LETHAL BATTERY—A reporter, right, examines the battery used in setting off the dynamite blast which took the life of Dallas gambler Herbert Noble, inset. Mailbox standard, center, is spot where Noble stopped before entering the drive to his Denton County ranch house. In the background is the smashed automobile in which Noble was riding. (NEA Telephoto).

NOBLES KILLERS LEAVE ONLY RUMORS AS CLUE TO IDENTITY

DALLAS, Aug. 9 (UP)—The killers who finally caught up with gambler Herbert ("The Cat") Noble in their 12th attempt to rub him out, left behind them little more than a trail of rumors for clues, police said today.

Authorities tried to find a blue pickup truck seen speeding from the scene of the blasting of Noble and attempted to trace the ownership of a battery found at the scene.

These were the only tangible clues they had to go on. Noble, 41, was killed Tuesday by a crude land mine planted beneath his automobile at his ranch, 35 miles northwest of Dallas.

It was the 12th attempt to kill the Dallas gambler in five years and succeeded with a shattering roar. Noble's body was blown to bits.

The killers planted explosives in front of the RFD mailbox at Noble's ranch. They ran detonating wires 80 yards to a knoll and when Noble halted his car to check the mailbox, they fired the land mine.

Noble refused to tell police the names of his would-be killers while he remained alive. He was wounded five times by gunfire and his wife was killed by a bomb in 1949.

The closest Noble ever came to finding anything was when he appeared before the Texas House Crime Investigating Committee last April. He testified under oath that he had "heard" Benny Binion, formerly a leading Dallas gambler now operating a Las Vegas, Nev., casino, had offered \$50,000 to anyone killing him.

He said he incurred Binion's wrath because "I wouldn't bow down to him."

But Binion denied it yesterday at Las Vegas.

"I know a lot of people think I had something to do with all those other attempts on Noble's life, and they're probably saying I had something to do with this one. I can't help what they say, but I had nothing to do with any of them. This is a bad thing," Binion said.

Meter Payments Above \$2500

A number of advance payments have been made Tuesday and Wednesday on the special water meter assessment, I. C. Heck, city manager, reports.

Making payments during the two days were Mrs. J. E. Lewis, Sr., \$36; B. E. Robinson, \$12; W. H. Hoffmann, \$72 for two meters; J. F. Tucker, \$12; H. H. Hardeman, \$12; Mrs. Mary Bargley, \$12 and D. L. Kinard, \$12.

The payments bring the total received on advance payments made to date to \$2576. The money goes to the Eastland Hospital Fund.

Do-Si-Do Meets

The Do-Si-Do Square Dance club will hold its bi-monthly dance at the Legion Hall beginning at 8:30 p.m. today. All members are urged to be present and participate.

Major Rivers, With Outstanding War Record, Is Friday Speaker

Major Richard T. W. Rivers, who is presently the Commanding Officer of the U.S. Army and U.S. Air Force recruiting and induction Main Station, Abilene, will make an address at the ceremonies Friday night at which the queens of Eastland's Old Rip Horned Toad Derby will be crowned.

A native Texan, Major Rivers served in World War II as a fighter pilot, commanding the 70th Fighter Squadron. He was in combat in the South Pacific and on Guadalcanal.

Major Rivers shot down six Japanese aircraft in aerial combat and destroyed two Japanese ships in dive bombing attacks. He was shot down over the Pacific and was rescued by U. S. PT boats.

The following decorations have been awarded to Major Rivers:

the Distinguished Flying Cross, with cluster; the Air Medal, with cluster; Purple Heart; Medal of Commendation and the Presidential Unit Citation. He wears the campaign ribbons of the Asiatic Pacific, American Defense and Pre Pearl Harbor.

Since World War II, he has served in various assignments including: Commanding Officer, 136th Fighter Group, Galveston; Assistant Chief of Supply, Hdq., 15th Air Force, Colorado Springs, Colo.; assistant Air Attach, Republic of Cuba; Director of Military Transportation, Hdq., 8th Air Force, Ft. Worth; Professor of Military Science & Tactics at the University of Indiana and at Southwestern Louisiana Institute.

Major Rivers' name has been placed in the Hall of State by the Daughters of the Texas Republic, Dallas, Texas.

