## Around The Square

With Mack

After we got our "hospital" issue on the streets Saturday, we went home and went to bed. Not that we were tired, or anything like that, but we had to do something to make Dick think we had earned our salary.

Along about 9:00 o'clock a strange car came up in the drive way, and we were routed out of bed. We couldn't figure who it could be, so we didn't know whether to take our winchester or a stretcher. We finally decided to go empty handed, and it was very well we did. The car contained a son, daughter-in-law and three granddaughters, and it took both hands to get their baggage inside. They were smart enough to stop at the Manhattan and eat before they came out, for none of them like red beans.

This was all good and well. We went back to bed and the wife entertained them. Just before midnight somebody began chiming the chimes and the door was answered again. At the curb stood a car that was piled to overflowing. It contained just nine additional relatives. The only way we could have bedded them would have been to put one layer of them on top of the garage, and as somebody had borrowed our ladder, that was out of the question. Our cousin P. E. was driving, and he seemed to sense the idea that if he spent the night with us, he would have to do it in chair of swing. He volunteered to spend a few dollars at the Lilly Courts, and the day was saved again.

Next morning when they can't back our little home looked like a methodist revival. There were people all over the place, and when we thought of dinner our heart skipped three beats. But again the adult men came to our rescue. Son decided to take his wife and go home, but he left us three swell granddaughters. P. E. went down to the store and bought more groceries than has been in our home since we have owned it, and we began feeling better. We contributed what little stuff we had and the whole group headed to City Park where we had a picnic and kind of family reunion. All is well that ends well, only we can't figure out what we are going to tell Melvin Rathel when he asks us why we were not in Church Sunday. Of course he may not be missed, and if this is true we will be mightily pleased. Melvin seems to think a good Baptist can't be a Sunday "Piek-nick" all at the same time.

All you kids come back when you can. Glad to have you and if we get too poor to feed you, we'll let you feed yourselves just as you did this time. —P.—S.—We have more in the refrigerator now than before you came.

For the past two weeks we have been getting up the Hospital issue, but the way it sounds today, we may take two months to get out of it. Next time we are going to have everybody register, if we keep the operator straight, we won't have any skips. It's costs us already and we may have to buy new glasses, for when your eye sight gets so bad you can't see a big truck loaded with 10-tons of hospital equipment, you are in pretty bad shape.

However, Grady Pipkin and Tom Lovelace brought in several truck and van loads of hospital stuff that we never mentioned. Just a minor oversight we suppose—only we would not have had a hospital only for the fact they brought in the furnishings.

After all we live in a pretty good old world, and we are going to stay here as long as we can. We are not afraid of death, but are in no hurry to try it out. Our future home is a lot better than this, but it can wait, so far as we are concerned, until we get through breathing this Eastland air.

## June 20 Vote On Water Contract Only

According to reports that have reached here there is some misunderstanding of the nature of the coming elections in Eastland and Ranger on June 20.

All that will be voted on June 20 is the question of authorizing the two commissions to enter into a contract with the Eastland County Water Supply District to purchase water from the district when it is in position to sell.

You will be either voting for or against that authorization. There is no question of taxation to be voted on June 20, or at any other later date. The question of authorizing the Water District to levy taxes was settled in the election held April 22; that passed by an overwhelming majority. That election also approved the issuance of \$1,500,000 in bonds, payable through revenue from sale of water, or if the necessity arose, by taxation.

Remember that on June 20 you will not be voting on any question other than granting the city commission the authority to enter into a contract with the Eastland County Water Supply District. This election involves only the eligible voters living within the city limits of the two towns.

## Winners Baby Contest Named, Canaris Studio

The winners in each of the three divisions of the annual baby contest conducted by the Canaris Studio have just been announced. Pictures of these groups will be found on another page in this issue of the Telegram. Also pictures of the groups may be seen in the show windows at the studio.

Mr. Canaris, owner of the studio, turned the contest a great success, and noted that judges spent some time while making decisions. "We appreciate the interest and enthusiasm shown by the mothers," he said.

