

SHIVERS SAYS 'I'M VOTING FOR IKE!'

Governor Links Stevenson With 'Truman Crowd'

AUSTIN, Oct. 3 (UP)—Gov. Allan Shivers of Texas Friday stood beside two other Democratic governors in the "Solid South" as an avowed backer of Dwight D. Eisenhower.

Shivers joined Govs. James F. Byrnes of South Carolina and Robert F. Kennon of Louisiana in support of the Republican presidential nominee.

"I fear that Stevensonism will be Trumanism with a Harvard accent," Shivers declared in a statewide radio talk Thursday night. He paid the \$2,000 himself for broadcast time.

Shivers broke with Adlai Stevenson, Democratic presidential nominee, shortly after Stevenson was nominated. The Texas governor said then that he could not vote for Stevenson because the Illinois governor favored federal ownership of the offshore oil-bearing tidelands.

But Shivers had not indicated whether he would vote for Eisenhower until his speech Thursday night, when he made the blunt announcement, "I will vote for Texas-born Dwight D. Eisenhower for the president of the United States."

Last month the Democratic state convention at Amarillo asked all state officials to vote and campaign for Eisenhower. Shivers told the convention it was morally and legally obligated to place Stevenson's name on the ballot as the Democratic candidate, but urged the delegates to vote for Eisenhower in November.

Many state officials have followed the convention's orders and campaigned for Eisenhower. The Republicans of Texas have also begun a vigorous drive to win the state's 24 electoral votes, the sixth largest bloc in the country.

"I am a Democrat, and I intend always to be a Democrat," Shivers said Thursday night. "At the same time, I hope I will never be so blind as to vote against the best interests of my state and nation for the sake of a party label."

Shivers gave four reasons for supporting Eisenhower: "He (Stevenson) is too closely associated with the Truman crowd to be able to clean up 'that mess in Washington.'"

He would mean a continuation of the trend to the left that is carrying us swiftly toward socialism in many forms and guises.

It would mean the retention and perhaps the expansion of that strange and disturbing 'par-mourning' doctrine under which Mr. Truman felt free to claim the Texas tidelands—a dangerous doctrine and a brazen action upon which Mr. Stevenson has already placed his stamp of approval."

He said that Stevensonism will be Trumanism with a Harvard accent, Shivers declared in a statewide radio talk Thursday night. He paid the \$2,000 himself for broadcast time.

Shivers broke with Adlai Stevenson, Democratic presidential nominee, shortly after Stevenson was nominated. The Texas governor said then that he could not vote for Stevenson because the Illinois governor favored federal ownership of the offshore oil-bearing tidelands.

Eastland Telegram AND WEEKLY CHRONICLE

VOLUME TWENTY-FOUR No. 93 EASTLAND, TEXAS, FRIDAY, OCTOBER 3, 1952 PRICE FIVE CENTS

Around The Square With Mack

Figures may mislead you, though they never lie.

You may juggle them around and mix them up until you don't know heads from tails, but while they were in place, they told you the truth. That is the way we have been figuring the Fair Deal. Those fellows give you a beautiful group of figures, but conditions are not improved, although the figures say they have. Each day we are just a little worse off financially, than these figures indicate. Taxes are increasing all the time, but figures say they are not, which proves that possibly one man's word is just as good as that of another, even though one of them may hold high office and the other grow peanuts in Eastland county.

But there is one thing sure, and that is this, Fair Dealers are going to be busy for the balance of their natural lives, trying to explain some of these figures away. That committee appointed to defeat the New Deal and Fair Deal, it out after scalps.

What this committee wants to know is "Who Pays for the New Deal Waste?" Business and manufacturers pay a small part of it, but they pay it with their customers money. But if the harassed worker thinks he is paying all the bill he is mistaken. Every article of necessity he buys for his family carries a bunch of infiltrated indirect taxes. It works like this:

You buy a 13c gallon of gasoline, but you pay 27c for it. Why? Because you must also pay 14c tax on the 13c purchase. On a 14c loaf of bread you are really paying 9 cents for the bread and 5 cents tax. Other items in proportion. On a \$2,000 car you must pay \$614 in taxes, split up like this: Manufacturer's tax, \$155; suppliers' tax, \$154; dealer tax, \$102; sales tax \$57 and federal tax, \$146. Total \$614.

