### Around The Square

With Mack

A good Texan will take a lot of abuse, before he gets up on his hind legs and declares himself, but once he does this, his abusers had better catch air. Right now the bone of contention seems to be "automobile examinations." And if anyone is dumb enough to think this chunk of ill-advised legislation is going to be popularized they just have another think coming.

An extension of time has been given, with a hope that it would act as kind of hypodermic to dull the pain, and that soon people would forget. But for once the hyper doesn't seem to be effective. This law applies to young and old rich and poor, with the teeth biting in the poor man's direction. At least he is the fellow who pays, off if any paying is to be done.

In looking over our exchanges we find that people all over the state hold views to those expressed in this column. An Abilene woman says "car inspection law" is funnier than the comics. "More people are going to have wrecks trying to get off the road for the new cars than if you just leave the old cars alone," says one woman. "If the big shots like the new law and don't like our old cars, then let them buy all of our new cars and we will like the law too."

A man from Tuscola says the legislature is trying to impose on honest, law abiding citizens of Texas what they call "Automobile Safety Inspection Law". Why not call it by its right name, "The Automobile Inspection Craft?" For it does open the door to anyone in the automobile repair business for graft, to his heart's content, if he so chooses."

T. M. Collie, Eastland county legislator, has opposed the law from the first, but he is a minority member, and there was nothing he could do about it.

We haven't had much winter weather, but it won't be long before it will be time to start gardens. Ours will likely get frozen out, as usual, but if we get as much as an inch of rain we're going to start. Usually we plant an assortment of vegetables, but this time we may go all out for the lowly Irish potato. People those things have gone sky high—10c a pound. We have bought better ones for 1c a pound, and may see the day when we can do it again. One cent a pound is too cheap, but the Lord knows 10c a pound is too much for spuds.

We have Harry to thank for this. We had plenty potatoes and to spare until Harry spent some of our withholding tax for potatoes and made fertilizer out of them, or dumped them into the Atlantic ocean. He was anxious to get rid of them, as long as hungry Americans didn't get hold of them. If that denotes intelligence, then we are glad we are an idiot. An idiot would not steal food from hungry babies but it seems some politicians will.

Maybe Harry figures if he can get us hungry enough we will vote for him for reelection, and join his legion of dole seekers. Not us Harry, we will never change until mesquite beans and prickly-pear play out, and not then if we can go down and see our brother-in-law in Kaufman county, and pick up a few swamp rabbits and a little poke salad.

Harry we used to think you were just playing jokes on the people, but we have about decided there is no joke about it—you just don't know any better. We are sure glad they are not all like you.

### UN Forces Beat Off 3 Light Probing Attacks

8th ARMY HEADQUARTERS, Korea, (UP)—United Nations forces beat off three light Communist probing attacks on the east coast today, but activity slackened all along the 145-mile front.

All three attacks south of Kosong were repulsed before dawn, an 8th Army communique reported. The only other action noted in the communique was a 90-minute fight between a UN patrol and 50 Communists entrenched in bunkers west of the Mundung Valley on the east-central front.

In the air, 5th Air Force fighters and fighter-bombers struck deep into North Korea. They destroyed four locomotives and 25 railway cars and on rail lines—100 places despite harassing attacks by Communist MIG-15 jet fighters.

American Sabrejets screening the slower attack planes intercepted altogether more than 200 MIGs north of Sinanju in "MIG Alley." Brief firing exchanges were reported, but no damage was claimed.

Night bombers and fighters spotted more than 1,100 trucks moving supplies to the Communist front and destroyed more than 100 of them.

Maxine Harbin

Miss Maxine Harbin, daughter of Mr. and Mrs. Wylie Harbin of Eastland, has been selected as Miss Eastland for the fourth consecutive year, and will represent this city as "Eastland Cowgirl Sweetheart" at the Fort Worth Fat Stock Show. During the past four years while attending High School here, she has been a Sub-Deb member, took part in the Junior Play, Queen's Coronation, a member of F.H.A. Club, Majorette for 1 year, band member for two years and a member of the choir for two years. She will head the parade in Fort Worth on February 1st, which is Eastland Day at the Fat Stock Show.

### UT Professor At Galveston Died Yesterday

GALVESTON, Jan. 18 (UP)—Dr. Byron Hendrix, 65, professor of Chemistry at the University of Texas Medical Branch here, died at John Sealy Hospital here yesterday after an illness of several weeks.

Dr. Hendrix had been on the Medical faculty 30 years. He was former chairman of the Bio-Chemistry department. He had conducted classes until he became ill recently.

### Little Items Of Local Interest

Henry Pullman is taking on a complete stock of television sets, and plans to see that those little entertainers are given a fair try-out in this section. Several new sets have been installed in Eastland since Christmas, and others will likely follow.

Dry weather is beginning to pinch, and unless the rain man gets busy pretty soon, spring gardening may pass unnoticed.

In a letter to his parents, this week, Roy Lane, Jr., informed them that he has been promoted to sergeant and that his K. P. days are over. Roy is stationed at Mitchell Field, N. Y.

An air mail, special delivery letter hit the editor's desk early today. The letter was from Capt. F. James Dabney, Brooklyn, N. Y. The letter was short, but to the point, as it contained a cartoon clipped from the New York Mirror, depicting the taxing elements in the country. Federals have just about closed all the fields so far as state and county are concerned. Drop by if you wish to see it.

