

1970 General Election Balloting Tuesday

Parmer County voters join with those across the state Tuesday in the 1970 general election.

The election will be highlighted by races for one of the state's senate posts and the governorship. Also included on the ballot will be seven proposed amendments to the state's constitution.

A turnout of some 2000 voters is expected in Parmer County out of a possible total of

approximately 3500. Since this is an off presidential election year and because the ballot has no local races, the voters turnout is not expected to be as great as it would otherwise be.

A total of 3146 Parmer Countians turned out two years ago in the November General election. That was a presidential election year. Four years ago, in '66, the total vote was 1817 and this year's election can be compared to that one, political

observers in the county believe.

The Senatorial race has the Democratic nominee, Lloyd Bentsen, Jr., opposing the Republicans' George Bush. Both candidates are from Houston.

Bentsen won the Dem nomination away from the present holder of the Senate seat, Ralph Yarborough, in the May primary election.

Bush has been a Congressman from the Houston area. In the Governor's race,

Preston Smith of Lubbock, the Democratic incumbent, is seeking another term. His opponent is Paul Eggers of Wichita Falls. This is Eggers' second attempt to win election to the governor's chair.

In the race for lieutenant governor are Byron Fullerton of Austin, the GOP candidate, and the Demos' Ben Barnes, the present holder of the office. As usual, Parmer Countians

will vote in eight different voting precincts in the county.

These precincts and their election chairmen are Black, Bill Carthel; Friona, J. L. Witten; Bovina, J.E. Sherrill; Farwell, Albert Smith; Lazbuddie, C. C. Matthews, Jr.; Oklahoma Lane, Clyde Perkins; Rhea, Melvin Sachs; and Lakeview, Otho Whitefield.

Polls will be open from 8 a.m. until 7 p.m. Following are brief descriptions of the proposed amendments:

No. 1---Relates to removal, retirement or censure of justices, judges and justices of the peace under prescribed circumstances.

No. 2---Would authorize the legislature to enact a mixed beverage law regulating the sale of mixed alcoholic beverages on a local option basis.

No. 3---Would authorize the legislature to provide by law for the establishment of a uniform method of assessment of agricultural land based on the capability of the land to produce agricultural crops.

No. 4---Would reconstitute the State Building Commission as a three-member appointed commission.

No. 5---Would authorize any county to issue road bonds in an amount not to exceed one-fourth of the assessed valuation of the real property in the county with

a majority vote of the resident property taxpayers in the county.

No. 6---Would increase the value of the homestead exempt from forced sale from \$5,000 to \$10,000.

No. 7---Would authorize the legislature to provide for consolidating offices and functions of government and for performance of governmental functions by contract between political subdivisions in any county.

Parade Friday Afternoon --

WHITTLIN'

By DOLPH MOTEN

"Lack of voter interest" has been a complaint of both sides of the political fence during the current campaign, which is heading for a showdown Tuesday, November 3.

Both Democrats and Republicans, in recent weeks, have indicated there is a noticeable amount of apathy by voting citizens of Texas.

This is too bad, considering what is at stake, Texans will elect a senator and a governor, not to mention a lieutenant governor.

Seems like a heckuva poor time to be apathetic. But that's the case. There just hasn't been much interest up until this week, at least.

The political races are possibly even more important than usual to people in this area.

First, let's take the race for the governorship. In Preston Smith, the Democratic incumbent, we have a man from our section of the country --- Lubbock. Preston is a veteran state politician and is doing an outstanding job as governor ... for the entire state. With the population in Texas located as it is, it's a rarity to have a man from our section in the governor's chair.

We need to keep him there, we think. His record is as clean as a hound's tooth in spite of the fact that he's been in office for a pair of decades. His opponent can't really find anything to criticize Smith about.

Preston Smith should not only be returned to office for another term, but should be given an overwhelming vote of confidence as well.

The senatorial election is always an important one and it's even more so this year, as we see it, because the possibility exists that after the election, the Democratic State of Texas could have not one, but two, Republican senators.

The fact that thought in with the fact that here in the 18th Congressional District we have a Republican representative in Bob Price, who is slipping into another term without an opponent this year, and that makes for more Republican office holders than any Democratic area needs.

If we elect a second GOP senator from Texas, sold out to the Republicans we are.

It's no secret that Lloyd Bentsen wasn't our choice in the Demo primary and some of this aforementioned voter apathy might have allowed him to get the nomination away from the present senator, Ralph Yarborough, a veteran Texas politico and a good one.

Nonetheless, we feel we're in the same boat with Bentsen now and think we need to send him to Washington to represent this state.

George Bush is all right, but it's our opinion that Texas doesn't need another GOP senator. Already we have one and that should be enough for most any state, much less Texas.

Leaders in the national Republican party have made recent trips to the state to campaign for the GOP nominees. The publicity has, no doubt, aided in creating more interest in the election. How much good they've done for their candidates will never be known, of course, and there's always the possibility that they've stirred up the Demos, thereby hurting their candidates more than helping them.

Democrats far outnumber Republicans under normal circumstances in Texas. Thus, for a Republican to win a state-wide race there has to be a lot of interest among the Demos or many of them forsaking their party to vote "for the man."

While they are fewer in number, the GOPers are a heap

(Continued on Page 2)

Homecoming Activities This Week

Bovina High School's Homecoming 1970 will kick-off tonight (Wednesday) at 9 with a bonfire at the caliche pit southwest of town. Following will be a pep rally at 3:15 p.m., Thursday and the parade at 1:30 p.m. Friday.

Highlight of the festivities will be the crowning of the homecoming royalty Friday night at halftime of the Bovina-Sudan football game. A special halftime show will be presented by the Mustang Band.

Theme of the parade is "Countries of the World." Seniors' float will depict U.S.A.; juniors, Switzerland; sophomores, Brazil; freshman, Japan; 8th grade, Holland; and 7th, Greece. Prizes will be awarded for the best floats with first place receiving \$15, second place, \$10 and third, \$5.

Queen candidates are Meloney Marshall, Holly Davis, Brenda Newbrough and Debra Sorley.

Meloney is a senior and the daughter of Mr. and Mrs. Billy Marshall. Holly is a senior is the daughter of Mr. and Mrs. Brooks Davis. Brenda is also a senior and the daughter of

Mr. and Mrs. Tom Hartwell. Debra is a sophomore and the

daughter of Mr. and Mrs. Grady Sorley.

Television Give Away Set Friday

A 19-inch black and white Motorola portable T.V. with stand, will be given away during half-time of the homecoming game between Sudan and the Mustangs Friday night.

There will be five drawings for second place prizes of two 8-inch tapes each. Also five names will be drawn for third place prizes of two cassette tapes each.

Tickets can be obtained from any member of the senior class for \$1 donation.

Football Hero candidates are Bobby McMeans, Randy Chisom, Royce Sisk and Mike Beauchamp.

Mike, a senior, is the son of Mr. and Mrs. Tom Beauchamp. Royce is also a senior and the son of Mr. and Mrs. Cecil Sisk. Bobby, a junior, is the son of Mr. and Mrs. Bob McMeans. Randy is a junior and the son of Mr. and Mrs. Eddie Chisom.

The queen candidates are selected by the Letterman's Club and the hero candidates by the Pep Club.

The 1969 queen was Suzanne Wilson, daughter of Mr. and Mrs. A. M. Wilson. She is presently enrolled at West Texas State University.

The 1969 hero was Stuart McMeans, son of Mr. and Mrs. Bob McMeans. Stuart is a freshman at Texas Tech.

13 Per Cent --

City Council Okays Pioneer's Rate Hike

Bovina's city council has joined with other city governments in the area in granting a 13 per cent rate increase to Pioneer Natural Gas Co.

The action came following a recommendation to governing bodies in the West Texas area after a settlement was reached last Friday between the West Texas Municipal Utilities Committee and K. B. Watson, executive vice president of Pioneer Natural Gas Company.

The increase will be effective on billings date after November 15, 1970.

The action also includes a provision for a raw gas rate adjustment to Pioneer based on the cost of gas during the calendar year, to be made in April of each year. This has averaged

.3 of one cent per year during the past 10 years.

The average increase for gas to the individual citizen will amount to roughly 92 cents per month, it was revealed.

The minimum rate, per meter, under the new rate, will be \$2.10, up from the previous minimum of \$1.85 for the first 2,000 cubic feet of gas. The next 8,000 cubic feet of gas will be billed at 76.2 cents per thousand cubic feet. After 10,000 cubic feet, the next 40,000 cubic feet will be billed at 68.8 cents per thousand cubic feet.

Pioneer had originally asked for a 16.2 per cent increase, which would have amounted to an average of \$1.15 per month increase.

The WT Municipal Utilities

Committee has been negotiating with Pioneer for the past few months, and last Friday came to an agreement which was suitable to both parties. During the negotiation, the gas company furnished facts which showed that the company's rate base structure increased by 3.2 million dollars, and if this had been included in their original request, it would have amounted to an 18.2 per cent increase rather than 16.2.

The increase is the first granted to Pioneer Gas since December of 1967, and members of the utilities committee felt that the average of slightly over four per cent per year increase was not excessive in light of the increased costs that are being experienced in other lines of business.

Rush Looney Wins --

Ten Name Nine In Football Contest

Rush Looney picked up top prize money this week in Bovina Business Football Contest by naming nine winners. He was 13 points off on the tie-breaker score.

Lillian Rogers also named

nine to come in second and claim \$3 prize money. She was 16 away from the actual score. Trinidad Gomez Jr. of Hereford came in third by naming nine winners but was 18 away on the tie-breaker.

Besides the three winners, seven others also had nine correct, they were Barty Bartlett, Al Kerby, Arty Kunselman, Donna Criswell, Glenden Sudderth, Buford Stanberry and A. L. Berry.

There were 170 entries last week. Besides the 10 who picked nine, 51 picked 8; 55, seven; 41, six; eight, five; four, four; one, three.

Donna Criswell is all alone in the lead this week having a total of 56 points out of a possible 70. Bob Fillpot has the second place spot all to himself with 55 points.

Five people are tied for third. They are LaQueta Garner, Andy Hurst, Erith Hawkins, Rush Looney and Paula Whitecotton with 54 points each.

The contest passed the halfway mark last week, but contestants are reminded there are six weeks left to play. Many times, the grand prize winner has not been determined until the final week. There are 46 persons having 50 or better in the total score.

Winner of the contest receives a trip for two to the Cotton Bowl Game in Dallas including two tickets to the game, room reservations and \$55 traveling and food expenses.

Winners in previous years have been Neil Smith, Erith

Hawkins, Emmet Tabor, Paul Jones, Jeanne Kerby, Allen Cumpston, Truck Lusk, Leroy Lance, Bill Roberts and Larry Wardlaw.

Hromas Boy Dies Monday In Levelland

Funeral services were conducted Tuesday afternoon at Levelland for Larry Keith Hromas, 18, son of Mr. and Mrs. J. W. Hromas of Levelland and formerly of Bovina.

