### Around The Square

With Mack

Privacy is a wonderful thing. With it a one-room shack becomes a castle, and without it the most palatial house in town offers no more peace than a squirrel cage. Now when we talk about privacy we do not mean that a fellow should wall himself off from friends and family and go into his shell. Most people like company, for they enjoy other individuals, yet when this is said it doesn't mean they never want a quiet moment, where they may study and reflect. Most people enjoy these hours of reflection, and are all put out, when some wind-bag pops up just about the time they get comfortable in a private room.

Of course there are those who can't stand themselves—they must be popping off, in order to be happy. To them privacy is a thing to be dreaded.

There are times when we would like to have a home right in the middle of a section of land. We would want the house entirely surrounded by trees, with just enough birds to keep crickets from getting on our nerves. Here one may commune with God, and learn things that we would never learn from man. It brings rest to the soul, joy to the heart and happiness to the man.

This old world is pleasure mad. People go through life looking for a "good time." Most of them do not know the meaning of "good time." It doesn't come with a boom or a crash. It doesn't mean dancing or yelling. It doesn't mean football or fanfare. "Good Time" is that moment when one is at peace with God. For sin he has repented and been forgiven. His conscience does not disturb him. He is content. The best he has had for he has given, and is the happier for it. This my friend, "is peace of mind" the only true happiness. "Good Times" change over to heavenly bliss. This may be realized in privacy, never where pandemonium reigns.

Too much federal power, and we will know the full meaning of autocracy. This is election year, and in all candor we hope every legal voter in the United States goes to the polls and votes according to the dictates of his heart and conscience. If he will do this, after reflection, we have no fears for America's future. We do not want autocracy though either of our major parties can give us just that if we permit.

We know that things are not running right when a white collared Washington gang comes out to Texas to tell our farmers how to milk a cow. Half of them wouldn't know which end to milk, only from pictures they have seen in a catalogue. Yet the farmer has to pay their salaries, when the farmer already knows more about milking than they will know after 50 years of constant study.

They are rounding up a lot of those alleged crooks in Washington and a lot of the "big brass" may be melted down in the very near future. However, they can't say Sam Rayburn from Bonham didn't try to help them. He clamped down the lid on publicity, and so far has made it be "rotten" up there or Sam wouldn't be so anxious to cover up everything. Maybe he has a guilty conscience and is afraid they might get a few honest men to investigate him. "Sin" is a kind of night plant and it would be quite "revealing" seeks neither light nor publicity, we imagine, if Sam had to undergo investigation. You can never tell!

### North Lamar Church Gives Car To Pastor

The North Lamar Baptist Church has bought a good 1948 Ford car for their pastor, Rev. Truman Walker. He lives in Weatherford and drives to Eastland each weekend. Rev. Walker has expressed his thanks and appreciation for the gift. He plans to move back to Eastland in the near future and give full time to the Lord's work here.

The church extends an invitation to the public to visit the rapidly growing church.

KING—RODNEY STEPHEN

Rodney is a member of the senior class and is the senior class president for this school year. He has served his class as president three years and secretary one year. He has been in the coronation three years previous to this, being Duke twice and Prince one year. Rodney was a member of the Maverick football team and basketball team.

QUEEN—ANN DAY

Ann is a member of the senior class and served her class as vice-president one year. She has been a member of the EHS band for 4 years and was a member of the all-state band. Ann was in the junior play and a Herald in the coronation last year. She is a member of the Sub-Deb Club.

### Rodney Stephen, Ann Day Will Be Crowned King and Queen At High School, Friday At 8 P. M.

Rodney Stephen and Ann Day will be crowned King and Queen of Eastland High School this Friday night at 8 o'clock. The annual coronation which is presented by the junior class will be held at the high school auditorium.

The coronation consists of the entire royal party elected from each class a few weeks ago, and is one of the main events of the high school year.

The junior class is presenting

the coronation and it is expected to be one of the most beautiful presented. Tickets are 50 cents for adults and 35 for children and students. The junior's have worked hard to make it enjoyable and hope every one will attend.

The juniors are sponsoring a dance after the coronation in the gym. A grand march is to be held and all the student body, parents, and friends are invited to attend.

### Eastland Memorial Hospital Scenes Show Results Of Much Good Work

A roving reporter at the hospital last night, saw new scenes of interest. The reception room had the new hydrite partition that will be capped with a mahogany slab for the office desk.

Across the hall from the reception room is the nursery which Mr. and Mrs. H. B. MacMoy were busily painting in the softest yellow. Prince Charles of England liked this color in his nursery.

In one of the rooms there was much commotion as a crowd watched Mr. Doc Alford lay the first floor tile. The color was in a marble blue green.

Mr. J. A. Coplen and Preston Mansker have completed the painting of the walls in a pale chartreuse green.

The men on the scaffold in the hall were working with tin, as they sealed the insulated ceiling in order to protect the electric wiring.

Mr. Robert Vaughn was busy as usual making decisions.

We can see the dawn but there is much work yet to be done. A new volunteer worker is a most welcome guest.

Those reporting for work last night were: J. A. Coplen, Preston Mansker, Gene Rhodes, Henry Van Geem, Bob Perkins, Marcel Daniels, D. Samuels, J. Y. Jordan, R. L. Watson, I. C. Heck, Mrs. H. B. MacMoy, H. B. MacMoy, Leon Bourland, Clyde Manning, Frank Hightower, Dr. L. C. Brown, Robert Vaughan and Chile Johnson.

