Around The Square With Mack

Just at this time Eastland is more interested in water than any other one item. Find two men on the street and they will be discussing the water situation. Go to one of our luncheon clubs and you will hear a water program.

We suppose water is so much in demand we just can't get our minds off of it. Fact is water is something we do not have very much of, and herein lies the story. We want water, lot of water and we want it now.

Over at the Lions Club Tuesday Jack Frost told us what he knew about water. He, like other citizens of this city, feels that maybe our efforts to raise \$25,000 for water improvements in the city was not needed so badly after all. Of course it would have afforded a little temporary relief, but it would have been pretty expensive, so nobody is crying. We'll take our money and get a water supply that will guarantee the future of our city and community for a hundred years to come.

We are not looking for Santa Claus to do anything for us in the way of a water supply, but the Lord has given us a natural location and some men with vision, and if we fail to take advantage of these assets it will be our own hard luck.

The natural spillway at the proposed site will mean a saving of a couple of hundred thousand dollars or so, and is not to be sneezed at. According to Jack's figures the dam, pumping plant, filtration plant and water mains to both Eastland and Ranger will cost somewhere in the neighborhood of \$1,300,000. This may sound like a lot of money, but when you think of what we are getting for our money, it isn't so bad. No-siree!

It will enable Eastland and Ranger to grow. And we say this on good authority, for Texas is noted far and wide for her water shortage. The only towns that are growing are those towns with an ample supply of water. This will apply to smaller towns as well as cities like Fort Worth and Dallas.

Take Brownwood, for instance. Her growth was not noticeable for a period of almost 30 years. No water! Then came Lake Brownwood and since that time her population has doubled almost into a thriving city of probably 25,000 or more. Water was 100 per cent responsible. More people visit that city each month, than formerly passed through in a year. Brownwood is a manufacturing town, a college town, a business town, even a resort town. Water did it all.

Eastland can do the same. We are closer to Fort Worth and Dallas than Brownwood, and we have better roads. Eastland can compete with the best when it comes to competing for "industrial overflow" from Fort Worth and Dallas. Water is all we lack.

9And, brother, we are going to get this water, or know the reason why. Right now we are just a hide-bound, stunted, and sleepy village as compared to the Eastland of tomorrow. We are destined to make a city-even an industrial city, but it is going to take water before we can realize these dreams.

The cost will be nominal, the blessing will be great.

Whatever it takes lets do it.

HEADLINERS—Sen. Robert S. Kerr, (D. Okla.), left, a staunch supporter of President Truman, will probably be the Democratic candidate for President if Truman decides not to run. Oklahoma supporters of Kerr say it may be ten years or more before another Oklahoma emerges as a national figure with a possible chance for the presidency. Kerr's name has been officially entered in the Nebraska presidential preference primary. Lt. Gen. James H. Doolittle, center, famed aviator and World War II hero, will be named by President Truman to head a special commission to investigate airport safety near big cities. Mrs. Hilda Colby, Houston, Texas, right, looks at a photograph of the Fort Mercer which broke in two during a fierce northeast gale. The stern of the mercer has become a drifting derelict off the coast of Boston. Her husband, Howard S. Colby, was First Engineer of the ship and is listed as missing. (NEA Telephoto).

Sabrejets Bag Two More MIGs

By Warren P. Franklin
United Press Staff Correspondent
8th Army HEADQUARTERS,
Korea, Feb. 21 —American Sabrejets shot down two MIG-15s today to bring to seven the number of Communist jets destroyed in the past three days.

Enjoying a numerical advantage for a change, 26 F-86 Sabrejets battled 20 MIG-15s from a formation of 80 of the Russian-built fighters observed northeast of Sinanju in "MIG Alley."

The 20-minute dogfight ranged from 45,000 down to 20,000 feet through a dense overcast that covered most of North Korea.

First Lt. Billy B. Dobbis of Fontana, Calif., and Capt. Brooks J. Liles of Elizabeth, N. J., each shot down a Red jet. Dobbis already had one damaged MIG to his credit but it was Liles' first claim.

The 5th Air Force shot down three MIGs Tuesday and destroyed two and damaged five Wednesday.

On the ground Communist forces ambushed a United Nations patrol west northwest of Kangson on the eastern front. Reinforcements trying to come to the aid of the patrol were pinned down by enemy mortar fire.

However, additional reinforcements arrived an hour and 15 minutes after the ambush was sprung and all UN forces were able to disengage and return to their own lines.

Elsewhere along the 145-mile battle front, there was only probing and patrol action with a platoon the maximum size unit.

Civic League And Garden Club Plans Special Event; Receipts Will Go To Memorial Hospital

The Medical Arts Ball, which is to be held Thursday night, February 21 at the American Legion Hall, promises to provide a good deal of fun for those attending as well as a little more cash in the pot for the hospital. The Ball is the annual folk festival sponsored by the Civic League and Garden Club.

