Writing a column like this isn't a very difficult task but at times it will get one into trouble. Occasionally and irate customer will walk and read the riot act to us. Of course, being partly human, we know they are sore, and to save us we can't but help feeling sorry for them. Yet we have never entered a plea of guilty, just because they didn't agree with us.

We are just sick because our small supply of eloquence wasn't sufficient to convince them.

We get complaints so often we wouldn't know what to do without them. They do not worry us, for we have the happy knowledge of knowing they do read what we write whether they believe it or not.

But in all fairness we will say we get an occasional pat on the back. Mr. Shero over at Home Furniture gave us a very fine "pat" the other day, and we have been using it to heat our house during this cold weather. Today Victor Grabowski came by to say "hello" and left a good "Tom Moore". We are smoking it now, and the cigar is better than he says our column is. And that covers a lot of country. Thanks.

Then we are reminded of those fellows who have been asking a repeat of one of our columns which appeared in January. As it is easier to "clip" than it is to write we give it to them right here.

The squib in question follows: One of our costumers sent us a clipping a day or so ago, and insisted that it be reprinted here. Ordinary we do not use this column for reprints, but for a change we will do so. We hope it meets with your approval, and if we find out the author's name we will give him due credit. The article follows.

Dear Sir,

"In reply to your request to send a check, I wish to inform you that the present condition of my bank account makes it almost impossible. My shattered financial condition is due to Federal laws, State laws, County laws, brother-in-laws, sister-in-laws and out-laws.

"Though these laws I am compelled to pay a business tax, amusement tax, head tax, school tax, gas tax, light tax, water tax, sales tax, liquor tax, and excise tax. I am required to get a business license, car license, operator's license, truck license, not to mention a marriage license and a dog license.

"I am also required to contribute to every society and organization which the genius of man is capable of bringing to life: to women's relief, the unemployed, relief, and the gold digger's relief. Also to every hospital and charitable institution in the City. Including the Salvation Army, Community Chest, Red Cross, Fur coats, Girl Scouts, Cub Scouts, YMCA, and YWCA, as well as Way Stations for Wayward Girls and Boys' Ranch and Boys' Town.

"For my own safety I am required to carry health insurance, life insurance, fire insurance, property insurance, unemployment compensation insurance, liability insurance, earthquake insurance, tornado insurance, and old age insurance.

"My business is so governed that it is no easy matter to find out who owns it. I am expected, inspected, suspected, disrespected, rejected, dejected, examined, re-examined, informed required, summoned, fined, commanded and compelled until I provide an inexhaustible supply of money for every known need desire, or hope of the human race.

"Simply because I refuse to donate to something or other, I am boycotted, talked about, lied about, held up, held down, and robbed, until I am almost ruined. "I can tell you honestly that except for a miracle that happened I could not enclose this check. The wolf that comes to many doors nowadays just had pups in my kitchen. I sold them and here is the money."

This season has introduced a great variety of man-way suits—suits that boast an extra skirt—a change-about or reversible jacket—a waist—a long coat or other 'gadgets' that make for extra wear-ability, greater versatility.

Truce Teams Abandon Attempts To Settle Prisoner Repatriation

PANMUNJOM, Korea, Feb. 27 (UP)—United Nations and Communist staff officers today abandoned their attempt to break the deadlock over repatriation of war prisoners.

They decided to toss the issue back to the generals and admirals of the main armistice delegation after 21 days of futile debate.

The step followed a UN warning that the Allies never will agree to force Communist prisoners to return to North Korea against their will. The Reds have demanded the return of all prisoners, by force if necessary. Staff officers also seemed on the verge of confessing failure to settle two other deadlocked issues—Russia's eligibility to sit on a neutral truce supervision commission and the right of the Reds to build airfields during an armistice.

The UN at the same time told

Pow Wow Held By Scout Heads

The monthly pow wow of Scout Executives met in the basement of the Eastland First Methodist Church Monday night, for the purpose of formulating plans for future activities and to complete any old business that may have been overlooked.

Buck Pickens delivered an address that was well received. The speaker pointed out that Scouting does not duplicate any other movement where boys are considered, but that Scout work is separate from all other organization. Even aims and goals are different, he pointed out.

The mode of training is unlike that of any other organization. Scouting takes the boy from childhood to manhood, and usually does a pretty good job.

Brantly Henderson of Brownwood, assistant scout executive for this area, also made a good talk. He described the oncoming 3-year program.

Bill Jessop gave the group a flint and steel demonstration and when he completed most of his listeners were able to light their own fire when the time came.

Representatives from Ranger, Breckenridge and Eastland were in attendance.

Hospital Workers Needed Tonight

Eastland Countians Are Asked To Give Blood For The Wounded

Eastland County will again have an opportunity to give that life saving element, our blood, for our wounded men in Korea. In World War II Eastland County performed a real service to humanity and to our men at the front. War II was very real to the majority of us. Today the majority of us are very complacent about the Korean War but brother, it is very real to the boy who needs the one pint of blood that would save his life. Perhaps you have been waiting for an opportunity—HERE IS YOUR CHANCE! Here are some facts that you will want to know.

