Mae Plowman Becomes Champion Beating Betty Gann In Finals

Mae Plowman won the championship flight of the first Eastland All-City Ladies golf tournament, defeating Betty Gann, 1-up, Sunday afternoon in the finals.

Mrs. Plowman defeated Glenna Westfall and Jane Day to reach the finals. Mrs. Westfall was medalist in the qualifying round Friday. Mrs. Gann won from Jean Butler and Ruth Smith to enter the finals.

Johnnie Haynes won consolation honors in the first flight defeating Betty Miller, 1-up.

Betty Doyle won the first flight honors with a 2 and 1 victory over Doris Pipkin. Mrs. Doyle won from Marie Lively and Marilyn Self to enter the finals.

Virginia Russell won consolation honors in the first flight, beating Dot Smith in the finals. Jerry Howard won the second

flight with a victory over Ima Ruth Taylor, 2 and 1. She defeated Merlene King and Helen Lucas to enter the finals.

Mrs. King was the winner in the consolation play of the second flight, winning in the finals from Ethel Sparks.

Participating in the championship flight were Glenna Westfall, Johnnie Haynes, Mae Plowman, Jane Day, Betty Gann, Jean Butler, Betty Miller, and Ruth Smith.

TEXANS WILL HELP NEEDY

AUSTIN, May 21 (UP)—Nearly 100 Texas church, civic and rural leaders will meet here Tuesday to make plans for a summer and fall drive for Texas farm products to ship overseas.

John D. Metzler of Chicago, Chairman of the Christian Rural Overseas Program (CROP), and Gov. Allan Shivers Honorary State Crop Chairman, will address the meeting.

CROP will sponsor the Texas Friendship Campaign for donations of wheat, rice, cotton, peanuts, livestock products and grain sorghums. Overseas relief agencies will distribute the farm products to needy, regardless of race, creed, color or religious affiliation.

Final Community Night Is Slated At Olden Gym

The fourth and final of a series of community night programs will be held at 8 p.m. Tuesday at the Olden gym.

A variety program has been arranged for the night with guest entertainers from Cisco and Ranger due to perform.

WETBACK SMUGGLING RING BROKEN UP BY OFFICERS

ZACATECAS, Mexico, May 21 (UP)—A "wetback" smuggling ring led by a woman was broken up today after it tried to send a truck convoy of 300 Mexican farm workers across the border illegally.

Federal officials arrested three smugglers and started a search for Mrs. Amparo Marquez De Reyes, identified as leader of the ring which had been engaged in illegal border traffic since 1948.

The smugglers were charged with taking hundreds of "wetbacks" to farm jobs in Texas and New Mexico on a \$12 per head basis.

Mrs. Reyes, wife of an employe of the government bureau that handles legal contracting of migratory farm laborers for work on U. S. farms, was described as the "brains" of the gang. Apparently tipped off, she fled shortly before the raid.

Officials said she placed a series of long distance telephone calls before fleeing, "undoubtedly warning confederates" in Monterey, Laredo, Juarez and San Luis Potosi.

Police said two of the arrested smugglers had "confessed everything."

Meanwhile, hundreds of migratory workers crossed the border legally today to take harvest field jobs in Louisiana and Texas.

The "braceros" were among the first this year to enter the United States legally for farm work.

Officials said the first 400 farm workers contracted were selected from 11,000 applicants. By the end of this month Mexico expects to be sending more than 800 braceros across the border daily.

Gun Battle Is Touched Off By A Traffic Jam

FORT WORTH, May 21 (UP)—A Sunday afternoon traffic jam touched off a blazing gun battle early last night in which 14 shots were fired, but in which no one was hurt.

Police said the battle took place at a Southside filling station about dusk when the shots were exchanged by the driver of one automobile and the passenger of another.

R. L. Holland of Post told police he was visiting Fort Worth relatives and was driving on Hemphill Street when he was forced to stop suddenly because of a traffic jam ahead. He said the driver of the car behind him cursed him for stopping without warning, and then began following him.

Granvil Owens and J. V. Owens of Fort Worth were with Holland who pulled into the filling station to call police. Holland said the driver of the car followed them pulled alongside and leveled a cocked pistol out the window at Holland. Holland said he again tried to explain why he was forced to stop so suddenly, but the man suddenly drove off.