There are 53 taxes on a loaf of bread, 189 on a suit of clothes, 154 on a bar of soap and 201 on a gallon of gasoline. And yet they have the nerve to tell you that we are enjoying prosperity. In fact we are living under an artificial and inflated economy and our great grandchildren will be paying for this foolishness for the next 500 years.

Maybe you have been living a frugal life, and have saved up a nest egg of \$5,000. At one time it was worth that amount, but not since the New Deal has squeezed the tax out of it. It is now worth \$2,150, unless they add a few additional taxes that have not been previously reported.

Eisenhower and Nixon are only human and can not be expected to work the unworkable. They have no supernatural powers, but far as we can learn they are honest and truthful, and you can maneuver that New Deal gang out of office by voting for Ike and Dick. And this could be your last chance to prevent economic enslavement.

Most Americans are not interested in a dime. All they want is a chance to work and earn, and most of them will take care of themselves. But this can not be done if the government is to step in and grab half their earnings. Both the New Deal and Fair Deal have proven to be Raw Deals for the great majority of Americans. Most of them are not asking for anything except to be let alone, and to be allowed to manage their own affairs.

Taxes wouldn't be so high if half the commissions, agencies, and authorities might be eliminated. They are as useless as they are burdensome. Give America half a chance and she will win with flying colors.

Use Straw Vote Ballot To Vote For President

It will be another month before we learn the results of the general election, but in the meantime voters in Eastland county may get some idea as to how the wind is blowing by following "straw vote" returns. We are going to conduct a straw vote campaign, and urge qualified voters in the county to cooperate with us. The campaign is on as of today, and will be closed Oct. 10, at 5 p.m.

On another place on this page, will be found a ballot which you will mark and return to this office. If you are a qualified voter you are asked to vote, otherwise please refrain, as we wish to make this straw vote as accurate as possible.

Phone Company To Display The 'Queer' Gadget

You can't beat it. "Except by fooling it," W. H. McAnally, manager for Southwestern Bell Telephone Company here said smilingly as he described the intricate gadget his company will have on display at the State Fair of Texas October 4 through 19.

The gadget is a "Tick-Tack-Toe Machine" which actually competes with human beings in the game so familiar to all. The machine was designed to demonstrate how accurately and efficiently the electronic switching equipment used in the operation of the telephone system works. It is made of actual telephone relays, or switches.

"It's amazing how intelligently this gadget plays the game. Just like a man, only better. You push a button which lights up an 'X' in one of the squares. The machine automatically lights up on 'O' in another square," McAnally said.

"Then no matter where you place your next 'X' the machine will outguess you and either force you into a tie, or perhaps beat you." The Tick-Tack-Toe machine will be part of Southwestern Bell's big exhibit in the General Exhibits Building at the annual State Fair.

Also on display at the telephone company exhibit will be a working model of the famous radio-relay, or microwave, system which is being used to bring live television programs and long distance telephone calls to some of Texas' largest cities.

"A crew of specially trained instructors will be on hand at the telephone exhibit at all times during the Fair to show you how the microwave system, and other telephonic equipment operates," McAnally said.

Civic League To Open Season With Luncheon

The opening meeting of the Civic League and Garden Club will be a luncheon at noon sharp Wednesday, Oct. 8. A forum on Citizenship will comprise the program. Conducting the forum will be Cyrus Frost Jr., Virgil Seaberry, Jr., and Charles Freyschlag.

Hostesses will be members of the year book committee and are Mrs. Frank Castleberry, R. E. Sikes, E. Freyschlag, Pearson Grimes and E. M. Grimes.

The ticket committee is composed of Mmes. James Horton and W. W. Linkenhoger. Mr. Harry Bezanis, of the Connelley Hotel Coffee Shop said that the meal would be served at 12 and would be hot. This makes it possible for women who work to attend the committee said.

