IN A WEEK'S TIME, Democratic presidential front-runner Gary Hart has been ushered completely out of the scene.

Many people with whom we have discussed the situation seem to be less concerned with whether or not Gary Hart was guilty of the charges that he spent the night with the Miami model as they were that once again the national media has made a vital decision for the country.

Not content with merely trying to influence how we vote on election day, the media now has backed up a step, and made a decision as to who can even seek the nomination for president.

"They have assassinated a future president," complained an ardent Hart supporter last Friday.

It has been pointed out that if the press had always been so much of a watchdog, we might never have had such presidents as Franklin Roosevelt, John F. Kennedy or Lyndon Johnson.

George Washington was lucky. Some historians point out that even the father of our country was less than perfect, but Old George had the good fortune to come along before the likes of the Miami Herald, CBS, ABC, NBC, et al.

Some journalistic experts have taken issue with the methods used by the Miami Herald in breaking the story about Hart and Miss Rice. In fact, Norman Cousins, a former chairman of the Pulitzer Prize committee, called the newspaper's actions "sleazy."

The question has been broached: "Will our political candidates all have to come out of a monastery?" (Opinion: This being the case, we've heard that everything that goes on in a monastery is not necessarily sanctimonious.)

There was a time when the private lives of our nation's leaders, especially the president, were off limits to the press. There was an unwritten law that you did not discuss a president's indiscretions. The pendulum has certainly swung in this regard.

Someone said this week that our national politics are beginning to favor those in England. The British have for many years enjoyed uncovering a scandal involving their political figures, and even the royal family.

Not many years ago, the only publications that would have used a headline like the one bannered by the Miami Herald would have been the National Inquirer, and the other "sensational" tabloids you see at your grocer's check-out stand.

