Bull Town **Bulletins** By **Bill Ellis**

IS THERE REALLY a gas shortage? Or is there really just a plot to keep vacationing Americans at home this summer and thus help to curb inflation? If this is the case, we don't think it will work.

Americans will find a way to go on their annual vacation trips if they have to crawl to the resort spots on hands and knees. Travel has been important to Americans for our entire 200 years, and we can put our trust in American ingenuity to find a way to make it all possible.

The United States became a great nation because our ancestors believed in growth and progress....scientific, industrial, technological, etc. If the government can keep hands off and not put the lid on this natural growth and progress, American ingenuity will find a way to overcome the problems of energy shortage, if, in truth, it actually exists. Within our borders, the United States has the following reserves of energy resources based on present rates of consumption: enough crude oil to last for 84 years, enough natural gas to last 400 years, enough coal to last for 600 years, enough oil shale to last 300 years, enough uranium to last 120 years and enough geothermal energy to last for 200 years. There are enough underground deposits of methane to supply the U.S. with gas for 500 to 1,000 years. According to geologist Paul Jones of Louisiana State University, it is necessary to separate the methane from the liquid in order for it to be used as natural gas. Jones says "we have the technology available to do this." Our greatest natural resource, human ingenuity, will never be "depleted." We predict that Americans will not stand by and accept the notion that we must content ourselves with a lower standard of living simply because the residents of certain Middle Eastern countries are unable to get along with each other. Less than half (40 per cent to be exact) of our country's oil was shipped to the U.S. before the Mid-East Crisis arose. There should be no need for our country to depend on foreign sources for this amount of oil if our energy production at home is quickly beefed up. This, in itself, should help to ease the burdens of inflation by creating more jobs.

Fillies Set Defense Of Their State Title

This Wednesday, five Bovina girls, representing the Flying Fillies track team, will start out on their journey in quest of defending their State Class A track championship.

The five girls, Sandi Sides, senior; Belinda Shelby, junior; Denise Read, junior; Fonda Griffin, sophomore; and Kathy Williams, sophomore; will be participating in four events at the State meet in Austin. It is the fourth state meet for Miss Sides.

Coach Joel Nelson is very optimistic about the team's chances in winning another state title. According to Nelson the Fillies could score a total of fifty points if they took first in every event, but he felt that 40 points or better will win the championship. Bovina won the state title in 1978 with 47 points.

Another point made by Coach Nelson was the fact that most of the qualifying times this year are slower than last year's times. The Fillies have the best time in the 800 meter relay this year, but it is much slower than last year's.

well. The team from Karnack is fielding three relay teams that represent a lot of points if they place. The Fillies will be entered in the 800 meter relay (Sides, Shelby, Read and Griffin), the 200 meter dash (Sides), the 1600 meter run (Williams), and the triple jump (Sides). Coach Nelson looks for the girls to do well in all their events and feels the Fillies may surprise some people.

It will be the fourth consecutive year for Bovina High School to have a real "contingent" entered in the state meet, capable of making a run for the state title. That in itself is quite an accomplishment.

City Sales Tax

The team will leave Wednesday and travel to Abilene where they will spend the night and work-out at Abilene Christian College on Thursday before leaving for Austin. After arriving in Austin on Thursday, the girls will have their last work-out. The team will be staying at the Chariot Inn in the northern part of the city.

We wish the team all the luck in the world and hope they can bring the State Championship back to Bovina. Win or lose--it has been a great year and we are proud of you. GOOD LUCK FILLIES!!!

Once again, the solution to the problem is simply to let nature take its course in the natural cycle of things, preferably without governmental intervention.

If private industry can cut down somewhat on the cost of producing gasohol, (or if the price of gas continues to increase), then this may be one of our ultimate solutions to our fuel supply.

And, as we have stated before, this would "kill two birds with one stone" as far as our immediate area is concerned, since extra agricultural products would be needed to furnish material for making this proposed

Board Holds Meeting Here

The Parmer County Community Action Center board met in a monthly meeting, Thursday evening at the Center. The meeting was conducted by Jerry Atchley, chairman.

Those present were Dorothy Harris, Raymond Euler, Frances Euler, Archie L. Tarter, Helen Mazunek, Jerry Atchley, Gloria Atchley and Pearl Cervantez.