Connally Against Aid To Chinese

WASHINGTON, Aug. 9 (UP)—Sen. Tom Connally, D., Tex., said today that the Chinese Nationalists on Formosa can get along without American arms aid.

"I don't think Formosa needs any military aid so long as Chiang Kai-Shek is there," the Senate Foreign Relations Committee chairman told revolvers. "If he can't protect Formosa, he can't protect very much."

Connally's committee and the Senate Armed Services group were scheduled to receive an up-to-the-minute military briefing today from Gen. Omar N. Bradley, chairman of the chiefs of staff, in connection with the administration's \$8,500,000,000 foreign aid bill.

Connally was annoyed by disclosures that the administration plans to spend \$217,000,000 in arms shipments and \$90,000,000 for economic aid to Chiang's regime on Formosa.

"Formosa is doing pretty well without aid," Connally said. "But we'll probably have to support them somewhat like we're supporting those others (in Asia)."

Connally thus broke with administration spokesmen who claim that U.S. aid for Chiang would be needed "indefinitely" if Formosa is to be kept from Red China. Republicans have been attacking the state department for months for not giving military help to the Nationalists.

It was Connally's second clash in less than two weeks with administration foreign aid planners. He angrily told Marshal Yuan Administrator William C. Foster on July 30 that "you're chasing problems in Southwest Asia (when) Western Europe is our big problem—it's through western Europe that we're going to be attacked."

Services Held For Mrs. T. A. McDonald

Services were held for Mrs. T. A. McDonald at Olden Baptist Church at 3 p.m. today.

Pallbearers were Tom Sharp, Jim Everett, O. K. Norton, J. D. Harrell, C. J. Renfro, Berry Elliott, all of Olden.

Rev. Soba Kirkpatrick of Mineral Wells and Rev. W. M. Slaton, pastor of the Olden Methodist Church, officiated.

Interment was in the Evergreen Cemetery at Ranger.

Killingsworth Funeral Home was in charge of arrangements.

NY Police Ban Toy Gun Sale

NEW YORK, Aug. 9 (UP)—Police began canvassing "candy" stores today for "little atom" toy guns which have been banned as dangerous weapons.

A felony court judge banned the sale of the midjet firearms yesterday because a four-year-old boy lost an eye when a toy shop proprietor fired one at him.

Little Noel Figueroa and his mother appeared in court yesterday as complainant against Samuel Fisher, 42, accused of firing the gun at the boy. The pellet lodged in Noel's eye and necessitated its removal.

Fisher was charged with illegal possession of a firearm and felonious assault and was held in \$500 bail.

Heat Claims Tenth Victim

HOUSTON, Aug. 9 (UP)—Houston's six-day heat wave claimed its 10th life today.

Victory Emanuel Anderson, a 51-year-old sewing machine repairman, died early today at a hospital. He had been found yesterday in a dazed condition in his room.

An elderly Houston woman, Mrs. Dorothy Good, 64, died late last night after being taken unconscious from her room.

Display Uniforms

Altman's Style Shop will display the new U.S. Army and U.S. Air Force uniforms for women beginning Thursday.

Reds Ask Resumption Of Peace Talks Immediately

Railroads Get Freight Rate Increase 6-9%

WASHINGTON, Aug. 9 (UP)—The nation's railroads said today that the \$548,000,000-a-year freight rate boosts approved by the Interstate Commerce Commission would be in effect by about Sept. 1.

The carriers complained, however, that the increase would produce only about half of what they needed to cover higher labor and supply costs.

The ICC yesterday approved a nine per cent hike in freight rates in the east and six per cent for the rest of the country. It said the railroads' increased costs also would be offset by a high and increasing traffic volume.

The new rates may go into effect 15 days after the carriers file formal notice with the ICC.

Except for specified commodities such as grain, the increases will be nine per cent in the east north of the Potomac and Ohio Rivers and east of the Mississippi, and six per cent elsewhere. On traffic moving between territories, such as eastern to southern, the permitted increase will be six per cent.

Steve Killough Gets Scholarship

Steve Killough, grandson of Mrs. I. J. Killough, 608 South Daugherty, has been awarded a scholarship to St. Stephen's School at Austin for the coming year.

