AND WEEKLY CHRONICLE

VOLUME TWENTY-FIVE

No. 19

EASTLAND, TEXAS, FRIDAY, JUNE 12, 1953

PRICE FIVE CENTS

AROUND THE SQUARE

In Texas we are trying to beautify our highways with flowers, shade trees and road-side parks. In Virginia, on class one and two highways, trees are being cut down. Traffic hazards, they say up there.

We can't imagine such a thing, though in Virginia they say many traffic deaths occur because of the fact that drivers can't see. Also they claim that many cars leave the highway and hit trees. Maybe this is the reason Texas has more cars and people. Here we drive on the highway and view the trees, while up there they apparently drive on the trees and view the highway.

In Texas when a man hits a tree, officers try to learn what he has been drinking, while in Virginia they seem to know without investigation. But in both states speeding is the cause.

A few years ago we were driving in East Texas, and as we remember the road was none too good and very narrow. It was in a hill country and driving was an up and down proposition all the way. We were making about forty miles an hour, when a car passed us that must have been doing ninety. We mentioned to our wife that they would pick those guys up with a blotter before they went five miles. They were really flying, and as we saw them go over a hill we figured they intended to fly to the next one instead of going down the valley, over a bridge and then climbing the hill.

But something happened about that time and a few minutes later when we reached the bridge we discovered the boys had missed it, flew across the creek, mowed down several large trees and overturned their car. When patrolmen arrived (we waited) they found two dead men, several "dead soldiers" (bottles) and a wrecked automobile.

Speeding—not trees, brought this about, with alcohol assisting.

Now that we are gradually becoming tornado-minded, we have been investigating storm-house locations. Already we have found two in our immediate neighborhood, and should we organize for that alarm system, our fears will be greatly reduced.

A storm-house does not mean absolute safety, but we notice that most victims of a tornado are not found in storm-houses. They are those who were not prepared—remained in their homes until it was splintered and blown away, and their lives snuffed out. Let's prepare for such emergencies. It will not cost any money—just a little time and work.

President Rhee of South Korea, seems to be holding out for a settlement that he will never realize. His plan may be good, and does sound good, but it will not work. In the past he has been assisted by other nations, including the United States. They have finished the whole deal, even to the extent of supplying soldiers. Now they seem to be in a position to arrange an armistice, and Rhee doesn't want it.

Our leaders feel that in the end he will accept the armistice, for he cannot hope to successfully wage the war alone. Korea is dependent on America and the UN for food and ammunition, and without these Rhee can hope for nothing short of national suicide.

A Good Adv., But Minus Signature

The Quality Food-Market advertisement which appeared in Thursday's Telegram, was a perfectly good ad, only it didn't carry a signature.

Many people recognized the store's ad, even though it was not signed, yet for the benefit of those who do not, the ad is appearing in today's paper. It was a mere printer's oversight, and we hasten to apologize and re-run the advertisement which will be found on another page in this paper.

Cancer kills more children from 3 to 15 years of age than does any other disease, American Cancer Society statistics show.

A CLOSER LOOK—A secret service man takes 3½-year-old Susie Smart firmly by the arm as her sister Sydney, 2, looks on. The two youngsters wanted a closer look at President Eisenhower and Gov. Norman Brunnsdale of North Dakota as they motored from airport to Minot, N. D.

Grim Reaper in Low Gear

Traffic Deaths Decrease

Pvt. Bouriland Arrived in Japan, June 4th

Pvt. Richard E. Bouriland landed June 4th at Kobe, Japan, but will be sent to Sasebo, Japan, for an indefinite stay, and where he will receive new equipment.

Richard entered service December 2nd, 1952, and received his training at Camp Roberts, Calif. He spent a 15-day leave here with his parents, Mr. and Mrs. Leon

Richard entered service December 2nd, 1952, and received his training at Camp Roberts, Calif. He spent a 15-day leave here with his parents, Mr. and Mrs. Leon

Bouriland, before leaving early in May for Camp Stoneman. He sailed from San Francisco, Calif., May 21st, on the U. S. S. Miags. He reported a very interesting voyage, in his letter to his parents, telling of the flying fish and of two large whales they had cited. He was enjoying the blue, blue water, and felt very lucky that a buddy, Francis Lee Bond, who entered training with him, was still with him.

