EASTLAND, TEXAS, SUNDAY, MAY 17, 1953

PRICE FIVE CENTS

## REFLECTIONS FROM LIFE

By R. B. M.

Your life, as a rule, reflects your heart and mind, whether you know it or not. You may try to pose as a devout Christian, but if your life reflects a life of sin, you may rest assured that you are misleading only yourself. Those about you know the truth whether you say a word or not. And the sad part is, God knows.

Lustrous Christians have nothing to hide, and are therefore ready to meet all the world all the time. If your life honors God He will be pleased, if the devil shows displeasure, rest assured that you are winning life's battles.

In Matt. 5:16 we read these words: "Let your life so shine before men that they may see your good works, and glorify your father which is in heaven." Every man has a light peculiar to himself, and in shedding this light in the right way, you do glorify the Father. We are all different, and while one may glorify in prayer, another in the giving of alms, and the others in services, God, who knows our hearts, knows that our lights are shining. Also he knows when they are dim or maybe extinguished.

But he tells us to let our lights shine before men. The wayward Christian fears God but does not necessarily love Him. Catch him in some worldly group of associates, and he will make a bee-line for the back, should a minister enter at the front. He has no desire for really Godly people to embarrass him by calling him "brother" in the presence of his chosen group. The minister might let the cat-out-of-the-wallet, by recognizing him as a member. His friends had never suspected such. This indicates that he has not been letting his light shine before men.

In earlier days, and at a time when our name was on the church roll, and also on the Devil's Charter Member Club Roll, at the same time, our pastor often embarrassed us greatly. He would drop in to see us when we were not in position to receive company. Maybe our breath had an odor something like rot-gut liquor, or maybe we might be using a little profanity, and when he entered the door we trembled. Why? Because we were as guilty as an egg-sucking hound, and we knew that he knew it.

He should have taken us down to the church and pitched us out over the transom, but he didn't. We knew all along that we didn't have God "fooled" in the least, but had been living in hopes of keeping the preacher in the dark. All along we planned to get ourselves straight with God just before it was too late. We were just a plain sinner, backslider and hypocrite all bundled up in one package, and as we look back we realize now that we weren't even fit to make a good subject in hell.

But there is no excuse for such. We may all inherit eternal life. Christ has paid the purchase price for such and invited us to partake freely. This inheritance come as a gift, but there would be no inheritance without sonship. Here we rank very highly, for with belief in the son, we are heirs of God and joint-heirs with Jesus Christ. In Rom. viii-17 we read

(Continued On Page 8)

## Water May Go Over The Spillway At City Lake

### More Rain For Eastland Area Over Weekend

Mostly cloudy and mild. That was the word Saturday morning from the U. S. Weather Bureau regarding weather for the Eastland County area over the weekend.

Weather men also predicted the possibility of continued rain for the vicinity which has been well-drenched this week. Afternoon showers were slated as likely for Saturday, and there was a possibility — though somewhat remote — of rain for Sunday.

Saturday's highest mercury reading was scheduled around 75 degrees and the Saturday night low—55.

Sunday's maximum temperature was forecast in the 80s. The West Texas outlook: "Partly cloudy and mild Saturday and Sunday except mostly cloudy with scattered showers and a few thunderstorms in the Panhandle and South Plains."

One in every five Americans will eventually have cancer, American Cancer Society statisticians estimate.

Eastland City Lake is now spread over an area almost 15 acres higher than it has been in almost three years, and water is still pouring in. Another 20 inches and it will be flowing over the spillway. More than five feet of water has been impounded since the big rain of yesterday. Of course an inch really amounts to something now, owing to the size of the lake, but unless more rain falls within the next day or so, the water may not reach the spillway.

However, people of the city are elated, and are looking forward to the time when drouth may be forgotten entirely. Right now, without additional precipitation, Eastland has a water supply that will last for a year or more. In fact it is probable that the lake will furnish an ample supply of water, for all purposes, until the new lake is completed, and at least partially filled.

### CRANDSON OF CISCOANS IS KILLED IN TORNADO

Paul Poore, grandson of Mr. and Mrs. J. R. Carlisle of Cisco, was killed in the tornado Monday at San Angelo, friends here were advised today. He was employed by an oil company there.

Funeral services for the storm victim were held Friday afternoon at Wichita Falls where his parents reside.

### Holy Trinity Announcements

Holy Trinity Episcopal Church, 710 South Seaman, Eastland, Tex. Rev. Arthur E. Hartwell, Rector, May 17th is the Sunday after the Ascension. Morning Prayer will be read at 9:30 and the Holy Eucharist will be celebrated at 10 a.m. Church school will also meet at 10 a.m.