The Eastland Water Story As Summed Up By City Manager; Coming Events Will Tell Story

Every citizen in Eastland should know what our water situation is, and what has and is being done in order to provide us with "water security". A great many West Texas towns are now having a serious water shortage, the same as Eastland is experiencing. We estimate Eastland now has only a three months supply of water in the lake, based on present consumption. If every person will cooperate in the conservation of water by reducing their consumption at least one-third this will give us four months supply, in the place of three months. Certainly, we will have some rains during this period, which will give us additional water in the lake. While last year was an extremely dry year, we had ten inches of rain in March through June 1951, and if we get this amount of rain during these four months this year this will carry us over the summer months.

During the past four months we have only had 1.60 inches of rain. Our average rainfall in Eastland over the past thirty-three years is 27" per year. In the year 1951 we had only 18.25 inches. We have had no water over the spillways at Eastland Lake in over twenty months.

The city commission did not wait until we were low on water before laying plans to try to do something about it. On May 21, 1950, when we had water over the spillways, the commission appointed a committee of three, namely Cyrus Frost, Buck Pickens and Jim Horton to make a study of the lake conditions and then recommend to the commission what they think should be done.

This committee made an intensive study, taking airplane pictures, depth tests, etc. A lot of time was spent by this committee, before they made their recommendation to the City Commission. At this time our minimum water allowance was 7,500 gallons monthly, and 10,000 gallons minimum during the summer months. The commission made their report back to the City Commissioners in April 1951, which recommendation was to raise the spillway three feet, if possible, and widen the spillways for safety.

On April 13, 1951 the City Manager wrote Mr. Volmer, President of the Texas and Pacific Railway Company, to the effect that the City of Eastland plan to raise the Spillways at Eastland Lake three feet.

On May 21, 1951 the Commission issued a notice there would be no summer allowance of additional water, on account of the continued dry spell. The water was now fifty-five inches below the spillway.

On August 11, 1951 Commission Meeting the City Manager was instructed to put a notice in the paper calling attention to the continued drought and lowering of water in the lake, and requested everyone to conserve all water possible, because it would be necessary to put in water usage restrictions if the drought was not broken.

Twice Wed Slayer Of Husband Is In Dallas Hospital

DALLAS, Feb. 21 (UP) — Twice-wed Mary Jean Parsons, slayer of her second husband, entered Timberlawn Sanitarium here last night.

Her chief attorney, O. B. Fisher of Paris, said yesterday he "had no doubt" Mrs. Parsons was suffering from a mental disorder.

"Her conduct as related by those who had occasion to be with her, her statement to the officers and her conduct in jail" made it obvious to him, Fisher said.

The length of her stay at Timberlawn Sanitarium has not been determined, Fisher said. He said it would depend upon the district attorney in El Paso. Mrs. Parsons is under the care of Dr. Guy F. Witt "and other members of the staff" Fisher said.

The blonde blue-eyed former University of Oklahoma co-ed admitted shooting her bridegroom of six weeks, Lt. Richard O. Parsons, of Pleasantville, N. Y., as he lay in bed at their El Paso apartment last Saturday.

A quarrel about help that the girl's wealthy Tulsa, Okla., parents were giving the young couple preceded the fatal shooting.

Mrs. Parsons now is free on \$20,000 bond from El Paso County, where she waived preliminary hearing on the murder with malice charge filed against her.

Mrs. Parsons married the slain lieutenant last Jan. 2 after he completed Officer Candidate School at Ft. Sill, Okla.

She previously had been married to William L. Tucker, soon after her enrollment at the University of Oklahoma in 1949 until their divorce in the summer of 1950.

She returned to the university after the divorce but dropped out late last year and returned to Tulsa.

Nazarenes Will Begin Special Services Today

A series of special services will begin Thursday night at 7:30 at the Church of the Nazarene, located at the corner of West Main and Connellee Sts. Thursday night Rev. Orville Jenkins, District Superintendent of the Abilene District, Church of the Nazarene, will bring the message. It is reported that Rev. Jenkins is a very effective and interesting speaker and the church invites your presence.

Beginning Friday night at 7:30 a trio of young men from Bethany-Peniel College will begin services with Sunday night being the concluding service. Richard Osborn will do the singing, with Robert Williams and George McFerrin taking turns about in preaching.

The pastor, William C. Emberton, says, "many people in Eastland perhaps will remember Robert as he once lived here. He was cheer leader at Ranger Junior College before he was called to preach and is now a senior at Bethany-Peniel College. We urge you to come hear these fine young men."

Eastland County Men To Train In Texas With 47th

CAMP RUCKER, Ala. — Four hundred and four Texas soldiers from 206 communities will return to their home state in March as part of the 47th "Viking" Infantry Division stationed here to participate in Exercise Long Horn at Fort Hood.

