

YOU NAME IT

By Everett Taylor

Troubles are arising with Eastland's football field and sand is being spread over the ground to level it off and perhaps smooth out the troubles.

When the old turf was plowed under and new grass seed planted, the ground was left a little rough and now needs a smoothing treatment.

Sand was being put on top of the grass Monday and it is hoped that the grass will grow on through the sand by the time of the first game this fall.

At least it will be smooth even if no grass is on it, was the opinion offered by Coach Wendell Siebert.

As soon as the sand is leveled over the field it will be watered down as it needs it.

The first football game for Eastland at home this fall is only about six weeks away, Sept. 7, against Coleman.

Coach Siebert and his assistant, Ed Hooker, who is spending the summer at College Station, will attend the Coach's school next week. The school will be capped off with the playing of a football game.

Fall may be nearer than you think.

Rain or not for Eastland?

Many citizens are wanting a rain badly, and we thought the opinion was shared pretty generally, but it was discovered Monday that there are some citizens of the town who do not want a rain right away.

These are the people who still have been unable to get the roofs of their hail damaged houses repaired, and a rain would do a great deal of damage to wallpaper and perhaps furnishings.

Farmers, however, are beginning to need a rain pretty badly in most areas, and pastures especially are beginning to suffer from the extreme dry.

Monday night's hospital meeting was to have been an important one for those interested in a hospital according to advance reports.

Horace Horton, chairman of the city-wide funds drive, reported that the drive appeared to be very successful, Monday afternoon.

Coach Siebert is asking all football boys to report to the football field at 7 p.m. today with rakes and shovels.

The purpose of the meeting will be to get the sand smoothed out on the field. Besides, it will be good conditioning for the boys, the coach figures.

Death Sentence Given Survivor

WINCHESTER, England, July 24 (UP)—Thomas McNaughton, 36, of the Royal Air Force, sought death to perpetuate his "wonderful love" for another man's wife.

He drew up a suicide pact with Mrs. Dorothy Pine. Both slashed their wrists and took overdoses of sleeping pills.

But three days later, he was found alive near her dead body. A letter found on the woman, allegedly written by McNaughton, explained:

"We willingly pay the price before taking any chance of losing in any way this wonderful love of ours."

A court made sure yesterday that McNaughton pays the price this time. It sentenced him to death as a murderer.

British law prescribes a murder charge against any survivor of a suicide pact.

THE WEATHER

By United Press

A brave little cool front edged into West Texas yesterday and last night, dropping temperatures in the Panhandle and South Plains and giving the state its first break in a week-long record July heat wave.

But the weatherman didn't expect much more in the way of heroics, because the little front didn't have much force left after encountering the overpowering weight of the Texas heat.

West Texas — partly cloudy this afternoon, tonight and Wednesday with scattered showers. Warmer in Panhandle today.

For Good Used Cars (Trade-ins on the New Olds) Osborne Motor Company, Eastland

Rev. M. D. Mears Evangelist

Rev. Alfred Nelson Leads Singing

Olden Baptist Revival Starts On Wednesday

A revival meeting will begin at the Olden Baptist Church Wednesday, July 25, with Rev. M. D. Mears to do the preaching.

Services will be held at 10 a.m. and 8 p.m. The revival will continue through August 5.

Rev. Alfred Nelson, pastor, will lead the singing at the meeting.

Rev. Mears is a graduate of Howard Payne College and spent two years at the Southwestern Theological Seminary.

A navigator of a B-29 in the Air Forces during World War I, Rev. Mears was a prisoner of war in Germany for some time.

Everyone is invited to attend all services of the meeting. Rev. Nelson said.

COPS BREAK UP TEENAGE WAR BETWEEN NORTH-SOUTH GANG

HOUSTON, July 24 (UP)—Police swooped down on two rival teenage gangs primed for battle and five of the tattooed youths were jailed today.

Special police patrols assigned to quell the fighting captured the youths, members of northside and southside gangs, as they lined up for their fourth major battle in less than a week.

About 15 teen-agers eager for combat scattered when three police squads rushed to the scene. Five were captured.

Two of those arrested already were under indictment for selling narcotics and scheduled for trial in September, court records disclosed.

The arrests brought to 37 the number of youths jailed since the brawl began last Friday night.

Blackjacks, shotguns, small-caliber rifles, knives, lengths of rubber hose and rope lashes were taken from the youths engaged in the cross-town feud.

