

MERKEL VICTOR OVER HAMLIN IN CHRISTMAS GAME

Thrills Galore as Former Gridiron Stars of Both Towns Again Don Spangles; Score Was 6 to 0.

A large crowd of Merkel fans were treated to a real football game Christmas day, when the Merkel all-stars defeated the all-stars from Hamlin by a score of 6 to 0. It was a game of thrills from the first whistle to the last, with old "war horses" of the gridiron from both Merkel and Hamlin contesting every inch of ground and impressing upon the spectators that they had not forgotten their high school and college days, or how to play the game.

Proceeds of the game, which were reported as satisfactory, will go to the E.P. Scouts and the Merkel Cemetery Association.

MERKEL SCORES EARLY.

Merkel defended the west end of the field, which gave them the advantage of the wind. "Perin" Haynes received Hamlin's kickoff and returned the ball to the 40-yard line. A pass was incomplete and two line bucks netted short gains. Patterson's punt was short and Hamlin got possession of the ball on their 35-yard line. Two plays were stopped for Hamlin and a fumble gave Merkel the first break of the game. With the ball on Hamlin's 30-yard line, Hoss Tittle, Hutcheson, Patterson and Largent carried the ball for a touchdown in seven attempts. Patterson's try for point was blocked.

Following the score by Merkel, the Hamlin boys tightened up, and at no other time during the remainder of the game was either team in scoring distance.

TITTLE MAKES GAINS.

Tittle was the mainstay for Merkel, as he never failed to gain and it was he who plowed through a stubborn Hamlin line for the only marker of the game. Most of the contest was straight, hard football as played six or seven years ago. Merkel did not complete a pass out of the five attempted, and Hamlin completed two out of eight attempts.

There were fourteen stars on the defense, and they were the two lines on each side, which explains the light score. Among the linemen Wiche, T. and J. B. Toombs, Buster Hayes and Max Swafford played excellent football for Merkel, while O. D. Roland, captain and coach, starred for Hamlin. It was fourth down, 14 yards to go, when Roland stood behind his own goal line and instead of punting, carried the ball 25 yards down the field for a first down and the longest, most sensational gain of the day. Charley Bryant and Buddie Withers also made nice gains for Hamlin.

MERKEL PLAYERS.

Those playing for Merkel were: W. L. Harkrider; L. T. Toombs, tackle; D. Murray, guard; J. B. Toombs, center; A. Wiche, tackle; J. Hutcheson, quarter; M. Swafford, center; T. Darden, guard; H. Laney, guard; R. Largent, full; B. Smith, end; B. McClean, end; L. Tittle, right half; C. Patterson, left half.

Little Miss Geraldine McDonald of Abilene is spending the week-end with her Merkel friends, Fern and Armie Love.

Start Graveling Noodle Dome Road Monday Morning

Actual work will start Monday on graveling the road from Merkel to Noodle Dome, according to W. H. Frazier, who is to direct the work.

Operations are to begin at Homer Patterson's pit, and Mr. Frazier requests that those who desire employment report to him at the pit early Monday. The distance to be gravelled will extend to the county line, approximately four miles. Mr. Frazier estimates that it will require about ten days to complete the work.

The road to be gravelled leads in the direction of the oil field and its completion will be a great convenience to Merkel people and others having business in the oil area.

NEW STRETCH OF PAVEMENT OPENS

Another stretch of pavement between Merkel and Abilene will be opened for travel today, according to announcement from Abilene.

The new road is in the vicinity of Tye, and its opening leaves only one gap, about four or five miles in length immediately west of Abilene, uncompleted. Only one detour will be necessary with the opening of the road east of Tye.

Commissioner P. A. Diltz estimates that it will be some time in March before the remaining paving connecting Merkel with Abilene will be completed. He says that the actual work if it was continuous, would require only about 45 days, but that with unfavorable weather and the delay usually encountered in road building, that considerable time will be consumed in completing the highway.