First Division—Fatty Ann Thomas, 6-month daughter of Mr. and Mrs. G. W. Thomas, 207 S. Maderia, Eastland; Second, Mark Hood, 9-months, son of Mr. and Mrs. Evan C. Hood, 514 S. Bassett, Eastland; and Third, Danny Alton Fleming, 8-months, son of Mr. and Mrs. A. W. Fleming, box 661, Eastland.

Second Division—Vicki Marene King, 17-months, daughter of Mr. and Mrs. Bob King, 604 S. Bassett, Eastland; Donna Gay Horton, 2 years, son of Mr. and Mrs. Horton, 1208 S. Bassett, Eastland; and Vernay Vaughan, daughter of Mr. and Mrs. R. D. Vaughan, 211 S. College, Eastland. It will be noted that the above three tied for first place. Second place were Bill Hoffman Jr., 14-months son of Mr. and Mrs. W. H. Hoffman, 708 S. Daugherty, Eastland; and third, Janet Lynn Phillebaum, 2 years, daughter of Mr. and Mrs. F. A. Phillebaum, 1413 S. Seaman, Eastland.

Third Division—Jerry Wyan Jackson, 5-years, son of Mr. and Mrs. Wayne Jackson, 205 S. Connelley, Eastland; second, Candy Clymer, 3 1-2 years, daughter of Mr. and Mrs. Frank Clymer, 914 S. Bassett, Eastland and third, Cathy Cleveland, 6-years, daughter of Mr. and Mrs. Martin Cleveland, 1906 Deerpath St., Dallas, Texas.

## Little Items Of Local Interest

Mrs. J. Leroy Arnold was transferred Sunday, from the Ranger General Hospital, by ambulance to Hendrick's Memorial hospital in Abilene, for surgery, Tuesday morning, for correction of a hip bone break.

Sgt. Richard F. Lehms, Jr., of the U. S. Army has just returned from overseas, and has been assigned to Fort Sill, Okla., pending receipt of assignment of orders from the department of the army. He is spending a 30-day leave of absence, at 304 West Patterson in this city.

J. M. Cooper has just returned from Center, Texas, where he was present for the funeral of his mother, Mrs. Leora Cooper, 78, who passed away last week.

Mrs. Jesse Ward of 218 Maderia, is in Fort Worth this week where she is undergoing treatment at All Saints hospital.

## Rotary Program Enjoyed By All

The first announcement at the Rotary meeting this week gave tidings of the first patient at the Eastland hospital. Mrs. Oral Fox was brought to Eastland hospital at noon Monday and at 11:45 p.m. gave birth to a 7 lb. 7 1-2 oz. boy who was a prize winner from the beginning. They reside at 305 North Daugherty.

After enjoying a good noon-day meal, Rotarians heard a splendid and informative address by Supt. C. E. Kusch of Ranger. He discussed the Gilmer-Akin bill as well as other subjects pertaining to our public school system. His remarks were pointed and were appreciated by all who heard him.

The "hospital" subject was revived, and the editor discovered at least two of his blunders. In Sunday's issue we tried to mention everybody and everything connected with the hospital, but we knew in advance that we would be likely to skip a few people, so we were not surprised when Rotarians brought the matter to our attention. Had the blunder been a small one it wouldn't have been so bad, but the things we skipped could have been seen by a blind man.

It seems that in our rush, we forgot to state that Grady Pipkin and Tom Lovelace (all for free) sent trucks and vans to East Texas and brought practically all the equipment of the hospital to Eastland. Not only did they furnish the trucks and drivers, but both have splendid records, during the building of the hospital. It was purely an oversight, whether anybody ever believes it or not. Looks like we are going to have Dr. Jim fix us some new glasses. When you can't see a big truck, loaded with twenty thousand pounds of hospital equipment, you are sure getting near-sighted, or maybe totally blind. We knew these boys moved all this equipment to Eastland, but we just forgot. This proves our eyes are not our only weakness—must be something wrong with the head also.

We shall check into this matter, hunt up a few additional blunders and publish a kind of appendix to our hospital lists. In the meantime you are at liberty to do all kicking you wish. We'll get complete lists sometime—we hope.