Granvil Owens then got a .45 automatic pistol out of the glove compartment of Holland's car in "event the other driver returned before police arrived. The driver did come back in a few minutes, stopping nearby and firing at the Holland car. Owens exchanged shots with him and the car hurriedly drove off, he said.

Deputy Sheriff Shoots Clerk

HOUSTON, May 21 (UP)—Bernard M. Tarpey, a 29-year-old shipping clerk, who was shot in the stomach yesterday after a row with a deputy sheriff over a minor traffic accident, was reported improved at Hermann Hospital today.

The deputy, T. E. Touchton, 35, claimed the pistol went off accidentally in a scuffle after Tarpey had hit him in the face and after two other men in Tarpey's car had grabbed hold of him.

Mrs. Tarpey said she jumped out of the car and caught hold of the deputy after he shot her husband. She said nothing about any other men who had been riding in the automobile.

A report of the affair said Touchton was riding with Mr. and Mrs. Frank Williams, Jr., while the Tarpeys were in a car immediately behind them.

Mrs. Tarpey said the car in front stopped suddenly and her husband swerved his own car to the right shoulder of the road to keep from hitting it. She said a man, claiming to be a deputy, got out of the car and asked for her husband's drivers license. A few minutes later, she said, she heard a shot.

Fort Worth To Get Plant

FORT WORTH, May 21 (UP)—Ground was broken today at 11:30 a.m. for Fort Worth's newest major industrial plant, a \$3,000,000 Bell Aircraft Factory to make helicopters.

The site of the plant, scheduled to be completed by early 1952, is on highway 183 near Hurst, about 11 miles east of Fort Worth.

The new Fort Worth plant will be the seventh for Bell, which was founded only 16 years ago.

Two Californians Walk From Crash

AMARILLO, May 21 (UP)—Two Californians walked away from their light plane yesterday when it crashed after striking power lines while making an emergency landing.

But one of them, E. L. Winstead, collapsed seconds later and was taken to a hospital. Attendees said he received internal injuries in the crash, but was not in critical condition.

Second occupant of the plane was G. C. Tibbets, who escaped without injury. Both live at Riverside, Calif. Tibbets said their plane was forced down by lack of fuel.

Canet 2 Producers 40 Barrels In 4 Hour Test Sunday

VICTORIOUS ALLIED FORCES DRIVE ON IN HOT PURSUIT

By Earnest Hoberch
United Press Staff Correspondent
TOKYO, Tuesday, May 22 (UP)—Shattered Chinese Communist armies began withdrawing all across the Korean Front Monday after suffering their greatest one-day losses of the Korean War.

Victorious Allied Forces smashed at the retreating Reds in hot pursuit on the Western and West Central front.

Allied tanks and foot troops thrust back into Munsan and Uijongbu on the Seoul front. On the East Central Front, where 24,700 Reds were killed or wounded Sunday, the U. S. 2nd Division reported finding only platoons and companies were battalions and regiments were attacking before.

In between, on the West Central Front, the Red withdrawal turned into virtual flight. The Communists abandoned their Pukhan River bridgehead 20 miles Northeast of Seoul and streamed North with the Allies hot on their heels.

Scattered rearguard clashes broke out as the Reds turned and fought occasionally to keep the pursuing Allies from overrunning their retreat.

The enemy withdrawal heightened speculation that the Reds were satisfied to have driven United Nations Forces from their last foothold in North Korea and now were pulling back north of the 38th Parallel.

The Chinese Communist offensive broke against the withering firepower of the U. S. 2nd Division on the East Central Front.

An 8th Army communique credited the 2nd Division with killing, wounding or capturing 37,500 Reds in the five days ending at midnight Sunday.

Aggregate Company Increases Stock

An amendment in the charter of the Texas Lightweight Aggregate Co., increasing capital stock to \$89,325, paid \$79,825, has been announced by Secretary of State John Ben Shepperd.

Lt. Gen. Edward M. Almond, 10th Corps Commander, said the Communist losses in Sunday's furious battles were greater than in the first four days combined.