The year books will be on hand for distribution to the membership, Mrs. Sam Gamble, treasurer, said.

Drive An Oldsmobile Before You Buy! OSBORNE MOTOR CO. Eastland, Texas

ORIGINATOR—Michael Levin, 31 director of radio and television for a New York advertising agency, said that he originated an idea for a scheduled \$2,000,000 broadcasting "blitz" on behalf of GOP presidential nominee Dwight Eisenhower's election drive.

Gerhardt Rites Held At Cisco On Thursday

John Gerhardt, 84-year-old retired Eastland County farmer and stockman, was interred at the Lutheran Cemetery, Ronney, Thursday afternoon. The pioneer resident, who had resided in this section for 46 years, passed away at his home, Rt. 1, Rising Star, Tuesday at 5 p.m., following an illness which had kept him bedfast for two months.

Funeral rites were held at the Grace Lutheran Church in Cisco, Thursday at 3 p.m., with Rev. James F. Hennig, pastor, officiating during the service.

Fallbearers were Mr. Gerhardt's grandsons. A native of Baden, Germany, where he was born on June 24, 1868, Mr. Gerhardt came to the United States as a youth. Later he was united in marriage with the former Miss Katherine Adams of New Berlin, Ill., in 1893. The couple moved to the Cisco area 46 years ago from DeLeon.

His survivors: the widow; four daughters, Mrs. O. L. Brown of Marlin, Mrs. C. O. Weiser of Gladewater, Mrs. Fred Stroebel of Cisco, and Mrs. Ernest Fricke of Cisco; one son, John W. Gerhardt of Rising Star; two brothers, Will Gerhardt of Corpus Christi and Dave Gerhardt of New Berlin, Ill.; 18 grandchildren and eight great-grandchildren.

Little Items Of Local Interest

Judge Geo. L. Davenport and wife are to spend most of next week in Fort Worth, and in all probability no cases will be heard in court.

These illustrations were made to show "how little" some of us know about the Bible. As a whole the program was good, and the Fellowship was splendid. A return engagement may be demanded.

Mild Weather This Weekend—Later, B-r-r-r!

These cooler days and nights are going to get even more so. That was the word of the weatherman, aimed at Eastland County and the surrounding area, this morning.

Today's forecast: Generally fair through Saturday. The Southwest has finished digesting a mild cold air mass and today began grinding for a stronger low-temperature invasion from Canada which hits Wyoming tonight. There'll be snow in the Rockies, and then the mass is expected to continue South, following the usual pattern. But Eastland Countians may expect a pleasant weekend—with no rain due.

Texas Demos Label Tidelands As 'Fake Issue'

FORT WORTH, Oct. 3 (UP)—Texas Democrats backing Adlai E. Stevenson for president Friday called the tidelands a "fake issue" by which the Republican party is trying to attract Democratic votes.

The keynote for the "Loyal Democrats" was struck Thursday night in a speech written by Navarro County Judge James C. Sewell, state campaign manager for the Stevenson - Sparkman ticket.

Sewell wrote that the tidelands are "fake issues" because "Republicans and Texas Democrats have succeeded in misleading, ignoring and distorting the facts about the tidelands."

"They say the Democratic party is trying to rob every Texas School child of \$2,500, and they ignore the fact that the present yield of royalty and rental payments from Texas tidelands amounts to only two cents per year for each Texas resident."

Efforts of the Republicans "and of the self-interested oil millionaires who speak for them in Texas to take over our state are not working," he said.

The speech was read by Lawrence Westbrook, assistant chairman of the Democratic national committee, because Sewell was unable to be in Fort Worth at broadcast time. "The people of Texas are still with the Democratic party," Sewell said.

"Pledges of support have been pouring into our state headquarters at Dallas," he declared. "The everyday citizens of Texas are not deceived."

Sewell is a World War II veteran. Keasler Gets First Poll Tax Receipt Oct. 1

Eastland County's first 1952 poll tax receipt—No. 1—was issued early Wednesday morning to Morris K. Keasler. He also paid the required \$1.75 fee for receipt No. 2 which was issued for his wife, Mrs. Keasler.