## Wes-Tex Rabbit-Covy Breeders Meeting Fri.

The West Texas Rabbit and Covy Breeders Association's regular meeting will be held at the DVA Club in Abilene, Friday 13th of June at 8:00 o'clock.

## Omar Burleson Makes Statement In Bid For Re-Election To House

Champ Clark, one of America's great statesmen, and former Speaker of the House of Representatives of the United States, said, "the truth is being more and more realized that, other things being equal or anywhere near equal, the value of the representative increases in proportion to his length of service. The best plan for a constituency to pursue is to select a man of good sense, good habits, and personal integrity, young enough to learn, and re-elect him so long as he retains his faculties and is faithful to his trust."

On this principle I base my candidacy for re-election to Congress. At the age of forty-six, I have now served the people of the 17th Congressional District for 5 and one-half years. My record is that of a conservative. It will show that I have opposed all trends towards a welfare state, which is another term for socialism.

Not only will the record show my opposition to these socialistic schemes, but it will also show my having opposed the present controls program, which has proved to be a treatment of the results of inflation, rather than the cause. I have authored legislation which, if enacted, will decontrol many materials and commodities,

Omar Burleson

including farm products and crude oil.

Certainly I am opposed to the inefficiencies of governmental operation, of waste and extravagance, graft and corruption. In an effort to bring about greater efficiency and reduce the tremendous cost of government, I have supported the Hoover Commission recommendations, except that

## Representative OPS Be In City

E. Glen McNatt, Field Representative of the Abilene office of the Social Security Administration, will be at the Army Recruiting office in Eastland at 10:00 a.m., on Thursday, June 12 & 26. Persons wishing to file retirement claims or survivor's claims under the Social Security Act are invited to call at that time.

McNatt in a statement made today, called attention to the importance of the social security card and stated that it is each worker's responsibility to keep possession of his card. Getting a duplicate is simple but it takes about a week or 10 days to verify the number and issue a duplicate. If the job seeker has lost his card, he may miss a chance to go to work during this week or 10 days.

Over 100 million cards have issued nationally since social security began 15 years ago. Another 5 million will be issued this year including those going to self-employed persons and persons in other recently covered groups.

Young people starting on their careers or vacation jobs will need cards soon. Mr. McNatt suggests that these young folks might follow the example set by workers now reaching retirement age. They have carried cards for about 15 years and many of them still have their original cards. They recognized that their cards had a definite value to them and now in their older years it is paying off.

Applications for social security cards may be obtained at the local Post Office. Completed applications should be mailed to the Social Security Administration, Post Office Building, Abilene, Texas.

## Harris County GOP Meeting "Turbulent"

HOUSTON, June 10 (UP)—Harris County's Republican executive committee meeting last night in Houston almost ended in a free-for-all.

One man was escorted from the meeting when County Chairman Joe Ingraham accused him of using profanity when addressing the chair.

He is Ross H. Clarke, a former Houston Democratic leader, but now an avowed Republican. He was a meeting chairman, John R. Brown, proposed a resolution that would have condemned the action of the forces of Senator Robert A. Taft at the state convention in Mineral Wells. When Brown made his proposal, the meeting lost all semblance of order. Shouts and accusations flew back and forth across the hall between Taft and Eisenhower men.

The meeting broke up after a resolution calling for the resignation of John Rogge, secretary of the executive committee, was tabled.

## West Texas Golf Tournament For Mineral Wells

The annual West Texas Championship Golf Tournament will be held at the Mineral Wells Country Club June 12-15, and with a Pro-Amateur play Wednesday, June 11.

Qualifying will be Thursday, June 12, with banquet and cocktail pool Thursday night. Match play starts Friday in all flights, with 36 hole finals for championship flight Sunday. Other flights eight-hole.

Eligible for play, all golfers members of Clubs that belong to the West Texas Golf Association. Obie Bristow, president, Big Spring, states that there will be a lot of entertainment for players and also the ladies during the tournament.

Dan Cherry, formerly of Wichita Falls, now a television director in the east is the defending champion and will not be present to defend his title.