The 47th's Texas contingent is composed of draftees and rotated Korean veterans.

Included in the ranks are: Pfc. Sam Seas, Ranger; Pfc. Roy W. Sprengle, 305 W. 11th St., Cisco; Pfc. Jack Tackett, 314 W. Mass, Eastland; Cpl. William B. Eaves, Route 1, Gorman; Pfc. Jesse T. Potter, Rout 1, and Pfc. James R. Jackson, Rout 2, Rising Star—all of Eastland County.

Fort Worth is represented by 44 men in the division. Dallas has 28; El Paso, 22; San Angelo, 10; Tyler and Houston, six each.

The draftees poured into the 47th in the middle of February, 1951, after processing at Fort Sill, Okla.

For some men, the joint Army-Air Force training maneuver will be staged in their own "back yard." Master Sergeant Jose Olivares of the 164th Infantry Regiment is a native of Lampasas, located within the Fort Hood boundaries. Sergeant Leo Dermody, also of the 164th, lives at Temple, 25 miles from the maneuver site.

The 47th Division—Army home of so many Texans—is one of the youngest infantry divisions in active service. First organized as a Minnesota-North Dakota National Guard unit in 1946, the 47th was federated in January, 1951. Since then, it has been training at Camp Rucker, sending thousands of personnel to Korea. In replacement, hundreds of Korean veterans have been assigned to the division.

Admission Adds Coal To Political Flame; Third Party Is Threatened

By Raymond Lahr
United Press Staff Correspondent
WASHINGTON, Feb. 20 (UP) —President Truman confessed today that he is quite happy with the job of being president.

Adding new fuel to speculation about his political plans, the president discussed the presidency at a Masonic breakfast and said:

"It is an all-day and nearly an all-night job, and just between you and me and the gate post, I like it."

Mr. Truman was the top speaker at a breakfast of more than 500 Masonic leaders. The breakfast is given annually in his honor by Frank Land of Kansas City, Mo., founder and secretary general of the Order of Demolay.

The President's remarks were made at a leading Dixie Democrat predicted that a third party will be formed in the south this year if

Bert Sparr Will Be Buried Today

Funeral services for Bert Sparr will be conducted this afternoon at 2 p.m. from the Lamer Funeral Chapel, with C. Melvin Ratchel, Baptist pastor, in charge. Interment will be made in Eastland cemetery.

Sparr had been a resident of Eastland for many years, and was well known to all old timers. At the time of his death he was living alone in a small house on the east side of Eastland. His body was discovered yesterday by a friend, who had called to see him. Knowing that he lived alone and that he had not been seen for several days, investigation was made. The coroner's report, was he had been dead for several days, and that his death resulted from natural causes.

Survivors include his mother, Mrs. Mary Sparr of Eastland, two brothers, Nelson Sparr of Eastland and Jake Sparr of Gorman.

J. W. Brashear Buried, De Leon

J. W. Brashear, long time resident of Eastland county, died at his home in DeLeon, Monday afternoon at 4:45 p.m. He was 81 years, and 10 months of age.

Mr. Brashear was born in Texas and had resided in Eastland before moving to DeLeon, a number of years ago.

Survivors include four sons, four daughters, two brothers, and two sisters. One brother, Garland Brashear resides in Eastland.

NEW STORM BEARS DOWN ON MEN ABOARD BROKEN TANKER

By David Pickman
United Press Staff Correspondent
BOSTON, Feb. 21 (UP) — A new northeast storm bore down today on the 13 "stay put" seamen riding the battered stern of the tanker Fort Mercer, which was split in two during a northeast Monday.

Two tugs had the Mercer in tow but they moved at a crawling pace of three knots and could not outrun the storm.

The tow was headed for Martha's Vineyard and the Coast Guard estimated it would require until 1 0a.m. EST tomorrow to cover the 115 miles to the lee of the island.

The storm, however, was expected to strike sometime after 7 a.m. EST today with winds of 25 to 30 miles an hour, snow, sleet and accompanying heavy seas.

The stern of the Fort Mercer was taken in tow by the Canadian Tug Foundation Josephine and the M. Morgan of New York after Coast Guardsmen completed the rescue of 57 other seamen from the Fort Mercer and its 10,000-ton twin tanker, the Pendleton, which also broke in two in Monday's storm.

A total of 14 seamen were lost in the double tragedy.

The bow and stern of the Pendleton ran aground in shallow water at Chatham Bar after its crew was rescued. The Coast Guard sank the bow of the Mercer as a menace to navigation.

Most of the seamen on the Mercer's stern stayed aboard in an attempt to salvage the ship's machinery, which is in that part of the vessel, and what remained of a cargo of oil.