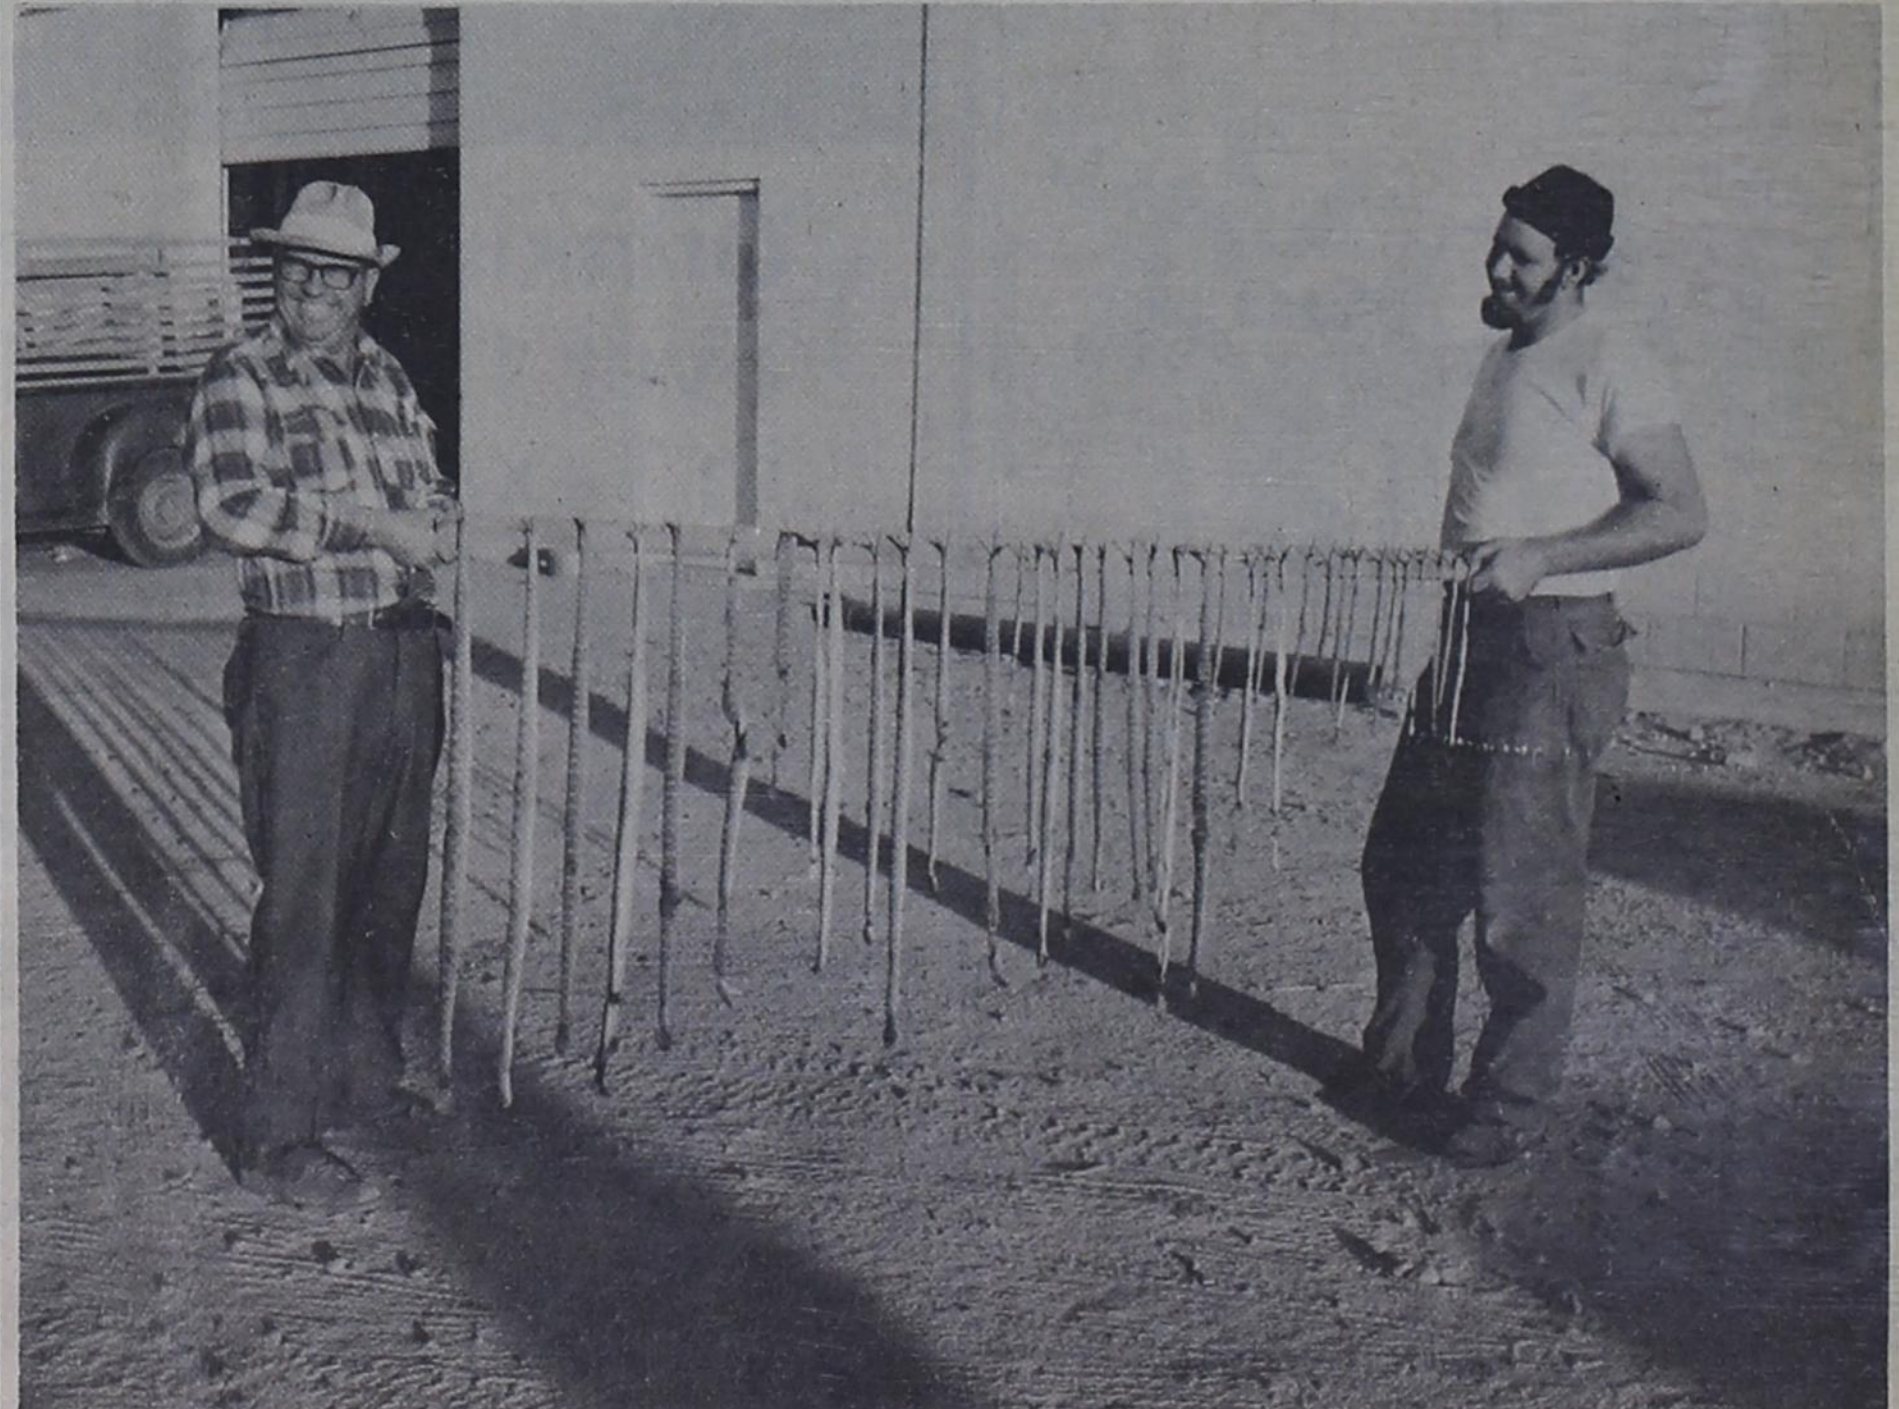

He was the grandson of Joe Hromas of Bovina.

At the time of his death, Larry Keith was a freshman student at South Plains College in Levelland.

Services were conducted at the Levelland First Baptist Church with Bill Hughes, director of the College Bible Chair, officiating. Burial was in Levelland Cemetery.

Hromas was found dead early Monday in a car parked in the garage of his home. His death was ruled a result of "self-inflicted carbon monoxide poisoning."

He had worked during the summer in Bovina as a carpenter with his father. They were engaged in constructing new houses here through Sherrill Lumber Co.

RATTLESNAKES A'PLENTY --- John P. A. and Aaron Drager display 37 rattlers they killed Sunday afternoon and Monday on their place nine miles northwest of Bovina on the Friona Draw.

The snakes range in length from eight to 43 inches. The 43-inch at left has 10 rattlers. The snakes were killed with shovels.

Reflections From The Blade

October 26, 1960

Virgil Tritsch was named new Bovina city secretary in action of city commission last week.

Hoodlums broke into Bovina School over weekend. Money totaling \$6 was stolen from Grade School Principal Grace Paul's office and damage was done to doors in the building.

Featuring an impressive passing attack, Happy's Cowboys upset Bovina's Mustangs, 20-12, there Friday night in second district 2-B contest for both teams.

Hylton Moore captured \$5 first place award in the Bovina Business Cotton Bowl Football Contest, as he and Glenn Hromas, second place winner, each picked nine of 10 winners missing only the tie game between TCU and Pittsburg.

Bovina Volunteer Firemen will entertain their wives with a supper Monday night.

An organizational meeting for a chamber of commerce for Bovina will be Thursday at 8 p.m. in American Legion Hall. Several Bovina Church of Christ women went to Portales Thursday to work at the Christian Orphanage. This is a monthly project of the Church of Christ Women.

Mrs. Bedford Caldwell conducted the second study on "Home Missions," "Heritage and Horizons," for the Wesleyan Guild Monday evening at Methodist Church.

The Starlighters Duet, composed of Charlotte Hromas and Kay Louney, under the direction of Mrs. John Wilson, performed at a political rally at Lovington, N.M., Saturday afternoon.

Mrs. John Sikes presided over meeting of Bovina Home Demonstration Club, Friday. The ladies met in the home of Mrs. Bob McMeans.

Mrs. Jimmy Ware entertained members of the Ladies Bridge Club in the home of Mrs. E. M. Ware Thursday afternoon.

Mr. and Mrs. Jimmy Clements and Mr. and Mrs. Leon Ware hosted Friendship Sunday School Class party Wednesday evening in the fellowship hall of Methodist Church.

Mrs. Charles Bush of Clovis presented the program at the Charity Circle Tea Tuesday afternoon at Methodist Church.