The hostess committee included Misses Carl Garrett, M. G. Cartwright, H. L. Sheppard, and E. K. Henderson.

Orchids today go to Mr. Pearson Grimes for donating a pair of crutches.

### Sex Club Members Held Wards Court By Shocked Judge

Los Angeles, Calif., Feb. 28 (UP)—Twenty-three members of a juvenile sex club became court wards today after a shocked judge heard reports of their frenzied sex parties, some allegedly on a school grounds.

One of the 19 boys, aged 11 to 16, involved in the investigation was a President of his class. The four girls aged 12 to 14.

Superior Judge William B. McKesson heard testimony that the parties went on for nearly three months before they came to the attention of authorities, who first learned of them from the parents of a girl who had been asked to join.

"Our daughter told us," they reported, "that the parties were common knowledge among pupils of the school."

Parents of a brother and sister involved in the orgies said that school authorities knew of the parties last October but failed to notify parents.

"Some of the acts were right on the school grounds," they charged.

McKesson and Court Commissioner Norman Holden and Robert J. Hamilton interviewed the youngsters, whose names were withheld, before disposing of the case.

### Moslah Chanters To Appear Ranger Methodist Church

The Chanters of the Moslah Shrine Temple of Fort Worth will sing at the First Methodist church in Ranger on Wednesday, March 5. The program will start at 8:00 p.m.

The Chanters appeared in Ranger last year in a program at the Ranger high school. It was told that the program they will present in Ranger will exceed the excellence of the one presented earlier, although a very excellent performance was given in the prior engagement.

There will be no admission charge, nor collection taken at the program at the church.

### McMurray College Band Will Be In Eastland For Program

Abilene Feb.—To conclude a trip for the McMurray College Indian Band which includes presentation of sacred concerts, secular programs, and a combination of both over television, the Bandsters will appear in a program at the Eastland High School the afternoon of March 4.

The Prairie Heights Methodist Church will be the scene of the Band's initial performance of the journey, March 2, while two sacred programs and a TV appearance are slated in Dallas.

They will give a program at the Oak Cliff Methodist Church during the afternoon, March 2, and at the Munger Place Methodist Church that night. The television program over WFAA-TV is set

### "Kite Flying" Is Dangerous; Urge Caution

Five "don'ts" for boys and girls who fly kites were outlined today by W. B. Pickens, manager for Texas Electric Service Company, in anticipation of the opening of the 1952 kite flying season.

As explained by Pickens, the five "don'ts" in order of their importance are: First, don't fly kites near electric lines. Second, don't use wire or metallic cord for kite strings. Third, don't use wire or metal in the kite frame. Fourth, don't fly kites in the rain, as even wet cotton string could become a conductor of electricity if it is wet, and fifth, don't attempt to remove a kite from electric poles or wires should it become entangled. Call Texas Electric Company's office and a lineman will come to rescue it if at all possible.

"Observing the first two 'don'ts' could have saved the life of a Texas youth who was fatally shocked while flying a kite last September," Pickens said. "This boy was flying a war surplus weather kite which had braided copper wire for a string. The kite fell on a power line and the lad was killed instantly."

"Local youngsters who fly kites have been very careful in the past about where and when they flew their kites," Pickens stated. "We had a perfect record last year with not one boy or girl being injured and only a few kites demolished. This year, I fully expect that even the number of kites lost will be reduced because every year, our boys and girls listen more carefully to our warnings and cooperate better in making kite flying safe."

### Time Is Near For Rural Red Cross Campaign

Rural Red Cross chairman, Mrs. Bill Tucker, has warned that March 1, is drawing near and there is much yet to be done to complete organization for the rural Red Cross Drive, and that it might be well to point out some of the things which will help in putting over the annual drive.

The Home Demonstration Club of Eastland County, with the exception of one rural chairman yet to be named, are ready to start. The success of their efforts will be largely due to an early start and promptness in sending in their reports, stated Mrs. Tucker.

Special recognition has been promised by the County Fund chairman, Mrs. John Love, to the rural group finishing their drive first.

Our quota can be met easily with the splendid cooperation already manifested by these community leaders.

### Olden Juniors Planning For Big Tournament

The Olden Junior Hornets, both boys and girls, will have "heap plenty" company around the home gym this week end, when the ball clubs from this section move in for a Junior basketball tournament.

Coach Hood, of the Hornet club, has been a busy man making preparations for the care of visitors, and Hornet fans are urged to be present when the Hornets go into action.

The tournament will get under way at 6:30, Thursday night, the 28th, with final play ending Saturday night, March 1st.

### New Minister For Church Of Christ Is Here

R. E. Davis, newly chosen minister for the Eastland Church of Christ, has arrived in Eastland, and will have charge of the services at that church Sunday. He came to Eastland from Taft, Texas, though formerly lived in Fort Worth.

He has worked with the late John Roach Stratton, National Chairman of the Fundamental League of America, as a National Director, and as a lecturer. He is now editor of the Banner of Truth, a national religious paper. He was on the Legislative Committee of the chamber of commerce, while living in Fort Worth some two years ago.

Both he and Mrs. Davis are musicians, and he composes religious songs. They have one son, R. E., Jr., who is 11 years of age.

During his stay in Taft many people united with the congregation. The church paid out the minister's home and purchased three lots for the purpose of putting in a large church plant in that city.

