### Mavericks Go Down To Lions In Hot Contest

For the first time since 1946 Eastland Mavericks let Dublin's Lions shove them down, at a game in Dublin last night. The score was 6-2 Dublin's favor.

The Mavericks' knew before hand that they were to tackle a tough group, and that their own efficiency would be reduced because of injured players. Yet they gave the winners a tough fight, and the first three quarters were held scoreless, for the boys were playing their very best.

All the scores were made in the last quarter. The game was the first conference game for the 2A-10 Dublin team, and the second game for Eastland.

The Mavericks dropped a real heart-breaker to the Lions by a score of 6-2. It was drizzling rain during most of the game, and Maverick passes were greatly handicapped. In the first half Black sparked a Maverick drive that went to the 6 yard line. It bogged down, but was the only real threat during the first half.

In the third quarter Evat ran from the 47 over the goal, but it was called back on a penalty later in the third on a pass Salzer to Pittman made 12 yards and a touchdown for the Lions.

Mavericks opened a smashing offensive in the first half of the last quarter. Evat ran from the 57 to the 11 yard line. From there the Mavericks worked the ball to the 1-2 yard line, but the ball went over on downs and Dublin took over and kicked. Mavericks then worked back to the 13 yard line when Dublin intercepted a pass. Dublin was penalized to the 1 yard line but the Mavericks caught them behind the goal for a safety.

Black, Evat and Jessop sparked a fast running game for the Mavericks. Stephen did some fine ball handling, for the field was very slick.

### Methodists to Begin Revival Sunday Morning

Revival Services begin Sunday morning at the First Methodist church with Dr. J. H. Hicks, Professor of Old Testament in Perkins School of Theology, S.M.U., doing the preaching.

At the 10:50 morning worship service the chancel choir will sing an anthem "God Is A Spirit" by Bennett. Mrs. J. P. Kilgore will play the pipe organ and include "Evening Stars" by Wagner and "Quite Moments" by Heyser in the special music. The pastor, Rev. J. Morris Bailey, will lead the worship service.

Sunday evening a special revival choir will sing. All members of the chancel, men's and youth choirs will sing for the evening services of the revival. Frank Crowell, Pat Miller, and Wendell Siebert will be leaders for the Revival Choir. Mrs. T. J. Haley will play the piano and Mrs. J. P. Kilgore the organ for all evening services at 7:30.

Sunday evening youth groups will meet at 6:30 in separate departments.

### Discharges And Resignations Hit Revenue Bureau

WASHINGTON, Oct. 27 (UP)—At least 29 officials and employees of the scandal-ridden Bureau of Internal Revenue have resigned or have been fired or suspended during the past 12 months an unofficial survey disclosed today.

Not all of them, however, necessarily are connected with the tax scandals which have popped up across the country.

The list includes six \$10,000-a-year tax collectors who were responsible for \$8,890,000,000 of the \$51,000,000,000 in taxes collected by the bureau last year.

### Eastland Pilot Gets Credit For Sinking North Korean Transport

Capt. Billy M. Jones, Eastland-born air veteran of the Korean war, said here Sunday that his blasting of a 10,000-ton North Korean transport developed into an Air Force-Navy controversy. It was soon learned, however, that the air force group was right.

Capt. Jones has been visiting his mother, Mrs. Ora B. Jones, 511 South Seaman for several days. And while in Eastland he has related accounts of several attacks and skirmishes.

Concerning the bombing of the transport the navy insisted that it could not have been a North Korean boat because it could not have passed through their blockade. It developed later that the ship did pass through the blockade.

Jones and his crew had been informed by the intelligence that six North Korean ships were in harbor, and they, as well as others wanted to make a kill. However when they got there, there was only one ship and Jones and his crew got credit for putting it out of commission.

Four A-26 twin engine attack bombers, led by Jones, set upon the transport. "My bomber," he said, set a 50-pound bomb right down the stack on the first run. Fire bombs from two other ships walked the deck and docks. We also blasted six tugs unloading the ship.

Flak from shore anti-aircraft batteries prevented Jones circling

### Little Items Of Local Interest

SFC. C. W. Pettit, army veteran, has been visiting friends and relatives in Eastland this week. His home is on N. Ammerman street. Pettit has just returned from Korea, and he says the going over there is pretty rough. He returned to Fort Sill, Friday.

Dr. and Mrs. R. N. Whitehead are attending a State Chiropractic convention at Tyler at this time. The doctor will appear on the Saturday program, while Mrs. Whitehead will attend sessions of the auxiliary.

Jim Horton is sporting a new Cadillac this week. Possibly the rains had something to do with the purchase. At any rate it is a good looking buggy, and we figure it will take him there and bring him back.

We took time out Friday to pay a visit (not professional) to Eastland's new physician and surgeon, Dr. M. A. Treadwell, who is now connected with the Caton Clinic. Doctor Treadwell, while a young man, has seen plenty service in the medical field. For three and one half years he was connected with the Scott and White hospital at Temple, which is a recommendation within itself. Later he spent 18 months in a hospital in South Japan. This, of course, at the request of Uncle Sam. Following his separation from the army he began scouting about for a location, and we feel that Eastland is fortunate in that he selected this city. Dr. Treadwell has a wife and two children. Welcome people.

### UN Offers to Give Islands For War Truce

PANMUNJOM, Korea, Oct. 27 (UP)—The United Nations offered today to withdraw from certain islands off the Communist-held Korean coast in an effort to gain the Reds' acceptance of a proposed line close to the present battlefront.

UN negotiators also offered to make "minor refinements" in their proposed cease-fire line but refused to bargain over a major withdrawal.