Pecan Tree Nets Bell Farmer \$335

Temple, Texas, Dec. 27.—A pecan tree that will net its owner about \$335 from this season's yield is reported from Bland in the northwest part of Bell county. The tree is growing in a field owned by the R. T. Wilkerson estate of which John Trimmer, postmaster of Bland, is the administrator.

Trimmer reports that he gathered 1,117 pounds of pecans from the tree, they being of the paper shell type. An average price of 30c per pound would account for the splendid financial return. The tree is said to have a limb spread of 117 feet in one direction and 106 in the other.

Crops were cultivated under it until the fruit weighed the boughs down so heavily that they almost touched the ground. It is claimed for the tree that it is not only the largest but the most prolific in existence.

Denton Bank Closes.

Denton, Texas, Dec. 27.—The Exchange National Bank, one of the oldest business institutions here, failed to open Wednesday.

A sign was placed on the door, saying, "This bank closed by order of the board of directors. Affairs in the hands of the bank examiner."

Officials of the bank would make no statement regarding the action of the directors, but one was expected later in the day.

The bank was capitalized for \$100,000.

Electricity and gas are being carried to remote sections of Texas by the interconnected systems of pipe lines and electric lines.

The history of Texas begins with the landing of La Salle on Lavaca Bay in February 1685. Here he founded Fort St. Louis.

Opportunities of 1928 are no more, but it is cheering to each of us, we are sure, to know that we face a new year with all its promises and opportunities to make the world a better place in which to live.

We of West Texas have a real opportunity for service to our state and to our communities. Capital is looking this way as never before. Liquid gold is flowing from the earth in such volume as to attract the attention of the world. Agricultural and livestock interests are prosperous in most sections.

Communities will grow and prosper during the new year in proportion to the efforts put forth in intelligent co-operation. Merkel, with its near-by oil field growing in importance day by day and an agricultural area second to none, has everything to attract the investor, the business man and the home-seeker.

This newspaper wishes for all a happy and prosperous new year, and pledges its best efforts during 1929 to the upbuilding of Merkel, Taylor county and the state of Texas.

GRANDMA TYE IS DEAD AT AGE 93

Had Lived in White Church Community Since 1878; Buried on Christmas Day.

In the passing away of Mrs. Permelia C. Tye, or Grandma Tye, as she was lovingly called by everyone who knew her, the community of White Church, has lost one of its best known and early settlers.

Grandma Tye was born Nov. 25, 1835, in Whitley county, Kentucky, and died Dec. 23, 1928, at the home of her son, J. V. Tye of Burleson, Texas with whom she had made her home since the death of her husband, J. J. Tye, in 1909. In the year 1856 she was married to J. J. Tye. To this union were born six children, four boys and two girls, four of whom still survives, a daughter, Mrs. Mollie Brown, and a son, Jim Tye, having preceded their mother in death. Of the remaining four, the three sons were at their mother's bedside when the end came. The names of the children are Mrs. Sude Tye, Chickasha, Okla., John P. Tye, Crowley, Texas, G. G. Tye, Hurley, New Mexico, and J. V. Tye, Burleson, Texas.

When the children were small, Mrs. Tye with her family, moved from Kentucky to Texas. Soon after their arrival in Texas in 1878, they located in the sparsely settled community of White Church. Only a few families were there, and there was no town of Merkel and only a few buildings and tents at Abilene. They built a log house and this was their home for a number of years, as lumber had to be freighted from Ft. Worth, the nearest railroad town. The nearest post-office was the then county seat of Taylor county, located at Buffalo Gap. There also lived the nearest doctor. The family endured all the hardships of the early settler, having for their meat deer, antelope and wild turkey which roamed the country in countless numbers. Often bread was scarce as the wheat had to be taken to Fort Worth to be ground into flour. It is to the early pioneers of this great west who endured the hardships of the frontier days as did this good woman and her family, to whom we owe this wonderful land of ours. When she was about 17 years of age, she joined the Primitive Baptist Church and in the year 1885 she joined the Missionary Baptist Church, in which church she held membership until her death. She was one of those quiet, devoted Christians, who lived their religion every day. She was one of the kindest, gentlest persons that I ever met, and was loved by all who knew her. She was always ready in her timid way, to help all whom it was her privilege to help, and never an unkind word about anyone escaped her lips.

