New Dirty Work Uncovered In Revenue Bureau

WASHINGTON, Oct. 5 (UP)—New charges of irregularities in the Bureau of Internal Revenue popped up today as House investigators pressed their inquiry into the activities of James P. Finnegan, former tax collector in St. Louis.

A house committee was scheduled to hear testimony (at 9:30 a. m. EST) by John M. Brodsky, head of the Dudmar Insurance Agency of St. Louis, which specialized in selling policies to delinquent taxpayers.

Testimony developed by subcommittee counsel Adrian W. Dewind yesterday showed that Finnegan gave Brodsky the names of delinquent taxpayers. Brodsky, according to the testimony, would mention Finnegan's name when calling on such persons, and recall that Finnegan was the tax collector.

Richard V. Clark, Jr., a St. Louis insurance man for many years, testified that companies delinquent in tax payments seemed to be unusually amenable to the purchase of insurance when such companies were made. Clark was associated with Brodsky in Dudmar until they had a financial disagreement.

The latest charges of irregularities were recounted in the Senate by Sen. Blair Moody, D., Mich. He added Detroit to the growing list of cities where bureau officials either are under investigation or actually are facing criminal charges.

In addition to St. Louis and Detroit, internal revenue employees in New York, San Francisco, Boston, Newark and other undisclosed cities have been under close investigation.

Chairman Cecil R. King, D., Cal., said the subcommittee would look into the Detroit case along with the others now under study.

Moody said the Detroit irregularities were uncovered in the Bureau's intelligence unit in that city while his Senate Banking Subcommittee was looking into gray market operations in steel.

Moody said in a summary of the subcommittee's findings that Joseph J. Weyn, special agent in the Detroit intelligence unit, and another agent, Frank Cashman, made \$1,120 each in 1948 by collecting "finders' fees" on 100 tons of steel. They were paid by Herman Golanty, defendant in a tax case.

As for Finnegan's activities he has had considerable trouble remembering his financial transactions in 1948, 1949 and 1950.

Several witnesses told the subcommittee yesterday that Finnegan's name had been mentioned several times in connection with the Dudmar Insurance Agency.

Texas Doctor Gets Big Raise

SPRINGFIELD, ILL., Oct. 5 (UP)—A Texas rancher who escaped from an Illinois prison in 1937 and wasn't recaptured until 14 years later is a free man again today.

Allan Baker, Kerrville, Tex., was granted a three-year parole by the Illinois Pardon and Parole Board yesterday. Baker, 47, was convicted in 1932 as an accessory to the robbery of a Jacksonville, Ill., family.

He was sentenced to the Menard State Prison that same year under his real name Clarence Cahall. He escaped in 1937 to Texas, where he worked at several jobs, served in World War II, and was married following the war.

After his marriage he took over his wife's ranch in Kerrville. Then last June he was arrested on a minor traffic violation, and a routine fingerprint check showed he was a jail escapee. He was returned to Menard three months later.

However, his wife began working for his release and obtained several hundred letters, including one from Texas Governor Allan Shivers, testifying to Kerr's character and respectability.

The pardon and Parole Board heard Baker's petition for parole last month and announced its decision yesterday.

Rev. F. A. R. Morgan

Rev. F. A. R. Morgan, who spent thirty-two years as a Southern Baptist missionary in Brazil, will preach Sunday morning at the 10:50 worship hour at the First Methodist church here. He received his B.A. and M.A. Degrees at Baylor University, and has studied on his Ph. D. at the University of Chicago. Mrs. Morgan will speak at the evening worship service on "Experiences of Woman's Work in Brazil". The public is cordially invited to attend both services.

MAVERICKS MUCH LIGHTER THAN THE VISITING SQUAD

Eastland Mavericks and the Winters High School Blizzards will clash in a tough 2A battle at Maverick Stadium, at 8 p. m. this evening.

The Blizzards have won three games and lost one. Last week they defeated Dublin, a favorite in our own district, by a score of 14 to 7.

The Mavericks and the Blizzards run off the Wing-T formation, and the Mavericks run off both the Dutch Meyer Spread and the double-wing formations.