Visitors are cordially invited to all services.

### Jim Ed Willman Makes Record At School in Dallas

Jim Ed Willman, son of Mr. and Mrs. Ed F. Willman of Eastland, was recognized for high scholastic achievement at Southern Methodist University's annual Honors Day Convocation.

President Umphrey Lee of SMU delivered the principal address at the university-wide gathering of students and faculty in McFarlin Memorial Auditorium.

Willman, a graduate of Eastland high school, has been designated a University Scholar.

## EHS Bacca laureate Rites Set Next Sunday

Commencement exercises for the seniors of 1953 will be held at 8:15 p.m. Sunday, May 24 at the Eastland High School auditorium.

Austin Varner, Church of Christ minister, will preach the sermon. Lou Ann Corbell will play the professional, Rev. J. Morris Bailey will give the invocation and Rev. William Long will give the scripture reading.

### 1st Methodist Announcements

Rev. J. Morris Bailey, pastor will preach at both worship services of the First Methodist Church on Sunday. His subject for the morning service, 10:30 o'clock will be "What Do You See?"

Miss Patsy Ruth Young will sing a solo, "I Won't Have to Cross Jordan Alone" by Ramsey-Durham. Miss Florence Ashcraft will be at the organ.

Sunday evening at the 7:30 worship service the pastor will preach on the subject "God's Word for Today." The youth choir will sing with Mr. Wendell T. Siebert leading the song service. Mrs. T. J. Haley will be at the organ.

Sunday School meets at 9:45 by classes and departments. The Sunday evening youth groups meet at 6:30.

Special music will be presented by Jana Weaver, and the A cappella choir.

Rev. Otto F. Marshall will give the benediction and Alice Joyce Cushman will play the recessional.

Seniors are: Charline Black McFarland, Joe Aubrey Brown, Don Chrisman, Sallie Ann Cooper, Pauline Fay Cogburn, Edith Fay Cox, James Douglas Crabtree, Janie Beth Dutton, Mary Elizabeth Franklin, Mary Ann Garrett, Janice Garrison, James Burke Greer, Mable Elizabeth Grimes, Dorita Fae Harbin, Mary Ann Henderson, Robert Gale Hogan, Loretta Jane Holdcraft, Marilyn Rhea Hurt, Ward, Albert Steele Jones Jr., Bobby Don Webb, James Kendrick, Margaret Ann Langitza, Frankie McDonald, Don Martin, Harrell Dean Maxwell, Jewel Earline Miller, Joe Multhead, Gail Parsons, Rosa Janice Patton, Wanda Hager Peel, Patsy Lou Pogue, Bettie Joyce Robinson, Donald Gene Roff, Patricia Ann Simpson, Anita Yvonne Tankersley, Marcia Tuggle, Mary Maxine Ward, Delores Warden, Norman Watson and Jana Weaver.

Graduation exercises have been set for 8:15 Tuesday, May 26th in the High School auditorium.

Helen Taylor will play the professional, Rev. C. Melvin Rathel will give the invocation.

Jana Weaver, and Delores Warden, honor graduates will give the valedictorian and the salutatorian

addresses. Special music will be presented by James Kendrick and Sallie Cooper.

W. G. Womack, Superintendent, will present the certificates and awards. Milton H. Perry, president of the school board, assisted by Wendell Siebert, principal, will deliver the diplomas, which will be followed by the singing of Alma Mater by all High School students.

Rev. W. E. Hallenbeck will give the benediction, and George Ann Bennett will play the Recessional.

### Methodist Youth To Attend Meet In Breckenridge

Youth from the Eastland Methodist Church will attend the monthly meeting of the Subdistrict which meets at the St. Paul's Methodist Church, Breckenridge, Monday evening, 7:30 o'clock.

Theme for the meeting will be "I Do Believe in God." Youth from the host church will present a program of worship and lead in activities of recreation, fellowship, and refreshments.

Rev. James R. Holdridge of the St. Paul's Methodist Church assisted in the youth revival in Eastland last August.

## New Greyhound Bus To Be Seen Here on Monday

Air suspension, picture windows, and power steering are revolutionary new comfort and safety features to be incorporated in the 1953 Greyhound Highway Traveler bus. Delivery of 350 of the new coaches to Greyhound will be made and the 50 to be used over routes of Southwestern Greyhound Lines are currently arriving. One of the new coaches will be on display here Monday, May 18 from 4:15 p.m. to 5 p.m. at the Greyhound Bus Station.

