MULESHOE ACTIVITIES COMMITTEE ERECTS SIGN--Members of the executive committee of the Muleshoe Activities Committee met east of Muleshoe Wednesday morning at a sign erected by MAC commemorating Muleshoe's 75th birthday being celebrated this month. Shown with the sign are from left, Eddy Morris, Ray Day, Harvey Bass, Kay Mardis, Bob Donaldson, Jerry Hailey and Terry Nickel. The sign is on the north side of the Highway 84, just east of Valley Grin.

Mules Slapped Hard By Brownfield Cubs

Eagles Drop '88 Opener To Higgins

Tough-tough-tough-- would be the only way to describe the Brownfield Cubs -- as the Muleshoe Mules found out Friday night. The first-ranked football team on the South Plains plainly dominated the game played on a soggy Brownfield football field, and captured the victory over the Mules, 35-0.

Mule quarterback Jeff Hicks, who was 'sacked' so many times in the game he must have felt like a bag of potatoes, found Steven Sandoval for two good passes, one of 46 yards and the other for 49 yards. In the second half, although the Mules failed to score, they did get on the records with three first downs.

They ended the game with a total of 107 yards to 476 total yards for Brownfield.

In the second half, the Cubs scored on a 21-yard TD pass at :18 left in the third; and just short of two minutes left in the game, scored on a one yard plunge through the middle.

Although Brownfield lost three fumbles, the Mules were unable to capitalize on their good luck, and did not get on the scoreboard.

Mule Daniel Olivas, who did not arrive back in Muleshoe in time to take part in pre-school football practices, saw limited action in the game against Brownfield. The coaches expect him to be in full form by the time the Mules host Shallowater next Friday night in Muleshoe.

All this year, the Mules will be facing very strong opponents -- but fan support makes it somewhat easier on them as they take to the field each Friday night.

Although the Mules had first possession of the ball, it all came to naught after three plays when the Cubs confidently took over.

Brownfield first hit pay dirt at 8:04 of the first on a 25-yard TD pass, with the PAT good.

The hapless Mules failed to move the ball on their second possession, again turning it back into capable Cub hands -- led by speedy quarterback Bobby Lawrence. Second touchdown for the Cubs came at 11:16 of the second on a one-foot dive through the middle, but the PAT failed, and the Cubs had a 13-0 lead.

Just :49 before halftime, QB Lawrence connected with his brother Kenneth Lawrence on a 24 yard TD pass, and then Kenneth Lawrence caught another pass in the end zone for two points to make it 21-0 at halftime.

At the half, the Cubs had 292 total yards and nine first downs to seven total yards and no first downs for the Mules.

Coming out in the second,

Higgins came back from a 16-16 tie Thursday night at Silverton to take a 40-22 victory over the Three Way Eagles.

Three Way only has a total of eight players for their six-man team, and with two injuries, could only field six players, said Eagle Coach Greg Jeffcoat.

"I thought my players did extremely well, considering that Higgins had 14-15 players suited out. They showed up well."

The Eagles made a total of 277 yards to 312 for Higgins.

Leading rusher was Billy Perez, who carried four times for 55 yards; Leading pass receiver was Efrain Guillen, who caught two passes for 120 yards and one 75-yard touchdown; also, Jarrod Sowder caught five passes for 34 yards and two touchdowns.

Leading passers were Mario Guillen, who completed 12-16 for 97 yards, two touchdowns and one interception. Jarrod Sowder completed 4-7 for 111 yards and one touchdown. Mario Guillen also kicked two extra points for the Eagles.

