### Around The Square

With Mack

A lot of curious things are going on, many of which we do not understand. We don't know too much about radio, and less about radar. Television is a complete mystery though we have spent many dollars trying to figure how a picture can float through the air hit a high pole and run down a wire into the house and flatten out in good shape. If the picture happens to be a man's picture, he will likely say, good evening and start a sales talk on the value of some particular soap. And it is all so natural you can even smell the soap.

This is funny business. Won't you go until a fellow can't "cuss" his wife without his neighbors hearing him. Now they are making machines to spot criminals. The sheriff will put one of these sets in his office, lean back in his swivel chair and take it easy. About every thirty minutes he will spin the machine around a time or so and see everything that is going on within a radius of a 100 mile area. If he spots a criminal in action all he will have to do is focus the machine on him and freeze him in his tracks. When he gets time he will go out and chop him down and take him to jail for a general thawing.

This will work a hardship on lawyers as they will not be able to manufacture any evidence in the jail without the sheriff "knowing all" and "seeing all." That's awful, so far as we are concerned.

Matter of fact all this stuff sounds like hokey to us, or maybe Latin. You Latin speakers will remember the amo, amas, and amat stuff. This kind of rhymes with radio, radar, radium. Scars us to think about it—much less touch it. Why, most anything you see these days may explode without the slightest warning. Fact is it's getting to the point where it's dangerous to be safe. Sometimes we feel like getting out of circulation, completely. But we can't think of a place to go. Once we thought we would dig a deep tunnel under some good, religious church. One that is free from backsliders and hypocrites, but so far we haven't found that kind of a church. But with this atom bomb and hydrogen bomb business the tunnel would afford very little protection. So the idea has been abandoned. We will just go into the main auditorium and take our chances with the hypocrites and backsliders. For there is one thing sure we won't be bothered with shaking them off, after the bomb explodes. The Creator will take care of this separating business. Sheep will be taken up and goats will go down.

We know we will never understand a lot of this "funny business", but we can remain on the "Sheep" side, and by so doing make arrangements for eternity, whether we consume any great percentage of time here on earth or not.

Right now we have a wonderful artificial rain story that will make good reading if this rain will just let up. People are not interested in artificial rain when Jupiter Pluvius is pouring rain down from the heavens. It takes a hot summer day at a time the thermometer is standing at 107 in the shade, and your parched field are dying from thirst. Then you will consider any kind of rain.

If this little flood we are now having blows over we will likely have something more to say about this artificial product. If not we will "bug" our turnip patch. We think they like greens better than we do.

### Public Invited To Baptist Cantata, Sunday

A Christmas Cantata, "Prepare Him Room" by Rosemary Hadler will be presented at 7:30 p. m., December 16, by the choir at the First Baptist church.

W. G. Womack will be the director and Mrs. Donald Kinnaird the organist.

The public was given a cordial invitation to attend.

### Auto Must Pass Test Before New Plates Obtained

AUSTIN, Dec. 14 — Homer Garrison Jr., Director of the Texas Department of Public Safety, announced today that his Department has just issued the first certificates of appointment as authorized motor vehicle inspection stations under the State's new vehicle inspection law.

Three hundred applicants were included in the initial list and an additional 3200 are currently in the process of issuance.

Garrison estimates that actual inspection of autos will get under way by some of these stations during Christmas week and he urged all automobile owners to get their inspections as soon as a location is approved and licensed in their vicinity in order that the big rush may be avoided just prior to April 1, 1952. The new law requires that a vehicle must pass inspection before it can be registered. The 1952 registration year begins April 1st.

George Busby, Chief of the Public Safety's newly organized Motor Vehicle Inspection, also appealed to motorists to have a preliminary check of the safety features of their regular mechanic pending the actual inspection by an official station. He pointed out that it is not wise to assume that your auto will necessarily pass the tests because it is new.

"A little research has shown us," Busby said, "that approximately fifty percent of brand new autos would fail to pass the tests because of a need for some minor adjustments such as headlights or wheel alignment.