Letters and cards will reach him addressed as follows: Pvt. Richard E. Bouriland, U. S. 54069338, Prov. Co. 495, A.P.O. 2, Care p.m. San Francisco, Calif.

JUNE WILL BE OBSERVED AS DAIRY MONTH

AUSTIN, Tex. — A statewide effort to explain the nutritional and economic value of milk and dairy foods will be launched in Texas in June, Loy Gandy of San Angelo, state chairman of the 17th annual June Dairy Month in Texas, announced here today.

Gov. Allan Shivers has officially designated the 30-day period as Dairy Month, pointing out that the health and economic welfare of all Texans was a subject of continuing grave interest to all in the State of Texas.

"Milk and dairy products are recognized universally as essential to the health of every human being," he said.

"Some 50,000 Texans earn a livelihood from the production, processing, distribution and sale of dairy products with a resultant contribution of \$400 million annually to the commerce of Texas."

Traffic deaths in the 13-county Abilene district of the Texas Department of Public Safety — including Eastland County — are running 17 lower in 1953 than they were in the same period of 1952, it was announced today.

Little more than a year ago — on June 1, 1952 — a total of 39 persons had met death on highways in the Abilene district. But on June 1 of this year, the figure stood at 22 — a difference of 17.

Out at Abilene it was announced that Taylor County's death toll is just half what it was a year ago. Three persons have died in the county this year, Capt. G. L. Moran, state highway patrolman, said. A year ago at that time, six had already met death in traffic accidents.

Only Callahan and Jones counties had shown any increase in the number of traffic deaths. Callahan has had three deaths this year, as compared to none a year ago. Jones County showed an increase from one to three.

All other counties in the area, including Eastland, Fisher, Haskell, Mitchell, Nolan, Scurry, Shackelford, Stephens, Stonewall and Throckmorton reported no increase in the death count.

Nine persons died in traffic accidents in the 13-county area during May of this year. The injured totaled 63, and property damage amounted to \$50,147.18.

Capt. Moran said property damage was highest in Jones County where 13 accidents cost a total of \$13,430. Thirteen persons were injured.

Taylor County was second with \$7,304.18 with 12 accidents that killed one person and injured 17 others.

Officers Are To Consider Attacks, Great Disasters

Plans for disaster control in Texas, either from storms or enemy attack, will be major topics at the Texas Police Association convention here June 15-17.

Recent severe tornadoes at Waco and San Angelo together with the ever-present chance of enemy atomic attack are heightening interest in such plans, TPA President Roy Lay, police chief at Corpus Christi, said today.

Police-setting police officers from throughout Texas are expected to attend the convention. They are showing particular interest in a panel discussion June 15 on the Waco tornado, Lay said.

Capt. Sam J. Gardner, commanding the Texas Highway Patrol at Waco, will moderate the panel. He will tell how police officers—city, county, military and state—cooperated to ease the burden from the disastrous Waco storm of May 11 which claimed 114 lives.

Two speeches also will be given on related subjects. "Police Cooperation" will be the subject of Col. Homer Garrison, Jr., director of the Texas Department of Public Safety.

Fort Worth's coordinator of civilian defense, Capt. R. E. Dysart, will speak on "Planning for Disaster" in the event of enemy attack.

ATTEND THE GROUP OF YOUR CHOICE EVERY SUNDAY

TEST THESE MENUS AGAINST YOUR APPETITE. THEN DIET

Wouldn't either of these dinner satisfy your hunger?

No. 1: Liberal servings of roast beef, baked potato, green peas, tossed green salad with dressing, vanilla pudding and cherries, skim milk and tea or coffee.

No. 2: Liberal servings of broiled veal chop, brussels sprouts, yellow sweet corn, celery and carrot sticks, pudding, prune plums, skim milk and tea or coffee.