Muleshoe Team Second In Tourney In Clovis Action

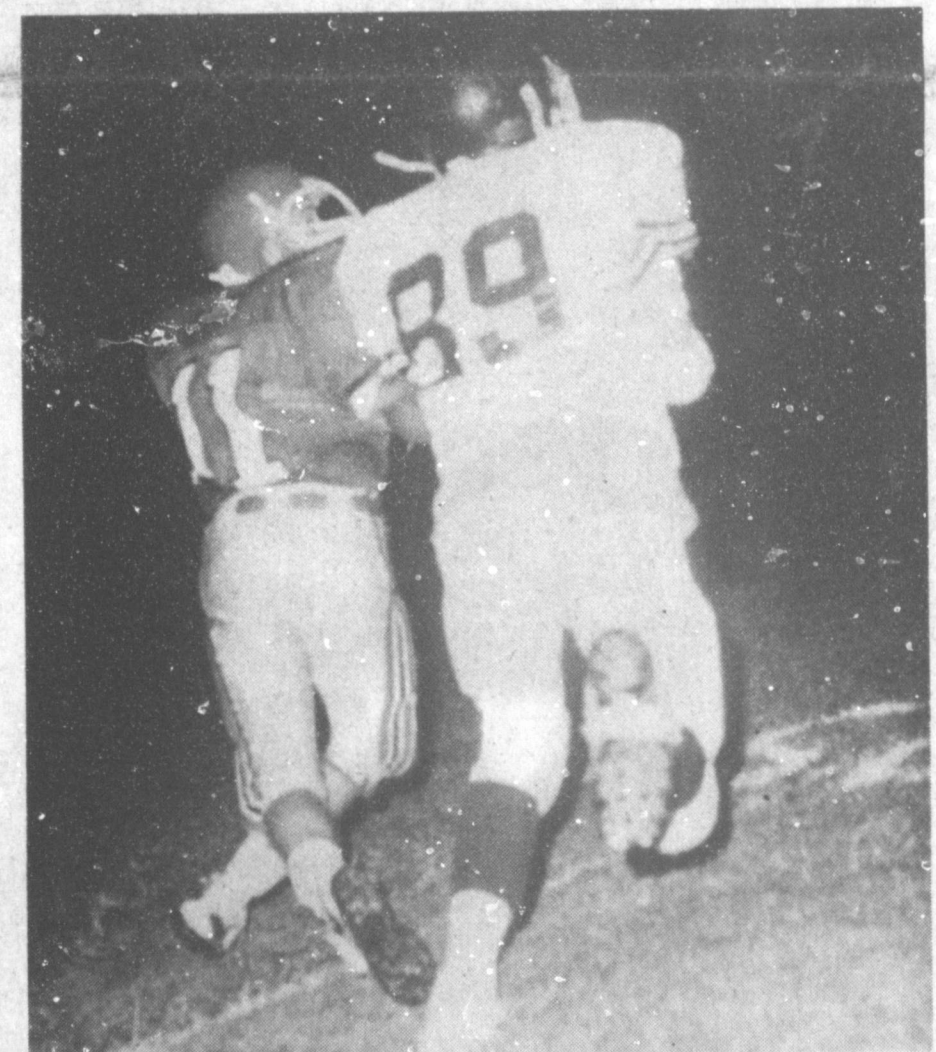

It took five games, playing intermittently all day, and concluding around 11:30 p.m. last Saturday night, but Alex Garcia's Muleshoe softball team, Alex's Rainbows, took second place in the tourney.

He said Cindy Brown, one of the members of his co-ed team, was named 'Girl's Most Valuable Player' and received a jacket for the honor.

The team won three games, one from another Muleshoe team and two local Clovis teams; they lost out to two Clovis teams, ending up in second place.

Playing in the Clovis First Annual Coors Light Co-ed Tournament on Alex's Rainbows were:

Cindy Brown, Liz Garcia, Roxie Johnson, Jerry Johnson, Raymond Villalobos, Gary Hugg, Adena Johnson, Chris Johnson, Gilbert Aguirre, Joe Flores, Rhonda Hugg, Bill Owens and Chris Flores.

MULES LOSE OUT TO BROWNFIELD--Despite two pass receptions of nearly 50 yards each, Steven Sandoval, No. 89, was unable to capitalize on his passes of 46 yards and 49 yards to score for the Mules, who fell Friday night to the Brownfield Cubs by a score of 35-0. (Journal Photo)

Lazbuddie Cheerleaders Work On Pride

"Just Can't Hide That Longhorn Pride" is the new Lazbuddie motto, and the varsity cheerleaders certainly have not hidden their pride this summer. Holley

Morris, Britt Engelking, Lynn Proctor, Mia Jennings, Jonessa Jennings, and Adrienne Willingham have been involved in many projects.

In addition to attending a National Cheerleaders Association (NCA) camp, the girls have sponsored a camp of their own. They have also purchased a new flag, made signs for the scrimmage games, and have launched the "Just Can't Hide" campaign.

The NCA camp was held at Wayland Baptist University in Plainview, on August 8-11. The purpose of the camp was to learn new cheers and routines and to improve cheerleading skills. The Lazbuddie cheerleaders won two spirit sticks and received all "Superior" ribbons for their cheers. Sponsor Marsella Jennings said that she was proud of her girls and that they 'did good.'

The camp was not all instructional, however. Jonessa Jennings said that it was 'lots of fun

in the dorms.' Another highlight of the camp was a talent show. The Longhorn ladies dressed up as a rock band and lip-synced the song "We Got the Beat." Adrienne Willingham said that the NCA cheerleaders got excited and acted 'like it was a real concert.'

From August 22-26, the Lazbuddie cheerleaders had a camp of their own. The camp involved those from kindergarten through the eighth grade. The youngsters were taught cheers, chants, and dances, and even performed at the first pep rally on August 26.

These 'Shorthorn' and junior high cheerleaders even helped to make signs that were carried to the scrimmage with Cotton Center. The cheerleaders stated that the children loved the camp.

One cheerleader reported that they 'loved the dances.' Another cheerleader said that they were getting 'it all out before school starts.' Proceeds from the camp will be used to help purchase cheerleading uniforms, supplies and materials for homecoming.

One of the most important jobs the girls have done this summer is to promote school pride through the new motto.

They have sold T-shirts, sweat-shirts, car signs, and orange pom-poms to help 'fire us' the Lazbuddie fans.

Also, the newly acquired flag will be waved at games, in what the cheerleaders hope will become a tradition.

They said the idea behind the campaign is to keep school spirit and pride alive throughout the year, not just during football season.

Lazbuddie folks believe if what the cheerleaders have done so far is any indication, however, LHS's have reason to be proud of their cheerleaders as well.

Lions Club Plans Supper; Collects Glasses

During the month of September, the Muleshoe Lions Club will be conducting a drive to collect old eyeglasses.

Eyeglasses may be donated by dropping them off at Muleshoe State Bank, First Bank, and Summit Savings. A box will be in the lobby of each of the financial institutions with the Lions Club insignia.

Also, the Muleshoe Lions Club Chicken Fried Steak supper will be served at the first home football game this year, Friday, September 9.

The supper will be served in the high school cafeteria, 5:30 p.m.-7:30 p.m. before the 8 p.m. kickoff time.

Friday at 5 p.m. will be the deadline to get your entry in for the Muleshoe Activities Committee's official motto.

At the conclusion of the Bailey County West Plains Fair, the winner will be named and will receive \$25 in MAC Bucks, which can be spent in many businesses in Muleshoe.

They can be mailed only to MAC Motto, Box 1010, Muleshoe, TX 79347.

Juana Shelburn said the Muleshoe PTA is selling t-shirts at \$5 each, and they are in small, medium and large.