Many of the top flight golfers of the State, from West Texas, have already made reservations to play in the tournament.

## Will Name New Barbecue Date

No, the big Free barbecue for hospital workers and friends, has not been called off. It was postponed, because of unfavorable weather conditions last Saturday, but it will be staged at an early date.

At 11 o'clock last Friday it was pouring down rain and appeared that more would be forthcoming. Weather, bureau reports from Fort Worth and Dallas were rather pessimistic as what Saturday might bring. So it was postponed.

However, when these thunderheads quit dropping in at all hours of the day and night, a new date was set, and the big barbecue will be had. Watch this paper for other announcements.

## Work On New Highway Will Begin In Aug.

Contract will be let next week in Austin, for the paving of the new Eastland-Ranger highway, it has been announced. This road will be a double lane road similar to the Eastland-Cisco project.

It cannot be said when actual construction will begin, though it is believed that will be some time in August.

This road will shorten the distance to Ranger, as well as taking out numerous curves. By eliminating these driving will be much safer.

## Many Visitors From Other States Present For Dedication Sunday; Timely Program Enjoyed By Group

The dedication of the Eastland Memorial hospital took place promptly at 3 p.m. Sunday afternoon, just in time for the Memorial Sun Dial. Several hundred persons lined the walks while Rev. Otto Marshall delivered the dedication to those who made the supreme sacrifice in the service of our country, and to the Eastland men and women who had made this hospital possible.

Following his prayer, Theo Lamb was asked to clip the white satin ribbon which sealed the entrance of the front door. Mr. Lamb graciously bowed this honor to Mrs. J. M. Alford, "one who had given the first donation even before a hospital fund had been started, and one who is the mother of three sons, all of whom gave unstintingly of their time and talents." Mrs. Alford came from among the crowd, clipped the ribbon and the crowd fairly surged into the building.

From 3 till 9 p.m., according to the register, twenty one hundred and ninety persons saw the beautiful rooms and halls of Eastland's new hospital. Men, women and children enthused and exclaimed over its beauty. Adding to the already attractive interior, florists and friends supplied added beauty with huge floral arrangements down the halls and a dresser arrangement in each room.

The Poe Floral Co., pinned pillow corsages on all twenty-two beds, as well as four dainty baby sized ones for the four infants. A huge basket of gladiolus centered the main hall from the Eastland National Bank. Other baskets and arrangements in the hall were, glads from Dr. and Mrs. Erwin E. Addy, Jr., Cisco; Pink carnations from Philpott's Floral Co., Cisco; glads and daisies from Sanberg Co., Dallas; Red roses from radio station, Breckenridge; red glads in memory of P. L. Parker from Mrs. P. L. Parker and Mr. and Mrs. S. Taylor; blue daisies from Toombs and Richardson; yellow glads in memory of Nina VanGeem from Mr. and Mrs. J. C. Poe.

In the reception room there were red and white glads from Mr. and Mrs. K. L. Perkins; glads and asters from Terrill Supply Co., Dallas; red glads and yellow carnations from the First National Bank, Cisco; yellow and white mums from the Ranger Clinic; 2 calladium plants, one from Mrs. C. E. McFatter and children and one from Mr. and Mrs. Roy Reed; also a huge foliage plant from Jim S. Vallery of Cutler Laboratories, Dallas; doctor's room had an arrangement of red roses from Rex and Lois Vexon of Stephenville.

Each patient room displayed an arrangement on the built-in dresser, all of them colorful gladiolus, asters, carnations and roses from the following persons: Cisco Steam Laundry, Mrs. Theo Lamb, Larry McGraw, J. F. Collins, and Fred Maxey; John S. Hart family; Chas. Sandler and L. C. Davis, Cisco; Eastland Chamber of Commerce; Blackwell Hospital, Davenport; Judge and Mrs. Geo. P. Davenport; Mr. and Mrs. Richard M. Jones; Mr. and Mrs. Wayne Brock; Lillian M. Hudspeth, Sonoma; Elliott and Waldron Abstract Co.; Ray Fuqua Chevrolet Co., Ballinger; Mr. and Mrs. Eugene Hickman, Snyder; Dr. J. H. Caton and Nell.