The greatest advance in motor bus history introduced in this coach is an air suspension system, heralded as the "new ride", which completely eliminates metal leaf springs. Compressed air, held captive in eight heavy, flexible air bellows, two to each wheel, silently and efficiently absorbs all types of road shock, from the heavy impact of deep chuck holes to minute tread vibrations. A unique feature of the air suspension system is that leveling valves act to keep the coach body constantly in the weight of the load carried.

Those who have ridden in the air suspension bus claim the smoothness of the ride surpasses that offered by the most luxurious passenger car. This is because air suspension gives its maximum benefits in the range of high frequency vibrations, such as brick pavement, where metal leaf springs fail to begin flexing, due to friction between the leaves.

Another striking change will be the appearance of the bus because of the extremely large windows. The glass area is 53.7 per cent greater than in previous models. There are only four double windows adjoining passengers' seats at each side, but each window is six feet in length to greatly increase visibility. These windows are heat-resistant safety glass, tinted green with a heavier gradation of color at the top and bottom to halt glare of sunlight and headlights and reflection from the road.

Power steering, which has been an extra-cost accessory on the most expensive automobiles for the past year, is an exclusive Greyhound feature that will add to safety by giving the driver greater ease in handling the bus in both congested areas and on the open road.

Greater ease and safety are also gained for passengers entering and leaving the new model because there is a one-level floor throughout, with a minimum of wheel house projection through the floor. The interior styling of the bus, in pastel tones of tan and brown, was created for Greyhound by Raymond Loewy and Associates. A greatly improved type of individually-controlled reclining seat, also developed for Greyhound, will be used. The seat area is wider and the backs are "dished" to give each passenger privacy and freedom from crowding. The seats are cushioned in foam rubber and the mohair cover is affixed with zippers for easy removal for cleaning.

Marked improvements have been made in the ventilation, heating and air conditioning systems. Not only has the intake of fresh air been increased 65 per cent, but the distribution of either heated or cooled air also is more uniform throughout the entire bus. The cooling system is of 5-ton capacity, a gain of 20% over present equipment. The body is insulated throughout with glass wool.

## Tourney Is Success Despite Downpours

By BLAIR LEWIS

Skies were clearing Saturday as a swarm of golfers teed off in quest of the championship of the Eastland Invitation tournament at Lakeside Country Club.

The wonderful rains this week did not impede the success of this great links event, however.

The brains behind the scene merely decided to assign the players to their proper flight according to the estimate of their home professional's opinion of each player's average score.

The following is a run-down on each flight, according to the estimates made:

Championship Flight — Art Corbin, Claude Wilson; Hal Winston, D. Dillingham; E. Vinzant, W. Dixon; Gene McBride, Bill Sikes; Joe Conrad, J. Milner, Phil Powell, P. Mosely; Ernie Vossler, Jimmy Phillips; B. Reynolds, J. Dixon.

First Flight — Eugene Johnson, Don Doyle; E. Plozman, Hank Holmes; E. Purtle, John Dickey; W. Smith, J. Hart; Bill Goff, Jim Russell; Jim Harris, Roy Usery; C. T. Mantooth, Ben Tabor.

Second Flight — Ralph Glenn, Parks Poe; Pete Nance, E. K. Henderson; H. T. Weaver, John Livey Jr.; Al Larson, Hack Miller; Glen Nichols, Homer Williams; Bill Mitcham, Gordon Smith; Neil Day, James Townsend; Lee Wise, John Beatty.

Third Flight — Ray Farnell, W. Jacoby; Bob Estes, Joe Carpenter; Bill Collins, Bobby Travis; Billy Livey, H. Reynolds; D. E. Conley, Paul Tabor; W. O. Verner, Geep

(Continued from Page 1)

### Special Service First Baptist, Been Announced

The First Baptist Church will observe part of the emphasis on "Conservation of the Soil" Sunday with the morning topic by the pastor, C. Melvin Rathel, "The Soil and the Soul."

The choir will sing "Near the Cross" with Miss Joy Lynn Robinson and Mr. Roland Koch as soloists.

The Youth Choir will meet at 5:45 p.m. and will then have sandwiches before the Training Union hour.

The sermon topic for the evening will be "Sing, O Barren." On Wednesday evening, the topic will be "A Cry for Justice" (taken from the Book of Amos).

The Sunday School under the direction of A. J. Blevins, Jr., superintendent, is making extensive plans for enlargement. The superintendents met last week and are looking forward to a fine growth in the months ahead.

The Training Union meets at 7:00 p.m. and all are invited to attend.