They're typical of the hearty, but low-calorie menus which make up the 14-day diet The Eastland Telegram will present daily starting Tuesday.

Secret of the diet is dietetic foods, which can be obtained in most grocery stores under several brand names. And they're not expensive.

The diet provides all the vitamins, calories and minerals the body demands, yet meets its demands for sweets. The diet is not a "lose a pound or two a day affair," but a medically approved steady reducing chart.

Tillie Lewis, author of the diet, lost 26 pounds by following her own charted food course, yet had plenty of energy with which to conduct a canning business in California which employs 4,200 people and which does a \$20,000,000 a year business.

You can feel better, be more healthy, shorten your waist line and lengthen your life-line if you will follow the 14-day diet in The Eastland Telegram.

EGG AND PORK PRICES HIGHER OVER NATION

On the harried housewives' food front—

Higher prices for eggs and pork confronted many homemakers this week. But there were bargains on fruit and vegetable counters.

Cherries from the Pacific Northwest, plums and new white potatoes from California, peaches from Georgia and strawberries from New York state were among the many produce specials headlined by chain stores and supermarkets across the country.

Cantaloupe and watermelon, although slightly higher in price than last week, were listed as good buys in many areas. Also priced attractively were rhubarb, cabbage, spinach, beets and onions—all currently in plentiful supply in many areas.

Egg prices were definitely up. Prices of center cut pork chops—at or near \$1 a pound last week—held firm or moved higher. In some instances they climbed six cents.

Beef prices showed little change. Chain stores featured rib roast, chuck roast, ground beef and all-beef frankfurters as specials for the coming week end. Frying chickens were cheap and plentiful.

Eastlanders Place In Breck Rodeo Thursday

C. C. Brown of Ranger was second in the first go-around calf roping ending Thursday night at the 10th annual Stephens County Rodeo in Breckenridge.

Brown's time was 13.3 seconds. Top in the popular event was Pete Reid of Breckenridge.

Lester Forrest of Aspermont was third with 13.4 seconds, and Johnny Parrott of Throckmorton was fourth with 13.6 seconds. Jane Ann Bradford, of Ranger, placed third in a field of 25 other entrants in the children's pony contest Thursday night. Steve Good of Breckenridge was first, and Sammy Fambro also of Breckenridge, was second.

About 3,000 persons were on hand for the second of the four scheduled performances Thursday night.

A first go-around in the girls barrel race ended Thursday night with Sherry Price of Addington, Okla., turning a time of 10.9 seconds for first. She was followed in the race by another Addington cowgirl, Florence Youree with 11 seconds; Marie Gist of Colorado city with 11.1; and Menulita Mitchell of Brady was fourth with 11.2.

D. R. Wright of Breckenridge tied his calf in 41.5 seconds in the first go-around of the old-timers calf roping contest to win first money. Wright was trailed by Jess Daugherty, Spur, with 73.8, and Virgil Chick of Mineral Wells, with 76.5.

About 16 bareback and 10 saddle bronc riders managed to maintain a seat on their mounts until the whistle blew, as they were finishing up the first go-around Thursday night.

Next performance of the rodeo is Saturday night.

U. S. Refining Due To Hit 8.1 Million Barrels

Crude oil refining capacity in the U. S. is expected to reach about 8,100,000 barrels daily by the end of 1953 and about 400,000 a day by the end of 1954, the Petroleum Administration for Defense (PAD) said today.

Deputy Administrator J. Ed Warren noted that the two figures when compared with estimates issued last December, represent a drop of 50,000 barrels a day in expected capacity by the end of this year and an increase of 100,000 barrels a day in expected capacity by Dec. 31, 1954.

He said an additional 62,000 barrels a day of the refining capacity is scheduled to be completed after Jan. 1, 1955.

The PAD estimated refining capacity Jan. 1, 1953, at more than 7,700,000 barrels a day.

A highly sensitive microphone placed at German railroad crossings announces the approach of trains and gives the go signal and opens the gates when a motorist asks its permission.