Many People Present  
A large memorial wreath was placed beside the Memorial Sun Dial from the members of the Civic League and Garden Club. They came from every town and community of Eastland county. Other towns in Texas represented were: Dickinson, Abilene, Ft. Worth, Frisford, Breckenridge, Dallas, San Angelo, Harlingen, Robert Lee, Rising Star, Gladewater, Midland, Waco, Wichita Falls, Santa Anna, Pecos, Corpus Christi, Lubbock, Denton, Big Spring, Houston, Alvin, Mineral Wells, Texarkana, Pahr and Graham.

Visiting doctors from other towns were Dr. and Mrs. E. L. Graham, Cisco; Dr. H. H. Cartwright, Breckenridge; Dr. and Mrs. M. L. Stubblefield, Baird; Dr. and Mrs. Bob Moreton, Fort Worth; Dr. and Mrs. E. V. Moonsey, Dallas; Dr. and Mrs. Ben A. Clyatt, Corpus Christi; Dr. Jack Diamond, Boerne, who flew in, and several others who did not register.

Out of state visitors came from Tulsa, Okla.; Eslinger, Calif.; Dyersburg, Tenn.; Meridian, Miss.; Truro, Iowa; Hobart, Okla.; Bald Knob, Ark.; Birmingham, Ala.; Lovington, N. M.; Muskogee, Okla.; Petehman, Ala.; Tampa, Fla.

Mrs. Everett E. Knott of the Texas Lightweight Aggregate Co. of Dallas was present for the opening. This company gave the haydite used in the construction of our hospital.

REGISTRATION  
The guests registered in a beautiful white satin covered book handpainted in a flower arrangement of orchids and lilies. This book was the work of Mrs. G. C. Kimbrell.

Hostesses for the afternoon were the hospital committee from the Civic League and Garden Club. They were assisted throughout the afternoon by special hospital committees, wives of hospital construction crews, window washers and cleaners.

Reception committees including the superintendent of the hospital, Grace Reed, were the original hospital committee, wives of the hospital Board of Directors, wives of the city commissioners, wives of city manager, and chamber of commerce and 1 representative each from neighboring towns and communities.

Guests were ushered through the emergency room and out on the ambulance terrace where coca cola was served as a courtesy of the Civic League and Garden Club and an anonymous contributor.

Yes the hospital is completed. It is a fine thing. But something even finer is that intangible thing called "community spirit" which so many persons once said Eastland did not have. Let us say that this "community spirit" has grown from a dormant seedling to a vigorous plant in the past eight months.

which would create a Department of Public Welfare.

As one of the leaders in an effort for greater economy, I have voted to cut more than a billion and one-half billion dollars from the president's budget in this session of the Congress alone.

The stability of our economy must be our first and foremost consideration to remain a strong nation and to be safe from forces both internal and external.

The national defense effort has received my vigorous support. At the same time, I have supported every effort to turn the spotlight of facts upon wasteful spending by the military, in an attempt to see that our money is spent wisely and that we receive value for our dollars.

My efforts in matters relating to military preparedness and foreign policy have all been directed at one objective—a permanent and lasting peace.

In these years of experience, I have held that both labor and business monopolies should be subservient to the public interest. In voting for the Taft-Hartley Law, I supported the inclusion of labor unions in the anti-racketeering Act, to curb the power of labor racketeers and protect honest union members against high-handed methods of a few labor bosses and against Communist influence.

As your Congressman, I have been consistent in working for a sound farm program. The record shows my continuous interest in the betterment of rural living by working for fair prices for agricultural products, farm-to-market roads, REA services, and the protection of the farmer against bureaucratic controls, such as the Brannan Plan.

Most veterans are aware of my work in assisting deserving veterans in all their problems with the Veterans Administration.

Everyone is, of course, familiar with the fight to retain our Tidelands. As one of the authors of the measure to keep the Federal Government from robbing the State of Texas of its Tidelands, I have remained in Washington to lend every effort against the President's veto. In the future, I shall continue to fight for the fundamental principles involved in this action.