As an Evangelist he is said to have conducted more meetings last year than any other preacher in the Church of Christ Brotherhood—16 in number.

The local church extended him a unanimous call to serve as local minister, and he plans to take part in all enterprising activities for the good of the community.

### List Of County Red Cross Heads Now Complete

Mrs. John Love, County Chairman of the annual funds drive for the Red Cross, has released the names of the chairmen for the towns of the county.

Mrs. Jack Carothers, Eastland, Charlie Joe Owen, and Mrs. Alla Ray Morris, Ranger.

Earnest McKelvin, Olden, Geo. Ervine, Cisco, Mrs. M. H. Fairbair, Gorman, Frank Robinson, Rising Star.

Mrs. Bill Tucker, chairman of the Rural districts has named Mrs. D. G. Frambrough to her list. Mrs. Frambrough is chairman of Corinth.

### City Election Be Held Apr. 1

Eastland is to have a city election on Tuesday, April 1st, though the campaign to date hasn't even been luke warm, much less hot. The election is an annual affair, though all officers are not elected each year. This is done to make it possible to have at least two old members on the City Commission at all times.

If you are politically minded and want to get in the race, you will, of necessity, be forced to file application not later than tomorrow, which is the legal deadline for filing.

Only two candidates have filed to date.

In 20 years (1928 through 1947) the bituminous coal mining industry paid Federal income taxes of \$43 million dollars.

### Eastland Girl On Honor Roll At Texas Tech

A Texas Tech student from Eastland, Dale E. Basye, has been named on the fall semester honor roll for 1951-52.

Dale, a freshman student in the arts and sciences division, had a straight A average. Of the 4,906 students at Tech during the fall semester, 240 were listed on the honor roll, 33 made straight A's.

Honor roll students include those with a 2.53 grade-point average of a possible 3.0. They rank in the upper five per cent of the student body.

Included in the all-A group were six freshmen, four sophomores, seven juniors, six seniors, and ten graduate students.

Students will be recognized for scholastic attainment at an all-college recognition service March 19.

### Crew Bails Out Of Snowblinded C-47 Transport

SYDNEY, N. S., Feb. 28 (UP)—Eighteen men parachuted from a U. S. Air Force C-47 transport in a snowstorm last night and a crewman said today their biggest worry was "how it would be."

It turned out just fine, Capt. Robert J. Hessler of New York, told a reporter as he and the other 17 men from the 130th short plane rested in a Sydney hotel. All 18 were picked up by police and none was hurt.

The abandoned plane, enroute from Westover Field, Mass., to St. John's, Nfld., crashed in heavily-wooded country outside the Sydney city limits. This pilot, Capt. T. F. Koblenks, ordered all to land at Sydney to pick up gasoline but could not find the airport through the blinding snow.

Twelve of the men were found last night and the six others showed up safely early today, police said.

### Magician Loses Birds

AUCKLAND, N. Z., Feb. 28 (UP)—The Great Virgin, an American magician, needed a new hatful of birds today to put on his show. When the magician arrived here aboard the liner Aorangi, government inspectors killed his four canaries, six ducks, 10 doves and one bantam hen under a law banning the importation of poultry from the U. S.

### Brazos River Water District Gives Ranger-Eastland Support

Breckenridge (Sp)—The Brazos River Conservation and Reclamation District agreed Wednesday to assist the newly formed Ranger-Eastland Water District in its search for a permanent water supply.

The agreement was reached with delegations representing Eastland and Ranger along with officials of the Brazos District meeting in Breckenridge yesterday.

The delegations met with the district's small dams committee, requesting help in overcoming the shortage that exist in the water supplies of Ranger and Eastland. A request similar to this by the two cities two years ago failed because of differences existing between Ranger and Eastland.

EASTLAND JOINS DISTRICT—Ranger and Eastland last month created the Ranger-Eastland Water District to collaborate in establishing a jointly owned water source.

At the present Ranger secures its water from a private lake, which was reported to be about one-third depleted at the meeting in Breckenridge yesterday. Lake Eastland, originally built to supply Eastland with 1,500 acre feet of water, now has dwindled to below an estimated 1,000 acre feet, delegates were told at the meeting.

### Mediation Chief Calls Union And Industry Into Conference

By Robert E. Lee  
United Press Staff Correspondent  
WASHINGTON, Feb. 28 (UP)—Government officials hoped today for at least a one-week postponement of the threatened country-wide oil strike.

Federal Mediation Chief Cyrus S. Ching called union and industry officials into separate meetings in an effort to ease the threat.

He scheduled a morning talk with O. A. (Jack) Knight, president of the 100,000-member CIO Oil Workers Union, which has indicated it will call a walkout Sunday midnight in refineries in Texas, the West Coast and the Great Lakes region.

Ching asked the union to delay the strike and warned that it

### New Tax Book Is Being Sold

Dallas, Texas, Feb. 25—Two bits, 25-cents, one-fourth of an American dollar may save you and yours a lot of hard earned dough, according to the U. S. Department of Commerce.

The USDC is selling the 1951 Edition of today's "best seller," its entitled "Your Federal Income Tax."

This 146-page Government printing office publication is designed to assist Mr. and Mrs. Average American with their income tax return problems before the rapidly approaching March 15 deadline. Written in simple, man-on-the-street terminology, "Your Federal Income Tax" book may be obtained by return mail by contacting one of the following USDC offices: Dallas, Room 1114, 1114 Commerce Street; Houston, 1018 Preston Street, or El Paso, Chamber of Commerce Building.