"The first few miles of road use," he continued, "plus the new metal parts of the auto often work together to throw some of these parts out of adjustment and a pre-check by your mechanic will easily assure you that your auto will pass inspection."

Busby also pointed out to owners of new and old autos as well that only the safety features of the vehicles will be inspected. These include brakes, lights, horn, windshield wipers, etc.

### 4-H Clubs Will Gather Sat. For All Day Program

The Eastland County Boy's and Girl's 4-H Clubs are having their Annual Rally Day in Eastland on Saturday, December 15 at 10:00 a. m. According to C. V. Whitaker, Assistant County Agricultural Agent.

This event has been held in the spring before but the County 4-H Committee, decided to change it to the fall. This is the day that all 4-H members meet in Eastland for the awarding of Medals and Pins to those who won them on their past work.

The morning program will be in the Lyric Theatre where County Judge John Hart will present the Awards. The 4-H members will put on a talent show during the morning program.

At noon a picnic lunch will be spread at the City Park and the afternoon program will be held at the City Park.

Everyone is invited to attend any or all of the program.

### Little Items Of Local Interest

H. L. Baker of Paris, Texas, passed away at his home in that city Thursday, December 12, following a severe heart attack. He was a brother-in-law of Mrs. B. W. Patterson of this city.

Sheriff Frank Tucker is recovering from an operation at Ranger General hospital. He has been removed to his home in Eastland, and is doing very nicely, and will likely be on the streets at an early date.

The weekly auction sale at the Sig Faircloth sales barn this week was well attended, according to reports reaching this publication. Quite a large showing of cattle was made. Buying was brisk and there was a demand for all types of cattle.

Rainfall in Eastland Thursday afternoon and night totalled .17 inches. In some section of the county the precipitation was considerably more, while in other parts there was no rain reported.

LEADING JET ACE—Maj. George A. Davis, Jr., of Lubbock, Texas, shown in the cockpit of his F-86 Sabrejet after earlier kills, shot down two more Communist MIG-15 fighters to become the world's leading jet ace with 10 planes to his credit. Maj. Davis is with the 5th Air Force now stationed in Korea. (NEA Telephoto).

### Clean-Up Drive Is Instituted; Must Cooperate

A special clean-up campaign has been instituted in Eastland, following the announcements of Eastland's first polio case this week.

The campaign will be conducted in a similar manner to the regular annual Spring campaign. An announcement signed by the City Commission appears in today's Telegram.

It is pointed out that a 100 per cent cooperation of the citizens in Eastland is expected. Trash, bottles, cans and rubbish of all kinds must be cared for, at once. Ninety-one per cent of homes in the city have sewer connections. A few homes have cesspools while some dry closets are yet to be found.

An extensive inspection will be made immediately, and those who are not complying with the city's ordinances will be compelled to do so.

### Drunk Charged With Shoplifting Now In Bastile

Shoplifters are becoming aware of the Christmas season and at least one member of that fraternity is resting in the Eastland county jail, awaiting action of the grand jury.

According to arresting officers he is not a new offender in this section, and has been a county boarder on other occasions. This time, it appears he took a knife and clock from an Eastland drug store. Shortly afterward police picked him up on a drunkenness charge, and later discovered the shoplifting, when a second charge was filed.

### New Chrysler Is Car Of Beauty; Changes Noted

Refinements throughout the line, rather than revolutionary engineering innovations, characterize Chrysler's 1952 models, which will be on display in dealer's show-rooms throughout the country December 14. There are two fundamental reasons why changes are less sweeping than generally is the case with the introduction of a new Chrysler line, it is explained by Joseph A. O'Malley, general sales manager of Chrysler Division, Chrysler Corporation.

"The demands of the rearmament program have created a situation in the machine tool industry that would preclude the extensive tooling program entailed by drastic model changes," says Mr. O'Malley.