Highly important legislation is now pending in the Congress. There are measures which are likely to be up for action and vote in the next several days, such as the controls program, more Federal public housing, a bill which if passed would threaten to nullify the labor laws of Texas, and other matters which vitally affect us all, directly or indirectly. I am opposed to these particular measures, and will be at my post of duty to vote against them. These and other highly important bills will keep me in Washington several more days, and I know that you want me to stay on the job. My attendance record in Congress is 98 per cent. Not

once has Omar Burleson failed to do less than my duty if I recast his vote on important issues. It is my intention to return home just as soon as I feel it is possible to do so without neglecting my responsibilities. You sent me to Washington to represent you in the Congress. I would be doing less than my duty if I turned a campaign at a time when measures so vital to us all are pending on the legislative calendar. In the meantime, I trust that you, my friends, will consider that you have an investment in exper-

ience, which can only be attained by time. Evidently there are interests outside our own area which would like to see me removed from Congress, because they know I am independent and stand by my convictions. They know I will not yield to the pressures which are constantly bearing down. They cannot, however, successfully question by record or integrity, my conduct of your affairs, nor the devotion and faithfulness to the trust you have placed in me.

I shall ever be grateful for a continuation of your support. You can be assured of my loyalty to your confidence.

CHRYSLER SARATOGA 6-PASSENGER SEDAN

## DON'T LET YOUR WIFE DISCOVER THIS TOO LATE!

Women by the thousands are discovering in the beautiful Chrysler Saratoga the easiest "big car" of all to handle... the most generously comfortable to ride in... and the most instantly responsive to their command.

That's why we say to you... and your wife... "Come in and see for yourselves what the Saratoga does for you." And do it now, before you decide on any car... not later, when you may regret not having all the things you can have in a Saratoga!

Yes, it is a big car with big car power... a breath-taking 180 H.P. performer (the most revolutionary V-8 engine in 25 years) that answers to the touch of your toe with delightful gusto. And it

doesn't call for premium fuel, either!

Does your wife think there's too much car here to handle? ... let her try its Power Steering that does 4/5 of all the steering work and gives five times greater control on the road and when parking!

Is she safety-minded? Chrysler Power Brakes give her quicker, safer stops... with up to two-thirds less foot pressure. She'll appreciate Chrysler's Safety-Cushion dash panel. And in case of a blow-out, she'll have the assurance of Safety-Rim wheels that won't "throw" a tire.

How about comfort? Come, both of you, for a ride! ... feel how those amazing Oriflow shock absorbers "liquidate" even the worst road bumps. Chair-high

seats plus big, big windows let even the tiniest little lady see out properly. Doors open wide... and she can keep her hat on!

Here, in short, is the car beautifully designed for men and women. The liveliest, best handling car in America. The car you'll both be glad you saw first. Why not stop in today?

NOTE: Power Steering standard on Crown Imperial. Available, extra, on any new Chrysler.

**Senator Would Make Truman Use Taft-Hartley**

WASHINGTON, June 10 (UP)—In the defense-vital steel case, Democratic Senator Harry Byrd of Virginia says he will insist on a floor vote in the upper house today on his proposal to make President Truman use the Taft-Hartley Law in the dispute.

The Senate moved into the strike after White House talks to settle the dispute collapsed in a deadlock last night. Byrd says use of the Taft-Hartley law will halt the strike for 80 days and save 25-million tons of steel.

**No Relief In Sight For Heat**

By United Press  
 Texans continue to simmer in the heat and forecasters say there is no relief in sight.

A low pressure system over the western part of the United States could possibly come down this way but the weathermen say it is too early to tell.

Temperatures last night were hotter than ever, ranging in the 70's in most places.

However, the state had some rain yesterday, more than three-fourths of an inch at Beaumont and showers at Laredo, Victoria, Alice, Houston and Austin.

The high temperature yesterday was 100 degrees at Presidio. Mercury readings were in the high 80's and 90's throughout the rest of the state.