They secured lines shot to them by the tugs and also took aboard medical supplies to treat two of their number, one of whom was suffering from pleurisy and the other from a back injury.

They had plenty of food aboard, according to the chief cook who was one of those rescued, and since the stern contained the vessel's power plant, they had heat and light.

Those rescued from the Mercer arrived in Boston yesterday as a Coast Guard board of inquiry opened an investigation and heard charges that the tanker Pendleton was "hot in top shape."

Chief Pumpsman James E. Young of Galveston, Tex., said the Pendleton had one "fractured bulkhead" and "three leaks on the No. 4 starboard tank." He also charged that there was no inspection of the vessel after it ran aground in the Hudson River last July.

Mr. Truman and Sen. Robert A. Taft are the majority party nominees for the White House.

Truman told his audience that "this year is leap year and a most important year in the history of the government."

Then he rapidly told how Washington, Jefferson and Lincoln were vilified by the newspapers of their time. He said that Washington was attacked so bitterly that he retired and would not run for a third term.

Obviously identifying himself with these presidents who suffered severe attacks by the press, the President said philosophically, "a fellow in this office if he is not roundly abused, does not do very much."

The President's speech was largely devoted to explaining to the Masons, most of them Grand Masters of local and state lodges, the function of his ranking staff members, all of whom attended the breakfast.

As for himself, Mr. Truman said a great deal of his time had to be spent not in the exercise of his constitutional powers, but in public relations—"begging people to do things they ought to do without being begged."

Mr. Truman described his own work day as starting at 5:30 a.m. and running "until 11 o'clock at night."

He said that if a President saw everybody who wanted to see him, he could work at it 24 hours a day, seven days a week and would be unable to do anything else.

He said there was one benefit from working a long day—"it doesn't give you a chance to get into bed."

The Dixie Democrat who forecast that the third party birth said there was little chance of a new "Dixiecrat Revolt" should the President step aside for some other Democratic candidate, or if Gen. Dwight D. Eisenhower is the GOP nominee.

In the latter case, he said, many key Southern Democratic leaders would just "sit on their hands" during the campaign and let matters take their course, in the expectation that Eisenhower would carry at least five or six southern states.

This appraisal of southern strategy in the coming presidential battle was given by a respected political veteran who stands high in Dixie councils. He stipulated that he must not be named.

He disclosed that Gov. James F. Byrnes of South Carolina has agreed to act as a spokesman for the southern bloc at the July Democratic convention. He indicated that Byrnes' main efforts will be directed toward preventing the re-nomination of President Truman, but would not say whether the former secretary of state plans to work quietly behind the scenes or make a dramatic frontal attack from the convention floor.

Want To Live; Just Keep On Breathing...

GRAND RAPIDS, Mich., Feb. 21 (UP)—The secret of longevity, sought by millions for centuries, is a simple thing, according to Doctor Levie E. Miley. The doctor, who will celebrate his 100th birthday next Monday, says the answer is "just keep on breathing."

New OPS Chief To Take Oath

ATLANTA, Feb. 21 (UP) — Ellis Arnall takes the oath of office here today as director of the Office of Price Stabilization with the same Bible used to swear him in as Governor of Georgia.

The oath will be administered in U. S. District Court by Federal Judge Frank Hooper, an old friend.

Arnall, returning to public life after five years in private business, expects to go to Washington Monday to take over the post.

Mrs. Irvin Hummel, from Ohio, has been visiting with her parents, Mr. and Mrs. Shirley Brown for the past week. She scatted that they have had so much rain and snow; part of it should have been sent on to this part of the state. We heartily agree with her—even a portion of their precipitation would work wonders with local morale.

Mrs. John Blackwell visited Cheaney church Sunday morning and spent the day with Mrs. Belle Blackwell.

The local group who attended the Farm Bureau meeting in Gorman on Thursday night, reported a very nice instructive and informative program.

Congress Aware Large Tax Load

WASHINGTON—Loud public groans over the present tax load are causing members of Congress to stop, look and listen. Competent observers in the nation's capital see no prospect of a further tax increase at this session despite the urging of the President in his budget message.

The tax burden as pointed out by the Chamber of Commerce of the United States in its publication "How Much Can Our Economy Stand?" in 1890 required only 7 percent of the national income. By 1940 it stood at 22 per cent, and now it takes a full third.

"Unfortunately," says the Chamber, "too many have been led to believe that all government expenditures can be paid for by taxes on the rich. They are learning better now. Any further tax increases must fall primarily on people of very modest means, for they have most of the income. Secretary Snyder says that almost 75 per cent of all personal income available for additional taxing is actually on the lowest income bracket."

"Fast as individual income tax rates have soared, corporation rates have jumped even faster. The ceiling was 42 per cent in World War II. Now, it is 52, with excess profits taxes on top of that, the whole totaling as high as 70 per cent. Not much room for further boosts if an incentive economy is to endure."