### Historic Book And Map Sell For Fabulous Sum

NEW YORK, Feb. 28 (UP)—Charles Dickens' personal copy of "Cricket on the Hearth" and the original map for Robert Louis Stevenson's "Treasure Island" were sold at auction yesterday for \$6,950.

Dickens' book, which sold for \$3,700, contained about 1,000 alterations from the original written by the author. The Stevenson map included signatures of Captain Flint and Billy Bones, "forged" by the author's father. It sold for \$3,250.

would be a "serious threat to our defense effort and to our national economy."

Union officials in Denver said Knight would release today results of a poll of all locals on Ching's request for a one-week delay.

Knight said he may be accompanied at the Ching meeting by spokesmen for a number of AFL and Independent Unions which have not formally served strike notice but are allied with the CIO in docked wage negotiations. The unions want a 20-cent hourly pay boost. Some companies have offered 10 cents.

Ching planned an afternoon session with representatives of at least six oil companies: Cities Service, Socony-Vacuum, Texas, Shell, Sinclair and Deep Rock, of Oklahoma.

Ching told both sides, when he issued invitations to today's meeting, that the talks would be "exploratory." Oil industry negotiations traditionally are held on an individual company basis, and mediators emphasized they were not trying to press joint bargaining on the firms.

However, Ching said he would aim for arrangement of later bargaining sessions on a company-by-company basis in hopes that "solution of the dispute can be found." Meanwhile, Bruce K. Brown, defense petroleum official, said an oil walkout would "create a grave situation" in the country.

Brown, in a letter to Ching, said a walkout would have an almost immediate impact on oil supplies—which are relatively tight. The unions, whose members average \$2.12 an hour, have averaged in wage increases last year and in 1950 the 10 percent raise permitted by Wage Stabilization rules. The companies' offer of 10 cents represents the remaining amount permitted by the government's cost of living formula.

Should Ching's stepped-up mediation efforts fall—his field men have been working on the case for several weeks—the government is prepared to take further action to avoid a critical strike. Defense Mobilizer Charles E. Wilson last week was reported ready to ask President Truman to certify the dispute to the wage stabilization board to recommend settlement terms.

### F. F. A. Chapter Stages Banquet

Eastland Chapter Future Farmers of America, staged a Father and Son banquet at the High School cafeteria at 6:30 p.m. Thursday. The Chapter's sweetheart, Zena Grissom, was honor guest.

Our State Representative Dick Cox, delivered an address on Americanism, and the address was highly appreciated by all present. Buster Graham and James Wright furnished entertainment for the evening.

The school board, the honorary members and our advisor from Breckenridge, were in attendance. It proved to be an educational hour as well as one of entertainment, and all present expressed themselves as having had a good time.

### Little Items Of Local Interest

The week of March 2 through March 8 has been designated as Public School Week in Texas by Governor Shivers, the State Board of Education and others. The local School Board joins in designating the same week as Public School Week. Every citizen of the community is urged to visit school during the week and become acquainted first hand with the work and activities of our public school system. Local school officials and teachers insist that every citizen visit school during Public School Week.

### NEWS FROM CHEANEY

Mrs. Bill Tucker

A miscellaneous shower complimenting the newly-weds, Mr. and Mrs. Fred Rogers, was one of the community social affairs of the week.

Relatives, neighbors, and friends gathered at the home of Mrs. Electra Hattox on Wednesday evening, Feb. 20, bringing many nice and useful gifts.

A number of friends and members of the bride's family from Gorman attended.

The local stringers presented musical numbers and the teenagers amused themselves with games. About 60 persons called during the evening.

The other highlight was also a miscellaneous gift shower for Mr. and Mrs. Kenneth Rainey on Friday night, Feb. 22, at Mr. and Mrs. Dalton Watson's home, near Desdemona. They, like the other couple, received a nice assortment of useful gifts for their home. Congratulations are extended to both of these young couples.

Deep Rodgers is home from West Texas where he worked for some time. He will begin farm operations.

Mr. J. W. Case was carried to a doctor at Ranger last Thursday and his condition was diagnosed as an overworked heart, due to lack of sufficient blood. Not many at this age of 80 years have been able to do the chores around the farm as he has been doing—cutting wood, hauling water, and helping with a flock of chickens. Now a rest period is essential to rebuild his strength. Many of the neighbors have called to see him.

Mr. and Mrs. Herman Neger visited Saturday night. Mr. and Mrs. Lee Yancey and Betty were Sunday callers. The Arthur Loves and Bill Tuckers and Melva Love called Tuesday.

One of the Yandey twins— we never can tell if it is J. T. or J. L.—was home for the weekend. Both boys work in Fort Worth.

Mr. and Mrs. Jack Hart and children were visiting their parents, Mrs. Eula Hart, and Mr. and Mrs. Bill Reid the past weekend.

Ira Wilson, who called our home Thursday morning, stated his wife Othell, is not completely restored to normal health.

His mother, Mrs. Sarah Wilson, is making an indefinite stay with them at this time.

We had a delightful visit in Abilene on Monday with Mr. J. S. Motes, one of the old Cheaney pioneers of more than 30 years ago. He kept us regaled with stories and incidents relative to his being proprietor of the old Cheaney general store, when crackers and molasses were kept in a barrel and pickles and sourkraut in five gallon kegs and a 25 pound hoop of cheese.