Killough, son of Mrs. H. R. Harrell, Waco, is one of a group of 11 selected from all over the state, according to Rev. William Brewster, headmaster.

The scholarships were awarded from the results of a competitive examination plus consideration of the applicant's contributions as a member of his previous school, church and civic organizations.

Nominations of boys ready to enter the 10th and 11th grades were made by the clergy of the Dioceses of Texas, and on the basis of references showing all-around interest in school activities, transcripts of scholarship records, and personal interviews, the final selections were made.

The school, which was founded by the Episcopal Diocese of Texas under the direction of Rev. John E. Hines, Bishop Coadjutor, opened for classes Sept. 18, 1950 and will begin its second year on Sept. 17, with an enrollment of approximately 100 students. It is located eight miles west of Austin.

Thorpe Timmons Gets Promotion

Thorpe Timmons, son of Mr. and Mrs. Carl Timmons, has recently been promoted to the rank of designing engineer at Consolidated Aircraft Corp., at Fort Worth, where the giant B-36 Bombers are constructed.

Thorpe is a major in aeronautical engineering from the University of Texas and has been employed by Consolidated Aircraft for two years. He is married to the former Virginia Ferguson, daughter of Dr. and Mrs. R. C. Ferguson of Eastland.

Mangum Revival To Begin Sunday

The Mangum Baptist Church revival will begin Sunday, August 12 and continue through August 17.

Rev. H. E. (Butch) Gregory, pastor of the Second Baptist Church, Odessa, will be doing the preaching at the meeting.

Services will be held daily at 10 a.m. and 7:30 p.m. Everyone is invited to attend all services.

Somewhere around 9:40 P.M.

Cotton Crop Estimated At 2 Million Bales

AUSTIN, Aug. 9 (UP)—Despite unfavorable weather conditions, Texas should top last year's cotton production by some 2,000,000 bales, the U. S. Department of Agriculture forecast today.

The yield was estimated at 5,000,000 bales. If average conditions hold, the USDA said the crop will be the largest since 1937, except for the record harvest of 1949.

The crop last year totaled 2,946,000 bales, while the 1940-49 average was pegged at 3,049,000 bales.

The indicated yield of 187 pounds of lint per acre is 24 pounds below the 211 pounds harvested last year. However, the figure will be six pounds above the 10-year average.

Acres for harvest was estimated at 12,810,000 acres, nearly double the 6,700,000 acres harvested last year. The figure is the largest since 1932, when more than 13,000,000 acres were harvested.

Insect damage, the USDA said, has been held to a minimum in most areas, but continued hot, dry weather has been unfavorable for cotton over the southern two-thirds of the state, and the area is now spreading farther north and west.

The coastal bend, non-irrigated areas in South Texas, and the small acreage on the Edwards Plateau have been hit the hardest. In those areas, the USDA said, indicated yields are "at or near record low levels of 100 pounds and less of lint per acre."

However, very good yields are expected for irrigated cotton on the high plains, the Lower Rio Grande Valley and the Trans-Pecos area.

Cop Bit By Alligator

FORT WORTH, Aug. 9 (UP)—Patrolman John Choate was home today as the result of a nip by an alligator.

The three-foot "raitor" found by a Fort Worth resident in her yard Monday night bit Choate on the wrist as he and a fellow officer picked it up.

Yesterday the arm became inflamed and swollen, and Choate went home from duty after treatment by a doctor.

400th Entry Is Expected

Entries in Eastland's Old Rip Horned Toad Derby are nearing the 400 mark, and the sirens and whistles of the city will announce the 400th entry, probably at 10 p.m. Friday, H. J. Tanner, manager of the chamber of commerce said Thursday.

Tanner said that entries in the derby this year may total more than the 435 which were entered last August.

Program Complete For Horned Toad Derby This Week

The program for the first two-day Old Rip Horned Toad Derby celebration in Eastland has been completed.

First event listed on the program is at 7 p.m. Friday when the 70 piece band of the First Armored Division will give a concert. Concessions and a huge Army display of equipment, however, will be on the streets beginning Friday morning.