Eastland Boys Off To Scout Camp Monday

THREE APPLICANTS SEEK CITY MANAGER POST HERE

Regular routine business occupied a major portion of time at a regular meeting of the City Commission Thursday, though several visitors were on hand to make reports, make bids and applications and to ask increases.

One of the first things to come before the commission was the unanimous refusal to accept the resignation of City Manager I. C. Heck. A Mr. Taylor of Mount Pleasant was on hand and spoke to the commissioners concerning his application for the office of City Manager. He filed a formal application for the post.

Two others have also filed applications for the position, and it is understood an Abilene man, now connected with the city administration in that city, will file application for the office. Those who have filed are W. B. Harris and Judge Lewis Crossley, both of Eastland.

No action was taken, and it may be some time before the question will be brought up again.

A representative from the Southwestern Bell Telephone Co. was present, and filed his application for a rate increase in the City of Eastland. The increase would amount to approximately 19 per cent over what we are now paying.

Of course the matter will be taken under advisement, and it may be some time before anything definite will be known.

Photo Contest Will Be Staged At Perry Bros.

Perry Bros. five, ten and twenty-five cent store is to stage a free Photo Contest at their store in Eastland. This contest will be for one day only, Wednesday, June 17th, with age limits set at from three months to twelve years.

This is a really free contest, a contest where every child wins. Mothers are cordially invited to bring their children to this store between the hours of 11 a.m. and 6 p.m. on that date, and have the child or children pose for a photograph. There is no entrance fee to be paid, and no obligation to buy.

A free picture will be given each child entered in the contest, with special prizes to be awarded to the 10 most photogenic children. These prizes will be one 11x14 Oil Portrait to high winner; two 8x10 Portraits to the next group; third prize will be two 8x10 black and white portraits, and the last will be five 5x7 black and white portraits.

Portraits will be judged by "Memory Studio," Waco, Texas. You must see your picture proofs to be eligible to win.

Armstrong Rites Be At Bryson At 2:30 P.M. Sunday

Mrs. Linnie L. Armstrong, 64, died Thursday evening, June 11, at Fort Worth, following an extended illness. Funeral arrangements are in charge of Maples Funeral Home in Graham, and funeral services will be conducted from the Church of Christ in Bryson, Sunday afternoon at 2:30 p.m., with interment in Bryson cemetery.

Mrs. Armstrong formerly lived in Olden, and will be remembered by many friends there and in Eastland.

Survivors include two daughters, Mrs. Gene Henderson, Fort Worth, and Mrs. Bobbie Hartman, of Tyler; two sons, L. T. and J. P. Armstrong, both of Fort Worth; two brothers, John B. Wright of Kermit, and Jack Wright of Bryson; three sisters, Mmes. Jim Wood and Emma Fox of Eastland, and Mrs. Earl Dick of Phoenix, Ariz.

Whew! Sizzling Heat Wave Is Here To Stay

There'll be no let-up in the current heat wave which is cooking the Eastland County vicinity. That was the sad word from the U. S. Weather Bureau today.

The stretch of torrid temperatures—hovering at the sweltering 100-degree level—are due to continue at least today and Saturday, according to weather men. The maximum thermometer readings for both days will be as usual—hugging the scorching upper 90s.

And the lowest mercury reading—scheduled for tonight—will be down to only about 75 degrees.

Clear to partly cloudy and continued hot weather was forecast for Eastland County and vicinity with partly cloudy skies and not much change in temperatures due for the North Central Texas region.

For West Texas: Partly cloudy Friday and Saturday. Widely scattered thundershowers afternoon and evening. Not much change in temperatures.

Laos has an area of about 90,000 square miles, about twice that of Pennsylvania. Its population is about one million, less than half that of Philadelphia's metropolitan area.

The second session of Camp Billy Gibbons will start on Monday, June 15, and Eastland Scouts will be present on that date.