The Communists held out for a truce line further south in accord with their proposal Friday. But Communists' newsman who normally reflect the official Red position predicted a heavy period of horse-trading.

Actually the two proposed lines are not too far apart. There was rising but guarded optimism that a cease-fire line could be established, paving the way to the end of the war, now in its 17th month.

UN officers made it clear at the armistice subcommittee session that they could not agree to any major withdrawal from the line they proposed Thursday. This line would run along the present battlefront except for a trade of 200 square miles at each end of it.

"They said the proposal by no means represented a 'bargaining position,'" that is, an attempt to ask for more than they expected to get.

"The UN proposal is realistic," a spokesman said. "There is no substantial fat in it that can be trimmed off. Only minor refinements can be accepted."

He did not identify islands. They were presumed to be small islands close to Wonsan harbor sized by South Korean Marines under cover of U. S. warships.

Much of the meeting was devoted to the location of the battle-line as of the previous midnight. The Communists agreed with UN maps for most of the front but doubted there had been any contact north of Kumsong on the central sector.

At an altitude of 6,500 feet, his A-26 lost its elevator on a flight from Japan to North Korea. Tailless, the bomber was hurled downward, out of control, Jones said.

Jones and his three crew members bailed out over Honshu. The pilot landed at the base of a mountain. His navigator fell into tree tops, and the bombardier came down on top of a Japanese house. Jones said the gunner was found dead.

The crippled A-26, loaded with 4, 1,000 pound bombs, crashed into a Japanese farm house, Jones said. Only evidence of the crash was three gaping holes and scattered wreckage.

What's the biggest fear of Allied airmen in Korea? Jones said Chinese flak batteries. Secondly, being shot down behind enemy lines.

Jones has been awarded the Distinguished Flying Cross, the Air Medal, and a Bronze Star Medal.

The 76-year-old conservative leader, assured of a majority of 18 to 31 in the 625-seat Commons elected Thursday, summoned top men of his party to his Hyde Park Gate home. He was expected to announce a number of cabinet appointments within a few hours.

The new ministers may be sworn in at a meeting of the Privy Council under King George VI at (Continued On Page 4)

### Admitted Soviet Spy Fight Trial For Murder

AMIENS, France, Oct. 27 (UP)—A self-described Soviet spy testified today that a beautiful Russian-born woman to whom he made "passionate love" was murdered by his superior—a mysterious secret agent known to him only as "The Mongolian."

Leon Meurant, 30-year-old Belgian told his weird story of love and international intrigue in a final statement. The court rules today on whether he is guilty of slaying Madame Sauty De Chalons almost six years ago.

The body of the vivacious 30-year-old woman—daughter of a Czarist general—was found clad only in nylon panties on the Brussels to Paris highway. Meurant was picked up two months later, but the government spent years rounding up witnesses.

Meurant said he met the woman in a Brussels bar and was intimate with her in a hotel there before he started driving her to Paris with a supply of liquor in the car.

Along the way, he said, Madame De Chalons took off "all of her clothes" and draped his officer's cape around her shapely shoulders. Intimacies also took place in the car, he added.

"Later, I stopped and got out of the car to smoke a cigaret," he said. "I did not want to smoke beside the lady. At the time that did not seem right. One does not smoke beside a lady in a car in such a situation, is that not so?"

Meurant said that while smoking, he heard a noise in the car and "The Mongolian" emerged from his hiding place in the car's trunk. He said the secret agent spoke excitedly in Russian to the woman and shortly thereafter, stepped out of the car with her strangled body.

"He covered the body with sand and told me: 'You have seen nothing, drive away,'" Meurant said.

During Meurant's recital to a hushed court, the murdered woman's husband watched impassively and scribbled notes to the public prosecutor.

Petit jurors subpoenaed for service in the 91st District Court for next week have been dismissed for the entire term. The case set for Monday has been settled and all other cases have been continued until the next term of court.

### Mass for Petain Causes Near Riot

PARIS, Oct. 27 (UP)—More than 4,000 screaming fist-swinging demonstrators clashed with steel-helmeted police today at a Solemn Mass in Notre Dame Cathedral for the late Marshal Henri Philippe Petain.

Communists and De Gaullists stood shoulder to shoulder outside the 13th century cathedral and shouted protests against any ceremony for the Vichy leader, convicted of treason in World War II.

There were shouts of "down with the dirty Fascists," "Traitors" and "shame" as the bishop of Paris conducted the service before a packed audience including many dignitaries.

As the crowd surged forward on the cathedral steps, 1,500 police assisted by reserve troops methodically broke the demonstrators into small groups. There were shouts, taunts and fist fights, but the demonstrators fell back.

The governing officials of the World Health Organization have announced the establishment of an expert advisory panel for the International Pharmacopoeia. It consists of seventeen members, three of whom are from the United States.

### Highway Chairman Will Address the WTCC Meeting

AT WTCC CONVENTION—E. H. Thornton, Jr., chairman of the Texas Highway Commission, will address the 34th annual convention of the West Texas Chamber of Commerce, scheduled at Amarillo, November 14, 15 and 16. The 41-year-old Galveston attorney is expected to give some "straight talking" to West Texans about what is going to cost them to maintain and improve their highway system.

### Baptist Pastor To Be Here For Services Nov. 4

Rev. Charles Cluck of Abilene, who has been acting as supply pastor at First Baptist church here for some months, will have charge of both morning and evening services Sunday.

Sunday school and Training Union will meet at the usual hours.

Rev. C. Melvin Rathel, newly chosen pastor plans to be in Eastland about the first of November, and will have charge of Services on November 4th, it is thought.