SIX YEARS AGO

October 28, 1964
Homecoming festivities get underway Friday afternoon with a parade at 1:30. Football game between Bovina Mustangs and Nazareth Swifts follows at 7:30 p.m., a football queen and king will be crowned at halftime of the game.

A new winner came to the front in last week's Bovina Business Cotton Bowl Football Contest, Darrell Read took the \$5 first prize.

Bovina FFA members brought back their share of ribbons from livestock show at State Fair of Texas last week in Dallas.

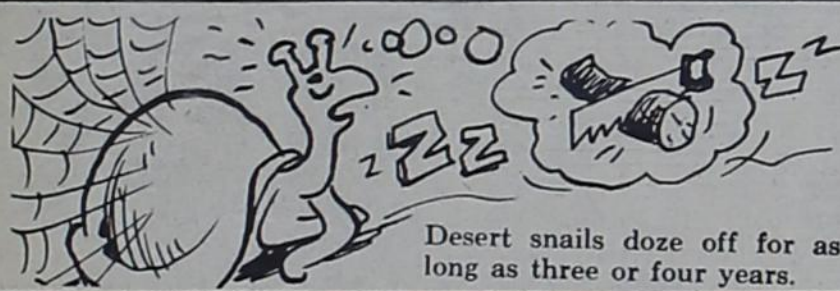

Sunday is the day set for annual turkey dinner sponsored by St. Ann's and St. Teresa's Aiter Societies of St. Ann's Catholic Church.

An election night party has been slated by Young Democrats of Parmer and Bailey Counties Tuesday, November 3. The session will be in the community room of Bailey County Electric Co-op in Muleshoe and will begin when the polls close at 7 p.m.

Yearbooks for Bovina Public Schools will be on sale until this weekend announces Mrs. Glenden Sudderth, annual sponsor.

Members of Bovina Volunteer Fire Department collected a total of \$116.16 for Muscular Dystrophy Association of America in a house-to-house canvass of Bovina Monday night.

C. U. Hall, music and education director of First Baptist Church, resigned Wednesday to accept a position as music director and assistant pastor of Bethel Baptist Church at Tyler.

Desert snails doze off for as long as three or four years.

First State Bank Presents -- COW POKES By Ace Reid

"Jake, now that you've got 'em broke, when does he go to eatin' outta your hands?"

First State Bank OF BOVINA MEMBER FDIC

Whittlin' --

(Continued from Page 1)
more dedicated when it comes to turning out at the polls. They'll certainly vote for their candidates and try to get you to. Their dedication is admirable, but the Democrats need to guard against it.

The Republicans can win, especially the Senate seat, if too many Democrats fail to express themselves at the polls. Smith is expected to win the governor's race, we understand. In the first place, he's the incumbent and in the second place, we doubt that the GOP has fielded as outstanding a candidate against him as they have against Bentsen for the Senate seat.

Be all that as it may, we encourage you to vote Tuesday, Nov. 3, Democratic!

We were lucky enough last week to bat our average in the football contest. That was seven out of the 10 for a .700 percentage which is a way yonder better than we usually do.

We'll try it this way this week:

Kress at FARWELL -- We think the Steers will win the district championship. At the same time, we'll admit we were highly impressed with the running ability of Kress' Jackson brothers. Farwell has a better all-around team, though.

LAZBUDDIE at Anton --- This could be the toughest game the Longhorns have had up to now, but don't be surprised if they go all the way to the Class B regional crown without a defeat.

VEGA at Happy -- We'd like to see this one go the other way, but feel the Cowboys are still a year or so away. The Longhorns probably haven't given up their hopes of the 3-A championship flag yet.

LOCKNEY at Dimmitt -- Seems as if this isn't Dimmitt's year.

NEBRASKA at Colorado --- The Cornhuskers have another good team.

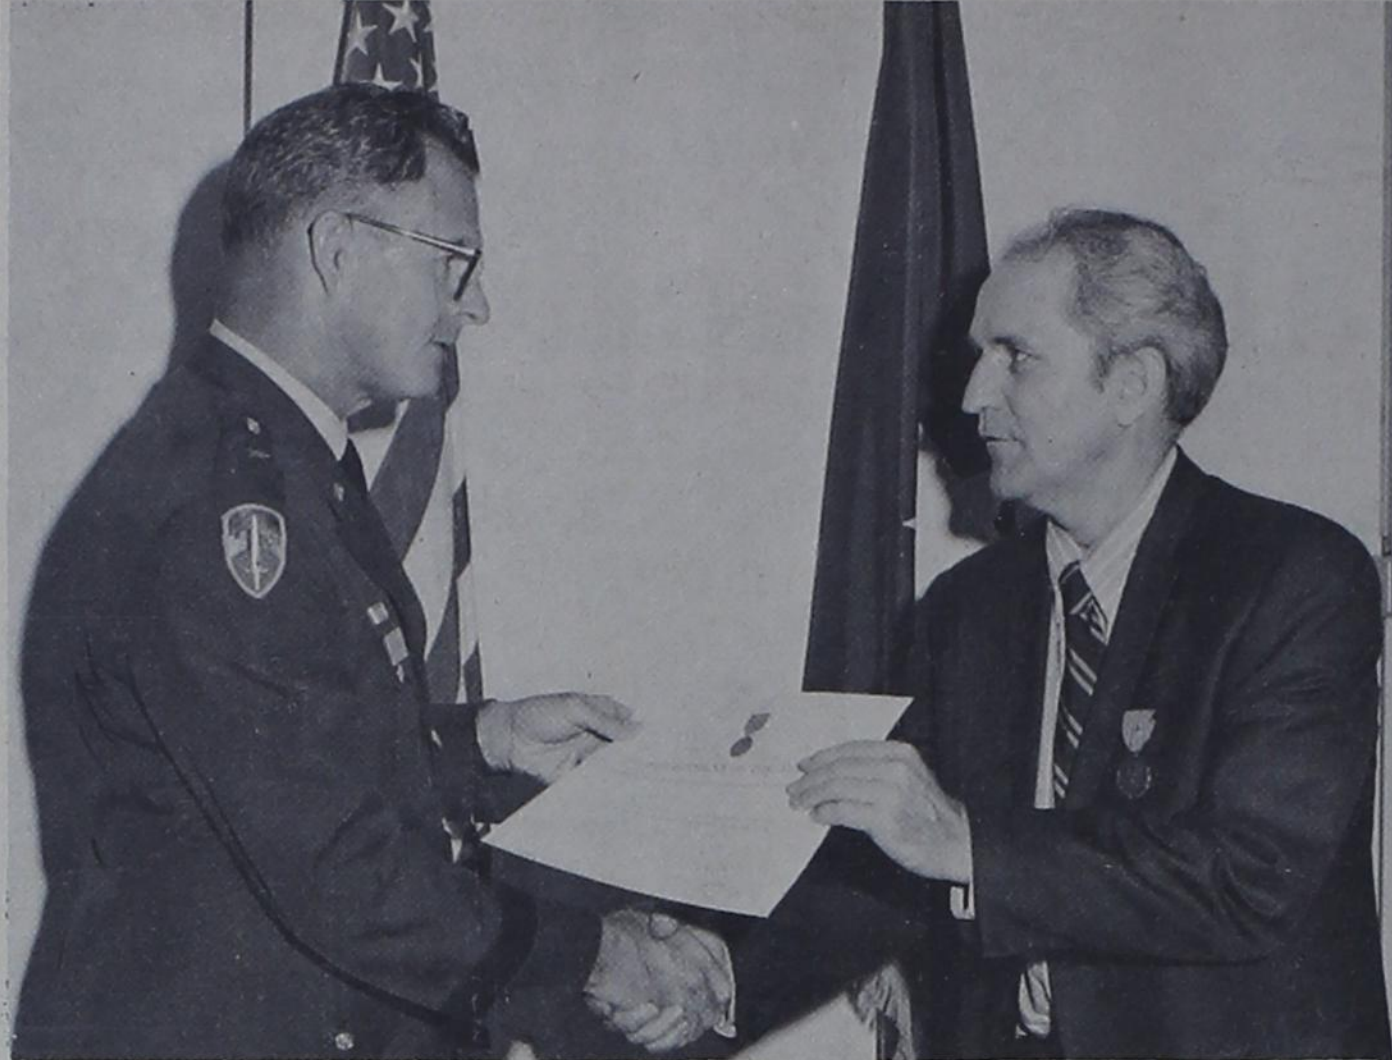

Southern Methodist at TEXAS --- Looks like it'll be up to the Aggies to knock off the Longhorns.

BAYLOR at Texas Christian -- The Bears finally got a SWC verdict and they liked it.

ARKANSAS at Texas A&M -- Stranger things have happened than an upset here.

TEXAS TECH at Rice --- The Red Raiders are thinking about a bowl invite.

WEST TEXAS at UT-Arlington --- This one could go the other way, too, but we like

FORMER RESIDENT RECEIVES HONOR --- The Meritorious Civilian Service Medal was awarded to Wayne W. Bates by Brigadier General John M. Morrison, Jr. at a ceremony in The Forrestal Building, Washington, D.C. last month. This is the top award presented to civilians by the Department of the Army. Bates is cited by the Assistant Chief of Staff for Communications-Electronics for his contributions in life cycle management of tactical communications. Bates is a 1940 graduate of Bovina High School. He is the son of B. B. Bates, who now resides in Kerrville.

Club Plans Play Day

A horsemanship play day is scheduled for Sunday afternoon at Bovina Roping Arena, announces Ronald Mitchell, a member of Bovina Roping Club, which is sponsor of the activity.

Horsemanship activities including barrel racing, pole bending, flag races and rescue races are scheduled. The contests are open to everyone and are scheduled to begin at 2 p.m. There is no entry fee.

Horsemanship activities were conducted at the arena during the summer months and proved to be highly successful.

Also Sunday afternoon at the arena, County Agent Mack Heald will be on hand to explain 4-H horsemanship activities. The program is open to youngsters from nine to 19, according to Mitchell, and those interested in such a program here are asked to be present.

Kerbel and Co. Did you see what their boy did Sunday for the Dallas Cowboys?

Letters To The Editor

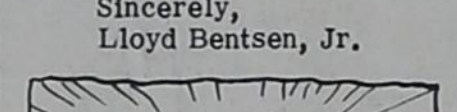

October 20, 1970

Mr. Dolph Moten
Bovina Blade
Bovina, Texas 79009

Dear Mr. Moten:
Thank you very much for your favorable comments in the October 7 "Whittlin'" column. I am grateful for your support and want you to know that I intend to do everything in my power to justify it.

With your help, I know we are going to score a great victory on November 3 -- for Texas!

Sincerely,
Lloyd Bentsen, Jr.

THE LARGEST KIDNEY STONE WEIGHED 14 POUNDS!

He's in step with today's Texas.

GEORGE BUSH

For United States Senator
He can do more.

This Message Sponsored By --
Bovina United Methodist Church | Bovina Church of Christ | First Baptist Church of Bovina

"Crime is clearly a major problem..."
Paul Eggers

"During the first half of 1969, a major crime was committed in Texas every 80 seconds. One in every 12 Texas families will become the victim of a serious crime in 1970... Crime is clearly a growing problem we must try to bring under control.