### Ranger Airman Crewmember Plane Making Impressive Service Record

Sergeant Wyatt Davenport, son of Mrs. Chaney Jones and a grandson of Mrs. S. A. Landers of Ranger, is a crew member on a Douglas C-124A that received a quite a bit of acclaim for breaking what is believed to be an Air Force record, in piling up an impressive 801 flying hours on each of its four original Pratt & Whitney engines.

The record breaking troop carrier was the second plane of its type to be assigned to the squadron, the Castle Air Force Base's Second Strategic Support Squadron. Other members of the crew who have been responsible for the maintenance, since it arrived from the factory, August 31, 1950, are T-Sgt. Howard M. Topham, crew chief and T-Sgt. Cecil F. Wilson, assistant crew chief.

When the aircraft landed at Castle Air Force Base in California January 3 of this year, the 147th airplane had made eight overseas trips, logging more

### Mavericks Will Play Comanche There Tonight

Eastland's Mavericks, boys and girls, will go to Comanche tonight for two highly important games. The girls' club seems to be in fair shape, and are expected to win their game. However, Doug Williamson, one of Eastland's best basketball players, is in the hospital at this time, recovering from major surgery, and his absence will likely be felt.

Coch Hooker stated early today that he has two good substitutes, Bobby Pittman and Stanley Harris, and he still predicts victory for the boys.

Quite a few people from the city will likely be in attendance.

### French Plans Bomb Convoy

HANOI, Indo-China, (UP)—French planes fire-bombed a human supply train carrying ammunition and food today to Communist rebels besieging the French held fortress of Hoa Binh.

A French field headquarters communique said the Communists had drafted 150,000 to 200,000 Chinese coolies to carry ammunition, food and medicine from Red China to the fighting front.

The communique said the slow moving human column was an easy target for French fighter and bomber planes which pounded it with flaming napalm bombs as it moved across the open plains of Indo-China.

Headquarters said enemy pressure around Hoa Binh and Colonial Highway Six had eased off but fighting was reported from south and central Viet Nam.

A rebel radio broadcast yesterday celebrated the fifth anniversary of the recognition of the Viet Minh government by Soviet Russia and Red China.

### Mangum Singing Well Attended

The singing and pie supper at Mangum Baptist church Thursday night was well attended, stated Sheriff Frank Tucker, today. In fact only about half the crowd was able to get in the building, while scores and maybe hundreds remained outside.

Those present enjoyed the affair, including the pies, cakes and hot coffee served during the evening. Despite the large attendance there was food for all and plenty left over.

### San Antonio Has Grain Warehouse In Recent Scandal

SAN ANTONIO, Jan. 18 (UP)—The Department of Agriculture yesterday named the E. and S. Bonded Warehouse of San Antonio as one of the firms charged with shortages of government stored grain, but Bradford Miller, assistant U. S. District Attorney said the firm is "still under investigation."

Miller said the Department of Justice has not brought suit against the firm because the case is still being prepared.

In Dallas, Commodity Credit Corporation officials said they had no knowledge of a suit or charge against the firm. They said information on the alleged shortage of \$150,000 in sorghum grains stored at the warehouse had been turned over to the Department of Justice.

In Washington, the U. S. Department of Agriculture identified the firm as one of the businesses charged with converting government stored grain to private use.

### Regular Third Sunday Singing

The regular third Sunday afternoon singing will meet at the Church of God in Eastland Sunday, January 20 at 2:00 p.m. Everyone is invited to attend and sing from the new Stamps' Quartet Music Books.

### Funeral Mrs. Z. S. Cook, Wed.

Funeral services were held Wednesday afternoon at 2:30 in Eastland for Mrs. Z. S. Cook, who passed away Tuesday morning following an illness of many months duration. Services were conducted in the Gorman Methodist church.

She is survived by her husband Z. S. Cook of Gorman; three sons, Z. W. of Olden, E. H. of Carbon and Selman of Gorman; three daughters, Mrs. Zelma Sadler of Ranger, Mrs. Delma Grice of Gorman and Mrs. Mary Ruth Blackshear of Ballinger, and fourteen grandchildren. She is also survived by her mother, Mrs. W. M. Hagar of Eastland; two brothers, three sisters, and a host of other relatives and friends.

### Muirhead Will Show New Buick On Saturday

The spotlights have been turned on the 1952 line of Buicks with the new Airpower carburetor, described by Buick engineers as the greatest improvement in carburetion in a decade. The Buick may be seen tomorrow (Saturday) on the floors of Muirhead Motor Co., on West Main, in Eastland.

In speaking of the new car Mr. Muirhead states that it is in a class all its own. It is freshly restyled inside and out, and includes 16 body styles, four horsepower ratings and four wheelbases. Eight models are offered in the Special Series and four each in the Super and custom-built Roadmaster series.

Power steering, which takes most of the effort out of driving, is offered as an option on the Roadmaster. New and bigger front wheel brakes are featured on all models.

Style-wise the 1952 Buick is new from every angle. New rear fender ornaments, smartly styled in chrome, and a higher rear deck lid on the Super and Roadmaster series, raise the silhouette of the rear section. The new trunk lid provides seven per cent more room in the luggage compartment. Rear fender ornaments also are featured on the Special Series.

