According to promise we are going to tell you something about school teachers. You probably know all about them now, or at least think you do.

To begin with let us tell you what it takes to qualify for a "teacher," and we say teacher advisedly, for we have had many people sign a contract and call a class to order that was not then, not now and never will be teachers. They used the post as a stepping stone to something better. They never seriously considered making "teaching" a profession, but taught so they might eat regularly while studying, law, or some other profession. They knew very little about children and most of them cared less.

This may be one reason why starvation wages were paid teachers until recent years. They, at least most of them, are not grossly over-paid at this time, but most of them have the necessities of life, but most of them still have to learn about luxuries.

So far as education is concerned, they are forced to spend about as much time in preparation as the average doctor or lawyer. This costs money, which most of them do not have. That is why it takes them so long to get their degrees. Back in the days when we had \$40 per month teachers and a four to six-month school, teachers didn't have to know much. If they were large enough to keep the big kids from killing the little ones and could find their way to the county judge's office once a month and draw their \$40, they were considered pretty good. By standing over the kids with a club and forcing them to read school books, most any old jug head boy would finally learn to read, for which the teacher took all credit. If the teacher happened to know the multiplication table himself, he taught mathematics in the lower grade. If he didn't feel equal to the occasion, mathematics were skipped.

Had someone asked him about algebra he probably would have asked whether you at it with a knife or spoon.

But those days are gone forever—thank the Lord. Today we have teachers who can and will teach, and while our schools are not perfect, they are good, and it is largely due to teachers.

Other than being an educated man or woman, a teacher today must be refined. He studies character building, and sometimes is called upon to take in almost hopeless cases which he must mold into good manhood and womanhood.

Most of our teachers are "Christians" and this aids in many ways. They not only teach reading, "riting and "rithmetic, but install into the lives of their pupils a desire to be good citizens. In fact a good teacher—a teacher who has studied and prepared for "teaching" is one of our greatest benefactors. He molds the lives of the coming generation, the boys and girls who will take over tomorrow. A teacher of this type can not be over-paid.

Next time we begin looking for teachers let's look over the prospects and see if we would like for boy or girl to be something like the teacher? If the answer is yes—you are willing to trust his morals and general make-up as a pattern, then hire that teacher and fix the salary at a later date. You won't overpay him.

Second only to the Gospel Ministry, we place our teachers, and we know some who might qualify in either of the places.

Jewelry Sale Is Now In Progress

Beskov's Jewelry sale is now in progress. The sale opened today and will continue four days or through Saturday of this week. It has been described as Eastland County's biggest jewelry sale, with bargain in every department. Immediately following the sale the store will be closed for two weeks, for summer vacation, with the store opening again Monday, June 16th.

Many Pleas Of Guilty Entered In Liquor Cases

Numerous liquor law violation cases have been disposed of this week. Most of the cases stemmed from the recent county-wide raids conducted by the sheriff's department and members of the State Liquor Control Group.

At first it appeared that many of the cases would be tried in district court, before a jury, but so far only one case has been tried and it resulted in a mistrial or hung jury. Others have entered pleas of guilty and have paid fines of from \$100 to \$150 and costs. Two additional cases will be tried by jury, though trial date has not been set.

One defendant accepted jail sentence rather than a fine, but it is rumored he may dig up some cash and pay off rather than "board it out" with the county.

1000 Hour Pins Be Awarded At Carswell Base

Over 200 pins will be presented tomorrow to Carswellers embracing 1000 hours flying in the B-36. The pins will be presented by August G. Eisenwein, division manager of Convair's Fort Worth plant, at the Base Theater at 9:30 a.m. Dependents are welcome to attend.

Members with over 2000 hours flying time in the B-36 will be the first to receive the pins.

Members receiving pins will be congratulated by Brig. Gen. Joe W. Kelly, 19th Air Division commander. The pin is a small round gold emblem with a miniature B-36 and hours glass superimposed.

T-Sgt. Ernest De Los Santos, lives at 417 North Green, Eastland, Texas, was presented with a pin. Sgt. De Los Santos has 1500 hours flying time in the B-36.

Little Items Of Local Interest

Mrs. C. G. Brock of Denton will receive a B. A. degree, with an education major at the graduation exercises June 7th of the Texas State College For Women in Denton where Mrs. Brock and her family live.