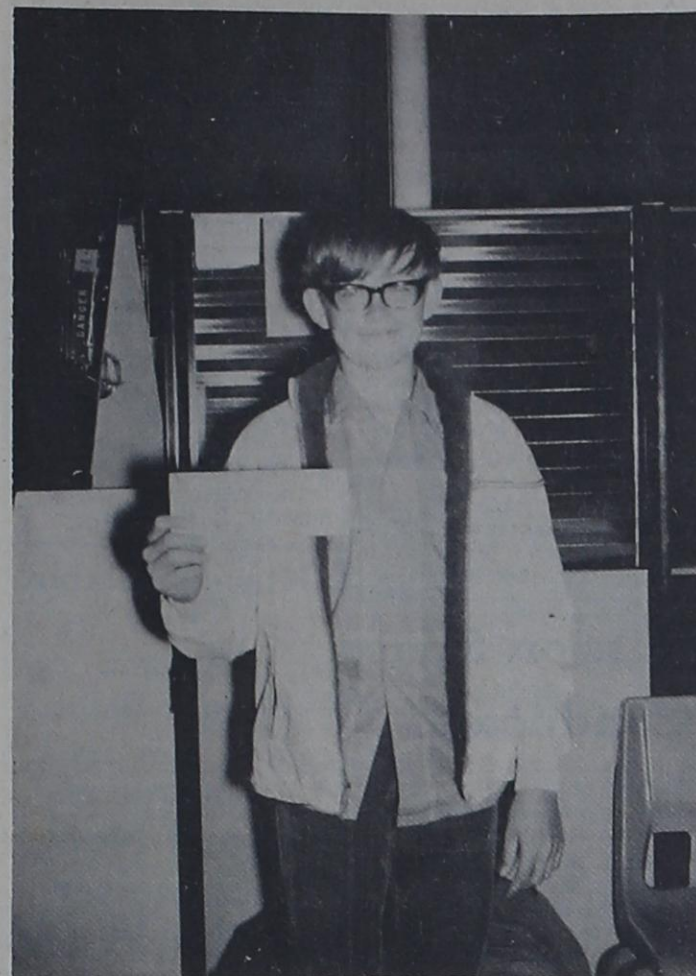

"It's discouraging to review the record of recent years in which some important law enforcement measures have been proposed but failed to pass. Mr. Smith hasn't attempted to change the oral confession restriction that goes beyond the U.S. Constitution in protecting accused lawbreakers. Texas is the only state with this provision.

"The rights and protection of law-abiding citizens must be protected along with the rights of the accused... I will support a strong, well-rounded law enforcement program."

Let's Elect Paul Eggers Governor of Texas --

Vote Tuesday, Nov. 3

By Young People --

CROP Drive Set Monday

Bovina young people will be knocking on doors Monday night, November 2, to collect funds for CROP, the community hunger appeal of Church World Service.

These volunteers are sponsored by the Bovina United Methodist Church and will be wearing CROP "help stop hunger" identification tags.

Collected funds will be given to CROP which sends food and supplies to hungry people in more than 30 countries through Church World Service. High protein foods are shipped to victims of war or disaster, primarily to nursing mothers and children.

CROP also provides supplies and equipment, as well as funds, to attack root causes of hunger. For example, special assistance is given to develop water resources, or to provide fertilizer or higher yielding seed. CROP also supports family planning clinics, according to Rev. Charles Gates, Methodist pastor.

Community Conversation

Mrs. J. D. Stevens and Mrs. Cecil Sisk visited with friends and relatives in Lamesa over the weekend.

Stella Purcell rode to Muleshoe with them and stayed there to visit with relatives.

Asteroids are small planets between Jupiter and Mars whose diameters range from a fraction of a mile to nearly 500 miles.

Historical Workshop Slated

The Parmer County Historical Survey Committee will meet in regular session on Thursday, at 7:30 p.m. in the Community Room of the Friona State Bank.

Visitors are welcome to attend and members are urged to be present to make final plans for the workshop to be held on Saturday from 1 to 5 p.m. in the District Court Room of the Parmer County Courthouse in Farwell. All persons interested in researching the school records of the common school districts of Parmer County are invited to attend this workshop.

Further information is available from Mrs. Ida Jesko, secretary, or Hugh Moseley, chairman.

MR. AND MRS. LARRY MEASON

Wedding Vows Read

Mrs. Pauline Wellborn announces the marriage of her granddaughter, Becky, to Larry Dean Meason, son of Mr. and Mrs. James Meason of Muleshoe.

The ceremony was performed October 2, in the home of Wilbur Charles, Justice of the Peace, at 2 p.m. Immediately following the

ceremony a reception was held in the home of Mrs. M. H. Meason of Hub.

The bride attended Bovina High School and the groom is a graduate of Muleshoe High School.

The couple now resides in Amarillo where Larry is employed by Sid Stout Ford.

Meeting Of 'Creative Expression' Study Club Program

Thirteen members were present at St. Ann's Society meeting, Monday at Parish Hall.

Final plans were made for the annual Turkey Dinner to be served Sunday at Parish Hall from 11 a.m. to 2 p.m.

It was decided to do the cleaning of the hall at 1:30 p.m. Thursday. Some of the food will be prepared on Saturday at 1:30 p.m.

Mass will be celebrated at 5 p.m. on Saturday, for those who wish to fulfill their Sunday obligation.

Mrs. Jerry Eakins, president, announced the forthcoming Amarillo Diocesan Council of Catholic Women Convention to be held in Pampa October 27 and 28. Two delegates volunteered to attend, Mrs. Gene Brito and Mrs. Eakins. They will accompany Mrs. Ben Rejino, who will be installed as D.C.C.W. historian.

Offering the bread and wine at Mass on November 15 will be Mrs. Gene Schacker and Mrs. Leon Schilling.

Next meeting will be November 16 at the home of Mrs. Bill Denney in Friona. Hostesses will be Mrs. Denney and Mrs. Rejino.

"Creative Expression," was the program at Bovina Woman's Study Club Thursday.

Mrs. Mac Glasscock, dressed as "Old Mother Goose," gave from memory several of Mrs. Goose's lesser-known rhymes, as the first part of her creative expression.

Mrs. Glasscock continued creative expression in the form of jokes, encouraging words, and truisms, and some poetry of her own.

She finished her "expressions" with piano numbers of

"This is All I Ask" and "Let The Sunshine In."

Mrs. Jesse Walling revealed that Mother Goose was a real person, was born in Boston in 1665 and lived to be 92. The nursery rhymes were composed for the entertainment of her grandchildren.

The hostesses, Mrs. Travis Dyer and Mrs. Charles Ross, served pumpkin pie and coffee.

Those attending were Meses. Rouel Barron, H. J. Charles, Jack Clayton, Travis Dyer, Mac Glasscock, Clarence Jones,

Ovid Lawlis, Lesley McCain, I. W. Quickel, Earl Richards, Charles Ross, Earl Stevenson, Billie Sudderth, Leon Ware, Jesse Walling, Earl Whitten, Charles Gates, Larry Heard, J. R. Caldwell, Reagan Looney and one guest, Mrs. Vassey.

Next meeting will be November 12 with the topic "The Outward Reach Through Books." Hostesses will be Mrs. Rouel Barron, Mrs. Dickie Clayton and Mrs. Glasscock.

Mission Study Conducted

"Tween Age Ambassadors", was the mission book studied recently by GA and RA's of First Baptist Church of Bovina. The book was about Baptist mission work among people in Hong Kong, Taiwan, Malaysia, Thailand and the Philippines.

The study room was decorated with five interest centers, one for each country. The centers consisted of pictures of the countries, objects, maps, flags, names of missionaries and pamphlets. Slides from each country were shown. Punch, fortune cookies and chow mein noodle candy was served from a table covered with an embroidered cloth from the Philippines.

There were 36 GA and RA's present. RA leaders present were Mr. and Mrs. Bryan Harris, GA leaders present were Mrs. Billy Smith, Mrs. Travis Dyer and Mrs. Ovid Lawlis.

"MOTHER GOOSE" --- Mrs. Mac Glasscock gave a portrayal of Mother Goose at Bovina Woman's Study Club meeting Thursday. "Creative Expression" was her topic and members listened intently as she gave several of Mother Goose's lesser-known nursery rhymes. (Photo courtesy of Mrs. Ovid Lawlis)

Shower Set

Paula Wheeler, bride-elect of Bill Minter, will be honored with a wedding shower Thursday, November 5, from 3 to 5 p.m.

It will be a come and go affair in the First State Bank's Community Room.

Okla. Lane Club Meets

Mrs. C. C. Christian of Farwell hosted the Oklahoma Lane Variety Club in her home Wednesday of last week.

Minutes were read and approved and plans were made for the Thanksgiving supper to be held in the home of Mrs. Bill Foster. Coat hangers were covered for the hostess and visiting made up the agenda for the afternoon.

Refreshments of chicken salad, cheesecake, coffee and tea were served to Meses. Sam Sides, J. R. Caldwell, Cora McGuire, Corda Batty, Frocia Lindop, Garner Briscoe, Thad Watkins, L. M. Grissom, G. A. Bandy, and Lola Jean Grissom.

Adult Class Meets

Miss Josie Alonzo is conducting an adult basic education class on Monday and Tuesday nights at Bovina High School.

Classes are held from 7:30 to 9:30 p.m. each night.

These classes are for any adult who did not go above the eighth grade in school and will qualify adults for the G.E.D. classes.

Band Parents Need Recipes For Cookbook

Bovina Mustang Band Parents organization is still in need of recipes for a cookbook to be compiled as a fund-raising project.

Mrs. Chuck Stallings, chairman of the cookbook committee, says several recipes have been received but many more are needed.

Favorite recipes may be given to Mrs. Stallings or Mrs. Leon Ware. The deadline has been extended to November 7. "Time is running out and we'll greatly appreciate the cooperation of everyone in this project," Mrs. Stallings says.

...bundle   for winter

CONVERT YOUR HOME TO COMFORT ELECTRIC HEATING NOW...AND WE'LL INSTALL STORM WINDOWS... Free!

■ Now is the time to bundle up your home for winter. Now is the time to install whole-house, comfort electric heating because, right now, with every qualifying electric home heating installation, we'll install free a complete set of storm windows for the heated portion of your home. All you need do is call Southwestern Public Service Company. Our electric heating specialist will gladly and professionally determine the exact heating requirements for your home.

■ Modern electric comfort heating is already being enjoyed by over 4 million American families! . . . almost 5,000 in our area alone. The reasons are many, but what most people like about clean electric heating is the *comfort* it gives. An even warmth from floor to ceiling creates a comfort unlike any other heating method. You owe it to yourself and your family to get the facts about electric heating! . . . and now is the time to do it.

■ Storm windows have proven their value in keeping out cold, wintry winds, holding down inner heat loss and contributing to lower heating costs. The storm windows now offered free with qualifying home electric heating installations, are 2-track, aluminum windows with screen, and custom made to fit your own windows. Storm windows do an excellent job of combating dust storms, too.