He would accommodate the neighbors in mid hours of night by opening the store and providing them with medicine or a shroud as the case might be.

He even told of being held up at gun point on a train between Ranger and Strawn. Only the would-be bandit didn't get away with it. A quick jab with his thumb from his coat pocket and a gleam in his eye convinced the robber that he must get off the train—at full speed too!

All to soon 3:30 came and it was time to go home.

Mrs. Stella Blackwell was visiting Friday with Mrs. Belle Blackwell.

Mr. and Mrs. Loy Williams and children moved Monday to the Jewel Community near Gorman.

Other visitors were Mr. and Mrs. Arthur Love and Betty Jean, Mrs. Eva Underwood and Mrs. Melva Love.

Mr. and Mrs. Bob Blackwell visited Sunday with Mr. and Mrs. Frank Poteet.

A new comer in our midst is little Miss Barbara Beth Perrin, infant daughter of Mr. and Mrs. Lamar Perrin. The little miss made her arrival at a Gorman hospital on Monday, Feb. 25.

Mr. and Mrs. Roy Williams and children moved Monday to the Jewel Community near Gorman.

Mr. and Mrs. Bess Howard of Ranger visited in the John Tucker home Sunday afternoon.

Mr. and Mrs. Milton Calloway and Kay visited in the V. L. Jones home Saturday evening.

Mr. and Mrs. Joe Jackson and Shirley Ann attended our church services Sunday night.

Those visiting in the Johnnie Barfield home Sunday were Junior Langford, Bob Galley, J. B. and Vallie Jones.

**THE ARAB LEAGUE** is an association of seven Arab states who signed up together in 1945 on the general theory of "in union there is strength." The members are Egypt, Syria, Saudi Arabia, Iraq, Jordan, and Little Lebanon. Six of them are in the UN. Containing the world's principal groups of Arabs and Muslims and occupying one of the most strategically vital areas, the League could swing a lot of weight in world councils—especially now, with the Western defense spotlight on the Middle East. But the League is far from being an "all-for-one" happy family. It is torn by dissension and mutual distrust. Iraq and Iran have no love for and get none from the other five members. Egypt, largest and theoretically most powerful, lost an awful lot of prestige when little Israel, not yet out of swaddling clothes, thoroughly bloodied her nose during the Israeli-Arab war. Jordan has always been closely tied to Britain, with whom Egypt has been feudin' for years. Right now Egypt is making headlines by her attempt to throw the British out of Suez and the Sudan. Her extremists are making threats of concerted Arab League action and even "holy war." But unless the League can suddenly achieve its charter-avowed purpose to "coordinate political action" it is likely to remain as a trouble-making sounding-board for its anti-Western elements.

New Hope Church No. 3. A large crowd attended all services Sunday.

Friday night, Feb. 29, is the time for our Bible Conference to start, ending Sunday, March 3. Everyone is invited to come. We are expecting a large crowd each service.

We still have some sickness. Mr. and Mrs. Wagon Watson, Mrs. Effie Newsham, A. N. Bradford, Robert Jackson and Shirley Jackson and Frank Eddleman are still on the sick list.

The young people and juniors enjoyed a fellowship hour in the home of Rev. and Mrs. Bill Hogue Sunday night. Hostesses were Pockrus Herrington and Jones. Refreshments of cool aid and cookies were served.

Mrs. A. E. Hutton, Jr., attended church Sunday morning.

Mr. and Mrs. A. E. Hutton and children are moving to Mineral Wells. They have been residing at Shamrock.

We are happy over the rain and hope we get more.

Several men went to Caddo Monday morning and brought the seats for the new auditorium. They will be installed for the services Friday night.

### Latin Americans Increase Coffee Imports in 1951

Latin American nations, none of which receive U. S. help under the Marshall Plan, have increased their purchases of American-made goods in greater proportion than those that do.

The sharp increase in exports to Latin America is being cited in Washington as evidence that aid given friendly European countries re-arming for mutual security has not limited, as some economists feared it would, exports to other markets.

Since Latin American purchases of capital goods from this country are mainly with U. S. dollars obtained from their coffee sales to the U. S., the greater purchasing power of the republics was attributed largely to last year's increase of coffee consumption in America.

The National Coffee Association said that U. S. coffee imports from the 19 leading coffee producing nations of Latin America

in 1950 were 2.3 billion pounds. A conservation estimate of imports for 1951 was set at 2.5 billion pounds.

A typical example of the rise in Latin purchases from the U. S. is seen in the exports of steel mill products. In the first six months of 1950, exports of these to Latin America were \$75 million; to European countries, \$52 million. During the last six months of 1951 exports of the same materials to Latin America increased to \$105 million while those to European nations dropped to \$42 million.

Mrs. Morris Honored At Meeting Of Pioneer In Home Of Mrs. Sue

Mrs. Winnie Sue entertained the members of the Eastland County 50 Year Pioneer Club, Tuesday at their regular monthly covered dish luncheon, at her home 906 South Seaman.

Mrs. Ida Morris was surprised and honored by her daughter, Miss Ruth Morris and her daughter-in-law, Mrs. J. P. Morris of Ranger, who had prepared a huge birthday cake, beautifully decorated, and ice cream for the dessert at the luncheon.