NEWS FROM Desdemona

Mrs. H. D. Martin who has been on the sick list for some time, is gradually improving.

The little baby daughter of Mr. and Mrs. Doyle James and granddaughter of Mr. and Mrs. Bill Parks, remains a critical patient in a Dallas hospital.

Mrs. Buck Hensley, mother of Mrs. Less Williams, remains quite ill in Fort Worth. She has been at her mother's bedside for most of the time during the past two months.

West Ward PTA Meeting Held Tuesday Afternoon; Mrs. F. C. Hipp Of Strawn, Guest Speaker

The West Ward P.T.A. met Tuesday afternoon at 3:15 in the cafeteria. This was an unusually interesting meeting, being in commemoration of Founders Day, and a number of former presidents were in attendance.

Mrs. J. R. Lusk, Jr., presided over the business meeting. Mrs. Travis Wheat reported on ways to spend the money which had been earned during the past year. This will be voted on at the next meeting. Mrs. Jim Garner was elected to fill the vacancy left by the resignation of Mrs. M. D. Fox, secretary. Mrs. Eldon Anderson, chairman, Mrs. B. H. Green and Mrs. A. W. Cogburn composed the nominating committee.

The main speaker for the afternoon was Mrs. F. C. Hipp of Strawn. Her subject, "Looking Backward and Forward", was ably and interestingly presented.

Mrs. Amis, second-grade teacher, was hostess at this meeting. At the conclusion of which, Mrs. M. H. Perry, room mother chairman, served frosted punch and elaborately decorated cakes from an attractive table centered with flowers and lighted candles.

In addition to a large group of mothers present, the following past presidents enjoyed this occasion: Mrs. R. E. Sikes, Mrs. Louie Corbell, Mrs. Guy Patterson, and Mrs. R. D. Estes.

The prize, for the most mothers present, went to Miss Thornton's room.

The next Study Club will meet on Tuesday, March 4, at 9 a.m. in the home of Mrs. Herman Hassell. Mrs. W. C. Emberton will lead the discussion on, "Ways to Mental Health."

The next P. T. A. meeting will be held at the cafeteria at 3:15 p.m., March 18. Supt. Womack will speak on, "What Makes Good Schools." Miss Snoddy, second-grade room mother, will be the hostess, and Mrs. M. G. Carrwright, chairman.

Mrs. Estes invited all present to a cove party Thursday, Feb. 21, from 2:00 to 3:00 p.m. at the cafeteria, for Mrs. R. J. Lusk, Jr., whose home recently burned.

Banquet Planned By S. Ward PTA

A committee met Wednesday morning in the home of Mrs. H. B. MacMay, to formulate plans for a Mother-Daughter banquet to be held in March. The banquet is being sponsored by the South Ward P.T.A., and is a yearly event enjoyed by a large number.

The charge per place will be \$1.25, and it will be held at the First Methodist church on Friday, March 28, at 7:00 p.m.

All mothers and daughters have an invitation to attend. The proceeds will go for repairs and equipment at the school.

Mrs. John Osborne and daughter, Jane, left Tuesday for Summitt, Miss. to visit with Mrs. Osborne's brother, Eugene Warner. Over the weekend they will visit with a niece in New Orleans, La., and also attend the Mardi Gras while there.

Dragoo Junior Music Club Has Special Program

The Dragoo Junior Music Club met Feb. 19, in the home of Mr. and Mrs. J. L. Owen, with Nancy Lu as the charming hostess.

The business hour was presided over by the president, Genevieve Toliver; secretary, Fatsy Ann Byrd. Officers gave their report and minutes for the October and December meetings were read.

Song, "My Country 'Tis of Thee", sung by the group, was followed by, "The Junior Pledge." Then came the Parliamentary drill, conducted by Mrs. Dragoo. "The Junior Collect", was led by Annys Kate Blair.

The following program, with John Edward Kimble, chairman, was rendered:

Roll call by Fatsy Ann Byrd—response was by the playing of a scale and cadence chords.

Hymns of the month were sung. For January, "As With Gladness Men of Old." For February, "The King of Love My Shepherd Is", with Carol Ann Hill as pianist.

A sketch on the Life of George Frederick Handel, by Stanley Blevins.

Piano solo, "Sarabande", by Handel—Virginia McCord.

A musical quiz—"Know Your Music", conducted by John Edward Kimble.

Piano solos were played by Charlotte Vauzht, Goldia Beth Skiles, Linda Linkenhoger, Nancy Owen, Carol Ann Hill, Genevieve Toliver, Stanley Blevins and John Edward Kimble.

In addition to the above the following members were also present: Virginia McCord, Mary Ann Tombs, Rebecca Graham and Annys Kate Blair.

The home was tastefully decorated, the valentine motif being used throughout the house.