POLICE LOOK FOR BANDITS

FORT WORTH, May 21 (UP)—Two smooth operating bandits who tied their four victims in a downtown hotel apartment and robbed them of \$4,500 in jewelry and cash were sought by police today.

The bandits, wearing army fatigue clothes and masks, were waiting in the apartment of Mr. and Mrs. Steve W. Parker late last night. Besides the Parkers, the other victims were John Lumley and Mrs. Paul McNutt of Decatur.

The men, one of whom wore a rubber false face type mask, took jewelry valued at \$4,500 from Mrs. Parker, whose husband operates a downtown tavern and also owns the hotel where their apartment is located.

Cash and checks totaling some \$200 were taken from a lockbox by the bandits who thoroughly ransacked the apartment before cutting telephone wires and escaping by an outside fire escape.

Lumley, who rooms at the hotel, was first to enter the Parkers' apartment and was seized and bound by the bandits. Mrs. Parker and Mrs. McNutt entered about an hour later—at 10 p.m.—and also were tied up after one of the bandits took Mrs. Parker's jewelry.

Parker entered less than an hour later and also was tied up by the waiting bandits, who then fled from the second-story apartment.

Two city bus drivers sitting in a car parked near the hotel told police they saw the men coming down the fire escape and drive off in an old model car.

Parker, meanwhile, worked free of his bonds and called police.

Consolidated Gasoline To Buy Gas From Bankline-Owen Field

The Edgar H. Stapper No. 2 Canet, about five miles southeast of Eastland, produced 40 barrels in 4 hours, Sunday, to develop greater interest in the new discoveries in that area.

Tubing was being run in the well Monday and tanks erected. Flow will be turned into the tanks about Tuesday. Operators reported that there was no water in the oil taken in Sunday's test.

Gas pressure was reported high and the well will flow. Pipe was set at 1509 feet in the Strawn. Two and one half feet of pay was taken. Operators reported that a good pay was also struck at 1241 feet in the well.

BULLETIN

Accidents and other violence cost the lives of at least 19 Texans during the weekend.

A United Press survey today showed at least 12 lives lost in traffic mishaps, three persons drowned, two dead in a tornado, and one man killed in an industrial accident at Tyler.

DALLAS, May 21 (UP)—Southern Methodist University Sweetheart Betty Lu La Forge will marry Texas A&M Grid Star Bob Smith July 14th at Houston, the Aggie Fullback's home town. Miss La Forge announced her engagement here yesterday.

50 Year Pioneer's To Meet Tuesday

Members of the Eastland County 50-Year Pioneer Club will meet at noon Tuesday, June 22, in the home of Mrs. T. M. Johnson, 405 South Connelley Street, for their regular monthly covered dish luncheon.

Each member was reminded to bring their plate service, so that precious time would not be spent washing dishes.

Location is on the East 106 acres, Lot 53, Leagues 3 and 4, McLennan County School land.

Stapper and Shirley are making location on their No. 2 Adams, a direct offset to the McFadden on the west.

Cook has set pipe in Lot 23, League 2, in his well at 1195 feet, in the first series of Strawn.

Also in the same area, League 2, a 4,000 foot well is being drilled by Fletcher and associates of Dallas.

The Consolidated Gasoline Company, a unit of Hickok interests, has completed negotiations with the Bankline Oil Company to buy natural gas now being flared in the Bankline-Owen field about five miles northwest of Eastland. R. L. Fonsler, superintendent of Hickok properties, has announced.

Gasoline will be extracted from the gas at the Consolidated plant about a mile southwest of Eastland. It will be necessary to lay between eight and nine miles of pipeline at an estimated cost of \$75,000 Fonsler said.

The pipes are being laid to the Bankline-Owen field to serve the area, and signed contracts to cover gas from about 40 wells, including all of Bankline's leases.

The first gas is expected to begin moving into Consolidated's plant about June 15. Henson Construction Company of Cisco has been contracted to do the pipeline work.

According to estimations, between three and three and a half million cubic feet of gas will be taken daily by Consolidated. The flaring of gas in the field will be stopped.

Considerable gas comes out with the flush oil production from Lake Sand wells in the area. It is being flared because no facilities have been available for gathering it.

Nazarene Revival Is Continuing

Evangelist A. E. Barkley, who is now engaged in revival services at the Church of the Nazarene, spoke from I Peter 4, 17 last night to a full house.