### City Wide Golf Tournament Starts Wed.

Qualifications are being made today and can be made through Tuesday, in the City Wide Golf Tournament at the Lakeside County Club, according to Everett Plovman.

The tournament starts Wednesday, he said, and will be preceded on Tuesday night by a Calcutta pool at the golf pro shop.

### Shrine Circus at Fort Worth Bigger and Better This Year

FORT WORTH, Oct. 27—It's bigger and better than ever this year—the annual Shrine Circus coming to Will Rogers Memorial Coliseum November 16 to 25.

R. L. Carrnike, general chairman of the Moshah Temple 1951 Circus, has announced that the cast has been enlarged to include some of the top aerialist stars in the circus business.

The 1951 acts will include America's finest wild animal act, Professor George J. Keller. He will bring his African lions, tigers, leopards, jaguars, pumas and a rare black panther without the aid of a gun, chair or whip.

Other acts will include Joseph Beronini in an outstanding high wire act—Miss Beronini is the only woman in the world who walks to the high wire from the ground; the Aerial Hustries who, from a swaying perch on top of a 132-foot pole execute acts of balance as the pole sways from side to side; the Loyal Repensky Troupe, the world's original riding act, perform with beautiful girls and fine horses;

### Reds Throw Jets In Large Numbers Against UN Bombers

By Ernest Hoberrecht United Press Staff Correspondent TOKYO, Oct. 27 (UP)—United Nations planes damaged at least eight Communist jet fighters today in a series of Korean air battles which raged as far south as Chinnampo, only 50 miles from the 38th Parallel.

The Reds threw 105 Russian-MIG-15 jets against 128 UN jets and B-29 bombers in a vain attempt to break up Allied raids on the Communists' already badly damaged railway links between North Korea and Manchuria.

One B-29 was damaged, but landed safely at an Allied base in Korea.

It was the seventh straight day of dogfights over North Korea and boosted the week's toll of MIGs to 11 destroyed, five probably shot down and 26 damaged.

### Officers Elected For District FFA

The district FFA chapter met in Strawn October 23, in the Strawn high school building to elect district officers. Each chapter in the district had their delegates at the meeting.

The Ranger delegates were Byron Gailey and Roddy Carter, president and vice-president of the Ranger chapter.

The delegates elected as their president Bud Massie of Graford; vice president, Roddy Carter of Ranger; second vice president, Buster Graham of Eastland; third vice president Marvin Turner of Strawn; secretary, Buddy Aaron of Eastland; treasurer, James Marsden of Santo; reporter Byron Gailey of Ranger; Sentinel, Wilbur Atkins of Strawn; Parliamentarian, Buck Chisolm of Gordon; and Bobby Tucker of Carbon was elected to complete the district governing body for the forthcoming year.

The towns represented were Graford, Mineral Wells, Santo, Strawn, Ranger, Eastland, Carbon, Gordon, Gorman, and Huckabay.

The sermon subject for Sunday worship will be "Witnesses of Jesus." The subject for the evening worship will be "Cosmetics."

The modern church may rejoice in the fact that the Apostolic Church was so concerned with the importance of its Master that it overlooked its own significance.

Created unsettled weather conditions and thunderstorms in the Gainesville, Sherman and Bonham area, its entry point. At Bonham, 2.40 inches of rain fell by 6:30 a.m., the heaviest since June 3. Rain was still falling there at mid-morning.

A second front, too, was due to arrive tomorrow the U. S. Weather Bureau said.

As the big front passed Lubbock, the temperatures tumbled to 44 degrees. Just ahead of the air mass, Abilene had a mild 68—24 degrees higher.

At mid-morning, the front's advance was on a line from Sherman south of Abilene, into the Pecos Valley and northward across eastern New Mexico.

Behind it, Dalhart had the early morning low temperature, a wintry 36 degrees. Far down on the coast, Galveston had the high reading, 73.

Amarillo, Wichita Falls and Dalhart also got some needed moisture. 72, 57 and 37-inch, respectively. Childress received .24 inch for the past 24 hours ending at 6:30 a.m., and 10-inch or less fell at Texarkana, College Station, Waco, Fort Worth, Dallas, Lubbock, Austin, Del Rio and Tyler.

The outlook was for continued cloudy to partly cloudy skies, scattered showers and cooler temperatures.

Other low temperatures included Austin 72, Big Spring 63, Brownsville 70, Dallas 72, El Paso 52, Houston 69, San Antonio 72, Waco 71, Beaumont 67, Corpus Christi 72, Texarkana 61, Wichita Falls and Luckia 67.

On the ground, UN troops captured a key hill mass on the southeast approaches to Kumsong, former Communist central front bastion 29 miles north of the 38th Parallel.

A tank-infantry patrol simultaneously raided ruined Kumsong, now a no-man's-land, and another patrol stabbed one mile north of the city. Fanatically existing Reds destroyed two UN tanks and damaged three others in a similar raiding force Friday.

Other 8th Army units turned back Communist probing attacks northwest of Yoncheon on the western front and northwest of Yanggu on the eastern front. Those in the east were launched by up to 800 Reds.

The first show of the season fell in the east coast mountains. Five separate air battles were reported over northwest Korea during the day.

The first was touched off by eight B-29s which dropped 1,000-pound bombs on a 1,930-foot temporary bridge near Simanlu on the main railway between Manchuria and Pyongyang, the North Korean capital.

The Communist jets tried to break through a screen of 32 American Thunderjets to get at the bombers. A few slipped through and damaged at least one B-29, but the F-84s damaged eight of them and sent the remainder scurrying back to Manchuria.

Fighter-bomber rail-cutting raiders touched off four more air battles.