Being Eastland County's annual "early bird" taxpayer at the office of Stanley Webb, Eastland County tax assessor and collector, is nothing new, however. It's an old Keasler custom.

Poll tax receipts Nos. 3 and 4 were issued to County School Superintendent and Mrs. Carl Elliott. Many Pay Taxes. The Eastland County tax collector reported Friday morning that a number of citizens already have paid their current taxes which became due and payable Wednesday, Oct. 1.

During the remainder of October, taxes paid before the end of the 31-day period will receive a bonus of a three per cent discount, Walker said. Eastland County's tax valuation is \$21,987,160, and the total tax bill of residents this year is \$164,920.19, the tax assessor and collector's office reports.

Final deadline for payment of taxes is January 31, 1953. The article broke a long silence on the part of Stalin. His last published article appeared in the Communist party organ Pravda, July 1950, on the subject of Marxist linguistics.

Bolshevik is the theoretical organ of the Communist party's central committee and appears twice a month. The 50-page article by the Soviet leader took on an even deeper significance by its timing, coming

FIRE PREVENTION WEEK, 1952 By The Mayor Of Eastland A PROCLAMATION

WHEREAS fires claim the lives of our citizens each year; and WHEREAS many deaths from fires are those of our children and the fires causing these deaths could be prevented by eliminating fire hazards; and

WHEREAS destruction of industries, business or homes is a vital loss to our city: THEREFORE, I Jack Muirhead Mayor of Eastland do hereby designate the week beginning October 5, 1952 as Fire Prevention Week.

I direct all the municipal agencies of the city government, and particularly the fire department and schools, to assist in arousing the public to the seriousness of the fire problem. I earnestly request every citizen to do his part in eliminating all possible causes of fire in his home or in his business. I urge that the school children of this community be given appropriate instructions to inspect their own residences, and that the fire department assist them in this effort.

IN WITNESS WHEREOF, I have hereunto set my hand and caused the seal of Eastland to be affixed. DONE in the city of Eastland this 3 day of October in the year of our Lord nineteen hundred and fifty-two.

Jack Muirhead, Mayor ATTEST: I. C. Heck, City Manager

STRAW VOTE BALLOT

Leave intact the name of the candidate of your choice, and mark out the name of the man you oppose.

FOR PRESIDENT
DWIGHT D. EISENHOWER
ADLAI STEVENSON

All ballots must be in this office not later than 5 p.m. of Friday, October 10th, 1952.

3,500,000 GALLONS OF WATER TRUCKED IN DURING MONTH OF SEPTEMBER; VALUE \$13,015

The city hauled 3,500,000 gallons of water in the month of September, at a cost of \$13,015.00, which was the cost of the water plus the hauling charge. This cost did not include installations of tanks, pipe lines, graveling loading places, cost of electric current for pumping and loading, checkers for checking in water received, etc.

The above expense was an additional cost to the city, over and above regular water-works operations, such as pumping water to the treating plant, cost of chemicals for treating the water, pumping water from the treating plant into the city mains, maintaining water lines in the city, water line extensions, electric current used, reading, checking and replacing meters, administrative expense, etc.

The September water billing, amounted to \$14,115.00, as compared with the billing for the month of August of \$4,487.00 which was an increased billing in the month of September of \$7,628.00. This increased billing in September was caused from the higher rates put in effect with the month of September billing, in order to partly take care of the added expense of hauling water.

Therefore, the net result of the above is as follows: Cost of water hauled in September 1952, as shown above, \$13,015.00. Increased billing on water, in September, as shown above, \$7,628.00.

Net loss borne by the city in September, \$5,387.00. Additional cost, borne by the city, is listed in the first paragraph above. The above net loss to the city of \$5,387.00, is based on the city collecting all September water bills, which cannot be done, as we have had two instances already where water customers, living south of the city, had large water leaks, which ran their bills very high, these amounting to \$288.33, one of the parties vacating the house without notice, and the other asking that his meter be taken out.