New high luster, stainless steel wheel covers, embossed with the Buick emblem in the center, add a further touch of distinction to the 1952 line.

Buick's new four-barrel Airpower carburetor consists of two dual carburetors built into a single, compact unit for maximum efficiency.

The primary carburetor is complete within itself and functions at all times. The secondary carburetor contains only an idle system and a main metering system. It supplements the primary carburetor when maximum acceleration and speed are desired, giving the engine a "second wind" for greater performance.

All cars in the Super and Special Series are powered with the high performance F-263 valve-in-head Fireball-eight engine which develops 128 horse-power with Dynaflo. With synco-mesh transmission, the horsepower rating is 124 in the Super and 120 in the Special. All engines, except those in the Special models with synco-mesh transmission, have hydraulic valve lifters for quieter, more efficient performance.

Buick Easy-Eye glass, which reduces road glare, is offered as an option on all models.

Numerous changes also have been made in the interior appointments of the 1952 line, featuring many distinctive two-tone combinations in both leather and cloth. Steering wheels in red, green or blue, to match the interior colors, are featured on five models in the Roadmaster and Super Series.

## Reds Told They Must Release All UN POW's

### Yankee Wants Wife To Go To Hell With Him

DALLAS, Jan. 18 (UP)—A Yankee immigrant to Texas was in the county jail here today—not because he wants to go to hell, but because he wants to take his wife along.

The prisoner told Judge Bill Richburg yesterday that he beat his wife because she insisted on going to church.

"I want to go to hell," he told the judge, "and I want my wife to go along. So I give her a whipping every time she tries to sneak off to church. I figure if I keep her out of church, she'll go to hell for sure."

Richburg was curious, but the 52-year-old man refused to give his reasons for preferring the warmer afterlife. He did, however manage a rather uncomplimentary comparison between Dallas and the inferno.

"How long have you lived in Dallas?" the judge asked.

"I have never lived in Dallas," the defendant answered. "I have suffered here for a number of years."

Richburg praised the woman's determination to go to church despite her husband's persuasive arguments with a broomstick.

He ordered the man to jail, but wouldn't let the wife go along.

### Egypt Threatens Action if Other Nations Interfere

PARIS, Jan. 18 (UP)—Egypt threatened today to seek Security Council action if the U. S., France and Turkey send troops to the Suez Canal Zone in response to Winston Churchill's appeal.

A spokesman for Egyptian Foreign Minister Salah El Din Pasha said Egypt also would invoke the mutual security pact of the seven Arab states if Churchill's call were accepted.

The British prime minister proposed the dispatch of token American, French and Turkish forces to join the British army in the Canal zone in a speech before the U. S. congress yesterday.

In Egypt, the government proclaimed a nation-wide state of emergency from dawn in an attempt to curb any violent demonstrations that might be touched off by Churchill's request.

But the first official Egyptian reaction to the Churchill speech came in the form of a communique from the Egyptian delegation to the United Nations, headed by Foreign Minister Salah El Din.

The communique said Churchill's proposal constituted an "attempt on the sovereignty of Egypt (which is carried out would) seriously compromise the security of the Middle East."

It described the move as a "new pretext for the presence of British force in Egypt."

### Some ROK Army Prisoners Now In Red Forces

PANMUNJOM, Korea, Jan. 18 (UP)—The United Nations accused the Communists today of trying to keep 50,000 impressed South Korean war prisoners in the Red armies after an armistice.

Rear Admiral R. E. Libby said the Communists also apparently intend to detain indefinitely an undetermined number of civilian internees.

By contrast, he said, the Allies will release all 116,000 Communist war prisoners after a truce and give them a choice whether they wish to return home or stay in Allied territory.

Libby blisteringly charged the Communists with bad faith during another "no progress" meeting of the armistice subcommittee trying to arrange an exchange of war prisoners.

A second subcommittee was still stalemated by a Communist refusal to consider a ban on military airfield construction during a truce. However, both subcommittees will meet again at 11 a.m. Saturday (9 p.m. today EST).

UN and Communist liaison officers at the same time went back to the village of Yurang in the Kaesong neutral zone for a second on-the-spot investigation of Red charges that an allied plane dropped a bomb there Thursday.

The UN team brought back twisted bits of metal—presumably part of a bomb casing—from the site Thursday. The bomb caused no damage or casualties, but left a crater 25 feet in diameter and eight feet deep.

Libby categorically denied Communist charges that the Allies will detain any war prisoners after an armistice has been signed.

### Former Attorney Acquitted Of Bribery Charges

DALLAS, Jan. 18 (UP)—Alvin H. Lane, one-time Sen. Robert A. Taft backer, announced last night he is switching to Gen. Dwight D. Eisenhower for the presidential nomination on the Republican ticket.

Lane was the GOP candidate for governor in 1948 and also was a delegate to the party's National Convention that year when he cast his vote for Taft as GOP presidential candidate.

Describing both the Ohio Senator and Eisenhower as "great Americans," Lane added "the election this year is our last chance to stem the tide of socialism—and when we have a man of Gen. Eisenhower's stature—it would be foolhardy not to nominate him as our candidate."

The Dallas attorney said he didn't believe a "middle-of-the-road" candidate can win this election without carrying some southern states.

"It is — my opinion that no candidate whose nickname is 'Mr. Republican' (Taft) can carry a single southern state."