A special feature of services each evening is the chorus singing with several special numbers in song rendered by Evangelist and Mrs. Barkley.

Evangelist Barkley is also a chalk artist and does a drawing each evening to illustrate some gospel.

Services begin each evening at 7:45 and the church invites everyone to attend.

Washington Is Ruining Texas Cattle Industry

WASHINGTON, May 21 (UP)—Over a roar of protest from the meat industry, Price Controller Michael V. Disalle forced live cattle prices down 10 per cent today in the first of three steps aimed at saving housewives 8 to 10 cents a pound on beef by Oct. 1.

His chances of putting the next two rollbacks across looked no better, than 50-50 in view of the powerful forces lining up against him in and out of Congress.

THE WEATHER

By United Press
EAST TEXAS — Partly cloudy this afternoon, tonight, and Tuesday. Scattered thundershowers in the Northwest portion. Not much change in temperatures. Moderate to fresh Southerly winds on the Coast.

Trial Postponed In Wife Killing

GALVESTON, May 21 (UP)—Trial of Jonas D. McGough, a Houston painter charged with the Texas City shotgun slaying of his estranged wife, has been postponed again.

The trial was to have opened today in the 56th District Court of Judge Charles G. Dibrell.

However, Judge Dibrell said the case had been reset for a later date. It first was scheduled for May 7.

McGough was arrested in Houston Jan. 19, the morning after his former wife's body was found in her garage apartment.

McGough pleaded not guilty to murder, but admitted under a truth serum test that he killed her in a "fit of jealousy."

Nothing To Back It Up

Lafayette's Grave Seldom Visited

PARIS (UP)—General Lafayette still is a French-American hero but his grave goes almost unnoticed here.

The French patriot who went to the rescue of the colonies during the Revolutionary War is buried in an obscure graveyard on the outskirts of Paris.

"Americans never bother to visit his grave; it's strange, considering how much they owe him," Eugene Denis, caretaker of the Picpus graveyard, said.

Nevertheless the 54-year-old Denis, who proudly wears a U.S. Army surplus jacket, tends the grave daily and looks after the overhead.

"The only time an American comes is every Fourth of July, when the American ambassador comes out to change the flag but that's not enough. Denis complained.

"Before the last war thousands of Americans visited the grave."

In 1917, he said, Gen. John J. Pershing visited the graveyard, and an aide supposedly made the famous remark: "Lafayette, we are here."

"The big question now," Denis added dryly, "is where are all the American tourists who are reputed to come to France ever year?"

The graveyard—situated on the quiet Rue de Picpus not far from the Bastille—also contains the tombs of Madame Lafayette and their elder son, George Washington Lafayette.

Train Them Young, Teacher Urges

MEMPHIS, Tenn. (UP)—A Tennessee woman who has ended 40 years of teaching thinks too much emphasis is placed on higher education.

Miss Sue Powers of Memphis believes the emphasis of education should be turned back to the first grade.

"Unless you have good elementary schools, your other schools will not be good," she said.

"Miss Sue," as she is known, taught in Shelby County schools near Memphis and was county superintendent for 28 years.

The modern school system is designed for the professions and for those going on to college, she said, and does not take into account the different level of abilities of children.

"The first grade is where weaknesses in children begin to show and where they should be attended to," she observed.

Every elementary school should have a work shop for boys, music art and homemaking classes, she thinks, and she considers a good music program and a good health program essentials.

Clergymen Refuse To Pray for Rain

HOBART, Tasmania (UP)—Rev. J. Mackie, Congregational Church minister, refused to offer special prayers for rain to end Tasmania's drought.

"Why should God be treated as a water diver?" Mackie said in reply to a plea from Lord Mayor Park for special services from the clergy.

"I warrant that the first good fall of rain will dissolve a great

deal of the piety in this latest approach to God."

He was supported by the Rev. H. L. Dunn of Scots Presbyterian Church, who said, "It is my firm conviction that we have no justifiable right to request divine intervention to end the drought. Surely this is sheer presumption."

Crippled War Veteran To Wheel Across U. S.