"The tremendous public reception of the 1951 cars, plus the shortage of materials prevented our coming anywhere near filling the demand for them this year and we carry into 1952 a bank of orders that will be augmented by the improvements in our new line. We believe that our current vehicles are far ahead of the times."

The number of body styles offered by Chrysler has been considerably reduced by eliminating those of smaller production and those that are approximated by others retained in the line. Despite this reduction, however, there remain 18 body styles, so that the customer has a wide selection.

Longer life, improved economy and greater scuff resistance result from the use of the new chromium-plated piston rings and new wide-slot oil rings. Improved cooling in the six-cylinder models is accomplished by seven pound pressure release vent radiator cap which lessens the possibility of coolant loss due to boiling.

Hydraguide steering, which proved to be one of the most popular engineering advances ever offered by Chrysler, will be available also on the 1952 Windsor and Windsor Deluxe lines.

Smarter exterior appearance results from the use of new wheel covers and a new tail light. In all models except the Imperial and Crown Imperial the ornamentation of the wheel cover is limited to a beaded ring just inside the tire valve opening and a raised center hub incorporating three concentric stepped rings. The wheel cover is of stainless steel.

The new tail light used on all models save the Imperial and Crown Imperial projects from the fender and contains an integral back-up light, eliminating the separate back-up lights used on 1951 models.

A new interior styling is used for Imperial models. A three-pillow bolster at the front edge of the seats and with 2 3/8 inch pleats The door panel and front seat back each carries a band of vertical 2 3/8 inch pleats across the center of the panel. A chrome molding is used both above and below.

Thirteen solid colors and six two-tone paint combinations are offered.

### Mrs. H. Warner Dies In Hospital At Gorman

Mrs. Hugo Warner, age 69, long-time resident of Eastland County, passed away December 12, at the Gorman hospital after a short illness. She is survived by her husband, Hugo H. Warner, four daughters, seven grandchildren and five great-grandchildren. Funeral services were to be conducted at 2:30 this afternoon at the Church of the Nazarene with her pastor, Wm. C. Emberton, in charge, assisted by Rev. Tickner and Rev. D. M. Drake. Interment was to be at the Carbon Cemetery.

### Mrs. Wickinzer Passes Away In Phoenix, Ariz.

Mrs. C. D. Everton, 201 Olive street in Eastland has received word that her sister, Mrs. Joe Wickinzer, 63, passed away yesterday at her home in Phoenix, Ariz. She died following a severe heart attack possibly aggravated by the breaking of one of her limbs.

She resided in Eastland for many years and will be remembered as Miss Cora Warren. She is a sister of Singer H. M. (Bud) Warren.

Mrs. Wickinzer recently visited friends and relatives in Eastland.

### MYF Members Are Asked To Report At Church Sat.

"All members of the Methodist Youth Fellowship are reminded to report at the Methodist Church at 9 o'clock Saturday morning to begin the drive for the collection of clothing, food, and toys for the needy, according to Mr. and Mrs. J. M. Cooper, senior counselors.

## UN Truce Team Will Study Latest Proposals By Reds

PANMUNJOM, Korea, Dec. 14 (UP) — The Communists backed down slightly today and offered to permit limited troop rotation during a Korean armistice, but the Allies suspected the offer contained hidden pitfalls.

The Reds also made two other seemingly concessions to American demands in presenting a new six-point compromise program for policing an armistice.

The proposals submitted to a joint subcommittee at first glance appeared to open the way to agreement after 17 days of stalemate, but United Nations delegate Maj. Gen. Howard M. Turner said:

"From the perusal we were able to make in one hour of the new Communist proposal, we were unable to detect any major change in its effect over the proposal the Communists submitted on Dec. 3.

"We asked them many questions, the answers to most of which were extremely evasive. We are going

to study it further for any gimmicks it might contain."

In another subcommittee, the Communists for the first time offered they held fewer than 50,000 Allied war prisoners, including South Koreans. Altogether nearly 100,000 Allied troops—including 11,000 Americans—are missing in action in Korea.

