Sully Montgomery, picturesque sheriff for Fort Worth and Tarrant county, must serve seven years in a federal prison on a charge of income tax evasion, says a jury. He will appeal the case, and whether he will ever serve a sentence remains to be seen.

It so happens we know Sully pretty well. We voted for him when he was Constable, and we elected him sheriff, too. He states that he is still a candidate for re-election, but that also remains to be seen. Sully is a "show man" of the modern type. He is likeable, and while he has admitted a lot of things that seem "awful", we doubt if he is half as bad as he made his story. He is charged with bribery, "pay offs", gambling and most every other crime in the catalog. This, in one sense, was not what the complaint charged. He brought this in during the tax evasion trial, and he was tried and found guilty of tax evasion and not "gambling."

Reminds us of the Al Capone trial. He was tried in many courts and for various crimes, but Al always had enough jurors on hand to set him free. Then Uncle Sam stepped in, charged him with tax evasion, and sent him to the federal penitentiary in Atlanta where he served as chief cane cutter for many years. Sully may not fare so badly.

On the other hand it seems that the Tarrant County grand jury, has a desire to converse with "their sheriff", and if he tells them, as much as he told the Dallas judge, he may not be sheriff any more.

Personally we have always liked the man. He befriended us one time and we have not forgotten. He helped us hold one of the best jobs we ever had in all our life. It didn't cost him any money and not a great amount of time, but it sure helped us. We shall never forget.

If he is guilty he should be punished, but it won't put a smile on our face. If he is guilty, as charged, we are sad, and in all probability he is too.

This old world, with all its "cussedness", is not so bad after all. It would be difficult indeed to find a man or a woman without some good traits. Some of them may seem hopeless, but if you know them, you know of the good as well as the bad.

The world may be just a bit too critical. We may want to weigh everybody on our scales.

We want to set the pace, and others are expected to follow without question. This is not right. We have criticized other men for a fault, when they were better than we are. There is not much danger of our being right all the time, and what is a sin for one in may not be a sin for another.

One man may violate a major portion of the moral code, and we denounce him as an arch-criminal. If we would take time to see his side our opinion might change. We may not "cuss" as he does, and we are not upholding his "cussing" but he may have a more generous and loving heart than we have.

God is the judge—not men. And when we think of His laws and Commandments we marvel at His graciousness. The Nazarene was a lowly man, and he came to seek and save that which is lost (you and I). We read two commandments—not 10 or 20, but two. First "Love the Lord thy God." Second "Love your neighbor as yourself." The latter was given by our loving Saviour, who said all other commandments hang on these two. Then what is God? John says "God is love." The first commandment is to love God, the second to love our neighbor. If we will obey we can see that life is just a series of episodes of love. LOVE is all there is to life. If you have this you may expect a joyous eternity.

Sixty-one Cases Filed For Selling Blackmarket Spuds

WASHINGTON, May 23 (UP)—The government has filed 61 court cases in 13 states since April 10th charging potato growers, wholesalers and retailers with violating price ceilings.

The Office of Price Stabilization opened a drive six weeks ago to avert a black market resulting from the potato shortage.

Ranger Junior College Madrigal Singers Complete 1000 Mile Tour

The Madrigal Singers, of Ranger Junior College, have just completed a thousand mile tour which took them through the following cities: Fort Worth, Bowie, Nacona, Electra, Goldwithe, Gatesville and Brownwood. The singers appeared as often as three times daily, getting very good receptions from high school, elementary, service club, and local audiences. The congregations which sponsored their programs were most gracious in their reception and lavish with their praise of the young singers. The audiences, large numbers of them not previously aware of Ranger College, totalled approximately 3500. Interested prospective students were also contacted and some are expected to be in school here next semester.

Traveling by automobile under the guidance of Miss Patterson and Mr. Baumgardner of the music faculty, the group presented varied programs ranging from Madrigals to modern swing. The

Palo Pinto Rodeo Set 4-5-6-7 June

MINERAL WELLS, May 22 (Sp)—The fifteenth annual Palo Pinto County Livestock Association rodeo will open in Mineral Wells on Wednesday, June 4, showing each night at 8:00, through Saturday, June 7.

The wild and woolly Brahma bulls from the Goat Mayo ranch at Petrolia will be used again this year along with the Mayo bucking horses—this alone assures a good rodeo.

Events will include bareback and saddle bronc, steer riding, calf roping, including an Old Timer contest, double mugging, girls, sponsors, queens contest, specialty acts and clowns. The famous Lucas Troupe of tumblers will be on hand.

Over \$2,000 in prize money is being offered.

The Mineral Wells Junior Chamber of Commerce is aiding the stockmen's association for the second year and are co-sponsors.