The Blizzards are deep in reserves and heavy in weight, while the Mavericks are shallow in reserves and light in weight. The Blizzards are picked the favorites but a close game is expected, because the Mavericks have shown in scattered intervals a brand of football far above what statistics show.

The Mavericks are heavily crippled. Rodney Stephens, the Mavericks passer and ball-handler, went see much action because of a knee injury, received in the Hamilton game, and the two guards, Allan Vermillion and Gill Gaeta are still out of play because of injuries.

School Teacher Commits Suicide

McALLEN, Oct. 5 (UP)—A brilliant 20-year-old junior high school mathematics teacher shot and killed himself here because he didn't believe he was handling his students efficiently.

The body of Robert W. Linnard, who taught at nearby Edinburg, was found slumped in his car by his parents in front of their home. He still clutched a .22-caliber target pistol.

Justice of the Peace T. W. Kelly, who returned the suicide verdict yesterday, said Linnard "wasn't satisfied with his ability to handle children. He was too sincere, too conscientious."

Linnard had made straight A's in high school and junior college and had an "A" average at North Texas State Teacher's College, in Denton, when he was graduated last June.

"Why Editors Get Rich"

(Hamilton Herald News)

You can call this "Why Editors Get Rich." A child is born. The attending physician gets \$25 and more; the editor gives the youngsters and happy parents a send-off and gets \$0. When it is christened the clergy gets \$10. The editor gets \$0.00 for his write-up. The editor publishes another long winded article and may perhaps tell a dozen lies about the beautiful, accomplished bride. The clergyman gets another \$10 and a piece of cake. The editor gets \$1,000. In the course of time she dies. The doctor gets from \$25 to \$100 more. The undertaker from \$200 to \$500. The editor publishes the obituary, two columns long, lodge and society's resolutions and gets \$6,000. No wonder he's rich.

Battered Communists Fall Back Before 100,000 U N Troops

Ship Breaks In Half 400 Miles At Sea; 5 Dead

NORFOLK, VA., Oct. 5 (UP)—The 3,325-ton cargo ship Southern Isle broke in half and sank 400 miles off the South Carolina coast today killing at least five member of its 24-man crew.

Seven others were rescued from the seas by rescue craft that raced to the scene following the brief SOS the Southern Isle was able to transmit over its radio before her radio room was afloat.

The Coast Guard said that five bodies had been sighted. The cargo vessel, Florence Luckenbach, was only a few hours away from the stricken ship and rushed to the scene at full speed. Another cargo ship, the S. S. Charlotte Lykes, also was in the area and reported picking up five survivors.

The Coast Guard advised that two others had been rescued, presumably by the famous little cutter, Cherokee, which has scores of such missions in its log books.

There were no details on the accident. The Atlantic has been storm-tossed from a hurricane powered by 100-miles-an-hour winds this week but the main force of the storm was beyond the wreck scene by today.

One of the survivors from the 314-foot stricken ship suffered a broken leg and was described in "bad shape" in a message to the Coast Guard.

The ship was bound for Chester, Pa., from San Juan, Puerto Rico, when she split amidships at a point about 400 miles east of Charleston.

The Coast Guard pinpointed the scene of the tragedy at approximately latitude 32.30 north and longitude 73 west.

Reds Expected To Reject New Allied Offer

TOKYO, Oct. 5 (UP)—The Communists seemed likely to reject Gen. Matthew B. Ridgway's offer to let them choose a site in no-man's land for resumption of the Korean truce talks.

All signs indicated that the Communist commanders again would demand that the talks be resumed in Kaesong, which Ridgway has described as "unsuitable."

Ridgway's offer, announced yesterday, was delivered to Communist liaison officers at Pan Mun Jon below Kaesong at 10:15 a.m. today (8:15 p.m. Thursday EST).

It replied to the Communist rejection of Ridgway's week-old proposal that the suspended talks be shifted to Songhyan, a no-man's land village eight miles southeast of Kaesong.

"Since you reject my suggestion to meet at Songhyan," Ridgway's latest note said, "I propose that our delegations meet at a site selected by you and acceptable to me approximately midway between our respective front lines, where the armistice discussions can be promptly resumed."