LONG BEACH, Calif. (UP)—Herbert Howard, a crippled war veteran, says he will start rolling his wheelchair across the country as soon as he gets out of the hospital "just to show people we aren't helpless."

The 30-year-old veteran is in a government hospital here for a checkup. After serving in the infantry from 1939 to 1944 without suffering a scratch, he was paralyzed from the waist down in a tractor accident.

Howard said he recently hitchhiked from his home town, Monterey, Tenn., to Venice, near here, where he now lives.

"It's nothing new," he said. "I've done it three times."

"Now I'm going to roll across the country under my own power. If I'm successful, it'll prove to a lot of folks that paraplegics can't be counted out until they're dead."

WILBUR SHAW, AMERICA'S MOST FAMOUS DRIVER, DRIVES NEW 1951 CHRYSLER—REPORTS TO YOU ON REVOLUTIONARY FIREPOWER ENGINE AND HYDRAGUIDE POWER STEERING

Here are Wilbur Shaw's reactions—in his own words—as taken down by a recording machine in the car:

"The '51 Chrysler has it! With this new engine and power steering, the first on any U.S. car, it's a whale of an automobile.

"I'm completely bowled over by the ease of steering! "This steering combined with the automatic transmission . . . is the nearest thing to an automatic pilot for a car—I can possibly imagine.

"This engine . . . I can't get over the amount of power and snap in this engine . . . it's incredible! "I drove 111 miles with the feeling I had expended no more effort than in driving around the block.

"When Mrs. Shaw drove, her comments just about squared with mine. Here's what she thinks of the 1951 Chrysler . . ."

Mrs. Shaw: "At first I could hardly believe the ease with which I could turn the wheel. That's important . . . especially in the summertime.

"Often after I have parked a car in the average parking space, I feel I should taxi home, shower and get dressed again. But with Hydraguide Power Steering I parked it with one hand. It practically drives itself."

Wilbur Shaw: "It's hard to describe this new Chrysler without going off the deep end . . . it has it in every department.

"In fact, I think so much of this car, I've selected it as Pace Car of the 1951 Indianapolis 500-mile race!" (Mr. Shaw's comments are reprinted through the courtesy of Popular Science Magazine.)

*Mr. Shaw refers of course to standard passenger cars—not racing cars or special models.

THREE (COMMIE) JEERS FOR NEW RED BOSS—Titoism rears its head in French Communist Party circles and the result is Reds jeering Reds on a Paris sidewalk. Darius Le Corre, left, head of the new "Independent Communist Party" in France, gets a Bronx cheer from members of the regular, Russian-dominated French Communist Party. Le Corre had just told newspapermen that his new party will stress preservation of workers' rights, their closer unity and the building of a Communist organization free of the Soviet grip. (NEA-Acme photo by Photographer Max Winter.)

Bob Hope Is Still A Clown

PORTHCAWL, Wales, May 21 (UP)—Comedian Bob Hope, quipping his way around the Royal Porthcawl Course to the amusement of a huge gallery, was eliminated in the first round of the British Amateur Golf Championship today by C. C. Cox of England, 2 and 1.

The jut-jawed American screen and radio star, 3 down after the first nine holes, staged a game rally on the incoming nine but failed in his bid to overtake Cox, an obscure club player.

Hope thus missed out in his goal to do better than his colleague, Crooner Bing Crosby, in last year's tournament. Crosby also was eliminated in the first round.

Hope, wearing a bright green tam and a yellow sweater, then proceeded to prove it by topping his drives on the first two holes. He tip-toed his way through the daisies and buttercups to retrieve the ball on each hole.

When Cox, a dour, pipe-smoking Yorkshireman laid a crisp shot dead to the pin, Hope threw his putter into the air and cried, "I'm playing a magician."

Hope was accompanied around the course by American Screen Star Marilyn Maxwell.

"I brought Marilyn along to take everybody's eyes off the ball so I can push the ball with my foot every now and then," Hope wisecracked.

Texas Women Open Golf Play

LUBBOCK, May 20 (UP)—Qualifying play for the 1951 Women's Texas Golf Association Tournament opened today, with Fort Worth's Curtis Cupper Polly Riley heavily favored.

Betsy Rawls of Austin, the 19-50 champion, has turned pro and is not eligible to defend the crown in this tournament, the state's top amateur competition for women.

