His Durocs Netted \$1,590 In 1950

Hogs play an important part in this farmer's program. Sale of 60 hogs in 1950 netted him \$1,590. Litter average is high. Worming and spraying are key parts of his hog management program.

This land owner also has a sound grassland program that has paid off, and will kee pon paying off as long as it is continued.

Erosion control and water conservation, maintaining soil fertility with grasses and legume-crop rotation, and good livestock, go a long way in assuring profitable returns year after year to any land owner.

How you can carry on a similar program can be had from your SCS Technician and County Agent.