1st—You should by all means

Daniel States Tideland Blast Is Misleading

Complying with requests from several newspapers for comment on Tideland's statement made over the week end by Senator Connally and Drew Pearson, I have made the following statement: "Recent Tideland's statements of Drew Pearson and Senator Connally are misleading, to say the least.

"Both men have left the impression that Texas confused its own Tideland's defense with that of other states in the Supreme Court. This is not true.

"Texas' entire defense in the Supreme Court was based wholly upon our special contract of annexation, which the Court ignored by a four to three vote. Our cooperation with other states has been limited solely to defense of the general claims of all the states. In the California case and in Congressional action. Such cooperation is the only way we can win in Congress.

"The only people who confused Texas' superior and special claims with the general claims of the other states were the Federal officials who sued Texas and the four Supreme Court justices, the appointments of whom were supported and approved by Senator Connally.

"It is no surprise that Drew Pearson attacks our Tideland's position again or that he tries to tell the people of Texas how to vote in a Senate race. He has been against Texas for years and he is only the forerunner of Washington influence which will be thrown into Texas during the weeks ahead.

"I am surprised, and do regret, the implications of Senator Connally's remarks, and hope they were not intended, because I have in my files letters from him complimenting my defense of the Texas Tideland's in both the Court and the Congress.

"Those who are for Texas in this fight must pull together and keep the support of other states in order to pass our State Ownership legislation in the present Congress. I pledge my cooperation to Senator Connally and all others who will now work for legislation which should have been passed long before we were ever sued."

Walker Denied Change Of Venue

A plea for a change of venue by Horace Walker, through an attorney, was refused by Judge Geo. L. Davenport shortly before noon Tuesday, and Walker's attorney promptly gave notice of an appeal.

The case in question was a civil suit styled the State of Texas et al vs. Horace Walker et al, in which Eastland county was suing Walker in an attempt to force him to return certain monies, alleged to have been collected, but not accounted for, during the time he was employed to collect delinquent taxes in this county.

It will take some time to compile the case, as all the evidence will of necessity have to be transcribed. The next step, it now appears, will be to move the case up to the Court of Civil Appeals.

Jim Martin Be Buried Today; County Pioneer

Jim Martin, 76, for more than 50 years a citizen of Eastland county, but a resident of San Saba for less than a month, passed away at a San Saba hospital Monday afternoon at 4:30 p.m. Mr. Martin had been ill for only a few days.

Funeral services will be conducted at the Baptist church in Carbon at 3 p.m. this afternoon, with Pastor Thomas in charge. He will be assisted by Rev. Lee Fields.

Survivors include his widow, who resides in San Saba, three sons, Buster of San Saba, Sexton of San Antonio and Lexton of Sylvania, one daughter, Mrs. Bessie Skaggs of Comanche; 3 brothers, Dan Martin of Eastland, Walker of Cisco and Evin of Gorman; 3 sisters, Mrs. O. T. Boynton of Denver, Colo., Mrs. Edna Holloman of Monroe, La., and Mrs. Peggie Cohen of Sunland, Calif. He is also survived by 8 grand children. Another sister, Mrs. Alma Murray, passed away in Eastland about one year ago.

Interment will be made in Carbon cemetery.

Governor Shivers To Speak At CC Ranger Banquet

RANGER, Feb. 27—The Ranger Chamber of Commerce has announced here that Governor Allan Shivers will be the principal speaker at their annual banquet, Tuesday, March 11, in Ranger.

A spokesman from the chamber stated that at the present time the directors and officers of the organization are working on accommodations and feeding of the large number of persons expected to attend.

The speaker for the Ranger group also stated that he wished to extend an invitation to the people of our neighboring town to come and hear Governor Shivers when he speaks at Ranger. And that place, time, and cost of the banquet tickets would be told immediately upon determination.

Agents Battle Smugglers, Get Cache Of Drugs

ROMA, Feb. 27 (UP)—A 90-minute gun battle drove a band of smugglers across the border and yielded U. S. Customs Agents a heavy cache of marijuana here yesterday.

Three agents surprised the three or four smugglers in a clump of mesquite and cactus when a cigarette glowing in the early morning darkness betrayed the band.

The smugglers opened fire but fled through the brush and across the Rio Grande when agents returned the shots.

UN COMMAND DENIES RED CHARGE OF GERM WARFARE

TOKYO, Feb. 27 (UP)—The United Nations Command charged tonight that Communist propagandists have accused the Allies of waging germ warfare to cover up epidemics in North Korea.

"Voice of the United Nations Command" radio broadcast said the epidemics were made worse by "infected bandages" and "decayed food."

The broadcast was an answer to a Communist propaganda campaign "protesting" that UN planes have dropped thousands of disease-laden fleas, flies and cockroaches in North Korea.

The campaign was launched by Chinese Communist Foreign Minister Chou En-Lai, Communist radio broadcasts and Red correspondents at Panmunjom.