Thirty-two American Sabrejets damaged one MIG in the first, 16 Australian Meteor jets damaged another MIG in the second, and 32 Thunderjets got still another in the third.

Then eight MIGs pounced on eight American Shooting Star jets and chased the slower American planes all the way to Chinnampo, west coast port 25 miles southwest of Pyongyang and 50 miles above the 38th Parallel. Neither side scored any hits, however.

## POTPOURRI OR WORSE

By Major Hoopie McCorkle Telegram Philosopher

Last week we went off in a kind of tangent, and didn't have very much to say. But we promised you we would try to do better this week. So!

To begin with we want to say that the Star-Telegram has a staff writer out here the other day. We don't know how good he is and we don't care, but we learned in a very few minutes that he didn't know much about food. Of course he was young and shouldn't be expected to know too much, but he shouldn't tie into an old trooper like yours truly, the greatest connoisseur of groceries since King Tut. This fellow, who happens to be none other than our friend, Ray E. McGehee, admits he was born in East Texas. Well, we were too, but we have been trying to out-grow it for nearly sixty years, while he still seems proud of it. We just can't understand that.

He even bragged a little and said he has eaten enough black-eye peas and bacon to fill a 2-bushel out sack. And here's where we went wild. We told him that black eye peas were only weevil catchers and were good for hogs only. Also we informed him that out in West Texas, where we grew up, that red beans constituted our regular diet, and that I had consumed several tons of these beans before I knew there was anything else good to eat. About the turn of the century somebody discovered corn bread, and since that time our food problem hasn't been very serious. More power to the bean.

We attended the Cattle Growers barbecue Thursday night, and we want to say in the very beginning that for the first time since the first world war, we had all the meat we could eat. And it was good meat.

We got in line with the others, but when the colored gentleman slipped us a paper plate, along with a paper napkin, and some wooden silverware, we told him to put the side boards on. One of the servers heard the remark, and after giving us a sickly look, we heard him whisper something about glutton. Of course he probably was not referring to us, because he put the side boards on.

On one small plate we carried away one pound of barbecue, maybe a little more for we asked for a double dip of goat, a pint of gravy, 3 spoons of salad, two dippers of pickle and three onions. On top of this we added several slices of bread, only to discover we didn't have our drink. Some kind lady handed us two Cokes—went back and got more for herself, while we marched very proudly to a table where we rounded up all

the sugar and cream in sight and yelled for the coffee man.

One thoughtful gentleman after looking at this pile of groceries smiled and walked away, only to return two minutes later with a 5-pound bag of potato chips which were placed near our plate. We never saw such attentive people. They probably took us for a timid new-comer and just wanted to make a good impression for the home town. After we got home our wife informed us that timidly wasn't what they thought—that they took us for a plain darn fool, and an egotistical glutton. These wives are awful funny at times. They get some of the craziest ideas

What's wrong with eating when you are hungry? We paid for it—that is we paid a dollar, though we bought a bargain. So if they ask us for two dollars next time we'll just pay off and say nothing about it. They sure lost money on us this time.

And while we were enjoying the food we couldn't help feeling sorry for the poor Russians. They never had anything like this in their lives, for if they had they wouldn't be Russians or Reds either. Even uncle Jo might be induced to quit the fort if he could get a job on some good West Texas ranch where barbecue is served. Take a 100 pounds of good barbecue over there, put out a dozen sandwiches and let all the others have a good smell and there wouldn't be any population left except war prisoners who couldn't escape. Yes sir, you could lead them right into the Atlantic ocean. Such a plan would be better and cheaper than atomic bombs.

CAIRO, Egypt, Oct. 27 (UP)—Authorities clamped a new state of emergency on Cairo today to combat threatened demonstrations against Winston Churchill.

over Churchill's election as British Prime Minister yesterday. The election was regarded as a severe blow against Egypt's efforts to oust the British from the Suez Canal Zone and the Anglo-Egyptian Sudan.

The independent weekly Akhbar El Yom said if Churchill used force in Egypt, he would ignite World War III and "dig a grave for himself and his country in Egypt."

(London announced that British troops shot and killed an Egyptian truckdriver in the Suez Canal Zone Thursday when he attempted to force a Briton off the road.)

The Egyptian press declared unanimously that Churchill's rejection to power will not frighten

into compromising their national demands.

"No power on earth, no matter how potent, can subject 100,000,000 people to its will or force them to be friendly without the consent," said the newspaper Akhram.

For the first time, it compared Egypt's battle with India's passive resistance campaign that forced the British to give that nation its independence. Egypt, likewise, has embarked on a non-cooperation program with the British.

The first official government reaction to Churchill's election came from Interior Minister Foad Seraf El-Din. He said Egypt was not interested in a change of personalities but in a change of policy.

## LEGAL NOTICE

### ORDER AND NOTICE OF ELECTION FOR THE RE-ALLOCATION OF CERTAIN COUNTY TAXES THE STATE OF TEXAS COUNTY OF EASTLAND

On this the 11th day of October, 1951, the Commissioners Court of Eastland County, Texas, convened in regular session at a regular term of said Court at the regular meeting place in the Courthouse in Eastland, Texas, the County Seat of said County, with the following members present, viz:

John S. Hart, County Judge; T. E. Castleberry, Commissioner Precinct No. 1; A. M. Thurman, Commissioner Precinct No. 2; Henry M. Carter, Commissioner Precinct No. 3; W. V. Love, County Clerk, with Arch Biat, Commissioner Precinct No. 4 absent, and passed the following order:

It appears that at the general election held in and throughout the State of Texas on the 7th day of November, 1944, the qualified electors of the State, voting on the proposition, approved the amendment to Section 9 of Article 8 of the Constitution of Texas by changing said Section 9 so as to provide that the Commissioners Court in any County may re-allocate the County tax levies authorized in said Section by changing the rates provided for any of the purposes authorized in said section (except the 15¢ voted road maintenance tax) by either increasing or decreasing the same, but in no event shall the total of such taxes exceed Eighty Cents (80¢) on the One Hundred Dollars valuation for any one year (excluding the 15¢ voted road maintenance tax), but that before such Commissioners may make such re-allocations and changes in such levies the same shall be submitted to the qualified property tax-paying voters of such County at a general or special election and shall be approved by a majority of the qualified property tax-paying voters, voting at such election, and in event such re-allocation and changes in such County tax levies are approved by the qualified property tax-paying voters of any such County, such re-allocations and changes shall remain in force and effect for a period of six years from the date of the election, at which, same shall have been approved, unless the same again shall have been changed by a majority of the qualified property tax-paying voters of such County, voting on the proposition, after submission by the Commissioners Court at a general or special election for that purpose;

And it further appears that it will be to the best interest and general welfare of the County to re-allocate the County taxes authorized to be levied annually by

Section 9 of Article 8 of the Constitution, by changing the rates in respect of certain County taxes as herein provided, and that it is accordingly the judgment of the Court that the proposition should be submitted to the qualified property tax-paying voters of said County at a special election;

THEREFORE, BE IT ORDERED BY THE COMMISSIONERS COURT OF EASTLAND COUNTY, TEXAS:

That a special election be held in said County on the 13th day of November, 1951, which is not less than thirty days from the date of the adoption of this Order, at which election the following proposition shall be submitted to the qualified tax-paying voters, who own taxable property in said County and who have duly rendered the same for taxation, for their action thereupon;

Shall the Commissioners Court of Eastland County, Texas, be authorized to levy and collect in and for each of the years 1952 to 1957, both inclusive the following County taxes to-wit:

Not exceeding Thirty-five (35¢) cents on the One Hundred Dollars valuation of taxable property, in any one year, for County purposes;

Not exceeding Twenty-five (25¢) cents on the One Hundred Dollars valuation of taxable property, in any one year, for roads and bridges;

Not exceeding Five (5¢) cents on the One Hundred Dollars valuation of taxable property in any one year, to supplement the jury fund of the County; and

Not exceeding Fifteen (15¢) cents on the One Hundred Dollars valuation of taxable property, in any one year, for the erection of public buildings, streets, sewers, waterworks and other permanent improvements.

Nothing herein shall be construed as rescinding or in any manner affecting the power and authority of the Commissioners Court of said County to continue the annual levy of the tax not exceeding Fifteen (15¢) cents on the One Hundred Dollars valuation of taxable property for the further maintenance of the public roads of said County pursuant to authority heretofore or hereafter conferred upon the Commissioners Court by a majority of the qualified property tax-paying voters of the County voting at an election heretofore held for that purpose.

Said election shall be held under the provisions of the constitution and laws of the State of Texas, particularly amended Section 9 of Article 8 of the Constitution and Section 3-a of Article 6 of the Constitution, and all

persons who are legal voters of Eastland County and who are resident property taxpayers of said County, and who have duly rendered their property for taxation, shall be entitled to vote at said election.

All voters who desire to support the proposition shall have written or printed on their ballots the words:

"FOR THE RE-ALLOCATION OF COUNTY TAXES UNDER LIMITATIONS AND IN THE MANNER PROVIDED FOR IN SECTION 9 OF ARTICLE 8 OF THE CONSTITUTION OF TEXAS."

AND those opposed thereto shall have written or printed on their ballots the words:

"AGAINST THE RE-ALLOCATION OF COUNTY TAXES UNDER THE LIMITATIONS AND IN THE MANNER PROVIDED FOR IN SECTION 9 OF ARTICLE 8 OF THE CONSTITUTION OF TEXAS."

The polling places and presiding officers of said election shall be respectively as follows, to-wit:

In Voting Precinct No. 1 at the Courthouse in the Justice of Peace Office, Eastland, Texas, with E. C. Satterwhite, Presiding Judge;

In Voting Precinct No. 2 at the City Hall, Eastland, Texas, with J. C. Allison, Presiding Judge;

In Voting Precinct No. 26 at the School Building, Desdemona, Texas, with L. E. Clark, Presiding Judge;

In Voting Precinct No. 27 at the Tabernacle, Sabanna, Texas, with Edwin Erwin, Presiding Judge;

The hereinbefore named presiding officers, also such other presiding officers as may serve in lieu of any of these who do not serve, are hereby authorized and

directed to appoint such additional judges and clerks as may be needed in holding said election.

The manner of holding said election shall be governed by the laws of Texas regulating general elections.

A copy of this order, signed by the County Judge, shall serve as proper and sufficient notice of said election, and notice of said election shall be given by posting a copy of this order in each of the election precincts of Eastland County, and one at the Courthouse Door of said County at least thirty days before the date of said election, also by publication of such notice in some newspaper of general circulation in said County on the same week-day once each week for four successive weeks, the first publication to be at least thirty days before the date of said election; and the County Clerk is hereby authorized and directed to cause

such notices to be posted and published as herein set out.

The foregoing order was read and it was moved by Commissioner THURMAN and seconded by Commissioner CARTER that it be passed, and upon the question being called, it was passed, the vote being as follows:

Commissioners CASTLEBERRY, THURMAN and CARTER voting AYE and no one voting NO.