On Thursday evening, May 21, the Brotherhood will meet with President Dr. M. A. Treadwell, Jr. presiding. A splendid program has been arranged, and the men will bring a covered dish.

GREYHOUND AIR-SUSPENSION BUS—The new Greyhound "Highway Traveler" bus features an air suspension system which makes use of heavy, flexible air bellows, two to each wheel, in place of metal leaf springs. The cut-away picture shows how eight air-suspension units and a system of radius rods float the entire body of the coach. The new system greatly increases riding comfort and smoothness. Other new features include extra large windows—half again as much window area as previous models—and power steering which gives the driver greater ease in handling the bus.

## Sen. Johnson Plays Big Role In Tidelands Victory

The big tidelands battle is over, and Texas and other coastal states have won their victory.

One of the central figures in the legislative fight to return submerged lands to ownership of the states was the Honorable Senator Lyndon B. Johnson of Texas.

And one of his most noteworthy addresses on the tidelands issue was stirring presented to members of the August U. S. Senate. Here is an interesting excerpt from the Congressional Record which includes Sen. Johnson's remarks:

**The Submerged Lands**

Mr. President, we are approaching the end of one of the longer debates in Senate history.

Since the first of April, the attention of the Senate has been directed almost exclusively to this joint resolution. It has been discussed from every

legal and historic aspect. It has been debated thoroughly — not only in this Chamber but in the Nation. No one has been restricted in any way from speaking either his heart or his mind.

Every Senator has had the fullest opportunity to understand every line and comma in this legislation. We will vote in complete comprehension of the issues.

The able statements of my distinguished colleague from Texas (Mr. Daniel) have covered the legal and historic issues thoroughly and well. I associate myself with those arguments and conclusions.

With all due respect to those who oppose this bill, I do not believe they have shaken either the arguments or the conclusions.

I favored passage of this bill in 1946. I was a coauthor of this legislation in the last Congress and spoke for and voted for its passage.

I am a coauthor of the measure before us and have done everything that I can to bring it before the Senate.

I am confident that now the measure will pass — as it should — overwhelmingly.

It is not my purpose to rehash the legal arguments that have been made by the many able lawyers in this body. I do not believe I could add anything to what has been said in that field.

But I would like to take this time to set forth the viewpoint of the average Texan. I do not mean the wealthy oil millionaire or even the wildcatting honoree to make a stake. I do mean the ordinary man who is proud of his Texas heritage and who — because of that heritage — is even more proud of being an American.

As far as Texas is concerned, we are talking about some 2,466,560 acres. There are acres covered by salt water. They represent only a small part of the public domain of our State.

We have in Texas another 169,000,000 acres. They are covered by trees, buildings, streets, roads, pastures, rangeland, rivers, bays, and inland waterways.

To our mind, Mr. President, there is no difference between those acres other than geographic location. The 2,466,560 acres are south of the shoreline. The 169,000,000 acres are north of the shoreline.

But north or south, inshore or offshore, both are part of the public domain of Texas.

They are the lands which we won in our fight for independence from Mexico.

They are the lands which we held as an independent power for 10 years.

They are the lands which were covered under the solemn agreement which brought us into the Union.

There may — or there may not — be significant quantities of oil under those submerged lands. As far as Texans are concerned, that is beside the point.

We have grown into a healthy and flourishing State without the help of tidelands oil. Our economic future does not hinge upon the production that can be ex-

pected from our 3-marine-league border.

Should there be significant quantities of oil within our submerged lands, the revenues will continue to go to the schoolchildren of our State. But lack of that oil will not prevent us from growing even more healthy and prosperous.

Nor will it prevent us from caring for our own schoolchildren.

The point which is important is the sanctity of contract.

We Texans believe that we entered the Union under a binding agreement. Our belief is backed by signed documents, by a century of history, by legal decisions which were not questioned until 1947.

That agreement was very simple. It provided that we would retain all unsoiled lands within our boundaries but would pay the public debt that we had incurred as an independent Republic.

We paid that public debt, Mr. President. We believe we should keep our lands.

It came as a shock to the average Texan when the move was launched to deprive us of the submerged lands. It came as an even greater shock when the Supreme Court — by a 4-to-3 decision — ruled against Texas.

One man decided that case — one member of the Supreme Court.

We do not question the integrity or the ability of those who oppose our stand. But it is difficult for us to see the process under which the submerged lands were taken away as anything other than legalized claim jumping.

It is also a dangerous form of claim jumping.