We had three nice rains in the month of September, but the lakes did not get any run-in on the first two, on account of the great number of stock tanks in our water-

works. The article broke a long silence on the part of Stalin. His last published article appeared in the Communist party organ Pravda, July 1950, on the subject of Marxist linguistics.

Bolshevik is the theoretical organ of the Communist party's central committee and appears twice a month. The 50-page article by the Soviet leader took on an even deeper significance by its timing, coming

as it did on the eve of the Communist party Congress opening Moscow Sunday. Stalin said the capitalist tries were trying to save their ten and compared these to a "drowning man clutching straw."

GOVERNOR SHIVERS He ain't a-goin' fishin' November 4th

Stalin Sees Collapse Of Western Powers

MOSCOW, Oct. 3 (UP)—Soviet Premier Josef Stalin said Thursday another world war could be avoided only by the destruction of imperialism. He said the capitalist system is disintegrating as a result of World War II and that the capitalist economic crisis is becoming acute. Stalin's forecast of capitalist disintegration appeared in an article written for the Soviet magazine "Bolshevik."

"As a result of the loss of markets after the second world war, the capitalist countries are trying to cover up their difficulties by resorting to the Marshall Plan, war in Korea and rearmament," Stalin said. Stalin said that in order to eliminate the inevitability of another world war, it is necessary to destroy imperialism.

PLACE OF HONOR—The happiest boy in Bay City, Mich., is seven-year-old Jimmy Waldbak. Jimmy ran nearly a mile to catch Gen. Dwight Eisenhower's train as it arrived in Bay City. Result of his efforts won Jimmy an honored place beside the General as he delivered his address from the platform of his campaign special.

Prankster Says 'Harry Sent Me'

OAKLAND, Calif., Oct. 3 (UP)—A self-styled "advance man" for President Truman's visit here Friday night, called up various Oakland businessmen and made elaborate plans for the Chief Executive's arrival.

He phoned a restaurant Thursday to arrange for a banquet and ordered \$1,100 worth of clothes for the President but did not pick them up.

Democratic party headquarters said they had no knowledge of the "advance man." Police said it was the work of a prankster.

Heads Indicted 3 More Election

RIO GRANDE CITY, Tex., Oct. 3 (UP)—Three more Starr County election officials, all of them judges in the La Grulla school elections of Jan. 26 and March 29, were indicted Thursday by a grand jury investigating voting conditions in the county.

None of the three have been arrested. They were charged with refusal to let qualified voters cast their ballots.

3,500,000—

(Continued From Page 1) shed. On the third rain we had a run-in, which put 11" of rain in the lake, most of which is in the channel of the lake, which channel is very narrow. If we can get the same amount of rain in October, as we did in September we should get a good run-in in our lake.

We were hauling 130,000 gallons of water daily until the last rain, and we have cut this to 75,000 gallons daily. On this basis this should carry us for about two months, without additional rains. If we do not have to haul more than 75,000 gallons daily we should be able to maintain the same rates as charged in September, even though the city's loss will be very heavy. However, we are all hoping we will get some good rains in October, and help to relieve the strain.

A great number of the high water bills in September were caused from leaks. We will ask everyone to watch very closely and see they do not have leaks. Watch your closet bowl in particular. This is where about 90 per cent of the leaks are. See that the water is not going over the over-flow pipe in the bowl. If you think you have a leak please check all of your plumbing immediately. The smallest leak (1-32") will waste 5,400 gallons of water in one month. A leak will cause a high water bill to the customer and, likewise, and expense to the city.

It has now been twenty-seven months since we have had water over the spillway at the lake. The city commission has done everything within their power to conserve water, starting as far back as August, 1925, when we still had about half a lake of water. If we had not started this conservation program when we did we would have been out of water several months earlier.

We know this water shortage is working a hardship on everyone, and we only wish there was some way we could relieve the strain. We tried drilling wells, with very little success. We know of no other way except to haul at least a good part of our water, until we get sufficient water in our lake from rains. By all pulling together, and help conserve water, we will get over the hill this time, and we hope to have our large lake full of water within the next two years, and we should never experience a water shortage after that.