### Eva Peron Favors Egyptian Fight

BUENOS AIRES, ARGENTINA Oct. 27 (UP)—Eva Peron, wife of President Juan D. Peron, expressed her admiration today for the Arab world's fight "for justice and freedom."

The statement came in a special preface she has written for an Arabic translation of her autobiography "The Reason for My Life."

Mrs. Peron said she wished to send the Arab peoples "my voice of encouragement hope and faith, telling them through this book of love and indignation: The night is over and the dawn is near."

Egyptian Ambassador Assan Moharran Bey thanked the Argentine people in a message last night for their support of his nation in its current dispute with Britain.

### New Government

(Continued From Page 1)

Buckingham Palace this afternoon.

Among those who went to see Churchill were Anthony Eden, the party's deputy leader and almost certain choice for Foreign Secretary; Sir David Maxwell-Fyfe, likely Labor Minister, and Oliver Lyttelton, possibly the next Chancellor of the Exchequer or Production Minister.

A British move for a Truman-Stalin-Churchill conference was believed just around the corner.

The opposition labor party at the same time found itself hopelessly divided in a struggle for power between moderate Socialist Clement R. Attlee, who resigned last night after six years as Prime Minister, and American-baiting Aneurin Bevan.

The Daily Herald, organ of the Labor Party, shattered the election honeymoon of the two factions today.

It charged that Bevan's resignation from the Labor government to lead the party's rebellious left wing had wrecked Socialist chances for victory.

The standing after 620 districts had reported was: Conservatives 319, Labor 294, Liberals 5, and Irish Nationalists 2. That gave the Conservatives a majority of 18.

Of the five districts still to report, two voted last year as Conservative, two labor and one liberal. If they follow this same pattern in the current election, it would reduce the Conservative majority to 17.

However, Churchill already has indicated he may invite the Liberals to join the Conservatives in a national government. That would boost the government majority to 29.

Moreover, the two Irish nationalist members traditionally refuse

to take their seats in Commons as a protest against the division of northern and southern Ireland, and this would up Churchill's working majority to a maximum of 31.

Although the Conservatives licked the Labor Party in the race for seats in Commons, they failed to get as large a popular vote. The Labor Party so far has polled 254,616 more votes than the Tories.

The 76-year-old Churchill became prime minister last night when he kissed the hand of the King at Buckingham Palace in response to King George's request that he form a new government. He had received a similar mandate from the King in 1940 in the dark early days of World War II.

Churchill made only one statement in answer to the acclaim that came his way yesterday—a warning that the way ahead will not be easy.

"There lie before us hard times," he said. "I have seen worse and had worse to face. I don't doubt that we shall come through."

CONVENIENT, MONTHLY INCOME Yes, it's convenient to have a monthly income, and a good dairy program comes nearer providing a regular income than most any other farm enterprise. Dairying builds the farm, the community and the city. Texas is rapidly becoming a dairy state and we have the natural conditions for milk production. We have a mild climate with good pastures most months of the year, and high producing cows can be purchased right here in Texas. An improved pasture is the proved way to obtain high milk production at the lowest cost for labor and feed. With a good pasture less land is required to grow any roughage or grains required. Your County Agent is a good man to talk to about your dairy herd. He can help you make more milk money. Eastland National Bank WALTER MURRAY, President GUY PARKER, Vice President, BILL DOSS, Asst. ## Three Top-Ranked Teams Favored in Games Saturday

NEW YORK, Oct. 27 (UP)—Tennessee, Michigan State and Illinois—the nation's three top-ranked teams—face easy pickings (they hope) today on a college football program highlighted by an Ivy League meeting of the unbeaten between Cornell and Princeton.

Cornell and Princeton, both undefeated in four games, were rated even for their battle at Princeton, N. J., as the staid old Ivy League gets one of its rare opportunities to present the game of the day.

The Tigers, seeking their 17th straight victory over three seasons, will pit the offensive threat or versatile Dick Kazmaier against the depth-laden backfield strength of Cornell, led by quarterback Rocco Calvo.

Tennessee, ranked first nationally, was a prohibitive choice to make Tennessee Tech its fifth straight victim at Knoxville; Michigan State, ranked second, was favored by 21 points over Pittsburgh in an intersectional clash at East Lansing, Mich.; and third-ranked Illinois was a 13-point pick over Indiana in a Big Ten game at Bloomington, Ind.

Among the other remaining undefeated teams, Northwestern and Stanford were listed as underdogs, while Baylor was even-money in its Southwest Conference game against Texas A&M. Wisconsin was favored by seven over Northwestern in the Big Ten and Washington by six over Stanford in the Pacific Coast Conference.

Maryland, Georgia Tech, and Cincinnati were favored to preserve their unbeaten records. Maryland met Louisiana State; Georgia Tech played Vanderbilt; and Cincinnati met Texas Western.

In other intersectional games, fifth-ranked Southern California was favored by 14 over Texas Christian; Georgia was 21 over Boston College, and Arkansas 14 over Santa Clara.

Michigan, the Big Ten leader, was favored by 14 over Minnesota, and Ohio State was 13 over Iowa, while Purdue was a 14-point underdog against North Dakota in a non-conference game. Oklahoma was a 13-point kick over Colorado in the Big Seven's

## Kentucky Players Admit More Fixes

NEW YORK, Oct. 27 (UP)—Three former Kentucky basketball stars, indicted for shaving the points in a game against Loyola of Chicago in 1949, also received "bonuses" for going over the point-spread in three other games that season.

District Attorney Frank Hogan of New York disclosed yesterday that All Americans Alex Groza and Ralph Beard and team mate Dale Barnstable received \$100 each for "extra efforts to go over the point-spreads" in 1949 games against DePaul at Chicago, Vanderbilt at Nashville, Tenn. and St. John's at New York.