A UN communique said the Reds also made clear:

1. They will not agree to any visits by the International Red Cross to prison camps because this "is beyond the scope of the agenda."

2. Although the Communists now have official lists of UN prisoners in their hands, they will not make them available unless and until the UN command "blindly accepts" the Communist demand for the release of all prisoners held by both sides.

North Korean Maj. Gen. Lee Song Cho protested the Allied proposal for a man-for-man exchange

of prisoners would leave a "great majority" of the 120,000 or more Communist prisoners in Allied hands until a final peace settlement.

U. S. Rear Admiral R. E. Libby suggested the Reds were reluctant to disclose the names and whereabouts of UN prisoners because they were ashamed of the fact the list "contains just a handful of names."

At the same time, the voice of the United Nations command suggested in a broadcast from Tokyo that the Reds had refused to permit Red Cross representatives to visit their prison camps because they fear the conditions which would be disclosed.

In the keep-the-truce subcommittee, the Communists for the first time gave up their demand for a total ban on replacement of American combat troops who have been in Korea for a year with fresh troops.

## Truman Pushing Cleanup Plans

### County Farmer Ends Own Life

Charles Walker, 50, a farmer residing in Long Branch community southwest of Eastland, was found dead in his barn at an early hour Thursday. A verdict of suicide was rendered by Justice of the Peace Will Brown, of Cisco, who made an investigation.

His body was found by a daughter after the family became alarmed upon his failure to return to the house. A bullet had entered his right temple, passed through his head and came out through the left temple. A .22 rifle was found nearby.

Members of the family reported that he had been despondent since early September, because of short crops and other set-backs. He arose at 5 o'clock in the morning, as was his custom, and went to the barn and milked. He returned from the barn, washed his hands and left again. When he failed to return, a search was made, with the result a daughter found the crumpled body just inside the barn.

He leaves to mourn his loss a wife and several children.

### Amputee Prepares Home For Bride

SAN ANTONIO, Dec. 14 (UP) — A Marine veteran who lost both arms and both legs in Korea began a three-week vacation today by planning the home he will build for his bride-to-be.

Sgt. Werner Reininger, visiting his parents here, said he planned to marry Miss Jeanette Stretton of San Francisco as soon as possible, probably in June.

The Marine hero, who lost his hands because of frostbite and his feet in a Communist attack, said he would live in San Antonio after he marries the 21-year-old girl he won on his return from the front.

He has been offered a job by the Veterans' Administration, he said.

Reininger said his amputations sometimes embarrass him when he is with young people or the very old—"only the middle-aged seem to understand."

But he said the only time he became despondent over his wounds was the day he met Jeanette.

"I knew she was the girl I wanted and I was afraid she wouldn't accept me," he said. He grinned and added, "but she did."

### Bad Landing

SOUTHERN PINES, N. C., Dec. 14 (UP)—Caught in a cross current while demonstrating a "Para-Pilot" before Danish and Norwegian Air Force staff officers here, Maj. Willard (Tex) Young, veteran of 168 parachute jumps, missed his target on the 19th, landed in the front yard of the president of the local Chamber of Commerce.

### State Hi-Y At Austin Watching Democracy Work

AUSTIN, Dec. 14 (UP)—More than 200 Texas high school students knickered through capitol corridors today as they knuckled down to a three-day practical lesson in what makes Democracy tick.

Gov. Allan Shivers headed a list of high state officials scheduled to address the opening session of the YMCA's fifth annual Hi-Y Legislature.

Three boys and one girl noisily campaigned for governor as a record-breaking number of 'teen-agers prepared to ballot on their choice for the 'state's' highest office.

The candidates were Sarah Davis Corpus Christi; Ray Harvey, Tyler; Carl Paschetag, Beaumont, and Ray Farabee, Wichita Falls. The winner will succeed Sue Etchison, McAllen, as governor of the Hi-Y conference.