If we can be deprived of 2,466,560 acres that are seaward, we can be deprived of 169 million acres landward. If the Interior Department decides, after 100 years, that it can reverse its own historic position and take submerged lands, what will prevent a reversal in the future — a reversal that will take lands that are not submerged?

So far as I am concerned, Mr.

President, passage of this bill is merely the act of upholding solemn agreements. It implies only one precedent — the sanctity of contract.

It means only that the titles to the submerged lands — held by the coastal States for so many years — will be restored and confirmed when the joint resolution introduced by the distinguished senior Senator from Florida (Mr. Holland) is passed by Congress and signed by the President.

Mr. President, we of Texas believe that the 2,466,560 acres of submerged lands are our property. We fought for it and our right to it was confirmed by act of Congress and by international agreement. We have enjoyed unchallenged ownership of that land for nearly 100 years. We have set aside its revenues for the education of our children.

These points have been debated and debated thoroughly.

Let me repeat, I have the utmost respect for the integrity and capacity of those who have taken

an opposing point of view. But, Mr. President, I believe they are wrong. I also believe they have not been very persuasive to the other Members of this body.

Texas and the coastal States are asking only for that which is their just due. The opportunity is before us to grant them that just due.

I urge all Members of this body to vote for the Holland joint resolution as a simple question of justice and equity.

Mr. Holland, Mr. President, will the Senator from Texas yield for a moment?

The Presiding Officer. Does the Senator from Texas yield to the Senator from Florida?

Mr. Johnson of Texas. I yield to the Senator from Florida.

Mr. Holland. Mr. President, I merely want to take this occasion

(Continued on Page 2)

to express my own very deep and sincere appreciation to the distinguished senior Senator from Texas for his continued and effective assistance, as well as leadership throughout the 3 years when it has been my responsibility, by selection of the group of Senators who are sponsoring the pending measure, to further its consideration, and, in a sense, to steer its passage through the Senate.

## Hearing Authority Here for Clinic

Mr. Harry J. Clark, a recognized authority on hearing, will show the amazing new 1953 BELTONE at the Connellee Hotel on Tuesday, May 19th from 2 to 3 p.m.

Mr. Clark is a representative of the R. H. HIGGINS CO. of Fort Worth and will have a complete stock of batteries for all makes of hearing aids.

Come in and have your hearing tested without any obligation and tell him about your hearing troubles.

—ADV.

The distinguished senior Senator from Texas, both in the 82nd Congress and in the present Congress, has not only bent his every effort to perfecting the measure, to securing its consideration, and now, I hope, its passage; but he has effectively assisted in matters connected with the determination of strategy, and, as a distinguished Senator representing a great State which is materially interested in the pending legislation, has participated in every proper way to bring about favorable action.

I may say further that in the course of his representation of this great State, I have also noted

## 7 Years—6 Times More Rural Telephones

THIS SCENE HAS BEEN REPEATED many times in recent years, as telephone people worked to extend service to the state's farming areas. In just seven years, the number of Southwestern Bell rural telephones in Texas has increased six times. And we're continuing to push more lines out into rural areas every month. In 1953 we hope to be able to spend more than \$4½ million on this type of construction alone. SOUTHWESTERN BELL . . . A TEAM OF 25,000 TEXANS . . . PARTNERS IN TEXAS' PROGRESS.

the unvarying endeavor of the distinguished Senator never to forget that, while he represented the great State, he also represented the Federal Union. I compliment the Senator and congratulate him for the aggressive manner in which he has lived up to both high responsibilities—the responsibility of the serving of his State and its legitimate interests, and even the higher responsibility of serving the Nation, particularly in this Congress, when he has filled so ably the seat of leadership on the minority side of the Senate. I thank the Senator from the bottom of my heart.

Mr. Johnson of Texas, Mr. President, I want to thank the senior Senator from Florida. I am human, and, of course, am deeply touched by his generous references. I have great respect and great personal affection for the senior Senator from Florida. The people of my State, particularly the school children of my State, owe him a debt of deep gratitude which it will be difficult ever to repay.

Mr. Daniel, Mr. President, will the Senator yield?

Mr. Johnson of Texas, I yield with pleasure to my colleague.

Mr. Daniel, Mr. President, I should like to join in and associate myself with the remarks of the senior Senator from Florida, I, too, want to thank the distinguished senior Senator from Texas, our distinguished minority leader, for the excellent work he has done in connection with the subject matter of the pending measure not only during the present session of the Congress, but throughout the years of his service in the House and in the Senate, particularly during the time I had the honor to serve the State of Texas as its attorney general.

I compliment the senior Senator from Texas on his excellent address, and again thank him for the way in which he has fought for what he believes to be right for our State and for our Nation.