Pastor Granted Bond As Victim Shows Recovery

Pastor T. T. Gee of the Cisco Baptist Church (Col.) was released from the Eastland county jail, Thursday on a \$1,500 bond. He is charged with attempt and assault to murder, as the result of a shooting in Cisco some days ago. His victim, a deacon in the church, has been released from the hospital, and has been removed to his home where he is expected to recover.

The shooting was the outgrowth of church differences. The pastor had told certain members not to hold a meeting in the church. When they disobeyed the order he went to the church and fired a shotgun blast into the neck, face and shoulder of the deacon.

Forty Texans Hit By Polio

AUSTIN, May 23 (UP)—Forty persons were attacked by polio last week in Texas, boosting the year's cases almost to the 500 mark.

The State Health Department said the 40 cases were almost three times the normal number for the week of 14. Thus far this year, 498 cases have been reported.

ALCOHOL INFERNO—Firemen battle flames enveloping the wreckage of a 69-car Mon freight train derailed in the little town of Lowell, Ind. Six of the thirty cars which jumped the tracks contained alcohol and burst into flames. (NEA Telephoto).

Girl's Trio, The Male Quartet, and the Madrigal Singers all had their share of honors. Mrs. Baumgardner was the accompanist for the singers.

Each of the individual communities requested return appearances for the singers, so it is hoped that another year will see a larger tour, reaching double the amount of cities and thus bringing Ranger Junior College to the attention of increasing numbers of people each year.

ASC And Tech Students Stage Lingerie Raids

By United Press

Students at Arlington State College and Texas Tech also made lingerie raids last night.

The Arlington raid was staged by 150 men students who marched on their victims in military formation with bugles blowing. In Lubbock, 300 men students at Texas Tech were blocked by 100 policemen and two fire trucks as they massed outside the girls' dormitories. And officers turned fire hoses on the raiders to break them up.

Two University of Texas students have been arrested and held for burglary investigation in the latest foray of lingerie raids on co-ed sorority houses.

Austin Detective Lieutenant Bill Sterzing says the students were arrested at the Delta Zeta House after two of an estimated 15 students snapped the hasp on a door and rushed inside. The two students are accused of taking a co-ed's 40 dollar bathing suit.

A small group of raiders were dispersed by police last night and Arno Nowotny, dean of student life at the university, says they should be arrested by police just like any other kind of law violator.

Montgomery Fires His Chief Deputy

FORT WORTH, May 23 (UP)—Tarrant County Sheriff Sully Montgomery has fired his chief deputy, A. B. Carter, who has been under indictment for almost a year on charges of accepting illegal fees.

Montgomery's only comment on discharging Carter was that "it was for the good of the office." He fired Carter only two hours after receiving a special delivery letter from Fort Worth ministers urging that he, himself, "do the honorable thing" and resign as sheriff.

Montgomery was convicted Wednesday in Dallas of income tax evasion and was sentenced to seven years in prison. He has filed notice of appeal and said he will continue on the job and will seek re-election to another term.

Carter is under indictment for allegedly charging relatives of mental patients for their transfer to the Wichita Falls State hospital.

Daniel Will Open Campaign For Senate At Waco

AUSTIN, May 23 (UP)—Attorney General Price Daniel will open his campaign for the United States Senate May 29th with a statewide rally on the Waco Court-house lawn.

Daniel said his Waco speech will begin a "county-to-county" campaign. He is opposing Congressman Lindley Beekworth for the next which Sen. Tom Connally is relinquishing.

"GRANDPA"

THAT WAS NO FISH TALE Joe Dennis and O. H. Dick have been telling in Ranger and Eastland. Here's evidence of their fishing success at Possum Kingdom Lake last Saturday night. Joe and Onus, publishers of the Ranger Times and Eastland Telegram, caught this whopper on a trot line in the State Park vicinity. The 43 pound "Grandpa" they brought back was consolation for the night they spent in the rainstorm at the lake. Despite a few moments of anxiety after leaving their landing hook at the camp—they landed "Grandpa" and brought home the bacon.

Fort Griffin Fandangle Set For June 26-28; Entertainment To Be Plentiful And Enjoyed By All

Wild and woolly Fort Griffin is to rise again, ungentled and uncombed. The Fandangle depicts Clear Fork history. History follows rivers, and the Fandangle is on the Clear Fork.

The Fandangle is unique, and has made history all its own. It is spectacular. It is too brief, too lively, too intimate to be called an historical pageant. Safest bet is to call it a show—a show with dancing, singing and humor, to revive the look and feel of times gone by.

The entertainment is not only for those who see, but for those who participate. Written, directed and lighted, costumed, sung and danced by Albany people, the show is an all-out community project with everybody participating.