She was 93 years, 28 days old at the time of her death. She was buried Dec. 25, 1928, in the White Church cemetery beside the grave of her husband, who died in 1909. She had lived in this community since 1878 until a few years ago, when she moved with her son, J. V. Tye and family, to Burleson, Texas. She was survived by 4 children, 32 grandchildren and 43 great grandchildren. The out-of-town relatives here for the funeral were, J. V. Tye and son,

MERKEL IS NOW READY TO ACT ON HOTEL PROJECT

Letter Sent to Maker of Proposition to Build For \$12,500 Bonus; Total of \$10,000 Already Pledged.

A new and modern hotel for Merkel promises to be the first big achievement for the new year.

With \$10,000 of the required \$12,500 bonus money already pledged, Chairman R. O. Anderson of the hotel committee of the Lions club has written the out-of-town parties who have made the proposition to build and operate, that Merkel was ready to talk business. It is the belief of Mr. Anderson that no trouble will be encountered in raising the remaining \$2,500.

The out-of-town hotel people who made the proposition to build and operate were attracted to Merkel by the campaign that was waged for several weeks to sell stock in the project, some \$30,000 being subscribed on this plan. They came to Merkel unsolicited and made the proposition to erect a three-story, modern building and operate it for a bonus of \$12,500. The plan met with the approval of the hotel committee and has received hearty endorsement from those who subscribed for stock when the movement was in its infancy.

The holiday season has prevented the hotel committee from seeing a number of Merkel citizens whom they are sure will join their fellow townsmen in making the new hotel a reality. With only \$2,500 to be subscribed, the project is more encouraging than at any time since the movement was started several months ago.

A native of Arkansas, Mr. Farmer settled in Callahan county, near Cross Plains, in young manhood, and lived there until 23 years ago, when he moved to Merkel, where he was formerly in the furniture business. He went to Abilene last August to make his home with his daughter. He was a member of the College Church of Christ at Abilene.

WHAT'S DOING In West Texas

It is the aim of the Woman's Book club, pioneer study club of Canyon, to develop a county library for Randall county from the subscription library which has been in use for fifteen years. A great number of books will be available from this source.

Ground was recently broken for the new \$30,000 Baptist church of Quitaque. The church building will include a basement, a number of class rooms, and a large auditorium. It will be furnished with the best and most modern of seats and other fixtures.

An extension road improvement program has been started by the citizens of Plainview. Five city blocks have recently been ordered paved by the city council. This will include paving of the streets on two sides of the Plainview sanitarium, and widening of seventh street. A dip in seventh street will be eliminated.

A summer resort that will make Del Rio known through out the state and beyond the border of the state as a summer resort is the dream of citizens of that town who are planning to use the water backed up by a power dam for recreational purposes, and are spending a large sum of money for the purpose.

By order of the city council at Crosbyton, elm trees are being planted in the city park to replace locust trees that have died. The city square has been much improved by bermuda grass that was set out in the spring. Crosbyton people do their part in civic beautification by keeping attractive lawns.

The West Texas Gas company's main line has reached the city limits of Hereford and has been brought beyond the railroad tracks. The welding crew is only about a mile and a half from town, and Hereford's prospects for natural gas in the near future are bright.

The new \$75,000 viaduct at Las Cruces, N. M., which takes traffic on U. S. Highway 80 across the Santa Fe tracks was officially opened on December 22. The viaduct was made

possible by federal aid, state and county funds, is an imposing structure and gives beauty as well as safety to the tourists.

Native pecan trees, in Sabinal, budded to improved varieties five years ago are now bearing a crop of Burkett, Halbert, Texas Prolific, and Kincaid, pecans. Top-working the trees in the winter and budding the resultant shoots in the summer has proved the most profitable way to get a good crop.