We want to thank everyone for his help during these trying times, and assure you this assistance is appreciated more than we can say. Please feel free to call on us for making checks for leaks, etc., if you cannot locate your trouble. Eastland City Commission

Okra Veteran Back In Ranks Of U. S. Army

Ray O. Henson, 24, son of Mr. and Mrs. Sherman Henson of Okra community, has been accepted for re-enlistment in the US Army, it was announced today by T-Sgt. James Hendrick of the Eastland Recruiting Station.

Pvt. Henson enlisted for a period of three years and will be assigned to the Armored Corps, which was his choice of branches. Henson is a veteran of 1 1/2 years Army service, having served with the Korean Occupation during 1946 and 1947. He served, as a Technician 4th Grade, with Headquarters and Headquarters Company, Korean Military Government.

After a period of processing at Ft. Sill, Oklahoma, Henson will be forwarded to one of the Armored centers for training and duty.

President's Day Observed By Yearbook Committee At First Meeting Of Music Study Club

Presidents of the Music Study Club were honored Wednesday at noon, when members of the yearbook committee hosted a luncheon, opening the club season at the Woman's Club.

Mrs. D. L. Houle, chairman was toastmistress, and introduced James M. A. Treadwell, T. E. Richardson, other committee members, who with the honorees were seated at the speaker's table.

Mrs. Treadwell gave the invocation. The menu consisted of chicken spaghetti, green peas, pickled beets, hot rolls, apple pie and coffee. The tables were laid with white linens and decorated with colorful fruit and vegetables. Deep green napkins, inscribed with the name of the club, added to the color theme.

Mrs. Houle gave a toast to the president, Mrs. Donald Kinnaird, who responded with a toast to the past presidents, all of whom were introduced by Mrs. Houle, and each responded with interesting events which occurred during their term of office. They were Mrs. Grady Pipkin, E. S. Satterwhite, T. E. Richardson, W. E. Brashier, and Art Johnson.

Mrs. Johnson told of the organization of the Sixth District of Texas Federation of Music Clubs which she said, had taken place prior to her term of office. The district was organized Oct. 27, 1927, in the Woman's Club in Eastland, with Mrs. Joseph M. Perkins as the first president, and Mrs. Grady Pipkin only charter member, as recording secretary.

Mmes. B. W. Patterson and Frank Sparks, new members were introduced and welcomed.

During a short business session Mrs. Kinnaird was elected as delegate to the district convention to be held Oct. 22, 23, and 24th, in San Angelo. Mrs. Johnson was named as alternate.

Mrs. E. H. Culbertson reported that the club made \$41.76 on the bake and rummage sale sponsored last Saturday.

Others present were Mmes. A. D. Dabney, Clara Cockrell, R. N. Graham, Don Parker, A. F. Taylor, J. C. Izzer, and Miss Marjorie Van Hoose.

Miss Helen Lucas Elected Head Of J.O.Y. Class

The J.O.Y. Class of the First Baptist Church elected Miss Helen Lucas as their president at their meeting this week in the home of Mrs. Louise Anderson, teacher.

Betty Jo Carroll was chosen for vice-president; Betty Jo McCorkle and La Vonne Peel, second vice presidents.

Group captains named were Sam Peel, Barbara Martin, and Jo Ann Hardin was named as secretary.

Present were Misses Carroll, Peel, Hardin, Lucas, Martin and McCorkle.

Mrs. Anderson was presented with the new revised version Bible.

SOCIAL CALENDAR

Friday, Oct. 5, the Olden P-TA will sponsor a chicken dinner in the school cafeteria during the hours 5 til 9 p.m.

The public is invited to attend. Tickets are priced 25 and 50 cents.

Las Leales Club will meet Monday night at 7:30 o'clock, Oct. 6th, at the Woman's Club, with the year book committee as hostesses, including Mmes. Jay Whatley, W. E. Brashier, Don Parker, and Mrs. H. L. Hassell, president.