### Dallas Man Named Envoy To Turkey

WASHINGTON, Jan. 18 (UP)—A Dallas man, George C. McGhee, former assistant secretary of state, was confirmed yesterday by the Senate as ambassador to Turkey.

The Senate also approved the appointment of Adm. Raymond A. Spruance, whose U. S. Fifth Fleet won the first battle of the Philippine seas, to be ambassador to the Philippines. Edward J. Sparks of New York was approved as ambassador to Bolivia.

Spruance, now 66, was the Navy's youngest four-star Admiral during World War II. He never lost a battle.

### Clayton Rand Says

"LEARNIN' 'EM SO LITTLE"

The city of Los Angeles school system, already being turned wrong side out by its critics, went "to the foot of the class" in a recent examination.

A questionnaire was submitted to 11,000 junior high school students. Eighteen percent didn't know how many months there are in the year, 16 percent didn't know how many 3-cent stamps one can buy for 75 cents, 5 percent failed to answer correctly the question, "What is one half of 70?" and 3 percent couldn't even tell time.

The biggest percentage of failure, 62 percent, could not say whether CIO President Philip Murray was associated with the unions or the Standard Oil Company and 50 percent did not know how many U. S. Senators are permitted for each state. Maybe, the present school curricula, under what is called "progressive" educational methods, is training the rising generation to run our bureaucratic government.

Showing off her history class before the board of trustees the teacher asked, "Who wrote the Declaration of Independence?" When no pupil had the answer, one of the trustees said, "I don't know who done it, but that cross-eyed boy could have—he looks guilty."

The main difference between the modern system and the "Little Red School on the hill" is that "they're teachin' 'em so much now and learnin' 'em so little."

Ride The "ROCKET" And Save Osborne Motor Company, Eastland

### Workers Needed Tonight At The Hospital Site

Workers are wanted tonight at the Eastland Memorial Hospital site, M. H. Perry, construction chairman said today.

Work is progressing nicely and many loyal workers are reporting each evening he said.

Work will begin about the same time 6:30 p.m. or shortly afterward.

### Texas Dies In Ohio Air Crash

ROME, N. Y., Jan. 18 (UP)—Sgt. Jack B. Nichols, 30, Overton, Texas, died yesterday when an Air Force B-17 crashed in an open field near here.

Also killed in the crash was Lt. Wayne A. Schobert, 31, the pilot of Owensville, O. Five other crewmen were injured.

The plane narrowly missed an apartment development, and burst into flames when it hit the ground.

### Olden Hornets Play Scranton Friday Night

Olden Hornets (boys and girls) will play Scranton in the Olden gym this evening at 7:00 p.m., when two hotly contested games are expected.

Scranton is a heavy contender for district honors, and will no doubt give their very best. Coaches Hilliard and Weaver insist that you be present to back the Hornets.

### STRAW VOTE BALLOT

While reserving the right to change my mind, if I desire to do so, I feel at this time I would support the following candidate for the presidency:

..... Texas

GENERAL EISENHOWER

HARRY TRUMAN or one of his heirs.

Scratch one name and return this ballot to the Eastland Telegram, either by mail or drop in ballot box at this office.

Signed .....

### Cuts Silhouettes To Earn Living

Ricnard Weichert, 36, deaf-mute, who is a professional silhouette cutter, will be at Burr's store in Eastland, Saturday. He travels over Texas and adjoining states each year, earning a livelihood from his work. It is said he is pretty good at the trade, and can as a rule, cut one silhouette per minute.

He will go to Ft. Worth and will be on hand at the Stock Show from Jan. 25 to Feb. 3.

For Good Used Cars (Trade-ins on the New Olds) Osborne Motor Company, Eastland

### EASTLAND TELEGRAM AND WEEKLY CHRONICLE

Eastland County Record, established in 1931, consolidated Aug. 31, 1951. Chronicle established 1887, Telegram established 1923. Entered as second class matter at the Postoffice at Eastland, Texas, under the act of Congress of March 3, 1879.

#### Your Slip Is Showing

WASHINGTON, Jan. 18 (UP)—Newsmen frequently get copies of speeches in advance of delivery.

The Office of Price Stabilization issued one yesterday with this preface: "The following are excerpts from an extemporaneous speech by Edward F. Phelps, Jr., assistant director, Office of Price Stabilization, at the luncheon session of the National American Wholesale Grocers Association convention, Ambassador Hotel, Atlantic City, Jan. 18, 1952."

Sulphur better than 99.5 per cent pure come from the brimstone mines of Louisiana and Texas.

### County Judge To Hustle Votes For Governor Lane

NEW ORLEANS, Jan. 18 (UP)—Robert F. Kennon set out today to muster enough support to defeat the hand-picked candidate of Gov. Earl K. Long in a primary runoff election Feb. 19. Kennon's opponent, Carlos Spaht, predicted he would defeat the county judge and "poor man's candidate" despite the support pledged Kennon by five defeated opponents.