All this week and even many weeks ago, Lions and Rotarians began looking for a man who would go as leader of the two troops, No. 6 and 103. Special inducements were offered, but it seems as though no one could go. Finally the two clubs put the monkey on James Reid's back, and early today Mr. Reid called the Telegram and stated that he will go. This year there will be between 30 and 40 Eastland Scouts in attendance, and they are looking forward to summer camp. They are to leave Eastland late Sunday or early Monday morning.

The second week period of Camp Billy Gibbons, the summer camp of the Comanche Trail Council, Boy Scouts of America, will begin June 15. The camp is located on Brady Creek, southwest of Richland Springs, Texas.

The first week session of the camp began last Monday, June 8. Over one hundred boys are now engaged in the camp activities of swimming, hiking, fishing, boating, archery, marksmanship, etc. The camp is rated one of the best wilderness Boy Scout camps in the southwest. Many hundreds of Scouts have attended the camp since the first summer in 1931 when Uncle Billy Gibbons gave permission for the camp privilege. The late John Gibbons and his wife gave the present site of the camp to the Scouts.

The Scout Troops bring their own tentage and bedding, but eat in a central mess hall. The food is prepared by professional cooks and a well-balanced diet is maintained.

The first week period camp will end next Sunday at noon. Visitors are invited to attend the church services scheduled for 9 Sunday morning and the water carnival and dinner which follow. The first meal of the second week period will be served Monday evening.

Three Burkett Bills Are Signed By Gov. Shivers

Three legislative bills, sponsored by Rep. Omar Burkett of Eastland, were signed recently by Gov. Allan Shivers in Austin.

House Bill 490, framed by the Eastland solon, allows commissioners' courts to adjust and set salaries of deputies and clerks up to 35 per cent above the amount now authorized by state law.

Burkett's House Bill 886, also signed by the governor, calls for a 40-hour work week for state employees.

And a third bill sponsored by Burkett allows hourly paid employees of the state holidays with pay after an employment period of six months.

Eastland High School Class of '43 Hold Successful Reunion Here

By Sue Bender Goode
The Eastland High School Class of '43 and their classmates registered from 7:30 to 8:00 at the Woman's Club Saturday night. Every time someone would come in there would be a loud scream and plenty of hand shaking and hugging. Some of their teachers and parents came too, and it was a big night for everyone.

Rev. and Mrs. Leonard Todd, Mr. and Mrs. J. E. Anderson, Mr. and Mrs. Darwin Miller, Mr. and Mrs. Stanley B. Collins, Mr. and Mrs. J. C. Allison, Edith Allison, Mr. and Mrs. Marlin Cagle and Collin, Mr. and Mrs. James L. Bigby and Bryna Jane, Mr. and Mrs. W. A. Kenny, Norma Jean Maynard Davis, and her husband, John, and daughter Kay, and son John Mike; Verba Cee Jackson Newman and her husband Kenneth;

Charles Lovelace acted as master of ceremonies and introduced Mrs. Sue Goode who read the class prophesy for the next ten years. Billy Allen Kenny played a selection on the piano. Charles Lovelace then thanked everyone who had helped the Eastland members plan and carry out the reunion.

Mr. and Mrs. Gene Gourley, Mr. and Mrs. Dale Mahaffey, Mr. and Mrs. Vernon Franklin a n d boys, Capt. and Mrs. G. M. Daniel and three children, Mr. and Mrs. Ed Layton, Madge Hatcher Riehl and her husband Joe and children, L. Y. Morris Jr., Carleta Elliott Parnell and two daughters, Merlene Ross King, Mrs. J. E. Franklin, K. B. Tanner, Mrs. H. M. Hart, Mr. and Mrs. Richard Middleton and Lila, Mrs. V. O. Hatcher, Mr. and Mrs. Carl Elliott, Lowell Snyder, Mr. and Mrs. C. L. Bigby and J. C. Mrs. Earl Bender, Mr. and Mrs. Tom Lovelace, Mrs. John Hart and Carolyn, and Miss Verna Fay Johnson.