Construction work between Olney and Seymour on the grade and drainage structure of Highway 24 will begin soon. The highway leaves Olney on Main street and follows the Gulf, Texas and Western railroad tracks to the Archer county line on the north. The contract has been awarded for the part of the highway passing through Archer county.

Effort to Befriend Calf Proves Fatal

Throckmorton, Dec. 27.—An effort to befriend an animal resulted in the death of Frank Falls, 19-year-old son of J. D. Falls, pioneer of Throckmorton county, on the Swenson Ranch, 10 miles northwest of Throckmorton.

Young Falls and a boy friend he was visiting on the ranch were riding after a calf which had a tin can tied to its head when the accident occurred. The horse the youth was riding fell after stepping into a bog hole, throwing Falls and pinning him to the ground.

Falls was visiting Roy Phillips, employe on the Swenson ranch.

The two youths were riding in the pasture when they saw the animal in distress and gave chase.

ABILENE EAGLES WIN STATE TITLE

Abilene, Dec. 27.—Mighty Eagles of Abilene soar above all, 1928 high school football champions of the Texas Interscholastic League. The highest school boy honors of the State came to the Eagles Friday afternoon when they repelled a hustling, fighting swarm of Port Arthur Yellow Jackets, 38 to 0.

With their sweeping, unrelenting attack, came the second state championship for the Abilene eleven. It copped the title back in 1923, defeating Waco, 3 to 0, in the finals. Friday's victory not only brought the Eagles their second state title, but also it was a history making day for the Texas Interscholastic League.

Abilene's 38 to 0 victory was the largest score by which a team has been forced to accept defeat in the finals. Oak Cliff eleven of 1924 held the record until Friday, having defeated Waco, 31 to 0 in 1924. The all time state high scoring record was set in 1921 when 48 points were passed, Bryan defeating Oak Cliff Dallas, 35 to 13 in the final.

We Wish You A New Year Bright All Through

And if there is anything better we wish that for you, too.

It will be our greatest pleasure to continue the same relations in 1929.

New Year's Eve A Century Ago!

It was a custom of our forefathers a century ago to gather around the hearth, and there with their families to watch the face of the great old clock as it ticked away the minutes that marked the passing of the Old Year and the dawn of the New.

This was a beautiful and solemn observance. Gathered in the spirit of mutual trust, they sought faith and confidence to meet the problems of the New Year.

Confidence born of trust is the basis of all human progress. The New Year brings to us the resolution and the hope that through service we may continue to merit your confidence and trust.

We extend to you our heartiest wish for a Happy and Prosperous New Year.

WE REJOICE THAT MANY NEW FACES APPEAR IN THE HOUSEHOLD OF OUR FRIENDS

HAPPY NEW YEAR

Whatever this business is or may be is because of the friends we have made and held. Not through any patent method of winning friends but in the simple, old-fashioned way of courteous service, weighed in the scales of justice, measured with the rule of fair-dealing, wrapped in the cover of satisfaction and held fast with the tie of kindness and consideration of the customer's rights.

With full appreciation of every favor of the past year we will enter 1929 with enthusiasm and determination to hold all the friends we have and make some new ones.

May the joys you most desire be yours during the holidays and each hour of the New Year.

THE NEW YEAR.

It will soon be time for new year resolutions which, as usual, will cover a wide range of "wills" and "wont's."
As the Mail sees it, the resolution of outstanding importance for the citizenship of Merkel to make is the building of the new hotel. Only \$2,500 is needed to assure the erection of a hotel suited to the needs of Merkel for several years to come. Ten thousand dollars has been pledged on a required bonus of \$12,500, the proposition coming from experienced hotel operators.
Undoubtedly it is an opportunity that Merkel should grasp. It will at once put the town in the class of progressive West Texas communities, an invitation to tourists, oil operators and others who are being attracted to this section in constantly increasing numbers.
Merkel should not let the old year close without "cinching" the new hotel. Chairman R. O. Anderson of the Lions club hotel committee is receiving pledges to the bonus fund.