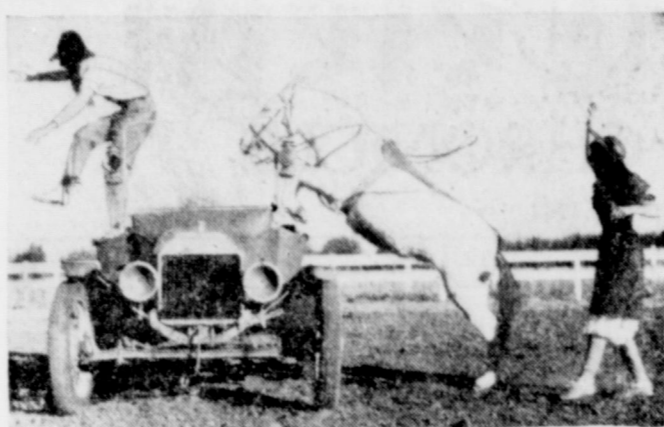

Spaht led afield of nine in Tuesday's primary, with Kennon running a close second.

Returns from 1,905 of the state's 2,112 precincts today gave Spaht 157,325 votes, Kennon, 147,130; Rep. T. Hale Boggs 129,529; Lt. Gov. William J. Dodd, 81,171; Miss Lucille May Grace, 5,376; Dudley J. Leblanc, 58,698; Liff Liles, 1,874; James McLemore, 107,945; and Kermit Parker a negro, 6,981.

Boggs, Dodd, McLemore, Leblanc and Miss Grace all said they would back Kennon in the runoff. Also behind Kennon was New Orleans Mayor De Lesseps S. Morrison, leader of the state's "reform" bloc.

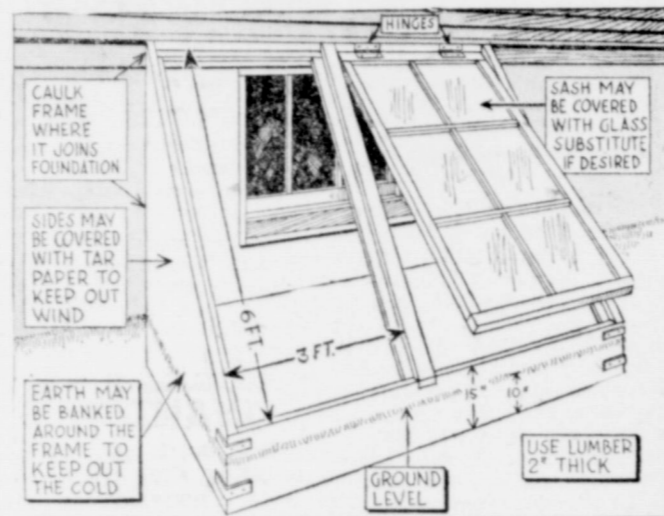

Morrison and Sen. Russell Long backed Boggs in his unsuccessful bid.

Long, however, indicated he would not take a part in the runoff, stating "my duties as a United States Senator require me to return to Washington."

The Hendricks Family, offering the most spectacular as well as the most hilarious rodeo specialty acts in the nation, will be presented at the Southwestern Exposition and Fat Stock Show rodeo in Fort Worth, Jan. 25-Feb. 3. The photo shows the Hendricks Family as hillbillies with one of their trained white mules in a comedy act.

### This Hotbed Keeps Both Plants and Gardener Warm

Working Drawing for Hotbed Outside Basement Window.

If you have a basement window facing south, a hotbed can be built around it which is most economical and convenient for the user of any.

Using heat from the basement, which usually can spare it, it is also accessible from within, so that the operator need rarely brave wintry winds to use it.

Use for such a hotbed can be found the year around; and the cost of construction is small, especially if you build it yourself from the complete working drawing which accompanies this discussion. Dimensions in the drawing provide for a frame covered with two standard 3 x 6 sash; but these can easily be changed to fit any size sash you prefer to use.

Start by making an excavation in front of the window about 6 inches deep, so that it will hold a frame fitted to your sash. As in the case of other hotbeds, a plastic substitute for glass may be used if preferred.

Build a frame to fit in the excavation. The sides must slant sharply from a point above the window, almost to the ground. Fit the sash on this frame, using hinges at the top so the sash may easily be raised for ventilation. Earth may be banked around the frame to keep out the cold; and the sides should be as tight as possible to keep out the wind. The frame should be caulked where it joins the foundation to prevent drafts.

Heat is supplied to this bed by opening the basement window. The window is left open at night, and may often be closed during the day, when the sun is shining. Hotbeds of this type have been tried and tested, and although they do not maintain temperatures as high as other kinds the heat will be more even, and the ventilation much better.

The main things to watch are temperature and drafts. Ventilation is necessary on warm days, and for very short periods on cooler days.

### Aggies Meet Baylor Bears Friday Night

COLLEGE STATION, Jan. 18—The Texas A&M varsity and freshman basketball teams will be hosts to similar teams from Baylor Friday night in a double-header which begins at 6 p.m.

The varsity game will be the last in DeWare Field House this semester and the final appearance of Aggie guard Jewell McDowell in college competition. The two time all SWC guard and four-year letterman completes his eligibility this semester and graduates at mid-term. He expects to be called into military service before summer as a reserve officer.

Although the season records give the favored position to the Aggies, coach John Floyd is not understanding the high scoring abilities of Walter Johnson and his fellow Bears. The Bruins and Aggies have played 79 games in their long series which started in 1915, and A&M has won an even 50.

The game will pit the conference's second and third highest scorers—Johnson and the Aggies' Walter Davis. Through the first 13 games, Johnson had dropped in 75 field goals and 35 free throws for 185 points, and Davis had made 74 buckets and 33 charity shots for 181 points.

