Bulletins**

THIS IS JUST ONE of those summers when it just won't rain, apparently. We haven't even had very many prospects of rain this summer, and can't even say "We had lots of chances."

Farmers have been obliged to keep their irrigation wells running full blast this summer, and, in addition to costing more money to make the current crop, the water table is bound to have dropped somewhat this season.

Most farm observers figure that the drought will be broken just about harvest time, when they are ready to bring in their crops. As so often happens when you've had a dry growing season, the harvest work is likely to be delayed when the rain--much needed earlier in the season--finally arrives.

But this is just speculation. It may be that we won't even get this "too late" rain.

Hopefully, the drought will be turned around shortly, so farmers can look forward to some more normal, or average years from a rainfall standpoint. Otherwise, it will really be bad for agricultural prospects.

THE HIGHWAY PROJECT made some progress in Bovina during the past week, and the resurfacing of Highway 60 was virtually completed, after local motorists had to drive in, around, and through the construction for most of the summer.

The road, without the medians, looks twice as wide as it was previously, and should prove to be a much better highway.

One thing the project has accomplished is caused considerable money to be spent locally. The construction gang virtually took over the local motel for the summer. Local restaurants and other establishments also were patronized by the construction workers.

So, even though it was perhaps unhandy having the road torn up for so long, at least there was a bright side to the story.

And now, residents have a nice, wide road upon which to drive.

THE DEADLINE IS fast approaching for submission of your family histories for the Parmer County History Book.

This could be called a "once in a lifetime" opportunity for residents of the county to have their family's history recorded for posterity, and it behooves everyone to avail themselves of this opportunity.

There is no charge to have your family write-up included in the book, if your story is 500 words or less. You may also include a picture of your choice.

It is quite an undertaking, publishing a county history, or family histories in a county, and county residents should be appreciative of Grace and Otho Whitefield, who have spearheaded the project.

In addition to having your family history published, it is possible to have a memorial page for your loved ones who have passed away, or a tribute page for a living loved one.

Businesses also may have their histories published, through purchasing a page or a portion of a page for their write-ups and pictures.

If you remember how nice it was when the first volume of the Parmer County history came off the press, then that is an idea of how nice the second one will be.

Do your write-up now, and mail it to Box 577, Friona. The deadline is September 1.

HOLIDAY SET

Classes will dismiss at 2 p.m. Friday, August 29 and take up Tuesday, September 2 at regular time to observe the Labor Day Holiday.

Meeting Scheduled By Alcohol Coop

"It's coming right down to the wire," says Guy Austin and Grady Sorley, officers with Hi Plains Grain Products International Inc. "The site study is nearly complete, and very shortly we will know what size fuel alcohol plant we are going to be constructing in this area."

The final "push" is on to obtain members of the GPI. Grower-members will determine just what size, from 30 million gallons-up for the fuel alcohol plant to be constructed somewhere in this immediate area.

September 2 is the final date to sign up to become a part of the multi-million dollar operation, according to Austin and Sorley.

They pointed out that since plans for the plant got underway, the price of fuel alcohol has increased to \$1.83, DDG has jumped in price to \$145 per ton and earnings on 100 pounds of corn have increased to \$6.77 while the earnings for milo have increased to

\$6.97. It is projected that by the time the plant is operational, earnings on corn will be \$8.30 per hundred pounds.

Dennis Johnson, planner and consultant from Arthur D. Little, consultants from Massachusetts, is currently narrowing down the proposed plant site to around two to three locations. Dr. John Nystrom is working on the plan of the plant and Bill Leavitt is working on a financial package for construction and operation of the multi-million dollar fuel alcohol plant.

The final meeting before actual signing of construction contracts is September 2 for all the general membership. Austin and Sorley said fuel alcohol is in great demand, and because of the lack of operational plants in the United States, most of the fuel alcohol consumed in the U.S. is still shipped to the U.S. from Brazil.

They are suggesting that current

members increase their membership before the cut-off date. According to the GPI officers, a note may be signed for the \$1,000 for each 10,000 bushels of grain to be taken to the plant. They said the note may be carried at 10 per cent interest and would be payable from the first dividend check, not later than September 2, 1983.

"We have the grain, so we have the ball, and how we play the ball game is entirely up to us," said Sorley. "Let's take the ball and run with it while we can."