There were 138 women firing away at the Country Club, seeking one of the 16 spots in the open in the championship flight.

Those Phillies Are In There

NEW YORK, May 21 (UP)—Archie Ashburn, strictly a "single hitter," has to take a lot of kidding and pay off a lot of cokes as his mates bet for distance in pregame batting practice-but the blonde little speedster looked today like the guy to lead the Phillies out of the wilderness.

They were getting into it pretty deep, too... those proud National League Champs who had tumbled into eighth place in the mad current scramble, through it all Ashburn, with his one-base blows and a rare double or triple, was the only consistent hitter on the club.

Yesterday everybody finally broke loose in a 35-hit spree as the Phillies drubbed the Pirates, 17 to 0 and 12 to 4, at Pittsburgh before 36,166 fans, the largest crowd there since 1942. And Ash-

Chicago Goes After Narcotics Traffic

CHICAGO, (UP)—Chicago has a new municipal court. It deals only with narcotics cases and is known as "Misery Court."

On opening day, the court handled 39 cases. All were addicts, including two 17-year-old high school boys.

Judge Gibson E. Gorman said:

"burn set the pace all the way with eight hits—all singles, to be sure—reaching base 10 times out of 11 and eight times in a row.

It was the second biggest shut-out in National League history, the worst since 1906 when the Giants won 19 to 0 from the Cubs. Robin Roberts also had no trouble winning his fourth game in the nightcap. The Phillies got eight walks in the opener in which Mike Goliath homered. Eddie Felagrin, Andy Seminick, and Del Etnis hit second game Philly homers.

dope peddlers would get no leniency but everything possible would be done to help addicts overcome the habit.

State's Attorney John S. Boyle said the new court should provide a better picture of the narcotics traffic.

"We'll see the same lawyers and bondsmen here day after day," he said, "and we'll get a line on the central drug peddling ring. I hope we can break up the traffic."

Luncheon, Installation Of Officers Mark Final Meet Of Thursday Club

Members of the Thursday afternoon Club gathered at noon Thursday at the Woman's Club for a luncheon and for the final business meeting of the season.

Mmes. D. L. Houle, Hubert Jones Pearson Grimes, Cecil Collings, and Jack Muirhead were the luncheon hostesses and had arranged one long table laid with white linen and decorated with spring flowers. Places were marked with individual place cards with character drawings of each member, used later by Mrs. Houle in telling comical episodes of each. Travel folders and leaflets advertising the sights and vacation possibilities of England, Mexico, and other European countries were used down the length of the table.

Mrs. Muirhead was program chairman. Roll call was answered with cleverly given embarrassing mo-

ments during early school days.

Mrs. J. Morris Bailey gave the invocation.

Mrs. Fred Davenport, president presided over a short business session and expressed appreciation of the support and cooperation of all the club. She introduced Mrs. Arthur Murrell, newly elected president, who with other officers were installed by Mrs. James Horton.

Others include, Mrs. I. C. Inzer, vice president; Mrs. H. G. Vermillion, second vice president; Mrs. Hubert Jones, recording secretary; Mrs. Pearson Grimes, corresponding secretary; Mrs. Frank Castleberry, treasurer; Mrs. W. W. Linkenhoger, library chairman, Mrs. Jack Frost, club house board member; Mrs. Ben Hamner, parliamentarian; Mrs. I. C. Heck, reporter; Mrs. W. B. Pickens, Federation counselor; Mrs. R. E. Sikes, historian; Mrs. Jack Muirhead, critic; Mrs. Frank Crowell, auditor.

Present were Mmes. Bailey, Crowell, Collings, Davenport, Jack Frost, Grimes, Horton, Houle, Inzer, Jones, W. P. Leslie, Linkenhoger, Frank Lovett, W. A. Martin Muirhead, Murrell, B. W. Patterson, Robert G. Perkins, Grady Pipkin, Pickens, W. C. Robinson, Sikes, E. R. Townsend, Dixie Williamson, and Heck.

Post Nuptial Shower Honors Mrs. Gene Woods, Recent Bride

A group of friends honored Mrs. Gene C. Woods, Thursday evening when they entertained with a miscellaneous shower in the home of Mrs. G. A. Fox, 207 N. Walnut Street.