Probable starters for the Aggies will be LeRoy Miksch and Eddie Houser or Bobby Farmer at the forward positions; Walter Davis, center; and Jewell McDowell and Raymond Walker, guards.

### Okla. Heiress Says She Is Capable Of Caring For Money

LOS ANGELES, Calif., Jan. 18 (UP)—Oklahoma cattle heiress Mrs. Mattie Anderson Knight told a jury she believes incompetency proceedings against her husband, a conspiracy among her daughter, sister and brother-in-law.

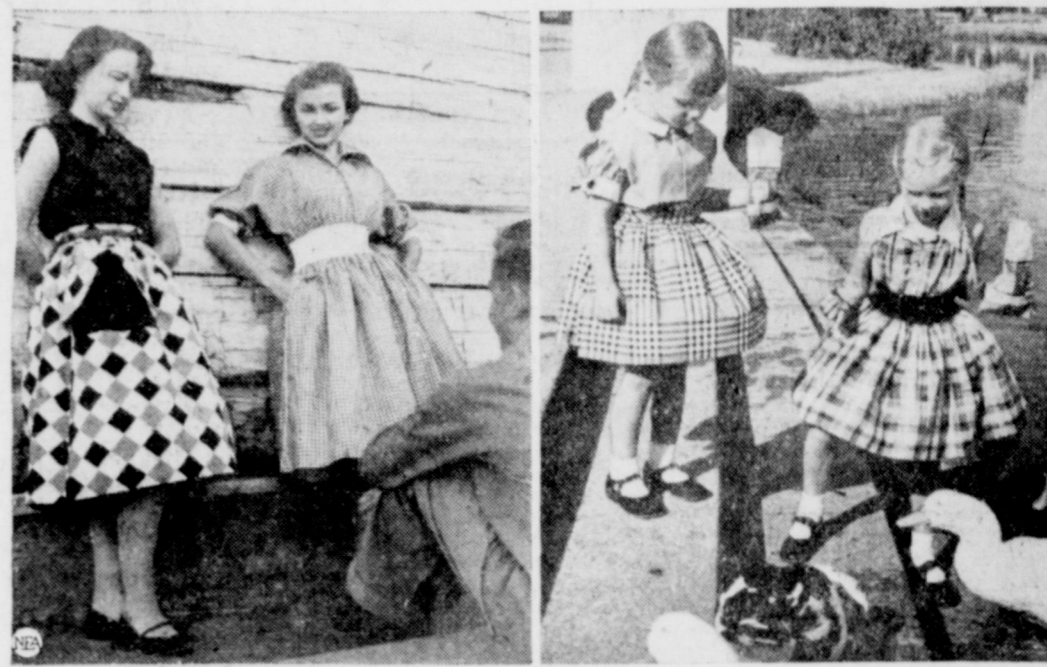

Mrs. Knight, 45, testified for the first time in the trial yesterday and said she was fully capable of managing her \$1,000,000 estate.

She said her sister, Mrs. Virginia Banks, and brother-in-law, Joe H. Banks, entered into a conspiracy to gain control of her property and persuaded her daughter, Mrs. Lou Ann Zellers, 25, to join them.

The heiress, daughter of the late cattle baron Sherman Joiner, denied charges that she drank excessively or ever took narcotics without a doctor's prescription except on one occasion when she was in great pain.

Mrs. Knight currently is living in a sanitarium for the rehabilitation of alcoholics, where she says she is virtually a prisoner.

### Clothes for Youth Cottons Designed for Small Fry

These sub-teen cottons (left) have a sophisticated look. Dark top (far left) is worn with harlequin printed skirt over matching shorts. Print is in black, chartreuse and white. Subdued gray-and-white checked tissue gingham has white elastic webbing to define a small waistline. Dolman sleeves are made push-up by bands of the webbing. Convertible collar is wide; skirt is very full. For small girls, there's a companion check-and-plaid gingham in a sundress (right) topped by a bolero. Bold plaid tissue gingham (far right) has nipped-in waist of navy elastic webbing and halter-type sleeve line.

NEW YORK — (NEA) — High style, adapted to the freshness of youth, is the keynote of a new cotton collection done by two Dallas designers, Betti Terrell and Clyde Heard.

These clothes, for spring and Easter, have a kind of sophistication that's based on shining simplicity. They're very different from the demure little dress that's been classic for small fry.

A tiny sun dress, for sizes three to six, has its own small bolero jacket. The jacket has white pique collar and cuffs trimmed with removable black velvet bows; it makes the dress right for Sunday school wear. With jacket off, the

BY GAILE DUGAS  
NEA Woman's Editor

dress can go right to the beach. A second dress for small girls, in tissue gingham, has the same kind of halter-type sleeve line seen in adult fashions. Navy elastic webbing nips in the waist, just as it does in grown-up styles.

For the sub-teen group, there are clothes with charming high style. In separates, sleeveless black tops are paired with harlequin printed skirts. Typical color combination for these skirts is black, chartreuse and white.