Trawler Reported Taking Water Off Texas Coast Line

NEW ORLEANS, Oct. 5 (UP)—The U. S. Coast Guard reported the trawler Orovaca was shipping seas off the Texas coast early today but another vessel was keeping the water under control with its pumps.

The eighth district headquarters said the ships were believed able to make Port Isabel or Galveston, without further assistance.

The Orovaca first reported at midnight, EST, that its pumps and motor were disabled and it had about five hours running time left.

Thirty minutes later the trawler Rose D reported another trawler was alongside the Orovaca and had its pump lines aboard.

The Orovaca said in its first message that its own pumps and motor were out of order, and that it was taking on water.

Lamb Losses Heavy; Trapper Is Employed

Sheep and Goat raisers in Eastland county met this week with county commissioners to discuss ways and means for dealing with the wolf and bob-cat problem. Already these animals are showing considerable boldness, and it is not uncommon for ranchers to lose lambs even in daylight hours.

One rancher reports more than twenty-five lambs lost in less than one week's time. With the coming of cold weather even greater losses may be expected.

Eastland County formerly had two trappers, but expenses are heavy and so for the coming season only one trapper will be employed. His salary comes from government, state and county aid, with ranchers supplementing the amount to guarantee a salary of \$250 a month. Mr. Musgrave was chosen by the group to serve as trapper.

With sheep and goats selling at from \$15 to \$20 a head and up, ranchers feel that the trapper's services is a good investment.

Individuals who desire to pick up a little cash may do so by killing the wolves and cats. The county still pays a bounty of \$5 for wolves and \$3 for the cats.

Young Burglar Will Live On Texas Ranch

NEWARK, N. J. Oct. 5 (UP)—A six-year-old Newark boy arrested twice for burglary will leave Monday for a Texas ranch and a new start in life.

The boy's mother yesterday accepted an offer from Cal Farley, a retired rancher, to give the misguided "skylight burglar" a home at his boy's ranch in Tascosa, Tex.

Farley, a former professional baseball player, read of the youngster's arrest in New York while he was waiting for the world series to start and immediately contacted Irvington police.

Juvenile court authorities agreed to Farley's plan and dropped neglect charges against the boy's mother.

Civil defense kits for the home should include fresh flashlight batteries, the Federal Civil Defense Administration says. Batteries will last longer if kept in the refrigerator or deep freeze.

FIVE UN DIVISIONS CRACK "LITTLE SIEGRIED" LINE

U. S. ARMY HEADQUARTERS, KOREA, Oct. 5 (UP)—Battered Red armies suddenly gave up their death stand in western Korea today and fell back north under attack by 100,000 United Nations troops.

Five UN divisions finally cracked the outer crust of the enemy's "little siegried line" on the third day of their flaming fall offensive along a 40-mile front.

The Reds abandoned fortified hill positions which they had fought bitterly to hold only a few hours earlier. The U. S. 3rd division seized without opposition one height which had withstood flame-throwers, tanks and infantry assaults for seven days.

In two days, the 3rd division had inflicted an estimated 1,200 casualties—500 dead, 682 wounded and 35 prisoners on the Chinese on the enemy newly captured hill and two other heights.

Although blasted continuously in one of the heaviest Allied artillery bombardments of the war, most of the deep Communist mountain emplacements were still intact.

Liquor Man Is Charged With False Returns

OKLAHOMA CITY, October 5, (UP)—Taft Moody, 40, charged with filing false returns on his Arkansas liquor business, was free on \$2,000 bond today after surrendering to a U. S. Marshal here yesterday.

"I have been expecting this case and understand they have been building it a year and a half," the tall balding Moody told U. S. Deputy Marshal Mike McGrew.

Moody, who sold a \$100,000 ice cream business to enter the liquor trade, contacted a professional bondsman yesterday, then surrendered to McGrew. He has been living near Moore, South of here.

Moody, secretary - treasurer of the Sun Export Co., in Lake Village, Ark., was indicted by a federal grand jury in Kansas City Sept. 28, along with the firm's manager, Steve Castleman of Vicksburg, Miss.