The special 'Muleshoe Mule' t-shirts are available from any member of the Muleshoe PTA.

She also said a PTA membership drive will be conducted at their first meeting at 7 p.m. on September 19, at Dillman gym.

Memberships are only \$2.50 per year.

Monday through Wednesday of this week, members of the board of trustees of the Muleshoe Independent School District will again hold back to back board meetings in their continued search for a superintendent for the Muleshoe School District.

On Monday, they will meet at 6 p.m.; at 2 p.m. on Tuesday and at 1 p.m. on Wednesday.

On each of the days, a candidate for the position will meet with the board.

In Profile

Lazbuddie School Adds Industrial Technology

(Editor's note: In the continuing series, *In Profile*, this week's column is devoted to a young Lazbuddie teacher, Mark Scisson, industrial tech instructor at the Lazbuddie school. His is a unique and new program for this area.)

Lazbuddie is one of few schools in this area now offering industrial technology courses to its students, and it is the only school in a wide area that has this program of study set up to begin with junior high school and continue through graduation.

Mark Scisson is the industrial tech instructor at Lazbuddie. He and his wife, Tonya, have a two-year-old son, Garrett. Mark grew up in New Mexico and received his degree from Eastern New Mexico University at Portales and he did his student

teaching in Portales. Lazbuddie is his first teaching assignment.

Scisson is beginning his fourth year of teaching industrial technology, and he said that the program has changed dramatically in the short time since he received his degree. He has attended numerous workshops and has updated his college training in order to effectively teach the modernized program. He said that Texas leads many other states in progressive changes in this field.

He said that "industrial arts" has become "industrial technology," because it teaches hands-on thinking skills and training in using manufacturing's new tools -- the computer, robots, C.N.C. (computer numerical control), and more advanced skill appliances. "Industry now uses these technological tools, and in order

to prepare students for work in an industrial or manufacturing field, we need to teach them how to use these tools," he said.

Lazbuddie has purchased a new computer and software for the industrial tech department, and the instructor says that his students will use it extensively this year. "This computer will do 3-D drawings," he said. "It is really amazing what kind of drafting you can do with the computer. Students are going to be very interested in this."

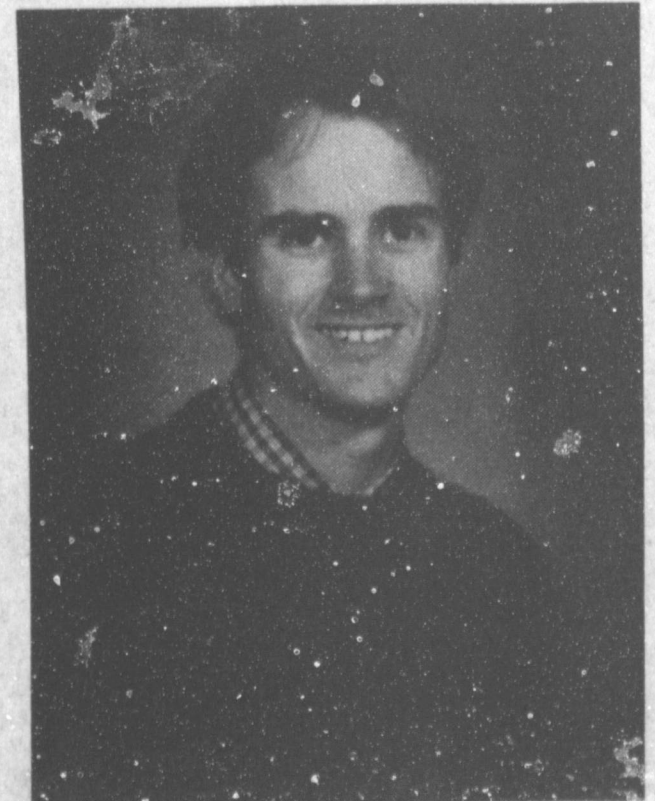

Scisson commented that students are becoming very comfortable with the computer since it is used widely throughout the school in other subjects, and a computer literacy course is required for all seventh grade students.

He said that he will not be teaching programming since

Lazbuddie's computer instructor, Hardy Carlyle does that. Scisson said that his students will learn how to use the software to create a computer-aided draft of their projects before beginning construction. In other words, students will decide on a project, make a computer plan, and then build it -- using the most advanced tools -- from the idea to the completed project.

Scisson said that the industrial technology program in Texas has been organized around three clusters: communications, production, and energy. When a student uses the computer for his draft, he has used communications. He then uses the production cluster in building the project. Energy is emphasized in learning to conserve resources.

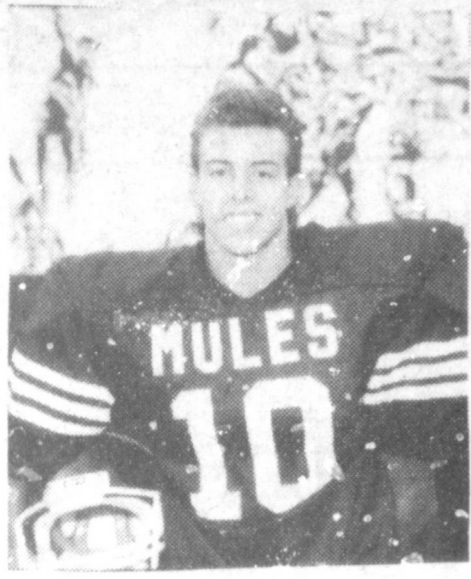

In industrial tech courses, a

Local 4-H Volunteers Benefit By Helping

The new 4-H year is about to start, and the 4-H program offers unlimited opportunities for volunteers to help young people learn and develop.