Most of them were Latin-Americans tattooed with the insignia of their gangs. Those more than 17 years old were jailed on disturbance charges. Eight under-17 were turned over to Harris County Juvenile Authorities.

One of the five arrested last night carried a small notebook identifying the tattoo marks on the youth's hands with specific gangs.

All the youths have small tattoos between the thumb and forefingers on their hands, depicting stars, crosses, hearts, letters and numerals.

According to the notebook, the tattoos mark the boys as members of the "Gonzales Crew," the "Maya Gang," and others. Police said several gangs on each side of town have banded

Rangers Called To Investigate Swimmers Death

GALVESTON, July 24 (UP)—Texan Rangers, at the request of the Galveston County Grand Jury, will investigate the death of 15-year-old Woodrow Carl Kluge, whose body was found in 20 feet of water in Offat's Bayou July 10, 17 hours after he vanished from a swimming party.

Although admitting the possibility that the death might have been an accident, the Grand Jury yesterday and it felt "this theory leaves too many questions unanswered" and asked the Rangers for help in solving the case.

Young Kluge disappeared about 4:15 p.m. July 9. His body was dragged from the Bayou at 9:30 the next day. Dr. N. D. Schofield performed an autopsy and said the boy died of a broken neck and other injuries. He said he had been dead only about four hours.

A verdict of homicide was returned by Justice of the Peace James L. McKenna on the basis of the autopsy. But Sheriff Frank L. Biagne said he believed the death was accidental and that the youth broke his neck diving into the water.

The Grand Jury began studying the case last Tuesday and gave its report late yesterday. Its statement said in part:

"After careful consideration of all the evidence available to us we have reached the conclusion that, while there is a possibility that the boy's death was the result of an accident, we feel that this theory leaves too many questions unanswered.

"—much of the evidence points to the probability of homicide, and we have unanimously agreed that the investigation of the case should be continued with increased intensity until a conclusive answer is obtained."

County Defense Bond Sale High

The Treasury Department's compilations on the sales of Defense Bonds for 1951 through June 30, 1951, show that Eastland County citizens have purchased \$259,887.00 in the bonds.

Eastland County's sales are higher than a number of neighboring counties.

The following figures are reported for neighboring counties: Callahan, \$48,580.00; Comanche, \$87,489.25; Palo Pinto, \$176,869.50; Shackelford, \$65,381.25; and Stephens, \$219,882.50.

Love-Crazed Painter Hunted

LOS ANGELES, July 24 (UP)—A nationwide manhunt for love-crazed house painter Frank W. Kistly was intensified today after a coroner's jury ruled he was "probably criminally responsible" for the kidnap-murder of his stepdaughter.

The jurors heard the ex-convict's wife, Mrs. Margaret Frances Kristy, testify yesterday that Kristy kidnaped her daughter, 20-year-old Betty Jean Hansen, from their home at gun point on July 5 because he was in love with her.

The girl's body was found a week later in a mountain ravine near Newhall, Calif. The FBI joined state and local law enforcement agencies in a search for Kristy, 48, who has been reported seen at widely scattered points in the west.

The car in which he kidnaped Miss Hansen, a stenographer, was found near Las Vegas, Nev.

Okla. Badman Released By US

STRAUBING, Germany, July 24 (UP)—Former GI Homer Cook, 27, known as an Oklahoma badman for breaking out of two Army jails and slugging a dozen military policemen, was released for "good behavior" yesterday from a German prison.

He had served only one year of a four-year and two-month sentence.

Peace Talks Resume; Red Radio Hints Refusal To UN

\$25,000 Reported Raised In Hospital Drive's First Week

More than \$25,000 was reported to be raised for Eastland's Memorial Hospital at Monday's meeting in the Texas Electric Service Building.

A city-wide funds campaign has netted \$5,772.50 in cash and pledges according to Horace Horton, chairman of the drive. Plans were made to complete the drive this week.

Theo Lamb, general chairman of the hospital group, reported that more than \$20,000 has been raised from a group of larger donors with others to be contacted.

The group agreed that the funds campaign was progressing well enough to go ahead with plans for beginning construction in the very near future.

Horton reported that in the city-wide drive 27% of the people contacted did contribute to the hospital. Only 4% of the people contacted were opposed to a hospital.