Mrs. Brock is the daughter-in-law of Mr. and Mrs. Howard Brock of Eastland.

Mr. and Mrs. W. E. Brasher plan to be in Denton tonight for the graduation exercises of NTSC. Their son Billy is a member of the class and will receive his BS degree in Physical Education.

Roy A. Johnson of Dallas visited in the J. U. Johnson home last week. It was a partial family reunion as he visited with Mrs. Koenig, a sister he had not seen for several years.

Mr. and Mrs. H. R. Koenig of Johnston, Colo., visited last week with Mrs. Koenig's father, J. U. Johnson and Mrs. Johnson. While in their two-week vacation in Texas and New Mexico, they plan to travel some 3,000 miles, visiting other friends and relatives. They also visited Mrs. W. A. Kately while here. The last visit will be the Carlsbad Caverns, after which they will return to their home in Colorado.

Mrs. C. M. Meeks To Receive BS Degree, May 31

Mrs. Charles M. Meeks, the former Miss LaVerne Cornelius will be among those receiving degrees from the University of Texas in Austin Saturday evening, May 31. She is the daughter of Mr. and Mrs. Victor Cornelius, 308 East Main Street.

Mrs. Meeks will receive a Bachelor of Science degree in Home Economics. Her major has been the study of child development and nursery school training.

Approximately 1,300 degree candidates will participate in the commencement exercises at which Dr. T. S. Painter, retiring president, will be speaker.

Mrs. Meeks will also attend the Senior Ceremonial given by the faculty of the Department of Home Economics earlier Saturday evening in the patio of the Home Economics Building.

She recently took part in the traditional "Swing Out" presentation of duties to women of the next senior class.

While attending the University, Mrs. Meeks has been a member of Zeta Tau Alpha sorority and of the Home Economics club. She is a graduate of Eastland high school.

Mr. and Mrs. Cornelius will leave for Austin Friday to attend the commencement program, and Mrs. Meeks will return to Eastland with them for a week's visit.

Cool Front Brings Rain Over Texas

A Cool front moving across Texas has sent rains pouring down in dry South Texas Areas.

Weathermen say the moisture is general over all Texas except for sections of West Texas. The rains caused a flash flood at Del Rio and drove more than 100 persons from their homes. But it brought much needed moisture. As much as eight inches of rain fell in ranch country a few miles northeast of Del Rio.

But a weather observer at Uvalde says the rains are worth "a million dollars" for the crops in that area. They were the first moisture for any consequence in several months in the hill country north of Uvalde.

Almost three and one-half inches fell at Victoria and more than two inches at Cotulla. And between one and two inches fell at Palacios, Wichita Falls, Corpus Christi, Austin, College Station and San Angelo.

High honors: Mrs. W. A. Lewis of Ranger.

High honors: Richard Ivey, Jr., of Ranger, John A. New of Ralls, Charles Nolan Raney of Breckenridge, and Duane Rose of Ranger.

Honors: Earl Keller of Mineral Wells, Glenn E. McCleskey, Gene W. Ready, Meredith Sides, and Pat Taylor all of Ranger.

CORRECTION
George Fox, candidate for county clerk is still getting "kicks" caused by a typographical error which appeared in this paper several days ago. The story originated in Ranger, and placed Mr. Fox as an opponent to the water bonds. George A. Fox, candidate for county clerk has been for the bonds all along, while J. A. Fox, who resides in another section of the county, is the man who opposes the bonds.

Generalissimo Francisco Franco, the Spanish ruler arrived at Barcelona today aboard a battleship to attend the International Eucharistic Congress of the Roman Catholic Church. Francis Cardinal Spellman of New York also is in Spain for the occasion.

President Truman, the White House says he'll arrive in Springfield, Mo., the evening of June 6th for the annual reunion of his World War One Army outfit. He'll speak at a ceremony of the 35th Division the next day and then fly back to Washington.

Ingrid Bergman—Hospital attendants in Rome say the actress is expected to give birth to twins "anytime now." She and her husband, Roberto Rossellini, have one other child, a boy.

And, finally—Marie, Cecile, Annette, Emilie and Yvonne, the Dionne Quintuplets are celebrating their 18th birthday in Ontario, Canada. They're graduating from high school today and plan to go to college next fall.

They're old enough to marry now, even though it might make the adult world feel pretty odd. However, Papa Dionne says that's not likely. As far as he knows they don't have any boy friends.