Austin, of Farwell, is chairman of GPI and Sorley, of Bovina, is secretary-treasurer. Other board members include Bert Williams of Farwell; Tommy Whatley and Jim Owens of Tulsa; Bobby Redwine and Doug Bales of Muleshoe; Herman Wheatley and Rusty Andrews of Brownfield; Morris Millough of Muleshoe; James Higgins of Hereford; and Garvin Thorn of Hub.

Any board member will explain the proposal to prospective members of the co-op which will become a closed co-operation on September 2.

The High Plains G.P.I. Cooperative invites and urges each and everyone of you to attend the meeting, Thursday, August 28 at 8 p.m. at the Muleshoe Civic Center.

The purpose of this meeting is to give everyone who is interested in a fuel alcohol plant, the opportunity to become better acquainted and be a part of it.

We will have as guest speaker, Don Kubiak of Rockdale, Texas, with us. Mr. Kubiak is in his fourth term in the Texas House of Representatives. He is known as Mr. Gasohol of Texas and has sponsored or co-sponsored several bills for gasohol. He is also vice-chairman of the appropriations committee for agriculture and chairman of the sub-committee on energy.

Consider this:
--High Plains G.P.I. will build a plant.

--Your grain will bring more \$5 marketed as alcohol.

--Make alcohol with surplus.

--Help the energy problem.

--Availability of fuel alcohol as a member.

--Produce high protein feed (D.D.G.).

--Help overall prices of grain through consumption.

--Put more people to work.

--Sell our grain as energy.

--Help us to stay in the farming business.

Come join your neighbors in the cooperative effort to better ourselves and our communities. Remember, the meeting Thursday, August 28 at 8 p.m. at the Muleshoe Civic Center.

Boosters To Meet

The Bovina Booster Club will hold its first meeting of the 1980-81 year on Tuesday, September 2, at 8 p.m. in the High School Cafeteria, according to Patt Turner, Booster Club secretary.

Purpose of the meeting will be to elect new officers, and to give members and new coaches a chance to get better acquainted.

Enrollment Up Slightly

School enrollment is up slightly from last year, according to Superintendent of Schools Bob Owen. Total enrollment for this year is 518 compared to 511 last year.

Enrollment by grades is as follows: Grades K-2, 123, up 24; grades 3-8, 234, down 9; and grades 9-12, 161, down eight. Enrollment was up in the lower three grades but down slightly in the upper grades.

BJHS CHEERLEADERS... From left are: Casey Riddle (eighth grade); Kim McClaran (seventh); Sonya Mayfield (top, eighth), Hollie Clayton (seventh), Misti Boozer (eighth), and center front, Tamie Nabors (eighth) will be leading the cheers for the Bovina Junior High Colts this

year. The Jr. High Cheerleaders also attended cheerleading camp at ENMU, July 7-10. They won two first, one second and one third place ribbon. They also were awarded the Super Cheerleader Ribbon and the Spirit Stick. Kena Arthur is their sponsor.

School Tax To Reflect Small Hike

The tax rate for the Bovina Independent School District will be \$1.03 per \$100 evaluation for the coming year, according to Superintendent Bob Owen.

This will be an increase of eight per cent over the 1979 rate. The school could have raised the rate as high as \$1.08 without holding a public hearing, but decided on the lower figure.

"With the cost of living increasing by an average of 14 per cent per year, we felt this was a relatively small increase," Owen stated.

Season Tabs On Sale Here

Football season tickets will be available again this year. They may be purchased at the Superintendent's office now through September 10.

Tickets will also be available Friday night at the Bovina-Friona scrimmage. The price is \$12 per seat and last year's ticket holders will have first choice on the same seats for this year.

City Man Uninjured In Wreck

Miguel Angel Ramon of Bovina escaped injury when the truck he was driving was involved with a vehicle driven by Isidoro Saldona of Friona. The accident occurred at 6:40 p.m. Thursday, August 21, at the intersection of Farm Roads 145 and 1731 south of Bovina.

The Saldona vehicle traveling west on FM 145 made a left turn in front of the Ramon truck as it was traveling east on FM 145. The loaded Ramon truck was hit by the Saldona vehicle then traveled 80 feet down the highway and turned over on its side. No serious injuries were reported.