The pair was charged with filing false returns on wholesale liquor sales amounting to more than \$100,000.

One Red entrenchment, buttressed by dirt and logs, was large enough to shelter 1,000 men.

The UN advance overran two or more hills cleared the last threat to the Seoul-Chorwon railway, which could be vital in supplying allied troops on the east coast this winter. Allied engineers already have started rebuilding the line.

The Communist were believed to have taken up new positions farther north guarding the low-lying plains below Pyongyang, the North Korean capital.

Eleven B-29 Superfortresses thundered ahead of the UN ground forces and blasted the center of Pyongyang. They dumped 130 tons of bombs on the 1,200-foot steel railway bridge across the Taedong River, which bisects the Red capital.

The superfortresses reported only "meager" anti-aircraft fire and no fighter opposition. All returned safely to base.

At the same time, American jet fighters shot down one Soviet built Mig 15 jet and damaged another in two battles over north-west Korea. A total of 136 planes took part in two dogfights. In one, the U.S. jets were outnumbered nearly three to one.

All UN jets returned safely to base.

The sudden Communist withdrawal on the western and west-central fronts came as a surprise. The Reds had stalled the UN offensive Thursday night and early Friday with their stiffest resistance of the war and vicious counter-attacks.

Resistance melted soon after dawn, however. From all along the offensive front came report of non-existent to only moderate opposition.

An 88th Army spokesman estimated that the Reds during the past two days of bloody fighting on the hill had used three regiments of infantry—perhaps 10,000 men—and six artillery battalions to hold the 3rd division at bay.

The stiffest fighting Friday was north northwest of Yonchon, where a Communist battalion attacked at 2:45 a.m. under cover of darkness. Element of a U. S. 1st Cavalry Division Regiment finally repulsed the Reds at a.m.

Light contact continued with the enemy there for another four hours. Then there was only sporadic firing.

At other places along the UN line of advance, there was little or no contact with the Communists. Patrols of the New British Commonwealth Division ranged out 1,000 to 2,000 yards from their newly won objectives to meet only light enemy fire.

Farm Bureau Plans Membership Drive

J. Walter Hammond, president of the Texas Farm Bureau Federation, will launch the Federation's fifth annual membership enrollment program the morning of October 11 in a state-wide radio broadcast from the farm home of a county Farm Bureau president, E. V. Stevens, Reagor Springs, Ellis County. The program will be carried on the Lone Star Chain Network from 6:30 to 7:00. W. A. (Doc) Ruhmann, farm editor, Station WBAP, Fort Worth, will be master of ceremonies.

Governor Allan Shivers, in an official proclamation, has designated the week of October 11-18 as Texas Farm Bureau Federation Week in Texas.

Library '51
The library seems to be one of the most popular rooms in school this year. Students from lowly freshman to august seniors crowd through those double doors almost every period. There are books checked out each day.
The library staff consists of Gail Parsons, Doris Lynn Bownds, Louise Seaborn, Gwen Sherrill, Wanda Beck, Earline Miller, Herby Weaver, Max Driskill, Joy Lynn Robinson, Jo Ann Jackson, Berta Lee Hardin, and Frankie McDonald.
These students work under the direction of our capable librarian Mrs. Evelyn Whatley. During the past two years, under Mrs. Whatley's direction, the library has changed from a small, dark, crowded place to a spacious and comfortable reading room.
Students have access to many different magazines. Among these are Life, Good Housekeeping, Seventeen, National Geographic, Popular Science, and Popular Mechanics. They also have access to annuals, college bulletins, both fiction books and non fiction books, and reference books of all kinds.

Books are truly "gates to lands of pleasure" and authors can become inspiring friends—one of EHS's student librarians wrote the following lines:
INSPIRATION
Today in school I chanced to look.
Upon a certain library book, Its cover worn, its pages old, It held within a wealth of gold. And when I reach the golden strand,
I'd love to shake that author's hand
Who left inspiring thoughts behind
To guide the life of all mankind.
In the past two years the library has been improved immensely. We owe both the past and future improvements to our beloved Mrs. Whatley. She is surely an example for all of us to follow.

