cain then presented the award winners, citing individually their accomplishments and overall service records which caused them to be selected over the others in the Highway Patrol were: 1st place, Joe C. Cantrell, Amarillo; 2nd place, E. F. Vantress, San Antonio; 3rd place, W. E. (Pat) Speir, Tyler; 4th place, C. C. Bearden, Orange; 5th place W. W. Eddleman, Fort Worth, and 6th place, W. C. Spiller, Wichita Falls.

Governor Allen Shivers paid special tribute to the Department and its members for their outstanding service. Col. Garrison, Director of the Department, gave the response for his men.

Larry Cain, Vice President for Traffic of the Texas Safety Association, and Master of Ceremonies said that the task of the Se-

Texan Ready For The Ride

WASHINGTON, May 17 (UP)—Marine Lt. John L. Scott, of Commerce, Texas and five non-commissioned officers took a two-week helicopter maintenance course recently at the Bell Aircraft Corp. Plant in Niagara Falls, N. Y.

FACES GRAND JURY — Dr. Joseph W. Weinberg, University of Minnesota nuclear physicist, was ordered to appear before a Federal Grand Jury in Washington. At one time designated by the House Un-American Activities Committee as the "Scientist X" suspected of revealing atomic secrets to the Communists while working at the University of California radiation laboratories, he was questioned in closed hearing in 1948. He was never indicted on such charges.

When the training was over, a company instructor invited the Marines to dinner.

Cautiously, Scott inquired, "Will this entertainment make the helicopters for the Marines cost any more?"

The Bell man said no. Scott accepted and, according to a Bell spokesman, "ate twice as much as anyone else." Then he shoved off for Korea.

READ THE CLASSIFIEDS

Dallas.
The most dramatic moment of the evening followed the award presentations. The lights in the banquet room were dimmed, and a panel unveiled revealing the portraits of the twelve men of the Texas Highway Patrol who gave their lives in the line of duty since the formation of the Patrol in 1930. As Cain called off their names a spotlight was turned on each portrait, centering for a moment, the attention of everyone in the ballroom on those who made the supreme sacrifice to protect Texas lives and property. Taps for these men was blown as the curtain was slowly re-drawn. Following that hallowed moment, the Lord's Prayer was sung by the Reverend James Berry, Minister of Music, First Baptist Church, Austin.

In the Drivers License Division those selected were: 1st place, O'Brien Ross, Center; 2nd place, Harold N. Lanham, Corpus Christi; and 3rd place, Ralph K. Maddoux, Jasper. In the Texas Ranger Division, Doyle Curington of Austin won 1st prize, with 2nd prize honors going to E. J. Banks of

Tax-Writers Bite Hard At Bookies Today

WASHINGTON, May 17 (UP)—House Tax-Writers voted today to put a three-way bite on bookies and other gamblers.

Members of the House Ways and Means Committee, voted to:

1. Impose a 10 percent tax on gross receipts of bookies, numbers operators and others who operate gambling pools.
2. Impose an occupational tax, in the form of a \$50-a-year license fee, on persons who hold

bets, or who operate a book-making establishment or lottery.

3. Hit with a \$10,000 fine and two years' imprisonment anybody who gives an incorrect name or address in applying for such a license.

These proposals are subject to reconsideration later. If finally approved by the committee, they must be passed by the House and Senate before becoming law. Final action is not likely for several months.

The committee specifically exempted legalized pari-mutuel betting on the theory that this is a field of taxation for the states.

His Uncle Joe Wants Him To Stay There Too

WASHINGTON, May 17 (UP)—Secretary of State Dean Acheson said today that he has "no intention of resigning."

Asked at a news conference whether he has any intention of quitting his job in the face of de-

There was no estimate on the amount of revenue the proposed 10 per cent gross receipts tax would yield.

mands for his resignation, Acheson said:

"No gentlemen, I have no intention of resigning. My position has always been that I enlisted for the duration and I plan to stay as long as the president wishes me to stay."

Grand Jury Is Near Its Goal

FORT WORTH, May 17, (UP)—Fort Worth's Special Bribery-Probing Grand Jury stands "very close" to its goal in several phases of gambling and payoff investigations, a spokesman said today.

The statement came as jurors returned to work after an 11-day recess voted to give court reporters time to prepare a record of testimony.

Testimony given since the jury began its investigation last January fills several thousand pages.

The spokesman said the jury planned to study evidence and see what additional evidence was needed to plug gaps and clear the way for indictments.

Reports circulated, meanwhile, that the jury would end its investigation June 30, which is the expiration date of a three-month extension granted it under a special legislative law.

Ohio Thug Finds He Can't Make It

FORT WORTH, May 17 (UP)—A 47-year-old itinerant gambler, intrigued by an Ohio friend's description of greener pastures in Fort Worth, was gone today after telling cowtown police he could barely pay his expenses—by playing bridge.

The man told police he looked high and low for gambling games after arriving in town. As a last resort, he took to playing bridge, but his winning ran only from \$4 to \$10 daily.

What the gambler's Ohio friend didn't know was that the special bribery-probing Fort Worth Grand Jury was in session.