New Teacher Found Dead

Judith Hurt, 37, was found dead in her home at 1404 Eastridge Drive in Clovis, New Mexico Monday morning, August 25. Ms. Hurt was employed by Bovina School this school term, teaching Junior High and High School English. She had moved to Clovis from Dallas in June. She is survived by her parents, Mr. and Mrs. Roy Calkins of Wichita Falls.

BHS CHEERLEADERS... Leading the cheering section for the Bovina Mustangs during the 1980-81 gridiron and basketball season will be (from left) Karen Hughes, Stacey Whitecotton, Laurie Miller, on Pam Springs' shoulders, Carey Ruszenas (mascot) and Juanita Serna. Front row, Darla Morris, head cheerleader.

Hughes, Miller, Spring and Serna are seniors and Ruszenas, a junior and Whitecotton is a freshman. The cheerleaders attended a National Cheerleading Camp on the campus of ENMU in Portales, July 7-10. The group won an Excellent, Outstanding and Superior rating. Gladys Spring is their sponsor.

1980 Curry County Fair September 2-6

The 1980 Curry County Fair is scheduled September 2-6 in Clovis, N.M.

"If you haven't taken a vacation due to the high cost of gasoline why not take time out and bring the family to Clovis for the Fair," suggests Jerry Bell, president of the Fair Assn.

Jaycees To Assist MD Telethon

In conjunction with the Jerry Lewis Labor Day Telethon, members of the Jaycees will be operating a pledge center in Bovina. Dickie Clayton and Ken Horn will be the coordinators for the center this year, which will be located at the Jaycee Hut on Third Street. The pledge center will be open during the same hours as the Telethon, from 8 p.m. Sunday, August 31 to 6:30 p.m. Monday, September 1.

Residents in Bovina can call a special number during those hours to make their pledges to the Telethon, in support of the Muscular Dystrophy Association. The number which has been assigned to operate during the 2 1/2 hour Telethon will be 238-1298 or 238-1299. There will be a gold fish bowl set up at the center for donations during the set hours. The center is located at 500 Third Street.

Pledge center volunteers are also planning a door-to-door drive for Labor Day. Children interested in helping Jerry's Kids should come by the center location on Monday, September 1, to pick up an official canister, telethon badge, and instructions. In addition, anyone wishing to volunteer their time to answer phones or assist with pledge center activities should contact Dickie Clayton and Ken Horn, the center coordinators.

The Telethon will be broadcast in the Panhandle area by KFDD-TV, Channel 10, which will cut away from the network show for approximately 15 minutes out of every hour. The cut aways will feature recognition of fund-raising events in the Panhandle area, in addition to first-hand reports of pledge center activities.

Entertainment will be found at the fair which will rival anything you might have found several hundred miles from home. The carnival will be in full swing September 3-6.

Exhibits of all kinds will be found at the fair along with horse shows, dog shows, flower shows, cattle and swine shows, cattle carcass contest, sheep and goat show and a cutting horse contest plus many more.

This year for the first time there will be a shearing and weaving demonstration on Tuesday, September 2; watermelon growing contest and Indian Dancers on September 4. The milking contest will take place September 5 at 6:30 p.m. This will be followed by Richards' Magic Act.

Friday and Saturday evenings will feature square dancing and live music. Saturday is marked as Pioneer Day and will feature an Old Timers celebration starting at 10 a.m. at the Old House on the fairgrounds. There will be an Old Fiddlers contest at 4 p.m. in the Indoor Arena. The horseshoe pitching championship contest will take place at 2 p.m. in front of the Old House.

The Little Buckaroo Rodeo will draw the small fry on Wednesday, September 3 at 6 p.m. in the Rodeo Arena and on Thursday, September 4 they will be participating in the Garden Tractor Pull at 7 p.m.

On Friday, September 5 and Saturday, September 6 the Curry County Tractor Pull will get underway at 6 p.m.

Another feature this year will be the snake show on Saturday morning at 10 a.m. in the Indoor Arena.

"So, if you want to have a wonderful time come to the Curry County Fair, September 2-6 at Clovis, N.M.," Bell says.

A complete schedule for the fair events can be found elsewhere in this issue.