Following a 45 minute concert by the Army Band, a Color Guard will be presented at 7:45 p.m. At 8 p.m. a WAF recruit will be sworn into the service and Major Richard T. W. Rivers will make an address, followed by the coronation of the two derby queens at 8:45 p.m.

The Queen's Ball will begin with a military band to present the music.

Saturday's program opens with the regular Saturday Trades Day event at 2:30 p.m., followed by the Kid's Derby at 3:30 p.m. Bewley's Chuck Wagon Gang will furnish musical entertainment throughout the afternoon.

The Kid's Derby will be held on the race track which will be constructed Friday at the intersection of Commerce and Lamar. Any child who wants to enter a toad in the derby is asked to bring the creature to the track where it will be entered. Cash prizes will be awarded to winners. Each child may enter only one toad in the race.

BOB BLAIR

Bob Blair To Memphis Post

Bob Blair, former Eastland High football star and two-year backfield letterman for Hardin-Simmons University Cowboys, who is slated to graduate at the August commencement, has been named on the coaching staff at Memphis High School.

Blair, who paced the Cowboy game gainers last season had another year's eligibility but elected to complete his college training this summer. He felt that an injury had not responded to treatment and he would not be at his best this fall.

He will work as an assistant coach under John Hanson at Memphis.

A student of physical education and sociology, Blair is a member of a national guard unit and will be in training August 18-27. He will report to Hanson after the guard encampment.

Merriman Baptist To Have Revival Starting Sunday

The Merriman Baptist Church will have a revival starting Sunday, August 12, at 8 p.m.

Rev. Buck Williams of Weatherford will conduct the services that are to run through the following Sunday.

George Falls is the song leader for the revival.

Everyone is invited to come out to the Merriman Baptist Church and take part in this revival.

UN ACCUSED OF VIOLATION OF NEUTRALITY OF KAESONG

By Robert Vernillion
United Press Staff Correspondent

TOKYO, Aug. 9 (UP)—The Communists called again today for immediate resumption of Korean truce talks and formally protested an Allied air attack on white-flagged conference supply truck.

The Reds addressed two communications to the United area.

1. The North Korean and Chinese commanders messaged Gen. Matthew B. Ridgway that they already have "guaranteed faithfully" the neutrality of the conference city of Kaesong and asked immediate reopening of the truce talks there.

2. Chief Communist negotiator Gen. Nam Il lodged a formal "grave protest" charging that UN planes had attacked white-flagged conference supply vehicles at Sibyon, Hawngiu and Cariwon and Allied troops had fired on the village of Pan Mun Jon within the Kaesong neutral Nations command.

Ridgway did not reply at once to the Communist commanders' request for resumption of the cease-fire conference.

But Senior UN truce delegate Vice Admiral C. Turner Joy rejected the Red complaint against allied air attacks as "completely without validity." He suggested that the Reds might be "arousing the use of white markings for purposes other than serving your delegation."

He said the complaint of firing on Pan Mun Jon was delayed more than 24 hours after the alleged incident.

"This thereby precluded a timely investigation," Joy said. "However, the matter is now being given such consideration as it deserves."

Gen. Kim Il Sung, North Korean Premier and supreme commander, and Gen. Peng Teh-Huai, Chinese commander in Korea, signed the new Communist request for resumption of the cease fire talks.

Their message, broadcast by Radio Peiping at 5:15 p.m. (3:10 a.m. EDT), replied to Ridgway's demand for an immediate guarantee that no more armed Communist troops would be permitted in the Kaesong conference area.

There was no immediate indication whether Ridgway would consider the message a sufficient guarantee to order the UN negotiating team back to Kaesong.

The Supreme UN commander broke off the talks Sunday on grounds that the Reds had flagrantly violated the agreed neutrality of Kaesong by permitting armed troops within 100 yards of the conference house on the previous day.

The Communist commanders recalled that they had informed Ridgway last Monday of new orders issued to Kaesong garrison troops "to adhere strictly to the July 14 agreement—and we guaranteed that there will not be another violation of the agreement."

"We have already guaranteed faithfully that we would execute strictly the agreement concerning the neutralization of the Kaesong area," the Communist reply added.