The board discussed the possibility of a new location for the center, due to the lack of office space in their present location.

Pearl Cervantez, director for the center, stated that there would not be a program this year for the children, because of the lack of space. Raymond Euler of Friona was elected as area representative.

Born August 6, 1910 in Paris, Texas, she was married to Charles Jefferson on August 31, 1929 in Clovis, New Mexico. Mr. Jefferson preceded her in death in January of 1978.

Mrs. Jefferson had lived in Bovina for the past fifty years and was a member of the Church of Christ. Mrs. Jefferson died on Tuesday, April 24 at West Texas Hospital in Lubbock, Texas.

Survivors are two daughters, Mrs. William Gromowsky of Bovina and Mrs. Dick Green of Denver, Colorado; seven sisters, Mrs. Irene Wiley of Shallowater, Mrs. Lucille Livings of Temple, Mrs. Ruth Terry of Friona, Mrs. Katherine Arnold and Mrs. Margaret Dillard, both of Lubbock, Mrs. Erma Rury and Mrs. Peggy Downing, both of Clovis, N.M.; two brothers, W.I. Robards of Clovis, N.M., and Charles W. Robards of Lubbock.

Four grandchildren and two greatgrandchildren also survive.

Pallbearers were Herman Estes. Buck Lloyd, Thomas Rhodes, Billy Marshall, Billy Lynn Marshall and Lloyd Killough.

Coach Nelson figured that most of the competition would come from the team from Sunray, the Region 1A champs. Last year's state runner-up team, Spring Hill, has a lot of entries, but they are not expected to do that

Rainfall Tops 2" In Bovina

This past week has been a wet one for the area. We have received, according to Greg Hromas, official weather recorder, a total of 2.05 inches of moisture since Tuesday, April 24.

A total of 1.2 inches fell on Tuesday, and since Saturday, Bovina has received an additional .85 inches.

Many farmers don't know whether to cuss or praise all this moisture, since they are trying to get their corn and cotton planted. But almost any rain is welcomed since it may cut down on irrigation expenses.

A lot of corn is already coming up and everything is looking green. Quite a bit of the wheat has begun to head out and it won't be long until it is ready to harvest.

The forecast is for clearing weather conditions on Wednesday, so maybe the farmers can finish their planting before it rains again.

State Comptroller Bob Bullock Friday said local one per cent sales tax rebates to Texas cities for April were up over the same month last year.

Bullock said city allocations statewide for April totaled \$34.9 million, compared to \$20.1 million during April of 1978.

The 1979 payments to date to cities reached \$135.2 million this month. compared to \$121.6 million over the same 4-month period last year.

Houston will receive \$7.6 million in rebates this month, compared to a \$4.6 million monthly payment last year.

Rebate Is Higher

Dallas will get a check for \$4.9 million, up from \$2.6 million in April of 1978.

Fort Worth will receive \$1.4 million, compared to an \$852,000 payment during April of last year.

The sales tax is collected by merchants and other tax permit holders along with the state sales tax and is rebated monthly to some 916 Texas cities in which it is collected by the Comptroller's Office.

The City of Bovina received \$1,313 for the allocation period, and the City of Friona was rebated \$4,744.

Minimum Letter Size Is Slated

"Use up your small and undersized envelopes and cards before July 15," Postmaster Gene Ezell reminds customers. That is the date when the Postal Service's new size standards become effective.

The Bovina postmaster said that after July 15, envelopes and cards measuring less than 3¹/₂ inches high or 5 inches long will be returned to the sender if mailed.

Postmaster Ezell said that because the envelope and greeting card industries have had more than three years to prepare for the new standards, few retailers should still be selling undersized pieces.

"Many customers, however, are likely to still have smaller envelopes and cards in their supply of stationery," he said.

The regulations also prohibit flimsy cards. In the future they must be at least seven-thousandths (.007) of an inch thick. An official postal card, for instance, has a thickness of nine thousandths of an inch.

Undersized pieces and flimsy cards are being banned because they can become trapped in other mail, tear and jam mail processing machinery. As a result, the letters of others can also be damaged.

The standards also affect oversized and odd-shaped pieces of mail, Ezell said. For first-class mail weighing one ounce or less, there will be a surcharge of 7 cents for pieces more than 6-1/8th inches high or 111/2 inches long.