A short business meeting was held and it was decided that they would hold the reunion every five years and that the '43 class would join the alumni association of Eastland High School. The same class officers were elected to carry on in the next five years. The program closed with the singing of "Hail Eastland High School."

Sunday morning the group went to church at the Baptist church and a picnic lunch followed at the city park. Mrs. Emalee Hart Summerlin and husband Billy and daughter Connie were able to attend the church service and picnic Sunday. Some of the group went swimming, but most of them sat around and talked. One by one they had to leave to go back to their towns but each one said it had been a wonderful success and they would see you again in five years.

CARDINALS' FASHIONS—One of Rome's three official ecclesiastical tailors dresses his window with a set of splendid vestments such as the new cardinals will wear, when invested with their office at the forthcoming consistory which has been called by Pope Pius XII. Although all of the 24 newly named cardinals will not be able to attend, they have all ordered their vestments from Rome's tailors.

County HD Club Meets Thursday

Nine clubs were represented at the regular meeting of the Eastland County Home Demonstration Council, Wednesday, June 11, with Mrs. H. C. Fridge, presiding.

Committee reports were heard. Marketing chairman, Mrs. Hill Tucker, reported that twenty-five women made baskets at the reed craft training school, from material ordered cooperatively.

The council will have a booth at the Horned Toad Derby and will sell miscellaneous and sundry items, but will not participate in the "Queen for a Day" as in past years.

Due to the next regular meeting conflicting with the date set for the Lake Brownwood encampment on July 8 and 9, council will be on the third Wednesday, July 15.

Miss Roselle Winston, assistant county home demonstration agent, who leaves for Corvell County June 15, to work as County Home Demonstration Agent, is being replaced by Miss Jimmie Dee Sturdivant, who resumes the work as 4-H Club leader and assistant agent on June 16.

Miss Mildred Daniel, who became Mrs. W. M. Crow last Friday, will continue her work with the clubs following her annual leave—and honeymoon—when she returns to the county June 19.

Mrs. Noble Names New Committees At Monday Meet

Members of the Pythian Sisters met Monday evening in Castle Hall for their regular weekly meeting, which was opened in ritualistic form, with Mrs. Carol Noble, Most Excellent Chief, presiding.

New committees to serve for the next quarter were named, and reports were heard from present committees.

Mrs. Bill Darr of Cisco was named to represent the Eastland Temple at Grand Temple meeting in Beaumont, June 14-15-16 and

17th. The officer and drill practice was set for Friday night June 19th to prepare for the initiation which will be June 22nd.

Those attending were Mmes. Noble, Roland Koch, O. M. Hearn, E. E. Herring, C. C. Street, Frankie Flowers, Lee Campbell, Hadd Freeman, M. L. Dry, D. J. Dan-

iels, J. C. Poe, James Wright, Mary Bargsley, W. E. Darr, Luther Lewis, Tim Spurrier, Leon Bourland, Otto Crabb and Frank Williamson.

Christian Science Lesson-Sermon

"Whoso putteth his trust in the Lord shall be safe." This rousing statement from Proverbs (29:25) is the Golden Text of the Christian Science Lesson-Sermon titled "God the Preserver of Man", to be read in Christian Science churches Sunday.

The story of Noah, who was obedient to God's commands and was saved from the flood because he trusted in the Lord, is included in the selections to be read from the Bible and "Science and Health with Key to the Scriptures" by Mary Baker Eddy. This will be read from II Peter (1:6,7): "Humble yourselves therefore under the mighty hand of God, that he may exalt you in due time: casting all your care upon him: for he careth

for you." God is often thought of as Father, but the Discoverer and Founder of Christian Science, on the basis of the many illustrations of God's tender care for His children found in the Bible, points out that He is also Mother to His children. She says: "Father-Mother is the name for Deity, which indicates His tender relationship to His spiritual creation" (p. 332).

Methodist S. W. Class Party Is Hosted by Group

Mmes. Homer Smith, Thura Taylor, B. E. Regan and B. W. Howell entertained members of the Suzannah Wesley Class of the First Methodist Church and their husbands, Wednesday evening with a 42 and Canasta party in the back yard of the Smith's home, 400 Hill Crest.