Magazine Hints Hydrogen Bomb May Be Tested

By United Press
An Air Force Veterans magazine said there "soon" will be a single bomb with more power than all the bombs dropped in World War two.

Air Force Magazine says Congress was told about the bomb in a censored report.

The United States Air Force dropped more than two-and-a-half-million tons of bombs in World War Two. And there's only one bomb that would fit the description of the magazine, the hydrogen bomb. The magazine says there is evidence that Russia is "as near or nearer" the H-bomb goal as the United States.

There have been reports that the United States may test its first hydrogen bomb at Eniwetok Atoll in the Pacific this year.

The Atomic Energy Commission has been asked to review the five-billion-dollar atomic expansion program, under which hydrogen bomb work presumably would be carried out.

The Senate Appropriations Committee asked the AEC to check over the program, apparently feeling that the United States cannot afford the atomic expansion program this year unless it gets priority over other military spending.

Lions Club Will Entertain Wives

Program for this week's Lion Club meeting was furnished by T. R. Atwood and two of his pupils. Juan Jay Smith rendered a cornet solo while Alice Cushman rendered two numbers on the piccolo, also a piano number. Helen Taylor was accompanist.

Next Tuesday at 7:30 in the evening, Lions will have their annual installation of officers, and wives are to be guests for the evening. An effort will be made to see that it is an enjoyable evening. This is being published in the paper, because men may forget to bring the wives. But once the wives know about it, they will not forget to be present.

Every member is urged to be present.

Honor Students Recognized At RJC Graduation

At the Ranger Junior College Commencement Exercises Sunday evening, Dr. G. C. Boswell, president of the college, gave special recognition to the following honor graduates:

Highest honors: Mrs. W. A. Lewis of Ranger.

High honors: Richard Ivey, Jr., of Ranger, John A. New of Ralls, Charles Nolan Raney of Breckenridge, and Duane Rose of Ranger.

Honors: Earl Keller of Mineral Wells, Glenn E. McCleskey, Gene W. Ready, Meredith Sides, and Pat Taylor all of Ranger.

Both Texas Parties Select Two Delegations For Chicago

By United Press
Sen. Robert A. Taft and Gen. Dwight D. Eisenhower can both claim the majority of Texas delegates votes today. But the national convention will have to decide which claim is legitimate.

Eisenhower backers were bounced out of the state convention yesterday by conservative Republicans at Mineral Wells. "Ike's" national campaign director, Sen. Henry Lodge, Jr., of Massachusetts terms it "an infamous national scandal."

Both the "old guard" Republicans and the Eisenhower backers elected slates of delegates to the national convention. The conservatives elected 38 unattached delegates, the Eisenhower backers sent 33 delegates instructed for the general and five for Taft.

The Eisenhower backers bolted when the convention voted 762 to 22 to approve the Taft-dominated executive committee's seating of contested delegations from 31 counties.

DEMOCRATS ALSO SPLIT
The Democrats had the same trouble, two delegations each bent on casting the state's 52 presidential nominating votes at the national convention.

Liberal Democratic "Loyalists" bolted the party's state convention yesterday to march 10 blocks in a drizzling rain. They conducted their own session at a San Antonio civic center.

Stephens Gas Well Gauges 31 Million Ft.

Terrell Petroleum Co., of Fort Worth, has filed completion for a Stephens County gas discovery from either the Mississippian or Ellenburger.

The No. 1 L. C. Link, Section 25, Block 6, T&P Survey, four miles south of Caddo, was completed for a daily open flow of 31 million cubic feet of gas.

Flowing pressure was 1,723 pounds. Production was from perforations at 4,320-46 feet.

Total depth was 4,550 feet. Casing was run to 4,540 feet. Top of a Strawn sand pay was picked at 1,954 feet, top of the Caddo at 3,206, top of the Marble Falls at 3,308 feet and top of the Mississippian and/or Ellenburger at 4,317 feet.

The well has been shut in.

Martha Terry, 92, Be Buried Fort Worth, Thursday

Mrs. Martha Terry 92, of Fort Worth, passed away Sunday night and will be buried in that city Thursday afternoon, from the Polytechnic Church of Christ. Mrs. Terry lives in Eastland county, in the vicinity of Ranger many years ago, and will be remembered by many old timers.