ASSEMBLY APPROVES MOTION OVER FINANCE COMMITTEE

By George Sibera
United Press Staff Correspondent
PARIS, Feb. 27 (UP)—Radical Socialist Premier Edgar Faure won the first round today in his fight to push a record \$9,628,000,000 1952 budget through the National Assembly.

The Assembly in a simple show of hands approved Faure's motion to consider immediately the government's budget over the opposition of the Assembly Finance Committee. One third of the budget is earmarked for defense.

The record-high budget already has topped one government. Premier Rene Pleven resigned Jan. 7 after his government lost the budget fight in the Assembly.

Faure was blocked in his attempt to put the 3,600,000,000 Franc budget before the parliament last night. The assembly voted 243 to 172 to adjourn shortly after midnight until this morning. The Assembly Finance Committee

sion had refused to bring the program before Parliament because it objected to a 15 per cent tax increase proposed by Faure to balance the budget.

The Premier originally had proposed a tax increase of 10 per cent, before the Lisbon North Atlantic Treaty Council meeting, but boosted it to 15 per cent to help France meet defense commitments under the N.A.T.O. program.

TURKEY READY TO MAKE CONTRIBUTION TO EUROPEAN DEFENSE

By K. C. Thaler
United Press Staff Correspondent
LISBON, Portugal, Feb. 27 (UP)—Turkish Foreign Minister Fuad Koprulu says Turkey is ready to make a bigger immediate contribution to western defense than any other European nation.

In an exclusive interview yesterday, Koprulu urged that immediate steps be taken to include this powerful force in Gen. Dwight D. Eisenhower's command.

"It is essential that this integration take place without delay," Koprulu declared in advocating the welding of a southeastern link to the western defense chain against Soviet aggression.

Although he refused to give any specific figures on Turkish military strength, a force which is estimated to include 30 good divisions, Koprulu said:

"Turkey's immediate military potential is at least as much as that of the European N.A.T.O. state with the largest actual contribution to the North Atlantic Treaty Area."

With Greece and Turkey now in N.A.T.O., he said that the integration of Yugoslavia (which has 36 divisions) into western defense would increase "her own security as well as that of N.A.T.O."

"The fact that Yugoslavia is now definitely among the western military democracies—as far as military and even economic affairs are concerned—is a very important factor for the security of the democratic front in the Balkans," he said.

He also urged that the Middle East command idea be realized.

"Do not think that in the actual circumstances we could consider the Middle East countries as opposing the Middle East command," Koprulu said.

(The western powers have proposed an organization of Middle Eastern nations to cooperate in the defense of the region against aggression. However, Arab states have been cool to the idea so far.)

Sunday School Group Will Hear Sterling Price

Sterling Price, Pastor of University Baptist Church, Abilene, will be the featured speaker for the Monthly Sunday School Supper at the First Baptist Church, Thursday night February 28 at 7:00 p.m.

Cecil Collings, Sunday School Superintendent has arranged a fine program, and the report of the month will be discussed. All workers and their husbands or wives and those class officers and any who are just interested in the Sunday School are to be present.

Rev. Price is well known as an after dinner speaker, is on the State Executive Board, President of the Baptist Training Union Convention of Texas, and has one of the fastest growing churches in West Texas.

John Whatley will sing a solo, A. J. Blevins, Jr., and H. W. Sims will speak.

er today categorically denied UN forces had used bacteriological weapons at any time in Korea. The "Voice" broadcast said the Communist charges were meant to divert the Communist public "from the fact that Red obstinacy at Panmunjom is further postponing an armistice" and to cover up for Communist inadequacies in coping with seasonal epidemics. The broadcast said this was the third time the Communists have charged the UN with bacteriological warfare. The first was about a year ago when "outbreaks of epidemics were reported." The Communists next accused the UN of using germs in mid-August, 1951, when truce talks were stalled. "The time is now ripe in Korea for seasonal winter epidemics," the "Voice" said.

ARLINGTON STATE LEADS IN PIONEER CONFERENCE RACE

The Arlington State Rebels, already certain of a tie for the Pioneer Conference basketball championship, will attempt to win undisputed possession of the crown in a conference game with Tarleton State Plovboys at Stephenville, Wednesday night.

By defeating San Angelo, 56-39, last week end, the Rebs took over the league leadership. The games Wednesday night will wind up the season for all teams. The Ranger Junior College Rangers finished their conference season last week end with a 61-47 victory over Tarleton State.

Glen Lewallen, San Angelo's rangy center, has clinched scoring honors for the year with 161 field goals and 121 free throws for a total of 443 points. Lewallen also holds the lead in conference scoring with 186 points. Runner-up in both season play and conference scoring is Jimi Bridges of Ranger, who has 347 points for the season and 151 points in conference play.

Then his mild voice lifted her like a drowning woman, a safety. "Yes, it's here all right, yes indeed. Don't apologize, my dear, people often get this sort of fright at four-time."

Alma took her tray with a sort of sober reverence. The clean scene of new lumber waited out to her as the day guard unlocked the work room door. The day settled down to a semblance of normalcy, and when Old Victor came in she was able to tell him of her scare almost as if it had been amusing.