A plan for an L-shaped building was presented at the meeting, providing for 22 beds. The floor plans for the structure are being worked out and the finished floor plan will be presented this week, subject to change after it is looked over by the doctors of the city and by other persons.

Bob Vaughn, chairman of the building committee, said that by next Monday the committee would be able to tell how the building will look and approximately how much it will cost.

The L-shaped building could be expanded in any direction. A 50 foot expansion will provide for an additional 18 beds.

The building is planned with 3 private rooms with the rest double rooms which could be used as private rooms except when necessary to put two patients in one room.

Those citizens who were missed in the original canvassing of the city last week again will be called on this week by workers.

Anyone who was missed in the drive and who wishes to donate to the hospital fund may turn in their donation to the Hospital Fund at the Eastland National Bank or to Horace Horton.

"An encouraging sign," Lamb told the group, "is that many people are giving more than they first told us they would."

M. H. Perry, construction superintendent, said that a number of workers have volunteered to work on the hospital building whenever they can find time.

Love-Crazed Painter Hunted

LOS ANGELES, July 24 (UP)—A nationwide manhunt for love-crazed house painter Frank W. Kistly was intensified today after a coroner's jury ruled he was "probably criminally responsible" for the kidnap-murder of his stepdaughter.

The jurors heard the ex-convict's wife, Mrs. Margaret Frances Kristy, testify yesterday that Kristy kidnaped her daughter, 20-year-old Betty Jean Hansen, from their home at gun point on July 5 because he was in love with her.

The girl's body was found a week later in a mountain ravine near Newhall, Calif. The FBI joined state and local law enforcement agencies in a search for Kristy, 48, who has been reported seen at widely scattered points in the west.

Okla. Badman Released By US

STRAUBING, Germany, July 24 (UP)—Former GI Homer Cook, 27, known as an Oklahoma badman for breaking out of two Army jails and slugging a dozen military policemen, was released for "good behavior" yesterday from a German prison.

He had served only one year of a four-year and two-month sentence.

Hodges Elected President Of Roping Club

Paul Hodges was elected president of the Eastland Roping Club at a meeting at the Salesbarn, Monday night.

Other officers elected at the meeting were Aubrey Yeager, vice president; Loyd Young, secretary-treasurer; and Charles Wampler, Bucky Harris, Sig Faircloth, Wylie Harbin and Frank Stoker, directors.

A large number of ropers were present at the meeting and much interest in this year's activity was expressed.

Calf roping will be held Wednesday nights and Sunday afternoons. All calf ropers and those who are interested in becoming ropers are invited to take part.

The public is cordially invited to attend the events.

Club members will be assessed \$10 for membership. All ropers will pay 25c per loop. Children under fourteen rope free.

Draft Evader Goes On Trial

SAN FRANCISCO, July 24 (UP)—Dick Contino, the butcher boy who rose to national fame as a \$4,000-a-week accordionist, said he was psychologically unfit for military service because he "couldn't bear to be away from his parents," according to a witness at his trial.

The Glendale, Calif., youth went on trial yesterday before a Federal Court jury of 11 women and one man on charges of dodging the draft.

Witness Betty Eshelby, clerk at his Glendale Draft Board, told the jury of the handsome defendant's long fight for deferment from serving in the armed forces.

She testified that his first claim was rejected when Contino contended he was the sole support of his father, mother, two brothers, a sister and an aging grandmother.

Miss Eshelby said the youth then claimed he was unfit because "he said he couldn't bear to be away from his parents."

Assessment Pay Passes \$1,000

Advance payments on the special water meter assessment passed the \$1,000 total Monday, I. C. Heck, city manager, said.

Two payments for one year and five for the full three years of the assessment were paid Monday.

Making payments were Mrs. W. S. Barber, \$12; L. A. Scott, \$36; W. H. Millican, \$36; Sam Gamble, \$36; W. H. Cooper, \$36; Dr. W. E. Chaney, \$36; Mrs. C. W. Young, \$12.

The Monday payments brought the figure paid in advance thus far to \$1124. The money goes to the Eastland Hospital fund.

Gas Ban Will Be Lifted Soon

WASHINGTON, July 24 (UP)—The forthcoming natural gas limitation order will be lifted when enough steel pipe becomes available to complete vital gas pipelines, according to Secretary of Interior Oscar L. Chapman.