Ponies Set Scrimmage

The Mustangs will scrimmage the Friona Chieftains here Friday night at 6 p.m.

The Mustangs will play their first regular season game with Boys Ranch at Boys Ranch September 5, starting at 8 p.m.

REFLECTIONS From The Blade

20 YEARS AGO--AUGUST 31, 1960

Curtis Griffin, 11, suffered a broken right leg Thursday in an automobile-motor scooter accident. Funeral services for James M. (Mel) Gunn are scheduled for this Wednesday afternoon at 3 p.m. in Bovina Church of Christ. Mr. Gunn, 69, died at his home in Bovina about 6:30 Tuesday morning after a lengthy illness.

15 YEARS AGO--AUGUST 25, 1965

Bovina's Bull Town Days 1965 was a gigantic success. It was so proclaimed by the vast majority of the more than 6,000 people who attended one or more of the events during the three-day celebration, Thursday, Friday and Saturday of last week.

Mr. and Mrs. Don Stone and Laurie are vacationing this week. Preaching in Stone's absence Sunday morning at Bovina Church of Christ will be Richard Roberts.

Hospitalized at Memorial Hospital is Sheriff Chas. Lovelace. He is reported to be undergoing medical treatment.

10 YEARS AGO--AUGUST 26, 1970

Rev. Larry Heard is the new pastor of First Baptist Church in Bovina. A native of Whitharrell, Rev. Heard will fill the pulpit September 6. His family moved to Bovina this week.

Colonel C.W. Bradley of Wiesbaden, Germany, is visiting with

his father-in-law Carrol Steelman, this week.

Rocky Steelman will return to Germany with Col. Bradley and attend school in Wiesbaden.

5 YEARS AGO--AUGUST 27, 1975

Bovina's first entry in the Miss Wheatheart of the Nation, Tammy Christian, was one of 10 semi-finalists in the beauty pageant Saturday night at Perryton. The 31 girls entered in the annual event competed in swimsuits and formal wear.

Sgt. Billie A. Griffin, son of Mrs. Junior Lambert of Bovina, has been assigned to Mountain Home Air Force Base, Idaho, from Korat Royal Thai Air Force Base in Thailand.

Society Has Program On Flowers

Marsha Overman and LeAnn Gallman of Beavers Flowerland of Muleshoe presented a program on flowers to St. Ann's Society Monday, August 18.

The program was given on plant care and flower arranging. They also gave hints on how to clean and arrange silk flowers. They demonstrated the free form flower arranging and recommended aspirin as a preservative and to cut flowers at a slant.

Dixie Jesko, Mary Rose Brito and Judy Brockman won the flower arrangements and pot plant that Ms. Overman and Gallman arranged.

During the business meeting, a day was set to make sauerkraut for the sausage dinner. President Liz Jesko read a letter from the Deanery Board meeting. The Fellowship Luncheon was discussed and a day was appointed to clean the CCD building and to work on the State Bird Quilt.

Twelve members and Father McGovern attended the program.

Efforts of agricultural scientists to help farmers cope with problems on the Texas High Plains will be demonstrated September 9 at the 71st annual field day of the Texas Agricultural Experiment Station at Lubbock and Halfway.

The research facility at Halfway, 14 miles west of Plainview on U.S. Highway 70, is the host this year, said Dr. Bill Ott, resident director of the Lubbock-Halfway complex of the Experiment Station. The annual program alternates between the facilities here and at Lubbock, in cooperation with the High Plains Research Foundation.

Four major stops are planned on the tours of the research sites and facilities at Halfway, said Dr. Douglas F. Owen, research scientist at the station and field day chairman. The stops will illustrate research being conducted in water management, the low energy precision application (LEPA) irrigation system being developed here, crop insect control and weed control.

Also featured on the tour will be tests being conducted at the station on crop varieties, soil fertility and mite control; a plant clinic where specialists will diagnose problems of plants brought by visitors, and a display of equipment and machinery.

Tours will begin at 12:30 p.m. and end at 5 p.m.

The field day is a cooperative presentation of TAES, the High Plains Research Foundation, the Texas Agricultural Extension Service, the Science Education Administration-AR of the U.S. Department of Agriculture, and the National Weather Service.