Then, apparently referring to Ridgway's warning that the Allies would regard any further violation of Kaesong's neutrality as a deliberate move to end the truce negotiations, the Communist commanders said:

"As long as you have no intention of arousing an incident and using it as a means for ending talks, we cannot understand that any circumstances would arise in the future under which we would be unable to execute the agreement."

"If an incident of this same type arises on your side, we shall have no recourse but to protest, investigate, discuss and settle it and take other procedures."

"We wish that you instruct your representatives to come to Kaesong and continue the conference."

Reward Offered By Gov. Shivers

AUSTIN, Aug. 9 (UP)—A \$500 reward for the arrest and conviction of the slayer of Frank Wesley Knight, custodian of French High School at Beaumont, was offered yesterday by Gov. Allan Shivers.

Knight's body was found in Hardin County Oct 15, 1950 with a bullet hole in the back of the head. His missing automobile was recovered at Beaumont but offered no clues.

Shivers said in his proclamation that "it was apparent that he (Knight) met his death as the result of foul play, with robbery presumably the motive."

Family Offers Help To Slayer

DALLAS, Aug. 8 (UP)—Two older sisters and a brother of John Michael Hawkins, 16-year-old confessed slayer of his prominent father, combined today to offer to help to the youth.

Pfc. Charles W. Hawkins, 22, and his sisters—Mrs. John Palmer, Brownville, and Mrs. Edward-C. Andrews, Glendale, Calif.—announced they would offer young Hawkins "every encouragement."

Their announcement came through J. E. Newberry of Dallas, who they employed yesterday as counsel for the youth.

Young Hawkins confessed shooting Wallace Hawkins, vice-president and attorney for Magnolia Petroleum Corp., early Sunday at their luxurious house. He told police his father had "been on me for staying out late."

Through Newberry, the sisters and brother said they "want to help the boy" and plan to "stand beside him all the way through."

Whether young Hawkins will be tried as a juvenile or held until he is 17, legal age to face a murder indictment, was undecided today by District Attorney Henry Wade. It will be "some time" before the decision is made, Wade said.

Three Weeks Of Free Reading Time Remains

Miss Cecilia Haas, librarian, expressed disappointment, this week, in the number of children who are taking advantage of the free reading month at the Eastland Public Library.

It is the custom of the Thursday Afternoon Club, owners and operators of the Public Library to give free reading to school children of all ages during the month of August. The committee chairman, Mrs. W. W. Linkenhogger, announced the annual free reading and listed a number of new books, thought to be of interest to younger readers, available.

Three weeks of August remain for free reading, Mrs. Linkenhogger said, and blamed the extreme heat for having fewer children at the library, than was expected.

Mr., Mrs. Harbin To Host Webb Family Reunion

The descendants of the late Mr. and Mrs. P. T. (Uncle Pete) Webb of Flatwood will meet the weekend of the 18th and 19th of August for their annual family reunion, commemorating the 80th wedding anniversary of the pioneer couple, which is August 20, in the home of Mr. and Mrs. Wylie Harbin, South Bassett Street.

Their six living children are expected to be present. Mrs. Harbin said and are: Mrs. H. A. Collins, of Eastland, C. A. Webb of Flatwoods, M. A. Webb of Westbrook, Mrs. Ida Burkett of Sweetwater, Mrs. Harbin and Mrs. Mattie Jordan of Ft. Worth.

Many of the 49 grandchildren, the 79 great grandchildren and the 16 great, great, grandchildren are expected, Mrs. Harbin said.

Crockett Sparks of Portales, N. M. and his son John Sparks of Indianapolis, Ind. visited here Monday with their father and grandfather, Mr. Sam Sparks in the home of his son Frank Sparks and family.

John Sparks was enroute to Germany, where he will be employed on the "Stars and Stripes" army newspaper.

Mrs. Rucker Honored At Coke Party

Mrs. H. C. Gage and Mrs. W. L. White honored Mrs. Ross Rucker Wednesday evening at an informal farewell coke party at the home of Mrs. Gage, 203 South Ammerman Street.

The refreshment table was laid with a lace cloth and decorated with an arrangement of cut flowers. Spring flowers were used for decorations throughout the home.

Calling during the hours 5 till 6 were Meses. T. M. Fullen, W. H. Hoffmann, Leleune Horton, Jack Germany, F. N. Sayre, W. H. Stanley, R. N. Whitehead, Pat Miller, Bill Collings and Art Johnson.