But new uses of gas must be restricted simply because "there is not enough steel pipe to complete, promptly, the projects under construction," Chapman said.

He told a meeting of the Gas Industry Advisory Council will limit use of gas "to see that those industrial operations essential to the defense effort which rely on gas are not unduly interrupted."

The Petroleum Administration for defense is expected to place the restrictive order into effect soon.

As originally drafted, it would bar suppliers of natural gas from delivering the fuel to new customers without first obtaining the approval of the PAD. This would apply to customers who want to heat homes with gas, as well as to industries.

"When sufficient pipe can be procured and installed, there will be no reason for any restriction," Chapman said.

B-29s Hit Red Railway Center

8th ARMY HEADQUARTERS, KOREA, July 24 (UP)—Four waves of B-29 Superfortresses blasted the key West Korean Railway junction of Sariwon today with more than 70 tons of bombs.

The Air Forces took over the brunt of the Allied offensive effort against the Communists as ground fighting continued on only a minor scale.

The B-29s aimed their cargoes of 500 and 100-bombs at two adjacent railway marshaling yards at Sariwon, which lies almost midway between P'yongyang, the North Korean capital, and the cease-fire conference city of Kaesong.

The bombers ran into some anti-aircraft fire, but all returned safely. It is at Sariwon that the main enemy supply route in Western Korea divides, one line running directly south toward Kaesong and the other east toward the battle zone.

On the ground, UN forces on the east-central front drove the Communists from high ground southwest of Kumsong in a 3 1/2-hour battle yesterday.

The allies refueled Communist probing attacks northwest of Yonchon on the west-central front and southwest of Kamsong on the east coast.

A UN patrol ran into Red troops southwest of the cease-fire conference city of Kaesong and withdrew after receiving 82 rounds of mortar fire.

Bailey Is Rotary Speaker Monday

Rev. J. Morris Bailey spoke on "The Influence of a Life," at the regular meeting of the Eastland Rotary Club at the Connell Hotel Roof Garden, Monday.

"Each of us has an influence," he said. "The influence you have will reflect in the lives of others."

W. D. R. Owen, program chairman, introduced Rev. Bailey.

UN QUARTERS LOOK FOR REDS TO BACK DOWN ON TROOPS

By Ernest Hoberecht United Press Staff Correspondent

UN ADVANCE CAMP BELOW KAESONG, Korea, July 24 (UP)—Allied optimism over chances for a cease-fire increased tonight despite a new Red propaganda demand for withdrawal of United Nations forces from Korea.

UN quarters still looked for the Communists to back down on the demand for resumption of cease-fire negotiations in Kaesong, scheduled for 11 a.m. tomorrow (9 p. m. today EDT).

A 96-hour Communist-requested recess in the negotiations expires then. UN representatives had hoped the Reds would send word they were ready to resume before that hour, but there was no word from the enemy up until a late hour.

"The talks will start again at 11 a.m. tomorrow, I guess," UN spokesman Brig. Gen. Frank A. Allen said.

The negotiations came to a temporary halt Saturday in a deadlock over the Red demand for withdrawal of UN forces as a condition of an armistice.

Chief UN representative Vice Admiral C. Turner Joy made it clear that the Allies would not agree under any circumstances to put the withdrawal question on an armistice agenda.

He said the question was a political one, to be taken up at a peace conference after an armistice had taken effect.

It was at this point that the Communists asked — and were granted — a four-day recess to consider the Allied position. If they stand pat on their withdrawal demand, the truce talks almost certainly will be broken off.

Some Allied circles believed the Communist negotiators, after consulting their superiors in P'yongyang, Peiping and possibly Moscow, will introduce some sort of face-saving compromise proposal tomorrow.

The early feeling that the Communist — requested postponement was a ruse to cover offensive preparations was almost gone. Most sources felt that if the Reds were planning some treachery, something would have happened before this.

Ground fighting along the 135-mile front continued to be on only a minor scale. UN units drove the Communists from high ground southwest of Kamsong on the east-central front and repulsed an enemy attack southwest of Kamsong on the east coast.

The benefit of a wife under 65 terminates if her marriage to the wage earner is ended by divorce, or when the child arrives at age 18, marries or dies. At the time the claim is filed the wife must submit proof of marriage.