Refreshments of pie and iced tea was served to the following: Messrs. and Mmes. Hubert Jones, Frank Crowell, C. D. Stinchcomb, F. L. Bleck, M. S. Dry, Mmes. W. J. Moyland, Clyde Young, the host and hostess group and Juan Jay Smith.

The North Haven, Conn., youth, who was stricken with polio eight years ago, received the honor for saving Eddie from drowning when he fell through the thin ice of a skating pond.

'CATASTROPHE KITS' BEING DISTRIBUTED OVER STATE; TEAMS TRAINED FOR WORK

Come hail or high water — or a tornado like the one which shattered Waco recently—and Texas will be ready to act.

A special Catastrophe Kit, containing a blueprint of exactly what should be done when a disaster strikes, was distributed only this month to virtually every Texas Community. The kits arrived in both San Angelo and Waco only hours before tragedy struck these communities but civic leaders in both cities who put the ideas to work have praised the effectiveness of the "catastrophe plan".

Chief architects of the Catastrophe Plan are more than 10,000 Texas representatives of the capital stock insurance industry who know from experience what must be done to restore a stricken community to normalcy as quickly as possible. Their plan of action, reduced to simple terms in the Catastrophe Kit, now is available to more than 200 Texas communities.

In addition, special "disaster teams" of trained trouble-shooters have set up headquarters in Dallas, Houston, San Antonio,

Amarillo, Lubbock, Abilene and Corpus Christi, according to Frank Welch of Dallas, Chairman of the Joint Loss Committee of the stock property insurance industry. Members of the Dallas "disaster team" went to Waco a few hours after

In all these things you want... **Chevrolet's**

farther ahead than ever!

- ... in Fisher Body Quality! It's the only Body by Fisher in the low-price field. And now it's even more outstanding in styling, in comfort and conveniences, in quality.
- ... in High-Compression Power! Most powerful engine in its field with 7.5 to 1 compression ratio—the new 115-h.p. "Blue-Flame" engine with Powerglide.* Advanced 108-h.p. high-compression "Thrill-King" engine in gearshift models.
- ... in Powerglide and Power Steering! Powerglide is the newest, most advanced automatic transmission in its field. Power Steering—another Chevrolet exclusive in its field—lets you steer with finger-tip ease.
- ... in Economy and Value! You go much farther on every gallon of gas (regular gas, at that). You save on over-all costs of operation and upkeep. Chevrolet is again the lowest-priced line in its field!
- ... in Popularity Leadership! Again this year—as in every single postwar year—more people are buying Chevrolets than any other car. For the first 3 months alone, Chevrolet is over 20% ahead of the second-choice car. Nearly 2 million more people now drive Chevrolets than any other make.

The striking new Bel Air 4-Door, one of 16 beautiful models in 3 great new series.

MORE PEOPLE BUY CHEVROLETS THAN ANY OTHER CAR!

FULLEN MOTOR CO.

*Optional at extra cost. Combination of Powerglide automatic transmission and 115-h.p. "Blue-Flame" engine available on "Two-Ten" and Bel Air models only. Power Steering available on all models.

Daffern, Harrell Nuptials Read In First Methodist Church, Saturday

The First Methodist Church in Eastland was the scene of the wedding at 7 p.m. Saturday, June 6th, of Miss Gertrude Elizabeth Daffern and James Travis Harrell.

Mr. and Mrs. E. L. Daffern of Eastland are the parents of the bride and Mr. and Mrs. B. O. Harrell, 604 West Patterson, are the parents of the bridegroom.

Nuptial music was presented by Mrs. Thomas Haley, who also accompanied Miss Patsy Young, soloist. Rev. J. Morris Bailey, officiated. Billy Jack Daffern, brother of the bride, and Billy Walters Jr., brother-in-law of the bridegroom, lighted the candles and served as ushers. Orval Harrell served his brother as best man.

Miss Betty Jo Carroll was maid-of-honor. She wore a dress of light blue net over taffeta, with a matching blue satin hat, and carried a pink carnation bouquet.