Changes In Motor Vehicle Retail Sales Tax Announced In Austin

Question and Answers compiled by the State Comptroller's Department with reference to the Collection of the Motor Vehicle Retail Sales Tax levied by Article 7047-K, Vernons Annotated Civil Statutes, and H. B. No. 285, Acts Regular Session of the 52nd Legislature.

17. Must the \$15.00 tax be paid if the vehicle comes from a State where titles are issued and the title can be endorsed over to the purchaser without the seller having to apply for a title?
Answer: No.

18. Must the \$15.00 be paid if the vehicle comes from a non-title State, and the seller has to apply for a Texas Title before he can make the sale?
Answer: Yes. See the first sentence of House Bill No. 285, Section 2, Subsection (b) which reads as follows: "When a person makes application for the initial certificate of title in this state on a particular motor vehicle, he shall pay a use tax on that motor vehicle in the sum of fifteen dollars (\$15.)."

19. Must the \$15.00 tax be paid by members of the armed forces who are sent to Texas from another state?
Answer: Yes. If the application for title is filed, or the vehicle is registered in this State.

20. Where a person, firm or corporation is doing business in Texas and is also doing business in another State and the motor vehicles purchased in the other State are brought into Texas from the other State, must the \$15.00 or 1.1 use tax be paid?
Answer: The 1.1 percent use tax must be paid, because the company is already doing business in Texas.

21. It is necessary to file an affidavit when the \$15.00 tax is paid?
Answer: No.

22. If a sale was made prior to September 1, 1951 and the motor vehicle is not transferred or registered until after September 1, 1951, can the old Purchaser's Affidavit be accepted if it was executed prior to September 1, 1951?
Answer: Yes.

23. Must the joint affidavit always be executed where the sale was made on or after September 1, 1951?
Answer: Yes, except as out-lined in the next question.

24. Can an execution be made where the purchaser did not know about the law and the seller has left the State and can not be located, or in a case where the motor vehicle was purchased out side the state and he does not know the seller's name or address?
Answer: Yes, if a motor vehicle is transferred or registered under such circumstances a statement of facts should be written on the Purchaser's affidavit.

25. Must the joint affidavit be executed where the vehicle is purchased in another State by a resident of this State?
Answer: Yes.

26. Must a dealer execute the seller's affidavit where he can transfer the title by endorsing it?
Answer: Yes.

27. In the case of an even trade, who pays the tax?
Answer: Each of the parties to the transaction shall pay a tax of five dollars (\$5.). See Section 1, Subsection (b).

28. Must the tax of \$5.00 on both motor vehicles be paid at the same time?
Answer: No.

29. If the answer is no, how can the tax be collected if the title on either car can be transferred by endorsement without filing an application for title with the Tax Assessor & Collector?
Answer: When an Audit is made of your Account, if a joint affidavit has been filed and the taxes paid on one of the motor vehicles, a demand can then be made that the trader of the other motor vehicle pay the taxes due in the one he received in the transaction.

30. Since question 25 states that the \$5.00 tax due on each motor vehicle in the case of an even trade does not have to be paid at the same time would it not be advisable for the trader's affidavit to be executed in duplicate so that each trader will have a copy of the joint affidavit?
Answer: Yes.

31. Can a dealer now give a motor vehicle to a member of his family, pay the gift tax of \$10.00 and escape the 1.1 percent sales tax?
Answer: No, because he did not purchase the motor vehicle from the manufacturer for resale only and not for use. The dealer must pay a tax of 1.1 percent and the member of his family pay the \$10.00 gift tax.

32. Must the gift tax be paid on a vehicle that has been inherited?
Answer: No. Write the word "inherited" on Form 31.

33. Must the joint affidavit be executed in the case of a gift or even trade?
Answer: Yes.
Notice: It is our understanding that the Attorney General will be requested by a County Attorney or County Auditor to answer one or more of the above questions. If an opinion is written and it is held that our answer to the question or questions is incorrect, you will be immediately notified in regard to this matter.