"Ah! But it is not so funny!" he observed. "I know how you felt for once, when The House was down on Union Square, a big diamond flew out of my pincers and—poof! right out through the open window. There were no By-screens in those days. But by the grace of goodness and a nice Irish gardener, we finally found the stone—under a forsythia bush in the park!"

The old man insisted that Alma come out with him for a good lunch. Finding Joe absent from their table was like a reprieve, but his vacant chair was an eloquent reminder of him.

Everyone else, excepting of course Tommy, was in his usual place and this time no secret was made of the excitement everyone was under. There had been another theft. Alma had never dreamed that White Marie could lose her composure to such an extent. The older woman's cheeks were flushed, her eyes snapping with indignation.

"This time Mr. Muncie will have to do something more than just sit back and let justice lag along!" she was exclaiming. "When my department is robbed, it is too much! Something must be done about my home—even if there is publicity, the police must be told. They must be told if every newspaper in the country prints the story!"

Mr. Smith of Silverware broke in. "But where were they taken from?" Your department, or repairs?" "What does that matter, since they are practically in one?" (To Be Continued)

MORE PRECIOUS THAN RUBIES By Nina Wilcox Putnam Copyright 1951 by NEA Service, Inc.

THE STORY: Alma Conroy, designer for an exclusive jewel firm The House of Trumbull, has seen her husband Tommy in company with another woman. Tommy tells Alma that the girl is Myra Marchand, playgirl fiancée of his boss, Brighton Muncie, head of the Trumbull firm. Tommy has recently been given a promotion.

AFTER Mrs. Denton was safely out of sight Alma Conroy suddenly realized how tired she felt. It was now just past the usual closing time, and she was so nervous and exhausted that she scarcely remembered handing in her tray to Mr. Youmans, or getting home. She ached with fatigue but she was glad to have beaten her troubled thoughts for at least a few hours.

As she opened the door of the apartment it was obvious that this time Tommy really had gone away. The half-open bureau drawers, the signs of a hasty packing were evidence of a tardy departure. She sighed with relief, heated a bowl of soup and when she had drunk it lay down on the living room sofa, the evening paper in her strong, beautiful hands.

The next thing she knew it was nearly midnight. She was wide awake, electrified by a sudden fear. Had that biggest diamond, the one for the center ornament, been in her lock-tray when she turned it in?

She could not remember having seen it. Yet it must have been there. Nobody could have taken it for she had been alone at the bench except for Mrs. Denton, who could not have reached the tray without standing—a physical impossibility. Mr. Youmans must have checked but for once he might have been guilty of an oversight. A cold chill seized her as she recalled the jokes and bets about the sweepings and remembered that she had worked too

Ringworm Appears To Be On Increase In Parts Of Texas

AUSTIN, Feb. 26 — Ringworm of the scalp appears to be increasing in some sections of Texas, and action is underway to contain it.

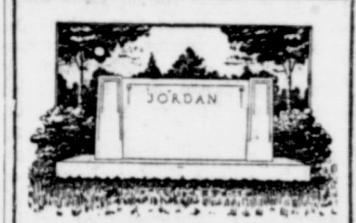

Known in medical circles as "tinea capitis," ringworm of the scalp is said to be prevalent in the Rio Grande Valley, Houston, San Antonio, and Dallas. Reports to the State Department of Health say skin specialists in those areas are seeing increasing numbers of infected children.

A preliminary study conducted by the state health agency among 891 children in two Rio Grande Valley schools shows 5.5 percent positive infections, in one group and 5.7 percent in the other. Positively infected girls outnumbered the boys four to one, although there were more boy students, the study showed.

Ringworm is contagious. Children are most often afflicted, although adults, while less disposed to infection, often have more severe and longer lasting attacks.

Ringworm is marked by round, scaly areas on the scalp, and patchy baldness or short, broken-off hairs. It is caused by a fungus—a vegetable-like growth caused by spores. Sources of infection, health officials and skin specialists say, are the scalp lesions of infected persons, articles of clothing containing the spores, or the infected hair or scales shed by an infected person.

State Health Officer Geo. W. Cox, in cooperation with the skin specialists society of the Texas Medical Association, and the State Board of Barbers and Cosmetologists, is rewriting the rules and regulations governing the sterilization of beauty and barber shop instruments after each use. They hope to get legislation enacted to

Financial Aid For Students

COLLEGE STATION, Feb. 23 — Fifty or more four-year Opportunity Award scholarships at Texas A&M College will be offered through a state-wide competition this spring to Texas high school seniors who require financial assistance to attend college.

It was announced here today by E. E. McQuillen, director, Texas A&M College Development Fund. Scholarship winners will receive up to \$300 each year, plus student employment, to make their college education possible.

Announcements and application forms have been mailed to high schools throughout the state.

There is no immunization against ringworm. Recommended control measures are cleanliness of the hair and scalp, and provision for separate isolated classrooms for suspicious cases. Positively infected children should be excluded from school until the condition is cleared up, Dr. Cox believes.

school principals, county agricultural agents and vocational agricultural teachers of the state, with March 15 as deadline for candidates. Winners are chosen by the faculty committee on scholarships of the college, R. G. Perryman, secretary.