4-H is the youth development program of the Texas Agricultural Extension Service. It focuses on the needs, interests and concerns of boys and girls in the third grade to 19 years of age, said Kandy McWhorter, county Extension agent and 4-H program coordinator. Its aim is to help young people develop through practical learning experiences such as preparing a nutritious meal, building bookshelves or growing a vegetable garden.

Since young people do not develop their skills and attitudes overnight, they need and seek guidance from 4-H volunteers who can help them probe the 'why' as well as show them 'how to do it.'

Helping youth develop, however, requires different kinds of leadership, McWhorter said. For those who prefer to work primarily with youth, 4-H offers leadership roles related to the organization, project or activity aspects of a 4-H group.

While the 'organization leader' guides the overall operation of a 4-H group, 'project and activity' leaders help boys and girls learn by involving them in a specific project, such as clothing, auto repair and bicycle safety, and

related activities such as safety clinics, exhibits and local tours. These leaders may, in turn, be assisted by junior and teen leaders who work closely with an adult or teen advisor.

Volunteers who prefer to work primarily with adults also have a wide range of choices, said McWhorter. A 4-H project or activity chairman helps other leaders with a specific project or activity. A 4-H recruiter seeks out youth and adults interested in becoming 4-H members or leaders, then allows the 4-H organizer to help the new group get started.

Volunteers also are assisted by the 4-H trainer who helps train other leaders in the area and by the 4-H resource person who secures special materials or

people from the community.

If you are interested in young people, want to share your talents and hobbies, and enjoy meeting other adults with your same interests, consider being a 4-H volunteer.

Contact the county Extension office for more information on the 4-H program and the role of volunteer leaders, McWhorter said.

By: Joy Stancell

Oneita Wagon's daughter, Rhonda Pummill, visited her Thursday.

Effie Smith and Mamie Askew was visited by Millie Throckmerton last Thursday.

Lois Ethridge visited with relatives in Ralls, Tex. Thursday. She spent the day with Clara L. Jones Friday.

Mildred Nieman had relatives visiting from out of town Friday.

Juanita Snow's visitors were Olive Cox, Donna Smith of Desota, and Marieta Crume of Bula.

Sherry Embry and children visited Effie Smith Tuesday afternoon.

Mrs. Joe Smallwood brought us a big bowl of home grown cherry tomatoes, ready to pop in your mouth last week.

Labor Day

Traffic Toll

Set At 35

Officials of the Texas Department of Public Safety are urging motorists to exercise special care during the long Labor Day weekend.

Colonel Joe Milner, DPS director, recommended that drivers take precautions to help ensure safety in the higher volume of traffic expected.

"The motorists who comply with the speed limits, connect their safety belts, and avoid driving while impaired by alcohol have the greatest chance of not having a traffic accident," Milner suggested.

"We're estimating that this will be the last Labor Day period for as many as 35 persons who may be killed in traffic accidents. However, there will be additional troopers on patrol during the holiday weekend to provide maximum protection for the driving public."

Milner said the DPS is supporting the national "Drive For Life" program sponsored by Mothers Against Drunk Driving (MADD). MADD officials ask persons not to drink and drive, and to have their headlights switched on during daytime driving on Saturday, September 3 in support of the effort against DWI.

"The troopers will also have their headlights on during this day, and they will be especially watchful during the Labor Day period for drunk drivers."

Texas DPS troopers will also be keeping watch on the interstate highways as part of the Combined Accident Reduction Effort (CARE) program with the troopers of neighboring states.

The Labor Day weekend is 78 hours in length, beginning at 6 p.m. Friday, September 2 and continuing until midnight Monday, September 5.

Bridal Shower Honors Mr And Mrs Hamilton

The parlor of the First Baptist Church was the scene of a bridal shower Sunday, Aug. 28 honoring Mr. and Mrs. Randall Hamilton.

Mr. and Mrs. Hamilton greeted the guests between the hours of 2:30 and 3:30 p.m. Guests were registered by the hostesses.

The hostesses served thumbprint cookies, banana bread, nuts

and punch from crystal and silver appointments.

The serving table was covered with a white lace table cloth and accented with a floral arrangement in shades of pink and cream in a gold vase.

Mrs. Hamilton's corsage was an alstromeria lily.