Scooter's Scoops

By Scooter Russell

There was a time when going to the movies on a Saturday night was a pretty easy way to spend an enjoyable evening...Decided to take Jason last Saturday night...Stood in line for 30 minutes...Got up to the door and there was a "sold out" sign posted...The one nearby was rated R so we went to a drive-in...Waited an hour for the sun to set...Got relaxed...popcorn and all...saw a portion of the movie and the screen went blank...Listened for over an hour to the impatient horn honkers and even honked our own a couple of times...Jason got ants in his pants...Many were leaving and we too gave up...Got in the long line going by the ticket office to get our money back...only one car ahead of us when the picture came back on...Made a circle...Got parked...speaker in place and watched for a short while before the screen went blank for another thirty minutes...Saw they were working hard to get it fixed, so waited...It started showing again, the reel was out of sequence and we watched the latter part of the movie...They corrected that...got the right one on and showed it upside down for a spell before getting it right...Finally in the wee hours of the morning the movie ended and we took our weary bodies home.

Makes you wonder what's so bad about Saturday night re-runs on television after all.

NEWS AROUND TOWN...

Mrs. French Crook came home Monday of this week from St. Mary's hospital in Lubbock where she had had a battery put in a pace-maker on her heart. She entered the hospital Friday. Said she was getting along fine.

David Murphy suffered cuts and bruises in a one vehicle accident early Saturday morning coming home from Clovis. He was taken to the Clovis hospital by ambulance and later taken to Hi-Plains Baptist Hospital in Amarillo. I talked with his mother Monday morning and she said he was getting along fine and expected to be released that day.

Recent visitors in the home of Mr. and Mrs. Pete Meason have been his mother, Hazel McDaniel of Mangum, Oklahoma; his sister, Lavern Martin of Stockton, California; and her dad, Gene Hicks of Monahans.

Nell Gordon has been visiting with her daughter, Nellie Spicer, in Bovina for a couple of weeks. She will be leaving next week to return to her home in Boswell, Oklahoma.

Lily Fuller underwent surgery Monday morning in the Hi-Plains Baptist Hospital in Amarillo. Friends said the reports were encouraging and she will be dismissed in a few days.

It was so sad to hear about Virgie Cary's little three-year-old niece, Dana Marie Cox, of Muleshoe, drowning at Ute Lake last week. We want to express our deepest sympathies to the Carys and also to the little girl's parents, brother and sisters, Mr. and Mrs. James Cox, Gary Lynn, Tisha and Michelle.

Shirley and Leon Ware and daughters Connie and Carol have recently returned from several days vacationing in the Alberta, Canada area.

They flew to Great Falls, Montana and visited with Shirley's sister and brother-in-law, Mr. and Mrs. Lonnie Hand, rented a car and drove on to Canada.

During this time they enjoyed lots of sightseeing, and a raft trip on the Kootney River and enjoyed meeting people of various nationalities.

Shirley told me of the culture of the land. Said gasoline was only 80¢ a gallon. The food served at restaurants was delicious...only bread made of whole grains and oleo was never served, only butter.

The labels on goods in the stores were printed in English and French.

She said they were a very proud people, took pride in preserving the natural beauty of the country. The weather was beautiful while they were there with cool nights and snow in the mountains.

The Glen Ritchies have spent a couple of weeks vacationing in the Antonita, Colorado area. During this time son Randy Ritchie and David Steelman joined the Ritchies and later, son James and Terry Schilling came to Colorado. Said the weather was nice and the fishing pretty good.

Merle Morgan and several women from Dimmitt recently enjoyed a week at Glorietta Camp Grounds.

Merle and A.T. have had their grandchildren with them for a few days, Amy and Jonathan Harris of

Stinett. Visiting in their home this week has been A.T.'s brother Clyde of Meridian.

A brunch honoring Darlene and Arlene Smith, daughters of Mr. and Mrs. Billy Smith, was recently hosted and held in the home of Tonya Gober.

Mrs. Gober served keish-lorraine in a crepe cup, bacon strips, cinnamon rolls, orange pineapple punch and coffee on brown and white print table cloths with matching napkins and brown wooden napkin rings.

Those attending were the honorees; their mother, Suezey Smith; their grandmother, Mrs. Odum Smith and Mrs. Herman Estes; Judy Hodnett and daughter Rebecca, Karen Schilling, Fonda Griffin, Kathy Williams, Mrs. Jerry Rockwell and the hostess, Tonya Gober.