For more information, the postmaster suggests customers check with a post office clerk.

Jerry Ware of Bovina and a friend, Irene Crawford of Amarillo have just returned home from a trip to Guam where they spent ten days of sightseeing and visiting with friends, Mr. and Mrs. Gene Bruce. Their friends showed them around the island and they toured the University.

One day they flew to Truck Island and spent a day there boat riding and swimming in the ocean.

Later they flew to Honolulu where they took in several shows, enjoyed dinners, one of which was in a revolving restaurant. They were also entertained by the luau.

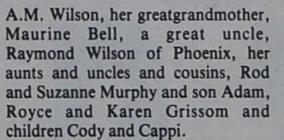

They left April 2 and returned home April 24.

Virgie and Pierceson Adams flew to Phoenix, Arizona and visited their son, daughter-in-law and grandsons, Terry, Sherrie and sons, Tim and Greg.

Sunday they rented a plane and their son Terry who is a pilot flew them to Grand Canyon City to see all the tourist attractions in that area.

Monday they came back to Lubbock and had supper with Pierceson's sister and her husband, Mr. and Mrs. Quinten Hoar and spent the night with their daughter and family, Martha and George Jackson and daughter Heather and returned home Tuesday.

The Adams' son, Terry, is sales manager for Snap-On Tools in Phoenix, Arizona.

The group enjoyed birthday cake and homemade ice cream.

....

Pam Rhodes went to Wayland Baptist College last Thursday and came home Sunday. She visited classes, and met the professors and the president, Dr. Roy McClung. She will begin her freshman year as a student at Wayland in September.

. . . .

Raymond Wilson has been visiting in Bovina recently. He is A.M. Wilson's brother and lives in Phoenix, Arizona. He had dinner with the Wilsons Sunday and went with them to their granddaughter's birthday party Sunday afternoon.

. . . .

Seventy people attended Family Night at the Oklahoma Lane Methodist Church last Wednesday night where they enjoyed a covered dish dinner, and a program presented by Mrs. Gayle Langston of Lubbock who with her husband manage a chicken ranch in that area. Her topic for the evening was entitled "Hen House Parables."

Yellow daisies and yellow tablesetting on white tablecloths provided the scene for the meal. Gwen Corn was program chairman for the evening.

The Ezells said they had a wonderful time and the weather was beautiful all the time they were there. They left Bovina March 24 and returned home three weeks later.

By Scooter Russell

Hazel Bowers had dinner guests in her home Sunday: her nephew and family, Mr. and Mrs. Vance Elliott and son Erin of Oklahoma City, her niece and husband, Mr. and Mrs. Craig Coles of Lubbock, Jo Renli, Ruth Jensen, Mary Elliott and Mr. and Mrs. Gene Hopkins and son Justin and daughter Merin, also of Lubbock. Maxine and Euell Hart of Bovina were also guests in her home Sunday.

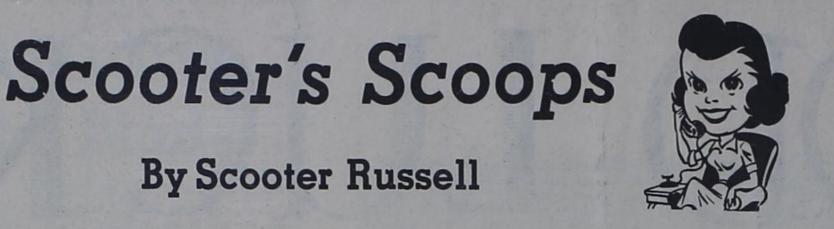

. . . .

Our friend and neighbor, Lorene Jefferson passed away last week and services were held at the Church of Christ in Bovina. Lorene had suffered from crippling arthritis and her courage and independence were an inspiration to everyone who knew her. We believe if she could speak to us now she would say that her evening of suffering has been followed by the brightness of God's morning.

We want to extend our heartfelt sympathies to her daughters, Kathryn of Bovina and Sondra of Wheatridge, Colorado.

. . . .

Doris and Alvin Glasscock went to Sapata last November 13 and stayed until December and returned to that area February 21 and came home April 1. During the time the Glasscocks were away they visited with the D.R. Bushnells, former Bovinians in Johnson City, Mrs. T.F. Collier at Weslaco and with the John Sikes family in Hico. They also visited with their son Ronnie and his family in Lubbock. Doris said Alvin spends time fishing and she enjoys crafts. They have a trailer at Ute and spendalot of

time there. She said this past week the fishing was good. Alvin caught lots of crappie and pike.