Survivors included three daughters, Lula Terry, Bertha Tackett and Ellen Arney; five sons, Albert, Allen and Floyd and Harley of California, and Quitman of Grant's Pass, Oregon. 25 grandchildren, 35 great grandchildren, and one great grandchild, and Mrs. Annie Terry, daughter-in-law, reside in Eastland.

Services are to be conducted at Holy Church of Christ in Fort Worth, at 3 o'clock Thursday afternoon.

Haste Nearly Made Robbery

DALLAS, May 28, (UP)—Police officers thought they had a burglary on their hands last night and it would have been a big haul.

They checked the Love Field State bank after they found the lights on and the shades drawn. They drew their pistols and tipped in.

The vault door was open so they went in Piles of currency were stacked inside with several money bags of coins nearby. More than 200 thousand dollars lay before their eyes.

But they found no burglar. A vice-president of the bank was summoned and he came down and locked the door. "I guess somebody was just in a hurry to get home and left the bank open," the official said.

E. C. (Clyde) Fisher

To The Voters, Eastland County

I, E. C. (Clyde) Fisher was born in Comanche County, Texas, on the 31st day of August, 1903. My father was a tenant farmer and my early days of school were spent in several rural schools of that county. I came to the oil fields of Ranger in 1918 living here until 1922 when I returned to Comanche county and engaged in farming during the years of 1923 and 1924. I then moved to Slaton, Texas; spent one year in farming there then returned to Eastland County where I have lived the past twenty six years.

Being dissatisfied with my education, I have through the years gone by continued my studies in the field of music endeavoring to qualify myself for greater service in that capacity. The Lord seeing fit to give me one talent, a voice to sing, I have tried to cultivate it to the best of my ability. To you who are not personally acquainted with me, this will give you an idea why I am called the "Bass Singing Fisher".

I have taught singing schools in many rural communities and am proud to say that I have always received a welcome to return to those places in such work.

This being the first time I have asked for office, I believe my friends will see that I get it. If you do not know me please ask someone about me whom you know and trust. I have tried to live so that anyone knowing me had to know some good. If my friends and neighbors will not recommend me, then I am not worthy of your trust.

I am a member of the First Methodist Church of Eastland; the Knights of Pythias and the Dramatic Order Knights of Khorassan.

I can assure you that if you see fit to favor me with your vote and influence I will do no act that will make you regret so doing. It is my desire to see every voter of Eastland County. Should I fail to see you please consider this my solicitation to you.

Thanking you, I am,
E. C. (Clyde) Fisher

No-Man's Land Stretches For Mile Upon Mile

A no-man's land stretches from the Baltic Sea to the Czech frontier.

All along the 375-mile border, East German police and Russian soldiers are digging trenches, filling areas, setting up roadblocks. An area 1,600 feet back from the border is being cleared. And the East German Government has announced that anyone found in this area after Sunday will be shot.

In Berlin itself, new barricades are going up on streets between the eastern and western zones.

It's all part of the Communist plan for retaliation against the west for the signing of the peace treaty with West Germany and the European Army pact.

American officials say, Russia apparently is bent on giving Europe the worst case of war jitters since the Berlin blockade of 1948. But as yet, the reds haven't pushed things that far.

Russian Border guards still permit Allied military convoys to pass along the highway linking Berlin with west Germany. And in the western sectors of the former German capital, citizens are reported carrying on business as usual, although the Reds have cut many telephone and telegraph lines to the west.

In Paris, the Big Three foreign Ministers, meeting in emergency session, have decided that the situation in Berlin does not require any drastic action yet.

The ministers met for three-and-one half hours. During that time, they talked over the possibility of a new Berlin blockade, and Russian strategy around the world. They also agreed on the outlines of a note relating to the Russian demand for an immediate four-power conference on the unification of Germany.

The French government is taking extra-good care of General Ridgway.

French police seized all copies of two Communist newspapers attacking the new Atlantic Pact commander.

The two papers had appealed to the people of Paris to attend a mass Rally sponsored by the Reds to attack Ridgway. Both accused Ridgway of having waged German warfare in Korea.

French officials are determined to break up the rally. After seizing the newspapers, they mobilized 20,000 police to move in if the rally goes ahead on schedule later today.

Ridgway, ignoring the fuss, went into conferences with top military men at Supreme Allied Headquarters.

Hospital Gifts
Gifts continue coming in for our hospital. Time is getting short, so if you wish to have a part in this wonderful project, please contact someone on the committee before it is too late to have your name registered.