Drinking Texans Asked To Drink Valley Juice

WESLACO, July 24 (UP)—It's up to drinkin' Texans to drink the lower Rio Grande Valley out of its hole—preferably by the case. Citrus juice drinkers, that is.

This was the theme song today as the Texas Citrus Commission opened its month-long campaign to sell the Valley's citrus juice to home folks.

The Valley has several cases to sell—1,500,000 to be exact. The overabundance resulted from January's bad freeze in the Valley. Oranges and grapefruit nipped by frost were quickly converted into juice and canned.

Jack Drake, manager of the Citrus Commission, emphasized today that Valley juice is very good juice.

"Mother Nature hit us a hard blow," he explained. "The canner took care of the grower by quickly canning his juice. Now I figure it's up to the Texas folks to take care of the canner by buying the juice."

All football players are requested to report to the football field at 7 p.m. today with rakes and shovels, Coach Wendell Siebert has announced.

Seaman Killed In Car Wreck

HOUSTON, July 24 (UP)—A 20-year-old seaman off the tanker Superflame was killed earlier today when his automobile crashed into a barricade at the San Jacinto River bridge.

Officers identified him as Clyde Roy Middleton. They said he was thrown clear of the wreckage.

Deputy Sheriff Sherman Fricks said the bridge is under repair and closed to traffic.

UT Gets New Head Of Architecture

AUSTIN, July 24 (UP)—Harwell Hamilton Harris of Los Angeles, nationally-known leader in the development of modern architecture, will become the first director of the new University of Texas School of Architecture Sept. 1.

Architectural training at the University has heretofore been offered as part of the program of the college for engineering.

Undergoes Surgery

H. H. Hardeman underwent surgery at the Baylor Hospital in Dallas last Friday, and is reported to be recovering satisfactorily. He will not return home for some time.

SPORTS

Recount Needed

MADISON, IND., July 24 (UP)—Perin Scott shot a clean hole-in-one at the Madison County Club Handicap Golf Tournament—but his score card showed it took him four strokes to make the hole.

Scott sliced his drive from No. 2 tee out of bounds. He decided to play a new ball from the tee and count it as a second stroke. This time the ball split the 160-yard fairway and plopped into the cup for birdie two.

But while walking to the green Scott stumbled over his first ball. Tournament officials ruled he had to play it and he ended up with a bogey four.

US Tennis Champs To Meet Mexico

NEW YORK, July 24 (UP)—Herbie Flam of Beverly Hills, Cal., was the only repeater selected today for the United States Tennis squad which will play Mexico in the second round of American Zone Davis Cup play.

Named along with Flam for the Mexican Series at Rye, N. Y., Aug. 3-5, were U.S. Singles Champion Art Larsen of San Leandro, Cal., and Vic Seixas of Philadelphia.

Dropped were Dick Savitt of Orange, N. J., who scored two victories against Japan in the opening round, Tony Trabert of Cincinnati, who teamed with Trabert in a doubles win. Selection of new singles players had been expected, but not dropping the unbeaten Trabert-Taibert doubles.

Flam and Larsen were expected to play singles matches again; Seixas, with Seixas teaming with one of them in doubles.

Cats First Sacker Sold To St. Louis

FORT WORTH, July 24 (UP)—Ben Taylor slugging first baseman of the Fort Worth Cats of the Texas League, was sold today to the St. Louis Browns.

John Reeves, president of the Texas League Cats, said Fort Worth would get in return an undisclosed sum of cash and two players—Joe Lutz, first baseman of the Texas League San Antonio Club, and John Bero, Browns infielder. San Antonio is a St. Louis farm club.

Taylor, batting .288 and with 61 runs batted in and 11 homers this season, will join St. Louis in Philadelphia in time for tomorrow's game. Lutz was due to join Fort Worth in time for its game tonight here with Shreveport.