Mrs. Rucker plans to leave next week to join her husband at Monahans, where he is employed at the radio station.

Mrs. Williamson Observes 83rd Birthday, Sunday

About forty relatives of Mrs. Annie Lee Williamson gathered Sunday at the home of her son, Lee Williamson and Mrs. Williamson, of Olden, with whom she makes her home, to celebrate Mrs. Williamson's 83rd birthday.

Four of her seven children were present for the day and a number of Mrs. Williamson's many friends called to wish her Happy Birthday.

Mrs. Terry Barrett and son Tom have returned home after a few days visit in Ft. Worth with Mr. and Mrs. Oscar Averra, former residents of Eastland.

Baptist Circles Meet This Week At The Church

Members of the Maybelle Taylor Circle of the First Baptist Church met Wednesday morning at the church for a mission study, "The White Witch Doctor", given by Mrs. Gene Haynes.

Mrs. C. A. Amos was hostess and served refreshments following the program.

Present were Meses. V. L. Red, C. A. Amos, F. N. Sayre, and Eddie French, a visitor and Mrs. Haynes, who will complete the study at the next meeting.

Members of the Lottie Moon Circle met Monday afternoon at the church for the Mission Study, "Amazing Grace", 3rd chapter of which was reviewed by Mrs. Fred Golson.

Mrs. Frank Lovett, vice chairman, presided during the business session and the group voted to send a birthday gift to Joan Riffey, student in Baylor University, adopted by the class.

Mrs. Minnie Crosby gave the prayer. Announcement was made of the next meeting at 8 p.m. August 13th at the church.

Present were Meses. Lovett, Golson, Crosby, Don Daniels, C. C. Street, Elzo Been, L. J. Lambert and Miss Ida Chambler.

Sewing Club Meet With Mrs. Clarence Penn

Members of the Stitch and Chatter Club met Wednesday evening in the home of Mrs. Clarence Penn, 413 West Plummer St.

The group spent the evening with their sewing and visiting, and were served refreshments of ice cream and cake, with iced fruit punch.

Present were Meses. Weldon Armstrong, Wells Dalton, Wayne Jackson, A. K. Garrett, and Gene Haynes and the hostess, Mrs. Penn.

Mr. and Mrs. Otto Clark, Big Spring, is visiting his mother, Mrs. J. W. Clark, and his brother, Tommie.

Rev. and Mrs. L. V. Simmons and family of Tyler are the guests here in the home of Mrs. Bailey Hinton and children. Rev. Simmons is pastor of Broadway Baptist Church at Tyler.

Kidney Slow-Down May Bring Restless Nights

When kidney function slows down, many folks complain of nagging backache, headaches, dizziness and loss of pep and energy. Don't suffer restless nights with these discomforts if reduced kidney function is getting you down—due to such common causes as stress and strain, over-exercising or exposure to cold. Minor bladder irritations due to cold or wrong diet may cause getting up nights or frequent passages.

Don't neglect your kidneys if these conditions bother you. Try Doan's Pills—a mild diuretic. Used successfully by millions for over 50 years. It's amazing how many times Doan's give happy relief from these discomforts—help the function of kidney tubes and filters flush out waste. Get Doan's Pills today!

Model Planes More Important Than Television

HOUSTON, Aug. 9 (UP) — Youngsters and their model airplanes have preference over adults with their television, the city council here has decided.

Residents near the Stude Park area yesterday petitioned the council to prohibit flying model planes in the Park because the

models interfered with television reception.

The council decided that unless another area can be found for the model plane flyers, the television viewers will just have to suffer.

HD Agents To Meet At A&M

COLLEGE STATION, Aug. — The Texas Home Demonstration Association will celebrate its 25th anniversary on the campus of Texas A&M College, August 29-30-31.

Maurine Hearn, State Home Demonstration Leader, says more than 200 club members are expected to attend this annual convention, the first on the campus since 1940.

Mrs. R. M. Almarode, of Munday, Knox County is President of the Texas Home Demonstration Association, consisting of nearly 42,000 membership. The members are pleased to return to

the place where they organized 25 years ago.