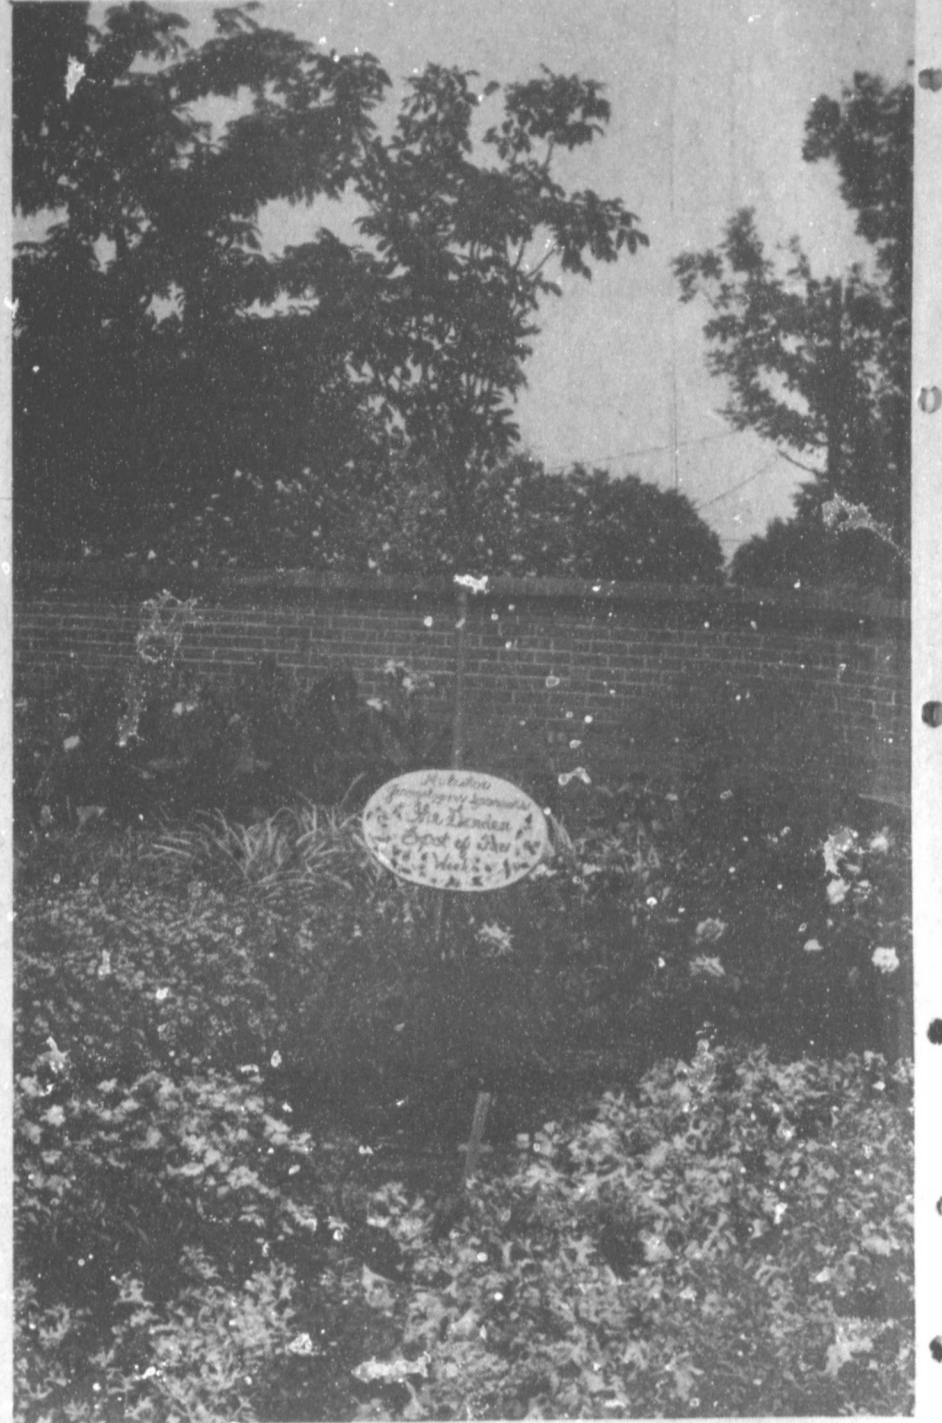

Special guests were Mr. and Mrs. Elbert Hamilton, parents of the groom.

The hostesses gift was a lead crystal bowl. Hostesses for the occasion included: Doris Scott, Gayle Turner, Bobbie Johnson and Donna Nickels.

MR. AND MRS. RANDALL HAMILTON

GARDEN SPOT OF THE WEEK'---This week the front yard of Mr. and Mrs. Charles Lenau, 313 East Fir Ave. sports the 'Yard of the Week' sign designating it as yard of the week. This project is sponsored by the Muleshoe Jennyslippers and will continue through the month of September. If you haven't nominated your favorite garden spot, call the Chamber of Commerce office now and your garden spot just might be next week's 'Garden Spot of the Week'.

(Guest Photo)

TOPS CLUB

Muleshoe TOPS Club chapter No. 34 met at 6:30 p.m. Thursday, Sept. 1 in the Heritage Thrift Shop. Laverne James, leader, called the meeting to order and led the group in prayer. The TOPS pledge was recited and the fellowship song sung.

Orvdie Burris, weight recorder, called the roll with nine members answering with the amount they had lost or gained. Aurora Mata read the minutes of the previous meeting and they were approved as read. A treasurer's report was given by Ruth Clements, treasurer.

Best loser for the week was a tie between Jewell Peeler and Laverne James.

Best loser for the month was also recognized with Aurora Mata being named best loser. Runners-up were Ruth Clements, first, and Orvdie Burris, second.

Nan Gatlin was named KOPS Queen for the month.

It was reported that those wishing to go to TOPS ARD in Tulsa needs to pay their registration fee at the next meeting.

The meeting was closed with the singing of the goodnight song.

Experience is the mother of all things.

—John Florio.

Rebekah Lodge News

Four members from Friendship Rebekah Lodge No. 321 of Clovis, N.M. visited with the Muleshoe Rebekah Lodge Tuesday night, Aug. 30 at their regular meeting.

Louise Allen, Noble Grand, called the meeting to order and Fern Davis, acting chaplain gave the opening prayer. June Green, secretary, called the roll and read the minutes of the previous meeting. Sandi Robinson presented the flag.

The scrap book committee asked that if anyone had pictures for the scrap book to please take them to lodge next week.

June Green gave a report on State Secretaries meeting in San Angelo last month. One hundred and four registered with seven of these being from Muleshoe. It was a very informative and interesting meeting according to those attending. Pat Langfitt, Sandi Robinson and Ruby Green commented on the meeting also.

Louise Allen gave the closing prayer and refreshments were served to 19 members and four visitors by Mary Parish and Ina Wilemon.

Creative Living

By Sheryl Borden

Three interesting topics will be featured on "Creative Living" on Tuesday, September 6 at 12 noon. (The show will not be seen on Saturday, September 10, but will return to its regularly scheduled time on September 17.) All Times are Mountain.