I should like to ask one question: Yesterday, the distinguished junior Senator from Oklahoma (Mr. Monroney), inferred that the two Senators from Texas, through the medium of the pending legislation, were trying to get something special for their State, with respect to 3-league boundaries. I should like to ask the senior from Texas if it is not true that the Texas' 3-league boundary in the Gulf of Mexico existed for 9 years while Texas was an independent

republic, and when Texas entered the Union, all of Texas came in—not merely 3 miles along the shore but the entire Republic of Texas, with its then seaward boundaries, came in as a State?

Mr. Johnson of Texas, Mr. President, the answer to that question is "Yes." The Texas annexation agreement provided: "That Congress doth consent that the territory properly included within and rightfully belonging to the Republic of Texas, may be erected into a new State, to be called the State of Texas."

Mr. President, I have been around this and the other legislative body for some 22 years, and I have never seen a cause more ably presented than has been the cause of the Holland joint resolution. I think we owe great credit to the senior Senator from Florida (Mr. Holland) and to the junior Senator from Texas (Mr. Daniel) who directed the fight. I have never

## These Things Happened in 1952—

The auto family had a casualty toll of two million. Deaths totaled 37,600. Speed killed 13,430 and injured 600,000 more. Drivers under 25 had 24% of the fatal accidents but constituted only 15% of the total drivers. Statistics show that of every car owner who had one or more accidents in 1952 would decrease that number by one, car insurance would be cut in half in 1954. Let's all try it.

**REFLECTIONS—**  
 (Continued From Page 1)  
 "If children, then heirs of God and joint-heirs with Jesus Christ."  
 Yet we must be born again, and there can be no spiritual birth without Christ, and no Christ without faith.  
 Have faith to believe and let Christ do the saving. Quit depending upon yourself and your good deeds. Let Christ save you according to God's plan.  
 We can not plead ignorance. We must not say we don't know how to be saved, for we have scripture after scripture showing that we do know how. When we become sorry for our sin, feel the need of a higher power and know that we must have help or sink, just pause long enough to remember God's promise (John 3:13) and do what you are told. Ask God, if you will, to give you faith to believe, and Jesus will come into your heart.  
 Then as we start walking in the newness of life, let us remember that we have Christ as our example, and that we should pattern our lives after his. Pet. ii-21 "Leaving us an example, that ye should follow His steps." He is an example in thought, sentiment, temper and conduct. Just pattern after him.  
 If we are to have this happiness let us have inward as well as outward Godliness. If we do this we carry on with the plan of God. We are told in 2 Tim. iii-5 about those guilty of "Having a form of Godliness, but denying the powers thereof."  
 It is when we reach that point where we can enjoy Godlike thoughts, Godlike affection, Godlike tempers, and Godlike life that we really know the meaning of sublime bliss.

**MAVERICK BAND WINS TOP HONORS AT STEPHENVILLE; GET SPECIAL RECOGNITION**

Eastland high school's Maverick Band won top honors at the Stephenville contest on May 2nd. The band was awarded first division rating in concert playing by judges of the contest. For six straight years Eastland has won in this contest.

Bands competing are rated as 1st, 2nd, 3rd, 4th, and 5th divisions, against a set standard in their classification, and therefore do not compete directly against each other. However, it might be interesting to know that the consensus of opinion, including many directors of the bands, is that Eastland gave the most outstanding performance of the entire contest, regardless of classification. Of course this does not represent an official statement due to the set-up of the contest.

The following is a quote from the criticism of one of the judges, Mr. Cannon, president of the Texas Music Education Association: "The only statement I feel qualified to make is that your band plays beautifully, in time, and with magnificent tone. This band and director are doing an unusual job. They are a credit to the school, community and the Music Education profession. Congratulations."

fans that little Johnny Lively should at least receive one big ovation for making possible the biggest and most successful golf tournament yet given in West Texas.

**FLASH**  
 Mrs. Jane Day's name was omitted from Friday's account in the paper concerning the Debutante's "Bunco" game. She definitely was part of the gang of molls that took the boys for a cleaning.

**FLASH NO. 2**  
 Victor Cornelius had Ed Everett out looking over the Country Club debutantes with the idea in mind of employing the girls at his new White Elephant Cafe. He must really plan on having a high class joint.

**FLASH NO. 3**  
 The writer was glad to see at the barbecue: Al Larson of Ranger; John St. John of Fort Worth; John Hart of Odessa; John Beatty and Dorothy Lou (Carl Johnson's little daughter), Charles Collins and Jimmy Harris the two most promising young golfers in West Texas; Lum Edwards an up and coming young star.