The bride was given in marriage by her father. She wore a white nylon tulle, ballerina-length dress over taffeta. Her veil of French

illusion was caught up to the pleated tulle, seed pearl trimmed cap, with clusters of orange blossoms. She carried a heart-shaped cascade of carnations centered with an orchard on a prayer book.

A reception was held in the church parlor. The bride's table, laid with an Italian cutwork cloth, held a three tiered wedding cake, topped with a miniature bridal couple. Lime frosted punch was served. Mmes. Lon Horn, Raymond Webb, Bruce Butler, alternated in serving the cake. Mrs. Clyde McHee lauded the punch. Mrs. Nora Stiles presided at the register, where about eighty guests registered.

When Mr. and Mrs. Harrell left on their wedding trip to Denver, Colo., the bride was wearing a beige suit with white accessories and an orchid corsage. Upon their return they will make their home here at 203 South Hillcrest. Mrs. Harrell is employed by the Victor Cornelius Theatrical Advertising Company, and her husband is employed at the Eastland postoffice.

Out-of-town guests here for the wedding included: Mrs. Gertrude Wilson, grandmother of the bride from Oklahoma City, Mr. and Mrs. B. J. Daffern and Jackie Jr., of Healdon, Okla., Mr. and Mrs. R. V. Daffern and Jannie, Healdon, Okla., Mr. and Mrs. Fred Pasham, Houston, Mr. and Mrs. Gene Durden, Grand Prairie, Mr. and Mrs. Fred Redus, Abilene, Mr. and Mrs. Bob Brautigan and Carol of Cisco, Mr. and Mrs. Travis Bond, Wichita Falls, Mr. and Mrs. V. E. Fedigo, Dublin, Mr. and Mrs. Orval Harrell and Elaine of Fort Worth; Mr. and Mrs. B. S. Dudley Jr., and Tressa Ann, Ranger; Mrs. Herman Foust, Turnersville; Mrs. Willie Harrell and Mrs. A. O. Harrell of Lampaas, Mrs. Sam Chambers and Mrs. James Hol; and Michael, Gatesville.

The AVMA says the teeth come in faster now because farmers have acquired faster-developing breeds.

The American Veterinary Medical Association says the "dental timetable" generally accepted for determining a cow's age is misleading.

The incorrect schedule shows the incisor teeth coming in a two, three, four and five years of age. Recent studies, however, indicate the teeth coming in at less than nine months.

Thus a cow with a full set of incisors would be more likely to be just over three years old, rather than five years of age.

The AVMA says the teeth come in faster now because farmers have acquired faster-developing breeds.

Keep Old Hens! Egg Shortage Seen by Experts

This fall it will pay to keep the best of your old hens in your pullets are housed, says Capper's Farmer. It looks like there will be a shortage of big eggs from late summer to November, and prices are likely to hold strong.

Here's why the hens ought to pay out: Egg prices held strong, even during flush production in spring and early summer. That means there was no surplus of layers. And pullets buyers didn't flock so early this year as they usually can count on higher prices for hens sold later in the fall than when hens are flooding the market at pullet housing time.

The AVMA says the teeth come in faster now because farmers have acquired faster-developing breeds.

It's That Time of Year Again—

... when most Americans begin planning their vacations. Some never plan, but those who do see more, spend less, rest better and are more likely to return safely. Safety is the most important item on any trip. It involves many factors. Insurance alone won't bring you back safely but financially it's a life-saver in case of accident. Include it in every vacation plan.

If It's Insurance We Write It!

Oh, The Shame Of It All!

Failure to pass a swimming test in a physical education class four years ago cost Frank Milligan, now a 21-year-old Portland University senior, a chance for a straight "A" record during his collegiate career. Milligan got a "B" for swimming—the only low mark he collected in the four years.

In 47 other courses, including vertebrate embryology, physiology, metaphysics and differential calculus, he scored straight "A"s for a 3.99 average, highest ever recorded at the university. He was