IS YOUR HOME ELIGIBLE?
This offer is available to residential customers of Southwestern Public Service Company, living in existing single-family homes and qualifying for the special residential electric heating rate. Should you already have storm windows or windows of such design or shape that they do not lend themselves to normal installation, do not despair — we have a special, most attractive plan for you, too.

Comfort Heating

Warm, Fresh Air

... direct from the manufacturer

Natural gas is the healthiest, most economical way to heat your house this winter. Gas is economical because it's the direct way to produce heat — you don't pay to convert heat to another energy source and then back to heat. And with gas you can afford to bring clean outside air into your home this winter instead of having to re-heat the same old stale air time after time.

So, if you're building or remodeling, be sure to specify gas heating. Gas is the "natural" fuel. It's like buying direct from the manufacturer. Call your heating contractor, plumber, or Pioneer Natural Gas.

PIONEER NATURAL GAS COMPANY

YOUTH'S MOST PRICELESS POSSESSION

There probably isn't a more dangerous place in the world than one's home. There a child can be given an understanding of himself, of others, and of his world, an understanding that strengthens him for a meaningful life. A child may also find the personal anxiety, frustration, and desperation that grip and destroy his life.

The home is the place of humanity's most personal fellowship and greatest unity. There is only one other unity comparable to that experienced in the home. That is the oneness of believers in Christ (Gal. 3:26-28). The early Christians were known to the world by the fact that they loved one another. Families should also be known for the love and harmony that flourish there (John 13:35). If deeper, more loving relationships between parents and children are to come about, something has to happen quickly in our world. For this to happen there are certain things that must take place in our homes:

First, we must cultivate an openness to moral and spiritual concern on the part of all family members. Hebrew families in the Old Testament were known for their stability. The son asked the father about the family's faith. The father had an answer for the child. Provision was made for such a concern to be expressed and satisfied (Deut. 6:4-7). Is this openness present in your home?

Next, provide a structured life of loving discipline for your children. Work toward letting every parental decision, especially decisions about discipline, be made not in anger, but in the view of your deepest commitments. The family that has no purpose, that has no commitment to spiritual and moral purposes, will rarely be free of tension between parent and children.

Also, parents desperately need a vital relationship with God. Faith in God gives the Christian parent a new power for a life of loving and serving others (Rom. 5:5; Gal. 5:22, 23; Eph. 3:14-21). Parents experience new depths of maturity when they confess that Jesus Christ died for them and that He provides daily growth in spiritual discipline for our own lives (Rom. 10:9,10). When parents, on the basis of personal faith and repentance, are united with Christ in baptism, a whole new world begins for that "new man" or "new woman" raised out of the water of baptism to "new life" -- the Christ-like life of love and service. (Rom. 6:3-6)

WHICH IS MORE IMPORTANT, THE MAN OR THE PARTY LABEL?

Lloyd Bentsen tells you to vote Democratic. Yet, he does not tell you why.
 He has been challenged to debate the issues with George Bush. And he refuses. He talks long and loud about what he is against, but never about what he is for.
 George Bush on the other hand is a can-do candidate. He has introduced and supported important new rural area economic improvement bills. He has fought against gun control legislation. He has supported welfare reform bills designed to get able people off welfare and back to work. He is against a guaranteed annual income. He is for more participation by the private sector and against increased government spending.
 George Bush's congressional record is a brilliant one. He is extremely popular with his constituents because he has shown them what he can do. George Bush is a now candidate, looking to the future. Compare this to the candidate of the tired old Democratic machine. George Bush can do more. For Texas. For the nation.

GEORGE BUSH. HE CAN DO MORE.

Political Advertisement Paid For By Parmer Counties For Bush — Glenn Lust, Chairman

Elect -- Byron Fullerton Republican

Candidate for LIEUTENANT GOVERNOR

"Let's work together to find non-political solutions for Texas problems . . . We need a fresh start for the Seventies!"

I'm Not Afraid To Say What I Think!

Here's How Byron Fullerton Stands On —

★ CAMPUS DISORDERS
 "I stoutly reject any idea that campuses should become sanctuaries for lawbreakers, and my personal formula for dealing with them is to call the law and call it quick!"
 . . . if people on campus prove by their own actions that they are there for disruptive purposes, **THROW THEM OUT!**

★ RUNAWAY WELFARE
 "There has got to be a limit of some kind on welfare spending because there is a limit as to how generous our state and federal government can be with our money—yours and mine. The Texas welfare ceiling was raised by a third just last year and already the budget has doubled itself. It must stop somewhere!"

At Hardin-Simmons --

Zelda Donaldson Queen Candidate

Miss Zelda Donaldson, daughter of Mr. and Mrs. Sterling Donaldson of Oklahoma Lane, is one of 12 senior women at Hardin-Simmons University in Abilene to be nominated as a candidate for University Queen.

Miss Donaldson, who was graduated from Bovina High School, is a business education major at the Abilene college. She was recently named to Who's Who in American Colleges and Universities.

The HSU student body will select five semi-finalists for the honor of queen on October 30 and the coronation will take place Wednesday, November 4,

at Behrens Chapel on the campus.

ZELDA DONALDSON

In Blade --

Shelter Info Insert Offers

A tabloid insert, containing information about what the people of Parmer County should do in case of nuclear attack, is included in this week's issue of The Blade.

The new Community Shelter Plan for Parmer County indicates there is public shelter for most of our people, according to County Judge Archie Tarter. The plan provides official information in regard to what people need to know to have the best chances for survival in the event of a nuclear attack.

"It is hoped that every citizen will not only read and keep the official information but will develop his own family protection plan. This plan should include the "where to go and what to do for each family member at home, at work, and at school," Judge Tarter says.

If there is not public shelter available or if for some reason residents cannot go to shelter, they will have to seek the best protection they can find in their homes. The plan tells how to improvise by use of basements, storm cellars and other means.

Fallout shelter can be included in the design of new buildings at little or no extra cost. Citizens are urged to take an interest in having a shelter designed into all new public buildings, particularly schools.

"We hope you will remember that this is the Defense Department's as well as Parmer County's plan and that it is based on the latest and best scientific data available. We hope that people will talk to each other about this plan and to better understand its value to them, to the community, and to the nation," the Judge says.

Important Card To Veterans

All Parmer County veterans who receive pensions will be mailed an important IBM card with their check in November, announces Billie Sudderth of Bovina, newly-appointed veterans service officer in the county.

This card will contain all pertinent information regarding the individual and should not be lost or destroyed. It will be necessary to produce the card when business with the Veterans Administration is attended to in the future, Sudderth points out.

Sudderth made the announcement after attending a regional meeting of VA officials Wednesday of last week in Amarillo.

RE-ELECT BEN BARNES LT. GOVERNOR

PROVEN LEADER FOR TEXAS!

Political advertisement paid for by Committee to Re-Elect Lt. Governor Ben Barnes, Ralph Wayne, Chairman.

Named To Who's Who

Miss Zelda Donaldson, daughter of Mr. and Mrs. Sterling Donaldson of Farwell, has recently been named to the 1970-71 edition of "Who's Who Among Students in American Colleges and Universities." The Bovina High School graduate is a senior business education major at Hardin Simmons University in Abilene.

Paleolithic drawings of archers indicate that bows and arrows are an invention of at least 20,000 years ago.

Texas needs a Democratic Senator who is free to work for Texans.

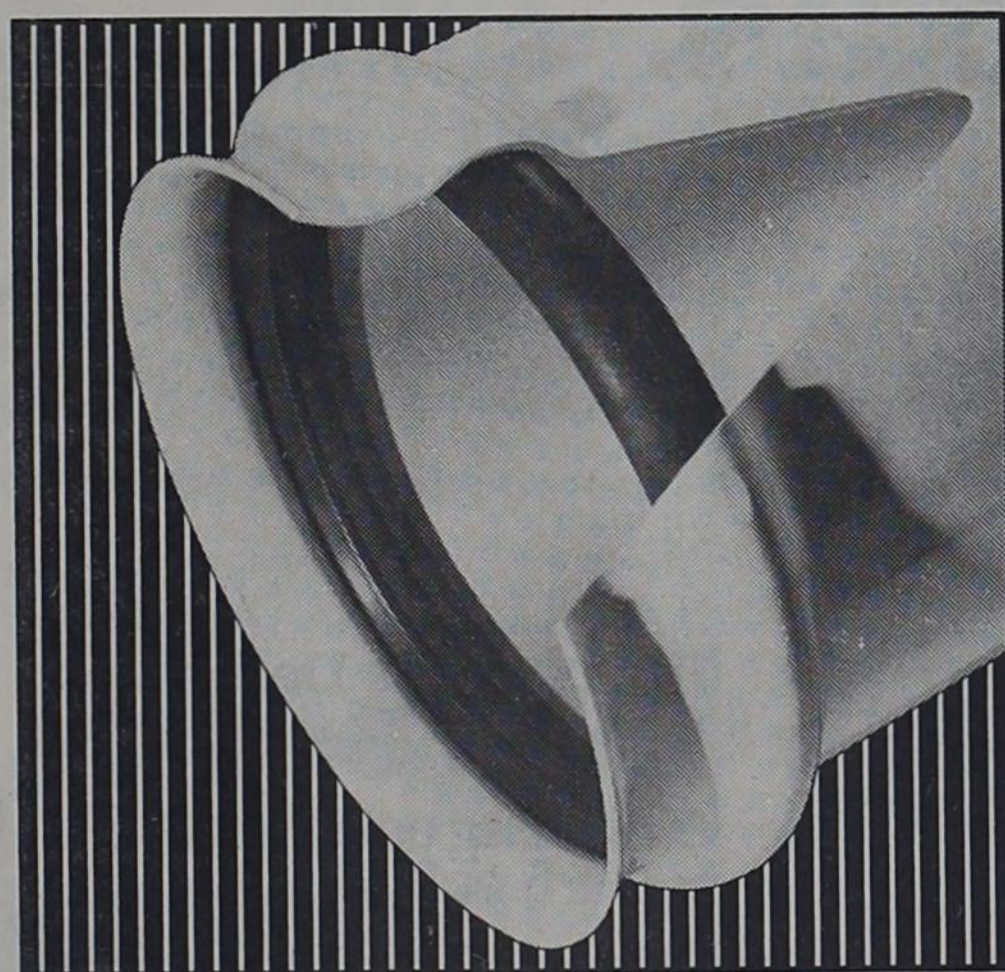

Texas needs Lloyd Bentsen, a Democrat who will be free to support Administration policies when he thinks they're right but who can oppose those he thinks are wrong.

We need two Republican Senators from Texas like we

need more inflation, higher unemployment, higher interest rates, tighter money and higher cost of living.

Had enough Republican prosperity? Then join us in working for - voting for - Lloyd Bentsen, a Democrat who will speak for Texans.

Here's a watertight statement about Vanguard's rubber gasket joint.

It won't leak

The idea of using a rubber gasket joint in Vanguard PVC plastic pipe was revolutionary. It meant no more bands or solvents. Easier, faster, trouble-free installation. But that was just a beginning.