The three players and five accused bribers were indicted yesterday for fixing the outcome of Kentucky's game against Loyola in the 1949 National Invitation Tournament. The indictments charged Groza received \$1,000 and Beard and Barnstable \$500 each. The eight accused men were released on bail.

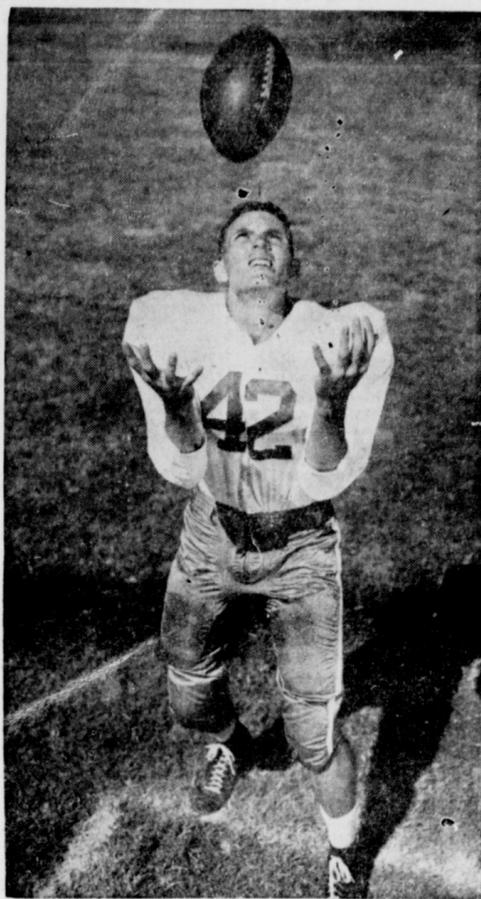

Hogan also revealed that gamblers had approached the players with bribe offers to "dump" six other games during the 1948-49 season. The games were against Tulane and St. Louis University in the 1948 Sugar Bowl Tournament at New Orleans, and against Bradley at Owensboro, Ky.; Notre Dame at Louisville, Ky.; Bowling Green at Cleveland, and Xavier at Cincinnati, O.

Hogan said there was evidence that the gamblers and players dickered over fixing those games, but the deals never were made.

The fixers indicted were the English brothers, Anthony and Nick; Saul Feinberg, Marvin Mansberg and Nate Brown. All but Brown allegedly were involved in the Bradley-Bowling Green fix of 1949.

top game, while Kansas was 20 over Kansas State, and Nebraska and Missouri were rated even. Texas was favored over Rice.

In major games played last night, Don Babers completed 26 out of 48 passes, throwing for two touchdowns and running for another, as he led Oklahoma A&M to a 20-7 victory over Detroit; Frank Smith and Johnny Melear led Miami to a 20-7 triumph over Mississippi and San Francisco remained undefeated by trimming San Diego Navy, 26-7.

BOBBY DILLON Texas

**ALL-AMERICAN ACE**—Rated all-America in pre-season forecasts, Bobby Dillon of Texas is living up to that reputation with outstanding defensive play from his safety position. He was named the nation's top defensive back by the Associated Press the week of the Oklahoma game. One of the fastest performers on the Texas squad he has returned 6 punts 92 yards and three intercepted passes 33 yards. One of the Texas co-captains, he will lead the Steers against Rice this week.

## NTSC Golfers Dominate The Mexican Tourney

MEXICO CITY, Oct. 27 (UP)—Texas dominated the Mexican Amateur Golf Tournament here today as defending champion Joe Conrad of North Texas State College and two of his teammates headed down the quarter-final stretch.

Conrad defeated another NTSC player, Don January, 2 and 1, yesterday to remain in the running.

Frank Stranahan, twice winner of the British Amateur Championship, easily beat Oklahoma title list Chris Gers, 3 and 2. U. S. Amateur champion Billy Maxwell, another Denton team member, also pulled through, winning 3 and 2 from Ed Hall of Brownville, Tex.

Buster Reed of NTSC defeated Armando Rivero of Mexico City, 2 and 1. Only one Mexican 20-year-old Gabriel Belmont, stayed in the tourney play. He was victorious over Billy Erfuth of Dallas, 1 up.

Walker Cupper Dale Morey of Dallas fainted from heat exhaustion on the 14th hole in his match with Alex Cumming of Mexico

City, but recovered and won 3 and 2. Dick Perk of Indianapolis defeated Raleigh Selby of Houston 2 and 1, and Norman Lewis, another Houston player, former Mexican champion, beat Carlos Belmont 3 and 2.

The greatest altitude at which men can live without wearing an oxygen mask varies considerably depending upon one's physical condition and the length of his stay at the high altitude, but above 15,000-20,000 feet the oxygen in the air is not sufficient to maintain life.

In 1950 a total of 129 forest fires out of 3,838 on protected forest lands in California were caused by the lumbering industry.

## Upset Epidemic Hits Texas High School Football

By United Press  
The upset epidemic which rocked collegiate football last week struck at the Texas schoolboy ranks last night, leaving seven perfect record clubs in its wake and rattling a couple more with ties.

Biggest name to topple was Odessa, generally rated the No. 1 team in the Class 4-A ranks, as the Pampa Harvesters rolled up a two touchdown lead in the first half and held on grimly in the rain to win a district game, 14-7. Odessa was unbeaten, but had been tied. Pampa's record remained intact.

But the Broncs had plenty of company. Gladwater, one of Class 3-A's high-rated outfits, fell before once-beaten Longview 13-6 in another district contest.