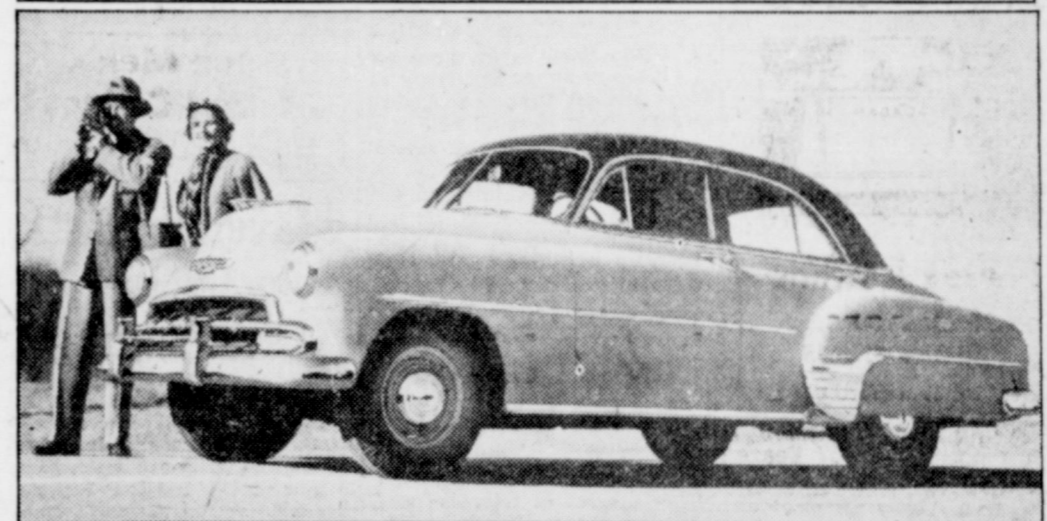

The linen duster turns up for Sunday school wear in washable

linen-like rayon worn with detachable black velvet scarf at miniature pouch bag, both trimmed in ball fringe.

There are other high style notes in this sub-teen group. The knitted midriff is shown here, too, and so is the knitted cuff to anchor the push-up sleeve. There are dolman sleeves, diagonal button placements and pockets that slash into the side fullness of skirts.

The small girl, walking in the Easter parade, can wear a white organdy dress that has a nest of colored buttons shaped like eggs on the pockets. The colors for these are the gay colors of Easter: pink, green, yellow and blue.

### Smoother Ride, Vivid Colors Feature Four-Door

Chevrolet records indicate the four-door Styleline De Luxe sedan was the most popular body model in the country in 1951. Above, it is shown in its 1952 design, more striking in appearance and improved in performance over earlier models. Headlining some notable contributions to motoring pleasure are smoother riding qualities and responsive performance under all sorts of weather conditions.

### Galveston Mayor Gets Out Of Jail

GALVESTON, Jan. 18 (UP)—An eight piece band blared welcome to Mayor Herbert Y. Cartwright Jr., as he stepped from his jail cell last night, a free man after three days' confinement which he thought was "fine and dandy."

Musicians from a local night club played "The Monkey Wrapper His Tail Around the Flagpole" and "For He's A Jolly Good Fellow."

Multi-colored handbills distributed downtown had proclaimed a "big coming out party in front of the county jail honoring Herbie Cartwright. We knew eventually Hizzoner would get freed."

The mayor disappointed 200 celebrants by going straight home.

He had been jailed for contempt of court by violating a restraining order against interference in a public jewelry auction.

### Newsboy Turns Out To Be The Hunted Burglar

HARLINGEN, Jan. 18 (UP)—A newspaper carrier who knew every cop in town was faced today with four burglary counts—"four good ones" picked from among 27 others.

Police Chief W. A. Hensley said four counts of burglary were filed yesterday against W. A. Alexander, who worked for a newspaper delivery contractor.

"We just picked out four good ones," Hensley said. He said Alexander was suspected of the other 23 and "when the final tabulation is completed it will be a beautiful figure."

Officers saw Alexander hundreds of times while looking for the busy burglar. They finally got suspicious when Alexander emerged from a downtown garage wearing gloves and carrying a crowbar.

### Buick Super Riviera Sedan for 1952

Buick's popular four-door Riviera sedan in the Super series, incomparable in the medium-priced field is presented here in its new 1952 styling. Important new exterior styling changes and exquisite new interior appointments lend a new note of elegance and beauty to the Super. New for 1952 are the sweeppearl and rocker panel moldings, rear fender ornaments, and high lustre stainless steel wheel covers, offered

as an option. A new high arc rear deck lid raises the silhouette of the rear section and provides seven per cent more room in the luggage compartment. The Riviera sedan is mounted on a 125 1/2-inch wheelbase—four inches longer than other models in the Super series—that give it additional roominess and comfort. It is powered by the high performance F-263 Fireball engine which develops 128 horsepower with Dynaflow,

Cotton Men Call For End Controls

CHARLOTTE, N. C., Jan. 18 (UP) — The American Cotton Manufacturers Institute called today for an end to "completely unnecessary" price controls in the industry, "which is sorely tricken with the killing blight of deflation."

In a letter to defense mobilizer Charles E. Wilson from Charles C. Hertwig, president of the institute, the group charged that "the fact that our prices have been far below OPS ceilings has not spared the industry from devastating uncertainties . . . and confusion."

Daughter Wants Facts In Death Of Her Father

BOSTON, Jan. 18 (UP)—The daughter of a Boston seaman asked police today to investigate the disappearance of her father, reported to have drowned last week-end while his ship was docked at Houston, Texas.