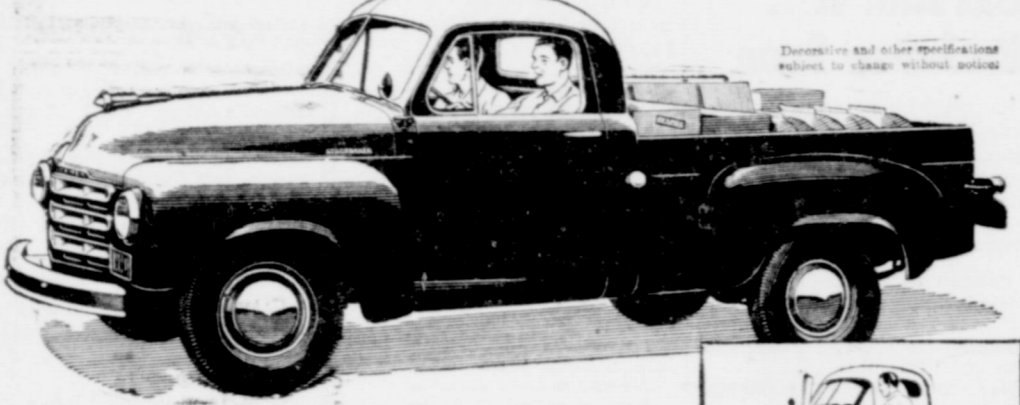

Lill St. Cyr, after tease-stripping before 15 sharp-eyed policemen: "I'm afraid to move my fingers and take off my gloves."

NO GAME—Dick Pedrotti considered the weight of a hand grenade and a baseball at Fort MacArthur, Calif., where the third baseman and Pasadena City College's Western States Conference champions engaged in basic training. His military work completed, young Pedrotti reported to the Red Sox' San Jose farm club. The Boston organization paid him \$75,000 for signing. (NEA)

This Studebaker truck is a marvel of a gas saver!

Note how trim and sleek it is!
Its design is the secret of its thrift!

Deflate your hauling costs—substantially! Get a clean-lined, sturdy Studebaker truck.

The whole structure of a Studebaker is rugged with solid "muscle"—no burdensome excess "fat"—no costly squandering of gasoline.

What's more, Studebaker's wear-resisting truck craftsmanship greatly reduces expenditures for repairs.

Take a tip from America's hundreds of thousands of Studebaker truck owners. Economize for keeps with a new Studebaker truck.

Low cab floor... enclosed safety steps! The wide Studebaker cab doors have automatic "hold-open" stops. Built-in ventilating wings. Foot-controlled floor ventilators. Roomy seat with Adjust-Air cushion.

Bombers Leave Randolph AFB For Practice

RANDOLPH AIR FORCE BASE, July 24 (UP)—A stream of 11 B-29 Superfortresses left today for a simulated "bombing" run over seven southwestern cities to mark the beginning of a new era for this base, the world's largest pilot training center.

The B-29's will be manned by combat crew trainees and their instructors.
The planes left here starting at 8 a.m. to drop practice bombs on the Matagorda island target area before starting the parade which will go into Louisiana and Oklahoma and return.

The first bomber in the flight, commanded by Capt. William J. Palmer of Fort Worth, Tex., scheduled over Houston at approximately noon. The remaining planes will "hit" a Houston industrial target with imaginary bombs to 13 minute intervals.

The four-engine sky gints then were to "bomb" Alexandria, La., about 1 p.m.; Shreveport, La., about 1:40 p.m.; Texarkana, about 3:30 p.m., and Waco, Tex., about 4:20 p.m.

Palmer's plane will return here approximately nine and one-half hours after the takeoff.
The demonstration of pinpoint bombing technique climaxed ceremonies connected with the transition of Randolph Air Force Base from a basic training center to a program of preparing B-29 combat crews.

The new program began here last July and Randolph's basic training program terminated Monday with the graduation of a final class of 86 aviation cadets.
A group of civilian newspapermen was aboard for today's flight

One Way Of Beating Heat

BROWNWOOD, July 24 (UP)—It's been so hot in Texas lately that even the swimming pools have needed icing.

Swimmers at camp Bowie complained the hot sun had sent the pools' water to a steamy level.
This week end the city ice company loaded 9,000 pounds of ice in two trucks and, after crushing it, dumped both loads in the pools.
The water, as high as 87 de-

grees dropped to 80 degrees in 15 minutes. Swimmers were eased by the cooling off. Divers, however, were temporarily stymied by the floating scraps of ice.

Esther Williams, on bathing suits: "They won't get any smaller — just more transparent. There's not much left to shorten."

In All Sincerity—
... we wish to thank our many customers for their patience, consideration and good sportsmanship in going along with us on the delays and many inconveniences you have had in getting your hail claims settled. Similar circumstances in many other West Texas Counties this Spring have overtaxed the capacity of the big adjustment companies to furnish trained men to do the work. We still have many claims to adjust and others are coming in daily. So thanks for your sympathetic understanding of an unavoidable situation.
If It's Insurance We Write It.