Wednesday, April 4, a party was held in the home of Joe, Denise and D'Anne Jones, in honor of Carol Steele from Denver, Colorado. Carol is D'Anne's Godmother.

Those attending the party were Joe, Denise and D'Anne Jones, Carol Steele, Gary (D'Anne's Godfather) and Jeanne Kelley from Clovis, New Mexico, Bruce and Darlene Caldwell, Ronnie and Nancy Sudderth, Kay Venable, Steve Sherrill, Trish Ginguich, Ken and Gay Horn, Larry and Donna Mitchell, Rick Meason, Bob Sparks, James Ritchie, Billy Scott Sudderth and Gregg Hromas.

Carol visited in the Jones home for three weeks. The family enjoyed her visit and are looking forward to seeing her again soon.

At the turn of the century, a smalltown schoolteacher paid the local livery stable owner to drive him to the city in a horse and buggy.

The trip was without incident until they came to the first real hill, where the horse stopped and wouldn't budge until the driver got out and walked by the buggy all the way to the top. At the next hill, driver and teacher had to get out. Then came the biggest hill of all. Not only did both men have to get out, they had to unharness the horse and pull the buggy to the top themselves.

YH Luncheon **Fetes Mothers**

The Young Homemakers organization honored their mothers and mother-in-laws with a salad luncheon this past Saturday at the First Baptist Church.

This was their third annual luncheon given in appreciation of their mothers and mother-in-laws. The seventeen Young Homemakers served a buffet of salads to 25 guests.

A theme of spring flowers decorated the green and yellow gingham tables.

Brenda Wilson and Debra Beauchamp accompanied by Cindy Bradburn at the piano, entertained the group with two songs, "Mother" and "Tomorrow."

Pauline Caldwell won the prize for thinking up the most words taken from the word motherhood. Door prizes were given to Mary Jane Wilson, Dorothy Sorley, Joyce Dyer, and Barbara Willis.

Each mother received a wooden

Happy Cooking

1/8 tsp. salt

1 tsp. baking soda

1 tsp. butter

1 tsp. vanilla

3 tsp. butter

1 tsp. vanilla

2 tsp baking soda

1 tsp. salt

In a 1 1/2 quart casserole, stir together the sugar, syrup, raw peanuts, and salt, mixing well. Microwave at High for 6-9 minutes until light brown. Add butter and vanilla and stir well. Microwave at High 1-2 minutes more. Peanuts will be light brown and syrup will be very hot. Add baking soda and gently stir until light and foamy. Pour onto lightly buttered cookie sheet. Let cool 1/2-I hour. When cool, break into small pieces.

NEVER FAIL PEANUT BRITTLE STOVE-TOP STYLE

3 C. white sugar 1 C. white corn syrup 1/2 C. water 3 C. raw peanuts

Boil sugar, syrup, and water until thread spins. Then add peanuts and, stirring constantly, cook until the mixture turns a brownish gold. Remove from heat, add butter, salt, vanilla, and soda. Quickly pour onto buttered cookie sheet. Let cool and break into servingsized pieces. Sprinkle with salt when cool.

lst Grade Tours P.O. In Amarillo

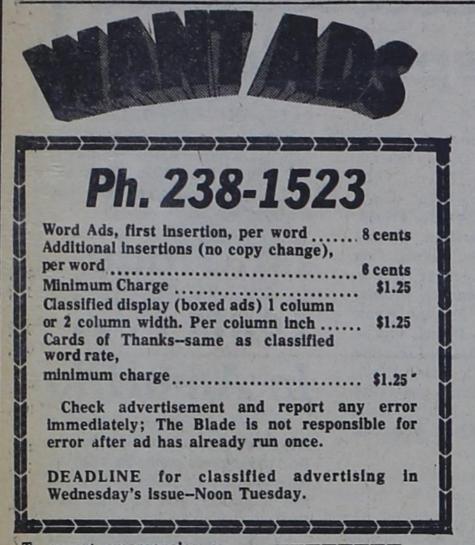

The first grade class of Ridgelea Elementary School recently went on a field trip to the Amarillo Post Office. After touring the facility, the group had a picnic lunch at Thompson Park.