Quick, easy to fix recipes are always a bonus to any cook--regardless of the time of the year. Connie Moyers is the Marketing Home Economist with Southwestern Public Service Co. in Clovis, and she's going to share some quick recipes that all capitalize on using the microwave oven for the speed in preparation.

Almost everyone has either had a garage sale of their own or at least attended one sometime. It's a good outlet for disposing of items, but everyone wants to get a fair price. Dr. H.A. "Tony" Hyman is the author of an interesting book called "Cash for Your Undiscovered Treasures", and he's going to discuss how some of our yard sale or garage sale items can turn into tragedies--and he'll explain how to avoid this. Dr. Hyman is from Claremont, CA.

The show will begin with a demonstration by Patricia McCann with a recipe that emphasizes the importance of getting calcium from foods--rather than from pills or other supplements. She represents the National Dairy Board.

On Tuesday, September 6 at 9:30 p.m. and on Thursday, September 8, three additional topics will be featured on "Creative Living." Mary Johnson, a very creative homemaker who lives in Portales will show how to do an old art technique called "Pennsylvania-Dutch Scratch Eggs." In addition to showing how to do this craft, Mary will tell some interesting history about the customs of the people who originated it.

Fran Smith, home economist with Universal Foods, Milwaukee, WI. will demonstrate making egg-twist bread. Even though more and more women are in the job market, Ms. Smith says that most homemakers are still interested in making bread--they just want easier and quicker ways to do the task.

Susan Wright is the Extension Clothing Specialist with the New Mexico Cooperative Extension Service in Las Cruces, and she will talk about laundry tech-

niques and explain how to get clothes really clean.

"Creative Living" is produced and hosted by Sheryl Borden. The show airs on more than 100 PBS stations in the United States, Canada, Guam and Puerto Rico and is distributed by Pacific Mountain Network, Denver, CO. Viewers can request copies of printed materials offered on the show by calling on KENW-TV's toll-free telephone lines between 8 a.m. and 5 p.m., Monday through Friday. In New Mexico, the number is 1-800-432-2361, out-of-state: 1-800-2359 and Portales and Roosevelt County: 562-2112.

CHEERLEADERS WIN SPIRIT STICKS--Lazbuddie varsity cheerleaders (L-R) Lynn Proctor, Britt Engelking, Adrienne Willingham, Mia Jennings, Jonessa Jennings, and (front) Holley Morris hold one of the two spirit sticks they won at NCA camp. Mia Jennings, who also attended camp last year, said that this year's camp at Flainview was "By far the best". *(Guest Photo)*

Garth Family Reunion Held At Seymour

As the sun beamed down 107 degrees, the second week-end of August in Seymour, Texas, the descendants of Amos Payne Grucher Garth and Amanda Sanders, Bailey County, Texas, swarmed in to Seymour City Park, Seymour, Tex. for a family reunion.

There were folks from North, East, South and West Texas, New Mexico, Oklahoma, and Louisiana. The ages ranged from four months to eighty-four years.

This family is known for it's fine cooks and this occasion was no different as the boards of the

picnic tables groaned with the boundful gourmet food.

A memorial to Herbert T. Garth, who departed this life on March 2, 1988, was given by James Dobbins.

A highlight for this family group was the publication of the "Garth History 1734-1986" by Rosaline Davis (a Garth descendent) this year. As the folks searched for their names and traced backward for as many as twelve generations. It was a thrill to know their ancestors had a great part in the establishment of the United States of America, 1734, to the present time.

All good things have to come to an end and as the sixty nine registered guests bid goodbye they had a warm feeling that on the first weekend in August 1989, they would meet again, this time, in the new air-conditioned Community Center, just across the street from the Seymour City Park. All Garth descendants are invited to come for the covered dish meals and fellowship.

I have but one lamp by which my feet are guided, and that is the lamp of experience.
—Patrick Henry.

Amber Nicole Davis

Mr. and Mrs. Billy Wayne Davis of Earth are the proud parents of a daughter born at 5:59 a.m. Wednesday, Aug. 31 in West Plains Medical Center.

The young lady weighed eight pounds and four ounces and has been named Amber Nicole. The couple have one other child, Travis Thomas, one year of age.

Grandparents are Tom and Shirley Burress of Earth and Billy Joe Davis of Killeen.

Great grandparents are Carrye Meleod and Nell Davis.

Hobby Club

Muleshoe Hobby Club met Thursday, Sept. 1 in the Senior Citizens Complex for their regular meeting.

The twelve members attending included: Jane Williams, Edith Fox, Glenda Morris, Hazel Reeder, Blanche Aubrey, Mabel Caldwell, LaDema Wright, Frances Bruns, Sammie Ethridge, Mattie Benton, Laura Stansel, and Polly Clark.

A number of items were taken to be shown. they included: an afghan taken by Ms. Morris. Ms. Ethridge took some of her paintings, Ms. Williams took a pair of embroidered pillowcases and Ms. Fox took a bouquet of dahlias.

Hostess for the day was Ms. Fox and Ms. Williams will be the hostess on Sept. 15.

Refreshments of cookies, ice cream, coffee and tea were served.

The members signed a card for Ethel Julian, who had eye surgery recently.

student may choose to study high technology areas such as computer application in drafting, using computer assisted equipment to make working drawings.

Or students may be interested in robotics which include assembly-line manipulation of materials by small, programmed industrial robots to locate, place, or redistribute needed items.

Industrial tech courses also may include communications activities and research and development in energy studies with construction of models of solar, wind, and other devices that conserve resources.