The girls left last week for Levelland to begin their college education at South Plains.

Robert and Emmogene spent last Tuesday night with their son James Lee and his wife LaVonda in their home in Mobeetie. James and LaVonda have recently moved to Mobeetie and really liked it. Said they had fruit trees on their place and they were loaded with fruit but it has been very dry in their area too.

Robert and Emmogene Calaway had company over the weekend; her sister and brother-in-law, Audine and Billy Wells of Plains and her mother Edith Sheppard of Hereford came by on Saturday and spent the night and all day Sunday with them. On Sunday, Emmogene's other sister, Eris and husband Deniz Pullian joined them and spent the day.

Manuel and Christina Quintana's little twins have been in the High Plains Hospital in Clovis suffering with pneumonia. The little boy was in the hospital eight days and the little girl six days but their mom says they are getting along fine now and happy to be home.

I talked with Tessie Jones Tuesday morning and she said she came home Sunday after spending a week in the Methodist Hospital in Lubbock. She entered the hospital for tests and the next day suffered a heart attack. She said she is getting along fine only a little weak.

Dorothy and Grady Sorley flew last Monday to Boston, Massachusetts and attended a gasohol meeting for the officers and sponsored by the A.D. Little Company. While Grady was at the meetings Dorothy and Mikala Harbert of Dumas took in the sights.

She said they went on the Freedom Trail and saw many historical places: Paul Revere's home, where the Battle of Bunker Hill took place, oldest church and home in the United States, and where the Boston Tea Party was held. They visited the residential area on Beacon Hill and saw the streets of Cobblestone and the homes in that area. She said all the doors had brass knobs which were always shining and the streets were lighted with gas which made them very scenic.

The Sorleys enjoyed a 'clam bake' on the A.D. Little helicopter pad and during their stay they were privileged to dine at the Anthony's Pier 4 which Dorothy said was a fantastic eating place with four large dining rooms. The restaurant was on the side of the ocean and they were able to watch the ships go in and out while eating their meal. They also met Mr. Anthony, himself, which was exciting.

The Sorleys returned home last Thursday.

Bill and Erma Bradshaw recently spent two weeks vacationing in California. They visited with Erma's brother and his family, Mr. and Mrs. J.W. Hulsey in Downey. They visited the Pageant of Rose Garden in the San Diego Zoo; the First Baptist Church; Universal Studios tour, where she said "Hollywood happens to you."

They saw the Lion Country Safari; African Wildlife Preserve and Theme Amusement Park; Knotts Berry Farm; Magic Mountain; Movieland Museum; the Famous Olvera Street; Movie World; Tour 205 Hollywood Movie star's homes; Beverly Hills mansions and many other places. Said they had a lovely vacation but

had to come home so they could rest up a bit.

I went over to pick up this information for the Scoops and the Bradshaws gave me a nice mess of catfish. So if any of you have information I can pick up, call me and have the fish ready!

Rita Mast, a former Bovina resident and now living in California was visiting last week in our area. She called the Blade office and wanted us to let those of you who may be interested in Overeaters Anonymous to know there is a place close by. Meetings are being held at the Community Room of the First Federal Building on Prince Street in Clovis each Thursday evening, 7:30 p.m. (MST). Call and ask for Jan at (505) 762-5340. There is no charge.

Mr. and Mrs. Weldon Moody and son Robbie went to Petersburg over the weekend. They helped the Moody's grandson Jay celebrate his second birthday. They enjoyed eating at Britany's and seeing "Smokey and the Bandit II" with Lavonia's daughter Linda Vaughn and her friend Rhona Thompson. They spent a night with Alfred and Lana Moody in Petersburg and with son Karl Vaughn in Edmondson and attended church where Karl is music director. They also visited with Lavonia's mother Eula Terrell in Plainview.

We want to say a big "Happy Birthday" to one of the finest men I have ever had the privilege of knowing, A.G. White, who will be celebrating his 100th birthday Thursday, August 28.

Someone has said "It's certainly been a windy summer...Mt. St. Helen's blowing into the air...Hurricane Allen blowing tropical air...and politicians blowing hot air"...Have a great week and thank you for helping with the Scoops...Scooter.