34. Can a dealer now give a motor vehicle to a member of his family, pay the gift tax of \$10.00 and escape the 1.1 percent sales tax?
Answer: No, because he did not purchase the motor vehicle from the manufacturer for resale only and not for use. The dealer must pay a tax of 1.1 percent and the member of his family pay the \$10.00 gift tax.

35. Must the gift tax be paid on a vehicle that has been inherited?
Answer: No. Write the word "inherited" on Form 31.

36. Must the joint affidavit be executed in the case of a gift or even trade?
Answer: Yes.

37. Must the joint affidavit always be executed where the sale was made on or after September 1, 1951?
Answer: Yes, except as out-lined in the next question.

38. Can an execution be made where the purchaser did not know about the law and the seller has left the State and can not be located, or in a case where the motor vehicle was purchased out side the state and he does not know the seller's name or address?
Answer: Yes, if a motor vehicle is transferred or registered under such circumstances a statement of facts should be written on the Purchaser's affidavit.

39. Must the joint affidavit be executed where the vehicle is purchased in another State by a resident of this State?
Answer: Yes.

40. Must a dealer execute the seller's affidavit where he can transfer the title by endorsing it?
Answer: Yes.

41. In the case of an even trade, who pays the tax?
Answer: Each of the parties to the transaction shall pay a tax of five dollars (\$5.). See Section 1, Subsection (b).

42. Must the tax of \$5.00 on both motor vehicles be paid at the same time?
Answer: No.

43. If the answer is no, how can the tax be collected if the title on either car can be transferred by endorsement without filing an application for title with the Tax Assessor & Collector?
Answer: When an Audit is made of your Account, if a joint affidavit has been filed and the taxes paid on one of the motor vehicles, a demand can then be made that the trader of the other motor vehicle pay the taxes due in the one he received in the transaction.

Public Opinion

To the Editor:

I have lived in Eastland for only a short time and have, in general, admired the way the city is kept clean. There is, however, one serious menace to my health, your health and our families health. I bring it to your attention of the citizens of Eastland.

Each day as I go to work I pass over the bridge that spans the south end of the city lake. Almost every day I see from two to ten hogs wading and wallowing in the water that we drink. Maybe I have a weak stomach, but I can hardly drink a glass of Eastland water when I think of those hogs. Heaven help us if those have a disease or if they aren't sanitary! I don't believe the citizens of Eastland would tolerate this condition if they knew it existed. Do you

Sincerely Yours,
Harold Hitt,

Thursday Afternoon Club Honors Mrs. Murrell At Twilight Tea

Members of the Thursday Afternoon Club opened the club season Thursday with a formal twilight tea honoring their new president, Mrs. Arthur Murrell.

Mrs. I. C. Inzer, yearbook chairman, greeted the members and presented each to Mrs. Murrell, the honoree and Mmes. Earl Conner and H. H. Durham.

Mrs. Inzer gave a short talk on the "Common Ailments of a Woman's Club," outlined the year's theme, "Our Nation Today," and concluded her talk by reading the opening poem in the year book as follows:

"Coming together is beginning. Keeping together is progress. Working together is unity. Thinking together is success." Selected.

Mrs. Inzer also outlined the year's theme, "Our Nation Today" as presented in the attractive year book, and introduced Mrs. Murrell, who talked on "The President's Outlook for '51 and '52." The tea table was laid with a lace cloth and decorated with red, white and blue carnations flanked by red, white and blue candles, carrying out the program theme.

ed by red, white and blue candles, carrying out the program theme.

Mrs. Murrell ladeled the punch and Mmes. Conner, Durham assisted in serving the mints, fancy sandwiches, and white cake squares, which were decorated with U. S. flags.

Junior Arterburn Operating Split "T" For Texas Tech

LUBBOCK, Oct. 5 — Their best offensive gun silenced, Texas Tech's Red Raiders expect a rugged game with the University of Houston Cougars Saturday night in Houston.

Frank Graves of McKinney, who has averaged 10 yards on his 10 carries, is scheduled to be absent from his right half spot. Graves' leg injury suffered in the Texas A&M game turned out to be more serious than earlier believed. In his place, Coach DeWitt Weaver plans to use Bobby Cavazos, sophomore from Kingsville.