Some 6,000 miles of wire, worth nearly \$500,000, was recovered from the Korean battlefields in six weeks by U. S. Army signal units.

**Fashion World Talks Of Furs**

Just as the weather gets good and hot, the fashion people start talking furs and woolens. The fall predictions have a lot to say about the combination of the two this year.

Fur-trimmed suits are predicted as a big thing for the Autumn seasons. And furs themselves—following behind the other silhouette trends—will have stand-away necklines and a few variations of silhouettes.

**Health Workers Encouraged With Disease Decline**

Public health workers are encouraged by the drop in venereal disease, but are wary of future developments should persons feel that the danger is past, said Dr. Geo. W. Cox, State-Health Officer.

As long as the infections remain among a relatively small segment of the population the danger of spread to non-infected persons exists.

Dr. Cox declares that everyone should avail himself of the free information concerning the nature, cause and spread of venereal diseases.

There is little reason for a person who becomes infected with a venereal disease today to suffer without treatment. Modern "wonder drugs", principally penicillin, have made possible the rapid treatment and cure of most cases. Just a few years ago treatment required one and a half to two years.

What To Do If Polio Strikes Town Or Home

If Polio Comes to My Community, I WILL REMEMBER TO:

Let my children continue to play with their usual companions. They have already been exposed to whatever polio virus there may be in that group, and they may have developed immunity (protection) against it.

Teach my children to scrub their hands before putting food into their mouths. Polio virus may be carried into the body through the mouth.

See that my children never use anybody else's towels, wash cloths or dirty drinking glasses, dishes and tableware. Polio virus could be carried from these things to other people.

Follow my doctor's advice about nose and throat operations, inoculations or teeth extractions during the polio season.

Be ever watchful for signs of polio; headache, fever, sore

throat, upset stomach, tenderness and stiffness of the neck and back.

Call my doctor at once and, in the meantime, put to bed and away from others any member of the family showing such symptoms.

I WILL NOT:

Allow my children to mingle with strangers, especially in crowds, or to go into homes outside of their own circle. There are three different viruses that cause polio. My children's group may be immune to one of these. Strangers may carry another polio virus to which they are not immune.

Let my children get fatigued or chilled. Overtired or chilled bodies are less able to fight off polio.

T. L. FAGG R. L. JONES Real Estate Property Management Home and Farm Loans

Take my children away from their community without good cause. Polio time is the time to stay home and keep with everyday companions.

IF POLIO STRIKES MY HOME, I WILL:

Have confidence in my doctor, knowing the earlier the care, the better my children's chances of complete recovery. I know that my child has a better than ever chance to recover without paralysis.

Call my Chapter of the National Foundation for Infantile Par-

alysis immediately for information or help.

Somebody's Going to be Surprised!

Well, it's Junetime—and the top is down—and his heart is filled with memories... and where do you think he's going?

He's going halfway up the hill, to a spot where a lane strays into the wildwood and he can glimpse the top of a fieldstone chimney above the trees. That's his lane—and he's going home!

It has been a well-guarded secret. Just two people have known about it all these months—himself and his Cadillac dealer.

To make doubly sure, he has hinted at everything under the sun as a fitting tribute to this wedding anniversary—except a Cadillac!

Well, it won't be long now. He's getting closer and closer. And now the stones in the driveway crunch under the wheels... he gives the familiar three "toots" on the horn... and then she sees him, with his cap in his hand, bowing and pointing to the driver's seat.

Surprised? Never so much in all her life. And never more thrilled—for it's the "car of cars" for the "day of days!"

And is he happy! Maybe it has taken him ten years—or fifteen—or even twenty... to make his dream come true.

But during all this time he never wavered in what he wanted. He wanted to make one anniversary mean something special above all the rest... by the gift of a Cadillac.

Perhaps, as you read this, you are looking forward to some very special anniversary of your own.

If you are—and you're planning on giving the gift of gifts—then you'd better come in and see us soon.

We've kept many and many a secret, for many and many a man—so you may trust us not to tell!

We'd be delighted to see you... at any time you find convenient.