Among the awards are the Jesse H. Jones Scholarship in Agriculture, and the Jesse H. Jones Military Awards for boys desiring to follow military careers. Two hundred and forty previous winners are now attending A&M College.

Life Is Swell In Formosa, But No Takers For Openings

By Elizabeth Toomey
United Press Staff Correspondent
NEW YORK, Feb. 26 (UP)—Over in Formosa an American girl working for the United States government has her choice of spending her leisure hours at the movies, the Chinese opera, dancing or hiking—if any young ladies are interested in Formosa.

And practically no young ladies are interested, sighed Mrs. Billie G. Moore, the woman whose job it is to hire secretaries for the Mutual Security Agency.

Right now she's trying to find secretaries willing to go to southeast Asia.

"The critical need is for Ramon, Saigon, Manila and Formosa," Mrs. Moore said. The agency puts all those areas in its southeast Asia classification.

Mrs. Moore left her Washington office with extensive notes of the advantages of life in these faroff places. After two weeks here she will go to Cleveland searching for secretaries.

"Let's see," she said, thumbing through a stack of papers, "Manila has swimming, baseball, soft ball, tennis, badminton, horse back riding, golf and night clubs. In Saigon the girls live in a nice hotel owned by the government. There are single rooms with baths and ceiling fans in every room."

Somebody always brings up the unsettled conditions in that part of the world, like the fighting

between Communist and French forces near Saigon, and Mrs. Moore has to put away her lists.

"In Korea when the war broke out we got every one of our girls out," she points out. Her agency, formerly the Economic Cooperation Administration in charge of administering Marshall Plan funds abroad, now concentrates on developing mutual defense plans with foreign countries, she said.

"If we could just get the girls to realize that besides a chance to travel it's also a service to their country," she said a little desperately. "We can have the best economist in one of those spots, but if he doesn't have a secretary he can't get the work out."

A girl has to be single and between 21 and 35 years old to qualify. She also has to be personable to pass as a representative of the United States in foreign countries.

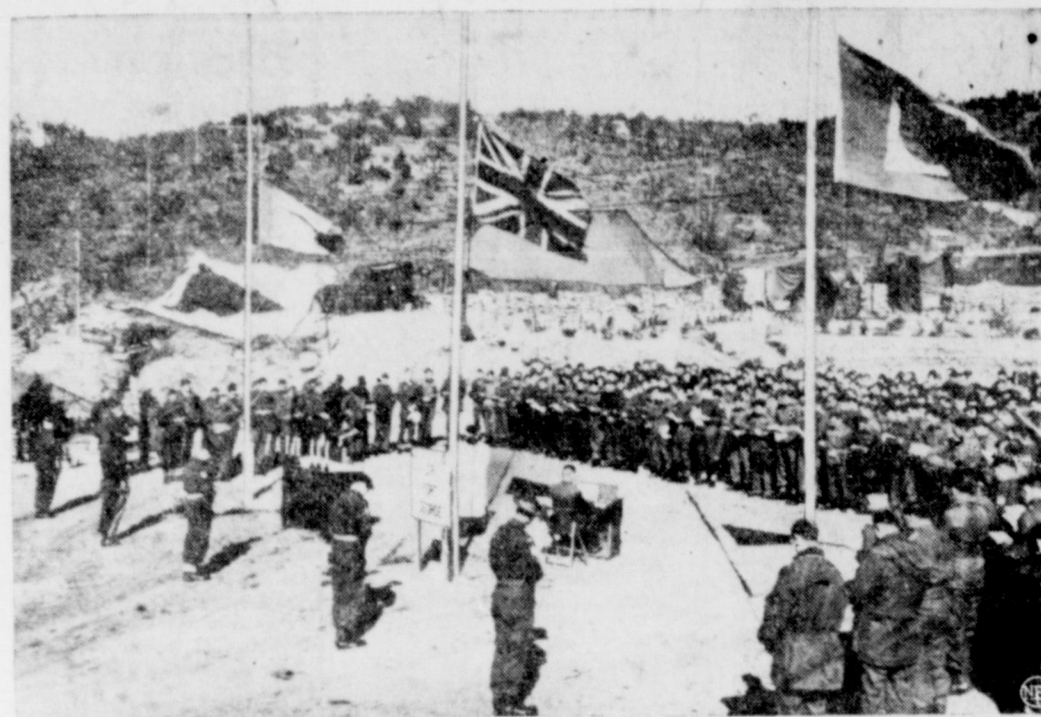

Stanwyck-Taylor Marriage Voided

HOLLYWOOD, Feb. 26 (UP)—Movie Actress Barbara Stanwyck held her final divorce decree today from Robert Taylor, ending a marriage that the film colony thought ideal for 11 years.

The 44-year-old star picked up the decree yesterday, the first day the law allowed for the action. She was granted an interlocutory decree from the 40-year-old actor Feb. 21, 1951.

At that time, Miss Stanwyck blamed Taylor's trip to Italy for work on the picture "Quo Vadis" for ending their marriage.