This past week we received a check for \$25 from Dixie Williamson, \$10 from Mr. and Mrs. Turner M. Collier, honoring the late Mrs. J. A. Caton. One dozen tea towels from Mr. and Mrs. L. B. Richards of Route 2, Gorman, an anonymous donation of \$3, came from a man visiting Eastland last week, who left these parts for the Plains in the year 1915, and even now wanted to have a share with Eastlandites.

Mr. and Mrs. Charlie Lucas gave a Dormeyer Power-chef mixer with meat grinder attachment, two General Electric foot warmers, and two cooking and serving trays. Mr. and Mrs. O. O. Mickle gave a check for \$30. The money received by this committee is used to buy many necessary articles in the maintaining of a hospital.

Higher Prices To Hit Hard; Staple Foods

Prices are going up, it even costs more to get clipped by a barber.

Union barbers in Cleveland have agreed to boost the price of a haircut from \$1.25 to \$1.50. A shave goes up from 50 to 75c.

And that's not all that's going up.

The Office of Price Stabilization is permitting retail price boosts on frozen foods and many canned goods, including meats and vegetables. The order probably will come out tomorrow and the boost probably will go into effect next week, averaging several cents on some average-size packages of food.

Four food distribution groups accused the OPS of using "scare" tactics to make the public believe the new order will mean sharply higher prices. The food groups say the OPS adjustments will actually have little effect on the prices the consumer pays for food.

On Capitol Hill, a leading Democrat Senator has told the United

Press that the vote on a Republican proposal to let wage and price controls die next month will be close. The Senator, who declined to be quoted by name, says the vote could swing either way.

Senate Hopes To Vote On Foreign Aid Bill Today

WASHINGTON, May 28 (UP)—The administration may find out today about how much money it will get to run its foreign aid program.

The Senate is scheduled to vote on a proposed 500-million-dollar cut in the almost seven-billion-dollar measure, and the vote is expected to be close. Neither supporters of the administration bill nor members of the economy bloc will predict how the vote will come out.

The Senate hopes to reach a final vote on the entire measure by nightfall.

FLASHBACK

Sometimes it's a fleeting moment, sometimes weeks, months and years in the headlines.

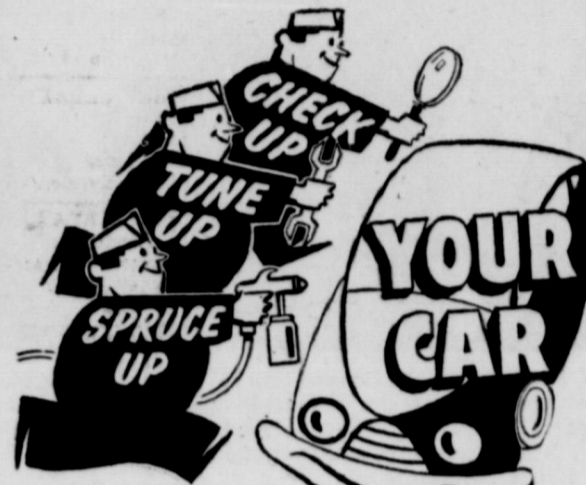

Then they drop from sight. For instance, whatever happened to General Robert Wood?

General Wood has had a distinguished military and business career. A West Point graduate, he was second in command in the building of the Panama Canal. During World War I, he headed the Emergency Fleet Corporation and later was a combat officer in France. In 1919, he retired from the Army and became vice-president of Montgomery Ward. A quarter of a century later, he switched to Sears and Roebuck, in the same

position. Later, he was made president of Sears and finally chairman of the board.

What is General Wood doing now?

He lives in Chicago, and devotes his full time to his job as chairman of the board of Sears. He is 72 years old.

We like to see people happy!

It's a busy world, and we know that it's hard for people in general—and you men in particular—to get around to having a new portrait made. New portraits give pleasure and we like to see people happy—that's why we made plans to make it easy to get fine portraits, especially portraits of men. Chances are, you look as healthy and happy right now as at any time of the year—that, too, is why having your portrait made now is so logical. Call our studio for your appointment today!

Poodle Haircuts To Be Replaced

The latest in hair styles is an arrangement called the "carous-el." Hairdressers holding their annual meeting in Los Angeles say the carous-el is a short, casual improvement on the tightly-curled poodle.