Next we put the pressure on. We hydrostatically tested it. We put it through all sorts of temperature tests. We twisted it and turned it. Then we field tested it. We gave it more punishment than you or those inevitable ground shifts could ever hope to.

Just as we anticipated - the rubber gasket held.

So, whatever your needs for plastic pipe, Vanguard is it. Bend it any way you want. We'll make a watertight statement about Vanguard's rubber gasket. It won't leak. Just be reasonable.

Vanguard is available in 1/2 to 15-inch diameters.

Farm Leader Asks Price's Intervention In CCC Protest

(Editor's note: The following is a letter which National Farmers Organization president Gerald McCathern of Hereford wrote to U.S. Rep. Bob Price recently concerning the recent U.S. Department of Agriculture action in putting grain from the Commodity Credit Corporation onto the market at this time.)

The Honorable Bob Price
Room 507
Cannon House Office Bldg.
Washington, D. C.

Dear Bob,

In answer to your request that I send you some information as to why I feel that the farmer at harvest time. To policy of USDA selling CCC milo stocks at harvest time will hurt me as an individual producer, I submit the following:

First of all I must say that it is deplorable and almost unbelievable that a thing such as this could happen in a Democratic country such as ours. No

matter what excuse USDA presents to defend this policy, farmers know that the only reason that caused this action was to try to lower market prices to think that a branch of our Federal Government would have the power or even the desire to hurt a segment of its citizens by the misuse of its power is frightening.

It doesn't take a very smart person, Bob, to see how very easy it is for CCC stocks to be used to the detriment of the agriculture producer.

First of all, we must remember that farmers place on the market a years' supply of their commodities during a 30-day period at harvest time. Most farmers today are forced to sell their years' labor and investment at the highest price offered during this 30-day period because of the necessity of meeting their financial obligations incurred in producing their crops. When you have a note due at the bank and the banker says "pay", you pay! And in order to get the money to pay, you sell your production — it is an economic fact.

Next, we must consider the situation that exists in the market place. There are only two sources of supply of agriculture commodities, (1) the producer and (2) the government which has acquired excess commodities during past years. Of course if only the producer's supply is placed on the market at a given time, he is in much better bargaining position to receive a fair price because of a decrease in competition. But we must also remember that competition still exists because each producer is in competition with all other producers.

Now add another competitor into the market place with a very large supply, the United

States Government, and buyers are in a position to force the price down because they do not have to buy the farmers' production, they can get it from the government at the same price. (Plus the fact that they can buy it on credit at 8 per cent interest which is less than they are paying elsewhere.)

The only way they will buy the farmers production then is if he lowers his price below what the government is asking. The minute he lowers his price, the USDA can lower their price and so on until we reach the minimum level as set forth in the law which is much below cost of production.

Let's consider the argument that USDA is using, that this year's production is going to be much lower than anticipated usage because of corn blight and drought conditions, therefore, government stocks are going to be needed to fill this void. Farmers concur with this fact.

We know that production is very low in both the corn crop and the grain sorghum crop and that there will not be enough feed grains to supply the needs for a full 12 months before another crop can be harvested. But you must realize that we will produce enough to supply the needs for the first 9 months of the marketing year. We do not need any USDA supplies until our years production is depleted. We insist that USDA must be restricted from using their supplies in this method at harvest time to destroy the farmers markets.

In years such as we have experienced this year when production costs have soared and production is way down, farmers deserve and must receive higher prices for their production to offset their loss because of short production.

On The Farm In Palmer County

By R. MACK HEALD
County Agent

South Plains cotton harvest operations were increasing daily last week until interrupted by the adverse weather, according to W. K. Palmer, in charge of the Lubbock Cotton Classing Office of the USDA. The USDA Cotton Classing Office at Lubbock was receiving samples from approximately 1500 bales daily before the rains halted all harvest operations.

However, harvest activities are now increasing daily and samples from 500 bales were received at the Lubbock office on Friday. Samples from 11,800

bales has been classed at the Lubbock office through Friday, compared to 9,400 at this date last year.

Most of the cotton has been harvested in Lynn, Dawson, and Garza counties but first bales have been harvested over the entire area. Most of this cotton was from early defoliated, dryland fields.

Palmer stated that the seasonal classing offices at Lamesa, Brownfield and Levelland will begin receiving samples for classification on Monday, Oct. 26.

Bob, if anyone doubts the need of better prices for farmers then they should consider these statistics; Today grain sorghum prices are 45 per cent lower than 1948 while such things as interest rates are up 50 per cent, machinery costs up 100 per cent, farm labor up 100 per cent and fuel costs up 50 per cent.

The law of supply and demand will help us to receive better prices this year if only we can curtail these tactics by USDA.

Bob, you must be aware of what this action will cost the citizens of the State of Texas. Personally, for every 5 cents per hundred pounds USDA breaks the market or keeps it from advancing will take away from me, an individual producer, approximately \$1,000. For your 18th District it will mean a reduction in income to farmers of approximately \$10,000,000. And for the farmers of the State of Texas it will mean a \$20,000,000 reduction. This with only a 5 cent differential, and this action could mean the loss of as much as 25 cents per hundred which would multiply each of those losses by five.

Can we set idly by and let the farmers of this state suffer a \$100,000,000 loss of income because of the actions of a few shallow thinking USDA policy makers who have never seen

the inside of a working farm? I think not, and am certain that you and the rest of the citizens of this nation will agree, once they receive the truth about how farmers prices are regulated in the market place.

Bob, the farmers of the 18th District are placing on your shoulders the responsibility to fight this battle for us immediately in the proper places in Washington. And we are pleading with the people of Texas who are so dependent on Agriculture to make jobs and add income to their area, to also take up the fight with you and to see that no government agency be allowed to misuse its powers to destroy a group of its citizens. If it is allowed, then what is to keep the Department of Defense from using its supply of manpower (service personnel) to go into direct competition with the wage earner if they feel that the worker is receiving too much wages in return for his labor.

Bob, with your kind permission, I am making this an open letter in order that people of your district will be able to understand a little better some of the problems facing the farmers.

Sincerely,
Gerald McCathern
Route 5
Hereford, Tex.

For the week ending Friday, Oct. 23, the Lubbock office classed 69 per cent in the White grades and 31 per cent in the Light Spotted and Spotted grades. In the White grades, Middling made up 19 per cent of the total classed and Strict Low Middling 40 per cent, Middling Light Spotted was the predominant grade in the Light Spotted category with 14 per cent and Strict Low Middling Light Spotted made up 10 per cent.

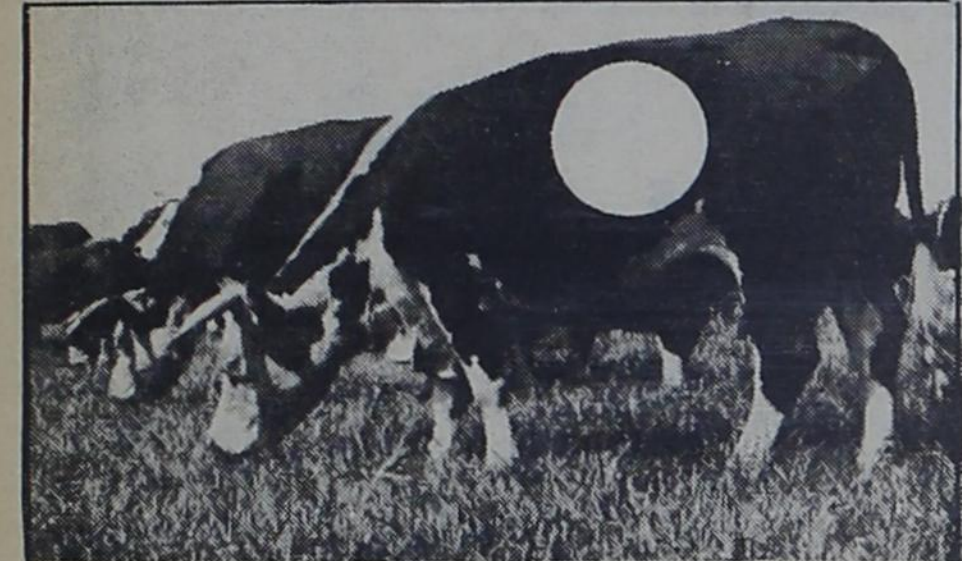

Staple length averaged between 31/32 and 1-inch. During the week the Lubbock office classed 69 per cent 31/32 and longer.

Micronaire readings were very good. Ninety-five per cent milled in the premium category of 3.5 to 4.9, and the remaining five per cent milled 5.0 and better.

Price quotations on the Lubbock market for cotton with micronaire of 3.5 to 4.9 ranged from \$7.50 per bale over the loan for high grade, short staple cotton to \$22.50 per bale over the loan for lower grades.

Prices quoted by the Lubbock Cotton Exchange for the most predominant qualities were: Middling 15/16 - 21.25, Middling 31/32 - 21.95, Strict Low Middling 15/16 - 20.75, Strict Low Middling 31/32 - 21.25, Middling Light Spotted 15/16 - 21.00 and Strict Low Middling Light Spotted 15/16 - 20.55.

Price paid farmers for cotton averaged \$55.00 per ton.

Another "MoorMan First"!

Roughage Buster 100 -with Biuret

Here's the new, low-cost way to supplement beef cattle on pasture, crop residue or other roughage: Self-feed MoorMan's Roughage Buster 100™ containing Biuret—source slow-release nitrogen.

Roughage Buster 100—blocks or granular—also supplies complete minerals plus vitamins A and D.

It stimulates rumen micro-organisms to break down coarse, fibrous forage and build needed protein.

Roughage Buster 100 was designed by MoorMan Research for consumption of about 1/4 lb. per cow daily. This supplies her needs even with low-protein, low-quality pasture or roughage. And it encourages wide, uniform grazing.

I'll be glad to tell you more about it. Your MoorMan Man,
John M. Clark

Bovina Wheat Growers Inc.

"Not Everybody Belongs To A Co-Op But Everyone Benefits"

Mr. Farmer Milo \$2.50 100 Weight

THIS COULD BE THE PRICE OFFER FOR YOUR GRAIN BEFORE ANOTHER CROP IS HARVESTED.

Don't be misled by over estimated crop reports & statements by Grain Buyers that blight situation is not too bad and statements that there are enough reserve stocks to fill all needs.

THE TRUTH IS:

1. Government crop estimates have continually dropped from August report 4.6 Bil. Bushels of corn to 4.4 Bil. in September and 4.187 in Oct.
2. Crop could drop below 4.0 Bil. Bushels before final statistics are in.
3. This is approximately 20% below anticipated use of corn or 1 Bil. Bushel short of need.
4. Latest Government Report of C.C.C. owned corn was 250 Mil. Bushel and much of these stocks have already been used.
5. Milo prod. is now estimated to be off at least 10% and could be off more.
6. Current Milo reserves are less than 3 Mo. total supply.
7. Some staticians estimate that if corn drops below 4 Bil. Bushels it will require all reserves of corn, milo, and much of the wheat reserves just to fill this years feed grain needs.
8. There are reports of some researchers that there will be only enough blight resistant seed corn for 20% of the 1971 crop which should result in a greater shortage in 1971/72 mkt. year.
9. Early freeze across the Milo belt could reduce yields drastically.
10. Farmers deserve more than 70% parity for their grain, and by becoming more alert in the market place could better this situation. Better prices could be ahead for those who are able to wait awhile before selling.