A federation workshop for districts 4, 5 and 6 will be held Oct. 7, at 3 p.m. at the Woman's Club under the direction of Mrs. A. J. House of Yoakum, who is president of the central region.

The Scale Runners Juvenile Club will meet at 8:15 p.m., Oct. 8, in the home of Mrs. Algood, corner of Patterson and Amman Street, with their daughter.

Monday, Oct. 13, at 8 p.m. new officers of the American Legion Auxiliary will be installed at the American Legion Hall.

A party will follow the installation during which refreshments will be served.

The Eastland County Council of Home Demonstration Clubs will meet at 2 p.m., Oct. 8 in the Commissioner's court room for the regular monthly meeting.

Monday, Oct. 13, at 8 p.m. new officers of the American Legion Auxiliary will be installed at the American Legion Hall.

A party will follow the installation during which refreshments will be served.

Verbal Attacks Hot As Leaders Trek Over US

The explosion of Gov. Shivers' bombshell last night sent new billows of smoke pouring from the boiling national political pot and had Eastland Countians buzzing today.

Here's an up-to-minute summary of the presidential campaign picture compiled from latest United Press flashes.

Gov. Adlai E. Stevenson invaded Ohio Friday and, in the sharp language he has yet used to his opponent, accused Dwight D. Eisenhower of "howling to the demands of Republican isolationists."

Speaking in Cincinnati, Sen. Robert A. Taft's home town, the Democratic presidential nominee obviously referred to the Ohioan when he charged that Eisenhower had "sold out" to "isolationists who have stopped at nothing to control the Republican party."

The GOP standard bearer headed into Wisconsin with a reply to the Democratic war cry "you never had it so good." He was asking whistle stop audiences "how would you like to have it better?"

A Pleasant 'Chat'

Eisenhower had a surprise meeting in Peoria, Ill., Thursday night with Wisconsin's controversial Sen. Joseph R. McCarthy, who described their get-together as "a very, very pleasant chat." McCarthy was on the Eisenhower special as it entered his state, and it was a cinch that he would get the retired general's endorsement.

Eisenhower wound up his Illinois tour by revealing a goal of "cutting federal spending to something like \$60 billion in four years." He said that "whatever economic gains have been made since 1932 have been due, not to administration ingenuity, but to war or threat of war."

Elsewhere in Politics:

Sen. Richard M. Nixon, Eisenhower's running mate, had no immediate comment on published reports—confirmed by his campaign manager, Murray Chotiner—that he had used his free mail privilege to poll fellow California Republicans on their choice for the GOP presidential nomination.

HST Likes 'Truth Squad'

President Truman, campaigning in the Far West for Stevenson was reported by a spokesman to be delighted with the Republican "truth squad" dispatched to leap frog ahead and behind his train.

Taft told a GOP meeting in Columbus that the Truman administration has comprised "seven years of yielding to communism."

Sen. John J. Sparkman, Democratic vice presidential nominee, charged that Eisenhower "gives no indication of understanding this country's economic problems."

Pythian Sisters Make Plans For October

Members of the Pythian Sisters planned a 42 benefit at their meeting Monday evening in Castle Hall.

Mrs. J. C. Poe, most excellent chief, presided and announced a drill team practice for Oct. 6 and urged all members to be present.

Mrs. Jack Lee conducted a school of instruction in preparation for the visit Oct. 20, of Mrs. Katie Lou Ashley, of Lamesa, Grand Chief of Texas.

Plans were also made for members to take part in the district meeting scheduled for Oct. 28 in San Angelo.

Present were Mmes. C. C. Street, M. L. Dry, J. C. Poe, Frankie Flowers, Bill Darr, Jack Lee, Tim Spurrier, Roland Koch, James Wright, Leon Pourland, Carol Noble, Frank Williamson, Bobby Jean Acker and Aubrey Fattori.

Saturday Story Hour Continues

The Children's Story Hour sponsored each first Saturday of the month by the Thursday Afternoon Club will be held at 10 a.m., Saturday, Oct. 5th, at the Woman's Club.

Mrs. Clyde Young will be in charge.