Plans Complete At Dallas For Sports Dinner

DALLAS, May 28 (UP)—Arrangements have been completed for the annual Texas Sports Writers Association dinner in Dallas Monday at 8 p.m.

Joe Dey, secretary of the United States Golf Association, will be the principal speaker at the dinner. The dinner will honor Ben Hogan, last week's winner of the Colonial Golf Tournament at Fort Worth, and the late Joe Routh, Texas A&M All-American football player.

Routh, who played at A&M in 1936-37, was killed in the Battle of the Bulge in World War II. Many outstanding figures in the sports world will attend the affair, among them, Jack Burke, Houston professional golfer and winner of 4 straight tournaments on the winter circuit this year.

Married Women Working Higher Than In War

The Census Bureau says the number of working wives is at an all-time high.

Latest official figures show there are approximately 10-million 200-thousand wives on the nation's payrolls, compared to the previous record of eight million 400-thousand in April of 1944, a peak employment period in World War II.

The number of working wives dropped sharply at the end of the war, but has climbed steadily since then.

Miss Roberts And Mr. Worley Take Wedding Vows In Kermit

Jean Roberts of Kermit and formerly of Ranger, and Joe Worley of Midland were married at 8 p.m. Saturday evening, May 24, at the Eastside Church of Christ there. The bride is the daughter of Mr. and Mrs. Alpheus Roberts of Kermit.

Mr. Worley, son of Mrs. J. L. Worley of Kermit, is employed by the United Geophysical Company in Midland.

Alan Bryan, assistant minister of the Broadway Church of Christ in Lubbock, performed the ceremony.

A chorus from Eastern New Mexico University, directed by Bob Page, furnished background music. Vocalists were Robert and Glynn Page, who sang "Thine Alone," "I'll Walk Beside Thee and "The Lord's Prayer."

Yellow gladioluses, palms, and archway entwined with greenery and flowers decorated the altar pews were marked with yellow gladioluses and white ribbon.

The bride, given in marriage by her father designed and made her bridal gown. Made of imported French lace and nylon tulle over satin, it was designed with fitted bodice and tapering sleeves. Skirt was lace, alternately paneled with nylon tulle, tapering into a chapel length train. The tulle yoke was accented by lace design and seed pearls.

She wore a finger-tip illusion veil attached to a crown of white orange blossoms and lace. Her bouquet was of white orchids, stephanotis, tied with satin streamers.

Mrs. Bert Brewer, Amarillo, was her sisters only attendant. Her gown was of powder blue lace and net over blue satin with matching lace mitts. Her headdress was a crown of powder blue orange blossoms and net. She carried yellow roses.

Joe Howard of Midland was best man. Ushers were Bob Francis of Kermit and Bert Brewer of Amarillo, Jimmy Dos Roberts, brother of the bride, and Kenneth Barham of Kermit were candle-lighters.

A reception followed at the Girl Scout Hut. Yellow gladioluses and roses decorated the building. The three-tiered wedding cake was embossed with yellow roses. Triple candelabra held yellow tapers, flanking the matron of honor's bouquet on the ecru covered table.

In the houseparty were Mrs. Bill Anderson, Ranger; Mrs. Howard Wall, Andrews; Mrs. Bob Francis and Virginia Stockton of Kermit and Clara Joe Green of Monahans.

For a wedding trip to New Mexico, the bride chose a grey taffeta-ized shantung suit with black patent accessories. They will reside in Midland.

Mrs. Worley has taught in the Kermit Public schools for three years. She is a graduate of Abilene Christian College and did graduate work at Texas Christian University and North Texas State College.

Mr. Worley received his bachelor of science degree in geology from Texas A&M College.

Out of town wedding guests were Mrs. Bill Anderson of Ranger; Norma Jean Heinlin, Lorraine; Mr. and Mrs. Jess Roberts, Hobbs N. M.; Mr. and Mrs. Harold Bettes, and Mr. and Mrs. Bill Smith, Odessa and Mr. and Mrs. Sam Roberts, Lubbock.

Mrs. Robert Page and daughters, Pala Glynn and Carol of Portales N. M. are the guests here of her parents, Mr. and Mrs. Ed

Castleberry, 418 South Connelle and with her sister and family Mr. and Mrs. L. A. Rapp and family who have been visiting in the Castleberry home since March