Miss Helen J. Weston, 27, said she had received conflicting reports about her father Nelson, 49, a deck engineer aboard the United States Line freighter Edward Bellamy.

She said she was told he disappeared after going into Houston and that \$460 in travelers' checks made out to him later were found in the possession of a shipmate.

Police said they understood Weston died in a fall from a dry-dock and that he had given the money to his shipmate to mind for him while he was in Houston.

London Paper Defies Offer Of Aid To U.S.

LONDON, Jan. 18 (UP)—The influential London Times said today that Winston Churchill went too strong in pledging to join the U. S. in "prompt, resolute and effective response" if the Communists broke a Korean armistice.

However, most British newspapers praised the Prime Minister's speech before the U. S. Congress and gave him bannerlines, with emphasis on his call for international control of Suez Canal defenses.

The Times warned it would be "perilous" to deduce from what Churchill said — including his remarks on Formosa—that "any new threat of a setback in the Far East would mean automatic engagement in a wider war with China."

It echoed Gen. Omar Bradley's words on Gen. Douglas MacArthur about the "wrong war with the wrong enemy."

Most of the British press including the Times, favored what the Conservative Daily Telegraph called "Mr. Churchill's insistence on the identity of British and American interests and the clear indication he gave that our detailed policies are moving more and more closely into line."

Wedding Date Of Beth Hurt And Troy Cross Told

Mr. and Mrs. C. Hurt, 721 West Main Street are announcing the engagement and approaching marriage of their daughter, Julia Beth to Troy Cross, whose home is south of Eastland. He is the son of Mr. and Mrs. J. A. Cross, Route 1.

The wedding ceremony will be February 3rd with the time and place to be announced later.

Miss Hurt is a graduate of Eastland high school, attended Ranger Junior College and is presently employed by the Southwestern Bell Telephone Company. Her fiancé is a graduate of Carbon high school and is engaged in farming south of Eastland.

Karl and Boyd Tanner Post No. 4136 VETERANS OF FOREIGN WARS Meets 2nd and 4th Thursday 8:00 P.M. Overseas Veterans Welcome

Looking Back on 1951—

... the inventory shows that the scales weighed out a good portion of the better things for us to enjoy. While the mistakes we made stick out like a sore finger and our failures almost overwhelm us, yet these discouragements are small indeed compared to the unhappiness and tragic experiences of some who happen to live in other countries. We are glad we live here where we have had the opportunity to serve a host of loyal customers for more than a quarter century.

"We did it Again!"

That's the jubilant news that comes from Flint to every Buick dealer—and here we pass the thrilling story on to you. It sure is true for '52 that better automobiles are being built — and Buick is building them. Read the good word and you'll agree.

LET'S pare this down to plain statements of fact and let them speak for themselves:

The dynamic darling pictured here is the 1952 ROADMASTER.

It has the mightiest engine in Buick history.

It has the biggest brakes of any postwar Buick.

It is the quietest car that Buick ever built.

It has the richest fabrics and smartest tailoring that ever graced a Buick's interior.

It has the greatest trunk space since spare tires moved off the front fenders.

It has the most superb ride in Buick history.

It has the finest carburetor that Buick research has ever devised.

And with all its new power, it delivers more miles per gallon.

But that is not all.

For those who wish it, there is a brand-new version of power steering that works like a helping hand—gives you the same sure feel of control you have always known in straight-away driving—yet takes less than one-fifth the effort needed to turn the ordinary wheel standing at curbside.

Sure, we're putting our best foot forward when we talk about ROADMASTER.

But you'll find a host of notable features in SUPERS and SPECIALS too—plenty to make them, as always, the standout buys in their fields—for ride, for comfort, for style, for room, and for power.

Come in—look this triumphant trio over—and you'll know why every Buick dealer from coast to coast is going around with a smile on his face.

## Mrs. James Horton Honors Miss Linda Hassell At Gadget Shower

Miss Linda Hassell, bride-elect of Gerald J. Stroud of Mineola was the honoree Wednesday evening when Mrs. James Horton entertained at her home on the corner of Pershing and Haliburn Street.

Guests were received by the hostess and presented informally to the honoree, Miss Hassell, and her mother, Mrs. H. L. Hassell.

The evening was spent in giving the bride-to-be friendly advice and each made a wish for her a happy married life.

She was presented a shower of kitchen gadgets from the assembled guests and with a figurine vase from the hostess.

The refreshment table was laid with a white Maderia linen cut-work cloth and was decorated with a white figurine vase holding an arrangement of white carnations. From the base of the arrangement were ribbon streamers with the names of the honoree and her fiance inscribed in paradise blue, completing the color theme of the honoree chosen for her wedding. Background for the centerpiece was eight tall white tapers in silver holders. Silver appointments were used.

Mrs. Hassell poured the hot spiced tea and was assisted in serving the white coconut mounds by Mrs. J. H. Kilgore.

Others present were Meses. G. A. Plummer, D. E. Frazer, J. O. Earnest, Rudolph Little, J. A. y Whitley, Fred Maxey, L. E. Huckabay, W. Q. Verner, Wayne Caton, P. L. Crossley, Anna Grace Eumpass, Homer Smith, Wendell Siebert, Guy Patterson, Horace Horton, Jack Carothers and Misses Jessie Lee Ligon and Verna Johnson.