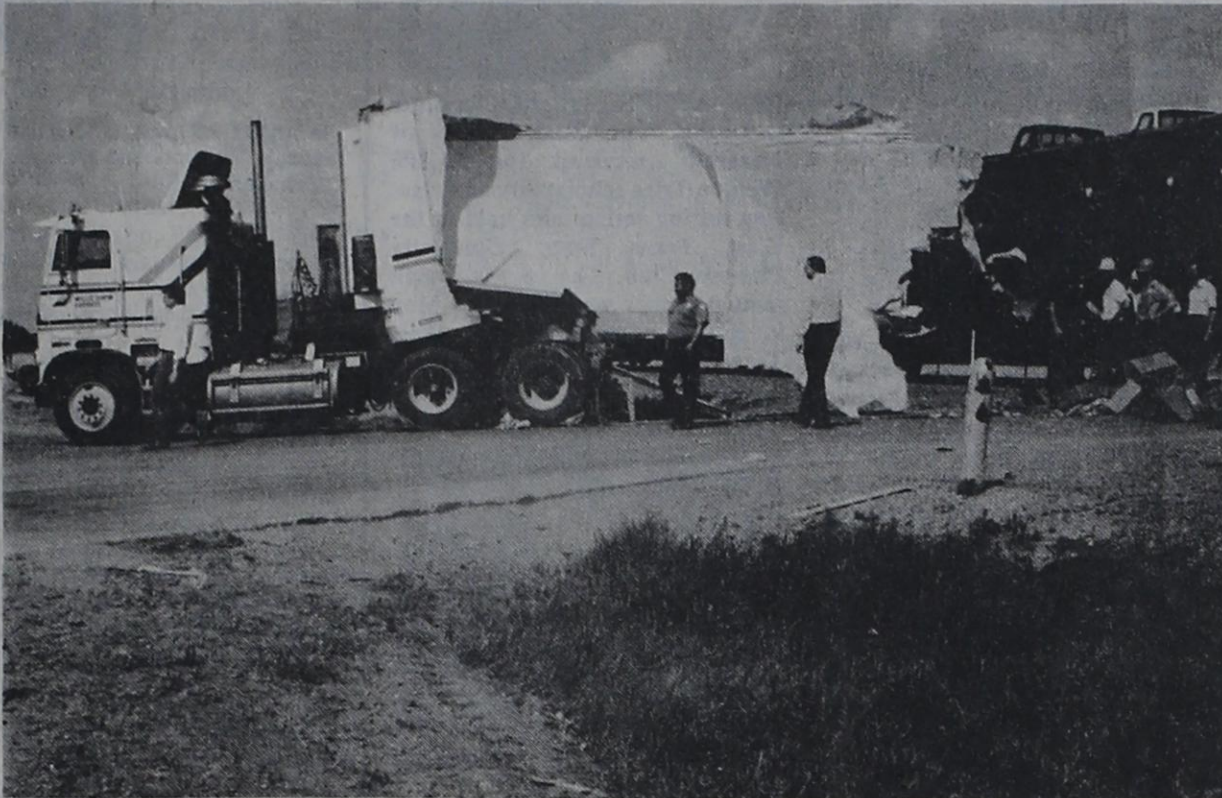

In recent weeks, the regular newspapers, along with the television network newscasts, have been about as sensational as anyone needs.

If the trend continues, the networks may have to consider making the "parental discretion" announcement preceding its newscasts, warning that portions of the broadcast may not be suitable for certain members of the family.

CONTRARY TO what you may believe, the 65 miles-per-hour speed limits recently approved by congress and sanctioned by Governor Clements, do not apply to any of the highways in Parmer County.

The speed limit hike from 55 to 65 m.p.h. applies only to the rural Interstate highways. The only highways in the Panhandle which are affected by this change are I-40 east and west, and I-27, between Amarillo and Lubbock.

Many people thought we were getting the higher speed back in our area, but such was not the case. If you drive 65 miles per hour in Parmer County, you'd better keep an eye peeled for the "smokies," because they're liable to pull you over. Maybe our time will come in regard to the better speed limits.

**CRASH SITE...**The trailer portion of this 18-wheeler was completely destroyed Monday afternoon when a Santa Fe freight hit the trailer at the crossing at Excel Packing Plant, three miles west of Friona. No one was hurt in the crash. A load of meat was scattered.

## Train Derailed At Excel Plant

A Santa Fe freight train struck a truck loaded with boxed beef at the crossing leading to the Excel Packing Plant Monday afternoon.

The driver of the truck, belonging to Willis Shaw Express, was unhurt, but the truck's trailer was totally destroyed.

The train's engine pushed most of the trailer about a quarter of a mile before it could get stopped. Processed meat was scattered along the railroad from the point of impact to where the train was stopped.

The impact also caused three freight cars on the train to derail, and caused an interruption of traffic for a time on the Santa Fe's main line.

The accident happened at about the time of the shift change at Excel, and caused employees driving to and from the plant some trouble. Traffic had to be routed two miles west of the plant to another crossing.

The accident at the crossing was the first in a number of years, and due to the heavy traffic, that is probably a wonder in itself.

DPS patrolman Trey Ellis said the driver of the truck was Gerald Hendrickson, 53, of New Plymouth, Idaho. He had just loaded at the plant and was headed to Owensboro, Ky. Ellis said the driver was attempting to drive around the warning arms, which were down.

The train engineer was Luther Todd of Amarillo.

## FmHA Is Seeking County Nominees

Eligible farmers in Parmer County are invited to become nominees for the Farmers Home Administration (FmHA) County committee, FmHA County Supervisor, Weldon Rainey, announced today.

Generally, farmers who are residents of the county but not FmHA borrowers are eligible to become nominees for the FmHA county committee.

"Farmers in this county, serving on the committee, plan an important role by assisting in the process of loan applications and reviews," said Weldon Rainey.

For this election, one member will be elected and will serve a three year term. In the future, all terms of service will be for three years each on a staggered basis. Nominating petitions must be returned to the FmHA Parmer County office by June 10, 1987.

Additional information and application forms for those who are interested in becoming nominees for the county committee are available at the FmHA county office, 207 Avenue, Farwell, or by calling 806-481-3349.