A hopper full of bills was ready for floor debate and eventual action. These included measures calling for a high school course on narcotics, establishment of a state board of narcotics, and substitution of the gas chamber for the electric chair in carrying out the death penalty.

### Tropical Storms Spare Philippines A Second Blow

MANILA, P. I., Dec. 14 (UP) — Two tropical storms churning toward the Philippines veered to sea today sparing the islands where 690 persons already have been killed by a typhoon.

The Manila Weather Bureau said typhoon "Amy", which struck the islands earlier this week, and typhoon "Eabs" would hit Luzon only with tailwinds.

Typhoon "Amy" slashed across the Philippines leaving an unofficial total of 690. Press reports said the death toll on Leyte Island alone was 462. The typhoon roared into the China Sea and then turned and headed back toward the islands, but today's reports said it would not hit them full on.

This apparently accounted for the wide divergence in the attitude of Mr. Truman and McArthur toward Caudle. McArthur told the House investigators he knew nothing about the "outside activities" of Caudle which the president found incompatible with his official duties. Mr. Truman, when asked about McArthur's testimony, replied sternly that he does not keep books for McArthur, only for himself.

When it was noted that McArthur said he saw nothing wrong about Caudle's activities, Mr. Truman said quickly that no government employe should have outside interests and he is going to do something about it.

In his state of the union message to Congress next month, the president will propose long-range remedies and safeguards against corruption by requesting some new legislation. He probably will repeat his request that Congress provide for a public declaration of income by all federal officials making more than \$10,000 a year—including members of congress and the judiciary.

Mr. Truman proposed a similar plan earlier this year, but it never came about.

### McGrath's Job Getting Less Secure Daily

WASHINGTON, Dec. 14 (UP) — President Truman pushed ahead today to get his government clean up campaign in full swing as reports persisted that Attorney General J. Howard McGrath's job is getting increasingly less secure.

Mr. Truman hoped to complete his housecleaning plan by Sunday. However, some members of his staff believed he would not announce the blueprint of his "new and drastic" action until next week.

Although the president told newsmen yesterday he knew of no pending cabinet changes, a new development came to light in the relations between Mr. Truman and McGrath.

It was learned of unimpeachable authority that the president had conducted an independent investigation of T. Lamar Caudle, the ousted assistant attorney general, without McGrath's knowledge.

This source said Mr. Truman referred to this investigation when he told reporters that he had been on to Caudle and was ready to fire him before Caudle popped up as the key figure in the tax scandal inquiry by a House Ways and Means Subcommittee.

A high official and intimate of the president said Mr. Truman learned through independent channels of Caudle's activities while heading the Justice Department's tax division. Mr. Truman determined to fire Caudle if these reports were true.

The presidential intimate said Mr. Truman ordered an investigation entirely independent of the Justice Department. Proceeding through rather unusual channels required more time than an ordinary investigation process, this source said, but within 48 hours after the president received a report convincing him that the preliminary story of Caudle's outside activities was true, he ordered McGrath to get Caudle's resignation immediately.

This apparently accounted for the wide divergence in the attitude of Mr. Truman and McArthur toward Caudle. McArthur told the House investigators he knew nothing about the "outside activities" of Caudle which the president found incompatible with his official duties. Mr. Truman, when asked about McArthur's testimony, replied sternly that he does not keep books for McArthur, only for himself.

When it was noted that McArthur said he saw nothing wrong about Caudle's activities, Mr. Truman said quickly that no government employe should have outside interests and he is going to do something about it.

In his state of the union message to Congress next month, the president will propose long-range remedies and safeguards against corruption by requesting some new legislation. He probably will repeat his request that Congress provide for a public declaration of income by all federal officials making more than \$10,000 a year—including members of congress and the judiciary.

Mr. Truman proposed a similar plan earlier this year, but it never came about.