And, Arlington, considered the prime class 2-A favorite, was brushed aside by once-beaten Terrell 24-14. Only other casualty in Class 2-A was Center, which was tied 13-13 by once-beaten Jacksonville in still another tie encounter.

In Class A, four teams dropped out as Abilene Wylie remained among the select group with a 6-0 win over previously unbeaten-untied Cross Plains, Merkel upset Roscoe 25-14, Premont bowled over Mathis 49-19 and Pearsall upset Carrizo Springs 20-14.

In addition, Elkhart, which had been tied, had to be content with a scoreless draw with Rusk. Meanwhile, the state's other powers rolled on. Lubbock blasted San Angelo 40-6, Corpus Christi Ray beat Austin 20-0 and Houston Lamar stopped Houston Davis 40-7 to remain unbeaten-untied in 4-A.

Stephenville stopped Cleburne 40-21, Grand Prairie nosed out Irving 20-13 and Palestine nipped Lufkin 26-21 to keep clean records in Class 3-A, where Temple's once-beaten Wildcats still reign supreme with a 46-14 win over Corsicana.

Stamford, Anson, La Vega, Lampasas, Gonzales and Cuero remained unbeaten-untied with wins last night while La Marque and La Porte were idle. Unbeaten but tied beside Center were Shamrock, Dumas, Brownfield, Lockhart, Bay City and Pittsburg, all of which saw action last night except Brownfield.

Canadian, Dimmitt, Abernathy, Iraan, Wink, Eldorado, Eden, Newcastle, Whitney, Farmersville, Hughes Springs, Hawkins Giddings and Hondo won to stay unbeaten and untied in Class A, while Wilmer-Hutchins and Taft kept pace with Elkhart among those unbeaten but tied.

## AFL Builders May Back GOP In Next Presidential Race

WASHINGTON, Oct. 27 (UP)—The AFL Building and Trades department has assailed the Democratic administration's "terrible labor record" and suggested that a vote for Republicans next year might be in order.

Its position was outlined in the monthly bulletin of the Building Trades Department, which represents 3,000,000 of the AFL's 8,000,000 members.

The union's president is Richard P. Gray and its secretary-treasurer is Joseph D. Keenan, who, until recently, headed the AFL's political league which went down the line for Democratic candidates in 1950.

The bulletin said the Taft-Hartley law—which may have hurt the building traders perhaps more than any other labor group—was not repealed "simply because the present administration did not want the law repealed."

It said President Truman asked for civil rights legislation at the same time that he sought repeal of the labor law. Neither request was "seriously pushed," it said, and "it appears that administration leaders knew beforehand that neither law would be acted upon."

The bulletin said the administration's "two-sided labor policy" also has been illustrated by the fact the administration led the labor department be "emasculated" and the Federal Housing Authority has failed to require payment of "prevailing wages" on construction financed by FHA-guaranteed loans.

The bulletin cautioned building tradesmen "not to delude ourselves about the Republicans—we could never get outright repeal of the Taft-Hartley Law."

But it said there is one "very meritorious point" to voting for the GOP in next year's elections. "It would force the Democrats to respect us and after four years we would then be in a very advantageous position to obtain our demands."

CHRISTIAN SCIENCE SERVICE Mankind shall continue to learn the spiritual facts of being ill until here or hereafter they arrive at the absolute understanding demonstration of the perfection of the sons of God, says the Lesson-Sermon titled "Probation after Death" to be read in all Christian Science churches on Sunday, October 28. That this conclusion is reached individually when it understood is considered in the Golden Text: "The hour is coming and now is, when the dead shall hear the voices of the Son of God; and they that hear shall live (John 5:25)."

This citation from Jeremiah further illustrates the point: "I the Lord search the heart, I try the reins, even to give every man according to his ways, and according to the fruit of his doings." And that death is of no particular benefit or help to man in attaining this perfection is clearly seen in the correlative citation from the Christian Science text-

book "Science and Health with Keys to the Scriptures" by Mary Baker Eddy: "If the change called death destroyed the belief in sin, sickness, and death, happiness would be won at the moment of dissolution, and be forever permanent; but this is not so. Perfection is gained only by perfection" (p. 290).

NEWS FROM Desdemona

MISSIONARIES VISIT CHURCH AT DESDEMONA

Rev. and Mrs. C. W. McCullough, foreign missionaries from Columbia, visited the Desdemona Baptist church Sunday and Sunday night.

The McCulloughs live on the San Andrai Islands off the coast of Columbia. Several rolls of interesting pictures, concerning their work in this area were shown. These pictures portrayed events in every day life on the islands.

Quite a crowd were present to enjoy the pictures and hear the interesting talk about inhabitants, animal and vegetation in Columbia.

Health in this community is reported only fair at this writing. Dick Owens is quite ill in the hospital in Gorman.

Mr. and Mrs. James LeMater and children of Ft. Worth, were weekend guests in the home of his parents, Mr. and Mrs. Scott LeMater.

James reported that his brother, Scotie, is still in Baylor hospital where he is recovering from burns sustained in July.

Mrs. Wayne McIntosh is visiting with her brother and family, Mr. and Mrs. M. Roberts.

Mr. and Mrs. Alf (Tude) Keith of Clairette, visited Thursday with his brother, Major Keith and family.

Mrs. J. C. Lee was hostess to a wedding shower, honoring Mr. and Mrs. L. V. Luker, Monday. Despite the inclement weather quite a number of visitors were present, and many useful gifts were presented to the newly weds. The community joins in wishing for them a long and happy married life.

Quite a nice rain fell Monday night, and was appreciated by cattlemen, as water was beginning to be a problem.