"United We Stand" is the theme of the 151 convention. The three-day program consists of committee workshops on legislation, recreation, education, marketing and 4-H, and special workshops on county THDA Organization and "The Messenger"—official publication.

Mrs. R. J. Turrentine, Denton and Dr. T. O. Walton, former president of A&M College, will be featured speakers for the general sessions. "The Wheel of Progress" will show in pageant form the 25 year's growth in the Texas Home Demonstration Association. Mrs. G. W. Ferguson, Bell County, editor of the "Messenger" has written the pageant for 374 participants.

Booklet Released On Quana Wheat

The characteristics of Quana, a new disease-resistant hard red winter wheat of excellent quality, are given in a new Texas Agricultural Experiment Station bulletin.

This new variety was developed by Dr. I. N. Atkins, Denton station agronomist, who is a joint employee of the Texas Agriculture.

Atkins reports that the average yield of Quana has equaled or exceeded that of the present commercial wheat varieties at Denton, Greenville, Temple, Comfort, Stephenville Iowa Park and Chillicothe. Comanche and Westar have given better yields than Quana in the drier sections of Texas.

Quana was developed from a complex cross of (Comanche x Honor-Forward) x (Mediterranean-Hope x Comanche). It has shown a high degree of resistance to common races of leaf and stem rust and to stinking smut. However, races of both leaf and stem rust are known which can attack Quana.

Quana is similar to Comanche in milling and baking characteristics. Tests show that it is satisfactory for the production of bakery flour.

Bulletin 734, "Quana Wheat," is available from the Publications Office, College Station Texas.

Outdoorsmen Are Warned To Use Caution

AUSTIN, Aug. 9 — Warning to Texas outdoor folks to protect themselves against the sun which reaches its peak sting this month is given by George W. Cox, director of the Texas State Department of Health, in the August issue of Texas Game & Fish magazine.

An article entitled "Heed that heat" states that "fishermen and others spending considerable time in the outdoors suffer serious harm because they do not understand the potency of Texas sunshine in the hottest month of the year."

The advisory article continues: "Sunburn resulting in painful after effects, and sunstroke, not infrequently resulting in death, are major danger, according to Dr. Cox.

"To emphasize the hazard, he recalled that 28 persons died from excessive heat and sun exposure in Texas last year.

"One of the worst phases of sizzling August is the trickiness of the elements. Persons indulging in outdoor activities jinked with the water are particularly vulnerable. One reason, said Dr. Cox, is that the water reflects ultra-violet rays. Thus, fishing, motorboating, sailing and swimming are the principal sports Texans are likely to indulge in

where reflected ultra-violet rays may cause excessive sun exposure.

"Another deceptive angle centers around the severe burns one may receive on a cloudy day—when the sun is not shining brightly.

"Dr. Cox cautioned persons planning trips into the open about sprinkling perfume or toilet water on the skin before exposure to the sunlight inflammation of the skin.

"Just plain cold cream is about as good as anything," he explained.

HOME HINTS

IT'S SURE BEEN HOT!

"This summer, I have put in a great many extra hours of work for my customers every day.

"Air conditioners, attic fans, evaporative coolers, and portable fans have been going full blast around the clock — 24 hours a day practically every day. High temperatures, lack of rainfall and many nights without our usual cooling breeze have combined to make it an exceptionally hot summer. Electric refrigerators have had to call on their reserve power to keep food fresh and wholesome at constant temperatures under 40 degrees and to maintain ready supplies of ice cubes and cooling beverages.

"Some electric bills may be higher during such extreme hot weather because of this extra work but now — when you're able to stay cool and comfortable in spite of the heat — is when your electric service really proves to be the biggest bargain in your home."

Reddy Kilowatt

TEXAS ELECTRIC SERVICE COMPANY

"Nancy! What a grand surprise!"

An old school chum in town... just driving through...

But there's always time for a telephone call... and a pleasant trip back through memories of other years.

Come to think of it, lots of the pleasant moments we enjoy wouldn't be possible without the telephone.

Yet — with all its worth — the average cost of a local telephone call, including tax, is only about 2½¢.

A bargain? One of the very best.