"Mr. Taylor said he had enjoyed his freedom while he was in Italy and wanted to continue doing as he pleased," the actress testified.

KOREAN RITES FOR KING GEORGE—Memorial services for the late King George VI are held at headquarters of the First Commonwealth Division at "Fort George" in Korea. Note the various flags at half staff and the military "escort" with reversed rifles. The services are being conducted by senior Chaplain W. W. P. Rhys.

New Texas Official Highway Travel Map Available Free

The shortest distance between two points is established by an old axiom, but from the standpoint of motorists, the shortest distance between two points can only be established by the Official Highway Travel Map.

Mr. D. C. Greer, State Highway Engineer, announced today that the Department's new 1952 Official Highway Travel Map is now available free to the general public. The Official Highway Map is revised and published annually. It is issued by all state agencies as the basis for computing official car mileage. The new map is 28"x36" and is check-full of travel guidance and information on Texas. The material is illustrated and in color for easy comprehension and appearance. Several important changes have been made in this year's map which include a topographical relief drawing along with the addition of symbols which show the locations of the 854 roadside parks and turnouts. Special emphasis has

been placed on indicating various recreational, scenic, and historical spots All U. S. and State highways are shown. The more important Farm & Ranch to Market roads which serve the cross-country motorist are also shown. The travel information reflected on the map is designed to supply motorists with guidance needed for safety, comfort, and pleasure while traveling Texas highways.

The back side of the map is jam-packed with factual and pictorial Texas history. The story of Texas is unfolded with the map. Many famous milestones and landmarks are described and portrayed pictorially. There are 26 pictures in full color of the more popular historical points of interest in the State with a full caption explaining each scene. A panorama is used to introduce some of the more popular historical characters in a "passing parade" of Texas history.

Included also for the first time is a map of Mexico, incorporated with the small U. S. map, showing the principal highways and cities, however, it is primarily for geographical purposes.

This new map can be obtained by mailing the map card distributed by the Tax Assessor-Collector's office with the sale of license plates, or by writing directly to the Texas Highway Department, Austin 14, Texas. Copies are also available in any Highway District Office or the Highway Travel Information Bureau.

75 "Wetbacks" Are Sent Home

SACRAMENTO, Calif., Feb. 27 (UP)—Nearly 75 Mexican "wetbacks" were on their way back to their homeland by chartered bus today as the result of a crackdown on illegal immigrants by Federal Immigration and Border Patrol officers.

Sixty of the Mexicans were taken into custody at nearby Roseville yesterday. An immigration Service Official said they were employed by the Southern Pacific Railroad.

Four Border Patrol officers and two Immigration Service officers seized the men without incident. The Mexicans collected their pay and clothes and left at

once for Mexico aboard two chartered buses.

On Monday, 12 other "wetbacks" in the Sacramento area were arrested and sent home aboard buses.

State Must Pay For Nuts-Bolts Bought Years Ago

OKLAHOMA CITY, Okla., Feb. 27 (UP)—The State of Oklahoma today was confronted with a bill for \$50,625 for 875,000 sets of nuts and bolts ordered 14 years ago but never used.

They were to be used for fastening license plates to automobiles.

The State Supreme Court ruled that the Oklahoma Tax Commission must pay Fortinberry, Inc., of St. Louis, Mo., for the shipment and that the money must come from auto tag revenue.

Nobody at the statehouse today was sure whether any of the hardware was still around.

Joe Dunn, chairman of the Tax Commission, said he believed the nuts and bolts were delivered in 1938 to the state penitentiary at McAlester, where the license plates are made. What happened to them after that was uncertain.

"Dodge 'Job-Rated' Trucks are the best we've ever used!"

... says PAUL CRUCE,
Cruce Butane Co., Tulsa, Okla.

"We do a lot of driving on narrow roads, in and out of driveways, in small yards and other tight spots. We need trucks that are real easy to handle, so we switched to Dodge. They'll turn on a dime!"

"We service oil wells, too, and that's the toughest off-the-road hauling there is. We need plenty of pulling power. For mud and heavy pulling, Dodge 'Job-Rated' trucks are dependable and economical to operate."

Power with economy. The big high-compression engine of a Dodge "Job-Rated" 1 1/2- or 2-ton truck operates with outstanding economy. You get chrome-plated top piston rings, and exhaust valve seat inserts.

Time-saving performance. Low loading height on 1 1/2- and 2-ton models and hinged center sections on stake bodies make loading easier. 5-speed transmission available on most models for more power, speed.

Easy handling. Exceptional handling and steering ease is made possible by wide front tread and short wheelbase. Thanks to shorter turning diameters, you can turn sharper either right or left—back into tight places easier.

This Spring, Fashion Creates A Starring Role For Dresses With Lines Full Of Flattery

Designers and courtiers this Spring all share in a single desire, and an admirable one, too—it's to make women as pretty as possible.

Look at the trick fashion played on milady in the twenties and thirties. Both French and American designers presented a style lacking grace, and in elegance.