# Scooter's Scoops

By Scooter Russell

We were told that the track meet went exceptionally smooth last week and credit went to Kathy Rundell for making it so...If the results of the meet are not in this week's issue, they will be in next week's.

We will be printing our senior section very shortly. The seniors are asked to bring a senior picture, a first grade picture and fill out the forms. Leave them at the High School office and I will pick them up. This is always a job and it would be a lot of help if parents will remind your senior to get all this in.

Howard and Minnie Kelso flew to Redmon, Washington, which is near Seattle on April 30 and spent a week. They visited good friends, Bill and Helen Johnson, who were Bovina residents at one time. They spent one night with Charles and Dianne Johnson and attended a surprise birthday party for Charles' mother, Velma Johnson. Howard said they really enjoyed

their trip.

Mary Richards underwent surgery to have a cataract removed from her eye on Thursday of last week. Said she is getting along real well. She had the surgery at Clovis High Plains Hospital.

O.H. and Carlene Jones attended funeral services for O.H.'s brother, Herman, 64 of Lake Jackson, Texas. He died May 1 while undergoing open heart surgery at a Houston hospital. Our sympathies to his family.

Dave Wines, a former Bovina resident for many years and father of Dean Wines, underwent brain surgery Saturday night at the Lubbock Methodist Hospital. He underwent surgery on his brain two months ago to have fluid removed and a blood clot was removed from his brain this time. He is in the ICU. His daughter-in-law, Marlene, said he now has pneumonia.

We had a good time at our house on Mother's Day. We had our two daughters and families, also my mother and friend, Mrs. Lisenbe from Hereford.

Cole Sorley, son of Donnie and Doris Grissom of Ft. Worth and Phil and Patti Sorley of California, has received the top student honors award in science. He received the Best of Show Award in art when he entered a chalk and ceramic.

He received first place with three paintings. He will soon be entering in the District Art Contest. He is in the ninth grade at Smithfield Junior High and is the 15-year-old grandson of Charles and Anne Corn and Grady and Dorothy Sorley.

Willie and Lonetta Denney of Albuquerque, New Mexico visited over the weekend with Willie's mother, Bessie Trimble. The Denneys came on Friday and left Sunday. The family enjoyed the noon meal in Clovis on Mother's Day.

We congratulate Anna Contreras, winner of the Roadmaster 10-speed bicycle, valued at \$125 given away at Bovina Super Market. The drawing was held Saturday, May 9. A Samsung VCR with full remote control will be given away Saturday, May 30. Be sure to register.

Charles and Virginia Steele attended a banquet held at the Phoenix Club at West Texas State University in Canyon on Saturday. Virginia's grandson, Rex Aker, received a \$1,000 scholarship and class ring. His mother is Charlotte Acker of Nazareth.

The Steeles enjoyed company over Mother's Day. Charlotte came from Nazareth and her children and grandchildren, Rex, Sheila, Dwain and Ann, and their children, Adam and Jenna, all of Nazareth.

Kim Gober of Lubbock hosted a Mother's Day dinner for her

parents and grandmother, Lloyd and Frances Gober and Nell Roach of Bovina.

Our deepest sympathy to Larry and Judy Hodnett in the death of one of the little twin grandsons born last week. They were named Travis Nolan and Trevor Jo. Travis died and services were held in Lubbock on Monday. Their parents are Rebecca and Rusty Smallwood of Lubbock.

I talked Tuesday morning with Judy and she said Trevor would probably have to remain in the hospital about three months. The babies were about three months premature, and weighed little over two pounds each.

Dottie and Vernon Ward enjoyed company over Mother's Day. Their daughter and her husband, Billie and Ken Harrison, came from Clovis and the Wards' granddaughter, Sharon, also came from Amarillo. The family attended church together on Sunday and went to Clovis for dinner.

Erma Bradshaw had a good time with her daughter and her husband, Dyalthia and Larry DeFever, who came from Amarillo and spent Sunday afternoon with her.