Washed project program injected into the appropriations for the Department of Agriculture by Rep. Clifford Hope, R-Kan., chairman of the Agriculture Committee.

If passed, it would be a large expansion of small flood control and watershed work now done by the Agriculture Department.

The Appropriations Committee approved \$5,100,000 for the total venture for 1954. Of this, \$170,000 would be earmarked for the Erath County project for this coming year. The project would require 3 years to construct.

The North Carolina Symphony, partially state-supported, presents a biennial concert in honor of the state senators and representatives. This is believed to be the only orchestral program in the country played before a state legislature in session.

## Book Review; Officers Installed At Final Meeting of Civic League And Garden Club Wednesday

Mrs. Horace Horton was installed as president of the Civic League and Garden Club, at the final meeting of the season, Wednesday afternoon at the Woman's Club.

Other officers installed included Mrs. John Turner, vice president; Mrs. Billy Frost, second vice president; Mrs. W. B. Barrow, recording secretary; Mrs. D. L. Houle, corresponding secretary; Mrs. B. W. Brewer, treasurer; Mrs. Pearson Grimes, historian; Mrs. W. F. Davenport, club house board.

Mrs. Samuel Butler, president, presided and heard reports on her past two years work. Mrs. James Horton gave a report of the Sixth District convention.

Final business of the outgoing executive committee was the giving of \$100 to establish the Eastland Memorial hospital auxiliary, which they sponsored in organization, and which at this time exact no dues from their members. Dues will not be charged in the organization as long as the \$1.00 per month is added to the water bills.

The group also allowed the bill for the placing of the plaque, containing the names of the hospital workers, which is to be placed in the hospital prior to the first anniversary open house in June.

Mrs. Butler directed that a message of condolence be sent the family of the late Mrs. Ora B. Jones, long time loyal member. She then presented Mrs. Arthur Murrell, who conducted the installation ceremonies for the new officers.

Mrs. Leslie Hagaman was presented in the review of "The Woman with a Whip," the life story of Eva Peron, which was delightfully given and well received by the fifty members and guests attending.

Outgoing officers served as hostesses. They were Mmes. Butler, Jack Frost, Veon Howard, Earl Conner Jr., Hubert Toombs, Sam Gamble, Sidney Seale, and I. C. Heck.

The refreshment table was laid with an Italian cut work linen cloth and centered with an arrangement of red roses. Presiding at the punch bowl was Mrs. Horton, the newly installed president and serving the white cake squares, and assisting Mrs. Horton was Mrs. Sidney Seale, who made the prize winning history scrap book of the 6th District.

An arrangement of Calla lilies and Irish bells decorated the piano. The register table held an arrangement of flame colored Gladiolus.

Present were Mmes. Dick Yielding, Jim Everett, Truman Bryan, Travis Hilliard, O. H. Dick, J. T. Weaver, Mamie McCotter and the hostess.

## Mrs. McCotter Is Hostess To Wednesday Club

Mrs. Max McCotter was hostess to members of the Wednesday luncheon club in her home in Olen.

The table was laid with a white linen cloth and decorated with an arrangement of Carnations and pinks.

Present were Mmes. Dick Yielding, Jim Everett, Truman Bryan, Travis Hilliard, O. H. Dick, J. T. Weaver, Mamie McCotter and the hostess.

## Miss Daniel Talks on Insect Control, Tuesday

Miss Mildred Daniel, county home demonstration agent talked on the care of gardens and the control of insects, with the use of insecticides for members of the Howard Home Demonstration Club at their meeting Tuesday in the home of Mrs. John Arnold.

The demonstration was illustrated with colored slides, and was instructive as well as interesting, according to the reporter.

Roll call was answered with the name of an insect and how it can be controlled.

Announcement was made of the next meeting, Tuesday, May 26th, in the home of Mrs. Albert Clark.

Members present were Mmes. Charles Lee, Goldie Inman, W. H. Davis, Dorothy Roberts, Mae Eldridge, C. W. Maltby, Nora Lane, Heeter and Arnold.

Mrs. Rosellen Davis, homemaking teacher at Desdemona was a guest.

## Christian Science

The practical distinction between "Mortals and Immortals" will be discussed in the Lesson-Sermon on that subject to be read in Christian Science churches Sunday. "To be carnally minded is death; but to be spiritually minded is life and peace" (Romans 8:6), is the Golden Text.