MR. and MRS. EDWARD ENGRAM will celebrate their "50th" wedding anniversary September 7 at the Hamlin Memorial Methodist Church in Farwell, from 3-5 p.m. (CDT). Edward and Lennie were married September 16, 1930 in

Texico, New Mexico. Their children, Patsy White, Beth Williams and Don Engram cordially invite all friends and relatives to help celebrate this occasion. They have requested no gifts, please.

Bookmobile Sets Dates

Shirley Garrison Takes WT Course

Many of the 31 students who enrolled in Multi-Culture Education, a second summer school session course offered through the West Texas State University College of Education, did not realize they had prejudices.

After two-and-one-half weeks of discussing racism, sexism and various ethnic groups, members of the class said they learned to accept their prejudice. They said they learned that prejudicial attitudes expressed as discrimination are viewed by society as unacceptable.

The course, taught by Dr. Jack Nance, associate professor of

education, included 31 elementary, secondary and junior college teachers and nurses from 16 Texas Panhandle communities.

During the first few days of the class, the students took a pre-test to determine and examine beliefs and prejudices on various topics.

One class member said, "I didn't realize I was prejudiced."

Class discussion in small groups often became heated when members of different ethnic groups were involved, several class members said, because "there was so much feeling behind what we were saying. We openly discussed emotionally-charged topics."

Nance, said one student, "did a good job" of destroying the melting pot concept taught in many schools to explain the ethnic variety of the United States. She said many teachers perpetuate a myth of the American dream that anyone may obtain his or her wishes.

Several students said that through class discussion, they learned that all persons are prejudiced to a certain extent. Other students said that through the course they were beginning to accept their prejudices, were learning to be more open-minded about cultural differences and said the class provided a sharing atmosphere.

Elementary and secondary school teachers explained that the course aided them in developing a more tolerant attitude toward multi-cultural students of different races and backgrounds and in appreciating cultural backgrounds.

The student attending from Bovina was Shirley Garrison.

Others-Centered Living

Read Matthew 25:34-40

Inasmuch as ye have done it unto one of the least of these my brethren, ye have done it unto me. —Matthew 25:40

WHILE my car was being serviced at a local gas station, I went inside the building. Another car drove in. The teen-age son of the manager started out to service it. When the car continued past the pumps and pulled up alongside the station office, the boy turned around and came back inside. I heard his father say quietly, "Son, never turn your back on anyone who drives into this station. If a customer doesn't drive up to the gas pumps, don't lose interest in him. When he pulls in, it is for some reason. Customers are people, and you are here to find out their needs and serve them."

What a wonderful philosophy of life and of practical Christianity! Whether we have anything to gain or any direct interest of our own to serve, each of us has an obligation to be concerned about other people and to try to fill their needs, whatever they may be.

PRAYER: O Lord, help us to love, to care, to serve others without thought of our own gain. Help us to be Christ-centered, and others-centered, never self-centered. In Jesus' name. Amen.

THOUGHT FOR THE DAY

For the Christian, an attitude of service to others is a witness to Christ.

The Averaged Billing Plan From Southwestern Public Service.

"A PLAN FOR ALL SEASONS"

"My fixed income got a big break now that I'm on the Averaged Billing Plan".

"Averaged Billing makes it easier to make ends meet because it smooths out the highs and lows of your monthly electric bill. Like your friends, you can have it too. Depend on it to help ... just give me a call at SPS."

"I know just about how much my electric bill will be each month ... there are no more surprises."

We changed to Averaged Billing with one phone call to SPS. And now, our family budget is easier to plan."

New Law Extends Program

In June, a bill extending the Great Plains Conservation Program (GPCP) from December 31, 1981, to September 30, 1991, became law.

The new legislation, Public Law 96-263, will increase GPCP funding from \$300 million to \$600 million and will raise the yearly cost-share limitation from \$25 million to \$50 million.

"This is a positive step to insure that farmers and ranchers throughout the Great Plains will have added incentive to apply conservation measures on their land," John Copeland, district conservationist for the Soil Conservation Service, U.S. Department of Agriculture at Friona said.

Under the GPCP, landowners can speed up soil and water conservation work by signing agreements for 3 to 10 years. The contracts guarantee cost-sharing by the government to apply and maintain conservation measures. Contracts have been written for about half of the land eligible in the 10 states.