From every section of Texas come reports of heavy Christmas shopping.
Merkel merchants were accorded liberal patronage during the last days of the shopping season, which emphasizes the fact that our local stores keep well abreast of the times in both merchandise and service.

GOVERNMENT IN BUSINESS.

President-elect Hoover declared throughout the campaign his opposition to the government in competition with private business.
Newspaper publishers in the smaller communities of the country will view with interest his attitude toward the printing of return addresses and the selling of envelopes by the government, in direct competition with every job printing establishment in the land.
For years the smaller newspapers and job printing offices have protested his unfair competition on the part of

Uncle Sam, urging that it takes away a large source of revenue to which they are rightfully entitled.
A bulletin recently sent out from the office of the National Editorial Association reads:
"The N. E. A. will continue the fight against unfair government competition by appealing to congress for relief."

Another stretch of paved road connecting Merkel with Abilene will be opened to travel today. Work of graveling the road from Merkel towards the oil field will begin Monday. If we could only make the new hotel a reality, the closing days of 1928 would be memorable ones in the history of Merkel.

Four Graduates of Comedy Lot Appear in "Beau Broadway"

Four graduates of the Mack Sennett custard pie school were brought together again when 'Beau Broadway' coming Friday to the Queen theater, was filmed at the Metro-Goldwyn-Mayer studio as the first of a new series of Lew Cody-Aileen Pringle sophisticated comedy-dramas.
May St. Clair, the author and director of the sparking production, was a Keystone "cop," property man, scenarist and director on the old Sennett lot.

The great drama! The dream of freedom, of liberty, of an opportunity to seek happiness, to worship freely as one desires, to rear one's family in peace and safety—the land of hope—of escape from the terrible thrall of the eternal menace—the land of opportunity—America.

That postal card is a symbol. The great bridge is a symbol. And it lights the darkened cottage with its promise.

That is the theme of "The Wheel of Chance," one of the greatest and most poignant First National pictures that has ever reached the screen. It comes to the Queen theatre next Wednesday and Thursday, with Richard Barthelmess as the star, playing the dual role of the twin brothers.

TEXAS SENATORS IN U. S. CONGRESS

(Copyright, 1928, by Alva O. Hearne)
JAMES PINKNEY HENDERSON 1857-1858

James Pinkney Henderson was born in Lincoln county, North Carolina, on March 3, 1808. He was of an old and honorable pioneer family, members of which were among the early settlers of southwestern Kentucky. He pursued academic studies in the town of Lincoln, North Carolina; received a classical education, was admitted to the practice of law in 1829 and rapidly gained prominence in the legal profession.

Henderson removed to Mississippi in 1835, where he resumed the practice of law. Shortly after locating in Mississippi he firmly resolved to join and assist the Texans, then struggling for their freedom from Mexican domination. In furtherance of his plans he assisted in recruiting and training a company of volunteers. He went to Texas in advance of the company shortly after the memorial battle of San Jacinto, and upon his arrival President Burnett commissioned him to return to the United States for the purpose of recruiting additional volunteers. He raised a fine company in North Carolina and carried it to Texas at his personal expense. Reaching Texas in the month of November, 1836, soon after General Sam Houston had been elected president of the new republic, he was appointed attorney general, and the latter part of December, 1836, was made secretary of state. In 1837, Henderson was appointed

special envoy to England and France, with full authority to secure a recognition of Texas independence, and to negotiate treaties of amity, commerce and navigation. His splendid bearing and unusual talent soon won respect for Texas at the courts of England and France. He was greatly aided in his duties by General Lewis Cass, then American minister to France, with whom he became closely associated. He married Miss Frances E. Cox, an accomplished young lady of Philadelphia, in the city of Paris.

Upon his return to Texas in 1840, Henderson was given a tremendous ovation for his diplomatic success. He then located in San Augustine, Texas, as a lawyer, and very soon ranked among the most eminent lawyers, possessing great ability and enjoying a large and lucrative practice. In 1844, he was appointed minister to the United States and joined Isaac Van Zandt, the resident minister, in the negotiation of a treaty of annexation. The United States senate declined ratification of the treaty. However, the annexation was concluded by a joint resolution of the United States congress adopted on March 1, 1845.