## Texas City Man Arrested With \$1000 In Jewels

GALVESTON, Dec. 14 (UP)—A technical charge of vagrancy today held a 26-year-old Texas City man in custody for the FBI after he was arrested carrying a paper bag filled with \$1,000 of jewelry.

The jewelry was identified as that stolen from the Post Exchange at Ellington Air Force Base at Houston last Wednesday and FBI agent John Franklin said he would file charges of theft of government property against George A. Hendricks.

Detective T. Caniff arrested Hendricks yesterday on a tip by an informer. The paper sack contained men's and ladies' watches, cigarette lighters, rings, wedding bands, cameras and miscellaneous jewelry.

Texas City police said Hendricks was free on \$2,000 bond in connection with swindling and burglary of a Texas City auto supply store where he once was employed. He was bound over to a grand jury after a preliminary hearing before Justice of the Peace J. P. Reddell of Texas City, Dec. 6.

## Highway Landing

BEDFORD, Ind., Dec. 14 (UP)—The pilots of two Army L-16 liaison planes noticed their gas supplies were running low yesterday and landed the planes safely on a highway near here.

Lts. Bernell V. Shaw and Larry blumenthal of Ft. Campbell, Ky., then taxied the planes to the nearest filling station, chatted with attendants while the gas tanks were filled, and then resumed their flight from Edgewood Arsenal, Md., to San Antonio, Tex.

## Christmas Dinner Of Martha Dorcus Class Held In Methodist Church

Members of the Martha Dorcus Class had a buffet dinner and Christmas party Wednesday evening in the church parlor of the First Methodist church.

Mrs. Claud Boles, president, presided and collected the gifts for the basket the group are giving for Christmas. She opened the program with the singing of "Silent Night," led by Mrs. A. F. Taylor, with Mrs. T. M. Collie at the piano.

Mrs. W. P. Leslie presented Mrs. Joe Stephen, who told a Chinese Christmas story titled, "God Knew What to Send."

An exchange of gifts was made from the gayly lighted Christmas tree. The room was beautifully decorated in the holiday theme for the occasion.

Hostesses were Mmes. Boles, J. C. Looney, George I. Lane, W. B. Harris, J. H. Parker and H. H. Hardeman.

Others present were Mmes. C. W. Young, Frank Castleberry, Roy Stokes, Guy Quinn, Ora B. Jones, E. Roy Townsend, E. M. Grimes, Mabie McWhorter, Fred Davenport, B. O. Harrell, C. H. McBee, Howard Brock, Miss Patsy Young and Dick Galoway of Andrews, young grandson of Mr. and Mrs. W. B. Harris.

The time and place of the Wedding will be announced later.

Miss Parsons is presently employed by the Southwestern Bell Telephone Company.

Sgt. Watson, son of Mr. and Mrs. James W. Watson, 1720 West Commerce Street is now stationed at Otis Air Force Base at Falmouth, Mass.

#### Personals

Rev. Alfred Nelson and Mr. and Mrs. T. M. Alford visited Mrs. Alford's nephew, Johnny Wilson, Wednesday night in Hendrick's Memorial hospital in Abilene.

He was injured in a car accident last Sunday.

Sgt. Donald Kinnaird, Jr., who has been stationed at Fort Ord, Calif., is spending a 30 day leave visiting his parents, and will report to Fort Sill, Oklahoma where he will attend Officers Candidate School.

#### Rita Walks Out

HOLLYWOOD, Dec. 14 (UP)—Rita Hayworth was bounced off the payroll at Columbia Movie studio today for refusing to work in her comeback picture four days before it was to go before the cameras.

But the titian-haired star, a princess by virtue of her now broken marriage to Indian Potentate Aly Khan, replied she was "ready and willing" to start work on the film—"as soon as I can see exactly what I am going to do."

Miss Hayworth walked out on the film yesterday, announcing she would not work until she saw a complete script of the picture, "Affair In Trinidad."