Di Maggio Back In Yank Lineup

By STAN OPOTOWSKY
United Press Sports Writer
NEW YORK, July 24 (UP)—Joe DiMaggio returns to the lineup for the first time in two weeks when the Yankees meet the Indians today in a resumption of the tense American League pennant fight.

The Yankees protect a tiny .002 lead as they and the Red Sox begin a home stand while the western contenders, the White Sox and the Indians, begin barnstorming. The White Sox, sporting a shaken-up lineup, play the Red Sox in Boston while the Indians and Yanks vie here in three games. Then Friday the clubs swap opponents. The Yanks play the White Sox and the Indians play the Red Sox.

The Yanks left home two weeks ago with the league lead. They returned with the lead, but in between was a harrowing seasaw. The club started the tour with three losses to Boston, and after them DiMaggio left the lineup, partly because of a leg injury and partly because of poor hitting. The Yanks lost only

five more games and won eight after the beauntown bashing to wind up eight and eight on the road.

DiMaggio still must show some hitting after he crashes the lineup. His .261 batting average doesn't go with his reputation.

The White Sox finished a woe-full home stand with a record of 10 defeats in 14 games, and so decided on a shakeup before going at the Red Sox tonight. Bert Haas plays first, Oreste Minoza plays third, Don Lenhardt left field and Al Zarilla right field under the new plan.

The fifth place Tigers play the Senators in the only other American League game scheduled tonight, while the Dodgers carried their eight and a half game N-

tion League lead into Chicago to start a western tour. The Gants are at Pittsburgh, the Phils at St. Louis and the Braves at Cincinnati in other National League games.

There was only one game played in the majors last night—but that was enough. It took 32 hits and 10 pitchers for the Braves to outlast the Pirates, 15 to 14, in the highest scoring clash to season.

Columnist William Bloeth: "When people were broke they used to eat hamburger; now they eat hamburger and are broke."

City of Eastland Automobile Assessment For Tax Year 1951

If you have not as yet rendered your Automobile for City Taxes for the tax year 1951, please do so at once, otherwise this will be set up on the unrendered tax roll.

The Commissioners feel the so-called "Blue Book" on automobile values, as set up by the state, and used by most taxing authorities over the state, is excessive. Therefore, beginning with the tax year 1951, these values, for assessment purposes, will be cut in half. For instance, the "Blue Book" sets up \$800 on 1951 Chevrolets, Plymouths and Fords. We are cutting this value in half, using a value of \$400 and this value will be reduced \$50 each year, until the assessment value reaches \$50, which will be minimum amount for assessment purposes. All other model cars will be reduced in the same proportion.

All automotive owners are subject to pay this tax, whether they own property or not. It is not fair for the property owner to pay this tax, and the non-property owner to escape the tax.

Therefore, all automotive equipment in the City will be assessed, and if any refuse to pay their taxes, a judgment will be secured against the owner, and recorded.

On the above basis of taxes, the City will not receive any more money, but all automotive owners will be paying their part, in the place of only those owning real estate.

Please come in promptly and render your automotive equipment, if you have not already done so.

The Eastland City Commission

How To Get More From Your Tires

No. 1

MAINTAIN CORRECT AIR PRESSURE

Correct Air Pressure Gives

- Ease of steering.
- More comfortable ride.
- Longer vehicle life.
- Extra gas mileage.
- Better car stability.
- More driving safety.

Our attendants will be glad to check the correct air pressure in your tires with our master gauge at any time at no cost. Drive in today.

Mrs. Griffin Honored At Birthday Party

Mrs. M. B. Griffin was the honoree, Monday evening at a surprise birthday party given by a group of friends on the lawn at the home of Mr. and Mrs. Lee Horn, 611 South Mulberry Street.

Mrs. Griffin was presented a pot of ivy.

Home made ice cream was served to Messrs and Mesdames Gerald Wingate, Homer Williams, John Sledge, B. G. Blair, W. L. Van Geem, Ben Matthews, Leon Bourland, Misses Betty and Margaret Bourland, Richard Bourland and Jack Horn by the host and hostess, Mr. and Mrs. Horn.