Fandangle tickets will go on sale June 2. Mail orders, accompanied by remittance and self-addressed stamped envelope, will be accepted after May 25th. All seats are reserved and are priced (stage level included) as follows: stage level chairs, \$3.00; center section seats, \$2.40 and side section seats \$1.80.

For information write Fandangle Association, Albany, Texas. On Highways 180, 183 and 283.

Rayburn May Appeal House Billion Cut

WASHINGTON, May 23 (UP)—House Speaker Sam Rayburn is expected to make one of his rare personal appeals to the House today to restore more than 615-million dollars cut from the greatly reduced administration foreign aid program.

However, administration leaders admit Rayburn has little chance of success. The Republican-led economy bloc easily won support for the new cut yesterday. Voting is scheduled today on funds for the near East, Asia and Latin America.

Tidelands Bill Sponsor To Speak

By United Press

The sponsor of the legislation advocating state ownership of the tidelands will speak over a nationwide radio network Saturday night in Austin.

Senator Spessard Holland, (D. Fla.) says he will answer President Truman's charge that the bill is "robbery in broad daylight." Mr. Truman indicated that he will veto the legislation.

Texas Attorney General Price Daniel says 15 minutes free time has been obtained for the address at 8:30 p.m. on the National Broadcasting Company network.

Special Fire Protection For Invalid Needed

Fire Chief Kilborn has offered a suggestion that should be given attention. It concerns the sick and aged persons of the city. Some are blind and some may be crippled, and in case of fire they might perish before it was known they were in a building.

So if the people of Eastland who have invalids in their homes, will call the Fire Department and leave their names and house numbers with the chief, an inspection will be made when the rooms occupied by invalids or located, and this information posted for the information of all members of the department. This means the sick and the crippled may be brought to safety first.

He recalled that in Texarkana the department answered a call at a home and was unaware that a deaf and dumb as well as blind man lived in an adjoining house, that was catching fire from the wind blown flames.

The reporting of invalids in home is a safeguard that should be taken.

New Freedom For Germany Be Monday

BONN, Germany, May 23 (UP)—A new birth of freedom for West Germany is beginning in the western capital of Bonn.

The Big Three foreign ministers are making final arrangements for the signing of a separate peace treaty with the Adenauer government.

Secretary of State Dean Acheson, expected to arrive in Bonn by plane shortly, British Secretary Anthony Eden and French Foreign Minister Robert Schuman are going ahead with the separate treaty despite violent Russian objections.

The signing of the document is scheduled for Monday.

Another meeting important in the cause of freedom is going on in Strasbourg, France. There, foreign ministers of the six-nation European Defense community are meeting to try to reach final agreement on the setting up of a West European Army. The only remaining issue to be settled is how long the agreement is to remain in effect.

Boatner Names New Assistant Camp Command

KOJE ISLAND, May 23 (UP)—Communist war prisoners in compound 76 on Kojé Island saw the handwriting on the wall today.

For months now, they've run the compound pretty much the way they wanted, flying Red flags, holding demonstrations. American guards haven't dared to step inside the barbed wire fence.

But that situation is changing. The Red prisoners looked out through the fence to see troops with bayonets and gas masks carry out riot drills. And they heard the words of the camp commander, Brig-Gen. Haydon Boatner, telling them he will run the camp, or else.

Boatner has ordered all South Korean civilians living near the compound to move elsewhere. And he has replaced deputy camp commander Col. Maurice Fitzgerald, with a new man, Col. Howard Taylor. According to Taylor, there are going to be some changes made on Kojé.

Boatner was acting on orders of the new Supreme Allied commander in the Far East, Gen. Mark Clark ordered the Eighth Army to get "uncontested control" over the defiant Communist prisoners of war. A spokesman says Clark called the situation at Kojé "intolerable."

KOREA

The two-day blasting of Communist factories near the North Korean capital of Pyongyang is over.

The heavy fighter-bomber pilots are back at their bases, resting after more than 1000 missions, flown around the clock.

The Communists are estimating damage, 350 Red buildings were pulverized, 151 were damaged.

It was the biggest aerial blow of the war, even bigger than the big air raid on Suan in North Korea several weeks ago.

Joe Nuessle To Have Assistant

Judge W. D. R. Owen has accepted an appointment as assistant County Prosecutor, and has already assumed some of his new duties.

For months, and possibly years, there has been a growing need for an assistant in the County District attorney's office. Work there has been mounting and this week Commissioners voted to have the assistant.

This will expedite legal matters in many ways, and with the appointment of Judge Owen, considerably more work may be handled, is the opinion of County Attorney Joe Nuessle.

Robert Arnold Is Teacher For Singing School

A singing school will begin Monday, May 26 at 7:30 p.m. at the Church of God. The school has been financed by voluntary pledges from the various people of Eastland that are interested in gospel music.