The boyish figure was in vogue, the waistline hugged (with a singular lack of affection) a lady's hips and knobby or fat knees were painfully revealed. To heap coals upon this ridiculous figure, hat designers struck a bucket-shaped cloche upon the poor girl's head, pulled it well down over her ears and eyes and announced, somewhat grimly, this was fashion.

But the Spring of this year fashion tells a different story. Designers love ladies and they're giving full rein to their passion

by producing styles that are feminine, pretty, and with something of the dramatic elegance of the Gay Nineties.

The opening of a new fashion season embraces all the excitement, the hushed expectancy, and the thrilling wonder of the First Night of a play opening.

The curtain goes up, and the spotlight is turned on the star of the opening—THE SPRING DRESS!

And this season promises to delight the feminine audience and reward their highest expectations!

This Spring your dress will swirl and billow with all the captivating grace of a prima ballerina. It presents YOU at your loveliest, it dramatizes everything enchanting and utterly feminine about you.

There are many versions of this new full-skirted influence, the bell, standing out from a tiny waist, rippling all 'round pleats, the hip-yoke fullness, and the Dio-inspired back-fullness.

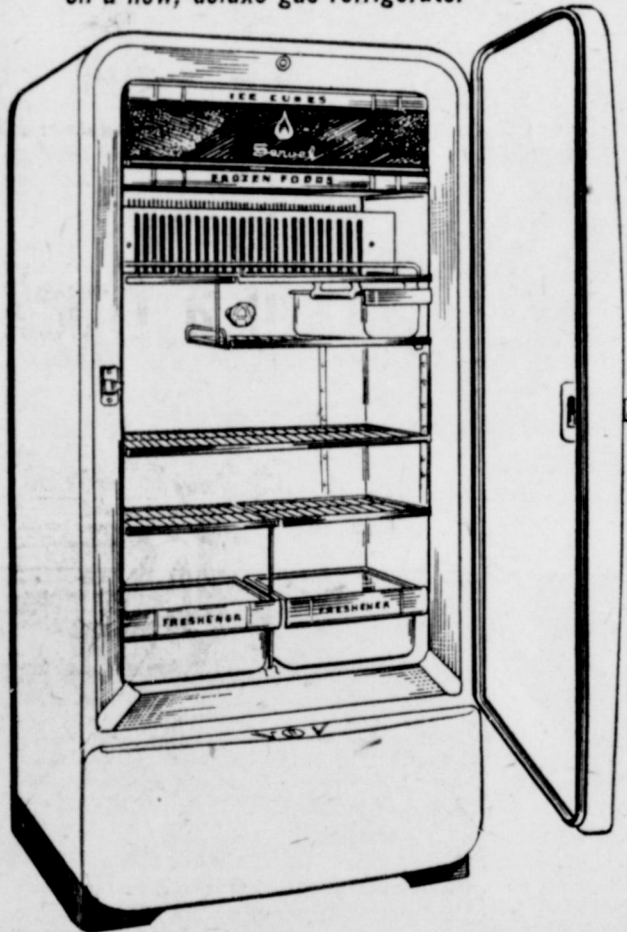

leading fashion, is the petticoat! Fashion-wise women will be wearing them by the twos and threes! It's definitely a case of the more merrier.

TWO FASHIONS IN THE NEW SPRING MOOD—Left, Pale blue Honan silk in a Hannah Troy design with a fitted jacket that curves over the umbrella skirt of the under-dress. Right, Navy mirlon with plaid silk taffeta draped through neckline and belt. A Ben Reig design by Omar Kiam.

Petticoats will rustle and whirl this Spring, wherever smart women gather.

And, of course, with wide, wide skirts playing such an important role, waistlines must look tiny in contrast.

This is achieved through the slimming princess tuck, with Spencer jackets and the highwaisted Empire line.

The Empire influence adds even more flattery to the feminine figure with its artfully placed tucks and gathers underscoring the bustline.

Tiny jackets, the graceful caplets, and the swirlaway taffeta coat all mate with Spring dresses to achieve the important costume look.

Never has color been used with

such lavish hand as have the dress designers, painted the fashion picture for Spring '52!

Shantung stands out for its brilliant colors and for the high-on-the-fashion-list slubbed look!

Crisp, rustling taffetas are getting rave notices for their glorious colors, iridescent effects, and bold stripes.

All in all, in designing dresses for this exciting season, fashion has created a starring role, presenting women at their loveliest and most captivating, the completely feminine woman!

New Shirt Styles Team Well With Spring Slacks

The shirt wardrobe for the "best dressed" category includes the wide collar shirt, suitable for wear with the standard width ties—the close, either tab or round collar, good with bow ties and the new, extremely narrow ties which have steadily gained in popularity this year.

Spiritual Side Of Life Shown By New Party

With both major parties still lost in the forest of presidential timber, the Spiritual Party of the US has stolen a march in the chief executive race by announcing their candidate for 1952, reports "People Today" magazine in their current issue.

The candidate is Edward Longstreet Bodin who claims "Yankee and Southern blood of the American Revolution." Bodin, a former newspaperman, has written for nation magazines and is currently treasurer and publicity man for the Bernarr Macfadden Foundation.