Delicious heart-shaped sandwiches, cookies and candies were served on plates of valentine design by the gracious hostess, Nancy Lu.

Las Lelas Club Meets With Mrs. Bernard Hanna

Las Lelas Club met Monday evening, Feb. 18, at the Woman's Club with Mrs. Bernard Hanna as hostess. The program theme was, "Windows of Art." Biblical quotations were made in response to roll call.

Mrs. L. E. Huckabay presented, "Colored Sunlight", a history of Art Windows in France, Italy, and the United States, showing pictures from all of these places.

Mrs. Wayne Caton described and gave the history of the famous Art Window in the Mausoleum, in Forrest Lawn, Memorial Park, Glendale, Calif., where she visited last summer.

Mrs. Horace Horton was welcomed as a new member.

Present were Meses. Wayne Caton, D. E. Frazier, B. F. Hanna, H. L. Hassell, L. E. Huckabay, J. P. Kilgore, Rudolph Little, Guy Patterson, G. A. Plummer, Horace Horton, Wendell Siebert, Homer Smith, J. C. Whitley, James Horton, Miss Jessie Lee Ligen and Eunice Nall.

Juvenile Music Club Has Meet

The Scale Runners Juvenile Music Club met Wednesday, Feb. 12, at 3 p.m. in the home of Mr. and Mrs. Simms, at 215 S. Oak Street, with their daughter, Sara, as hostess.

Evelyn Bailey, president, presided over the short business meeting and the following officers were elected to serve the next three months: president, Glenna Kilgore; vice president, Sara Simms; secretary, Mary Vaughn; pianist, Evelyn Bailey; reporter, Sandra Hart; critic, Jane Howell; historian, Patricia Fullen.

Then followed the interesting patriotic program, the opening number of which was "America" sung by the group, with Glenna Kilgore as pianist. Together the group recited the Club Collect.

All those present played their

solos and duets which will be given in recital to their friends and the general public on Friday, Feb. 22, at 7:30 p.m. in the Methodist church sanctuary.

Delectable punch was served with a salad plate to Linda Huckaby, Phillis Phillips, Glenna Kilgore, Sandra Hart, Patricia Fullen, Carol McMay, Jo Ann Dorsey, Clark Conner, Mike Perry.

Billy Nash, Linda Dalto, Julia Lynn Inzer, Sue Stoker, Sandy Taylor, Marion Woods, Mary Vaughn, Nancy Gann, Jane Howell, Ella Jay Walker, Sara Simms, Evelyn Bailey, Rose Mary Jones and Gracie Tankersley.

Here's a Good Tip ON CAR CARE!

One of the first rules of driving is to keep your car in such condition that you can control it easily, quickly! Before you take your car out on the highways and byways, be sure of its performance and safety. It's a false economy to neglect small troubles... they prove to be big troubles with bigger bills, later. Drive right in, let us give your car a thorough going-over! It's a small investment with good returns in top car performance and car safety.

Check Tires!

We will check your brakes at no extra charge, repair what's needed, reasonably.

Many Medical Dignitaries On Program Tonite

"Doctors" for the Medical Arts Ball which will be held tonight beginning at 8:30 p.m. at the American Legion Hall have been announced today. Every person coming to the ball will receive a diagnosis and treatment at the free medical clinic to be held at the party. "Nurses" will be on duty with Mrs. Sam Butler serving as "superintendent of nurses."

Some quite famous "doctors" have signified their intention of serving tonight. The Chief-of-Staff will be Dr. Marshall Sock-in-the-Wash who holds a degree from the Omphah Tribe. His degree is SC which he says means "Square Chaser." As psychiatrist tonight will be Dr. MacMoy No-Brains whose degree of NW (nit wit) is from the Wichita Insane Asylum.

Dr. Vaughan Peek-a-lot is the eye-ear-nose-throat and -auto-parts doctor. He holds a degree of KhP (Keyhole Peepér) from Window Peepér's College. Dr. Alford Salhepatia is the internal diagnostician. He has a PF (plumber's friend) from the Plumber Institute.

Dr. Reed Black-Out will handle the X-Ray department. His degree which came from Texas Power and Light is entitled Dr. S. (Doctor of Shopping). Dr. Jackson Weevil will serve as pharmacist. He is a PR (pill roller) from Tumble Buz College. And the veterinary doctor will be Dr. Graham Fleabite who is a DB (dog-bite) from Liverwort University.

These "doctors" have agreed to help out with the party tonight by holding the free clinic, and there may be others assisting them by 8:30 tonight. The program which is to be put on by a traveling USO unit of note will be early in the evening. Dancing to a five-piece band will follow until midnight.

Tickets to the party are selling rapidly today, and more will be available at the door tonight. The price is \$1.20 per person. All proceeds from the Ball will go to the Eastland Memorial hospital. The Medical Arts Ball is the annual folk festival sponsored each year by the Civic League and Garden Club.