Citizens Would Be Surprised At The Crime In This State

AUSTIN, May 17 (UP)—The House of Representatives granted broad powers today to a Special Crime Investigating Committee and authorized unlimited spending from the chamber's contingent expenses fund.

Rep. Fred V. Meridith of Terrell, chairman of the committee, said that "a change is being made in the State of Texas" since creation of five-man group earlier this session.

Meridith's resolution authorizing extended powers during the interim between legislative sessions gained 67-42 approval of the lower chamber.

Opposition to the proposal was led by Rep. Lamar Zivley of Temple, who asked Meridith, "what have you found out that I couldn't find out with a three-cent stamp—by writing Col. Homer Garrison at the Department of Public Safety?"

Zivley charged that the committee was set up as a "publicity proposition" and said that "nothing has been accomplished that I

can find out up to the time being."

The Temple lawmaker said the committee had found that West Coast Gambler Mickey Cohen had visited the State "and for five cents we can buy a newspaper and find that out."

However, Rep. Waggoner Carr of Lubbock, a member of the committee, told Zivley that "if I was at liberty to tell you what we know now, you wouldn't be on that microphone."

"There are certain sections of the state," Carr said, "where things are going on and the people know about it, but people in other parts of the state want to know why something isn't being done about it."

The resolution empowered the committee to set up its own rules for obtaining evidence, issue processes and attachments for witnesses, hire investigators if necessary and employ a staff for an office in the capital building.

Meridith told Zivley that the committee "hopes to accomplish the job that the legislature has given to us"—investigate organized crime in Texas and determine whether the state's criminal laws are being enforced.

The committee chairman said that "we can certainly see that tangible results have been obtained."

Housewife Not Too Busy to Write Music Show

BLOOMINGTON, Ind. (UP)—The 1951 Jordan River Revue, a musical comedy staged annually at Indiana University, was written by a student who has never seen a musical comedy.

For her efforts, Mrs. Claire Nunn cashed in on the \$100 first prize. She completed the music and lyrics in seven days.

STYMIES REDS—A New York City longshoreman emits a lusty "Bronx cheer" as he surveys crates intended for shipment to Moscow. Fifteen home-bound members of the Soviets' UN delegation and the embassy staff liked the products of capitalism well enough to go on a last-minute shopping spree. They ended up with 18 crates of washing machines, refrigerators, television sets and other capitalistic gadgets. But the stuff remained on the pier when the liner America shoved off because longshoremen refused to handle it.

Oklahoma Man Doesn't Think Much Of Mexico

OKLAHOMA CITY, May 17 (UP)—Al Guthrie, Oklahoma City flyer who spent a 14-month enforced "vacation" in Mexico, said today he will stay north of the border from now on.

Guthrie, who arrived here yesterday, ran into trouble with the Mexican authorities in March of last year, when they discovered contraband lace on board his ship.

The Oklahoman said he was carrying the packages for "some fellow in Brownsville, Tex.," and didn't know what they contained. From the customs office at Mexico City, Guthrie was taken straight to prison.

"Their courts are nothing like ours," he said. "They just send you to prison. It scared me to death."

Later, a Mexican court sentenced Guthrie to 28 months in prison. The case was appealed and

Hirohito's Mother Dies Of Attack

TOKYO, May 17 (UP)—Emperor Hirohito's mother, Empress Sadako, died today following a heart attack.

The 63-year-old empress dowager was dead 40 minutes after she was stricken and before any members of the Imperial Family could reach her bedside.

Her death came as a complete surprise to the Imperial Family and public. The empress dowager was known to be in the best of health and had been preparing for a trip to the country.

Empress Sadako was the wife of the late Emperor Taisho. She has been a widow since 1926. Emperor Hirohito was the oldest of her four sons.

sentenced commuted to a 500 peso fine (about \$57) and confiscation of the cargo.

Guthrie paid his fine early this month and headed for home. He said he hasn't made any plans yet but he is certain they won't involve Mexico.

Burley Prices Soar
LOUISVILLE, Ky. (UP)—The 1950 crop of burley tobacco sold at the highest general average price in history. Gross sales amounted to 526,147,454 pounds and averaged \$48.82 per hundred. The average exceeded last year's by \$3.73 and the previous record high established for the 1947 crop by 52 cents.

Iran Could Be Hot Bed

The coalition of Anti-Communist nations is like a fire brigade which must be on call day and night to put out a blaze any place in the world.

The five-alarm fire, of course, is in Korea, but bonfires can and do break out elsewhere. There is a good-sized blaze going right now in Iran. In some ways it is more dangerous than Korea. Most of the big nations would get along all right, if there were no Korea; There isn't anything in the Korean soil that anybody needs desperately. But the accidents of the geological formation of the earth have placed oil in Iran, and that makes it a big prize in the cold war.

There is enough oil there to make Iran worth fighting for, and the British are walking carefully on eggs. The Iranian government voted to expropriate the Anglo-Iranian Oil Co., thereby cutting off a big source of Britain's petroleum. The simple answer would seem to be for the British to send in some troops and force the Iranians to give back the oil company. But no issue is simple in Iran. It is an oriental nation where people live intensely and become highly volatile over such issues as religion, nationalism and imperialism. One premier has been assassinated recently; the present one has taken refuge in the parliament building and has a pistol in his pocket in case he needs to defend himself.