Vote for the man who will vote for Texas.

Texas needs Lloyd Bentsen... a Democrat who will be free to support the policies that he thinks are right for Texas but who can oppose those that he thinks are wrong.

For example—gun control. One of the great controversies of our time has been the extent of Federal control over the firearms and ammunition of private citizens.

George Bush voted for the Gun Control Act of 1968. It requires dealers to keep detailed federal records on purchases of guns and ammunition. This is a foot in the door to gun registration.

Lloyd Bentsen opposes gun control legislation that uselessly penalizes law-abiding sportsmen but fails to curb criminals.

We must do everything possible to protect the public from the misuse of firearms. But Lloyd Bentsen feels the better way to do it is by stronger laws and tougher penalties for crimes committed with firearms and swift, sure prosecution of criminals.

Vote for the man who is free to work with our 20 Democratic Texas Congressmen in matters where the best interests of Texans are at stake.

Texas needs Democrat Lloyd Bentsen A courageous Texan with fresh ideas.

At 7:30 Friday --

Always-Tough Sudan Homecoming Opponent

Mustangs Now 2-2 In District

With their District 3-A record squarely balanced at 2-2, the Bovina Mustangs hope to get back on the winning track before a homecoming crowd here Friday night as they take on the always-tough Sudan Hornets.

Gametime is 7:30 p.m. The Hornets have a 3-1 district mark and are still in the running for the district championship. They meet Farwell, the league leader, next week and a win over Bovina and Farwell would put Sudan in an excellent position for at least a tie for the first place flag.

Bovina has never managed a win over the Hornets in the four years the two teams have been in the same Class A loop. The Mustangs made their best showing last year against Sudan as they held them to a 15-6 verdict. Scores the three previous years were much more lopsided.

The Hornets were district champions in '67 and '68. Farwell was the '69 winner.

The Mustangs won their opening two district games, over Happy and Springlake-Earth. Since then, they've dropped tilts to Farwell and Kress.

Senior mainstays Mike Beauchamp and Royce Sisk, who have been hampered by injuries the past two weeks, are expected to be in the lineup Friday night. Sudan lost to Springlake-Earth in the district opener for both teams. The Mustangs

Schools' Annuals On Sale

Annuals for the school year 1970-'71 are on sale at Bovina High School. They are \$5.50 each or \$6 with plastic cover. Deadline for ordering is November 4.

The yearbook may be purchased from a member of the annual staff, David Dixon, Mike McMeans, Holly Davis, Debra Kirkpatrick, Susie Ritchie, Debra Spicer or Becky Jacobs.

Ambrosia is a word from the Greek language meaning immortality. It was the food of the Roman and Greek Gods.

upset S-E the following week as they played one of their best games of the year. That comparison is the best reason the homecoming crowd can have for hoping for a Mustang win Friday night. Otherwise, the Hornets will be favored.

Sudan's district wins have been over Vega, Hart and Happy.

Mustang Mentor Gib Hough says Sudan has "a good, solid ballclub." The Hornets are known for operating their offense on the ground and have rarely gone to the air in games heretofore this season, Hough says.

With a win over Sudan, the Mustangs could balance their season record at 4-4.

Basketball --

Fillies' Season Opens Tuesday

The 1970-71 version of the Bovina Fillies basketball team will unfold at Willford Gym Tuesday at 7 p.m. The opponent will be Bula.

The Fillies have a new look this year, using fancy ball handling, warm up drills, new offense, new defense as well as quickness.

Coach Dalton Morrison, in his first year here, states there are 39 girls out for the team. Morrison said that because of the enthusiasm and hustle the girls have shown in workout this could be the best team the Fillies have had in a long time.

As of this time, Morrison has not picked the starting lineup.

FHA Collects For UNICEF

Future Homemaker members will be knocking on doors Saturday night collecting for UNICEF.

UNICEF is a United Nations organization set up to aid needy children.

The girls will meet at the homemaking cottage at 5 p.m. to begin their drive. This is a project sponsored each year by the FHA.

School Menus

Nov. 2-6
Monday -- Sausage, gravy, creamed potatoes, buttered peas, hot rolls, butter, prune cake, milk.
Tuesday -- Pinto beans, spinach, cabbage, apple and cheese salad, cornbread, butter, cherry jello with fruit, milk.
Wednesday -- Fried chicken, potato salad, buttered broccoli, hot rolls, butter, blackberry pie, milk.
Thursday -- Hamburgers, onion, pickle, lettuce, tomato, potato chips, buns, brownie, sliced peaches, milk.
Friday -- Fish, tartare sauce, green beans, buttered corn, hot rolls, butter, strawberry shortcake, milk.

Over Bovina --

Jackson Brothers Leads Kangaroos To 36-21 Win

The Kress Kangaroos turned their Jackson boys loose on the Bovina Mustangs there Friday night.

The Jackson brothers, Roy and Johnny, made five long touchdown runs between them, from 7 to 94 yards, and that allowed the Kangaroos to claim a 36-21 District 3-A victory over the Ponies.

Ironically, the Mustangs had one of their best games of the year offensively, but their inability to stop the Jacksons on the long gainers proved to be their undoing.

Johnny scored three of the long TDs on runs of 72, 94 and 77 yards. Roy broke for scoring dashes of 71 and 80 yards.

The Mustangs got off to an early lead and led 13-0 with 10:59 remaining in the second period, but then the roof began to fall in. By halftime, the host Kangaroos had pulled out in front 18-13. They went on to pad the lead to 36-13 before the Mustangs tacked on final eight points in the last minute of play.

The loss left the Mustangs 2-2 in district competition and 3-4 for the season.

For the first 14 minutes, it appeared the Mustangs might come up with an easy win. They scored the first time they had the pigskin. Halfback Roy Ramirez climaxed a 63 yard drive with a 32 yard scoring dash to give his team a six point lead. Jim Harris kicked the extra and it was 7-0. The Mustangs got the ball on downs at their own 37 and got the score in seven plays. Fullback Leroy Pearson made 10 yards, then five. Quarterback Mike Hough got seven and a first down at the Kress 41 on a keeper. Pearson got three more. Then Ramirez made four to set the stage for his 32 yard gallop.

Harris' kick was partially blocked and barely cleared the cross bar of the goal post, but the Mustangs were outfront 7-0 and the situation looked bright for the Maroons. Up to then, there had been no warning that the Kangaroos were about to unleash their dangerous Jackson brothers.

Bovina's second touchdown came as a result of a break. The Mustangs were forced to punt from their own 47. The punted ball was touched by a Kangaroo safetyman, however, and was covered by Bovina Center David Dixon to give the Ponies possession and a first down at the Kress nine yard line. Hough made four yards on first down and then Pearson blasted into the endzone for the teedee. This time, Harris' kick was blocked and the score remained 13-0.

The Kangaroos evidently figured that was enough handicap for their visitors because they took over at that point and the rest of the ballgame, except the last couple of minutes, belonged to them.

On the following kickoff, after Bovina's second score, Johnny Jackson returned from the 15 to the 28 and on the first play from scrimmage from that point set sail on a 72-yard dash to break the scoreboard goose egg for his team.

The Maroons came back with a good drive of their own --- from their 37 to the Kress 13 --- before losing the ball on downs. Four plays later, Roy Jackson broke loose from the 29 for a 71-yard scoring sprint.

One of the brightest spots defensively for the Mustangs was their ability to stop Kress' extra point attempt. The Kangaroos were unsuccessful each of the six times they tried. Just before the half, Roy Jackson did it again. This time, he went 80 yards, from his own 20 on a reverse. That boosted the count to 13-18.

Kress' fourth six-pointer came in the first three minutes of the third stanza on a one-yard plunge by Layne Thomas. The score was set up by a bad snap from center to Ramirez on a punt attempt. The snap was low and Ramirez

couldn't handle it, giving the Kangaroos possession at the Bovina nine. The tally came in three plays.

Late in the third period, Johnny J. took off from his own six for a 94 yard gallop for six more points to get the score up to 13-30.

With 3:36 remaining in the game, Johnny J. broke again for 77 yards and a score to complete the host team's scoring for the night.

The Mustangs came back in the time remaining for a touchdown and a two-point conversion to make the score a more respectable, 21-36.

Billy Shelby returned the

kickoff from the 15 to the 32. Hough was thrown for a 12 yard loss as he attempted to pass. Ramirez got 20 on a draw play and Peterson got three and the first down at the Bovina 40. A Hough-to-Harris aerial netted 10 and Shelby got 10 more, then eight on a reverse. After an incomplete pass, Ramirez got one and Pearson seven for a first down at the 21 of Kress. Ramirez got three yards more before Hough threw to Harris in the endzone for the counter. Hough went around right end for the dual extra points. Only 24 seconds remained in the game as the Mustangs made their final scoring play.

Intercepted a pass to carry the ball over for the second TD, Gary Ward made two touchdowns and Larry Haney one. Bryan Fillpot carried the ball over twice and Larry Haney once for the two point conversion, defeating Kress by a score of 36-8.

The seventh grade played a fine defensive game as there was little scoring done. Robert Pesch, Ray Martinez and Elbert Shelby tackled a Kress player in the end zone for a safety, defeating Kress, 2-0.

There will be three games at Sudan Thursday, starting at 4:15 p.m.

B Team Loses --

Junior Teams Kick Kress

Bovina "B" team was plagued with fumbles here Thursday night as they were defeated by Kress, 12-6. Jeff McCormick carried the ball over for the lone Mustang TD.

Coach Roger Ezell said, "A good effort was made, but we made too many mental mistakes." There were six fumbles in the second half of the game.

It was a different story for the eighth grade as they took an easy win from Kress. They started off rather slowly but picked up momentum as the game progressed.

Bryan Fillpot scored the first touchdown, and shortly after

Alfonso Delgado, 140-pound junior end for the Mustangs, suffered a broken leg on the second play of the fourth quarter. Both bones in his leg were broken just above the ankle.

Why Preston Smith?

Preston Smith believes in working hard. For you. And that's why he's doing such a good job as Governor of Texas.

When Preston Smith entered public service, he didn't start by asking Texans to elect him Governor. That would have been foolish, because being Governor carries great responsibilities. And it demands the clear, steady judgement that comes only from experience.

Preston Smith had the good common sense to work his way up—gaining insight into how our state government functions.

He served six years each—as State Representative . . . as State Senator . . . and as Lieutenant Governor. Only then, when he felt fully qualified, did he seek the Office of Governor.

Now, after two years he has expanded the duties of the Governor's Office to better serve all the people of our State.

Yes, Preston Smith believes in hard work. For 20 years, he's been working for Texas—doing a good job. You can help keep him as Governor. Vote. Vote for Preston Smith on Tuesday, Nov. 3.

Preston Smith

is doing a good job. Let's keep him working for Texas.