J. A. Beard gave the invocation. Present were Meses, Nora Vaught, T. M. Johnson, I. J. Killough, Ora B. Jones, R. F. Jones, Nora Andrews, Millie Brittain, Hanna Lindsley, R. L. Watson, Morris, Mrs. Morris of Ranger, Miss Ruth Morris, Mr. and Mrs. Beard, Dr. E. R. Townsend, Meses, C. J. Mansker, L. F. Hamilton, Richard Middleton and

daughter, Lilla Lane, and Mrs. Carl Swearington of San Antonio. The group will meet again March 25th in the home of Mrs. Ora B. Jones, 511 South Seaman Street.

Baptist WMU Have Monthly Business Meet

Members of the WMU of the First Baptist church met Monday afternoon at the church for the regular monthly business meeting.

Mrs. Parks Poe, president, presided and opened the meeting with the singing of the hymn, "Jesus Light of the World", led by Mrs. Vic Edwards, and accompanied by Mrs. T. L. Morgan at the piano.

Mrs. Edwards told of the work with the girl's auxiliary and presented two of the group, Julia Lynn Inzer and Sue Stoker, who played piano solos.

Reports of officers and committee chairmen were heard and several projects discussed.

Members of the Maybell Taylor Circle served refreshments to 17 members attending, during the social hour following the program.

Recent Newlyweds To Make Home In Michigan

Relatives and friends here have received word of the recent marriage of Sgt. and Mrs. Joel M. Jones. Sgt. Jones son of Mr. and Mrs. Francis Jones of Dallas, is the grandson of Mrs. R. F. Jones, 414 North Seaman and the nephew of Mrs. Joe Stephen.

Mrs. Jones is the former Miss Jo Ann Pennington, daughter of Mr. and Mrs. Fred L. Pennington, 1219 Strickland Street and became the bride of Mr. Jones in a ceremony read in the home of his parents, 1914 Cedar Crest Blvd.

Given in marriage by her father, the bride wore a purple velvet suit with rhinestone trim. A nose-tip veil was worn on her white straw hat. She carried a white Bible topped with a white orchid showered with satin streamers tied with lillies of the valley.

Miss Betty Denton served as bridesmaid. Joe Bull acted as his nephew's best man. Candles were lighted by Jimmy Pennington, brother of the bride.

Assisting in the reception were Meses, E. Bedford Jones, Wade Brewster, Veryl Brown, George Wilkinson, Blue Womack of Anson and Miss Ruth Davis.

The bride is a graduate of Adanson High School of Dallas as is her husband, who has served with the Armed Forces in Korea.

The couple is making their home in Battle Creek, Mich. where Sgt. Jones is stationed.

The Hanna Circle met at the same hour in the home of Mrs. Jerry McCullough, Mrs. Bernard Hanna, chairman, presided over the business session and presented Mrs. Jack Carrothers, who gave the lesson study, entitled, "Those Who Were Scattered."

Refreshments of cherry pie and coffee was served to the following, Meses, T. L. Cooper, I. O. N. Horn, Milton Gains, E. E. Wood, Cyrus Miller, J. R. Gilbreath, Curtis Young, Todd, Homer Williams, Otto Marshall, Hanna, and Carrothers by the hostess, Mrs. McCullough.

mocratic members of the House had urged him to do.

Rayburn was understood to feel that a sudden halt in the investigation would invite charges of whitewash by Republicans. Some other Democrats, including King, share this view.

Reps. Eugene J. Keogh (D-N.Y.) and Thomas J. O'Brien (D-Ill.) were reported to have started the hot boiling by asking Rayburn to put a stop to the subcommittee investigations.

cases. McKesson held a private hearing in chambers for the girls before the boys went into court.

McKesson warned them to reform, or learn that there are sterner tribunals than the juvenile court.

One 13-year-old girl told him of participating in normal and abnormal sex practices with nine boys. Another girl said she had been intimate with 10 boys at the parties.

The two other girls said they were merely spectators, but McKesson told them they were "not innocent of what to expect" when they went to the parties.

The parents of one of the girls agreed to place her in a convent, and her father asked the judge not to put her in juvenile hall because her "associations" there might do her harm, although some of the girls here might be more innocent than she.

A 14-year-old girl sobbed that she was "wrong" and said she "took advantage" of the fact that her mother was working. She promised to give up smoking and drinking and said she had "learned my lesson."

Her mother pleaded with Judge McKesson not to send the girl back to juvenile hall because she "learned things there I didn't even know—things not fit to repeat."

A probation officer said the girl was held because she had been drinking at home since being booked as a delinquent pending yesterday's hearing.

One girl said she had sex relations with her 14-year-old brother and he brought friends to their home to join in the parties.

Fifteen of the boys were placed on probation and returned to the custody of their parents, three were sent to a state forestry camp and one was sent to juvenile hall for clinical study and another was placed in the hall until next month, when probation officers will attempt to work out a program for closer supervision at her home.

TEXAS NEWS BRIEFS

Texas Farm Bureau president

J. Walter Hammond of Waco says that Department of Agriculture inefficiency and not Texas tax laws is the cause of the loss of millions of dollars in the State's grain shortage program. Hammond charged Secretary of Agriculture Charles F. Brannan with failure to investigate the laws in Texas. He said that Brannan, in a letter to State Agriculture Commissioner John C. White, accused the Texas Farm Bureau of defeating legislation which would have safeguarded government interests in Texas. Hammond said the Farm Bureau favors a bill that would strengthen warehouse laws, adding that such a measure died in the legislature "because the Bureau refused to accept amendments which would have made criminals of unsuspecting farmers and relieved warehousemen of any loss sustained from spoilage in public grain warehouses."