### Christmas In Art And Song Given On Program At Club Meeting

Mrs. Joseph M. Perkins told of the artist, Constantino Brumidi, who is called by Myrtle Cheney Murdock, "The Michealangelo of the United States Capitol," Wednesday afternoon on the welfare program of the Civic League and Garden club.

Mrs. Murdock, after having made a study of Brumidi's painting which are on the walls of the famous rooms and halls of the capitol building in Washington, D. C., finally tracked down his family history and found that he was born in Italy and had spent 25 years painting the murals and Madonnas and other scenes portraying the history of our country, Mrs. Perkins said.

She told of other treasure store houses in New York, mentioning the Metropolitan Museum, The Cloisters, the Melon Museum and of the Kress collection of famous paintings, Mrs. Perkins' subject was "Christmas in Fine Arts."

W. H. Stanley presented the Eastland high school A Cappella Choir and gave a review of its' history. He told that the choir was the project of W. G. Womack, superintendent of the Eastland schools and told of its' organization last year and of the

place it has taken in the schools' program.

They sang, "We Deck the Halls," "Joy to the World," "God Rest You Merry Gentlemen," "Song of Mary," with Heidi Throne as soloist, and completed their program with, "Silent Night."

Mrs. Samuel Bauer, president, presided over the business session and appointed a committee to serve with the committees of other organizations in caring for the under privileged of Eastland at Christmas time. She expressed ap-

preciation of the group's co-operation in serving as hostesses at the hospital site.

Hostess and program committee were Mmes. Marshall Fox, Wendell Siebert, Ruth Poe Herring, D. E. Frazer, and Cecil Colings.

Mrs. Fox presided over the refreshment table and poured hot spiced tea and was assisted in serving by Mmes. Siebert and Frazer. The table, attractive in its white Maderia linen cloth was centered with a Christmas arrangement of colorful balls and greenery centered with candles.

A large gaily lighted Christmas tree formed a background for the Christmas program.

## Yanks Leading Tennis Matches

MELBOURNE, Australia, Dec. 14 (UP)—Ted Schroeder and Tony Trabert moved the United States into the 40th Davis Cup challenge round today by belting Sweden out of the international competition.

Schroeder, 30-year-old refrigeration expert from La Crescenta, Calif., and Trabert, 21-year-old Naval Reservist from Cincinnati, O., were merciless to Norwegians Lennart Bergelin and Sven Davidsson for the second straight

day of cup interzone final matches.

The rangy veteran and the crew-cut youngster, who needed only one more victory in Koo-yong Stadium to clinch the interzones, walloped Sweden's best doubles combination, 10-12, 6-0, 6-3, 6-2.

Today's doubles victory combined with yesterday's two American triumphs in singles knocked out Sweden, winner of the European group ties in 1951 cup competition.

The two remaining singles matches of the best-of-five Swedish-American series will be played tomorrow but they have been reduced to the status of exhibitions after the two days of tennis carnage wrought by the two "slambang" Americans.

A delighted Frank Shields, U. S. non-playing captain who was criticized by some observers for choosing Schroeder and Trabert to meet the Swedes, said he would likely announce his challenge round team tomorrow.

## Educators Study Football Program

WASHINGTON, Dec. 14 (UP)—A financial limit on aid to athletes will be a chief point to be considered when the 10-man committee of college presidents investigating athletics meets here again on Jan. 6.

The committee, appointed by the American Council on Education, announced that forthcoming topic at the same time that it suggested four sweeping reforms to be made in college sports.

These points, announced yesterday by committee chairman Dr. John A. Hannah, president of Michigan State were: 1, a limit to the football season, which Hannah said would mean "out go the bowls;" 2, regulation of athletic scholarships by the regular scholarship board instead of the athletic department; 3, forcing athletes to make "normal progress" toward a degree taking "legitimate courses in a prescribed curriculum;" and 4, elimination of freshmen from varsity teams.