(POL. ADV.—Paid for by the Committee for the Re-Election of Preston Smith, Mickey Smith, Chairman.)

A 5-minute sounding of a wavering tone or a series of short blasts on whistles, sirens or horns. This warning may be repeated a number of times, according to conditions. These warnings indicate that you must go to a **FALLOUT SHELTER** immediately.

SNEAK ATTACK without warning

If a very brilliant flash or heavy shock occurs, do the following:
IF INDOORS, drop to the floor and get under a bed, desk or heavy table.
IF OUTDOORS, quickly get into a ditch or lie flat on the ground. Cover your head and neck with your arms. Remain in the above described positions until the shock and sound waves have passed. The greater distance you are from the explosion, the longer it will take for the shock and sound waves to reach you.
 After the shock and sound waves have passed, if at home, tune in on the **EMERGENCY BROADCAST STATION** and make preparations to go to a **FALLOUT SHELTER** immediately. If you are outdoors and away from home, proceed to your assigned shelter, if possible.

what is **FALLOUT**

If a nuclear weapon explodes on or near the ground, tons of earth are drawn up with the "fireball" produced by the explosion. They mix with the radioactive materials produced by the explosion of the nuclear weapon, and eventually fall back to the ground as particles of "fallout."

- Where these fallout particles come back to the ground depends on the winds.
- Fallout may fall as far as several hundred miles from where the weapon exploded.
- Fallout may arrive within 20 or 30 minutes, close to the place the weapon exploded. It may not arrive for several hours, farther downwind.

Exposure to radioactive gamma rays will cause severe injury or death, depending on the length of exposure. Gamma rays cannot be seen, heard or felt. You must not leave your shelter until officially instructed to do so, because even after several days, the radiation from fallout may still be dangerous.

WHAT TO DO... IF YOU RECEIVE WARNING TO TAKE SHELTER

If you receive information that the United States is under attack, or that attack is probable (attack warning), follow your family emergency plan for taking shelter as soon as possible.

Complete information on how to locate the shelter you will use is printed on your survival map. Read carefully and follow the instructions.

Your Family EMERGENCY PLAN

It is important that each family develop its own plans for taking shelter. Not all family plans will be alike, but all should include at least the following:

- (1) Be alert to receiving any emergency warning signal that is customary in your part of the country. This may be a radio station, a television station, or some local warning device such as a siren or loud-speaker.
- (2) Move to shelter only when you are told to do so. For this type information, a radio station would give you the best information possible.
- (3) Walk to your shelter if there is time.
- (4) If it is necessary to drive your car, fill it with those who are walking. If stopped by traffic, park your car out of the main flow of traffic and continue on foot.
- (5) Make these advance preparations:
 - (a) Decide what each member of the family is to do in case of such an emergency.
 - (b) List the survival supplies you will need.
 - (c) Keep on hand hard-to-get survival supplies, such as medications, etc.
 - (d) Make preparations to carry the supplies to your shelter.
 - (e) Arrange for a safe place for your valuables.
- (6) Write here the name or description of where you plan to be sheltered when arrangements are completed.

OFFICIAL SHELTER

For your protection and survival the government has designated buildings in your area that can provide fallout protection for you and your family. These buildings have been thoroughly surveyed and analyzed by specially trained architects and engineers for their fallout protection capability.

FALLOUT ONLY

The **FALLOUT SHELTERS** included in this plan are to be used **ONLY** in the event of a **NUCLEAR ATTACK** or **NUCLEAR ACCIDENT** and **NOT** used for other radio shelters unless specific permission is requested and received from the building owner or his representative.

FALLOUT SHELTER SUPPLIES

Some of these officially designated shelters are now stocked with food, sanitary and medical supplies, and water but these supplies are limited. Therefore, you should read the instructions printed elsewhere in this brochure which tell you what to take to a shelter.

SHELTER RULES

On entering, or while in the shelter, you will be asked to register because a record must be kept of all persons in the shelter. You must **OBEY THE ORDERS** of the **SHELTER MANAGER** and his assistants. Law enforcement officers, and possibly military personnel, will be present to assist in enforcing shelter rules. **THESE RULES ARE FOR YOUR PROTECTION. YOU MUST NOT LEAVE THE SHELTER AT ANY TIME WITHOUT PERMISSION** from shelter authorities.

TORNADOES

This plan is not intended to replace any plans you may have for protecting your family from natural disasters such as tornadoes. Many structures that afford some protection against fallout afford little, if any, protection from natural disasters.

PETS

Every pet owner has a special responsibility when conditions require your family to take shelter. A great deal of research and experience has established that the minimum shelter floor space per person is only 10 square feet. In some of the larger Public Fallout Shelters there will be many thousands of people. The problems of minimum food, water, and sanitation can be overcome with the help of the trained shelter managers and the cooperation of those in the shelter — but there are no accommodations for pets in the public shelters. The purpose of the Shelter Plan is to save as many human lives as possible. This does not mean that pets should be abandoned to the fate of an overdose of nuclear radiation — it means that added loving care by the owner is necessary. Much of the pet's protection will depend on the owner's ingenuity. The illustrations and explanations herein will be of help. Be sure the pet has plenty of water and enough food for several days. Be fair with yourself — your neighbor — and your Pets.

COMMUNITY SHELTER PLANNING AREA HOW TO USE THIS MAP

1. Find where you live on the Community Shelter Planning Area Map.

2. If you live in Farwell, Bovina or Friona see the inset map of your city.

3. If you live in an area marked by the letter R plus a number, go to the nearest shelter within your area (see the Rural Shelter List).

RURAL SHELTER LIST

- R-1 Shelter No. 9: Black Grain Company Elevator, Black
- Shelter No. 10: Tri-County Grain Elevator, Black
- R-2 Shelter No. 11: Shirley Anderson Grain Company Elevator, Larlat
- Shelter No. 12: Shirley Anderson Grain Company Elevator, Lakbuddie. This facility contains shelter for only seventy-two (72) individuals, considerably less than the population in close proximity to it; therefore, shelter allocation has not been attempted.

WHAT TO TAKE TO A PUBLIC SHELTER

There is no way to predict how long you may have to remain in the shelter. Under extreme conditions, you may have to stay there for as long as two weeks.

WATER	EATING UTENSILS AND FOOD	FIRST AID KIT	SLEEPING BAGS	BLANKETS
PAPER PLATES	BOTTLE OPENER	SANITARY NAPKINS	TOILET PAPER	EXTRA CLOTHING
FOOD AND CONTAINERS	CAN OPENER	MEDICINES	FLASHLIGHT AND BATTERIES	BOOKS, GAMES AND OTHER ENTERTAINMENT
CUPS	POCKET KNIFE	LARGE OR BULKY ITEMS	TRANSISTOR RADIO AND BATTERIES	FOOD REQUIRING COOKING OR REFRIGERATION

Food and Water. Choose food that needs no refrigeration and does not have to be cooked. Canteens or plastic jugs of water.

Special Foods for diabetics, etc.

Infant Food and Supplies.

WHAT NOT TO TAKE TO SHELTER

Pets. See page 7
Heat or Flame Producing Devices (except matches and lighters).

Medicines.
Flashlight and Batteries.
Transistor Radio and Batteries.
Books, Games and other entertainment.
Large or Bulky Items.
Firearms.
Food Requiring Cooking or Refrigeration.

MORE ABOUT FALLOUT

PRECAUTIONS

If caught in the open during fallout, for your own protection and the protection of others, remove all of the dust from your clothes and hair by washing and brushing. This should be done as soon as possible after entering the shelter.

If traveling in an automobile during a fallout, keep all windows closed. Be sure, however, that there is sufficient ventilation. Avoid getting fallout particles into your nostrils or mouth.

SYMPTOMS OF RADIATION EXPOSURE — Symptoms of three degrees of radiation sickness are:

MILD — The especially sensitive person will show some nausea, lack of appetite and fatigue within a few hours after exposure. He should rest but can continue normal activities. Recovery will be rapid.

MODERATE — The same symptoms appears as above but well within two hours of exposure, and most markedly. Vomiting and even prostration may occur. By the third day, recovery may seem complete, but symptoms may recur in the next days or weeks.

SEVERE — Again, all the early symptoms show up and may vanish after a few days. But after a week or more, fever, mouth soreness and diarrhea may appear, gums and mouth may ulcerate and bleed. In about the third week, the patient's hair may start to fall out. Recovery may take seven to eight weeks. When exposure has been overwhelming, death comes in hours or weeks.

TREATMENT OF RADIATION EXPOSURE — Treat symptoms in this way:

General rest; aspirin for headache; motion-sickness tablets for nausea; liquids as soon as possible for diarrhea and vomiting, but not until vomiting has stopped (ideally; one teaspoon of table salt to one quart of cool water, to be sipped slowly). This solution can be used for a mouthwash for sore mouth also. Radiation sickness is not contagious or infectious.

SPECIAL MEDICINES — for radiation exposure.

Although experiments have been conducted, there is little likelihood that a pill or any other type medicine will be developed that can protect people from the effects of fallout radiation.

FOODS AND FALLOUT

All foods that have been well packaged or canned may be consumed safely if their cover is washed clean before opening. Even green vegetables from the garden are safe if they are washed clean. The main safety precaution is to avoid swallowing any of the fallout material. Exposure to gamma rays alone will NOT contaminate your food. A publication entitled FALLOUT PROTECTION is available free at your local Civil Defense Office. Every family should have a copy of this book and keep it with their shelter plan.

DETAILED INSTRUCTIONS ON HOW TO USE PLAN AND MAP

It is important that you use the shelter allocated to you. The plan provides for the maximum number of people to walk to shelter — where possible, it is better to walk to shelter and leave your car at home. The plan provides that EVERYONE CAN BE SHELTERED in their designated shelter within the prescribed 1-hour time limit, IF they FOLLOW THE INSTRUCTIONS.

If the plan provides for you to WALK to the shelter:

The City is laid out into areas so that people walking to shelters will not have to cross designated heavy traffic corridor streets.

Minimize crossing heavy traffic corridor streets. Crossing a corridor is dangerous to walker and driver alike.

Walking time to any allocated "walk-in" shelter is not more than 30 minutes.

Vehicles on undesignated streets interfere with pedestrians moving to their designated shelters and are dangerous to pedestrians and drivers alike.

DO NOT SPEED. The routes and distances are planned so you can get to parking spaces and shelters at a normal legal speed.

Emergency vehicles with operating emergency lights will be given the "right-of-way."

When entering the Central Business District, there may be some cross traffic. Proceed cautiously to parking areas where a policeman will direct you.

After parking and locking your car, immediately walk to your allocated shelter. If your shelter is in a group of buildings, a "shelter cluster" manager will direct you to one of the shelters in the cluster.

Notice

HOW TO LOCATE YOUR FALLOUT SHELTER

1. Locate on the map the area in which you live.
2. If you live in an area which is shaded and designated by a letter or a numeral, no public shelter is available in your area. If you live in an unshaded area, a public shelter is available in this order, especially on page 8.
3. If you live in a shaded area, note the letter or numeral designation.
4. Refer to the list of public shelters.
5. Determine which shelters are available to you in your designated area and which shelter is closest.