Mr. Arnold, the instructor is a man well known to the Southwest. He is often heard on radio programs and is a familiar sight at singing conventions all over the state. He is a song writer of proven ability and a teacher that is in popular demand. At present time he is a member of the Bowden Quartet of Ft. Worth.

The school is open to anyone who desires to attend. No tuition is charged and the school is non-denominational in character.

Last, But Not Least

OF HOSPITAL PERSONALITIES

By Mrs. James Horton

It would not be fair to close the list of hospital personalities without mention of Mrs. Samuel Butler. Mrs. Butler was elected president of the Civic League and Garden Club, assuming her duties as president in May 1951. The project of a hospital for Eastland had been adopted the preceding year and Mrs. Butler rolled up her sleeves to accept the challenge.

From the laying of the foundation till completion, it was going to be the duty of women to keep those men interested and encouraged. Some nights were cold and disagreeable. The work was hard manual labor. And so came the solution: to have a rest period with a hot cup of coffee and some food. Mrs. Butler's report shows that she called nearly 375 women of the community and not one refused. Sometimes there would be sandwiches, both hot and cold, sometimes luscious pies, and sometimes an assortment of beautifully iced cakes. From three to six women would serve on these committees, and because each group was new, Mrs. Butler felt

the need of being present herself to help them. When anyone asked some advise of Mrs. Butler, her answer was always a question: "Do you prefer pie or cake tonight?"

Getting names of the workers for insurance records and for the newspaper became her chore also. Sitting late each night she typed these names, as they had to be in the Telegram office by nine o'clock each morning. Thus, except for a few weeks out of town, she was present every night. Her record of attendance probably exceeds that of every other person.

Mrs. Butler came to Eastland in 1912 and has been a valued citizen all these years. She is the mother of Dr. James C. Whittington, eye, ear, nose and throat specialist. Both Mrs. Butler and Jim (as he is known) have played a large part in the building of the Eastland Memorial Hospital, and deserve many many thanks from this community.

Galveston Outlet To Gulf Damaged By Oil Carriers

GALVESTON, May 23 (UP)—The tow line between a tugboat and two empty oil barges broke, slamming the barges into the causeway between Galveston Island and the Mainland.

Damages caused by the jolt will require more than a week to repair, officials said. During that time, only the old causeway, a two-lane affair now used as a railroad bridge, will be the only land route open into the island city.

Ike Will Speak Detroit In June

The contract benefits will be paid only when the Federal Communications Commission approves rate increases to make up for the labor costs. A company spokesman says Western Union will apply to the FCC "within a week or 10 days" for permission to raise its rates.

Tornado Hits Lawton, Okla.

LAWTON, Okla., May 23 (UP)—A tornado has hit the Lawton business district but there are no reports of injuries. It struck less than 12 hours after a series of twisters and hail storms left at least 12 persons injured in north-eastern Kansas and western Missouri.

The tornado hit a five-block area on the southeast edge of the Lawton business district.

It also caused some damage at Fort Sill near Lawton. The Oklahoma Highway Patrol says an unofficial estimated place the damage at 150 thousand to 200 thousand dollars.

and Port Arthur. But officials say it appears unlikely that the settlements will touch off other agreements that would bring full production along the Gulf Coast's oil belt.

Workers at the Texas Company's asphalt plant which employs 900 began reporting back to work after they voted to accept a 15 cent hourly raise. And nearly 5200 workers began punching the time clock at the huge Gulf Oil Company refinery in Port Arthur for the first time in more than three weeks. The Gulf agreement also calls for a 15 cent hourly wage increase.

Showing Up On The Map

Many a Texan is smacking his lips over news from Lindale, the Blackberry Capital of the World. This up and coming Smith County town, which has been canning and shipping blackberries since 1888, is getting ready to hold the First Annual Blackberry Festival on Friday and Saturday, May 30-31, according to Lewis W. Pierce Jr., festival chairman. Anyone who has eaten blackberries, wild or tame, will want to go to Lindale for the celebration. A bumper crop is in prospect this year and a million pounds of berries may be processed in the area this season.

The celebration at Lindale has an appetizing appeal. Before long this festival will take its place with those that have brought fame to other East Texas communities. It may be as renowned as the Rose Festival at Tyler, the Forest Festival at Lufkin, the Yamboree at Gilmer, the Tomato Festival at Jacksonville and the Watermelon Festival at Mineola.

Pretty Elizabeth Bowdoin, 16-year-old daughter of Mr. and Mrs. Frank Bowdoin, will reign as the first Blackberry Queen. She is to be crowned Friday night, May 30 at 10 o'clock, at which time the Queen and her Court, consisting of Duchesses from other East Texas cities will be presented to festival visitors in the new \$75,000 high school gymnasium.