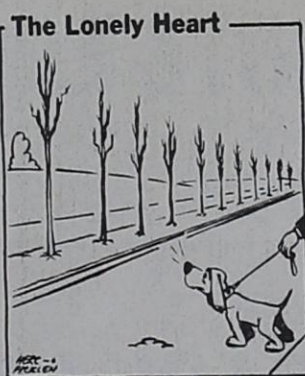

The Soil Conservation Service has administered GPCP since the program began in 1956. Through the program, working together with conservation districts, SCS has given technical and financial assistance to 55,000 Great Plains farmers and ranchers in treating critically eroded farmland and making appropriate land use changes.

"One hundred and seven landowners have taken advantage of the program on 49,486 acres in the local Parmer County Soil and Water Conservation District," Copeland said.

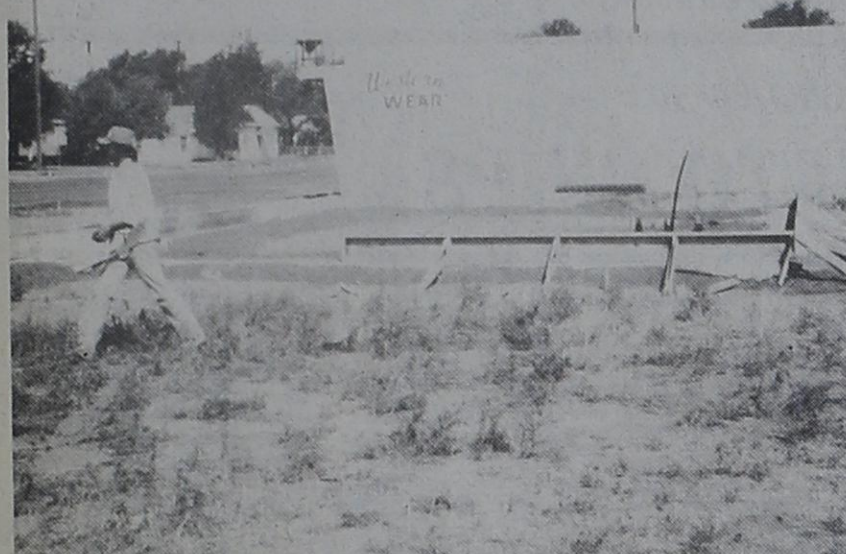

Over the next 10 years, SCS and districts hope to help even more Great Plains farmers and ranchers plan for and install the most effective conservation practices on their land.

"The hazardous climate and easily eroded soil in the 10 Great Plains States require lasting protection of soil and water resources," Copeland said. "The drought of the 1970's, and the summer of 1980, is a reminder that we must adequately protect the Plains from wind and water erosion to reduce the likelihood of another disastrous Dust Bowl."

"Despite a good record of success for work done under the GPCP, much work remains in order to combat serious droughts and persistent erosion problems," Copeland concluded.

UMM-GOOD....Edwin Lide, Wayne McClaran and others were thinking how good the homemade ice cream was Monday night, August 25. The School Board members sponsored the ice cream social for the school staff in the patio of the Bovina School.

TAX BUILDING....The Parmer County Tax Authority Building is under construction on Third Street. The 30x40 building was contracted by Sherrill Lumber Co. It will be constructed of brick and masonite siding. Date of completion will be the last of November.

Around The House

By LAURA JACOBS
 Pay careful attention to clothing contaminated by pesticides. Some pesticides can enter the body through the skin. Wash clothes worn while applying pesticides daily, or store them in plastic bags to await laundering. Do not mix contaminated clothes with other laundry.
 Normal heavily soiled laundry procedures will remove pesticide from clothing. Follow this procedure:
 Use hot water, 130-140 degrees F. and normal or full water level. Pre-soak or prewash for extra heavily soiled garments.
 Use the manufacturer's recommended amount of heavy-duty detergent for heavily soiled laundry.
 Use chlorine bleach to aid in sanitizing and deodorizing if garments are bleachable. Check permanent-care labels for warnings against bleaching.
 Thoroughly rinse with cold water.
 If possible, thoroughly dry in an automatic dryer at the regular fabric setting.