The group proposed that the five regional accrediting groups which have the power to remove approval of college diplomas be asked to police the new code. These groups are the North Cen-

## Texas Cranes In New Orleans

NEW ORLEANS, La., Dec. 14 (UP)—Crip and Josephine were on their way here to begin a second honeymoon amid the roman-

tic aroma of wisteria and magnolia blossoms today as nervous officials tried one more time to preserve the vanishing whooping cranes.

The two ungainly birds, part of the last surviving flock of 27 whoopers left the Aransas Wild Life Refuge at Austwell, Texas, last night in a panel truck especially prepared for crane transportation. The birds are worth \$12,

000 apiece. George Douglas, director of the Audubon Park Zoo here, won permission from the U. S. Fish and Wildlife Service to bring Crip and Josephine to her New Orleans home.

Douglas said he believed he might be able to obtain a second successful mating of the pair at Audubon. So far, they have pro-

duced one offspring—the only baby whooping crane ever born in captivity.

Julian Howard, director of the Aransas Refuge, called for help from his superiors when he heard that Douglas was to reclaim the female bird borrowed from the New Orleans Zoo in 1948.

**NOTICE**  
SPECIAL CLEAN-UP CAMPAIGN

We have started a clean-up campaign in the city, the same as we have each Spring. We had our first case of polio in Eastland reported yesterday. This clean-up campaign requires the cooperation of every citizen. Empty bottles and cans are a serious hazard. Chicken houses must be cleaned daily, and disinfected, either with lime or some other disinfectant. Please have all your trash put in containers, and put out so our special trash trucks can pick same up. These special trucks will make only one round, and will start out on Wednesday of next week, December 19th. THIS REQUIRES IMMEDIATE ATTENTION.

Ninety-one percent of the homes in the city have sewers. There are eighty homes that do not have sewer connection. A few of these have cess-pools, and these must be kept in good condition. Quite a number of the dry closets are not up to specifications. The pits should be five to six foot deep, properly vented and fly-proof. We are making personal inspections of all parts of the city, to see that all existing health hazards are corrected. We solicit your whole-hearted cooperation.

**PROVE YOUR FINANCIAL RESPONSIBILITY**  
under the new Texas Motor Vehicle Safety Responsibility Law with AUTO LIABILITY INSURANCE!

Under this new law, your driver's license and registrations will be suspended following an accident in which persons are injured or killed, or property is damaged in excess of \$100, if you fail to deposit security with the State as proof of your financial responsibility to satisfy any judgments that may result from the accident.

(Security as proof of financial responsibility is an automobile liability insurance policy, or a bond, or up to \$15,000 in cash or in securities.)

The least expensive and most practical way to avoid suspension of your driver's license under this law, is to have an Auto Liability Insurance policy to file as security to prove your financial responsibility.

Make the 2-Way Test—Prove MERCURY Best!

① **Road Test** a Mercury for proof of performance!  
Mercury's got a way about it that has captured the hearts of thousands. For Mercury has what it takes: High-compression power from a hustling, V-type, eight-cylinder engine. Road-hugging balance that spells comfort and confidence wherever you go. Prize-winning economy that keeps upkeep low and miles-per-gallon high. Stop at our showroom today. You, too, will fall in love with Mercury.

② **Budget Test** a Mercury for proof of Value!  
Does it have a down-to-earth first price? Mercury's price tag you can understand—a big dollar's worth for every dollar invested.  
Is it famous for long life? It is indeed! 92% of all Mercurys ever built for use in this country are still on the road, according to latest annual official registration figures.  
Will trade-in value stay high? Mercurys continue to keep their value year after year; used car market reports consistently prove it.  
Does it represent solid value? Mercury owners say YES! So will you when you get the story from your Mercury dealer. See him soon.

**3-WAY CHOICE!** For "the drive of your life" Mercury offers you a triple choice in dependable transmissions: Merc-O-Matic Drive, the new simpler, smoother, more efficient automatic transmission—or Thrifty Touch-O-Matic Overdrive are optional at extra cost. There's also slant-axle synchronized standard transmission.