Houston showing in dropping a 19-0 decision to Baylor and plastering Detroit 33-7 for one of the worst defeats in Titan history convinced Tech scouts that the inexperienced Red Raiders will be in for a rough evening.

Three freshmen will start offensively for Tech. Kenneth Elmore, tackle from Carlsbad, New Mexico, and Dean White, end from Lubbock, earned starting berths through their work in Tech's 20-7 loss to A&M. Already in the defensive starting lineup is (first-year man) Vernon (Punk) Whitaker, guard from Batesville, Mississippi, one of the best linemen on the field last Saturday night.

Jerrill Price, Tech's All-American tackle candidate from Brownfield, will spark a forward wall whose biggest job will be to stop Houston's Gene Shannon of Freeport. Shannon amazed 183 yards of Houston's 608 yards of total offense against Detroit.

Tech's split-T will be directed again principally by Junior Arterburn, letterman from Ranger, and freshman Jerry Johnson of Hale Center. Jim Turner of Olney, with three touchdowns, is Tech's leading scorer.

Houston, also a split-T team, has an identical record with Tech in the win-loss columns. The Red Raiders won their opener, against

West Texas State, 46-7, before bowing to A&M.

Both have tough games next week. Houston plays Tulsa in Tulsa, and Tech plays host to Texas Christian University.

Texas Tech's offensive starters — Paul Erwin of Odessa, 181, freshman letter; left end; Jerrill Price of Brownfield, 215, two letters, left tackle (capt.); Jack Cockburn of Denison, 190, two letters, left guard; Aubrey Phillips of Fort Worth (Paschal), 209, two letters, center (alternate capt.); Vernon Barron of Temple, 190, one letter, right guard; Hollice Davis of Fort Worth (Diamond Hill), 195, squadman, right tackle; Lewis Crossley of Eastland, 170, two letters, right end.

Junior Arterburn of Ranger, 175, one letter, quarterback; Jim Turner of Olney, 175, one letter, left half; Bobby Cavazos of Kingsville, 177, freshman letter, right half; Charles Welton of Fairmont, West Virginia, 198, one letter, fullback.

Construction of the Panama Canal was made possible and the lives of thousands of soldiers and civilians, particularly those living along the Atlantic Coast and in southern cities, were saved because Major Walter Reed's Army commission had proved by February 5, 1901 that mosquitoes were yellow fever carriers.

Among the few Tibetan concessions to Western medicine is vaccination. Entire villages once were wiped out by smallpox. Now even the Dalai Lama submits to vaccination.

Slain Gambler Leaves Daughter Out Of Will

DENVER, Colo., Oct. 5 (UP)—The daughter of slain gambler Herbert (The Cat) Noble of Dallas, shrugged off with a curt "it makes no difference to me" the news that her father had cut her off with only \$10 in his will, probated yesterday in Dallas.

"I really hadn't thought much about it," Mrs. A. H. Leeds, Jr., the daughter, said when told of the will. "This is the first I heard of it but I feel that I'm married now. I'm not a Noble now, I'd rather depend on my husband."

Contacted at her home here last night, Mrs. Leeds said she "just couldn't tell" if she would contest the scribbled will which left the bulk of Noble's \$150,000 estate to his brother, Robert.

Noble, blasted to his death Aug. 7 by a home-made landmine at his Grapevine Ranch, had scribbled the will on a sheet of flimsy paper less than a month before he was slain. In it he asked that everything except \$10 go to "a partner who has always gone along with me right or wrong, my brother Robert Noble."

Concerning the \$10, Noble wrote "it might seem strange, but there was nothing good enough for her (Freida, the daughter) at home while Mildred and I were alive so therefore naturally there could be nothing good enough for her in

case of my death." The Mildred he referred to was his wife, slain by another bomb which also had been intended for Noble.

Several persons acquainted with the silver-haired gambler reported he was "displeased" when his daughter married Leeds, of New York, shortly before her father's death.

Leeds is a student at the University of Denver where Freida attended before her marriage.

Smith being the predominant family name in the United States. The Encyclopedia Americana points out the geographical center of the country is located in Smith County, Kansas, near Smith Center.