PERSONALS

Mrs. W. E. Moore is visiting in Fort Worth with her daughter, Mrs. W. R. Swain and family.

Mrs. Addie L. Melton, who has been a patient in Ranger General hospital, has returned to her home 401 South Maderia.

OKAY, CALS—HERE'S PROOF IT HAPPENS

GRAND FORKS, N. D. (UP)—Four women who drew perfect bridge hands in the same deal never got a chance to play them.

Mrs. Mark Hinderle was the first to remark: "I've got a perfect hand." She had 13 diamonds.

Mrs. Homer Rovelstad had all clubs. Mrs. Bernard MacDermott all hearts and Mrs. Bill Blair all spades. The hand was conceded to Mrs. Blair.

FIRST GUIDED MISSILE SHIP LAUNCHED—Navy Secretary Dan Kimball disclosed at a Paris, France, press conference that the "first American guided missile ship has been launched and it is primarily an anti-aircraft ship." Here, the USS Norton Sound, a converted seaplane tender and the Navy's principal experimental guided missile ship, fires a Navy Aerobee sounding rocket straight up during tests 700 miles off the West Coast of South America in 1949.

Double Guards Around Korean Prison Camps

CHEJU ISLAND, Korea, Oct. 3 (UP)—A double guard of American soldiers was ordered stationed "indefinitely" around prison camps holding hard-core Chinese Communist prisoners of war Friday.

The double guard was a security precaution lest further outbreaks take place such as Wednesday's in which 56 prisoners were killed and 120 wounded.

The prisoners staged the riot as a prelude to a planned mass escape by 5,800 die-hard Reds. The Chinese intended to flee to Cheju Island's hills.

Water Drillers Strike Oil

LOCKHART, Tex., Oct. 3 (UP)—Lockhart State Park had a problem Friday that would be considered a blessing anywhere—except in Texas.

In drilling for water to fill the park swimming pool, drillers struck oil.

"We're going right down with the hope of getting water," John Zweiner of the State Parks Board said.

Plenty Of Action Due In State High Contests

The Class AA state champion Arlington Colts, safely past their first big test of the season, move back into their own class this week end in a non-district encounter with Hillsboro, of 18-AA.

The Colts downed AA Garland in their season opener as expected but their 13 to 6 victory over Class AAA Irving last week end showed that the young horses still have a potent kick.

The Colts should continue their scamper along the winning trail against the Hillsboro team, which has won two of its three games, but dropped a 25 to 12 opening victory to Mineral Wells. The Sja City boys haven't shown much this season themselves.

West Texas Picture

In West Texas, Hereford plays an unbeaten Dumas team of 1-AA at Dumas Friday. Two other 1-AA unbeaten teams, Phillips and Perryton, battle Childress and Wellington respectively.

A game matching two unbeaten West Texas teams comes off at Stamford Friday night between Stamford and Ballinger. Stamford has rolled up 91 points in whipping Haskell, Ranger and Albany and Ballinger owns wins over Merkel, Colorado City and Hamlin, all by close scores.

In 8-AA, Fecos, Monahans and Seminole, all unbeaten after three games this season, go against formidable opponents this week. Fecos lays its record on the line against an AAAA team, El Paso

Bowie. Monahans engages Brownfield of 7-AA at Brownfield and Seminole plays Levelland, also of 7-AA.

A high scoring Comanche team of 10-AA which has piled up 108 points in winning three games should have little trouble with twice-beaten Lakeview of 9-AA and Mesquite's perfect 3-0 record should be in little danger against Teague.

Besides these games, 27 other Class AA teams over the state have unblemished marks for opponents to shoot at this week end.

Lonna, of 32-AA, has won four straight this season, with two of the victories coming over Class AAA San Benito and Pharr-San Juan-Alamo. Donna does not play this week.

Phone Calls 10c In Missouri

JEFFERSON CITY, Mo., Oct. 2 (UP)—Pay phone calls in Missouri are going to cost a dime instead of a nickel.

Southwestern Bell Telephone Co. was authorized to increase the pay phone charge when no one demanded a hearing before the state Public Service Commission.