Small College Team Leading In Basketball

SAN MARCOS, Feb. 21—An unbeaten, almost untested small college quint is dominating basketball play in the Southwest.

A team virtually unheard of nationally, Southwest Texas State, has humiliated 21 straight foes this season without a defeat to boast the nation's best hardwood record. Only three games separate the rampaging, high-scoring

Bobcats from a perfect season. Playing probably the second best team in Texas this week, Southwest Texas virtually swamped Stephen F. Austin, 79 to 41. Austin holds a double victory over Rice of the Southwest Conference and has beaten some of the best teams in Texas.

In compiling their thirty-one consecutive regular season victories, a string that goes back to the middle of last season, the Bobcats have piled up commanding margins over virtually every opponent. This year the Cats have a 77.7 point average on offense against a 45.4 average for foes. This provides a powerful 32.3 average over all opponents.

Last summer Coach Milton Jowers issued a challenge to every big school in Texas asking for games to be played anywhere at anytime. Only Baylor of the SWC answered. Such SWC "powers" as Texas A&M, whom the Bobcats had beaten soundly twice last season; the University of Texas, which team also lost two games to SWT in 1950, and Texas Christian, a team riding the crest of a broken FWC league, refused point-blank to play. Baylor lost to the Cats in an early season contest 58 to 56 in one of the Baptist's two best games of the season.

Southwest Texas also holds victories over the professional White

Wizard, 69 to 45; East Texas Baptist, a team which joined the Bobcats in representing Texas in the NAIB tournament last year, 76 to 88; Trinity University, 96 to 58; Abilene Christian, 82 to 47; East Texas, 84 to 50; and Sam Houston 98 to 49.

in the lake. This cut the water usage in half, and gave us approximately a four month supply left. Water went down to 96" below the spillways, until we had two rains in October 1951, which put 23 1-2 inches of water back in the lake, and the penalty rates were removed.

THE BOND ISSUE

On October 6, 1951 a Special Commission Meeting was called to discuss borrowing \$25,000, on a Junior Bond Issue, and raise the spillways three feet. Mr. Sparks, City Attorney, was instructed to proceed to prepare an ordinance, etc., for a vote of the citizens of Eastland on the \$25,000. Bond Issue.

On October 10, 1951, a special Commission Meeting was called, to lay plans for handling of the Junior Bonds amounting to \$25,000. At this meeting Mr. Jack Dunne of Dunne & Co., Wichita, Kansas, and Mr. Justus H. Fugate of Wichita, Kansas, were present. Dunne & Company represented the city on previous bond issues. Mr. Fugate is the Bond Attorney for Dunne & Company. At this meeting the Dunne Company submitted a proposition to take these Junior bonds not to exceed \$40,000.

The Commission accepted their proposition to handle these bonds for the City of Eastland, and the contract was signed at that time. These were to be 3 per cent bonds, the same as our other bonds. It was understood that these were to be junior bonds to our senior bonds, his offer was for immediate acceptance, delivery on bonds within ninety days from October 10, 1951.

On October 17, 1951 an ordinance was set up calling an election on the \$25,000. bond issue, the election called for November 3, 1951. The vote at this election was 160 for the bonds and 66 against them.

On November 5, 1951 we wrote four engineers to submit their proposition for handling the engineering work on this project. On November 6, 1951 Freese and Nichols of Fort Worth submitted their proposition, which was the best offer, and was accepted, and they started to work on the engineering work immediately.

On November 10, 1951 the City Commission met and canvassed the election results and declared the bond issue carried by a vote of 160 for and 66 against. At this meeting Freese and Nichols were awarded the engineering contract.

On December 28, 1951 a Special Commission meeting was called, at which time the dating of the bonds, setting up maturity and amounts of payments and other details were handled.

On January 7, 1952 the Engineers work had been completed,

and notice to bidders was mailed out. On January 25, 1952, at a Special Meeting, the bids were opened. There were eight bids, ranging from a low of \$29,338.50 to a high bid of \$55,358.00. The low bidder was Henning-Payne Construction Company of Agilene, Texas, and the contract was awarded to them. Their bid was based on completing the work in eighty days. We advised them not to start the work until the bond money was in the bank.

At the January 25, 1952 regular meeting seven property owners around Eastland Lake met with the City Commission, and discussed payment by the city for additional acreage which might be flooded by raising the spillways. It was necessary for us to have Mr. Landon, make a survey in order to arrive at how much additional acreage would be flooded.

On February 4, 1952 the Attorney General of the State of Texas disapproved of issuing these Junior Bonds. We were advised the 1949 Legislature enacted Legislation to the effect Junior Bonds could only be issued if the Senior Bonds made special provision for same, and since our Senior Bonds did not make this provision he rejected the issuance of these Junior Bonds.