Bodin told "People Today" that his newly organized Spiritual Party has workers in 35 states, is growing "We're moving."

A shrewd publicist, Bodin's making an all-out effort to convince voters he's on the side of Godliness in government. Says a campaign worker "Bodin is profound in his love of God and spirituality, but his delicious sense of humor prevents him from being fanatic about it."

To which Bodin adds: "Call me cracked if you will. But remember that the Liberty Bell is also cracked. If a cracked Bell can inspire the Right, so can a cracked Bodin" reports "People Today."

The Spiritual Party Platform includes: Dedication to the motto 'In God We Trust', a Supreme Court of Labor Disputes, a De-

partment of Public Grievances, an annual vote of approval or disapproval of the presidential administration and true freedom of religion.

Men Sloppy About Dress Dealers Told

CHICAGO, Feb. 26 (UP)—A men's clothing dealer complains that the American man now "eats, lives and even dissipates better, but he dresses less."

Morris Myers, of the Myers Brother Stores in Illinois, said men are staying away from clothing stores "by the millions," because their interest in clothes is "minor." He described current college campus fashions as less than casual. "It's undress," he said.

Morris spoke yesterday at the 34th Annual Convention of the National Association of Retail Clothiers and Furnishers.

Mrs. White, chairman of the White Circle, presided and presented Mrs. W. P. Leslie, who with Mrs. James Horton gave the devotional.

Games were played and refreshments served during the social hour.

Others present were Meses. Charles St. John of Abilene, Frank Crowell, Fred Davenport, J. C. Lilly, R. D. Estes, J. M. Bailey, H. L. Hassell, R. E. Sikos, and Ora B. Jones.

A Rhapsody In "Blues" Makes News; Pinks For '52... Brightly "Shocking" In Spring Colors

Blue is new—but it's a new blue! Brighter-than navy is the newest star on the fashion horizon. Replacing last year's navy, the lighter, brighter blue is seen in all fabrics—from fleecy wools to tissue ginghams. It is the happy foundation for Spring suits—dresses—coats—the same wearable good-any-time quality is apparent in the new blue as in the old navy. From light blues to Wedgewood—to bring bias—Peacock—the blue family plays a leading color role this Spring.

To wear with the new blue; black patent is the most dramatic choice.

Second choice for Spring: Beige, from light to tan. You'll see it toppers, great coats—as a background for prints—and especially as a constant companion for white.

Prettiest color necessary: "mushroom" leather.

Still good, still pretty is the No. 3 color, gray, this year it is a pearly, light-toned gray, often cross-dyed with white for a "frosty" effect. Brief little jackets—ladylike soft suits—matching sweaters and skirts—these are beautiful in frosted gray with al-

lone the look of delicate, feathery cobwebs. Accessories may be "be medietine", a tawny leather, or black or navy.

Gaining prominence are the Frosty tones and white, which promises to be fourth choice for color this Spring. Tweeds, worsted suitings and shantungs all wear a "frosty" look. Perfect accompaniment for frosty tones; stark white. But the emphasis on the feminine this Spring makes white a "must" for the smartest wardrobes. In sheer blouses, coats, suits and cotton dresses, white is dainty, fresh looking and impeccable.

There's a new pink this year too. "Shocking" takes the place of pastel pink, mauve is good and a rosy-red replaces sharp red. Prettiest combination for color bright: pink and rosy-red with the brighter-than-navy blue.

Sixth place on the color chart: gold or yellow. Suits and coats fever yellow, often combined with light gray. Playclothes and evening wear are beautiful in gold, particularly when the fabric is interwoven with metallic gold thread. Newest swooping skirts for at-home wear are heavily accent-

ed with gold. Even some toppers and longcoats boast lovely gold; startling black patent.

Lilac is in but the trend is to mauve pink and violet blue mauve. Cotton and silks, often iridescent, lend themselves to the mauve tones and are especially flattering to a bronzed skin. This color tone is very striking in playclothes and beachwear. Mauve is an excellent choice for the fragile blonde or the silver haired beauty.

Last word in the color course—the always-good black, wonderful in anything, very fashionable in denim. (Incidentally, copper denim promises to make fashion news this Spring).

The Spring fashion parade is dramatic, completely feminine—but above all—colorful!

Mrs. Lovelace Hosts Baptist BWC Meeting

Members of the Business Women's Circle of the First Baptist Church met Monday evening in the home of Mrs. Tom Lovelace.

The president, Mrs. Ita Parrish, presided over the business session during which the group planned to co-operate in assisting with the senior banquet.

A round table discussion of the program, which was entitled, "Ministry of Prayer" and consisted of the testimony five missionaries was held, and was followed

by a social hour.

The Lord's Prayer was repeated in unison for the opening prayer. Christine Garrard gave the closing prayer. Others present were Mrs. Hannah Lindsey and Miss Verne Allison.

A recent guest here in the home of Mr. and Mrs. J. G. Allison was Mrs. Allison's brother, J. H. Sheldburne of Ballinger.