Scisson explained that Lazbuddie's program will introduce students to all of these areas. "We may not be able to go into depth in all of them," he said, "but we will give students an introduction to every area so that the student may choose to study whatever interests him or her."

The instructor said that he is very proud of Lazbuddie's industrial technology program and of the importance that it receives in the total school curriculum there. "The new program is designed to interface with math, science and social students," he said. "It is not just woodworking, anymore. Although building projects in wood is still our major emphasis, we now expose our students to a wide range of interrelated fields of study, all of which will be very practical and useful in the future."

He said that all students -- girls and boys -- are encouraged to enroll in industrial tech courses at some point in their graduation plan. Students at Lazbuddie, grades 7-12, will be able to choose from a number of different technology courses, from Tech Systems, which will explore all areas, to specific courses of interest, such as Manufacturing Graphics (drafting) and Productions Systems.

Scisson said that he plans to have more group projects this year. He said that the junior high students may design and build a space station because there is a lot of emphasis on space projects in the new state industrial tech program. He plans to have some of the older groups work together to design and build a storage building or greenhouse. The senior group may do a scale model of a "dream house" or a scale bridge that will actually be tested for weight capacity.

The teacher said that these group projects will be in addition to the individual woodworking projects. He commented that he was very proud of the individual projects that students did last year.

This year, Lazbuddie will apply for student membership in the Technological Students Association so that they may enter projects for regional competition with a chance to go to state. Scisson said that he attended the regional show last year and felt that his students, even the junior

high students, would have done very well there.

"I am excited about what is happening in this field," Scisson said. "I encourage students to enroll in technology education. It can be a very rewarding experience and at the same time, will prepare students to be productive citizens of tomorrow. We explore many interesting areas, and yet, this is still vocational training, and a 'learn by doing' experience. It is still very enjoyable and creative -- perhaps more so because of its application for our times."

It is very interesting to talk to Mark Scisson about what is happening in manufacturing now and about the giant strides that will be made in the future. He talked about robotics that are being used to replace manpower on assembly line construction. He said there will be a

Hear Speaker On Australia

By R. A. Bradley

Eighteen members and three guests met Friday morning at the Old Corral. The guests were J. E. Berry, father of Dale Berry, of Lipscomb; Chad Johnson, son of Reggie Johnson; and Sam Harlan.

James Roy Jones led the club in the pledge to the flag and Howard Watson gave the invocation. Dale Berry gave the friendship coin to Jerry Hutton.

The annual officer installation banquet will be September 12 at the Bailey County Civic Center, and all Kiwanians are urged to attend.

Robert Montgomery introduced Sam Harlan, who with a group from the First Baptist Church, went on a missionary trip to Australia.

Criminal Jury Trials Scheduled This Week

Although 33 pending cases are shown on the criminal jury setting for next week, when docket call was held Friday morning, only one case was to be heard.

Thirty-two of the cases had been passed for various reasons, leaving only one case to be heard.

Next Tuesday, at 1:30 p. m., one hundred prospective jurors are scheduled to report for possible jury service.

Included are the following: Kathie Howard Ballard, Teresa Flores Pineda, Josephine Chavez Gonzales, Margaret Ann Parker, Anthony Glenn Holmans, Becky Mason Conklin, Marjorie Cassidy Precure, Marcinda Cobb Johnson, Dolores Orozco, Brian Ann Kirby, Marilyn Phillips Young, Sheryl Watts Morris, Amelia Arriazola Costilla, Margaret Nash Copley, and Abel Taraneo Ontiveros.

Also, Mattie Osage Smith, Johnnie Spears Parker, Ethlee Lynn Evins, Frieda Locker, Melynda Ritchie Willebrand, Robert Edwin Finney, Carren

tremendous job market in designing robots that will be used in all kinds of industry and especially for use in jobs that are hazardous to humans.

Scisson is enthusiastic about his job. He enjoys teaching students. He is interested in today's technology, and believes that some introduction to this broad field is very important in high school education.

"The industrial tech program is still 'hands-on' production," explained Scisson. "Everything we do is hands-on experience. The new program is new to the instructors, too. We will be learning together with our students."

He believes that there will be a gigantic technological changes in our lifestyles in the very near future. He also explains that kids are not afraid of technology like some of the older generations are.

Sam stated they left on July 20 and were there for 10 days. Sam said that everything was wonderful except the 20 hours on the airplane, going and coming.

Sam commented that the people were wonderful, very friendly and showed them around. He showed a slide presentation of the people and country.

They went to Casino, Australia. It seems they were kept very busy. Did not seem to be very much slack time.

Sam said if you asked for the bathroom, you got just that -- the toilet was out back.

It looks like the group had a good time.

Sam, Thanks for a wonderful program.

The Kiwanis Club will put out flags Monday for Labor Day.

Field Day Coming Up For Area

CORN FIELD DAY

The Bailey-Parmer County Corn Field Day will be held at the Gene Smith farm, located two miles north on FM Road 1172 and one mile west of Lazbuddie. The field day will be held on September 12, starting at 10 a. m. Test plots at the Smith farm contain corn hybrids from the

following seed companies: Funk, Conlee, Triumph Vineyard, Asgrow, Garrison, DeKalb, Pioneer, Northrup King, Gro-Agri, Oro, Seed Tec, Cargill, Jacques, Garst, NCT, Warner, Frontier, Golden Harvest and Stauffer.

There are three different types of tests planted in the same field. These tests include:

- (1) 30 White corn hybrids; (2)

28 White cob yellow corn hybrids and (3) 30 Yellow feed corn hybrids.

Seed company personnel will be on hand at the field day to discuss the corn hybrids which have been planted for their company. This field day is a real opportunity for area corn producers to come and see many different hybrids. The corn hybrids have been labeled with signs and you are welcome to stop by the field tests anytime.