In 1845 Henderson served as a delegate to the Texas constitutional convention, and in November of that year he was elected as the first governor of the state and inaugurated on February 19, 1846. The Mexican war began in May following his inauguration as governor, and Texas placed four regiments of troops in the field. By authority of the Texas legislature, Governor Henderson personally took the field as a major general of the United States army un-

der General Zachary Taylor. He achieved great distinction in the three-day battle of Monterey, for which the United States congress voted him a sword. He and Jefferson Davis and others were commissioned to effect the treaty of capitulation with Don Pedro de Ampudia, the commander of the Mexican forces.

After the war Henderson returned to Texas and resumed and completed his term as governor. Declining reelection, he resumed his law practice, and for several years was in poor health. He repeatedly declined official posts. When, in 1857, the state legislature unanimously elected him as a states rights democrat to fill the vacancy created in the United States senate by the death of General Thos. J. Rusk, he reluctantly accepted. Following a short period of rest and recuperation in Cuba, he took his seat in the senate on November 9, 1857. He had served only a few days when it became necessary for him to go to Philadelphia for treatment. Senator Henderson died in Washington, D. C., on June 4, 1858.

Fisher County Gusher.

Hamlin, Dec. 20.—Fisher county's eighth oil well came in Tuesday—gusher from the high-gravity pay found at around 3,125 feet. Due to the heavy gas pressure no gauge of the production has been made early in night.

The strike is Cranfill-Reynold's No. 1 J. G. Sharp, center of the northeast half of the southwest quarter of section 207 B. B. & C. survey, eastern Fisher county, and one-fourth mile northwest of nearest production in the same operators' No. 1 B. F. Willingham.

RESOLUTIONS ON THE DEATH OF TERRELL WINTER.

To the Worshipful Master, Wardens and Brethren of Merkel Lodge, No. 710, A. F. and A. M.

We your committee appointed to draft resolutions in memory of brother Terrell Winter, beg to submit the following:

Whereas, on the 2nd day of December, A. D. 1928, it pleased the Grand Master of the Universe in his infinite wisdom to remove from among us our dear brother Terrell Winter, and to transplant him a member of that Celestial Lodge above, where the Supreme Architect of the Universe presides; and whereas, brother Winter had been an honored member of this lodge for more than thirty-five years, having affiliated with us soon after the organization of Merkel lodge, in the early 90's; at all times loyal to the principles of the order; during his active life, was punctual in attendance upon the meetings of the lodge.

And whereas, in the death of our brother this lodge has lost a worthy member; one who lived and practiced the true principles of our order, and in his every day life was a living example of those great tenets, Faith, Hope and Charity; having faith in God, Hope in immortality and Charity toward all mankind; ever ready to land a helping hand to a brother, or friend, to aid him in his efforts at reformation, and while we drop a sympathetic tear for his bereaved ones, we bow in humble submission to the will of our Heavenly Father, and leave in his hands the soul of our deceased brother.

Therefore, be it resolved, that resolutions be spread upon the minutes of this lodge, a copy delivered to the family of our deceased brother and a copy handed the Merkel Mail for publication and that the members of this

lodge wear the usual badge of mourning for thirty days.

W. W. WHEELER

Dallas, Dec. 27.—District Attorney William McCraw said he will ask that Ben C. Richards, former Dallas county Ku Klux Klan leader, be tried on January 7 for forgery. Richards and A. A. Crabb were indicted for affixing the name "Clyde R. Vest" on two \$1,000 checks, an argument over which led to the fatal shooting of Orville L. Mathews, Dallas banker and bet stakeholder. A jury which heard testimony against V. Ray Adams, charged with killing Mathews, was unable to agree. Crabb, McCraw indicted, probably

will plead guilty and his case disposed of before Richards goes to trial.