Olden Young People Meet For Social

The Intermediate group of the Baptist Sunday School of Olden gathered Friday evening at the home of Mr. and Mrs. Truman Bryan of Olden, for a weiner roast on the lawn.

About 25 young people attended.

Mrs. Rosa Bishop had as her guests in her home over last week end, Mrs. Nettie Fox of Olden, Mr. and Mrs. C. A. Strong of Brownfield, Mrs. James Benny and daughter, Jo Anna of Snyder, Mr. and Mrs. Millard Herwick and children of Ranger.

Our Breakfast Nook

Fresh Fruit Shake Is Cool Topper for Cereal

WHAT you can do with breakfast cereal on a warm August morning is food for cool thought. These ready-to-eat foods take practically no work to fix, but they do offer a refreshing start for the day.

Serve breakfast cereals plain, if you like, with no sugar and enjoy their mellow grain flavor, blending with cold milk. You'll find it worthwhile to do this occasionally and really enjoy these natural flavors. There are over two dozen breakfast cereals on the market today and each one is distinctly different in flavor and form.

Cereal Combinations
Of course, part of the attractiveness of breakfast cereals is that they do combine so well with other foods. Take fruit — let's make it fresh red raspberries—as an example. Crush some of the berries, leave some whole, and blend with cold milk. Add a scoop of vanilla ice cream or raspberry sherbet, if you like. Pour this over wheat flakes and you have a main dish for breakfast, or a snack that's tops in appetite appeal.

It's certainly a cool and tasty way of getting essential B vitamins, important minerals, top-quality protein, and quickly available food energy which are found in the cereal and milk serving.

Fruit-Cereal Ideas
For other refreshing fruited milk toppers, put crushed and sweetened fresh peaches in the milk. This is excellent on corn flakes. Apricot milk blends naturally with bran flavor — try either whole bran or bran flakes.

Of course, you can add a bit of ice cream to any of these fruited milk toppers. Or, you can blend any flavor of ice cream with just plain milk. One to remember is to put about a tablespoon of butter pecan ice cream in half a cup of milk and pour it over crisp corn cereal. It's tops!

Other good milk toppers are made with leftovers from your home canning. A little cherry or plum preserves, blended with ice cold milk, goes well over most any ready-to-eat breakfast cereal. You can use jam and jellies, as well as preserves, for fruited milks, too.

Personals

Mr. and Mrs. Carl Garrett are spending this month in Colorado Springs, and other points in the state of Colorado.

Sid Ferrell of Robert Lee, visited here this week with his uncle Henry Ferrell, Mrs. Ferrell and his aunt, Mrs. T. A. Bendy.

Percy Harris, assistant postmaster is a patient in Ranger General Hospital, where he is reported to be quite ill.

Mr. and Mrs. Howard Upchurch and sons, Gary and Billy, have returned from a weeks visit with Mr. Upchurch's brothers, Rev. and Mrs. Howell Upchurch of Pampa and Rev. Buddy Upchurch and family in Stratford.

Mr. and Mrs. Billy Jack Parrish of Fort Worth, spent the week end here visiting with their parents, Mr. and Mrs. Don Parker and Mrs. Ita Parrish.

Mr. and Mrs. Frank Bryant of Mart, formerly of Eastland visited here briefly with Mr. and Mrs. W. W. Linkenhogger enroute to their home from Colorado, where they had spent their vacation.

Detroit Is 250 Years Old Today

DETROIT, July 24 (UP)—Detroit, the arsenal of democracy during World War II, celebrated its 250th birthday today, amid the rumblings of industry again busy arming the free world.

Secretary of State Dean Acheson makes a major foreign policy speech tonight at a birthday dinner at the new veterans memorial building, but the birthday festival reaches its climax Saturday with a five-hour parade and address from the city hall steps by president Truman.

On July 24, 1701 the French Explorer Antoine De La Mothe Cadillac, landed on the shore of a narrow river and founded what

was to become the nation's fifth largest city and the automotive capitol of the world.

The Detroit Post Office put on sale at 8 a.m. a special stamp commemorating the landing of Cadillac. French Ambassador Henri Bonnet accepted the first sheet of stamps.

Gondolas Strike Against Motors

VENICE, ITALY, July 24 (UP)—Venice's famed Gondolas returned to the canals today after a week's strike in protest against the competition of motorboats.

The gondoliers called off the strike when city authorities promised to intervene in the dispute. The gondoliers charged that mo-