Texas Republican National Committeeman Henry Zweifel of Fort Worth is scheduled to open district campaign headquarters in

Houston today for the Senator Robert A. Taft-for-president movement. Zweifel is expected to predict that the Ohio senator will have a majority of Texas delegates. He said he believes supporters of General Dwight Eisenhower for the presidency will make "a lot of noise," but get nowhere at the national convention.

A bitterly re-dated confession of murder and an appeal to strike the confusion from the record marks the trial of Diego L. Carino at San Angelo today. Carino testified yesterday that four peace officers beat, kicked, threatened and further mistreated him until he signed a statement saying he killed 64-year-old Vincent Vallone, Sr., of Houston in 1949. During the trial yesterday, the state produced a copy of a recorded telephone conversation between Carino and Pete Reno, a one-time musician at the slain man's nightclub. The defense has tried to pin the crime on Reno, who has denied any connection with the shooting.

# WORLD DAY OF PRAYER

FRIDAY, FEBRUARY 29, 1952

POSTER FOR PRAYER—Patterned after Millet's famous painting, "The Angelus," is the poster proclaiming Friday, Feb. 29, as the 45th annual "World Day of Prayer." The poster was designed by Mrs. Dorris K. Montour of Brooklyn, New York City, a native of Canada and an Iroquois Indian. Theme for the 1952 day of prayer, which will be observed in 18,000 communities of the United States and in 104 other countries, is "Christ Our Hope."

## Ties Add Variety To Men's Attire For Spring, 1952

Ties are a man's most important accessory—the bright and focal spot of his wardrobe. The color and pattern of his ties, can best express a man's individuality and good taste.

The new Spring lines offer a great variety—to set off the nattiest of suits. Added to this, is a wonderful collection of neckerchiefs and scarves to wear with casual jackets and open collar shirts.

The new versions in this season's selection of ties go to opposite extremes in length. One is the short, narrow tie that knots slim and trim. This is favored in knits and tie silks—the other is the

king-size tie, longer than the traditional lengths.

Be gay—be conservative—choose bold or muted tones—they are all high-fashion in the color story of ties! All hues and tints of the color-spectrum are well represented this year.

There's a big crop of fashion fancies in patterns and motifs in tie selections with crisp foulards, stripes, modern and abstract designs, and exciting motifs borrowed from nature.

Hand-painted ties retain their popularity; this season, they're more subdued in color and pattern than in the past.

Centered for attention this Spring and Summer are the washable ties—designed better than ever to hold their shape and good looks.

By United Press

PEIPING—The Chinese Red radio at Peiping says Red China is determined to "liberate" Formosa by "any means." A n d what's more, says the broadcast, it is "fully capable" of doing so. The propaganda broadcast came amid preliminary peace treaty talks between the Nationalist Chinese government on Formosa and the Japanese.

WASHINGTON—Reports in Washington say the allies are standing firm on their agreement to bomb Red bases in Manchuria in case of a sudden enemy air attack on UN ground forces in Korea. According to American officials, the agreement was drawn up by the United States and okayed by the other allies, and has never been withdrawn or changed. It calls for the United States to

consult with its allies—if there is time—but to go ahead with the bombing if there isn't.

PANMUNJOM—No progress at all was reported from the truce tent. Staff officers of the two sides finished up details on a proposal covering minor issues of prisoner exchange. But there was no break in the deadlock on the allied demand that no prisoner be returned against his will. Senior truce men will take up the deadlock tonight for the first time since they turned it over to the staff men 22 days ago. In another development, the allies said they would hold back data on thousands of Red prisoners not yet accounted for until the enemy comes up with data on similar UN prisoners.

WASHINGTON—Defense officials indicate that we will supply most of the strength for General Eisenhower's air power this year. Defense Secretary Robert Lovett says "considerable" additional American air strength will be sent to Western Europe in 1952. The cabinet member reported on the North Atlantic Treaty Organization meetings at Lisbon. Sec-

IRAN (long known as Persia) made headlines and increased world interest when the evicted Britain from her fabulous oil concessions, challenged the U. S. to keep hands off and played coy with Russia, while trying to secure the West into dealing on her own terms. Ancient Persia was the land of Omar Khayyam and Marco Polo. Since 1900, U. S. oil magic has transformed much of Iran from a land of nomadic tribes, sheep and goat herders, into an oil colony, with wealthy cities, giant oilfields and refineries. Abadan, where the British owned out, is the world's largest refinery, but was taken by loss of its skilled European technicians. During World War II, Russia and Britain occupied Iran, after Nazi fifth-column efforts to take over, and Iran became the great land-lease "back door" to Russia. It was then, that the constitutional monarch, the Shah Reza Khan, abdicated in favor of his young son, the present Shah. Under UN pressure in 1946, Russia reluctantly withdrew its troops from Iran, and a led puppet government in the Azarbaijan collapsed. "The Kremlin still eyes a 700-mile neighbor greedily across the 70-mile frontier. Stalin could use Iran's oil, its warm water sea outlet, its strategic location on the banks of India and Turkey. Iran's aging Premier Mossadegh has been in the U. S. seeking aid. Hounded by extreme nationalists and religious fanatics, Mossadegh stands in grave danger of seeing his government topple unless the splintered oil business can be revived.