Parents that accompanied the group were Mrs. Hector Marques and Mrs. Bill Cullins. The teachers that sponsored the trip were Nancy Pollan, Carol Scott and aide Elsa Galvan. Charlie Teague drove the bus for the group.

The whole elementary school attended the Junior Class Play during their matinee performance Friday, April 27.

Cattle Statistics Are Announced By SPS

Sam Thomas, manager of agricultural development for Southwestern Public Service Company in Amarillo, has announced that 4,974,530 fat cattle were produced in 1978 in the 45,000 square mile area served by SPS. This is an increase of 600,680 or 13.7 per cent over the previous year and is the largest number ever produced in a 12month period.

AAM Urges Passage Of Farm-Help Bills

"Time is running out for the farmers and ranchers of Texas to accomplish anything in the Texas Legislature this year," said Gerald McCathern, a spokesman for the American Agriculture Movement. "Since the Legislature only meets every two years--it is critical that anything in the way of legislation for farmers and ranchers be done during the next two weeks since the session ends in May. Bills must be scheduled at this time in order to be voted on this session," continued McCathern.

Some issues pending in the legislature in various committees include: (1) Bills to allow the manufacture of alcohol from raw agriculture products for the purpose of making gasahol; (2) Family Farm Security Act which allows young people of Texas to get a foothold in farming, through state guaranteed loans for the purpose of purchasing agriculture land; (3) a bill to deal with non-resident aliens purchasing farm and ranch land in Texas; (4) Interstate Grain Marketing Compact-a bill which would create a commission made up of members from grain producing states for the express purpose of determining why farmers of Texas and the United States must sell grain continuously at prices that are below the cost of production while farmers in other countries receive two to three times as much for the grain they sell.

"We in this area are very fortunate in having as our representative the Speaker of the House, Billy Clayton," McCathern continued. "We can be most effective in the Texas Legislature by making known to our representative the importance of these various issues to agriculture as a whole and our district in particular. Please exercise your constitutional right and call Representative Clayton and urge his support of these agriculture bills. Speaker Clayton will surely welcome your calls to discuss the various issues. Call 512-475-3400 or send a telegram," the agriculture spokesman said.

Census To Be Taken • **On Crops, Livestock**

During late May and June, many Texas farmers and ranchers will receive a crop or livestock questionnaire from the Texas Crop and Livestock Reporting Service or will be personally interviewed by the Service's field staff. The information gathered through the questionnaires and interviews provides the basis for

determining the acreage devoted to

the various crops and midyear

Texas' most important industry-agriculture. The estimates in these reports are tools to help farmers and ranchers work out their planting, breeding, feeding, storing, producing and marketing plans.

Farm organizations and legislatures use them in planning programs. The estimates are also used in estab-

Fillies Do Well In Qualifiers' Meet

Fourteen schools entered teams or individuals in the State Qualifiers Track Meet held here last Saturday. Although the weather started off with cloudy, windy conditions, afternoon brought sunny skies.

Times and performances during the meet were slower this year as a whole, but a few new records were posted during the meet.

The Filly entries did quite well and Coach Nelson was pleased with their efforts, as well as the meet itself.

Sandi Sides won the triple jump with a leap of $34-4\frac{1}{2}$; and Belinda Shelby was second at $34-1\frac{1}{4}$.

The Fillies' 800 meter relay team placed second to strong Canyon, running a 1:47 timing. Bovina's 400meter relay team was second to Lubbock Estacado, with a time of 50.8. Denise Read competed in the high jump and placed third with a best jump of 5-0. Miss Sides was third in the 200-meter dash at 25.7.

You'll get about 20 more miles from every tank of gas if you drive 55 mph instead of 70 mph on the highway. That's like getting a 6¢ discount on every gallon of gas! And it's just one of the easy ways you can save gasoline.

> Keep your car well-tuned and you'll save about 4¢ on every gallon of gas.
> Keep your tires properly inflated and you'll save 2¢ on every gallon.

• You can save as much as 3¢ a gallon by using radial tires.

Saving gas is just that simple – and with the rising energy costs we're facing today, it's never been more important. Think about it. If you use all these simple gas-saving techniques, it's like getting a 15¢ discount on every gallon of gas!