Yield data and other corn information will be collected and published in the county result demonstration handbooks in Bailey and Parmer Counties.

EXPERIMENT STATION FIELD DAY

The 79th Annual Field Day of the Texas Agricultural Experiment Station in Lubbock will be held on Tuesday, September 13. Tours will begin at 11 a. m. and conclude at 3 p. m.

Five major information talk stops have been planned for this annual event. These featured reports and demonstrations will be on types of cotton developed for high fiber quality, sorghum breeding, oilseed improvements, results of studies on the Russian Wheat Aphid, findings of the farming system research program, weed control, effects of land in the Conservation Reserve Program, and a stop at the grape vineyard.

The field day is free and open to the public, and all area farmers and agri-business personnel are welcome.

Bivins Names Lewis As Chairman

Charles G. Lewis, DDS, has been named Bailey County chairman for the Bivins for Senate campaign. Lewis joins a network of people across the Panhandle and South Plains who are working to elect Teel Bivins as the state senator from the 31st district.

Lewis, 54, has been involved in numerous professional and community activities: In 1980, he was President of the Texas Dental Association; and from 1976-1984, on the Council on Dental Care Programs of the American Dental Association; currently serving as president and chairman of Direct Reimbursement Services, Inc.; and an assistant professor at the Baylor University College of Dentistry.

Lewis has also been involved with the Muleshoe Chamber of Commerce and has been a board member of the Muleshoe Independent School District. Lewis is married and has three children.

Bivins said he was pleased that Lewis has joined the "Bivins for Senate" team.

"Charles is a family man, a community leader and will be quite an asset for our campaign," Bivins said.

Bailey County is just one of 29 counties which make up the 31st senatorial district. Bivins has traveled to each of the counties several times, visiting with citizens, and listening to their concerns.

"The people of this area are saying they don't want a state income tax, they're tired of wasteful state spending, and they want a criminal justice system that works," Bivins said.

"I'm a conservative and a businessman. If elected, I will go down to Austin and work to cut spending, and to make state government more responsive to the needs of the folks up here."

Bivins is a cattleman from Amarillo.

Sammie Moore Services Scheduled Tuesday

Funeral services for Sammie Moore, 88, will be conducted at 2 p.m. Tuesday, Sept. 6 in the First Baptist Church with the Rev. Barry Bradley, pastor, officiating.

Interment will be in Bailey County Memorial Park under the direction of Ellis Funeral Home. Mrs. Moore died at 8:10 a.m. Friday in the Muleshoe Nursing Home.

A native of Hollis, Okla., she was born on June 10, 1900, and moved to Muleshoe in 1924, from Hollis, Okla. She was a housewife, a member of the Muleshoe First Baptist Church, Rebekah Lodge and the Muleshoe Friendship Club. Her husband, Nudie Cash Moore died in 1983. They were married on October 31, 1919, in Hollis, Okla.

Survivors include two sons,

Don D. Moore of Lubbock, and Wilc. Moore of Muleshoe; a daughter, Mrs. Frances Glass of El Paso; four sisters, Mrs. Nina Burris and Mrs. Jessica Lee, both of Dallas, and Mrs. Ruby Dell Byrd of Shreveport, LA, and Cloma Southgate of Tulsa, OK; seven grandchildren; and nine great grandchildren.

"There's nothing wrong with my hearing!"

Heard that one before?

You probably have. First of all, it takes people a long time to realize they have a hearing problem. It happens gradually. Then they think they can compensate for it. You know the signs...the loud television, the cupped ear and, oh yes, the unending "What'd you say?"

It's difficult to live with a hearing loss. Whether it's yours or a loved one's. You don't have to. Most hearing losses can be helped.

Make an appointment now for a free Beltone hearing test for someone you love. You'll all be better for it.

Stevenson Infant Graveside Services

Held Tuesday

Graveside services for Steve Snyder Stevenson, infant son of Mr. and Mrs. Joe Bob Stevenson were conducted at 11 a.m. Thursday, Sept. 1 in Bailey County Memorial Park with the Rev. Richard Edwards, pastor of the First United Methodist Church, officiating.

Gearldine McBee

Funeral Services

Held At Morton

Funeral services for Geraldine McBee, 78, of Morton were held at 1 p.m. Saturday, Sept. 3 in the East Side Church of Christ in Morton with Keith Cartwright, minister, officiating.

Burial was in Resthaven Memorial Park in Lubbock under the direction of Ellis Funeral Home of Morton. Mrs. McBee died at 1 p.m. Thursday in the Methodist Hospital at Lubbock.

Born July 19, 1910, in Oklahoma, she moved to Morton in 1940, from Lubbock. She was a homemaker and a member of the East Side Church of Christ. Her husband, A.M. McBee died in 1974.

Survivors include a son, Darwin McBee of Morton; two daughters, Leatrice Spell of Chattanooga, Tennessee, and Doris Childers of Wolfforth; five grandchildren; and five great grandchildren.

The majestic serenity of the cross is a marvelous thing to behold. Nowhere throughout the pages of history do we find a symbol which has meant more to man than the cross. The early Christians carried it before them as they were driven to their deaths in the blood-stained Roman arenas. The Crusaders under its banner turned back the infidel enemy from the shores of Europe. During the cruel Nazi occupation of France, the Cross of Lorraine was the rallying point of all who fought against tyranny. The church, your church, is the bulwark behind which the freedom loving people of the world have always gathered and through their combined efforts and the guidance of Almighty God have marched triumphant against every enemy of mankind. The church needs you, but more importantly... you need your church.

The Sign of God

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.