This distinction is brought out in this selection from the Christian Science textbook which will be read: "In Science man is the offspring of Spirit. The beautiful, good, and pure constitute his ancestry. His origin is not, like that of mortals, in brute instinct, nor does he pass through material conditions prior to reaching intelligence. Spirit is his primitive and ultimate source of being; God is his Father, and Life is the law of his being" (p. 63).

Man's inherent goodness as the child of a perfect Father-Mother, God, the source of health, happiness and peace, is the theme of the Lesson-Sermon which includes this Biblical citation: "With thee is the foundation of life: in thy light shall we see light" (Psalms 36:9).

Miss Miller is one of the seasons' graduates.

Variegated Larkspur was used for the centerpiece on the dinner table, which was laid with lace mats. Place cards were miniature caps and gowns of blue, each holding the "Baby Picture" of guests. Favors were reptile covered miniature note books. The honoree's place was marked with an ice blue jeweled costume pin.

During the evening the group gathered around the piano and sang school songs, followed by a game, in which prizes of imported hand made handkerchiefs were awarded to Jana Weaver and Sallie Cooper.

Others present were Misses Mable Grimes, Delores Warden, Patsy Simpson and Betty Robinson.

The world's deepest limestone mine is at Barberton, Ohio.

## Miss Bettye Pickens Is Honored By Hostess Trio In Linen Shower

Mmes. Grady Pipkin, Morris Keasler and James Pipkin of Midland, honored Miss Bettye Pickens Tuesday when they entertained with a morning coffee in the Grady Pipkin home, 201 Oak Lawn.

Miss Pickens is the bride-elect of Mr. John C. Davis of Yokum. The couple will be married here June 12.

Mrs. Pipkin greeted the guests and presented them informally to the honoree, and to her mother, Mrs. W. B. Pickens.

The refreshment table was laid with a white lace and linen cloth, decorated with an arrangement of white carnations and stock. Appointments were of crystal and silver. Orange juice was served from a large crystal bowl placed at one end of the table. The coffee service graced the opposite end. Mmes. Hubert Jones and Jack Frost served the orange juice and coffee. Silver trays held breakfast rolls, tiny sausage, and fresh strawberries. Assisting Mmes. Jones and Frost in the dining room were Mmes. Frank Hightower, Bob Perkins, Ben Hamner and Veon Howard.

The coffee table in the living room held the linen shower, in beautifully wrapped packages, which were opened and displayed by the honoree.

The guest list included Mmes. Homer Smith, Russell Hill, John D. McRae, B. W. Patterson, I. C.

Members of the Morton Valley Home Demonstration Club hosted a stork shower, Thursday evening, honoring Mrs. Bobby Lee Emfinger at the annex of the Harmony Baptist Church.

Hydrangeas, Larkspur, and Petunias were used for decorations. Mmes. Stanley, Morris, W. C. Baker and LaVoice Hale were in charge of games, played throughout the evening.

Many beautiful and useful gifts were displayed. Refreshments were served from a table laid with a white linen cloth and decorated with an arrangement of flowers. Frosted punch, cake squares, nuts and mints were served.

Others present were Misses Yvonne Tankersley, Norma Gayle Emfinger, Kathy Williamson, Nancy Beck, Mmes. L. W. Lynch, W. B. Tankersley, Truett Gregory, C. H. Tankersley, Raymond Beck, Wright Emfinger, Dee Williamson, Charles Brockman, E. A. Ivey, Robert Kincaid, John Nix, J. W. Harrison, W. J. Graham, Till Wheat, Clifton Peck, the honoree and her young son, Gregory.

Several, who were unable to attend sent gifts.

Heading the cast are Leo Genn and Don Taylor, with Gene Barry and Elsa Lanchester in supporting roles. Portraying the girls are three fresh personalities, Dorothy Bromiley, Audrey Dalton and Joan Elan, all of whom make their screen debut in "The Girls of Pleasure Island." The scenario for this Paul Jones production was written by F. Hugh Herbert, who also served as co-director with Alfred Ganzler.

## Mrs. Emfinger is Honored by HDC at Morton Valley

Cutting temporary pastures when the growth becomes too rank for grazing provides hay for the winter season. While this practice does little for soil improvement in removing the hay, it does give the vegetation a chance to start young growth again. When fresh, green growth starts, livestock will be turned back into the pasture.

This farmer says, "Pastures are a cash crop, and I try to treat them as such. My hay will be marketed through livestock, and if I have a surplus it will be sold for cash. But the main thing I'm aiming for now is to get young growth started. I believe in following the command found in Genesis 1:11 where it says, 'Let the earth bring forth tender grass.'"