Secretary of State Acheson is due to make his first report on the meetings at a closed session of the House Foreign Affairs Committee this morning.

NORTH CAROLINA—Authorities have arrested 15 men suspected of having connections with the Ku Klux Klan in a state-wide effort to stamp out a wave of made in coastal plain towns a hooded violence. The arrests were about 35 miles from Whiteville, North Carolina, where 11 former Klansmen were arrested yesterday. Authorities say they will cooperate with federal authorities in making further arrests, but refused to say when the arrests will be made.

Floor Collapses And Kills Worker

HULL, Que., Feb. 28 (UP)—Theophil Lafleur, 58, was killed last night when a cement floor in the incomplete federal government printing bureau collapsed. Nine other were injured as 50 tons of freshly-poured cement and rubble fell to the floor below.

Seen on the Spring scene: men's vests returning as an integral part of the suit. But this year coming in gay plaids, bold stripes or bright solid colors. Buttons are frankly gaudy—brass or pearl being the expected ones on the latest waistcoats.

Graft, Black Market, Taxation And Socialized Medicine Not New

AUSTIN, TEXAS—Such "modern" problems as price fixing, black markets, excessive taxation and socialized medicine were covered in Roman law.

The Theodosian Code, first official lawbook of the Roman Empire, has been translated by Dr. Clyde Pharr, University of Texas visiting professor of classical languages.

Students of modern social and economic legislation, state controls and development of the "welfare state" find many modern concepts and practices derive from patterns outlined in the Code. Never before has it been translated into any language.

Dr. Pharr, former head of Van-

derbilt University's department of classics, is an authority on source materials and subsidiary literature of Roman law. He is general editor of a project for collection, translation and annotation of all Roman law source material.

"The Theodosian Code and Novels and the Sirmionid Constitutions" is the first volume of the collection. Mary Brown Pharr, the professor's wife, is assistant editor.

Dr. Pharr came to the University of Texas in February, 1951. He plans to retire from teaching in June but will remain in Austin to continue work on the monumental project. He will be assisted in translating the volume, the Di-

Ronald Reagan Will Wed New Starlet Soon

HOLLYWOOD, Calif., Feb. 28 (UP)—Film star Ronald Reagan and a rapidly rising starlet, Nancy Davis, plan to be married March 4 in a quiet ceremony.

Reagan, former husband of actress Jane Wyman and president of the Screen Actors Guild, said the wedding would be held "in some small church" in southern California, but the exact location has not been selected.

**KIDNEYS MUST REMOVE EXCESS WASTE**

Nausea, backache, loss of pep and energy, low blood and dizziness may be due to slow-down of kidney function. Doctors say good kidney function is very important to good health. When some everyday condition, such as stress and strain, causes this important function to slow down, many folks suffer from a backache, feel miserable. Minor blood-poisoning due to poor kidney action may be relieved by frequent passages. Don't neglect your kidneys if these conditions bother you. The Food's #11, a mild cathartic, that stimulates the kidneys for over 30 years. It's made of two many times more than any other cathartic. It's safe, it's effective. It's the Food's #11. He got stuck near the second floor and gave himself away by yelling for help and it took the fire department to rescue him. (NEA-Telephone).

Harry Loses In College Primary

NASHVILLE, Tenn. (UP)—Democratic and Republican presidential primaries held here by Vanderbilt University students ended in victory for Georgia's Sen. Richard B. Russell and Gen. Dwight D. Eisenhower. The polls, held yesterday, gave Russell 255 votes in the Democratic "primary" over 215 for Sen. Estes Kefauver (D-Tenn.) and 27 for President Truman. Eisenhower polled 186 votes in the Republican "primary" to 132 for Sen. Robert A. Taft (R-O.).

Mrs. Clyde Lovell of Cisco visited Saturday with Mrs. Will Lovell.

Mr. and Mrs. M. F. Boston and Mrs. Zelpha Wood of Gorman, visited Mr. and Mrs. Bill Edmondson Sunday.

POLITICAL HIGHLIGHTS

Latest developments in the presidential race:

Democrats—Truman—Raymond W. Karit, former Missouri Democratic Congressman, talked politics with President Truman but said he did not ask him about his plans because "I wasn't going to take any chance of getting an answer one way or the other."

Kefauver—Sen. Estes Kefauver of Tennessee said the national budget "must be balanced within two years," and called on the armed forces to eliminate "serious waste" in their procurement programs.

Russell—Sen. Richard B. Russell of Georgia was expected to bow to demands of fellow south-

ern Democrats and become a presidential candidate, but his supporters did not look for him to announce—at least now—that he would be willing to head a third party if one should be formed.

Republicans—Taft—David E. Ingalls, manager of the drive to get the GOP presidential nomination for Sen. Robert A. Taft of Ohio, pooled the Eisenhower camp's claim of increased midwestern support as "the best kept secret of the campaign."

Eisenhower—Supporters of Gen. Dwight D. Eisenhower from 11 southern states said the south "is ready, for the first time in history, to give a majority of its electoral votes to a Republican nominee for president—if that man be Eisenhower."

Warren-Stassen—Gov. Earl Warren of California and Harold E. Stassen met accidentally in a Milwaukee hotel. They smiled but refused to shake hands for pho-

tographers. MacArthur—Gen. Douglas MacArthur asked Oregon officials to general's right to withdraw from the primary there.