A REAL BARGAIN

The average wage earner today works less time to earn the price of telephone service than he did ten years ago.

EVERY HELLO IS A GOOD BUY

NOW! YOU CAN HAVE UP TO 18 MONTHS TO PAY ON NEW OR USED CARS

"New Government Regulation NOW in Effect"

1. The New Price Control Law Increases the Length of Time to Pay For New or Used Cars

2. The New Price Control Means LOWER MONTHLY PAYMENTS

The new Price Control Laws recently passed by the United States Government puts an entirely new light on the purchase of new or used cars. The new Credit Regulation gives the purchaser a full 18 months to pay instead of 15 months as before. The increase in the length of time to pay ... MEANS LOWER MONTHLY PAYMENTS on the automobile you purchase.

Make it a point to go by one of the progressive dealers listed below ... he probably has just the automobile you are looking for at the price you'll want to pay.

53-Year-Old Is Raped-Murdered

EUREKA, Mo., Aug. 9 (UP)—A rape-murderer chased a 53-year-old woman from her bedroom into a cornfield and there attacked and killed her, sheriff Arthur Mosley said today.

The body of Mrs. Lillian Null was found in a secluded part of the field yesterday, 50 yards from the house where she lived alone.

She had been struck on the back of the head with a blunt instrument. Her nightgown was pulled to her chest and her underclothing lay beside her.

"All indications point to rape," Mosley said.

The woman had apparently been dead two days. She had been missing since Sunday, when she was to have gone to a neighbor's home to work as a maid.

Mosley said the killer apparently entered through an unlocked kitchen window, surprised Mrs. Null in her bedroom and chased her into the field. A flashlight, believed to be the murder's, was found in the bedroom.

The Love Story of Valerie and Ben Hogan

Also selected short subjects

David Brian Fights Suit

HOLLYWOOD, Aug. 9 (UP)—Blond film star David Brian told his ex-wife that sex has "nothing to do with love" when he was intimate with her eight months after they separated, she testified in her paternity suit against him.

Mrs. Bonita Fielder Davis, Brian's second wife, took the stand in superior court yesterday to explain how the actor allegedly fathered her 16-month-old son, Michael, long after their separation.

She said he visited her in San Francisco to obtain her signature on papers giving her consent to a Mexican divorce in 1949, and they were intimate on two occasions.

Mrs. Davis said she asked Brian how he could make love to her after declaring that he no longer was in love with her, and he told her "sex has nothing to do with love."

Brian, whose real name is Brian Davis, obtained the Mexican divorce and later got an interlocutory degree in California. Meanwhile, he married again.

Mrs. Davis denied having sexual relations with another man between March 9 and June 15, 1949, and said she was in love with Brian when they separated Sept. 12, 1948.

The actor sent her \$25 every week or 10 days until he remarried, she testified.

The baby appeared in court briefly as the plaintiff, but his grandmother carried him outside when he became noisy.

Hogan Plays The Field In Tam O'Shanter

CHICAGO, Aug. 9 (UP)—Bantam Ben Hogan will play the field until Sunday for the \$12,500 payoff at the end of Tam O'Shanter's so-called "world" championship of golf.

Hogan, the Texas windstorm who swept to the national open-

title three of the past four years despite a more important victory over critical injuries suffered in an automobile collision, has played the course only twice since 1947.

On an outing last week, prior to the "all American" open, Hogan compiled a 68, four under par, and a tally equalled or bettered by few of the stars who partic-

ipated in last week's tournament. "They've changed it a lot since I played it last," Hogan said, "but it plays easier. It's longer, but they give you a better target to shoot at in the greens, and I think maybe the fairways are a little wider."

It was understood that win or lose in the chase for the top prize Hogan will come out with

handsome financial treatment. Neither Hogan nor the sponsors will confirm that the Texas star has a guarantee, but it was learned that he would receive a sum in the neighborhood of \$10,000 for appearing.

Earlier he had been offered, and accepted, a \$5,000 guarantee but changed his mind and the fee was increased.

The tournament will open tomorrow with the field of 65 pros, 20 women and 10 amateurs playing 18 holes daily until Sunday's windup, which will be so-times that the winner can't avoid sinking his final putt before the television cameras on time purchased by the sponsor.