Mrs. Wood, recent bride, is the former Miss Betty Allen, daughter of Mrs. T. M. Burleson of Olden. Hostesses were Misses Gail Parrock, Hiedi Throne and Mmes. Doc Alford, Jane Throne, Bobby Gene Nelms, Earl Throne and Fox all of whom were in the house party, which also included Mrs. Burleson, mother of the honoree.

Refreshments were served from a table laid with a lace cloth over pink, and decorated with an arrangement of pink roses in a low crystal bowl. Flanking each side were white tapers in matching candelabra. Crystal appointments were used for serving the frosted punch, fancy cookies and mints.

Gifts were displayed in the front bedroom of the home. About 50 friends called during the hours

7:30 to 9:30.

Mrs. Woods is continuing her studies here at Eastland High School, while her husband, Pvt. Woods is stationed at Camp Hood. She is making her home with Mrs. Jane Throne, 206 West Plummer Street.

University Advises Home Gardeners

SPRINGFIELD, Ill. (UP)—The gardener who gardens too enthusiastically will reap no harvest according to the Illinois Department of Agriculture.

The department said planting seeds too deep and watering plantings too thoroughly may be disastrous.

Buy seeds now and be ready to plant them at the proper time, the department said. Prepare a seedbed by loosening soil and then raking it smooth.

Radishes, beets, onions or parsnips are good early planters, maturing quickly and ready for harvest before other crops.

Most seeds, the department advised, should be planted one to two inches deep, with a few requiring a depth from four to eight inches.

Under most conditions there's no need to water the soil. If it is dry, however, light watering is best. Don't water the seedbed until plants show signs of wilting. Cultivation will not only keep weeds from starting but later preserve precipitation.

Women May Weep But Wars Go On

DYERSBURG, Tenn. (UP)—Times may change but emotions, especially those of women, remain the same.

A letter brought to the Dyersburg Gazette was written in 1864 but sounded as though it had been written yesterday.

The letter was written by a woman whose husband had gone to war.

Emiline Ozment told her husband, Calvin, how she felt with him away.

Although it was written almost 100 years ago, the letter, except for phrasing, contained the same sentiments as thousands of letters going to Korea every day.

"I hope that these lines may go safe to your hands and find you well and doing well—remember me at home and many miles apart we be."

"I was glad to hear that you were well—but sorrow to hear that you were on scout. I hope that you may have good luck and escape the enemy hands and get home safe."

Those words from a wife to her husband could have been written in any war.

Another letter, written in 1864,

"Calvin, I want to see you worse than I ever did in my life, I have shed many tears about you since we parted."

"Mary and Caldonia are pretty as ever. Mary says she wants to see you and Caldonia grows more like you every day."

"The time seems so long to me since I saw you—but I hope that the time won't be too long until you come to me and the children—for we miss you."

Hollywood Film Shop

By Patricia Clary United Press Staff Correspondent

HOLLYWOOD (UP)—Nancy Olson doesn't care if she never gets to be a star but she's sure she wants to be a mother.

The young actress, who already has an Academy Award nomination to her credit, is retiring temporarily to have her first baby. She is serving notice on the studios that she intends to have several more.

"I'm willing to drop from star to featured player class if that's what I have to do to stay on the screen while I am having babies," she said. "I isn't necessary for my ego to be a star but it is necessary for my happiness to have children."

The 22-year-old actress and her husband, composer Alan Lerner, expect their first child in late October. She will retire temporarily after finishing her current starring role with William Holden in Warner Bros. "Force of Arms."

"Naturally I want to stay a star because I worked hard to become one," Miss Olson said. "I wouldn't pass up having a baby for all the screen honors, though."

Loves Acting

"If I'm of any value to a stu-

dio, then I don't think six or seven months absence is going to hurt my career. The studio might as well know that I am planning further interruptions of my career to have babies.

"Because I love acting I'll keep coming back to Hollywood hoping to stay in pictures, even though I get only good featured roles."

Miss Olson and Lerner have a farm in the Hudson Valley, an hour from New York City, and it is there that Nancy plans to rear the "interruptions" to her career, rather than in Hollywood. When a picture role comes up, she'll commute.