The Attorney General ruled that authority for the city of Eastland to issue Junior Bond is not provided in either Chapter 249 or Chapter 250, as amended.

Before we tried to issue Junior Bonds the City Manager wrote Hon. Omar Burleson, at Washington, with the reference to getting the money from the R. F. C. for this project. Mr. Burleson referred to Mr. Thomas L. Ferrett, Field Representative for R.F.C., at Dallas. The City Manager met Mr. Ferrett in Dallas, but was advised the R.F.C. could not en-

ter the picture unless at least three bonding companies turned the project down.

Therefore, after the Attorney General turned the Junior Bonds down Mr. Frank Sparks went back to Dallas, to see if same could be handled through the R. F. C. This was on February 12, 1952. The R. F. C. turned us down because our Senior Bonds provides we cannot give a mortgage on our sewer and water works assets until the senior bonds are paid in full.

We tried to see if these could be handled through parking meter revenues, but were turned down by R.F.C.
 Mr. Sparks then handled with Dunne & Company, with reference to refunding our present senior water and sewer bonds, and reissue the bonds, increasing the amount \$25,000.00, in order to raise the spillways. We were advised the bonds were so scattered it would take a long time to get all of them in.

NO PROGRESS MADE

This brings us up-to-date on this project, and we are right where we started, almost two years back. It is true, if we had been able to raise the spillways as far back as July 1950, we would not have had any more water in our lake now than we have. If we could have raised the spillways now, we would still have our present water shortage. What we were trying to do was raise the spillways, and give us more water in the lake for the future. Since starting on this project, it has developed that Eastland has voted to go into the Eastland County Water District, and provide a lake large enough to protect us from any water shortage in the future. This looks like our only recourse for water security, providing we can get sufficient rains in the mean time to carry

us through until this lake is completed and has sufficient water.

As stated in the first paragraph of this report, we are asking everyone to cut down on water usage in every way possible. We are using 400,000 gallons of water daily now. If everyone will reduce the water used by 1-3 it will be a big help in carrying us through. We are asking all the filling stations not to use water for washing pavements. Some have felt we should stop filling stations from washing cars.

We have fifteen stations washing cars in the city, and they used combined 265,000 gallons of water in the month of January 1952. This is only slightly more than 17,000 gallons each. When

we stopped washing cars last fall we were informed citizens were driving to nearby towns and having cars washed and then buying gas and oil also. This was crippling our local merchants. We have four large industrial users of water, which amounted to 2,600,000 gallons in January, 1952. We are calling on these concerns to cut the amount of water used drastically, until we have more water in our lake, and we know they will cooperate wholeheartedly, as they have in the past.

What we are trying to do, particularly with the new lake, is to bring new industry to our community, so we can move forward, in the place of backyard. We are trying our best to serve

you as commissioners, to the best of our ability, and are asking you to assist us, by giving us your continued support. We need your friendliness and civic loyalty and cooperation.

Hockey Player Cold As Ice; Wife Tells Judge

LOS ANGELES, Calif., Feb. 21 (UP)—Mrs. Betty R. Holger, 25-year-old former fashion model, sought a divorce today from ice hockey player Fred Holger because his heart was "cold as ice."

Mrs. Holger told Superior Judge Thurmond Clarke yesterday that the 30-year-old hockey player "became more and more cold toward me" and finally told her a wife "interfered with his career."

The couple was married in Las Vegas, Nev., in 1944.

OUR DEMOCRACY — by Mat

"JUST and GENEROUS and PROSPEROUS"

"When one starts poor, as most do in the race of life, free society is such that he knows he can better his condition... The prudent, penniless beginner in these States labors for wages awhile, saves a surplus with which to buy tools or land for himself and at length hires another new beginner to help him. This is the just and generous and prosperous system which opens the way to all, gives hope to all, and consequent energy and progress and improvement of condition to all."

Asbestos Avenue

All of the houses on this street, typical of many to be found in America's new residential developments, have one thing in common—they are finished on the outside with asbestos-cement siding shingles. Asbestos siding, according to a recent HHFA survey, has made the greatest gain in popularity of any siding material used over wood frame construction. One out of every four wood frame homes built in 1950 in 1940. Low first cost, economy of maintenance and incombustibility have helped the material find favor with the public. Each of the houses above has its own individual and attractive color plan.

According to your mood—wear the jacket unbelted, with the crisp full folds unfurled... cinch it in with a belt to make a saucy plum... or wear it half belted, snug in front, flaring into full folds in back. Black with black and white plaid, or navy with navy and white plaid. Sizes 10 to 20. Paula Brooks The silk surrah suit is tabbed for fashion prominence at peplum and bodice; the easily flared skirt lends added grace. Blue, Brown or Red. Sizes 8 to 18.
